Chapter 871: Forced

Lu Ming cursed Wei Ji for being a vixen. Then, he turned his gaze away angrily and smiled at Ning Sheng. "Since it's Wei Ji's birthday, I wonder if I have a chance to go to the Wei Family to ask for cake?"

In Lu Ming's opinion, although Wei Ji was pitiful, this kid definitely did not do anything good.

Ning Sheng was stunned for a moment. She was a little stunned by Lu Ming's faint smile as he asked for cake. Then, she said, "You should ask Ah Ji about this. After all, it's his birthday."

When Lu Ming looked at Wei Ji, Wei Ji had already said, "It's just a small birthday banquet. Initially, Third Brother Lu, I'll welcome you if you didn't mind. It's just that that day is the anniversary of my parents' death, so it's not good to invite too many people. Third Brother Lu, if you come, with your influence, I'm afraid the small banquet will turn into a big banquet."

Wei Ji was rejecting him!

Everyone looked at Lu Ming, who had been rejected, and secretly sweated for Wei Ji. He was a cripple who did not know the immensity of heaven and earth and actually dared to reject Lu Ming.

Lu Ming smiled instead of being angry. "I can't, but Lin Yin can. What kind of logic is that?"

Lu Ming smiled instead of being angry. "I can't, but Lin Yin can. What kind of logic is that?"

Wei Ji seemed to be a little flustered by Lu Ming's stare. He said timidly, "Yinyin is different. She's my good friend and my classmate. I think my parents must want to see a friend who treats me so well."

Feng Yu quickly shrank her neck. She had been invited just now. She was afraid that this Lu Ming, whom everyone was afraid of, would mention her, so she wished she could turn invisible.

Fortunately, before Lu Ming could speak, Lin Yin stood in front of Wei Ji and looked straight at Lu Ming. She questioned, "Uncle, since Wei Ji already said this, don't force him!"

Lu Ming's gaze was fixed on Lin Yin, who was protecting Wei Ji. No one could see Lu Ming's expression clearly, so they held their breaths and waited.

Mu Heng knew what Lu Ming was worried about, but the occasion was a little inappropriate, so he went forward and put his hand on Lu Ming's shoulder to smooth things over. "Lu Ming, you still like to joke so much. When did you like to eat cake at someone else's house? Alright, I think the banquet is about to end. Coincidentally, I have some business to discuss with you. Shall we leave together?"

Lu Ming looked at Mu Heng until he saw a promise in Mu Heng's eyes. He said

faintly, "Okay!"

Looking at Lin Yin's protective stance, Lu Ming only smiled faintly and left with Mu Heng. His girl suspected that he would harm Wei Ji. Lu Ming didn't think much of it because he really didn't believe Wei Ji.

However, when he saw Lin Yin confronting him for someone else, Lu Ming still felt hurt.

As soon as Lu Ming left, everyone secretly heaved a sigh of relief. They were really afraid that Lu Ming would strangle Wei Ji, this weak kid, to death on the spot. Although it was a little exaggerated, Lu Ming's deep gaze and the aura he exuded just now were still a little scary.

Lu Yan gave Lin Yin a thumbs up in admiration. Lin Yin was still the best. Then, Lu Yan said goodbye to Lin Yin and went home.

After the banquet ended, everyone bade farewell to the Mu Family and left.

Wei Ji tugged at Lin Yin's clothes and said guiltily, "I'm sorry, Yinyin. Did you get into an argument with Third Brother Lu because of me? I was scared to death just now. I was afraid that Third Brother Lu would hate you."

Lin Yin frowned and smiled. "What are you thinking about? How can a grown man like Lu Ming hate me? Then he's too petty. Don't worry, he won't hate me."

Lin Yin's tone sounded as if she knew Lu Ming very well. Wei Ji did not even realize that he felt a little sad.

After getting someone to send Wei Ji back to school, Lin Yin looked at the gifts that had already piled up into a small mountain and had a headache.

The first thing she saw was the little wooden figure that Wei Ji had personally handed to her. Looking at the patterns on it, it must have been carved by Wei Ji himself.

Lin Yin took the little wooden figure to the mirror and placed it beside her face to compare. She realized that it really looked like her and couldn't help but laugh.

Putting Wei Ji's gift aside, Lin Yin opened the gifts from her family one by one. This was the first time she had personally received a birthday gift from her family, and her heart was filled with happiness.

After lying in the pile of gifts for a long time, Lin Yin turned her gaze to the gift box Lu Ming had sent over. She stared at it for a long time before saying, "Since he's already given it to me, it's mine. There's no harm in opening it.."

As if she had convinced herself, Lin Yin took the gift box and gently opened it. An exquisite blue necklace came into view.

Lin Yin picked up the necklace and looked at it. The shape of the pendant was irregular, and she could not tell what it was. There was a silver-white bulge.

Lin Yin pressed it curiously. In the next second, the pendant suddenly opened and emitted a dazzling light. Even in the bright room, it flickered with fluorescent light.

She seemed to have remembered something and got up to turn off all the lights in the house. The once familiar scene immediately appeared in front of Lin Yin.

Was it the ice velvet plant that Lu Ming brought back from his business trip?

Lin Yin subconsciously reached out to touch it. She remembered that this ice velvet would melt when it touched something slightly warmer, but this time, it did not melt.

Holding the star-like ice velvet in her palm, Lin Yin had an indescribable feeling in her heart, it was as if saying that some things could be held by her.

For example, she could actually have a family who really loved her. For example, she could have a close friend who would not betray her. For example, someone might really love her?

Lin Yin shook her head in panic. She admitted to the first two. As for the last one, to hell with it.

Lu Ming, this b*stard, played with her first. It was fine that he was haunting her now, but he even gave her something that easily made her have thoughts that she shouldn't have. He was simply too much!

Lin Yin closed the necklace pendant angrily, and a stunning scene appeared again. The stars seemed to be attracted by the pendant and floated around the pendant, like little fairies who wanted to return to the forest, but they were locked outside the door.

Lin Yin tentatively pressed the button again, and the ice velvet continued to scatter around. Lin Yin frowned and continued to press the button just now. At this moment, the surrounding star ice velvet began to slowly float back into the pendant. It was a pile that was shiny and cute.

The tip of Lin Yin's heart seemed to be gently scratched by a thin and soft feather, as if she was happy and filled with indescribable joy.

However, when she thought of Lu Ming running away on the day school started, Lin Yin gritted her teeth hatefully. She closed the pendant with all her might and stood up. She threw the pendant onto the sofa to vent her anger.

She even glared at the pendant childishly and cursed, "You're just like your master. You're annoying to look at!"

Mu Ran, who had entered the house, asked curiously, "What's wrong, Yinyin?"

Who are you upset about? Tell Third Brother. Third Brother will beat him up!"

When Lin Yin saw Mu Ran, her angry expression softened a little. She said casually, “No, I just watched a not-so-good video and just scolded for fun.

What’s wrong? Is Third Brother looking for me for something?”

Mu Ran coughed lightly and said, “Didn’t you say just now that you were going to the Wei Family to celebrate Wei Ji’s birthday? Third Brother is here to ask you, how about Third Brother go with you that day?”

“Third Brother, are you worried?” Lin Yin tilted her head and asked in confusion.

Mu Ran nodded honestly. If it weren’t for the fact that Wei Ji’s birthday was special and she couldn’t invite too many people, Mu Ran wouldn’t have asked Lin Yin.

After all, although it was Wei Ji’s birthday that day, it was also the anniversary of Wei Ji’s parents’ death. It was understandable if Wei Ji did not like people going.

However, Mu Ran was worried.

In the past, Mu Ran would only think that Wei Ji was timid and would not do anything out of line.

But today, Wei Ji was getting intimate with Lin Yin in front of so many people, which made Mu Ran extremely unhappy. This was not something that the timid Wei Ji from before could do.

Therefore, he had reason to believe that Wei Ji was using Lin Yin’s influence to achieve some goals. Just like a script he had read previously, the male lead wanted the support of some aristocratic families and deliberately acted like he had an intimate relationship with some noble ladies to gain trust and let others know that he had the ability to make a comeback.

What if Wei Ji was blinded by greed and harmed Lin Yin?

Lin Yin sighed and said, "Third Brother, I'm fine. Don't worry. Wei Ji's small body isn't enough to withstand my blows. Not to mention that I have so many people protecting me."

Mu Ran had no choice but to let Lin Yin be.

The next day, Feng Yu told Su Su excitedly about Lin Yin's birthday banquet last night. Su Su was so angry that she wailed in the dormitory..

"You guys are too much. You actually left me alone in the dormitory and went to have fun yourself. You're simply heartless and inhumane! Ahhhh! My Brother Ran. I actually have two heartless roommates. I'm even more pitiful than a cabbage in the field now!" Su Su pounded the bed as she vented her resentment towards Lin Yin and Feng Yu.

Feng Yu scratched his head and said, "We're going to Wei Ji's birthday banquet in two days. Do you want to ask Wei Ji if you can go?"

Su Su's fake tears immediately fell. She widened her eyes and asked, "Is Wei Ji's birthday in two days?"

Feng Yu nodded and asked with a smile, "That's right. Why are you so agitated? Could it be that you want to celebrate Wei Ji's birthday too?"

Su Su was like a cat whose tail had been grabbed. She immediately exploded and retorted, "What nonsense are you talking about? I don't have a good relationship with Wei Ji. Why would I go?"

After saying that, Su Su remembered that Lin Yin was also in the dormitory and immediately changed her words. "Yinyin, that's not what I mean. I mean that I'm not familiar with Wei Ji. It might not be good for me to go? That's what I mean."

After all, Lin Yin and Wei Ji were on good terms. Su Su felt that even if she didn't give Wei Ji face, she had to give Lin Yin face. After all, Lin Yin was her idol's sister.

At the thought of this, Su Su's heart ached again. It was such a good opportunity last night. If she went, she could see her idol up close.

Lin Yin smiled and didn't say anything. She understood Su Su's heartless and arrogant personality.

Feng Yu asked in a teasing tone, "Are you really not going? Are you sure you don't want to go to Wei Ji's birthday banquet? I told you the news, okay?"

This time, Su Su did not say anything. Instead, she said awkwardly, "Let me think!"

She was so stubborn like a tsundere that wasn't willing to admit her love.

Lin Yin sensed that something was wrong and sized up Su Su's face. Something was wrong with Su Su.

When she turned to look at Feng Yu, she saw Feng Yu raise his eyebrows at her and pout at Su Su. Lin Yin immediately understood. Could it be that Su Su was interested in Wei Ji?

Thinking of this possibility, Lin Yin stared at Su Su tightly, looking like an old mother looking at her daughter-in-law.

At this moment, Su Su, who had yet to realize her feelings, was still vexed about whether she should go to Wei Ji's birthday party.

Feng Yu said warmly, "Su Su, you have to think about it carefully. Moreover, Wei Ji's birthday is a little special. It's the anniversary of his parents' death."

“All these years, I heard that Wei Ji hasn’t celebrated his birthday properly. I think this year’s birthday might be a little livelier. By the way, Wei Ji also said that he wants to introduce us to his parents. He wants his parents to know that he’s doing very well and has someone who treats him well.”

Su Su, who was still conflicted, was stunned for a moment. Then, a trace of heartache that she could not feel flashed across her eyes.

She had always thought that birthdays were a happy day. There would be a feast prepared by her parents and gifts from her relatives and friends.

However, he had never expected that there would be someone in this world who would think about their deceased parents with grief on their birthday. Wei Ji must have been very sad at that time, right?

Su Su suddenly regretted being so arrogant and domineering to Wei Ji. She also regretted always calling Wei Ji a cripple.

Lin Yin took in the expression on Su Su’s face.

To be honest, if Su Su was her roommate, even if she was vain and a little domineering and snobbish, Lin Yin would not think much of it as long as it did not affect her.

However, if Su Su wanted to be with Wei Ji, Lin Yin would care. After all, Su Su had been calling Wei Ji a cripple.

She did not think that a person who despised Wei Ji would sincerely like him.

Wei Ji’s life had been hard enough. She did not want Wei Ji to suffer emotionally again.

However, when she saw the guilty expression on Su Su’s face just now, Lin Yin hesitated. If Su Su felt guilty, she didn’t despise Wei Ji so much, right?

Lin Yin sighed and then felt that she was thinking too much. Regardless of whether Su Su liked Wei Ji or not, it still depended on Wei Ji's opinion. Wei Ji couldn't just accept that Su Su liked Wei Ji, right?

Lin Yin retracted her emotions and continued to deal with her matters on the computer.

Su Su lay back, already thinking about what gift she should buy for Wei Ji..

Chapter 874: Huaqiang Cup

Su Su was still awkwardly thinking if she should go celebrate Wei Ji's birthday, but she planned to buy a gift to apologize for her overboard words.

The dormitory fell into a quiet atmosphere. Under the orange table lamp, the years were peaceful. Suddenly, a ringtone sounded. Feng Yu picked up her phone and saw that it was a call from her mother.

She had thought that they were just chatting about family matters, but as soon as Feng Yu picked up the call, she heard her mother ask worriedly, "Ah Yu, have you contacted your sister recently?"

Feng Yu thought for a moment. Her sister really didn't seem to have contacted her recently. She asked worriedly, "What's wrong with Ah Rong? Is it because her studies in Year Three are heavy and she doesn't have time to contact her family?"

Mom Feng said on the other end of the line, "I don't know either. I've called her many times in the past three days, but she didn't pick up. I don't feel at ease." "Then have you asked Ah Rong's teacher?" Feng Yu asked with a frown.

"I did. The teacher said that your sister is fine, but I asked the teacher to ask Ah Rong to talk to me. The teacher said that your sister has been undergoing training recently and said that she's going to participate in some competition. I thought that if there was really a competition, your sister would definitely tell me in advance, so I don't feel at ease," Mom Feng said worriedly.

Feng Yu was also worried. Her sister was indeed not the kind of person who would suddenly cut ties without telling anyone.

Feng Yu comforted her. "Mom, don't be anxious. I'll call Ah Rong's teacher and ask."

Feng Yu hung up and heard Su Su's voice. "Ah Yu, what's wrong? Did something happen? You sound very anxious."

Feng Yu nodded and said, "My sister hasn't contacted our family these past few days. My mother is worried."

As Feng Yu spoke, she called Feng Rong first. No one picked up.

Feng Yu called Feng Rong's form teacher directly. "Hello, Teacher. I'm Feng Rong's sister, Feng Yu. I just called Feng Rong, but she didn't pick up. I want to borrow your phone so my sister can answer the call and report that she's safe. This way, my parents can be at ease, okay?"

The voice on the other end of the phone clearly snorted, then a casual voice sounded. "Feng Rong's family, right?"

Feng Yu, who did not get the answer she wanted, smiled patiently and said, "Teacher, I know. It's just that parents are worried about their children. This is inevitable. Tell me what training my sister is participating in. I know a little.

Also, let my sister talk to me. I'll just confirm it. I'll have to trouble you, okay?"

"It's the Huaqiang Cup in the capital. You know that although this is not a huge award, if she can win this award, not only will your sister receive a huge bonus, she won't have to pay for her university fees in the future."

"This is an important period of your sister's training. Even if I'm a teacher, I can't disturb her. Don't worry. Your sister is in school. Nothing will happen." The teacher continued to shirk.

“Huaqiang Cup?” Feng Yu read it out in confusion. She had never heard of this Huaqiang Cup.

Su Su said, “I know about the Huaqiang Cup. It’s led by the Yue Corporation in the capital. They joined forces with many companies to set up an award to support poor girls. It’s said that the bonus for winning the award is very high.”

When Lin Yin heard the Yue Corporation, she put down what she was doing and turned to look at the worried Feng Yu.

Even though Su Su had explained, Feng Yu was still a little worried. She insisted, “Teacher, I know I’m troubling you, but if I don’t get my sister’s answer today, I’ll go to school to look for her later.”

“Since it’s the Huaqiang Cup, the training venue must be in the capital, right?”

Coincidentally, I’m also in the capital, so it’s not troublesome. The Yue

Corporation’s Huaqiang Cup, right? It just so happens that my roommate Imows Yue Han from the Yue Corporation. I thought that if I can’t find her, I’ll ask Yue Han directly.”

Feng Yu’s almost threatening tone made the teacher pause for a moment. Then, there was a rustling sound. Feng Yu could not hear it clearly, but she could roughly tell what the other party was discussing..

Chapter 875: Reporting Her Safety

Then, the teacher said impatiently and angrily, “I’m really done with you parents who always drag the students down. Just you wait. I’ll go call for help now! ”

Feng Yu secretly heaved a sigh of relief. She covered the mouthpiece of her cell phone and turned to look at Lin Yin. "I'm sorry, Yinyin. I just borrowed your name."

Lin Yin shook her head indifferently and said, "It's fine. Besides, you didn't use my name. I'm not familiar with Yue Han."

Feng Yu smiled while Lin Yin entered the Yue Corporation's Huaqiang Cup on her phone.

Feng Yu waited for a while before her sister's familiar voice finally came from the other end of the phone. "Sister, I heard what the teacher said. I'm fine. Don't worry. There's training during this period of time and my cell phone has been put away. I thought it would only be for a few days, so I didn't tell you."

Feng Yu secretly heaved a sigh of relief, then smiled and said, "It's good that you're fine. You don't know how worried Dad and Mom are about you.

Coincidentally, you can call Dad and Mom back later and tell them personally. They won't be worried."

On the other end of the line, Feng Rong said, "Yes, yes, okay. I understand, Sister! I'll go find the teacher to get my cell phone later and tell Dad and Mom that I'm safe."

After receiving Feng Rong's assurance, Feng Yu apologized to the teacher over

there in peace before hanging up.

After a while, Feng Yu received a message from her mother and was finally relieved.

Lin Yin looked at Feng Yu and asked, "Does your sister go to school under the

Yue Corporation?"

Feng Yu was stunned for a moment before saying, "I'm not sure about that, but my sister transferred to a new school half a month ago. I heard from my mother that that school is funded by a large corporation. As long as she goes to school, all tuition fees and living expenses are waived."

Su Su got out of bed and nibbled on the apple in her hand as she said, "That big corporation is the Yue Corporation. The Huaqiang Cup belongs to the Yue Corporation."

Lin Yin's eyes flickered. Then, she asked, "Are all the sponsors girls? Is the person-in-charge Yue Han?"

Su Su nodded and said, "That's right. The Yue Corporation is quite humane. It's said that girls in poor areas are easily deprived of their right to education because they don't have money, so they've been working hard to sponsor poor female students and even established the Huaqiang Study Network. However, this supervisor doesn't seem to be Yue Han. It's personally managed by the President. I remember that person's name is Yue Xi."

Lin Yin nodded. She thought that the person managing the student support network would be Yue Chi. She thought that Yue Chi had turned his gaze to the poor female students to satisfy his personal desires.

That was true. If it was related to Yue Chi, why had she never heard Yue Chi mention such a thing in her previous life?

It seemed like she was thinking too much.

The next morning, when the bell rang, Su Su stood in front of Wei Ji. She looked confident, but her voice was so soft that Wei Ji almost craned his neck to listen. Only then did he hear Su Su say, "Wei Ji, I heard that it's your birthday tomorrow. Can I go to your birthday party?"

Wei Ji had originally thought that Su Su was going to bully him again. He did not expect Su Su to want to go to his birthday banquet.

Wei Ji said awkwardly, "Actually, there's nothing fun about my birthday banquet. It's even a little boring."

Wei Ji did not say it explicitly, but in Su Su's opinion, Wei Ji was rejecting her.

She had already put down her pride and taken the initiative to look for Wei Ji to say that she wanted to attend his birthday banquet, but Wei Ji actually dared to reject her!

Su Su looked a little embarrassed, and Wei Ji was a little helpless. He looked at Lin Yin and Feng Yu, who were watching the show, for help.

Su Su was still a little indignant. "Feng Yu and Lin Yin are both going!"

Wei Ji was speechless. He said softly, "They were invited by my second aunt, so there's nothing I can do."

Su Su was furious. "Why are you so indecisive? You can't even reject your second aunt's invitation? Then do you mean that I should go look for your second aunt now?"

Wei Ji's round and cute eyes flickered, and he looked pitiful as if he had been bullied.

Feng Yu spoke up for Su Su. "Wei Ji, the two of us from the same dormitory are going. Why don't you invite Su Su along?"

Wei Ji looked at Lin Yin, then at Feng Yu. Finally, he looked at Su Su, who was still a little angry, and whispered, "Then can I invite you to my birthday party?"

Looking at the soft and cuddly Wei Ji officially inviting her, Su Su turned her head gently and nodded. "I agree to your invitation.."

Chapter 876: Cold

Feng Yu shook his head speechlessly. This Su Su wanted to go, yet she was arrogant. She didn't want to compromise.

On Wei Ji's birthday, Lin Yin and the other two went with Wei Ji's car.

The three of them were dressed very simply and even had a solemn feeling.

When they arrived at the Wei Family, there was no obstruction this time.

Su Su looked at the scenery beside her and was so shocked that her eyes were about to split open. "Wei Ji, aren't you too rich?"

Wei Ji, who was sitting in the front passenger seat, said in a low voice, "This is my grandfather's money, not mine."

Su Su said indifferently, "No matter what, you're still a child of the Wei Family. Don't you have a share of your grandfather's money?"

Feng Yu hurriedly stopped Su Su, who was spouting nonsense. She now had some understanding of the situation of the Eight Great Families in the capital.

Especially when she knew that she was coming to attend Wei Ji's birthday banquet. She had specially gone to understand the Wei Family's situation these two days and knew that Wei Ji seemed to be having a hard time in the Wei Family.

Su Su muttered softly, "I'm not wrong. No matter how much he dislikes you, you're still his biological grandson, right? My father is angry with my brother all day long. Doesn't he still want to give the assets to my brother every day?"

Lin Yin said angrily, "Look at your scenery. Talk less!"

Su Su immediately shut up and turned to look at the scenery. After a few seconds of silence, she began to exclaim in shock at the magnificent Wei Family.

Su Su only stopped talking when they reached the entrance of the Wei Family's villa.

The moment they got out of the car, a dirty girl ran out of the house.

Seeing the girl rush towards them like a cannonball, Su Su was shocked and immediately hid behind Feng Yu.

Wei Xuan ignored the others and only pulled Lin Yin with one hand and Wei Ji with the other. She said happily, "Brother! Sister! Brother! Sister!"

Looking at the three people walking side by side in front of her, Su Su said to Feng Yu beside her with a puzzled expression, "I know that Wei Xuan's IQ is not high, but there are so many people in the Wei Family. Can't they clean up a person with an IQ problem?"

Feng Yu also said in confusion, "It's a little strange. Could it be that the Wei siblings are really in such a bad situation in the Wei Family? There's no one to take care of Wei Xuan?"

Su Su looked at the person who walked out of the door at this moment and shook her head. "I don't think so. Wei Xuan is being taken care of. Perhaps Wei Xuan doesn't like cleanliness."

Feng Yu also saw Aunt Li standing respectfully beside Wei Xuan and the other two and nodded in agreement.

Lin Yin looked at the dirty Wei Xuan beside her and looked at her face carefully through her black face. Then, she smiled and said, "Fortunately, there doesn't seem to be any scars on her face."

Aunt Li smiled and said, "Miss Lin Yin, don't worry. There's no scar. I washed Miss just now, but I wasn't paying attention. She used mud to make such a mess on her face again. Sigh, I just didn't watch her for a while. I was thinking of making Miss clean for her birthday today."

Wei Ji smiled and said, "It's fine as long as Sister is healthy. You don't have to care if she's clean or not."

While they were talking, Ning Sheng brought Wei Yang and Wei Ying out.

Ning Sheng went forward with a smile and held Lin Yin's hand. "Yinyin, Ah Ji, you're finally here. The food is ready. With you classmates here for Ah Ji and Ah Xuan's birthday this year, they'll definitely be happy. Big Brother and Sister-in-law will also be happy when they know that Ah Ji has good classmates like you."

Ning Sheng's words instantly lowered the atmosphere at the event location. Even Su Su, who had been chattering, fell silent.

On the other hand, when Wei Xuan saw that everyone had suddenly quietened down, she poked Lin Yin in confusion. "Sister, don't be sad."

Lin Yin turned to look at Wei Xuan. Her childish look made Lin Yin sigh slightly.

She did not know if Wei Xuan was lucky to be like this. She could not remember sad things in her mind, so she should be considered lucky, right?

Ning Sheng invited them in. Su Su had thought that there would be at least a few tables for Wei Ji's birthday, but when she saw that there was only one table, Su Su was still in disbelief.

Wei Ji and Wei Xuan were really miserable. Their parents had died on their birthday, and they had probably never had a happy birthday in their lives..

Chapter 877: Good Friend

Among the Wei Family members who came to celebrate Wei Jixuan's birthday, there were only Ning Sheng, Wei Yang, and Wei Ying. Including the three of them and the two birthday stars, there were a total of eight people.

Compared to her grand birthday banquet that day, Wei Ji's birthday banquet could be said to be very shabby.

However, Lin Yin understood. After all, today was not the right day.

If it were her, she probably wouldn't want to mention birthday for the rest of her life.

Ning Sheng asked the servants at home to quickly serve the dishes. The exquisite dishes did not ease the heavy atmosphere at the dining table. Other than Wei Xuan's sparkling eyes as she looked at the food, the others were very silent. Even Aunt Li's face was filled with sorrow.

No wonder the Wei Family did not come. How could the Wei Family tolerate such an atmosphere? It would be easier if they did not come.

Ning Sheng sighed and called for everyone to eat quickly.

Feng Yu glanced at Su Su and silently ate with everyone else. She regretted coming. This was the first time she had attended such a birthday in her life. This atmosphere was simply too uncomfortable.

As Lin Yin ate, she looked up at Wei Ji from time to time. Seeing that Wei Ji was even more depressed than usual, she felt extremely sad for him.

Although it was a birthday banquet, everyone was in low spirits. Other than the occasional casual conversation, the atmosphere was terrifyingly quiet.

When the meal was finally over, Feng Yu and Su Su heaved a sigh of relief.

Ning Sheng smiled and said, "Ah Ji and Ah Xuan want to see their parents. Yinyin, why don't I get Ah Yang and Ah Ying to bring you out for a walk? I've already gotten someone to turn on the lights in the garden. There's also a performance on the stage. If you're interested, you can go and take a look."

Wei Ji looked at Lin Yin and asked gently, "Yinyin, can you accompany me to meet my parents? I think my parents will be very happy to see that my sister and I have such good friends like you."

After Su Su heard Wei Ji's words, her expression immediately turned ugly. She said indignantly, "Wei Ji, I'm also your good classmate."

Feng Yu covered her face and turned her head. She was too embarrassed to look at Su Su. She did not know who bullied Wei Ji previously and even called him a cripple every day.

If Wei Ji's parents were in heaven, they could go to Su Su's bed in the middle of the night to scare her.

In the end, Su Su, this ignorant thing, actually wanted to see Wei Ji's parents. She was really bold.

Seeing the sizing up and questioning gazes from Wei Ji, Lin Yin, and the others, Su Su lowered her voice guiltily. "It's fine to be good classmates from today onwards."

Ning Sheng smiled and said, "In that case, Ah Ji, bring your classmates to meet your parents. They want to see you live happily with so many friends."

The corners of Feng Yu's lips curled up bitterly, and her smile was very forced. It was not that she did not respect her classmate's parents, but she felt that she should not have gone to such an occasion. However, a blind person like Su Su appeared, making her speechless.

If she had known earlier, she wouldn't have said anything about Wei Ji's birthday banquet.

This was the second time Lin Yin had entered the Wei Family's ancestral hall. Last time, in order to save Wei Ji, Lin Yin did not take a closer look. She did not expect this ancestral hall to be so magnificent.

Su Su looked at the ancestral hall with her mouth wide open. Then, she sighed in her heart. They were indeed rich. The renovation was simply extremely luxurious.

Lin Yin watched as Wei Ji and Wei Xuan lit incense for their parents and paid their respects. Then, they placed some fruits on the table.

Ning Sheng said sentimentally, "Sister-in-law used to like to eat this mushroom fruit. When she was pregnant, the doctor said that she couldn't eat too much. At that time, Brother kept an eye on Sister-in-law every day, afraid that she would eat it secretly."

Looking at the familiar mushroom fruit, Lin Yin suddenly thought of her adoptive mother, who had once been crazy in the slums. Her adoptive mother also liked this fruit very much and often went to the fruit market to pick up those that the fruit vendors didn't want.

Perhaps there was something wrong with her brain or something else. She did not like to pick up other fruits and only liked to pick up such fruits. She must have liked them very much before she went crazy. That was why she could not forget them even after she went crazy.

She did not expect Wei Ji's mother to like this kind of mushroom fruit. This was probably fate, just like how she and Wei Ji would meet in this vast crowd.

Wei Ji pulled Lin Yin's hand. Seeing this, Wei Xuan also happily grabbed Lin Yin's other hand.

Wei Ji smiled and said to the memorial tablet above, "Dad, Mom, let me introduce you.. This is my good friend, a friend who treats me very well, Lin

Yin...'

Chapter 878: Drama Stage

B?XN?VEL.C?M

Seeing Wei Ji introduce Lin Yin to his deceased parents so seriously, Su Su pursed her lips and pouted unhappily.

After accompanying Wei Ji and Wei Xuan to pay their respects to their parents, the few of them followed them to the stage.

Ning Sheng said, "Every year on Ah Ji and Ah Xuan's birthday, their families will invite an opera troupe to perform. Back then, when we first moved into this villa, Big Brother liked this huge stage very much, so whenever he had time, he would invite someone to perform. He said it was lively."

As she listened to Ning Sheng talk about Wei Ji's parents, she could feel that Wei Ji's parents were a very loving couple.

Everyone sighed in their hearts. If Wei Ji's parents were still alive, Wei Xuan would not be stupid and Wei Ji would not be crippled, right?

Wei Ji would be the most respected heir of the Wei Family. He would probably be even more famous than the current Wei Yang. After all, he was the legitimate son of the Wei Family, and Wei Xuan would be pampered by her parents as a little princess, right?

Wei Ji's gaze landed on the performer on the stage. His expression was dazed and empty, as if he was thinking about something. His entire body was enveloped in layers of sorrow.

Lin Yin's eyes welled up. She couldn't bear to look at Wei Ji anymore.

Su Su, who was originally nonchalant, felt a little sad when she saw Wei Ji like this. She looked at Wei Ji quietly, her eyes revealing a love that she could not detect.

Feng Yu glanced at the dreary atmosphere and then made up her mind. She wanted to stay here and watch the show. This way, she would feel more at ease.

Seeing that Feng Yu was going to stay here, Su Su naturally chose to sit with Feng Yu and munch on melon seeds to watch the show.

Wei Ji looked at Lin Yin and said, "Yinyin, why don't you watch the show here too? I'll send Ah Xuan back to rest and come over to accompany you later?"

When Wei Xuan heard that Wei Ji was going to send her away, she quickly hugged Lin Yin's arm and said unhappily, "I don't want to go back. I want to go with Sister!"

Wei Ji was about to step forward and say something when Lin Yin smiled and said, "I'll accompany you to send Ah Xuan back."

When she entered Wei Xuan's room again and saw the poisonous snakes and spiders, Lin Yin still frowned in discomfort. She still asked worriedly, "Is there really no problem like this? It's better to be safe than sorry. Although this snake isn't poisonous, it can still strangle someone if it sneaks out one day."

"It's fine. Some of them have been raised for more than ten years. Ah Xuan has developed feelings for them. If we really get rid of them all, she'll probably cry for days and nights without stopping," Wei Ji said to Wei Xuan, who was interacting with her beloved pet.

Lin Yin was not a busybody. Since Wei Ji had said so, it would not be good for her to say anything else.

After settling Wei Xuan down, Wei Ji accompanied Lin Yin out to the stage.

"Yinyin, let me take you on the small path. When I was young, I didn't want to be bullied by Wei Cheng and the others, so I would hide on the small path over there. They're not as familiar as me," Wei Ji said with a raised face, looking rather proud.

Lin Yin smiled and said, "Alright! Let's go!"

Wei Ji nodded and walked beside Lin Yin. Although he limped with every step, it did not affect his good mood.

The two of them arrived at a place where there were miscellaneous trees. It looked like there was no way out. Perhaps it was because the Wei Family was too big, so no one came here usually, and the servants did not come to take care of it. Therefore, it was overgrown with weeds and looked a little desolate.

Wei Ji fiddled with the weeds in front of him familiarly. With a few moves, he really stepped on a path. Lin Yin followed closely behind. The darkness enveloped the two of them, making Lin Yin feel like she was living in the wilderness.

However, when she recalled that Wei Ji had hidden in such a place to avoid being beaten up, Lin Yin's expression was a little sad.

Wei Ji turned around and saw Lin Yin's expression. Knowing what Lin Yin was thinking, he immediately said, "Yinyin, some things are in the past. Now that you're here, they don't dare to bully me."

Lin Yin nodded, not knowing what to say.

Wei Ji brought Lin Yin to a small pavilion and cleared a place for her to sit. He said with a smile, "Yinyin, sit down first. Watch carefully!"

Lin Yin didn't know what Wei Ji wanted to do and just watched with a faint smile. Wei Ji walked to the grass at the side and turned to look at Lin Yin with a sweet smile.

Lin Yin was still sighing with emotion. How could a big boy be so cute? Wei Ji retreated into the grass and fell hard. In an instant, a dazzling scene flashed in the grass..

Chapter 879: Wishes

B?XN?VEL.C?M

It was different from the ice crystal light of Lu Ming's stars. This was a green light that flew everywhere like a little elf.

A smile appeared on Lin Yin's lips as she watched Wei Ji slowly sit up in the light. Then, she said happily, "Yinyin, do you know of such a saying? If you find the fireflies in autumn to make a wish, your wish will come true."

Lin Yin stood up and slowly walked to Wei Ji's side. She smiled condescendingly and said, "You actually believe this?"

Wei Ji smiled and exhaled softly. "I didn't believe it in the past, but I want to believe it now. When people face something they might never be able to obtain, they will place their hopes on some strange things, such as fireflies."

Lin Yin couldn't help but laugh and tease, "Then why are you still saying this? You clearly don't believe it."

Wei Ji reached out to Lin Yin. Lin Yin was stunned for a moment before she placed her hand in Wei Ji's palm naturally.

Wei Ji exerted a little force and Lin Yin, who was caught off guard, fell into Wei Ji. Wei Ji groaned and almost vomited blood.

Lin Yin quickly got up and sat up to the side with a worried expression. She asked, "Did I hit you? Does it hurt?"

Wei Ji stood up and rubbed his chest. He coughed twice and said, "I'm fine."

Lin Yin patted Wei Ji's head angrily and rebuked, "What's wrong? If you break your ribs, you'll have to stay in the hospital!"

Wei Ji touched his head strangely. A long, long time ago, someone had patted his head like this.

“Why are you in a daze?” Lin Yin asked unhappily when she saw Wei Ji looking at her in a daze.

Wei Ji sized up Lin Yin’s face. The more he looked at her, the more he felt that Lin Yin’s eyebrows seemed to resemble the person in his memory. However, when he remembered that the person was already dead, Wei Ji quickly shook his head and said, “I’m fine!”

Wei Ji put away the overflowing thoughts in his heart and sat beside Lin Yin for a while. Lin Yin said, “Didn’t you say that if you find the fireflies in autumn and make a wish, your wish will come true? Why aren’t you making a wish?”

Wei Ji was stunned for a moment before he said resentfully, “I was afraid that I wouldn’t be able to fulfill it, so I didn’t dare to make a wish easily.

Lin Yin chuckled and said, “What do you want? Is it that difficult?”

Wei Ji’s gaze landed on Lin Yin’s eyes and he looked at her without blinking. When Lin Yin felt that there was something wrong with his gaze, Wei Ji said,

“My wish is that you will always be by my side.”

Lin Yin was stunned. She had an ominous guess.

Lin Yin quickly looked away. While she was panicking, Wei Ji’s voice continued, “With you by my side, I won’t be bullied.”

Lin Yin heaved a sigh of relief almost instantly. She turned around and smiled.

“Is that what you mean? What’s so difficult about that? Don’t worry, as long as I’m around, I won’t let anyone bully you.”

Wei Ji's eyes turned slightly red as he said gratefully, "Thank you, Yinyin."

Lin Yin said indifferently, "What are you thanking me for? Didn't you say in front of your parents that I'm your good friend? As your good friend, I'll definitely protect you. Your wish will definitely come true."

The corners of Wei Ji's lips curled up into a smile that revealed his canine teeth again. Lin Yin was so nice now that he felt a little guilty.

"I brought you a birthday gift. Guess what it is?" Lin Yin smiled at Wei Ji.

"Didn't you give me a car and a chauffeur that day? Isn't that a birthday gift?" Wei Ji asked in confusion.

Lin Yin shook her head. "That's not a birthday gift. It's an ordinary gift."

Wei Ji was stunned again. She was really alike to the person in the past when she asked him to guess about the gifts.

Wei Ji, whose thoughts were in a mess, guessed randomly, "Then I guess it might be a house?"

Lin Yin patted Wei Ji's head angrily again. "You really dare to think about it!"

In the past, when she gave Wei Ji things, he only dared to think about cakes and toys. She did not expect that as he grew up, his appetite had also grown.

Wei Ji touched his head and put away the complicated thoughts in his heart. He chuckled awkwardly and said, "You even gave me a car. Only a house will be more expensive than a car, right?"

Lin Yin couldn't be bothered to let Wei Ji guess. She took out a bag from her clothes and handed it to Wei Ji.

The bag was obviously old. The corners of Wei Ji's mouth twitched. Who would give a gift in such a broken bag?"

Wei Ji smiled and opened the bag. When he saw the gun in the bag, he was dumbfounded..

Chapter 880 Suspect

Wei Ji hurriedly stuffed the mini gun back into the bag with a panicked expression. He asked with a trembling voice, "Yinyin... You, you, why did you give this?"

Lin Yin was not flustered at all. "I was afraid that you wouldn't be safe in the Wei Family, so I gave it to you to protect yourself. Look carefully. It looks like a gun, but it's actually a hidden weapon in the shape of a toy gun."

Wei Ji picked up the gun and looked at it carefully. It was really like that.

Seeing Wei Ji heave a sigh of relief, Lin Yin couldn't help but laugh. "Is that all you've got?"

Wei Ji seriously put the mini concealed weapon gun into the bag and wrapped it tightly before putting it in his pocket. Then, he said, "I'm worried about you. Guns are prohibited. What if I accidentally let someone see the gun one day and they torture me? What if I can't stand it and expose you?"

"Then will you really give me up?" Lin Yin stared at Wei Ji.

Wei Ji quickly shook his head. "No, I won't give you up even if I die."

Lin Yin nodded in satisfaction, thinking that he was indeed a good child she had raised.

The two of them sat there and made small talk. After a while, the two of them stood up and walked towards the stage.

The moonlight shone on the two of them like water. The surroundings were so quiet that only their light footsteps could be heard.

"Eh? Is that Second Uncle?" Wei Ji suddenly pointed at someone in front of him.

Lin Yin looked in the direction Wei Ji was pointing at. It was really Wei Chuan. Wei Chuan seemed to be walking forward with someone. Lin Yin looked at the person behind Wei Chuan and did not expect that it was Yue Chi.

Lin Yin frowned and turned around to ask softly, "Does your Second Uncle have any business dealings with Yue Chi?"

Wei Ji thought for a moment and said, "I don't know about that either. However, I seem to have heard of it before. The Yue Family seems to have a support program. I think it might be related to Second Uncle, right? Second Uncle manages two schools with a lot of students. If the Yue Family has a support program, it's normal to sponsor poor students from Second Uncle's school."

"Is that so?" Lin Yin seemed to be talking to herself and didn't continue.

Wei Ji, on the other hand, said with a puzzled expression, "However, it's a little strange. When Second Uncle talks to someone, he's usually in the study at home. From the direction Second Uncle and Yue Chi went just now, it doesn't look like the study. Could it be that Second Uncle is bringing Yue Chi to listen to the show after he finished talking to him?"

"Let's follow and take a look," Lin Yin said. Lin Yin didn't think Yue Chi was someone who would listen to opera. Wei Ji said with a disapproving expression, "Yinyin, why don't we not follow them? Second Uncle hates being disturbed when he's discussing things. If he finds out that the two of us followed them, he'll be angry." Follow current nov_els on --n ov /el ne /xt.c 0 m--

Lin Yin took a deep breath and said helplessly, "Alright, let's continue to the stage."

With that, Lin Yin looked in the direction of Wei Chuan and Yue Chi. The two of them were already gone.

When Lin Yin arrived at the stage, she did not see Yue Chi. She knew that someone like Yue Chi would not calm down and listen to the show.

Lin Yin had something on her mind. She sat under the stage and did not listen to a word.

When they returned to the dormitory, Lin Yin immediately asked Feng Yu, "Feng Yu, can your sister come out during the weekend?"

Feng Yu asked in confusion, "Yinyin, why are you looking for my sister?"

"Our Mu Family also wants to establish a school support foundation, so I want to ask your sister out to understand about the Yue Family's school support project. Your sister since she's participating," Lin Yin said.

"Is that so? Sure. I'll send a message to my sister to ask her later, but she's been training recently. She might not be able to come out this weekend," Feng Yu said.

"It's fine. Next weekend is fine too." Lin Yin thought that she could investigate first. She felt that Yue Chi might be using these poor female students to do something bad.

It was not that Lin Yin was narrow-minded and thought badly of people, but this project involved Yue Chi, so she had to think more about it.

As long as Yue Chi didn't handle this project, Lin Yin wouldn't be so suspicious.

Soon, Lin Yin got the information she wanted from Sun Biao. Yue Chi was indeed in charge of this school support project.

Yue Chi and Wei Chuan were indeed working together to provide financial support for the tuition fees and living expenses of some poor female students in school. Many female students could even get employment arrangements when they graduated from university.
