

WHO IS THE REAL DAUGHTER: MISS LIN TAKES NO NONSENSE AFTER HER REBIRTH

Chapter 9: Embarrassing Background

“Get lost? Back to my slums?” Lin Yin scoffed.

“If you want to go back, no one will stop you!” On the first day of her arrival, if she didn’t teach her a lesson, she would take advantage of them. Chu Yun didn’t want to give in at all.

“I just didn’t expect such a big villa to have a room like a slum. Did you guys specially prepare it for me?” Lin Yin looked at her with a faint smile.

Hearing this, Chu Yun’s face flushed red with embarrassment and anger.

This daughter came and wanted to make Su Fei suffer. Not only Su Fei, but even she had gotten angry because of Su Fei

Su Fei bit her lip too. She hadn’t expected Lin Yin to dare threaten her mother in front of her father, but this was good. The more arrogant she was, the harder it would be for this family to tolerate her. Su Fei clenched her fists at the thought and endured it for the time being.

At this moment, Su Zhen finally spoke. He glanced at Lin Yin and said, “Stop fighting. This isn’t the only room in the Su Family. Feifei, move out.”

Su Fei looked surprised that her father wouldn’t speak up for her either. Her eyes were filled with tears and her voice trembled as she said in a low voice, “I wanted to give it to my sister.”

Seeing her things get moved to the small room next door, Su Fei’s heart was full of resentment towards Lin Yin.

Back then, in order to expand the room, Su Fei had asked the designer to occupy more than half of the room next door. She never expected that she would move out one day. Su Fei complained in her heart.

But in order to know herself and her enemy so that she could plot against Lin Yin, Su Fei could only move in aggrievedly.

In the blink of an eye, it was dinner time. Lin Yin went to the dining room to eat with the Su Family.

The main seats were occupied by the Su family of three. Lin Yin was arranged to sit in a corner, a few seats away from the family of three. The boundaries were so clear that even the servants could not stand it.

Even if there was no one else here, they still had to draw a boundary here.

In her previous life, she had felt a little aggrieved sitting in this seat. But now, she could be further away from this family and she would not be so disgusted that she could not eat.

The host sat down and the servants began to serve the dishes. Su Fei's side was filled with expensive seafood dishes and various exquisite pastries. Su Fei sat elegantly at the dining table with a wine glass in her hand, looking as noble as a princess.

On the other hand, the unwanted vegetable leaves and cooked potatoes looked especially piercing on the table full of delicacies. Just like in her previous life, Su Fei had specially prepared them for her, as if she was telling Lin Yin that even if she entered the Su family, she would be no different from these dishes!

Seeing that Lin Yin had noticed the dishes, Su Fei smiled sweetly. "I was afraid that Sister wouldn't be used to the food here, so I prepared your favorite."

"Thank you for your concern, Sister. You allowed me to feel like I'm living in the slums while I'm living in the Su Family's Villa." Lin Yin thanked her, but her eyes were cold. She had no intention of thanking her.

In her previous life, Lin Yin did not dare to say anything in the face of such a situation. She even took a few bites.

Su Zhen and Chu Yun praised Su Fei for being considerate. They did not expect what the servants at home would think of her because of such actions.

Humiliating words along the lines of country bumpkin and cheap were widespread among the servants.

Thinking of what had happened in her previous life, Lin Yin's gaze became even sharper.

Su Fei's lips turned pale. She did not expect Lin Yin to dare to say anything. Wasn't she slapping her parents in the face?

Su Zhen looked at the dishes placed in front of Lin Yin and his expression turned extremely ugly. If this matter were to spread, he would be embarrassed!

The servant at the side sensed that something was wrong. Without waiting for Su Zhen to signal for her, she hurriedly reached out and prepared to remove it.

“There’s no need.” Lin Yin stopped her. “This is to remind me not to forget my background. How could I dare to let them remove it?”

“The slums,” Su Zhen said. “Don’t mention it again!”

Lin Yin’s lips curled into a cold smile. “Is my background so embarrassing for you?”

“You’re from the Su Family. No one is allowed to insult you in the future.”

Only then could he avoid them mentioning it in public again. Su Zhen glanced around and his gaze lingered on Chu Yun and Su Fei’s faces for a few seconds. The warning was obvious.

Su Fei’s eyes were red, as if she had been wronged. She sobbed and said, “I’m sorry. I was afraid that my sister wouldn’t be used to eating the food here. I didn’t expect her to feel uncomfortable...”

Su Fei had not expected things to turn out like this. She hated Lin Yin to the core, but she had no choice but to give in. She could not let her father have a bad impression of her!

However... she would definitely chase Lin Yin out of the Su Family!

The Su Family could only have one daughter!
