

Real Daughter 861

Chapter 861: Dreamlike

After the entire scene, Feng Yu felt that everything was like a dream.

Lu Yan waved in front of Feng Yu, who was in a daze. ‘What’s wrong? Why are you in a daze? Say hi.’

Feng Yu suddenly woke up and looked over with clear eyes. A clean-looking boy was staring at her with a wicked smile on his lips. His smiling and teasing eyes immediately made Feng Yu’s heart skip a beat. In the next second, her entire face turned red, making Feng Yu want to find a pool to jump into.

When Wei Wei saw Feng Yu’s face turn red, the smile on his lips deepened. His smile was as flashy as a peacock spreading its tail.

He reached out to Feng Yu and smiled roguishly. “Beautiful lady, hello. My name is Wei Wei. Nice to meet you.”

Feng Yu was extremely shy. Even her outstretched hand was trembling slightly.

She tried her best to persuade herself to steady her fingers, but she couldn’t. This made her extremely embarrassed.

Lu Yan looked at Wei Wei’s wretched expression and rolled her eyes. She pulled Feng Yu behind her and warned rudely, “Wei Wei, put away your disgusting smile. I’m telling you in advance that this is Lin Yin’s classmate. Don’t be blind and mess around.”

Hearing Lin Yin’s name, Wei Wei frowned. Recalling his parents and Grandma’s After the entire scene, Feng Yu felt that everything was like a dream.

He reached out to Feng Yu and smiled roguishly. "Beautiful lady, hello. My name is Wei Wei. Nice to meet you."

Feng Yu was extremely shy. Even her outstretched hand was trembling slightly.

She tried her best to persuade herself to steady her fingers, but she couldn't. This made her extremely embarrassed.

Lu Yan looked at Wei Wei's wretched expression and rolled her eyes. She pulled Feng Yu behind her and warned rudely, "Wei Wei, put away your disgusting smile. I'm telling you in advance that this is Lin Yin's classmate. Don't be blind and mess around."

Hearing Lin Yin's name, Wei Wei frowned. Recalling his parents and Grandma's instructions, he put away some thoughts and immediately became a gentleman. He smiled and nodded at Feng Yu.

Feng Yu was about to say something when Wei Wei turned around. This made Feng Yu feel lost.

Lu Yan didn't know what Feng Yu was thinking. She only whispered at the side, "Let me tell you, this Wei Wei is very promiscuous. He's just a playboy and is very dirty. If he didn't come up to me just now, I wouldn't be willing to introduce him to you. In the future, if you see him, hide far away to avoid being harmed."

Feng Yu nodded as if she understood, but her gaze subconsciously followed Wei Wei as she muttered softly, "There's no need to hide, right? There won't be any interaction."

Lu Yan heard it and remembered that Feng Yu came from an ordinary family. She nodded and said, "That's true. If it's not a big gathering, you probably won't be able to see him."

Feng Yu only pursed her lips and smiled in disappointment. Then, she suppressed the strange emotions in her heart and continued to follow behind. As for Lin Yin, she had done everything she had to and she secretly hid to catch her breath. As expected, it was a good choice to keep a low profile. There were so many people present that her stomach was about to explode from drinking drinks with those guests.

Lin Yin leaned against a wall on the second floor and looked in the direction of the first floor. This corner really had an excellent perspective. She could basically see the scene downstairs.

Suddenly, a sneaky figure attracted Lin Yin's attention. Although that person was also wearing a gown, there was a veil covering her face. This made Lin Yin a little curious.

Lin Yin's gaze followed the person. The person quickly found a dark corner to hide. They didn't drink the drink and only covered their face.

Lin Yin was puzzled. Could this person be a paparazzo? Were they here to take photos of Mu Ran?

If that was the case, it seemed like the Mu Family's security had to be strengthened. It was too dangerous for anyone to sneak in.

However, this person's figure seemed a little familiar. Lin Yin frowned and thought about it. It actually reminded her of Su Fei.

Could it really be Su Fei?

Lin Yin focused on that person again. They really looked alike!

Lin Yin waved to the side and pointed Dong Yi in the direction of the sneak person. Dong Yi immediately went down.

That person had no idea that someone was already following her to monitor her. She started to look around, as if she was looking for something. After a while, that person's gaze slowly settled. Lin Yin looked in that person's direction curiously and realized that that person was looking at Mu Ning.

Lin Yin felt that that person might have just happened to look at Mu Ning, so she looked at that person again. In the end, from the moment that person saw Mu Ning, her gaze never left Mu Ning. Even when she looked at Mu Ning, her brows were filled with joy.

Lin Yin watched as Dongyi shuttled through the crowd and inadvertently approached that person. As if he had accidentally raised his hand, he brushed the veil off that person's face without looking back..

Chapter 862 Sisters

The face under the veil was covered in ferocious scars. Even so, Lin Yin recognized that it was Su Fei.

Su Fei hurriedly tied her veil back on and looked around in panic. Fortunately, no one noticed her, which made her heave a sigh of relief, especially since she did not let that lunatic Huo Ge see her. Otherwise, she would be in trouble when she returned.

During this period of time, she had been staying at Huo Ge's place obediently. It was fine at first, but towards the end, she could not stay any longer. She really did not know why Huo Ge was locking her up.

However, there was another advantage to staying by Huo Ge's side. She could know things she did not know in the past. For example, she knew that she had a sister who had been adopted by a very large family. Moreover, that sister was her twin.

There were many families of all sizes in the capital. In the beginning, she had never thought about the eight big families in the capital. It was only when she heard that the Mu family had adopted a girl about her age that she dared to suspect.

Hence, she investigated all the eight families these days. Other than the Mu family, no other families adopted girls.

However, Su Fei was still uncertain. Huo Ge said that they were twins, but she and Mu Ning did not look alike.

Moreover, Mu Ning and Chu Yun did not look alike.

Therefore, in order to confirm Mu Ning's identity, she sneaked out when Huo Ge was not around.

As long as she could confirm her relationship with Mu Ning, she believed that with Mu Ning's current status, she would definitely be able to live a stable and prosperous life for the rest of her life. She did not have to be afraid of being threatened by Huo Ge. After all, the Mu family was much more powerful than the Huo family.

As she thought about it, Su Fei felt hopeful again. When she got rid of Huo Ge, she would get her sister to send her to Country H for plastic surgery to remove the ugly scar on her face. Then, she would get Mu Ning to give her a large sum of money. She would repackage herself in Country H and she could come back as an idol trainee. At that time, she might even be a big star.

Oh right, wasn't that Best Actor Mu Ran also from the Mu family? Come to think of it, Mu Ran was also Mu Ning's brother, so she was Mu Ning's sister. Therefore, Mu Ran was also her brother.

Then when she entered the entertainment industry, she would get Mu Ran to pull strings. Mu Ran would not be so stingy to his sister, right?

The more Su Fei thought about it, the more she felt that there was hope for her future life. If it weren't for the fact that she hadn't gone for a DNA test yet, she would have gone to look for Mu Ning to acknowledge her family.

Compared to the Mu family, who she was not related to by blood, Mu Ning would definitely favor her biological sister more.

Su Fei was elated. She took the opportunity to follow behind Mu Ning. The most up-to-date novels are published on [novelnext.co\(m\)](http://novelnext.co(m))

After Su Fei left for a while, she walked out of the banquet hall. There were fewer and fewer people around her. In a daze, she lost Mu Ning.

Su Fei panicked. When she looked around, Mu Ning, who had suddenly disappeared, appeared directly in front of her. Su Fei was so frightened that she almost screamed.

"Who are you? Why are you following me?" Mu Ning stared coldly at the strange woman in front of her with a veil and asked in a low voice.

Su Fei patted her chest. After a while, she smiled and said, "It's nothing. I just feel that you look a little familiar, like my once lost sister. So I wanted to come forward to confirm."

"Sister?" Mu Ning widened her eyes and retorted uneasily, "What nonsense are you talking about?"

Su Fei shook her head and said seriously, "I'm not talking nonsense. My mother gave birth to twins before my sister was adopted. I only heard recently that you might be here, Sister, so I came to take a look."

"If you're really my sister, I think we sisters have to acknowledge each other. After all, in this world, only the two of us are biological family and each other's only support."

Mu Ning's eyelids twitched slightly. She suppressed the anxiety in her heart and looked around. She lowered her voice and said, "The two of us? What about your other family members?"

Su Fei's eyes flashed with disappointment. She lowered her voice and said, "It's always been Mom and me. Mom went missing some time ago and I don't know where she went. I'm alone. It's good that we found you now. This way, we can look for Mom together?"

"Don't call me that. We aren't sure if we're family yet," Mu Ning quickly said. Then, she looked at Su Fei.

A gown that looked like it was from a random brand was enough to show that the girl in front of her should not have a good family background. In addition, the girl had just said that she only had a mother who relied on her. She probably did not have any family support.

Chapter 863: Arrange a Time

In other words, if she and the girl in front of her were really sisters, then her original family was lowly. Mu Ning could not accept such a thing.

Especially at a time like this, if others knew that she had found her family, with Mu Cheng and his family's personality, they might chase her out on the grounds of blood ties and let her return to her original home.

Even if she was not chased out, if others knew about her original family's situation, many nosy people would probably look down on her and mock her.

No! She couldn't let that happen.

Therefore, what she had to do now was to confirm if the girl in front of her was her family. If she's not, that was the best outcome. However, if things did not go according to her wishes, some things should remain a secret forever.

Su Fei was about to ask Mu Ning to do a paternity test with her, but she caught a flash of ruthlessness in Mu Ning's eyes and panicked for some reason.

After being on tenterhooks with Huo Ge for a while, Su Fei's good at reading someone from their body language had improved a lot. She immediately became wary of her.

Mu Ning retracted her fierce eyes and smiled at Su Fei. "Since you have such doubts, why don't we do a paternity test?"

Mu Ning's expression was so gentle that it was as if she was not the one who had glared at her fiercely just now.

Su Fei had thought that Mu Ning would not be willing to do this paternity test with her. After all, if she was the one Chu Yun had sent to the Mu family back then, she would not have acknowledged her family so easily. She was not a fool. Of course, she knew that the Mu family was a nest of wealth. How could she bear to leave?

However, since Mu Ning had suggested a paternity test, she probably valued kinship more, right?

She had asked around. Mu Ning was quite filial to the two elderly of the Mu family, so if she was really sisters with Mu Ning, Mu Ning would treat her well, right?

Su Fei was jealous of Mu Ning. They were both sisters, so why should Mu Ning be the daughter of a big family like the Mu Family? It was just that what was done was done. All she could do was make use of her blood relationship with Mu Ning to cling to her and live a more glamorous life.

"Then when should we make an appointment to go together?" Su Fei asked.

"Alright, I'll find a doctor then. I'll inform you. Can you leave me your contact number?" Mu Ning said with a faint smile.

Su Fei nodded and said, "Okay!"

As she spoke, she turned on her cell phone and opened her number.

Mu Ning added Su Fei and asked, "What's your name? Why do you keep your face covered?"

Su Fei touched her face through the veil in embarrassment and said, "My name is Su Yun... My face was accidentally bitten by a dog, leaving a very deep scar. It's quite ugly, so I covered it with a veil."

Su Fei did not say her name directly. She knew how bad her reputation in the capital was. She was afraid that if Mu Ning found out that she was that Su Fei, neither of them would be happy.

After all, she had been Lu Zheng's mistress.

Since she was already disfigured, she might as well reunite with Mu Ning in a new identity.

Mu Ning did not say anything. She just nodded and said, "How about this? I know an expert in scar treatment. I'll help you make an appointment. A girl's face is very important."

Su Fei nodded and smiled. "Okay! I'll go back and wait for your news."

There were too many people at the banquet, and many of them were familiar faces. Su Fei did not want to stay any longer.

Mu Ning smiled and nodded at Su Fei. Her face was quiet and gentle, and she had the noble and elegant temperament of someone from a big family. Su Fei, who had already persuaded herself to not be jealous of Mu Ning, could not help but feel jealous.

Su Fei turned around and walked out. She thought angrily about how nice it would be if she was the one Chu Yun had sent to the Mu family back then!

Then she would be the one with the noble and elegant temperament. Today, she could also chat and laugh with those young masters and young ladies in this magnificent place, and she could also celebrate her birthday in the Lu

Family's old residence and be given such an expensive gift by the head of the Mu Family.

Su Fei looked indignant. Her hands were twisted together with jealousy, and her heart was filled with resentment towards Chu Yun for being biased..

Chapter 864 Unwilling

Mu Ning retracted her gaze from Su Fei's back and stared at Su Fei's account on her cell phone. It was unknown what she was thinking. After a while, she put away her cell phone and returned to the banquet hall.

At this moment, Lin Yin was cutting the cake happily with Mu Cheng, his wife, and the three Mu brothers.

This happy scene made Mu Ning's eyes sting. How good would it be if it was her in Lin Yin's place on stage?

Why was the heavens so unfair? They had clearly been lost since they were young. As soon as Lin Yin was found, she became a rich young lady. She had her parents' love and her brother's love.

And what about her? She had been found, but it seemed that she only had a disfigured sister and a family that was very likely poor and had nothing.

Why!

Mu Ning clenched her fists in anger. The pain from her fingertips digging into her palms made her suppress the jealousy in her heart so that no one could see it.

Seeing Sun Yun walk over, Mu Ning quickly smiled.

Sun Yun held Mu Ning's hand and said comfortingly, "It's fine. Grandma still loves you the most. In my heart, no one can surpass you."

Mu Ning was a little stunned. She did not expect Sun Yun to suddenly say this with such a serious expression. It would be a lie to say that she was not touched. Who would be indifferent to being cared for?

However, Mu Ning looked touched, but she was telling herself that she had to recognize reality. No matter how nicely Sun Yun said it, Lin Yin was still Sun Yun's biological granddaughter. If she really encountered a life-and-death moment, Sun Yun might forget what she said today.

She did not believe in any sincerity. She only believed in herself.

After everyone enjoyed the cake, it was the last segment of the birthday banquet, a dance to end the banquet.

Mu Ran ran straight to Lin Yin with a proud expression and made an inviting gesture at her. As the birthday girl's brother, he would not let go of this dance.

Lin Yin smiled and raised her hand to place it in Mu Ran's. However, another hand suddenly appeared and pulled the stunned Lin Yin towards the middle of the dance floor.

Mu Ran gritted her teeth in anger and looked at Huo Ge with killing intent in his eyes. He rolled up his sleeves and was about to rush forward to beat him up and snatch Lin Yin back.

However, in the next second, music sounded. In order not to ruin Lin Yin's birthday banquet, Mu Ran could only grit his teeth and endure it.

Lan Xin almost couldn't hold back her laughter when she saw Mu Ran like this. Any questions please contact [n\(ove\)lne\[x\]t.com](mailto:n(ove)lne[x]t.com)

Mu Ran usually looked indifferent and cold. She did not expect him to be so cute and childish in private. Lan Xin could not help but laugh.

Mu Ran turned around and saw Lan Xin. Then, he looked at Huo Ge, who was dancing with Lin Yin. His eyes darted around and he invited Lan Xin.

Lan Xin pointed at herself in disbelief. Mu Ran nodded and approached Lan Xin's ear. He whispered, "It's an emergency. I'm going to snatch my sister back. Help me. I know you're good at dancing. Let's go up and save today's birthday girl."

Lan Xin, who was still pleasantly surprised, immediately felt disappointed. Changing partners? Wasn't he going to use her to exchange for Lin Yin?

However, Lan Xin's eyes lit up again. She asked happily, "You know I know how to dance?"

Mu Ran didn't know why Lan Xin asked this. He just nodded and said, "Yes, haven't we worked together before? I remember that you know how to dance. You seemed to have won an international dance award before, right? I went to watch it too."

Lan Xin nodded, her heart jumping with joy. Mu Ran had really remembered her in his heart. She had thought that Mu Ran would not have much of an impression of her for a small collaboration. She did not expect Mu Ran to have seen her competition and still remember it.

In that case, it didn't seem impossible to help Mu Ran snatch a sister back. Besides, Lin Yin had saved her before, so she should return the favor.

Lan Xin smiled and reached out to place her hand on Mu Ran's. With a spin, the two of them approached Lin Yin and Huo Ge in the middle of the dance floor.

At this moment, Lin Yin sneered and said, "Huo Ge, looks like you haven't learned your lesson from breaking your ribs last time?"

Huo Ge was not frightened by Lin Yin at all. Instead, he said with a despicable expression, "As long as it's you who hit me, I'll gladly endure it. How about it? Are you very touched to hear it?"

"Huo Ge, what exactly do you want to do?" Lin Yin asked with a faint smile. "In your eyes, I occasionally see a trace of killing intent. So, Huo Ge, do you want to kill me?"

Chapter 865: Can 't Tell Good From Bad

Huo Ge was slightly stunned, then he blinked in shock. Was his intention so obvious? It shouldn't be?

He leaned closer to Lin Yin's ear and smiled. "Yinyin, what are you talking about? Could it be your imagination? Although I kidnapped you, I was just paid to help others resolve their troubles. Come to think of it, I don't have any grudges with you. Why would I kill you?"

"That's right. Why would you kill me?" Lin Yin said deeply. Her red lips warned Huo Ge coldly, "Huo Ge, I don't care what you're planning. I don't care what the people behind you are planning. You can even try to kill me. If I die, that's your ability. But if you dare to hurt my family, don't blame me for fighting you to the death."

A trace of ruthlessness flashed across Huo Ge's eyes, then a look of disdain appeared on his face. He thought to himself that Lin Yin had indeed been the same since she was young. She was easily willing to give her life to others.

Back then, in order to save that little boy and her classmates, she had risked her life for her family. Speaking of which, Lin Yin's life was tough enough. If it were anyone else, they would probably have died in the slums when they were young and had no chance to grow up. She was lucky enough!

Huo Ge tightened his grip and rubbed Lin Yin's hand. He smiled and said, 'Yinyin, you have to focus when you're dancing. Don't think about nonsense. It's lame!"

Huo Ge leaned into Lin Yin's ear and spoke quite intimately. Yue Shan, who was watching from the side, beamed with joy. She was overjoyed and kept saying to Sun Yun, "Sister Sun, look, our children are so compatible!"

Sun Yun glanced coldly at Huo Ge and Lin Yin's intimate actions and said angrily, "Yue Shan, you even brought a gift to my house previously, saying that you wanted to matchmake your precious grandson with my Ah Ning. Why? When you saw Lin Yin today, you wanted to have designs on my other granddaughter? What do you think our Mu family is? Is this where your crown prince chooses his concubine?"

Sun Yun's voice was not soft, attracting the attention of many people around her. Everyone looked at Mu Ning, who had not gone to dance and was accompanying Sun Yun.

Mu Ning knew that something was wrong. As expected, the smile on Yue

Shan's face immediately froze. Then, her gaze drifted to Mu Ning. She sized up Mu Ning with a cold gaze and frowned. "Sister Sun, did you misunderstand something? The last time I came to your house, I came over for Yinyin. How was it for Mu Ning? I'm afraid you misunderstood?"

Sun Yun snorted and sneered. "Yue Shan, you don't even know how to lie. That day, when you came to visit, Lin Yin's identity had yet to be announced. If you wanted to matchmake your grandson and Lin Yin, why would you go to our Lu

Family's old residence? What a joke. You kept talking about my granddaughter. At that time, my granddaughter was only Ah Ning. If you admit that you're snobbish, I can still think highly of you."

Sun Yun's words were quite disrespectful to Yue Shan. It was more or less inappropriate and destroyed the dignity of the two families.

Yue Shan's expression had already darkened. With her personality, she had always been nice to Sun Yun purely because she had a little relationship with Mu Kun. She did not expect Sun Yun to say such a thing in front of so many people.

Even Yue Shan looked at Mu Ning with a sneer. Mu Ning was shocked. She knew that Yue Shan was going to attack her. During this period of time, Mu Ning had learned a little about Yue Shan. Yue Shan was the kind of person who stabbed where others hurt.

Mu Ning's intuition was indeed right. Yue Shan knew that Sun Yun doted on Mu Ning, so she naturally used Mu Ning to attack Sun Yun. "Sister Sun, you're being too serious. But you're right. I'm indeed a snob."

"Although my Huo Family is not as good as your Mu Family, my little grandson is a legitimate descendant of the Huo Family. If he wants a wife, he naturally has to find a legitimate biological child. I don't dare to let any Tom, Dick, or Harry that's picked up from outside to enter the family. As in-laws, we still have to pay attention to matching family backgrounds and pure bloodlines!"

Yue Shan's words instantly embarrassed Mu Ning. She even felt that everyone was looking at her with mockery and disdain.

Sun Yun gritted her teeth in anger and said angrily, "Yue Shan, be polite! My Ah

Ning is not some Tom, Dick, or Harry outside. She's the lucky star of our Mu Family. You're blind and can't tell. You actually took a fancy to Lin Yin.. Let me tell you, you'll regret it!"

Chapter 866: Angry

Yue Shan snorted rudely and mocked, "Sister Sun, it's hard to tell who's blind and who can't differentiate between good and bad. However, there's something I think you might be interested to know. I knew Yinyin's identity a long time ago. I had high expectations. I thought that the child of Mu Cheng and his wife must be good. I can't miss it. I have never considered Mu Ning from the beginning."

Sun Yun was so angry that she almost tore Yue Shan apart without caring about her image. However, when she thought about how Mu Kun would definitely scold her when she returned, she could only widen her eyes and glare at Yue Shan.

The people around them looked at Mu Ning as if they were watching a joke. Their rustling voices were filled with mockery, making Mu Ning feel embarrassed. She even hated Sun Yun for provoking Yue Shan, and not being able to win her.

Now, she would probably lose all her face in the industry.

Mu Ning was still thinking about how to get out of this awkward situation when there was some movement on the dance floor, attracting everyone's attention.

Sun Yun turned her angry gaze to the middle of the dance floor. When she saw someone take Lin Yin away from Huo Gel's hands, Sun Yun immediately became Yue Shan snorted rudely and mocked, "Sister Sun, it's hard to tell who's blind and who can't differentiate between good and bad. Now, she would probably lose all her face in the industry.

Mu Ning was still thinking about how to get out of this awkward situation when there was some movement on the dance floor, attracting everyone's attention.

Sun Yun turned her angry gaze to the middle of the dance floor. When she saw someone take Lin Yin away from Huo Ge's hands, Sun Yun immediately became happy and said sarcastically, "So what if some people like our Mu family's granddaughter? Even if Grandma personally appears for an incompetent man, his wife will still run away. How can Huo Ge compare to Lu Ming of the Lu Family?"

Sun Yun meant that Huo Ge was not as strong as Lu Ming, which really angered Yue Shan.

That old thing Lu Xian went to Mu Cheng and his wife to snatch her away, but Lu Ming was also snatching her away from her grandson. He was simply haunting her.

Seeing that Yue Shan's expression was not good, Sun Yun felt better. She looked at Lin Yin and felt that she was more pleasing to the eye. After all, she was her biological granddaughter. In the end, she had earned some face for her.

Mu Ning's heart sank when she saw Sun Yun's expression. She looked at Lin Yin with hidden hatred.

At this moment, Lin Yin was so angry that she wanted to pull her hand away from Lu Ming's palm. However, no matter how hard she tried, Lu Ming refused to let go. Lin Yin was so angry that she gritted her teeth and questioned, "Third Master Lu, what's wrong with you? I don't want to dance with you. Can't you feel my disdain for you?"

Lu Ming smiled. "You can still have disdain for me while I dance with you."

Lin Yin rolled her eyes speechlessly. Her cute appearance made Lu Ming sigh again. He really couldn't bear to part with her and couldn't control his heart. What should he do?

He clearly told himself that the two of them were not compatible, but he just could not control his actions. He could not control his restless heart that wanted to get close to Lin Yin, nor could he control his jealousy at seeing Lin Yin and Huo Ge being intimate.

Lu Ming smiled bitterly in his heart. When did he lose control of himself?

Lin Yin misunderstood the bitter smile on Lu Ming's face and said angrily, "Lu Ming, what's the meaning of your smile? Do you despise me? You disrupted my lovey-dovey relationship with Huo Ge, and now you're looking at me with such a helpless and bitter smile. What? You're the one who snatched me away, and you're the one who despises me now. Are all men so fickle?"

"Lovey-dovey?" Lu Ming raised his eyebrows and held Lin Yin's hand even tighter.

Lin Yin frowned slightly, then sneered and said, "That's right. Anyone with a discerning eye can see that Huo Ge and I are flirting. You're really annoying for interfering and disturbing others."

Lu Ming was so angry that his temples bulged. Lin Yin's current attitude towards him was either sarcastic or full of infuriating words.

"Yinyin, are you really going to anger me so much?" Lu Ming was angry and helpless.

Lin Yin was so angry that she laughed. As she danced with the rhythm, she mocked, "Uncle, are you joking? I'm just telling the truth. How am I angering you? Isn't it normal to date the opposite sex at your young age? Moreover, I really don't understand how I can anger you, Uncle?"

Lin Yin felt an inexplicable anger in her heart. She couldn't help but say it in such a tone. She couldn't explain why she was like this.

Perhaps it was because she had been played by Lu Ming that she was still angry.

Lu Ming sighed. "Are you still angry with me?"

Lin Yin looked up at Lu Ming and snorted. "Why should I be angry? I wouldn't dare to be angry at an elder like you, Uncle. Besides, I'm just acquaintances with Uncle.. What can I be angry about?"

Chapter 867: Unable to Control

Lu Ming was even more helpless. How could she not be angry? Listen to the young lady's tone. She was filled with resentment and even cut ties.

Mu Ran was also filled with resentment. He had already calculated the time and was about to snatch Lin Yin away from Huo Ge, but Lu Ming appeared halfway and snatched Lin Yin away. Mu Ran was so angry that he wanted to go forward and beat Lu Ming up.

All of them were staring at his sister every day. They were simply too annoying. Lan Xin said guiltily, "I'm sorry I couldn't help you just now."

Mu Ran retracted his resentful gaze and said with a gentle expression, "Why are you apologizing? I can't even thank you enough if you're willing to help me. I can only say that Lu Ming is cunning enough to play such a vicious trick. He's simply a villain."

Seeing Mu Ran grit his teeth, Lan Xin couldn't help but laugh. Her clear

laughter attracted Mu Ran's gaze back to Lan Xin. She asked in confusion,

"What's wrong? What are you laughing at?"

"I'm laughing at how cute you are," Lan Xin blurted out.

Then, when she saw Mu Ran's stunned expression, Lan Xin realized that the person in front of her was Best Actor Mu Ran. She actually described Mu Ran as cute.

Lan Xin hurriedly restrained the smile on her face and said with a terrified expression, "Um, I'm not saying that you're childish. It's that.. '

Lan Xin wanted to explain, but she didn't know how.

After being stunned for a moment, Mu Ran only smiled awkwardly and said, "It's fine. You don't have to explain. Perhaps my personality is a little different in private. You'll understand after seeing me more."

Even an awkward smile could not hide Mu Ran's beauty. In addition, Mu Ran's tone was intimate and gentle compared to usual, making Lan Xin blush inadvertently and she could only nod silently.

The music stopped abruptly. Compared to Lin Yin, who quickly broke free from Lu Ming's hand, Lan Xin was yearning for Mu Ran's warm palm. After the two of them let go, Lan Xin asked softly, "Mu Ran, are you really not planning to make a comeback? Actually, many people are waiting for you to return."

As Mu Ran and Lan Xin walked to the side, he smiled faintly and said, "We can't go back and forth after making a decision, right? Perhaps if I don't become an actor, I can still shine elsewhere."

Lan Xin nodded seriously and said, "Yes, yes, you can do it!"

"Do you trust me that much?" Mu Ran asked with a smile.

Lan Xin nodded matter-of-factly and said, "Of course. I've always believed in you. You're so awesome!"

Mu Ran did not answer, perhaps he was shy because of the praise. He just pursed his lips and smiled. When he turned around, he saw his sister walking over with a dark expression.

Mu Ran immediately put Lan Xin behind his head and rushed forward to ask, "Yinyin what's wrong? Did that old thing Lu Ming make you unhappy?"

Lin Yin was originally a little angry, but when she heard the description of Lu Ming, she couldn't help but laugh. Even the people beside her looked like they wanted to laugh but didn't dare to.

Lu Ming, who was following closely behind, was even more speechless when he heard this. It was fine if Mu Ran was rude to him in private, but now, there were so many people and he was still so outspoken.

Lu Ming turned his gaze to Mu Heng, who was beside him, and gestured for him to control Mu Ran. In the end, Mu Heng only looked up slightly and said helplessly, "Sigh, someone went back on their word, so I can only say that my younger brother is old and can't be controlled."

Who asked Lu Ming to go back on his word? He had promised not to provoke Lin Yin, but today, he still did it.

Others might not be able to understand what Mu Heng meant, but Lu Ming knew very well.

However, he also felt that he had been wronged. He admitted that he was a little jealous when he snatched Lin Yin away from Huo Ge just now, but he could only blame the Mu brothers for being incompetent. They knew that Huo Ge had ulterior motives, but they still let Lin Yin be so close to Huo Ge, so he could only make a move.

Lu Ming said sarcastically, "If it weren't for the fact that someone's ability is limited, they naturally wouldn't go back on their word."

Lu Ming openly mocked Mu Heng for being unable to protect Lin Yin.

Everyone listened in confusion to the two of them talking in riddles. Even Lin Yin sized up the two of them. She felt that the two of them seemed to be hiding something from her, and this matter seemed to have something to do with her.

Lin Yin's probing gaze made Mu Heng a little uncomfortable. He coughed lightly to hide it, but in the end, he still whispered to Lu Ming, "Whether it's our ability that's limited or if you interfered while Mu Ran was staring at Huo

Ge, you know very well.."

Chapter 868: Third Brother Feeds You

Lu Ming coughed lightly and lowered his voice without any embarrassment. "Then you can only blame your brothers for being slow and not me. I've said it before. As long as Yinyin is safe, I can retreat."

For the first time, Mu Heng felt that the righteous Lu Ming actually had a little shamelessness.

Lu Ming did not seem to see that Mu Heng was a little angry. His gaze was still on Lin Yin, and Mu Heng was even angrier.

However, Lu Ming's good mood did not last long. Just as he chased Huo Ge away, Wei Ji came to Lin Yin's side. Compared to Huo Ge, Lu Ming was more afraid of Wei Ji.

Lin Yin could joke that she was flirting with Huo Ge because he could feel that Lin Yin did not care about Huo Ge.

However, it was obvious that Lin Yin would not say that about Wei Ji. Lu Ming could even feel that Wei Ji was very special to Lin Yin.

Although he did not find much negative information about Wei Ji, he just felt that something was wrong with Wei Ji.

It was not just because Wei Ji staying by Lin Yin's side would cause the Wei family to do something disadvantageous to her. More importantly, Wei Ji seemed to be dangerous.

Unfortunately, he could not find any more information. If he told Lin Yin rashly, Lin Yin would probably not treat him well in the future.

Wei Ji handed a small pastry to Lin Yin and forked up a small piece. Little Yi said obediently, "Yinyin, I don't think you ate anything just now. Eat this. I've tried it. It's very delicious."

He seemed to be feeding Lin Yin, it attracted the attention of the surrounding people.

Wei Ji's actions surprised Lin Yin. However, when she saw Wei Ji's sincere eyes and Lu Ming's frown, Lin Yin raised her hand to take the fork Wei Ji handed her with a smile.

Mu Ran's alarm rang. He was here to protect his sister. He casually took out another pastry from the side. When Lin Yin reached out to take Wei Ji's pastry, he immediately handed another pastry to Lin Yin and said with a smile, "Yinyin, eat this from Third Brother. This is delicious too. Come, Third Brother will feed you."

Wei Ji's hand froze in midair. Then, his face was filled with disappointment as he slowly retracted his hand.

However, before he could retract them all, his hand was suddenly empty. Wei Ji looked at Lin Yin in surprise and saw her take all the pastries from Mu Ran and Wei Ji. She smiled and said, "I'm hungry. I'll eat both."

Everyone looked at Wei Ji with scrutiny. The eldest daughter of the Mu Family seemed to be quite friendly with the unfavored cripple of the Wei Family. Did this mean that Lin Yin had taken a fancy to a cripple?

If that was the case, Wei Ji would have Lin Yin as his backing. If the Mu family agreed to Lin Yin and Wei Ji being together, wouldn't that mean that the Mu family was supporting Wei Ji?

Many families that had business dealings with the Wei Family began to turn their attention to Wei Ji, who was not favored by the Wei Family.

However, there were also people who thought more. For example, Mu Ran's actions just now clearly showed that the Mu family might not like Wei Ji very much. It seemed like there were some things that needed to be considered. When the rest of the Wei Family saw Wei Ji suddenly stand out in front of so many people and do such a thing, their expressions were a little lively-

No matter what Wei Ji meant, the Wei Family felt that Wei Ji had deliberately highlighted his close relationship with Lin Yin in front of everyone to tell some people that he had the Mu Family as his backing and that his relationship with Lin Yin was extraordinary.

If the Wei Family thought this way, those who did not think highly of the Wei Family's second and third branches naturally thought the same. This was the first time Wei Ji had pushed himself in front of the public, showing that he also had a chance to reach the high position of the Wei Family.

Lin Yin's hand suddenly became empty. Wei Ji's pastry was taken away by Lu

Ming. Lu Ming smiled and said, "What a coincidence. I'm actually hungry too."

He played with the fork in his hand and looked at Wei Ji with an unreadable expression. "Wei Ji, you don't mind if I eat, do you?"

Wei Ji smiled sweetly. "As long as Yinyin doesn't mind, I naturally don't mind. After all, I was going to give this small piece to Yinyin."

Lin Yin snorted and snatched the fork back from Lu Ming's hand angrily. Then, in front of everyone, she ate the small piece of pastry on the fork in front of Lu Ming.

After eating, Lin Yin raised her eyebrows at Lu Ming and said, "Uncle, if you want to eat, there's many there. Aren't you afraid of embarrassing yourself by snatching food from a junior?"

Under Lu Ming's angry expression, Lin Yin provocatively stuffed the pastry that Mu Ran had just eaten into her mouth. Her cheeks were puffed up like a little hamster, Lu Ming was angry but he found it adorable..

Chapter 869: Gifting a Car

The Wei Family's expression improved. Although Wei Ji had won Lin Yin's favor, it seemed like Lu Ming would not let this matter succeed.

If Lin Yin couldn't stand on their side, they would rather Lin Yin and Lu Ming be together than Lin Yin and Wei Ji.

Lin Yin looked at the time. There were already many people bidding farewell to Mu Cheng and his wife. Hence, she turned to Wei Ji and said, "Wei Ji, I'll get someone to send you back later."

Wei Ji nodded naturally. In the end, Wei Cheng went forward and smiled. "There's no need to trouble Miss Mu. Fifth Brother will go back with us later to save us the trouble."

Wei Yang also said, "That's right, Sister Yinyin. How can I trouble the birthday girl today? I'll get Fifth Brother to take my car back later. There's enough space. "

Lin Yin only smiled faintly and said, "That might not work. I thought that it would be very troublesome without a car and chauffeur because his legs are inconvenient, so I gave Wei Ji a car and a chauffeur to make it convenient for him to travel. He'll bring them back later."

Lin Yin's voice was not soft, and the people beside her began to discuss softly. Instantly, the faces of the Wei Family darkened.

"Look, a child without a father or mother is so pitiful. He's already crippled and the Wei Family doesn't even have the means of transportation he usually uses. As expected, with a stepmother, there's a stepfather."

"That's right. I didn't notice it just now. Look at Wei Ji's clothes. Although it's also a designer, it's obvious that it's an old collection. He might have bought it second-hand."

"You don't say. I saw Wei Ji once before. The clothes he was wearing at that time weren't as good as the ones he's wearing now. I think he specially found a relatively good one to make up the scene because he was coming to attend Lin Yin's birthday banquet."

“Sigh, it’s really pitiful. One of the siblings is crippled and the other is stupid, but they still have to face such differential treatment.”

“Speaking of which, the Wei Family is really something. They clearly don’t lack that money, but they have to treat them harshly. Look at those people from the Wei Family. Which one of them isn’t traveling in luxury cars and wearing designer clothes?”

“Isn’t that so? I heard that the youngest granddaughter of the Wei Family was still driving a luxury car worth ten million yuan to chase after celebrities

yesterday. It was all reported. In the end, the Wei Family was even unwilling to buy a car for Wei Ji. Sigh, this is fate!”

“Then it’s fate that the eldest daughter of the Mu Family has taken a fancy to

Wei Ji, right? If this eldest daughter of the Mu Family really takes a fancy to Wei Ji and the two of them get married, it’s hard to say whose hands the Wei

Family will fall into.”

“That’s right. This Wei Ji is a legitimate descendant of the Wei Family.

Moreover, there might be someone from the Dong Family in this Wei Corporation. Back then, the eldest daughter of the Dong Family brought the entire Dong Family into the Wei Family.”

“Isn’t the Wei Family going to be very lively? If those people know that Wei Ji has a chance to get promoted, how can they sit still? I heard that all these years, these Dong Family bloodlines have been ruthlessly suppressed. If Wei Ji has a chance, they will definitely take a gamble.”

Ning Sheng, who had always had a gentle and smiling expression, listened to these discussions as soon as she walked over. However, she still had a smile on her face and managed her emotions very well.

Ye Wen looked at Lin Yin worriedly. What she was worried about had happened after all.

Not only had Wei Ji gone overboard with his feeding just now, but Lin Yin's protection of Wei Ji in public was also sending a message to the outside world that Lin Yin valued Wei Ji very much.

"Miss Mu, I'm afraid you've misunderstood. Fifth Brother can't drive in his current state, so he doesn't have a car. In addition, Fifth Brother has a free personality, so he doesn't like the chauffeur to follow him." As Wei Cheng spoke, he turned to look at Wei Ji and asked with a smile, "Fifth Brother, isn't that so?"

Under everyone's gaze, Wei Ji nodded and said, "Big Brother is right. It's like this. However, this car and chauffeur today are a gift from Yinyin. As long as it's a gift from Yinyin, I'll like it very much. Thank you, Yinyin."

Wei Ji accepted Lin Yin's gift without any hesitation. His words were a little genteel, and Lin Yin was not used to it.

Everyone despised Wei Ji's actions, but what they despised even more was that the Wei Family had actually raised a descendant raised by a woman.

Ning Sheng smiled and said, "Yinyin has an excellent memory. She knew that Ah Ji would celebrate his birthday in two days and gave him a birthday gift in advance. However, Yinyin and Wei Ji are the same age and are classmates. Their relationship is naturally not ordinary.."

Chapter 870: Wei Ji's Birthday

"Ah Ji's birthday happened to be the day his parents passed away, so Ah Ji and Ah Xuan haven't celebrated their birthdays well all these years. It's time for the past to pass. I think his parents in heaven want Ah Ji and his sister to be fine and happy. How about we properly celebrate your birthday this year? Ah Ji, what do you think?" Ning Sheng asked Wei Ji.

Wei Ji looked a little lonely. After a few seconds, he said, "I'll listen to Second

Aunt.”

Ning Sheng sighed and turned to look at Lin Yin. “Yinyin, you’re Ah Ji’s classmate. You have to come.”

Then, as if she had thought of something, she turned to Feng Yu and said, “I heard from Ah Wen that you’re Yinyin’s classmate. You must be Ah Ji’s classmate too. Remember to come along when the time comes.”

With just a few words, Ning Sheng defined Lin Yin’s sudden gift to Wei Ji’s car and chauffeur as a birthday gift between classmates. The Wei Family’s reputation improved a little.

Feng Yu did not expect to encounter such a thing when she came to work part-time. First, she was dressed up by Lin Yin and turned from an attendant to a guest who came to attend the Mu family’s banquet.

Now that the Mu family’s banquet was about to end, she was invited to the Wei family to celebrate Wei Ji’s birthday.

She could show off this experience for the rest of her life!

However, at this moment, Feng Yu did not know how to react appropriately.

She could only nod at Ning Sheng and say stiffly, “Okay, Auntie!”

After Ning Sheng received Feng Yu’s response, she nodded with a smile and looked at Lin Yin. “Yinyin, come when the time comes. Auntie will get someone to specially prepare your favorite food.”

Lin Yin did not expect her and Wei Ji’s birthdays to be so close.

However, after thinking for a while, she remembered.

Back then, Ye Wen was in the hospital to protect the baby, so she did not see Zhou Ying's distress message. In less than a day, she was born. Therefore, Ye Wen had no time for Zhou Ying during this period of time.

Later, Zhou Ying, her husband, Fu Chen, and the child in her stomach met with mishaps. The Fu Xi and Wei Nan couple who went to look for Zhou Ying and Fu Chen also met with mishaps.

However, Fu Xi was luckier than Zhou Ying. Before she died, she left behind a pair of children, Wei Ji and Wei Xuan, so Wei Ji was indeed born a day or two later than her.

Recalling that Wei Ji's parents had passed away the day he was born, Lin Yin felt even more pity for him.

Lin Yin did not care that Ning Sheng had defined her gift as a birthday gift. Her original intention was to ask the Wei Family not to be so harsh on Wei Ji and make him wear old clothes all the time.

Just by looking at the clothes Wei Ji was wearing now, one could tell the difference between Wei Ji and the guests participating in the banquet at the event location. Even though Wei Ji's clothes looked much newer than usual, they still did not match the gorgeous clothes of the guests present.

She could naturally buy clothes for Wei Ji, but why should she buy clothes for wei Ji?

Wei Ji also had a share of the Wei Family. Why didn't he even have good clothes? She wanted to embarrass the Wei Family and make sure that the Wei Family didn't brazenly deprive Wei Ji of his food and clothes.

As for whether the Wei Family would secretly harm Wei Ji, it was no longer Lin Yin's concern. After all, the bodyguards she had hired at a high price were not useless.

Seeing that Lin Yin did not answer, Ning Sheng looked a little embarrassed. Then, she turned to look at Wei Ji and said, "I understand. It seems that Yinyin wants you to invite her yourself. Ah Ji, just nice, you can invite your classmate."

Wei Ji looked at Ning Sheng's appearance of turning the tide for the Wei Family and sneered in his heart. However, he still looked obedient. He walked up to Lin Yin and smiled. "Yinyin, it's my birthday in two days. Are you coming?"

Lin Yin naturally wouldn't refuse. She smiled and replied, "Of course I'll go to your birthday."

Wei Ji smiled happily, revealing his cute incisors. Lu Ming, who was watching from the side, felt uncomfortable again.

Why was he smiling so cutely? Was he deliberately here to seduce Lin Yin?

Lin Yin might not be bewitched by a man's handsomeness, but there was a high chance that she would be bewitched by such a sincere and cute smile. It was just like how some men did not like sexy girls but liked petite and cute

girls..
