

## Real Daughter 891

### Chapter 891: Liar

That voice inexplicably made Feng Rong's heart tremble. She apologized profusely, "I'm sorry, I didn't notice just now."

As Feng Rong spoke, she immediately turned around to close the door.

Seeing this scene, the two men sitting on the sofa looked at each other and smiled. When they saw Feng Rong turn around and return, the other man smiled and nodded. "You're quite obedient! You know that our money doesn't come from nowhere. Since we're sponsoring students, we naturally want to sponsor some obedient ones, don't you think so?"

Feng Rong nodded repeatedly and suppressed the uneasiness and panic in her heart. She echoed, "Yes, Uncle, you're right. I'm very obedient. As long as I can continue school, I won't disappoint you. My results aren't top-notch, but they're still not bad. I won't let your money be spent in vain. When I graduate, I'll definitely repay your kindness."

The man opposite her looked to be in his forties. Feng Rong felt that there was nothing wrong with calling them uncles.

However, when the man opposite her heard Feng Rong's address, the smile on his lips widened.

"There's no need to wait for the future. You can repay me now!" The man on the right sized Feng Rong up. His gaze was too explicit and naked, making Feng

Rong feel as if she had been stripped naked and displayed in front of these two men.

Just as Feng Rong was wondering how to repay her, the man on the left turned his head slightly and said to Feng Rong, "Take it off!"

Feng Rong did not react and asked hesitantly, "Take off what?"

"Take off your clothes, of course. Little girl, there's nothing free in this world." The man on the left still had a smile on his lips, but his words shocked Feng Rong.

"But didn't you say that you were a kind sponsor? It's no different from asking me to sell myself! You're lying!" Feng Rong questioned angrily.

If she was sponsored by a kind person, she would be grateful. Even if the kind person only lent it to her, she would be grateful and return it in the future.

However, it was impossible for her to sell herself to study.

Feng Rong turned around and walked towards the door. Just because she wanted a beautiful future did not mean that she had to sacrifice her body.

In the end, the door that she had not locked just now could not be opened no matter what.

Feng Rong was shocked and her eyes instantly filled with tears. She was so anxious that her eyes turned red as she turned to look at the two men and said loudly, "Hurry up and let me go. My sister is also in the capital. She's also a student at Capital University. If she finds out that something happened to me, she'll definitely come looking for me."

When the two men heard Feng Rong's harmless warning, they revealed

mocking smiles. "Capital University? I'll be honest with you. The principal of Capital University is also present today. Guess if he knows about this?"

Feng Rong's eyes widened in disbelief. How could the principal of a renowned university be involved in this?

Feng Rong was panicking to the extreme. She did not say anything else and only turned around to pull the lock hard, placing all her hopes on this doorknob. She even shouted for help, hoping that someone could hear her.

One of the men stood up slowly and sneered at Feng Rong for overestimating herself. "Don't waste your effort. If you don't serve the two of us well today, this door won't open. I advise you to be obedient. If the two of us are happy, not only will you have your tuition fees for university in the future, but you'll also have your living expenses in the future, won't you?"

Feng Rong shook her head with red eyes. "I don't want your financial support anymore. Let me go. I don't want it anymore! Let me go."

The other man clearly did not have much patience. He stood up and walked closer. He grabbed Feng Rong's hair and pulled her back. "Since you're here, it's not up to you to take it or not. How do you think the school you're in now came about? Even if it's a school under the Yue Corporation, we also helped to build it. After enjoying the benefits, you have to know how to make contributions."

Feng Rong was dragged to the sofa and suppressed. She struggled with all her might, but in the man's eyes, she was as small as an ant trying to shake an elephant.

"Mom, save me! Sister, save me!..." Feng Rong's hysterical cries for help did not slow down the pace of her clothes being torn apart.

There were more than 20 small rooms. Even if they were well soundproofed, they could not stop some shrill voices from sounding from time to time..

Chapter 892: Animal

Lin Yin listened to the faint cries for help coming from every room, and her heart was filled with coldness. Even her fingertips were cold. These so-called kind people were just a group of wolves in sheep's clothing.

And her roommate's sister was among them. This instantly troubled Lin Yin.

There were so many people that she could not save them at all. In fact, if she interfered, it was very likely that not only would she not be able to save these innocent girls, but she would also be implicated and unable to leave.

Lin Yin looked around. She had wanted to look for a fire prevention system. This way, if she directly destroyed the fire prevention system, she might be able to let these people come out and escape. In the end, there was nothing. This disappointed Lin Yin.

She decisively picked up the miniature computer in her hand and contacted the disguised bodyguards who had followed her here. At the same time, she contacted Sun Biao, who was guarding outside, and asked him to bring people over.

Lin Yin's hand stopped on the interface of the minicomputer. She thought for a moment and sent a message to Feng Yu, asking her to quickly bring people over to save her sister.

She did not know where Feng Yu's sister was now, and it was impossible for her to go searching one by one to save her. She could only look for Yue Chi first. If she wanted to incriminate them, she had to catch the mastermind first. With Yue Chi in hand, she might be able to get Yue Chi's men to let these innocent girls go.

Seeing that Lin Yin was motionless in the corridor through the surveillance cameras, Yue Chi sneered in his heart. Why did Lin Yin stop? Could it be that she wanted to save those girls alone?

Yue Chi changed his angle and saw Lin Yin's front. In the end, he saw a

miniature computer in Lin Yin's hand.

Yue Chi looked at Lin Yin's unbreakable phone in his hand and sneered in his heart. This Lin Yin was indeed not easy to deal with. She actually held back.

When he saw Lin Yin put away the minicomputer and continue walking in his direction, Yue Chi realized that Lin Yin had probably informed her people to come.

Yue Chi drank the red wine in his hand in one gulp. Then, he stood up and pulled the young girl in front of him over to press her under him. Ignoring the little girl's screams and struggles, he reached out and tore off the girl's clothes.

Just as he was about to continue moving, the door was pushed open forcefully. The next second, Yue Chi's hair was tugged and he was thrown into the corner. His head hit the wall hard, and it hurt so much that Yue Chi saw stars.

Lin Yin quickly pulled the frightened little girl to the side, pulled up the bedsheets, and nimbly surrounded the girl. She turned around and scolded Yue Chi angrily, "Yue Chi, how can you bear to hurt such a child? You're a f\*cking animal!"

Yue Chi rubbed the back of his head that had a big bump on it and sneered. "Who should I sleep with if I don't sleep with her? You? I'm sorry, you're too old. I'm not interested!"

Lin Yin's eyes were filled with burning anger. She went forward and grabbed the back of Yue Chi's collar. She said coldly, "Get your men to go up to every room and let those girls go!"

Yue Chi looked at Lin Yin as if she was a fool and said sarcastically, "Lin Yin, are you stupid, or do you think I'm stupid? Now that these big bosses are in high spirits, do you think it's possible for me to disturb them? Besides, it's too late for me to get someone to let them go now. Those girls will probably have been stripped naked and raped. You're late, understand?"

Lin Yin slapped Yue Chi's face hard, then kicked Yue Chi's abdomen hard. She said evilly, "I'm telling you to let them go now. Why are you talking so much nonsense?"

Yue Chi wiped the blood from the corner of his mouth and pressed the tip of his tongue against his swollen cheek. He smiled evilly and said, "Lin Yin, don't think that you're a savior and can really save them. They're already like this. If I really go and save them, they'll sacrifice their clean bodies for nothing and won't get anything. The money and resources that those sugar daddies promised will all be gone. You're harming them, understand?"

Lin Yin didn't care what Yue Chi said. She could save as many as she could now.

She leaned forward and picked Yue Chi up by the collar. She threatened, "If you continue talking nonsense with me, I'll break your legs!"

Yue Chi raised his hands and said with a smile, "Alright! Let go of me first. I'll get them to let her go."

Only then did Lin Yin let go of Yue Chi gently. She just stared at Yue Chi to prevent him from talking nonsense.

The little girl beside her walked timidly to Lin Yin's side and called out softly with a trembling voice of fear, "Sister... Sister."

Only then did Lin Yin turn her head slightly and say in a gentler tone, "Don't worry, I'll bring you out later.."

Chapter 893: Dazed

"Sister, we can't get out!" An evil smile suddenly appeared on the girl's young and innocent face.

Lin Yin almost subconsciously retreated, away from the girl. Her eyes were

cold as she said firmly, "You're in cahoots!"

The girl smiled even more happily, and the evil aura in her eyes was obvious. "As expected of the girl Brother likes. You're very smart. But Sister, you're a little late in coming to your senses."

Only then did Lin Yin feel the abnormality in her body. She suddenly smelled a familiar light smell. It was the smell she had smelled when she was pushed into the water at the Wei family.

Lin Yin looked at the girl in shock. Was this girl related to drugging her previously?

Lin Yin wanted to turn around and leave, but her body was disobedient and she could not move no matter what. She also began to look dazed. Before she lost consciousness, she heard the girl say mockingly, "Brother is right. Sister, you were clearly born in the slums, but you still maintain your ridiculous kindness. You're really a little stupid. This time, treat it as exchanging your innocence for a lesson. Don't trust people so easily in the future!"

Seeing that Lin Yin had finally fallen to the ground softly, Yue Chi stood up and walked to Lin Yin's side. He raised his leg to kick Lin Yin, but the girl kicked him back.

The girl looked at Yue Chi disdainfully and said, "What are you doing? If you have the ability, bully her when she wakes up! You're a man. You have the cheek to hit her while she's unconscious?!"

Yue Chi glanced at the girl and didn't move. He just said disdainfully, "She won't be bullied by me now, but she'll be bullied by another man later. Is there a difference?"

At such a young age, the girl said with an old-fashioned look, "Of course there's a difference. Who is Uncle Li? Who are you? It's her honor to be taken a fancy to by Uncle Li. It's her misfortune to be fancied by you. Hmph!"

The little girl snorted disdainfully. Yue Chi was so angry that he wanted to strangle this 12-year-old girl in front of him to death. However, thinking about the girl's identity, Yue Chi endured it and did not say anything.

The little girl squatted down and looked at Lin Yin regretfully. She shook her head and said, "Sister, it's fine. Just be happy with Uncle Li. Old men dote on people."

Yue Chi sneered silently. As expected of a girl from a rebel gang. She was already so understanding at such a young age.

If this girl hadn't found out when he was planning on tricking Lin Yin, he wouldn't have brought this annoying eldest daughter out to do things. She was simply too annoying.

After the little girl finally left, Yue Chi hurriedly got someone to leave with Lin Yin and sent her to where Li Mu was.

Yue Chi handed the medicine bottle in his hand to Li Mu and said, "Master Li, this is the antidote to Lin Yin's current knockout drug. However, I still have to remind you that Lin Yin is not weak. If you wake her up, I'm afraid this matter won't work."

Li Mu took the medicine bottle from Yue Chi's hand and then took Lin Yin from the person beside Yue Chi. He said indifferently, "Thank you for the reminder! I've already arranged what you said. There will probably be a transfer order tomorrow."

Yue Chi only nodded and thanked her.

He did not care if Wei Ying could enter the military headquarters. He just wanted Lin Yin to die. As for asking Li Mu to help Wei Ying enter the military headquarters, firstly, it was to prevent Wei Chuan from causing trouble, and secondly, it was to lower Li Mu's guard and make him think that his goal was just to let Wei Ying enter the military headquarters. Otherwise, no one would believe that he was trying to please someone for no reason.

His goal was just to use Li Mu to kill Lin Yin.

Yue Chi's gaze landed on the medicine bottle in Li Mu's hand. In the antidote given by the little girl, he even added something for Lin Yin and Li Mu to liven things up.

Yue Chi watched coldly as Lin Yin was carried in by Li Mu and the door closed in front of him.

It would be best if Li Mu died at the hands of the Mu family, then the capital would be lively.

In terms of comprehensive ability, the Li Family was not among the eight aristocratic families in the capital because the Li Family was a military and political family and had always kept a low profile. In addition, the descendants of the Li Family did not do much business and joined the army and politics more often. They were still lacking in financial resources.

On the other hand, the Mu Family was an aristocratic family. They did not have much military and political involvement, but they were rich and had complicated connections at all levels.

It must be very interesting for such an evenly-matched family to fight.

A nasty smile appeared on Yue Chi's lips. He turned around and returned to the surveillance room. He had to see what happened to Lin Yin at the end..

#### Chapter 894: Pervert

Under the orange light, Li Mu sat on the sofa and played with the medicine bottle that Yue Chi had just given him. His gaze was dark as he quietly looked at Lin Yin lying on the bed.

Then, Li Mu got up and sat down beside Lin Yin's bed. He placed the medicine bottle aside and picked up the makeup remover that he had already gotten someone to prepare. He removed Lin Yin's makeup gently, as carefully as if he was dealing with fragile porcelain, afraid that he would scratch Lin Yin's delicate skin.

Seeing Lin Yin reveal her original appearance, the smile on Li Mu's lips gradually deepened. He got up and went to the bathroom. He wet the towel with warm water and returned to the room to wipe Lin Yin's face clean. Then, he sat at the side with a satisfied expression and admired Lin Yin in front of him.

Her beautiful face looked even more hazy and moving under the light. She just lay there quietly. Lin Yin was like a sleeping beauty. She was soul-stirringly beautiful, making one's heart sway and desire soar.

Li Mu couldn't help but laugh at himself. He was already 40 years old. He didn't expect to have the abundant desire of a young boy when he met Lin Yin.

His gaze slid down Lin Yin's exquisite facial features and his meaningful gaze followed Lin Yin's rising and falling figure until it reached her feet. He sized up her wantonly.

Then, he gently raised Lin Yin's foot and gently helped her take off her shoes.

When his hand touched the smooth skin on the girl's calf, Li Mu couldn't help but touch it. His loving expression revealed a sick obsession.

In his mind, he imagined the girl in front of him holding a black whip in one hand and stepping on his chest with her seductive foot. She would look down at him fiercely and whip him ruthlessly.

Just thinking about it made Li Mu close his eyes in comfort. He was so excited that his entire body trembled and he instantly felt relief.

Li Mu opened his eyes again, took the medicine bottle at the side, and fed it to Lin Yin. It was better for a little girl to be lively and shrewish. It was interesting!

After feeding Lin Yin, Li Mu waited quietly for her to wake up. In just a minute, he saw the little girl's feather-like eyelashes tremble slightly before her misty eyes opened slightly.

Compared to Li Mu's slightly excited mood, Lin Yin's mind was still filled with doubts. When she saw Li Mu above her, Lin Yin didn't even remember who Li

IVIU was.

It was not until Li Mu smiled and wanted to approach her that Lin Yin remembered that she had just been schemed against by Yue Chi and a young lady.

Seeing that Li Mu was still slowly approaching, Lin Yin reached out and grabbed Li Mu, who was above her. She pressed Li Mu under her and grabbed Li Mu's collar. Her eyes were cold as she questioned, 'You're seeking death!'

Lin Yin's beautiful face, coupled with her vivid and ruthless dominance, instantly seduced Li Mu.

Li Mu's eyes were filled with explicit confusion as he said uncontrollably, "If I die at your hands, it's really because I wanted it."

The lewdness in Li Mu's eyes made Lin Yin frown unhappily. There was actually something hard slowly pushing up her butt where she was sitting. Lin Yin immediately knew what it was.

She suddenly stood up. As Lin Yin got off Li Mu's body, she exerted strength in her hand and threw Li Mu off the bed. Her bare foot stepped on Li Mu's chest hard. With a crack, Li Mu's ribs were broken.

Li Mu groaned in pain, but he quickly recovered. Enduring the pain in his chest, he reached out and touched Lin Yin's foot with a fawning expression. He said with inexplicable excitement, "If you like it, I'm willing to let you step on me a few more times. There's also a whip over there. You can whip me a few times, and I'll do whatever you want."

Those hands touched Lin Yin's feet infatuatedly, scaring her so much that she kicked Li Mu away. She didn't expect that this seemingly decent Li Mu would be so strange in private.

Li Mu rolled twice from Lin Yin's kick. After stopping, he picked up the whip on the shelf and crawled back to Lin Yin's feet. He looked up at Lin Yin and handed the whip to her. He said with a pleading expression, "Little ancestor, are you angry? Hit me with this and beat me hard to vent your anger."

Lin Yin frowned and shook off the whip that Li Mu was about to hand her. Without a word, Lin Yin turned around and was about to open the door and leave.

After pulling the door a few times, there was no movement. Lin Yin turned to look at Li Mu and said coldly, "Open the door!"

At this moment, Li Mu stood up unhappily and said with a smile, "If you can't satisfy me today, I don't think you can get out of this door.."

Chapter 895: Useless Thing

Looking at the black fog that quickly condensed in Lin Yin's eyes, Li Mu smiled and said, "I just want you to hit me to vent your anger. You can go out after. It's not troublesome, right?"

Lin Yin didn't believe her and asked hesitantly, "Is that all?"

Li Mu nodded calmly. "That's my only request!"

At this moment, Li Mu had long left behind the genial and refined person he was in front of others. He revealed his suppressed nature from head to toe and looked at Lin Yin longingly.

Lin Yin took two steps closer to Li Mu and said under Li Mu's expectant gaze, "I have something urgent to do now. I'll make it up to you once when I have time in the future. How about that?"

It was just a beating. Lin Yin didn't mind. Even if this beating game sounded a little sick and disgusting, Lin Yin didn't have time to argue with Li Mu at this moment, so she could only say this first.

As for whether she would fulfill her promise in the future, that was another matter. After all, it was an urgent matter.

Li Mil shook his head and said. "T little girl . von're fooling me! Your eyes are

telling me that you're just saying it. When you get out, you'll go back on your word."

Lin Yin cursed under her breath. This pervert's intuition was really accurate. She retreated angrily and pulled the door hard. She sized up the room. When she saw the window, her eyes lit up slightly. Before Li Mu could stop her, she rushed towards the window.

As soon as she opened the window and looked down, the height of more than twenty floors made Lin Yin feel a little dizzy.

Just as Lin Yin was wondering if she was afraid of heights, Li Mu, who thought that Lin Yin was about to jump off the building, quickly stepped forward and hugged her. He shouted in fear, "My little ancestor, what are you doing? I just want you to slap me hard. You don't have to jump off the building, right?"

However, in the next second, he realized that something was wrong with Lin Yin. At this moment, Lin Yin's entire body was steaming, and even her eyes were a little red. Li Mu was so frightened that he reached out and touched Lin Yin's forehead.

The scorching temperature surprised Li Mu. He turned his eyes to the bottle of medicine that Yue Chi had just given him and immediately understood.

Lin Yin pinched her palm a few times, and her mind regained some clarity. She quickly grabbed Li Mu's hair and smashed his head to the ground. No matter what Li Mu was thinking, Lin Yin could only be at ease when the person beside her was not dangerous to her.

Li Mu's head buzzed. When he looked up again, Lin Yin's aggressive beauty swayed in front of his eyes. He was actually a little excited.

However, before he could laugh, Lin Yin slapped him hard on the right cheek again. The crisp sound of the slap made Li Mu's blood boil.

Li Mu hurriedly put the left side of his face in front of Lin Yin and looked at her with desire.

Lin Yin did not disappoint him. In a daze, she slapped Li Mu's left cheek again. When that small hand hit Li Mu's face with force, Li Mu smiled until his entire body was glowing. He pulled Lin Yin's hot hand and said excitedly, "Come, continue!"

Lin Yin looked at the pervert in front of her, Li Mu, and gritted her teeth in anger. She knocked Li Mu unconscious after a few hits and searched for the key on Li Mu's body.

Lin Yin touched a key that looked like a remote control and immediately pressed the unlock button. Then, she stood up and kicked the unconscious Li Mu.

She used the microcomputer in her hand to contact Sun Biao as she ran out unsteadily.

Lu Ming and the Mu Family immediately sensed that something was wrong when Sun Biao gathered his men. They immediately contacted Sun Biao.

Considering Lin Yin's current situation and the news that he had received from the people protecting her, Sun Biao decided to reveal Lin Yin's situation to the Mu family.

As for Lu Ming, Sun Biao still chose not to say anything. After all, the Mu family was Lin Yin's family, and Lu Ming was an outsider.

When Mu Cheng and his wife found out that Lin Yin wanted to dig up some dirt on Yue Chi and was in danger, they were extremely panicked. They quickly called everyone back and rushed to the school Sun Biao had mentioned.

Lu Ming, who did not get Sun Biao's answer, organized two teams. One team followed behind Sun Biao, and the other followed behind Mu Cheng and his wife.

Yue Chi, who had been monitoring Lin Yin, saw that Lin Yin had actually escaped from Li Mu's room. The coldness in his heart instantly intensified. He didn't expect that trash Li Mu to let a drugged woman escape. Useless thing..

Chapter 896: Delivering the Antidote

Lin Yin bit her lower lip tightly and endured the heat in her body as she stumbled along the corridor aimlessly.

In a daze, she heard those subtle pleas for mercy and shrill cries. Lin Yin felt as if her heart had been pierced by a needle, and her eyes were red.

Just now, her strength was limited. At this moment, she was even more helpless and could not protect herself.

At this moment, Lin Yin regretted trusting human nature too much. She shouldn't have thought that she would be lucky when she clearly had a premonition that something bad would happen. She wasn't prepared and brought in a small number of people, causing her to be unable to catch Yue Chi. At the same time, she couldn't save those innocent girls, and she was also trapped.

In a blur, Lin Yin saw the bathroom sign and immediately ran in, locking the door tightly.

She staggered to the sink, turned on the tap, and splashed water on her face. She used the cold water and the pain of biting her lower lip to maintain her consciousness.

Lin Yin looked up at herself in the mirror. After cursing Yue Chi, she also cursed herself softly. How could she, who had always been vigilant, be so kind as to be schemed against by a child?

It seemed like she had experienced too many beautiful things recently and had forgotten how she had experienced the evilness of human hearts in the past.

Lin Yin closed her eyes and calmed down. When she opened them again, Lin Yin quickly picked up the microcomputer and planned to look at the situation in those rooms again, but she couldn't find the entrance to the surveillance cameras.

An idea suddenly flashed through her mind, making Lin Yin's eyes darken slightly.

Why could she see the situation in every room just now but not now? It was very likely because someone wanted to lure her over through these surveillance cameras.

Once she went over, these surveillance cameras would be useless and would naturally be turned off. Otherwise, would she still have those obscene things to use as evidence?

Lin Yin suddenly smiled sinisterly. She had been mocking those men for being bold just now, but she did not know that these were all prepared for her. If not for these surveillance cameras, she would not have been able to find Yue Chi so easily or be schemed against so quickly.

Lin Yin suppressed the surging emotions in her heart and the heat in her body. She gritted her teeth and turned to open the bathroom door, only to see the person outside.

“Shen Lin?” Lin Yin looked at the sweating Shen Lin in surprise.

Shen Lin pushed Lin Yin back to the bathroom and sized her up nervously. She heaved a sigh of relief when she saw that other than Lin Yin’s face being covered in water and her lower lip having some blood, nothing else had happened.

Damn it, if Young Master Fu informed her of her mission so late next time, she would definitely complain to Master Fu.

If she was given another ridiculous mission like this, she would complain too.

Originally, she was about to evacuate after she was done with the surveillance cameras, but before she left, she received a photo and a mission to protect Lin Yin.

What the hell? She was just a makeup artist and she was actually asked to protect a girl? She was not a fighter! She did not know how to fight!

She was going to save Lin Yin? It was more like she was going to die!

If it weren’t for the fact that she was the one who had put on makeup for Lin Yin just now, if it weren’t for the fact that Lin Yin was beautiful enough and she had paid more attention, she probably wouldn’t even be able to find Lin Yin.

Fortunately, Lin Yin had some ability and could escape. Otherwise, even if Young Master Fu gave her a mission, she wouldn’t be able to protect her.

Even if she could find Lin Yin, Lin Yin probably had already been hurt.

“I brought you something.” Shen Lin quickly stuffed the thing in her hand into Lin Yin’s hand.

Lin Yin looked at the small bag in her hand and asked curiously, “What’s this?”

The two of them were extremely close. Shen Lin could even feel the heat emitted by Lin Yin’s aura as she spoke. She smiled and said, “It’s something to undo the effects of the drug on your body. You’re really capable. It’s been so long and you’re still unaffected by the drugs. You can still hold your consciousness.”

Lin Yin glanced at Shen Lin warily and asked with distrust, “How did you know what happened to me? How did you know I was here? Who are you?”

Shen Lin rolled her eyes at Lin Yin and said, “You’re more vigilant now. Why weren’t you more vigilant just now? If you had been more suspicious just now, you wouldn’t have been in this state now. As for who I am, just take me as a righteous person who can’t stand the Yue and Wei families using innocent girls for power and benefits.”

Lin Yin was a little embarrassed by Shen Lin’s words. Shen Lin was right. If she had been more vigilant towards that little girl just now, she would not have ended up in this situation.

But even so, Lin Yin was still suspicious of the medicine Shen Lin had given her..

Chapter 897: Get Lost

“How do you know what medicine I need?” Lin Yin still questioned warily.

“How could I not know? I’m the makeup artist here! The kind who’s been doing it for a long time. I know a little about the dirty things here. I prepared the medicine to prevent those stinky men from getting sick of me and drugging me,” Shen Lin explained as she glanced at Lin Yin angrily.

In the end, she saw Lin Yin’s eyes that seemed to be about to blur. On account of Lin Yin’s beauty, Shen Lin’s tone softened as she said, “If you don’t trust me, I can go out. Lock the door before you take it.”

“Alright!” Lin Yin said directly. Then, she quickly pushed Shen Lin away and closed the bathroom door. After confirming that it was locked, she swallowed the medicine Shen Lin had given her.

At this moment, Lin Yin could only make a Hail Mary effort. She was sure that Yue Chi was definitely looking for her everywhere. It probably wouldn’t be long before Yue Chi’s men came.

If she was taken away by Yue Chi while she was unconscious, the consequences would be unimaginable.

Instead of that, it was better to take a gamble!

Shen Lin staggered a little from Lin Yin’s push. Then, she laughed in anger and muttered in disbelief, “You’re so heartless. I came to save you, but you actually pushed me. You’re too much!”

Shen Lin stood at the door with her arms crossed. After a while, there was no movement from Lin Yin, but Shen Lin saw that Yue Chi was bringing people over from the other side of the corridor.

Shen Lin widened her eyes and cursed in her heart. Then, she knocked on the door and asked anxiously, “Lin Yin, are you done? Yue Chi came with a group of people.”

Seeing that there was no movement from the person inside, Shen Lin panicked.

Seeing that Yue Chi was already a few steps away from her, Shen Lin raised her voice and knocked on the door. “Are you crazy? Who locked the bathroom?”

As soon as Shen Lin finished speaking, she heard Yue Chi’s voice. “Who is it? Lin Yin’s companion?”

Shen Lin turned to look at Yue Chi in confusion. "Lin Yin? Who's Lin Yin? CEO Yue, I'm a makeup artist. I'm the one who does the makeup at every gratitude banquet. I don't know any Lin Yin."

Yue Chi sized Shen Lin up suspiciously and asked coldly, "What's your name?"

Shen Lin smiled and replied humbly, "CEO Yue, my name is Ling Fei. I started working for the Corporation two years ago."

Yue Chi ignored the smile on Shen Lin's face and turned his head slightly. He said to the person beside him, "Investigate."

The person beside him immediately picked up their phones to check on Ling Fei.

Shen Lin was nervous, but she still had a confused smile on her face.

The person beside Yue Chi placed the information they had found in front of Yue Chi. Yue Chi compared the photo with the woman's appearance in front of him. When he saw that they did look the same, Yue Chi waved at the person beside him.

Then, Yue Chi's dark eyes looked at Shen Lin and he warned coldly, "Didn't anyone tell you that you should leave early after you're done with what you have to do?"

Shen Lin nodded repeatedly. "Yes, I was about to leave when I suddenly had a stomach ache, so I came over to relieve myself. In the end, I don't know which lunatic locked the bathroom door."

Seeing Yue Chi's dark gaze turn to the bathroom door, Shen Lin secretly heaved a sigh of relief. She thought to herself that Young Master Fu shouldn't blame her. She had to protect her life first before she could protect Lin Yin's.

At this moment, Yue Chi did not pay much attention to the makeup artist. His gaze was fixed on the tightly shut door. Without looking at Shen Lin, he said, "Get lost!"

After hearing Yue Chi's words, Shen Lin immediately bade farewell to Yue Chi politely like a lackey and retreated.

A sinister smile appeared on Yue Chi's lips. Then, he got someone to knock open the door.

The moment the door opened, Lin Yin, who had long recovered, rushed out and forcefully knocked the two people blocking the door to the side.

However, in order to deal with Lin Yin, Yue Chi had brought too many people this time. Lin Yin failed to break out and was surrounded in the middle.

Looking at Lin Yin's sharp and clear eyes, Yue Chi was puzzled. No matter how he looked at it, Lin Yin didn't look like she had been drugged. Could it be that Li Mu, that old man, didn't give Lin Yin medicine? That wasn't right. If Lin Yin didn't drink the medicine, she wouldn't have woken up.

Although Yue Chi was puzzled, the most important thing now was not to guess why Lin Yin was awake, but to send her back to Li Mu's bed, whether she was dead or alive.

"Lin Yin, I advise you to surrender obediently. It's better to be played by a man than to die," Yue Chi said with a mocking expression..

## Chapter 898: Weakling

Lin Yin sneered. In her previous life, she had been abused by Yue Chi for so long. She knew what kind of person Yue Chi was. At this moment, the expression on Yue Chi's face clearly showed that he had never thought of letting her live.

Lin Yin glanced at the people Yue Chi had brought. Her figure moved slightly and she looked at the people behind her. Then, she smiled and said, "Yue Chi, you don't have to be hypocritical. You want to kill me, but let's see if you have the ability to do that first!"

“It seems like you want to do this the hard way. Hmph!” After Yue Chi finished speaking, he took a step back and waved at the people behind him. “Take her down, regardless of whether she’s dead or alive!”

Seeing that the other party was swarming over, Lin Yin did not stand on ceremony. She took a step back and looked at the people who had surrounded her. The corners of her lips curled up slightly. She fainted and grabbed the man who had already rushed in front of her. The wind from her palm turned into the wind from her fist and she punched the man into the wall, causing him to bleed.

Right on the heels of that, she swept her leg. Just as the people behind thought that Lin Yin was going to attack them, Lin Yin attacked forward again and kicked the crotches of the two people in front of her hard. The two of them covered their manhoods in pain and squatted on the ground, screaming.

After kicking, she was as smooth as flowing water. She bent down and turned around. She grabbed the throat of the person beside her with one hand and squeezed it hard, smashing it hard against the person at the side. Then, she stepped forward and stomped on the person’s chest, causing the man under her feet to vomit blood.

Yue Chi knew that Lin Yin had some skills, but he didn’t expect that Lin Yin wasn’t fighting, she was simply taking their lives.

“Kill her. Kill her for me. I’ll give one million yuan to whoever kills her! No, five million yuan!” Yue Chi shouted fiercely. He believed that there would be brave men with heavy rewards.

He had a feeling that if Lin Yin didn’t die, he would be the one to die one day.

Looking at the group of people who were increasing their attacks for money, Lin Yin’s expression was solemn. As she fought, she retreated to a place with fewer people.

At this moment, she could already feel the muscles on her arm trembling from the constant exertion, but she could only grit her teeth and persevere.

Shen Lin, who was hiding around the corner, widened her eyes in disbelief at Lin Yin, who was being surrounded. She knew that Lin Yin could fight, but she didn't expect her to be so good at it. Wasn't Young Master Fu joking when he asked her to protect her?

It was more likely that Lin Yin would be protecting her.

Just as Shen Lin was marveling, a calm and anxious voice sounded from her earpiece. "How's Lin Yin? Did you bring her away?"

"Young Master Fu, do you not know Lin Yin's skills or are you kidding me? Me bringing her away? I'll become a burden to her if I go over!" Shen Lin whispered.

"If you continue talking nonsense, I don't mind blowing up your old camp!" Young Master Fu's voice was mercilessly threatening.

After Shen Lin cursed the man for being a heartless dog, she said seriously, "Yue Chi brought more than 30 men over. If I go over now, I'll be courting death. "

As Shen Lin spoke, her heart was filled with complaints. Since they valued her so much, why didn't they send someone to protect her from the beginning?

Her mission was clearly to disguise herself and install video surveillance cameras here to capture evidence of Wei Chuan and the Yue Family colluding.

Shen Lin was still vexed when her eyes suddenly widened. Seeing that Lin Yin had been ambushed and blood was flowing out of the corner of her mouth, she panicked and her voice was a little nervous. "Young Master, you should quickly find someone to save her. I really can't do it! Lin Yin is vomiting blood!"

The man's breathing became heavier because of his nervousness. Then, he said, "The Lu and Mu families are almost here.

After receiving the order, Shen Lin immediately turned around and ran towards the school gate.

The man who hung up was drowned in the dark night. The weak moonlight shone on the back of the man's hand, and his veins were terrifying.

On the other side, Lin Yin's back was hit hard again. The smell of rust filled Lin Yin's nose, and her body swayed twice. It seemed like she couldn't stand it anymore.

Yue Chi raised his hand to stop the bodyguards from continuing to attack and smiled at Lin Yin. "Lin Yin, aren't you arrogant? Hahaha, if you have the guts, show me how arrogant you are now!"

Lin Yin looked at Yue Chi with her mouth full of blood. Then, she suddenly smiled and said arrogantly, "Yue Chi, I'm arrogant because I have strength. I'm not like you. You usually hide behind your brother to seek protection. Now, you're hiding behind a group of bodyguards to seek protection.. You're a weakling who can't even defeat a woman! "

#### Chapter 899: Move Away

Yue Chi was angered by Lin Yin's words. He shot a look at the man beside him. The man immediately went forward and kicked Lin Yin, who was already exhausted. Lin Yin fell to the ground, as if she had lost all her strength.

Yue Chi's lips curled into a carefree smile. He walked to Lin Yin's side and kicked her with his polished black leather shoes. Seeing that Lin Yin no longer reacted and was just lying on the ground with unfocused eyes and not moving, Yue Chi squatted down in relief.

Yue Chi patted Lin Yin's face, which was already red with blood, with his palm.

He smiled smoothly and said, "Lin Yin, you still fell into my hands in the end. Don't worry, I'll definitely let you die extremely gloriously today. Tomorrow, you'll definitely be famous. After all, you can seduce Li Mu from the military, who has no interest in women.

Then, Yue Chi sighed and raised Lin Yin's chin with his fingers. He clicked his tongue and said, "Look at your good-looking face. It's dirty. If you had followed me before, you wouldn't have to suffer like this today. Women still have to be gentle. Only then will a man love you."

"Is that so?" Lin Yin's eyes, which had been unfocused, suddenly turned sharp. To Yue Chi's shock, Lin Yin quickly attacked. She grabbed Yue Chi's hand with one hand and grabbed his throat with the other.

Lin Yin restrained Yue Chi and looked at Yue Chi's bodyguards opposite her with a sharp gaze. She warned with a cold expression, "You'd better retreat further. Otherwise, your employer will die in my hands. At that time, you'll have to go to the netherworld to receive your salary!"

"Lin Yin, you faked your death!" The suffocating feeling of his neck feeling like it was going to break made Yue Chi panic, but he could not hide his anger at being deceived by Lin Yin!

"All's fair in war!" Lin Yin snorted. Pretending to be dead was still useful, saving her life again.

"Don't worry about me. She won't dare to kill me. Hurry up and attack!" Yue Chi shouted. At this moment, he felt humiliated. He had actually fallen into the hands of a woman who was not even as tall as him. The key was that he wanted to resist, but he didn't know what Lin Yin had done to him. He actually didn't have much strength in his body.

Seeing that the bodyguards were about to continue surrounding her, Lin Yin snorted and gradually tightened her grip. Yue Chi's face started to turn pale, and then it gradually turned red from lack of oxygen.

Think about it carefully," Lin Yin said lightly with the dazzling red blood on her face.

The group of bodyguards looked at each other, not daring to move forward.

Lin Yin turned around and saw that Yue Chi was about to roll his eyes before letting go slightly. She couldn't kill Yue Chi yet.

Lin Yin held Yue Chi hostage and walked in the direction of the 20-odd rooms.

At this moment, Shen Lin, who had already run to the school gate, saw the three teams at the school gate. Her eyes were filled with relief that Lin Yin could be saved.

However, before she could go forward, she realized that something was wrong. The three teams seemed to be confronting each other.

Shen Lin quickly hid to the side and tiptoed closer, pricking up her ears to listen.

She needed to ask for help, but if she found the wrong person, it would become murder.

Ye Wen shouted aggressively at the person who was stopping them from entering, "Move aside!"

At this moment, if she was a second slower, her Yinyin would be in danger. She did not have the mood to negotiate with the person in front of her.

The people who stopped Ye Wen had no intention of moving aside at all. They even said imposingly, "Our leader is here to perform inspecting work today. Unauthorized people are not allowed to enter!"

Ye Wen sneered. "Inspecting work. When did you people from the military come to inspect the school's work?"

Hearing that Ye Wen had actually recognized them, Li Zhi, who was blocking the school entrance, was terrified. He subconsciously asked, "Madam you are?"

"The Mu Family!" Ye Wen said loudly in a hurry. "I advise you to move aside quickly. If anything happens to my daughter inside, I'll go to your military to demand an explanation!"

Li Zhi frowned. As a subordinate, he knew very well why Li Mu was here today.

However, the girls here today were all from poor families.. How could there be children from the Mu Family?

## Chapter 900: Follow Me

Li Zhi was afraid that the Mu Family was just using their daughter as an excuse to catch Li Mu. Therefore, he could not give in!

“I’m sorry, without the orders of the higher-ups, none of you can be let in today!” As soon as Li Zhi finished speaking, the people beside him immediately lined up and stood in front of Mu Cheng, his wife, and Sun Biao’s men.

Mu Cheng, who was originally holding Ye Wen’s hand, had a dark expression.

Sun Biao could not wait any longer. He directly called for his men and shouted,

“Charge in!”

Almost at the same time, Ye Wen rushed in with her people and Sun Biao. The three teams fought and caused an uproar.

When Lu Ming’s men gathered at the school gate, the two teams that were already fighting fiercely had varying degrees of damage.

When Lu Ming saw Li Zhi, the confusion in his heart deepened. Why was Li Zhi fighting with the Mu family here?

Could it be that Lin Yin had fallen into the hands of the Li Family?

Lu Ming took two steps forward and nimbly grabbed Li Zhi in the chaotic situation. This action made the two sides stop fighting.

“Li Zhi, is Lin Yin in your hands?” Lu Ming asked directly.

Seeing that the person who grabbed him was Lu Ming, Li Zhi complained even more in his heart. This Lu Ming used to be a member of the military. He was like a living King of Hell.

Li Zhi didn't know who the Lin Yin Lu Ming was talking about was. He looked at Lu Ming with a bitter smile and said, “Brother Lu, I don't know who Lin Yin is! I just received the order to not let irrelevant people in.”

Lu Ming's eyes flickered. “Li Mu is inside?”

Li Zhi did not say anything, but his bitter expression was clearly tacit agreement.

At this moment, Shen Lin, who had been hiding in the dark, immediately ran out and said to everyone, “Are you looking for Lin Yin? I know where Lin Yin is.

Come with me!”

Ye Wen followed Shen Lin without thinking.

When Li Zhi saw Ye Wen bring people in, he wanted to stop her, but he was stopped by Lu Ming coldly. Lu Ming's cold voice rang in his ears. “If anything happens to Lin Yin today because of your Li Family, not only the Mu Family, but our Lu Family will also take measures against the Li Family!”

With that, Lu Ming brought his men in.

Feng Yu, who had received Lin Yin's information, secretly followed her into the school.

Just now, she wanted to go in, but because she was not a student of their school, these people refused to let her in.

Therefore, Feng Yu was anxious and had no choice. Fortunately, someone came to look for Lin Yin so that she could go in to look for her sister.

Li Zhi felt that things were troublesome and quickly picked up his phone to call

Li Mu, who was woken up by the bell, touched the back of his head and looked at the scene in front of him with a puzzled expression. Then, he remembered that he had just been beaten up by a girl.

Li Mu sat up and frowned before picking up the phone.

“Sir, the Lu Family and the Mu Family have rushed in. Be careful,” Li Zhi said anxiously as he followed Lu Ming and the others.

Li Mu frowned. “What are Lu Ming and the Mu family doing here? Are they investigating me?”

Li Mu thought about it. He didn’t seem to have any entanglements with the Lu and Mu families recently, right?

“The Mu family said that they’re here to look for their daughter. Lu Ming is here to look for a girl called Lin Yin,” Li Zhi said.

Li Mu was confused. “Why is the daughter of the Mu family in this school? Lin

Yin? Why does that sound familiar? Where have I heard it before?”

Li Mu, who couldn’t understand, got up from the ground and said casually,

“Ignore them. Come and pick me up. My entire body hurts.”

On the other end of the line, Li Zhi was shocked. "Leader, were you attacked?"

Attacked? Li Mu thought of the little girl who didn't show any mercy when she hit him. He smiled and said, "Just come over."

After hanging up the call with Li Zhi, Li Mu held his old waist that was in pain and walked towards the door. As soon as he reached the door, he saw that the little girl who had been ruthless to him just now was actually holding Yue Chi hostage and retreating step by step in the corridor.

Li Mu's expression turned solemn. He walked forward to Lin Yin and Yue Chi's side and asked in confusion, "What happened?"

Li Mu suddenly appeared quietly beside Lin Yin. Lin Yin was shocked and stretched the wound that she had just gotten. It hurt so much that Lin Yin hissed slightly.

At this moment, Li Mu instantly saw the bruises on Lin Yin's face and her mouth full of blood.. His eyes widened slightly and he asked, "Who touched you?"
