

Real Daughter 851

Chapter 851: Who Needs to Be Gratitude?

In fact, in circles like these in the capital, it was not strange for a birthday gift to cost more than ten million yuan. After all, these families did not lack money.

However, it was Mu Ning and Lin Yin's birthday at the same time today, so it was inevitable that everyone would compare the gifts Mu Kun had given them. Mu Kun had only given Mu Ning a diamond necklace worth millions. It could be bought anywhere.

However, the price of Mu Kun's gift to Lin Yin was ten times that of Mu Ning's. Moreover, Lin Yin's gift was priceless. Even if someone wanted to buy it, they might not be able to buy an agarwood bracelet and a rosewood box of such quality.

In comparison, there was indeed a difference between biological and adopted children.

How could Mu Ning not know that those people were laughing at her? She just had to maintain her emotions and not let others laugh at her even more.

Sun Yun's expression was abnormally ugly. Mu Kun had gone too far. He knew that Mu Ning would be embarrassed, but he still demonstrated preferential treatment with the gifts.

She would not have been so angry if Mu Kun and her had given them the same thing.

Mu Kun said frankly, "Yinyin, you've been wandering outside for so many years. It's the Mu family's negligence that we haven't raised you for a day. Today is your birthday, and Grandpa is thinking about how to make up for the missing gifts for eighteen years. It's just that this lost time is too precious, so this gift is Grandpa's birthday gift to make up for the eighteen years you missed."

Everyone nodded in understanding.

"I don't think Old Master Mu did anything wrong. Think about it. Mu Ning has lived a luxurious life and received an elite education for so many years. The Mu family has spent a lot of money on Mu Ning. Lin Yin, the biological daughter, has never enjoyed any of this. It makes sense for Lin Yin to receive an even more expensive gift."

"That's right. Mu Ning has been in the Mu family for 19 years. Every time she celebrates her birthday, the Mu family will probably give her a gift. It's been 19 years. According to the gift of a million yuan per birthday, it's more than 10 million yuan, almost 20 million yuan. How is it unfair for Old Master Mu to give Lin Yin a gift of more than 10 million yuan?"

"That's right. It's more worth it for an adopted daughter from an orphanage to enter the Mu family and enjoy such good resources than a gift worth more than ten million yuan."

"Sigh, why didn't I have such a good life to be adopted by the Mu Family? If I were Mu Ning, I would definitely worship Lin Yin. If Lin Yin hadn't been accidentally lost, where would Mu Ning get so rich?"

"Isn't that so? You've picked up a huge bargain. Not to mention the eight aristocratic families, how many ordinary families would adopt children? Not to mention, they're so nice to the adopted child."

"That's right. Mu Ning really has to thank the Mu family!"

Mu Ning clenched her fists tightly in a place where no one could see, her heart filled with indignation.

Sun Yun gently pulled Mu Ning and said in a low and resolute tone, "Be it Ah Ning or Yinyin, they're both children of our Mu family. All these years, we're very happy to have a heartfelt person like Ah Ning by our side."

"Moreover, before we adopted Ah Ning, we specially went to look for Master

Ming Jue to read our fortune. Ah Ning is the blessing of our Mu Family. With Ah Ning, our Mu Family can be at peace and ward off disaster and evil."

Sun Yun turned to Lin Yin and continued, "Speaking of which, we have to thank

Otherwise, you might still be wandering outside. Just thinking about you suffering outside makes Grandma feel terrible."

Everyone looked at each other. They did not expect Sun Yun's mind to be like this. Mu Ning was originally in a position where she should be grateful to the Mu family, but when Sun Yun said that, it seemed like Mu Nings appearance saved the Mu family.

Sun Yun was clearly trying to raise Mu Nings status.

Ye Wen's face was ashen, but before she could speak, Mu Ran had already retorted, "Grandma, what era is it now? You can't have feudal superstitions."

Seeing Sun Yun's dark expression, Mu Xiao smiled and said, "We couldn't find Yinyin for so many years. Grandma was anxious, so she placed her hopes on these illusory things. Now that Yinyin is back, I think Grandma has let go of this knot in her heart and doesn't believe in these things anymore, right?"

Before Sun Yun could speak, Mu Xiao hurriedly pulled her back. "Grandma, you can rest assured now. Yinyin is by our side now.."

Chapter 852: Lower Your Voice

Mu Kun did not continue to let Sun Yun disturb Lin Yin's birthday banquet. He directly called for everyone to eat and drink well.

Ye Wen patted Lin Yin's hand comfortingly and whispered into her ear gently, "Yinyin, don't worry. You just have to stay by our side peacefully. Dad, Mom, and Brother won't let you suffer."

The corners of Lin Yin's lips curled up slightly as she nodded warmly.

Lin Yin and Mu Ning stood opposite each other, and the people around them stood opposite each other.

Those who had a grudge against Lin Yin naturally stood with Mu Ning. In their opinion, they had already offended Lin Yin and did not want to lower their heads to please a former street girl. They might as well be on good terms with Mu Ning.

Lu Yan stood beside Lin Yin and looked at the group of people opposite her disdainfully. She snorted.

Gong Han said in amusement, "Ah Yan, no matter how much you don't like those people, don't be so obvious. Otherwise, if people see you on such an occasion, there will be many people talking about you in the future."

Lu Yan naturally knew that in such an occasion where there were many elders, if there was any deviation in her behavior, it would be magnified infinitely. However, she just couldn't stand the group of people on Mu Ning's side. In her words, there was a nest of snakes and rats over there. None of them were good.

However, Lu Yan would still listen to Gong Han's words. She said resentfully, "I understand, Sister Gong Han. I'll try my best to suppress the disgust I have for them and try my best to act like a normal person."

Gong Han shook her head helplessly. Because Gong Ze had a better relationship with Lu Yan when he was young, she had watched Lu Yan grow up. She was still more concerned about Lu Yan than the girls from other aristocratic families.

Gong Han gently pinched Lu Yan's small face and rebuked, "Lower your voice!"

Lu Yan secretly stuck out her tongue at Gong Han. She turned around and saw Lu Ming walking over. Her originally calm mood became a little bad again, so she snorted and turned her head away from Lu Ming.

Lu Ming's appearance attracted the attention of many people. Everyone watched as Lu Ming walked towards Lin Yin and stopped in front of her. His tone was less firm and more gentle as he said, "Yinyin, this is your birthday gift."

Lin Yin looked at the gift Lu Ming handed to her. Everyone craned their necks to see what Lu Ming would give Lin Yin.

Everyone knew a little about what had happened between Lu Ming and Lin Yin. Other than Hou Ning, Lin Yin was the first woman Lu Ming admitted to having some relationship with.

The reason why it was said that there was some relationship was because Lu Ming had protected and favored Lin Yin back then, and many people had seen Lin Yin and Lu Ming together in the hotel.

However, the two of them never officially announced their relationship, so everyone thought that Lin Yin was Lu Ming's lover.

Now that Lin Yin had become the daughter of the Mu Family, being a little lover was definitely not allowed. In addition, they had heard that Lu Ming and Lin Yin's relationship had faded a lot recently, so no one could guess what was going on between the two of them.

Lin Yin generously reached out to take the gift from Lu Ming and thanked him with a smile.

Everyone was still looking forward to Lin Yin opening it to take a look, but Lin Yin only handed the gift to Sun Biao and instructed, "Keep it for me. I'll open it with the other gifts later."

Everyone looked at Lu Ming, as if they wanted to see if Lu Ming would be embarrassed. After all, ordinary people would be very happy to receive Lu Ming's gift.

That was a gift personally given by the Third Master of the Lu Family, the next head of the Lu Family, in front of everyone. How proud must the person who received the gift be?

However, Lin Yin took it calmly and even said that she wanted to open it with the other gifts. She clearly did not value Lu Ming's gift.

Everyone was disappointed. They only saw Lu Ming standing there looking at Lin Yin with a slightly changed expression. He was not angry or embarrassed that Lin Yin did not show any signs of being flattered by his gift.

It seemed like Lu Ming was still very indulgent of Lin Yin.

Although Lu Yan was angry that Lu Ming had opposed her and Long Huang just now, she still sighed when she saw how Lin Yin treated Lu Ming's gift. What goes around comes around. Lu Ming deserved it.. After all, no girl would think that someone who was indifferent to her would like her, right?

Chapter 853: Ferocious

Mu Cheng went forward and said to Lu Ming with a smile, "Lu Ming, there are more guests today. I'll bring Yinyin to meet them first and greet the others. Help yourself. Just treat it as your own house. Eat and drink well. You're welcome. "

Lu Ming nodded. The next second, Lin Yin was pulled away by Mu Cheng and his wife.

Mu Cheng brought Ye Wen and Lin Yin around to greet guests. Ye Wen had been crazy for more than ten years, and this was the first time she had officially greeted guests as the mistress of the Mu Family.

Everyone could tell that Mu Cheng was in a rather good mood. In the past ten years, Mu Cheng had given people a lifeless impression.

In addition, it was usually because of work that someone could see Mu Cheng, so he gave off a rather dead and boring feeling. However, it was completely different today. Mu Cheng's face was glowing and he was especially happy. Indeed, people were in high spirits when they encountered happy events. "Yinyin, this is your third great-uncle. Come, greet him." Mu Cheng introduced everyone to Lin Yin, hoping that Lin Yin could understand everything about the Mu family as soon as possible. This would reduce Lin Yin's unfamiliarity with the Mu family.

Lin Yin sorted out the relationship in her mind. Third Uncle should be

Grandpa's younger brother, so she smiled and called out, "Third Great-Uncle."

Third Great-Uncle was also very happy. He pulled Lin Yin and stuffed a red packet into her hands, muttering, "She's a good child. Her appearance is also very beautiful. One look and you can tell that she's the biological daughter of our Mu Family."

Third Great-Uncle was telling the truth. The members of the Mu family were all good-looking, but his words agitated Mu Ning.

Mu Ning knew that this was the truth. Ever since she was young, be it the elders in her family or her peers, her looks were not outstanding.

As long as she was compared to the people from the other families, her appearance was not bad.

For example, she was prettier than the Lu Yan by Lin Yin's side. Wasn't she?

However, in the Mu Family, she was the ugly one, especially compared to the three brothers of the Mu Family. Her appearance was much worse.

She couldn't help but resent her biological parents. Although she had never known who her biological parents were, she was still indignant. Why couldn't her parents find someone good-looking to marry so that she could have better genes?

This way, even if she was not the biological child of the Mu family and could not compare to the blood connection between Lin Yin and the Mu family, she was better-looking than Lin Yin. At the very least, she could suppress Lin Yin in terms of looks and win.

In the end, she had nothing!

Mu Ning whispered to Sun Yun, "Grandma, I'm going to the washroom."

As soon as Sun Yun nodded, Mu Ning turned around and walked towards the bathroom. Although she was very confident in her ability to control her emotions, she really did not want to see Lin Yin become the center of the world.

If Lin Yin had not returned to the Mu family, she would have been the center of the world today.

Mu Ning walked to the bathroom with a proper smile. When she closed the bathroom cubicle door, her fake smile turned sinister.

After Mu Ning sorted out her emotions and came out of the bathroom, she saw Lu Yue and the others.

Lu Yue and the others did not really come to the Mu family to celebrate Lin Yin's birthday. They were just here to watch the fun.

Seeing that Lin Yin had been dragged around by Mu Cheng and his wife, Mu Ning was not around and there was nothing to see, so they came to the washroom to touch up their makeup. They did not expect Mu Ning to be in the washroom.

Gong Yue thought that Mu Ning came to the washroom because she had been neglected. She said with an indignant expression, "Ah Ning, isn't your family too much? It's clearly your birthday today, but your parents didn't bring you to see anyone and only cared about Lin Yin. Even if they adopted you, it's been more than ten years. They should have some feelings, right? I feel sorry for you."

Mu Ning smiled faintly. "Ah Yue, I know you're doing this for my own good. However, some people were right at the banquet just now. I've enjoyed myself in the Mu family for so many years, and Sister has suffered in the slums for so many years. I feel sorry for her. If it weren't for my limited ability, I would also want to bring the good things in the world to Sister and comfort her suffering over the years."

"You're just too kind. It has nothing to do with you that Lin Yin ended up in the slums. The more you back down now, the more Lin Yin will push her luck in the future," Yue Ning said..

Chapter 854 Feng Yu's Part-time Job

Yue Ning and Mu Ning had not known each other for long. She actually did not know Mu Ning very well. However, when she thought about how Mu Ning was suppressed by a despicable woman like Lin Yin, Mu Ning must have been too soft-hearted.

Wen Ying sighed and said, "She's just being bullied. But I want to see how this Lin Yin will establish herself in the capital in the future. After all, Lin Yin used to be a mistress and lived in a place like the slums for more than ten years. Her body is probably very dirty, right? With such a reputation, she'll have to stay in the Mu family as a single old lady in the future, right?"

Mu Ning went forward and covered Wen Ying's mouth with a worried expression. She looked around and whispered, "Wen Ying, don't spout nonsense. This is the Mu family. My parents and Brother are all here. If they hear what you say, I won't be able to protect you!"

Wen Ying pulled Mu Ning's hand down in disdain and sneered. "What's there to be afraid of? I'm telling the truth. How can a girl survive in such a mixed place? If I'm going to be targeted by the Mu family for speaking the truth, won't the Mu family be too indiscriminate?"

Wen Ying said, but her voice was still a little softer. After all, her sister had told her not to provoke Lin Yin. She remembered.

It should be fine if she just whispered a few times where

Lin Yin was not, right?

In the end, a strange sound suddenly appeared in the cubicle, scaring the people in the washroom. Yue Ning looked at her friends around her and asked the cubicle, "Who's there?"

Feng Yu, who was hiding in the cubicle, was so frightened that she didn't dare to make a sound. She was only here to work part-time today, but she didn't expect her employer to be Lin Yin's family.

Therefore, when Feng Yu saw Lin Yin in the banquet hall just now, she hid in embarrassment. Then, she found time to hide in the washroom. She really didn't want Lin Yin to know that she was working part-time as an attendant. Unexpectedly, she had just entered for a while when she heard these people's malicious speculations about Lin Yin. However, her family background was not comparable to these rich young ladies, so she wanted to stay for a while longer and wait for these people to leave before she went out.

However, after standing for a long time, her legs went weak and she bumped into the door.

Feng Yu couldn't help but complain. Why was Lin Yin's family so rich? Even the villa had such a big bathroom. It was like a hotel.

If it was a small washroom with only one person in each room, she would not have fallen into such a situation.

The people outside were still calling. Feng Yu was anxious. The story will update new chapters at [n\(ov\)elnet.com](http://n(ov)elnet.com)

She knew that these young ladies looked down on people like them because they came from good families.

Feng Yu was extremely afraid. She was afraid that those people would think that she had listened to them and would complain, then deal with her first.

Yue Ning shouted a few times. Seeing that the cubicle refused to open, she was also angry. She went forward and pounded on the door. "Come out! Otherwise, I'll get someone to kick the door open!"

Mu Ning said worriedly, "Yue Ning, don't be like this. It won't be good if you scare the people inside. Why don't we leave?"

Mu Ning was not worried about who was inside. After all, she had not said anything bad about Lin Yin just now, and she was not afraid that this person would tell others, so she was happy to come out and be a good person.

Inside, Feng Yu heaved a sigh of relief. She was looking forward to these people leaving obediently.

Gong Yue pulled Mu Ning back and said, "Ah Ning, don't worry about this. This person actually dared to hide here and eavesdrop on us. They're simply too much."

Mu Ning frowned and whispered worriedly, "What if it's our elders? Many of the people who came to the birthday banquet today are elders from different families. It won't be good if it's your family inside."

As soon as Mu Ning said that, the expressions of the people around her changed. Mu Ning was right.

"All the more reason to take a look," Lu Yue said from the side. In any case, only Lu Yan and she were females among the people from the Lu Family today.

If it was Lu Yan inside, that would be even better. She would just teach her a lesson, just like before.

Over the past year, Lu Yan's temper had grown a lot with Lin Yin. She no longer cared about her.

Yue Ning nodded and said, "That's right. Let's see who it is first. If it's really some elder inside, it's not like they don't dare to come out. The elders of our families would have walked out openly and even reprimanded us."

Chapter 855: Making Things Difficult

The people around her nodded repeatedly. That was indeed the case.

Mu Ning still wanted to persuade her. Lu Yue, who was not afraid of trouble, kicked the door and warned, "The person inside, I advise you to come out quickly. Otherwise, if I get someone to pry open the door later, everyone will be embarrassed."

Feng Yu had no choice but to brace himself, open the door, and walk out with her head lowered.

When the group of people outside saw that Feng Yu was wearing the waiter's clothes, they immediately looked disdainful.

Seeing that it was not someone important, Lu Yue said resentfully, "It's just a waiter. It's boring. Forget it, I'll leave first."

Feng Yu heaved a sigh of relief, she felt that she was saved. In the end, in just a few seconds, things changed.

Mu Ning frowned and sized up Feng Yu. She felt that this Feng Yu looked a

little familiar, as if she had seen her somewhere before.

Suddenly, a thought flashed through her mind. Mu Ning remembered that this was Lin Yin's roommate. When she asked someone to investigate Lin Yin, she had seen photos of Lin Yin's three roommates.

Mu Ning's eyes curved slightly as she asked, "You're Sister's roommate, right?"

As soon as Mu Ning finished speaking, Yue Ning laughed disdainfully and mocked, "I was wondering why you smelled so poor. So you're Lin Yin's roommate? No wonder you like each other."

The few of them, who had thought that it was boring, were instantly interested. If they couldn't deal with Lin Yin, couldn't they just bully Lin Yin's roommate to relieve their boredom?

"Ah Ning, your Mu Family is quite tolerant. This waiter can even use the guest's bathroom? I don't know where she lives. If she carries any dirty germs and dirty things on her, she will infect all the guests here today," Gong Yue said bitterly.

Feng Yu was afraid that if something happened today, her salary would be deducted, and she would have worked for nothing. Hence, she did not dare to resist and quickly waved her hand to explain, "My

family came from a good family. They're all clean and there are no dirty things or germs. I took a shower before I came and disinfected myself."

"Who's a child of a good family comes out to be such a lowly waiter? Some dirty things are derived from status and the surrounding environment. They can't be washed clean just by taking a shower. For example, some people live in the slums. As long as they lived there, they'll be poor and dirty for the rest of their lives," Lu Yue said as she glanced at Feng Yu disdainfully.

As soon as she said this, everyone immediately knew who Lu Yue was scolding.

Yue Ning asked with malice in her eyes, "Tell me, does Lin Yin often not stay in the dormitory and go out to meet some wild man? After all, someone who treats others as her lover can't stand loneliness at night, right? Tell us?"

Feng Yu widened her eyes. Was there something wrong with these rich people? Although Lin Yin was indeed often not in the dormitory at night, she felt that Lin Yin was not such a person.

Seeing that Feng Yu did not answer, Yue Ning went forward and pulled Feng Yu's hair. "I'm asking you a question. Why? You're so poor that you can't even hear because your ears are damaged and you don't have the money to treat it?"

Lu Yue smiled and said, "Student, tell us honestly. Not only will we not make things difficult for you, but we will also reward you. How about that?"

Mu Ning said in disagreement, "Stop talking nonsense. My sister is definitely not such a person."

Lu Yue pushed Mu Ning and said with certainty, "Mu Ning, you've lived in the upper-class circle since you were young and live a luxurious life. Naturally, you don't know how dirty these girls at the bottom are. As long as a man has some money, no matter if they're disgusting people with missing arms or legs, women like them will pounce on them like flies seeing sh*t."

"That's right. Look, a dignified female university student from Capital

University actually came out to be a waiter. It means that she's short of money. At this time, if you take some money and hook your little finger, she probably won't even care about her face." As Yue Ning spoke, she turned to look at Feng Yu and smiled mockingly. "Don't you think so? Since you're Lin Yin's roommate, I think you have similar habits, right?"

Gong Yue took off one of her diamond necklaces and waved it in front of Feng Yu. She smiled evilly. "Go lick the toilet bowl and I'll give you this diamond necklace. How about that? It's more than 200,000 yuan. You'll only earn a few hundred yuan by working hard here. As long as you lick the toilet bowl, you won't have to work part-time to earn money for several years.."

Chapter 856: Beaten

At first, Feng Yu wanted to endure it and let it go. These people could not stand Lin Yin, and she was Lin Yin's roommate, so they took it out on her.

However, she did not expect these people to be so overboard and humiliate her directly.

Feng Yu did not respond angrily. Her family was poor, and she was indeed greedy for money. After all, a single cent could stump a hero, let alone a useless person like her.

Feng Yu tried her best to pull her hair out, but Yue Ning pulled her hard and she staggered against the wall.

Mu Ning quickly locked the door of the washroom and persuaded, "There are so many guests outside. Can you let this girl go on account of me?"

"Ah Ning, if you're afraid, step aside. It's fine," Yue Ning said with a smile.

Gong Yue also chimed in, "That's right, Ah Ning. A soft personality like yours won't do. You'll be bullied. Today, we'll teach you how to deal with someone you hate."

“She’s just a waiter. There’s no need for you to do anything, right?” Mu Ning said, but she was hoping Yue Ning and the others would quickly make a move.

Lin Yin’s roommate. Hmph, she couldn’t stand anything and anyone related to Lin Yin.

Yue Ning pulled Mu Ning aside.

Gong Yue pulled Feng Yu’s hair fiercely and said evilly, “You weren’t willing to lick the toilet bowl. You weren’t willing to tell me if Lin Yin went to meet a man at night. Why? Do you think we’re easy to fool?”

“I’m just a poor student who came out to work part-time. Why are you making things difficult for me?” Feng Yu questioned loudly with red eyes.

“Why? Because you’re roommates with that lowly person, Lin Yin. Because you were born cheap, we can’t stand you. Why? Are you unhappy?” Lu Yue sneered. “Are you unhappy? Then remember to open your eyes and be born in a rich and good family when you reincarnate in your next life.”

Feng Yu was so angry that her eyes turned red, but Gong Yue slapped her hard.

Gong Yue mocked, “Who do you think you are? How dare you glare at me? You’re just like Lin Yin. It’s annoying to look at you.”

Feng Yu hated these so-called daughters of rich families to the core. It was an undeserved calamity for her to suffer such humiliation today.

These people didn’t dare to bully Lin Yin, so they tried to bully her, but she couldn’t do anything.

She didn’t want to offend Lin Yin or these people, but these people just had to humiliate her like this. This made Feng Yu want to drag these people down with her to die so that she and her family wouldn’t suffer such humiliation.

Lu Yue smiled and said, ‘You’re so insistent on not saying where Lin Yin went

at night. Is it because Lin Yin brought you along when she went out to work at night? That's true. Lin Yin has been in the slums for more than ten years, and you've also been in a poor family for more than ten years. I think the two of you are quite compatible. It's normal for you to do some unrepresentable work together, right? Your parents probably support you in selling yourself right."

At this moment, there seemed to be movement on the lock of the bathroom door. Mu Ning was shocked and quickly went forward to pretend to be affectionate. "Alright, let's go out, okay? She's just a waiter. It's not easy for her."

The next second, the door was pushed open.

Everyone in the washroom turned to look at the door of the washroom and saw that Lin Yin had already entered with Lu Yan and Wei Ji.

"If you're so interested in what I went to do tonight, why didn't you ask me yourself? She's just my roommate, not a worm in my stomach. How could she know my whereabouts so clearly?" Lin Yin said coldly.

Knowing that she was in the wrong, Gong Yue let go of Feng Yu's hair. Feng Yu immediately stood up and ran behind Lin Yin.

Lu Yue only cleared her throat and smiled. "Lin Yin, what are you talking about? Why don't I understand? We're just playing with this waiter. Why? Can't

Lu Yue planned to play dumb.

Lu Yan snorted coldly and revealed Feng Yu's face. She questioned, "Play? Cousin, how is it playing when there's such an obvious? What game can make your face become so red and swollen from being slapped? If you're bullying me, so be it. If you say it directly, I can still think highly of you! You're hiding it.. It's disgusting! "

Chapter 857: Threat

Lu Yue's expression was indifferent. She even said fearlessly, "Lu Yan, don't spout nonsense to frame someone. We're just here to use the toilet. Who knows who hit this woman? Don't blame it on us. She might have made a mistake when she was working just now and was beaten up by someone else or herself."

Mu Ning quickly came out and said, "This is a misunderstanding. How about this? I'll apologize to this waiter. After all, this is the Mu Family. I'm also the master of the Mu Family. I have to be responsible for the waiter being beaten up under my watch."

Mu Ning looked in Feng Yu's direction and said apologetically, "Miss, I'm really sorry for letting you suffer such a thing in the Mu Family. Although you're only here for a part-time job, since you're working for our Mu Family, I have to be responsible for you. I'll accompany you to the hospital now. I'll pay for the compensation later. How about that?"

Mu Ning wanted Feng Yu to shut up and use money to settle the matter. Feng Yu was struggling in her heart. She did not know if she should swallow the humiliation she had suffered this time.

"Mu Ning, don't be hypocritical here. You should compensate me and apologize. Don't humiliate me with some lousy money. It's simply disgusting," Lu Yan said bluntly.

"Lu Yan, what you said is wrong, right? We didn't hit anyone," Yue Ning denied.

At this moment, Lin Yin played a recording on her phone. Lu Yue and the others' expressions changed drastically. The voice was clearly what they had just said to Feng Yu.

"Lin Yin, are you a pervert? You actually installed a voice recording device in the washroom. Isn't that disgusting?" Gong Yue said angrily.

Mu Ning also said with disapproval, "Sister, isn't it too much to install such things in the washroom?"

“I didn’t install a voice recording device,” Lin Yin said with a shake of her head. Then, her smile was evil. “I installed surveillance cameras!”

The group of people opposite her was instantly dumbfounded. Mu Ning’s heart skipped a beat. Although she did not do anything inappropriate just now, her expression was very bad just now. She could even imagine the viciousness of her ferocious expression.

“Sister, how can you do this? Why are you doing this? It’s against the law to invade privacy!” Mu Ning reprimanded.

“Then what should we do? I’ve already recorded it? Are you going to report me?” Lin Yin looked fearless and arrogant.

“Lin Yin, hand over the video. Otherwise, I won’t let you off!” Lu Yue threatened.

“I can give it to you. Bow and apologize to the staff of our Mu Family. The person who slapped Feng Yu should slap themselves and compensate for the mental damage done.” Lin Yin crossed her arms and looked at the person opposite her calmly.

“Lin Yin, don’t go overboard. You want us to apologize to a waiter? Who are you looking down on?” Lu Yue said indignantly. Then, she picked up her phone and was about to contact Lu Xiao to support her.

Lu Yan said coldly from the side, “Cousin, let me advise you. Are you still going to call for help? If you call her over and the matter blows up, guess who will suffer today? You guys bullied the Mu Family’s waiter and slandered Yinyin in the Mu Family’s territory. What do you think will happen to you if Uncle finds out?”

Lu Yue’s hand froze in midair. Although Lu Yan hated it, what she said was right. If Lu Ming found out about what happened to her today, she would probably be unable to bear the consequences of failure when she returned.

Not to mention the Mu Family. When the time came, things would really blow up.

Lu Yan snorted. "Cousin, he who understands the times is a wise man. A smart person knows what to do, right?"

"Lu Yan, don't be too arrogant!" Lu Yue gritted her teeth and said.

Lu Yan shook her cute little head and said even more arrogantly, "Am I very arrogant? No, I'm not as arrogant as you were when you bullied me just now. I still have to learn more from you and strive to be even more arrogant next time."

"Have you thought it through? Today is my birthday banquet. I can't be out for too long. I'll neglect the guests. I'll give you ten seconds to think. If you don't apologize and compensate me in ten seconds, I'll send the video group to everyone present. I'll let your elders and everyone's elders see what you're like in private. How about that?" Lin Yin's eyes were calm, but they were extremely threatening..

Chapter 858: Apologize

"Cousin, you have to think carefully. If you announce such a thing on such an occasion, you'll be labeled as a bully with a mouth full of dirty words. The good image you've tried your best to maintain will collapse. When you go back, you won't be able to avoid a punishment. If it's more serious, your marriage will be affected in the future. At that time, you can only marry into some small families. Any family with some ability will despise you." Lu Yan sneered.

Although Lu Yan's words were unpleasant, it was indeed the truth. Lu Yue and the others were so angry that their faces turned green.

On Lin Yin's side, the countdown had already begun, and the atmosphere became tense.

Lu Yue and the others looked anxious, but no one was willing to be the first to lower their heads.

However, when the countdown reached one, Wen Ying, who was a small celebrity, could not help but be the first to stand up and apologize. "I'm sorry!"

She did not dare to take the risk. If the netizens exposed her because of this, her acting career would be in trouble.

Seeing Wen Ying stand up, Yue Ninghe and Gong Yue hurriedly apologized. Only Lu Yue was still in a deadlock with an unconvinced expression.

“Looks like someone has a pretty stubborn temper. It’s fine. I’ll cover the others’ faces and show you, Lu Yue. What do you think? Don’t worry, I’ll beautify you,” Lin Yin said with a faint smile. Her posture was as if she was chatting with a friend and not threatening her!

“You!” Lu Yue was so angry that her expression darkened. Then, she shouted unwillingly, “I’m sorry!”

“Ah, I don’t know if there’s something wrong with my ears, but I didn’t hear you apologize.” As Lu Yan spoke, she turned her gaze to Lin Yin and asked in confusion, “Yinyin, did you hear that?”

“This place is so small. If you didn’t hear it, I naturally didn’t either,” Lin Yin said cooperatively.

Feng Yu carefully looked at Lu Yan and Lin Yin before shrinking even smaller. She was afraid that Lu Yan would ask her later and she wouldn’t know how to answer.

Lin Yin could be so domineering because she had the support of her family. If it were her, she wouldn’t be able to answer like this. What if these people took revenge later?

“Lu Yan, don’t go too far!” Lu Yue felt that she was so angry that sparks were about to fly from the top of her head.

“Oh! Then Cousin, you don’t want to apologize anymore? Yinyin, send me the video. I’ll censor it now and send it to everyone at the banquet to let my cousin have a good time!” Lu Yan smiled at Lu Yue.

Lu Yue was so angry that her heart hurt. She shouted angrily, “I’m sorry!”

Lin Yin turned to Mu Ning and said with a smile, "What about you? Aren't you going to apologize?"

Mu Ning was stunned for a moment and said in confusion, "Me too? But I've never bullied your roommate?"

Lin Yin sneered. "You acted as a team. Why? Are you refusing to admit that you're with them? Looks like your friendship is just like this. You can't even face difficulties together?"

The people who had just apologized turned to look at Mu Ning. Although Mu

Ning had not gone overboard like them just now, they were on the same side. If Mu Ning planned to leave unscathed, they would seriously reconsider interacting with her.

Mu Ning scolded Lin Yin in her heart, but she said guiltily, "Sister, you're right. I was wrong too. I apologize. I'm sorry!"

After the few of them apologized, Lu Yan reached out to collect the compensation. The few of them transferred 30,000 yuan to Lu Yan. The sum of what the 5 of them transferred was 150,000. Feng Yu was so shocked that she couldn't close her mouth. These girls from big families were really rich.

Everyone could casually take out 30,000 yuan. If this money was in her family, it would be a lot of money. If she took it out and used it, she would have a family meeting.

After the few of them transferred the money, they asked Lin Yin to delete the video.

Lin Yin's gaze landed on Gong Yue. She smiled and said, "Is there still one more slap that hasn't been completed? I've already said that there's something that hasn't been completed. I'll still post this video. When the pixelation is still recognized, you can't blame me."

Gong Yue's face flushed red. How embarrassing would it be to slap herself in front of these people?

“Gong Yue, hurry up.” Lu Yue was already a little impatient with Lin Yin. She had already apologized and compensated, so she naturally couldn’t let Gong Yue mess things up..

Chapter 859: No Video

Gong Yue bit her lower lip and endured this humiliation. She closed her eyes and slapped herself hard. Then, she opened her eyes and looked at Lin Yin with tears in her eyes. She shouted, “Are you satisfied now? Can you delete the video now?”

Lin Yin smiled. “Of course. I’ll delete it now.”

As she spoke, Lin Yin deleted the recording on her phone. Lu Yan couldn’t help but laugh.

Lu Yue looked at Lin Yin warily and said, “Lin Yin, let me see your cell phone.

Don’t tell me you tricked us into deleting it but didn’t?”

“Sure. Come and take a look.” Lin Yin generously showed her phone.

After Lu Yue saw that there was indeed no video in Lin Yin’s camera, she left angrily. The others followed closely behind and opened the locked bathroom door to leave.

However, when Mu Ning walked past Lin Yin, Lin Yin stopped her. Under Mu

Nings puzzled gaze, Lin Yin leaned close to Mu Ning’s ear and whispered, “Mu Ning, I gave you a chance last time to tell me everything you’ve done. It’s just that you don’t seem to have heard it.”

“But it doesn’t matter. I know even if you don’t say it. I advise you to stop when it’s time. Otherwise, if you continue, I can’t guarantee that my revenge on you won’t escalate.”

When Mu Ning heard this, she immediately took two steps back warily and looked at Lin Yin in shock, her heart in turmoil.

What did Lin Yin mean? Did Lin Yin know that she was the one who plotted the attack on the Mu family's villa, or did she know that she had gotten someone to kidnap Lin Yin at the resort to lure her to her death?

Mu Ning tried her best to stabilize her emotions. She was afraid that if Lin Yin was lying to her, it would be bad if she acted too abnormally.

"Sister, I don't know what you're talking about. I'll go out first." Mu Ning felt a little guilty. Before Lin Yin could speak, she turned around and walked out.

Then, Lu Yan's thunderous laughter erupted in the bathroom. After laughing for a while, Lu Yan hugged her stomach that was hurting from laughing and whispered, "Yinyin, aren't you too cunning? You don't even have a video. You clearly only had the sound of a call recording, but it scared them. Hahaha, it's too funny."

Wei Ji couldn't help but smile.

Feng Yu looked at Lin Yin gratefully and said, "Yinyin, thank you for what happened just now."

Lin Yin smiled and said, "You don't have to thank me. Since you work for our Mu Family, I naturally have to protect you. You're smart and even know to contact me secretly on your phone."

Feng Yu smiled awkwardly. If she wasn't really afraid of being bullied by those people, she really didn't want to contact Lin Yin. How embarrassing was that?

However, she had no choice. The only person she could ask for help from was Lin Yin. That was why she had secretly called Lin Yin when she was bullied.

From the looks of it, it wasn't just Lin Yin. There was also Wei Ji. Sigh, they were all humans. Why was their fate so different?

Lin Yin and Wei Ji were the high and mighty hosts and guests of the banquet, while she was just a waiter who groveled to serve others for an hourly salary-

"Since you're here, treat it as coming over to celebrate my birthday. I'll get someone to change your clothes and get someone to cover the marks on your face. Just treat it like you're here for my birthday. How about that?" Lin Yin said.

She did not invite her classmates to this birthday banquet. She wanted to keep a low profile, but because Mu Ning was too high-profile, so many people came today.

However, since Feng Yu was here, Lin Yin would still receive her well.

Feng Yu nodded in embarrassment and followed someone Lin Yin called in.

It was not until she was dressed up that Feng Yu looked at herself in the mirror in shock. For the first time, she knew that she could become so beautiful. It turned out that she looked quite good in a noble gown.

After the makeup artist left, Feng Yu stood up and spun in front of the mirror happily. All of this seemed like a dream. It was so unreal.

Feng Yu seemed to have suddenly remembered something. She picked up her phone and turned on her cell phone. She looked at the receipt message.

150,000 yuan. It was really 150,000 yuan. This was a huge sum of money for Feng Yu.

If a slap could be exchanged for such money, it would really be worth it. Feng Yu even wanted to be slapped a few more times.

Feng Yu admitted that her current thoughts were a little dangerous, but to her, who came from a poor family, there was nothing she could do..

Chapter 860: Righteousness

Feng Yu worked so hard to get into Capital University because she wanted to use her studies to change the fate of her family's poverty.

Children from rich families like Lin Yin already had wealth that she could never hope to have in her life. To be honest, Feng Yu was indeed envious, but there were some things that she was still more clear-headed about. For example, she knew that although she was envious, there were some things that she could not get just because she was envious.

Feng Yu carefully put away her cell phone. The money inside could guarantee that she would not have to worry about her university life for the next few years and that she would not have to work part-time to earn living expenses.

After smiling in satisfaction at herself in the mirror, Feng Yu stood up and opened the door timidly.

There was a girl standing at the door. When the girl saw that Feng Yu had changed her clothes, she smiled appropriately and said, "Miss asked me to bring Miss Feng down to the banquet hall."

When Feng Yu heard the girl call her Miss Feng, she felt uneasy and a little excited.

When she followed the girl to the banquet hall again, Feng Yu had already changed from a waiter to a guest who came to attend the banquet. Feng Yu could not explain how she felt, but she felt proud.

Especially when she saw the few people who had asked her to lick the toilet bowl looking at her in surprise, Feng Yu felt happy.

Lin Yin brought Ye Wen and Mu Cheng closer to Feng Yu and introduced, "Dad,

Mom, this is my classmate and roommate, Feng Yu."

"Yinyin's classmate? Welcome, welcome. Yinyin didn't invite any classmates this time. We're really happy that you can come over," Mu Cheng said gently. Ye Wen also said enthusiastically, "Feng Yu, you must have taken good care of our Yinyin usually. Otherwise, our Yinyin wouldn't have specially invited you alone. Let me thank you here. Remember to come and play often in the future."

Mu Cheng and his wife's enthusiasm made Feng Yu's face turn slightly red from shame.

Feng Yu remembered how she had treated Lin Yin when school started. She also remembered how she had protected herself and ostracized Lin Yin when she was slandered.

Now that she saw Lin Yin's parents speak to her so gently, she had mixed feelings.

Actually, Lin Yin looked a little cold-blooded and unapproachable, but compared to those arrogant and domineering daughters of rich families, Lin Yin's personality could be said to be quite good.

Moreover, after interacting with her for a while, she realized that Lin Yin actually had her own principles and bottom line. As long as she did not violate Lin Yin's principles and bottom line, Lin Yin could be said to be quite tolerant.

Most importantly, Lin Yin was very loyal. Just like how she had been bullied just now, she had only secretly called Lin Yin with faint hope. She did not expect Lin Yin to really save her and even give her such respect. This kind of bearing was rare.

As long as she changed roles with Lin Yin today, she would most likely not save her as long as she remembered that the other party had once ostracized her.

The more Feng Yu thought about it, the more she felt that she was not a good person. She was not worth Lin Yin treating her like this, nor was she worth Lin Yin's family treating her like this.

“Uncle, Auntie, actually I...” Feng Yu found it difficult to speak.

Lin Yin saw that Feng Yu seemed to be conflicted about something and thought that it was Feng Yu’s first time experiencing such an occasion. She couldn’t loosen up. She went forward and smiled. “Feng Yu, you don’t have to be afraid of crowds. If there’s anything you want to eat, eat it yourself.”

Seeing that Lin Yin was so friendly to Feng Yu, Lu Yan hurriedly went forward and held Feng Yu’s hand. “It’s okay. I’ll accompany you to eat delicious food and introduce you to our friends.”

Then, Lu Yan turned around and said to Lin Yin with a smile, “Yinyin, go ahead.

I’ll definitely settle your roommate down nicely.”

Feng Yu looked at Lu Yan holding her hand and was at a loss.

Usually, these rich people had their noses in the air. Now that they were holding her hand so intimately, she felt that it was a little unreal. What was even more unreal was that Lu Yan would bring her to meet those famous big shots in the capital.

Those were some big shots that you could not see even if you spent a lot of money and used some connections!

At this moment, these big shots who controlled the resources of various industries and the children of wealthy and noble families actually reached out to shake her hand and greet her with a gentle expression. It was simply

unbelievable..
