

Real Daughter 901

Chapter 901: Arrest

Lin Yin glanced at Li Mu angrily and said coldly, "Get lost!"

In Lin Yin's opinion, Li Mu, Yue Chi, and the others were jackals of the same tribe.

Li Mu, who had always been praised, was stunned for a moment by a little girl like Lin Yin. Then, he actually smiled. This little girl's temper was really bad.

However, Li Mu still obediently retreated to a place that Lin Yin was satisfied with. Then, he said coldly to the bodyguards who were still approaching Lin Yin, "Stop!"

The bodyguard had seen Yue Chi treat Li Mu respectfully, so when he heard Li Mu's order, he obediently stopped.

Lin Yin looked around at the closed doors and guilt flashed across her heart. Her eyes were moist. She knew that it was too late now.

Lin Yin mentally prepared herself and said to the group of bodyguards opposite her, "Go into these rooms and capture all those men!"

The bodyguards widened their eyes in shock. The people inside were all respected guests. If they went in and caught them, things would blow up.

At this moment, Yue Chi, who was restrained by Lin Yin, immediately said, "Lin Yin, don't blame me for not reminding you. The people inside are all of high status. If you let them in like this and offend them all, the Mu family will be unable to bear the consequences."

Li Mu, who was at the side, instantly remembered what Li Zhi had said on the phone just now. Lu Ming was looking for Lin Yin, and the Mu family was looking for their daughter.

Some time ago, a big family in the capital spread the word that they had found their daughter who had been missing for 18 years. It seemed to be the Mu Family!

That's right, the daughter who had been found was called Lin Yin!

No wonder he felt that the name Lin Yin was familiar when he heard her name. It turned out that she was the Mu family's daughter!

Li Mu looked at Lin Yin in disbelief. So the little girl in front of him was Lin Yin, who Lu Ming was looking for and was also the daughter of the Mu Family?

Li Mu instantly felt annoyed that he had kicked an iron plate. Why was his eyes so sharp that he had taken a fancy to the daughter of the Mu Family?

Li Mu closed his eyes slightly and listened to Lin Yin say firmly, "Don't use the Mu Family to pressure me. I believe that if my parents knew that you were doing such beastly things here, they would stand up to stop you too."

Yue Chi sneered and wanted to laugh at Lin Yin's naivety, but Li Mu spoke first. Li Mu asked in a gentle and powerful voice, "Yue Chi, what did you do?"

Yue Chi looked at Li Mu in shock. His expression seemed to be saying, Don't you know what I've done? Aren't I the pimp for customers like you?

Li Mu did not care about Yue Chi's shocked expression at all. Instead, he turned around and continued to say to Yue Chi righteously, "Yue Chi, the law is above. If you do anything illegal, you'd better explain it clearly now and fight for clemency!"

Yue Chi felt as if a rock was pressing down on his heart. He felt aggrieved and speechless.

Suddenly, a girl's cry came from the room beside her. Everyone in the corridor paused.

At this moment, Mu Cheng, his wife, and Sun Biao's men had already arrived and surrounded the group of bodyguards.

When Ye Wen saw the wound on Lin Yin's face, her heart was about to break. She pulled Yue Chi away from Lin Yin's hand and slapped Yue Chi's face twice, stunning him.

Yue Chi, who had been slapped until he couldn't find his way, was kicked hard by Mu Cheng again. The usually upright man cursed, "You dog!"

Ye Wen held Lin Yin's face and said with red eyes, her heart aching, "Yinyin, why are you like this? You..."

Lin Yin grabbed Ye Wen's hand and said anxiously, "Mom, now is not the time to talk about this."

Lin Yin turned around and said to the people Sun Biao had brought, "Sun Biao, go into every room and bring those men out. Those students... don't bring them out."

Sun Biao received Lin Yin's words and immediately led his men to be scattered into every room.

Lu Ming, who was following closely behind, saw the wound on Lin Yin's face and his heart ached. When he saw Yue Chi lying on the ground, he kicked him hard again, causing Yue Chi to cry out in pain.

Li Zhi brought his men behind Li Mu and looked at the pile of people in front of him nervously.

A figure ran out of the crowd and rushed in front of Lin Yin.. Suppressing the uneasiness in her heart, she held Lin Yin's hand and asked, "Yinyin, where..."

where is my sister?"

Chapter 902: Vomiting Blood

Feng Yu's hand held Lin Yin and it trembled slightly from nervousness.

Lin Yin couldn't bear to look at Feng Yu's expectant eyes and lowered her eyes slightly.

At this moment, Sun Biao's men began to chase the men in disheveled clothes into the corridor.

Feng Yu's hopeful expression and suppressed emotions almost collapsed when she saw those men appear.

She turned around in panic to look for Feng Rong, but when she saw a familiar necklace being kicked out of a room, she was stunned.

Before she could step forward, two half-naked men came out of that room. The man was pushed forward by the people behind him and stepped on the necklace. After just two or three times, the necklace broke into several small pieces.

The moment the necklace broke, Feng Yu's tears could not help but fall from her wide eyes. She shook her head and ran towards that room as she kept muttering no.

Lin Yin's gaze also landed on the broken chain. If she wasn't wrong, this was the necklace that Liu Man had given Feng Yu as a greeting gift when they first met.

Lin Yin held her aching abdomen and quickly followed.

In the dark red room, a girl with a red and swollen face was grabbing the blanket and hiding in the corner.

After seeing that face clearly, Feng Yu's footsteps were a little soft.

She had just reached out to touch her sister when Feng Rong screamed miserably, "Don't touch me! Don't touch me! Mom! Save me! Sister! Sister!

Save me!"

"I'm here! Sister is here! There's no need to be afraid! There's no need to be afraid!" Feng Yu hugged Feng Rong tightly. Her heart ached so much that she could not speak. She hated herself for coming late and hated herself for letting her family suffer because she wasn't strong enough.

Feng Yu comforted her for a while before Feng Rong's consciousness slowly returned. The sisters hugged each other and cried heartbreakingly.

Lin Yin, who was standing at the door, silently closed the door. When she turned around, she met Mu Cheng and his wife's worried eyes.

"Yinyin..." Ye Wen looked worriedly at Lin Yin, who had blood on her face, and said, "Go to the hospital with Mom for a checkup, okay?"

Lu Ming walked forward, his eyes filled with worry. "Yinyin, follow your parents to the hospital first. Leave the matters here to me. I won't let anyone who deserves to die off."

Li Mu, who had been standing at the side, also went forward to persuade her. "That's right, Lin Yin. You look like you're seriously injured. Hurry up and go back with your parents. Don't worry about what's going on here. Even if Lu Ming can't handle it, there's still me! I'll handle it for you. I won't let a single bad person off!"

Lin Yin looked at Li Mu coldly and sneered. "Deal with? Who's dealing with who? Are you going to deal with yourself?"

Lin Yin's words successfully attracted everyone's attention to Li Mu.

Li Mu frowned as if he was puzzled and asked, "What do you mean? I heard that there was something wrong with this school today, so I came to take a look secretly. I didn't expect to really encounter such a

thing. It's just that I haven't even started when you knocked me out, right? I'll definitely investigate this matter to the end today and give you and these victimized students justice."

Li Mu's shameless words made Lin Yin's heart stop. The place where she was hit strongly instantly hurt. A metallic taste surged out of her throat, and blood flowed down the corner of her mouth.

"Yinyin!" Ye Wen and Mu Cheng exclaimed in heartbreak.

Lu Ming's eyes were about to crack. In the next second, he went forward and picked Lin Yin up by the waist. He said coldly, "Shen Yu, take down everyone present. Without my orders, no one can leave, including Li Mu and Yue Chi!" As soon as he finished speaking, Lu Ming carried Lin Yin out.

"Lu Ming, what do you mean?" Li Mu wanted to follow Lu Ming unhappily, but he was stopped by Shen Yu.

Li Zhi immediately went forward to confront Shen Yu.

Mu Cheng stood in front of Li Mu with dark fog in her eyes. Ye Wen said fiercely to Li Mu, "Li Mu, you'd better behave yourself. If you dare to ruin my daughter, I, Ye Wen, will take your life no matter where you are!"

Li Mu looked at the murderous gazes of Mu Cheng and his wife in front of him and could only raise his hand and retreat in embarrassment. He smiled bitterly and said, "Alright, I won't move. I believe that the innocent will be cleared. You guys will clear my name."

Ye Wen snorted and turned around to chase after Lu Ming and Lin Yin. Mu Cheng waved her hand and got someone to surround the venue. Their daughter had captured this evidence at the cost of her life. They could not let Lin Yin work for nothing..

Chapter 903: He Should Die

Especially Li Mu and Yue Chi.

In his opinion, Yue Chi was definitely the main perpetrator of this incident, and Li Mu's people had just stopped them at the school gate. They were also very important accomplices.

Seeing that Mu Cheng, his wife, and Lu Ming had left, Yue Chi, who had been pretending to be dead, finally dared to open his eyes. He covered his broken right hand and looked hatefully in the direction where Lin Yin and the others had left.

It was not easy for him to lure Lin Yin in, but he did not expect it to fail. It was a pity that he could not kill Lin Yin this time.

Li Mu narrowed his eyes when he saw Yue Chi's expression.

As if sensing Li Mu's gaze, Yue Chi turned to face Li Mu and sized up him.

Then, he smiled. He had heard what Li Mu had just said. It had to be said that Li Mu was smart.

Facing Yue Chi's slightly mocking smile, Li Mu didn't take it to heart at all. If he wasn't confident or prepared, how could he dare to play such a problematic game?

Sun Biao's men brought the medical staff who were left behind. They specially arranged for the female medical staff to examine the injured girls one by one and even brought new clothes for the girls to change into.

When the girls were in a better mood, Sun Biao asked the lawyer who had rushed over to try to talk to them and probe their thoughts.

So far, the matter had not been reported to the police. Firstly, they did not know what the victims and their parents wanted. Secondly, there were too many victims. Once they called the police, the matter would easily leak out. It would not be good for the girls' reputation.

Thirdly, the perpetrators today more or less had some status. If they were sent to the police station, there might be many unexpected accidents.

Sun Biao had to admit that Lin Yin was a very gentle and considerate person. She did her best to consider the victim's worries.

At this moment, the person whom Sun Biao deemed as gentle had blurry eyes and thin sweat on her forehead. Her entire body was trembling in pain.

Lu Ming looked at Lin Yin in his arms. Even his breathing was filled with uncontrollable heartache and anger. He wanted to scold Lin Yin for not cherishing herself, but he couldn't.

Lu Ming leaned Lin Yin against him and urged the chauffeur, "Drive faster!"

When the Mu brothers found out that something had happened to Lin Yin, she had already undergone surgery and was still unconscious.

Mu Ran, who had rushed over in a hurry, frowned and said, "What happened? Why is there internal bleeding?"

Mu Xiao said coldly, "Yue Chi did it."

Mu Ran turned around almost immediately and left Lin Yin's ward in anger.

Mu Cheng suppressed his emotions and said to Mu Heng, "Go and watch Mu Ran. Don't let him kill anyone. Yinyin didn't choose to attack Yue Chi directly. I think she wants the perpetrator to be punished. If he dies in Mu Ran's hands, it will be a waste of Yinyin's painstaking efforts."

Mu Heng pursed his lips and replied in a low voice before leaving with Mu Ran.

"Yinyin, what exactly are you doing? Why are you risking your life to go against Yue Chi like this? For justice?" Mu Xiao looked at the pale Lin Yin and asked silently.

At this moment, the unconscious Lin Yin couldn't answer. Even if she was asked when she was awake, she probably wouldn't say anything about her previous life.

Mu Ran drove so fast that he was about to fly. The moment he saw Yue Chi, he threw a furious punch at him.

Yue Chi fell to the ground and his expression became unfocused. He did not even have the strength to block.

Mu Ran punched Yue Chi angrily, scaring Li Mu so much that he advised, "Mu Ran, if you continue to hit him in public, you'll go to jail! Don't be rash. It wasn't easy for your sister to capture him. If you kill him, something will happen to you and it'll be too easy for him. A person like him should be punished by the law."

As soon as Mu Heng entered, he listened to Li Mu's persuasion. He glanced at Li Mu coldly and then went forward to pull Mu Ran, who was obviously red-eyed. "Alright, if you kill him, who will bear the responsibility for today?"

Mu Ran was so angry that his chest rose and fell violently. Even though he saw that Yue Chi was on the verge of death, he still could not vent his anger.

"He deserves to die!" Mu Ran gritted her teeth.

"He deserves to die, but he has to be judged before he dies! Not a single segment can be missed!" Mu Heng tried his best to suppress the almost tyrannical emotions in his heart..

Chapter 904: Beat Him To Death

"That's right, Mu Ran. Listen to your brother," Li Mu said.

Mu Heng turned to look at Li Mu, his eyes narrowed as he asked inquisitively, “Li Mu, why aren’t you staying in your military headquarters? What are you doing here? Could it be that you’re also Yue Chi’s VIP for what happened today?”

Li Mu smiled and said, “I heard that this school is a little strange, so I brought people over to take a look. Unexpectedly, I was knocked out by your sister before I could find evidence.”

Mu Ran, who was still staring fiercely at Yue Chi on the ground, immediately turned around and was about to punch Li Mu when he heard Li Mu’s words.

Li Zhi and the others immediately stood in front of Mu Ran, and Mu Heng pulled him back in time.

Mu Ran broke free unhappily and said to Mu Heng, “Mu Heng, why are you pulling me? If this guy didn’t do anything, why would Yinyin hit him? He must have done something to Yinyin!”

Mu Heng said coldly, “I didn’t say that I wouldn’t let you beat him up. I just asked you to wait for a while.”

Before Mu Ran could understand what Mu Heng meant, Mu Heng waved his hand. Li Zhi and the others, who had just stood in front of Li Mu, were pestered by Mu Heng’s men.

At this moment, Li Mu restrained the faint smile on his face and said coldly, “Mu Heng, you have to think carefully. I’m not only a member of the Li Family, but I’m also a member of the military. My people are not weak when they fight. When the time comes, both sides will suffer. Let me tell you clearly that this matter has nothing to do with me. I said that I’m here to investigate.”

Li Mu knew that Mu Ran did not understand the ways of the world, but Mu Heng should know.

Mu Heng smiled. Li Mu’s men were all from the military. They were trained well and were not weak. Of course, he knew that, but today, he wanted to avenge his sister!

The corners of Mu Heng's lips curled up coldly. "Of course I know. That's why I stopped my brother. I have to deal with your people first before I deal with you. As for whether the investigation you mentioned is true, I really don't know now."

"However, since you're the person my sister wants to hit, as her elder brother, I'll hit you first. If I hit the wrong person, you can come to my Mu family to complain! At most, I'll let you hit me. You won't lose out."

Li Mu's eyes widened slightly. Was this something Mu Heng would say?

Although he did not know much about the Mu family, Mu Heng was famous. How could he do such an impulsive thing without any evidence?

When Li Zhi and the others heard Mu Heng's words, they paused and felt that Mu Heng had probably gone crazy.

Even Yue Chi, who was lying on the ground and unable to move, felt that Mu Heng was crazy.

Mu Heng ordered Dong Yi and the others coldly, "If anyone from Li Mu dares to attack, beat them to death!"

As soon as Mu Heng finished speaking, not only Dong Yi and the others, but even the Lu Family led by Long Huang and Sun Biao all surrounded the people protecting Li Mu.

Li Mu's people were powerful, but the people they faced were also good. After a few rounds, Li Mu's people were ruthlessly pressed to the ground.

Mu Ran smiled coldly at Li Mu, then clenched his fists and went forward to punch Li Mu's face.

Although Li Mu was pushed to the position of the leader of the military by the Li Family, he had been putting on airs for so many years.

No matter how weak he was, it was more than enough to deal with Mu Ran, who had never undergone formal training.

Li Mu sidestepped Mu Ran's attack. The moment the two of them passed each other, he quickly grabbed Mu Ran's collar and threw him aside.

Mu Heng's eyes darkened slightly as he gave Dongyi a look.

Dongyi looked around casually, then picked up the ring in his hand, aimed it at Li Mu's knee, and pressed it.

Li Mu felt his knees bend in pain and he fell to the ground uncontrollably.

Mu Ran, who had just been thrown out by Li Mu, turned around angrily and saw Li Mu lying in front of him. He didn't even need to think and sat on Li Mu's body. He attacked left and right, using all his fists and palms.

As he hit him, Mu Ran cursed hatefully, "Old thing, you still dare to bully my Yinyin. I'll beat you to death, you shameless old thing!"

Li Mu was dizzy from the beating. Every time he wanted to fight back, his wrist or his elbow joints would hurt. In the end, other than protecting his face, all he could do was silently endure Mu Ran's vicious beatings.

Lin Yin was not awake, and no one in the reception hall was let go.

Chapter 905: How to Deal With It

Wei Chuan, who had sensed that something was wrong and left early, was sitting in the principal's office of Capital University.

He looked at the night sky outside. It was already midnight, but there was still no movement from Yue Chi. He thought for a moment and still got someone to inform Yue Han anonymously about Yue Chi's situation.

Then, he informed the Li Family that Li Mu was also trapped this time. The Mu Family would probably have considerations if the Li Family appears.

No matter what, Wei Chuan did not want this matter to blow up. It would be best if they could resolve it in private and not implicate him.

Wei Chuan tidied up and checked the important documents. He locked the safe before leaving the office.

However, just as he left, the office door was opened again.

The moment they entered the office, they went straight to the safe that Wei Chuan had just locked. With a few moves, they took the documents from Wei Chuan.

After the few of them left, the office returned to silence. After a while, someone sneaked out from a corner of the office and reset the infrared alarm system for Wei Chuan's safe before leaving.

At dawn, Lin Yin woke up. When she saw Lu Ming staring at her with wide eyes, Lin Yin was shocked.

However, before she could move, Lu Ming quickly covered Lin Yin's mouth and hushed her softly. He looked to the side.

Lin Yin followed Lu Ming's gaze and saw Mu Cheng and Ye Wen leaning against one side, resting with their eyes closed.

Looking at Mu Cheng and Ye Wen's frowns even when they were sleeping, Lin Yin felt a little guilty.

Because she was not confident about this matter, she only wanted to probe first. When she had evidence, she would plan well.

This was also why she had sent Dongyi and Long Huang away. She did not want anyone to know what she was going to do because she believed that if her family knew that she was investigating Yue Chi, they would definitely be able to guess what she was going to do.

In the end, she did not expect that what happened was not under her control at all. Now, her family was still worried.

“Does your body still hurt?” Lu Ming asked softly.

Thinking of Lin Yin’s injuries, Lu Ming really felt indescribably helpless.

Why was it that other people’s girls were safe and sound, while his was always injured.

Thinking about how many times he had known Lin Yin in the past year, such a thing could even happen when he sent someone to guard Lin Yin.

“It doesn’t hurt anymore.” Lin Yin shook her head and looked at Lu Ming’s melancholic and helpless expression in amusement.

Seeing that Lin Yin still had the cheek to smile, Lu Ming was furious. “You’re still smiling? Do you know what dangerous thing you did today?”

Lin Yin subconsciously stopped smiling. Then, she thought about it. Why was she listening to Lu Ming?

Lin Yin looked away from Lu Ming and said in a low voice, “What does it have to do with you whether I smile or not? Uncle, aren’t you being too nosy?”

Looking at Lin Yin’s infuriating expression and hearing her infuriating words, Lu Ming was conflicted.

“Yinyin, if you say something so infuriating again, I’ll regret it,” Lu Ming said inexplicably.

Lin Yin looked at Lu Ming in confusion. “Regret? Regret what?”

Lu Ming’s breath fell heavily again.

What did he regret? He regretted choosing to leave Lin Yin’s side and not pester her anymore because he was afraid that Lin Yin would be hurt.

If Lin Yin always lived in such danger, why couldn’t he be the one protecting her?

Even if he would bring some danger to Lin Yin, he could also resolve some potential danger for her in advance.

For example, if he was with Lin Yin this time, he would definitely be able to find out about Lin Yin’s movements the fastest and deal with Yue Chi before Lin Yin did. This way, Lin Yin wouldn’t be in danger personally, right?

Lu Ming fell into a battle of self-awareness.

Seeing that Lu Ming did not speak, Lin Yin snorted coldly and pulled up the blanket to continue lying down. In the end, because she used too much strength, she hissed in pain and caught Lu Ming’s attention.

Lu Ming frowned and sighed. “Can’t you be gentler?”

Lin Yin was not in a good mood. She ignored Lu Ming’s words and only asked, “You said that you’ll settle the matter with Dexin High School. How do you plan to deal with it?”

Chapter 906: Opposite

Lin Yin was just asking casually. Lin Yin planned to investigate the matter of the Yue Corporation's sponsorship to the end.

Lu Ming's expression was solemn. He did not expect the Yue Corporation to dare to do this. He said in a low voice, "Of course, we'll do what we have to do. Be it the Yue Corporation or the criminals who hurt innocent girls, they have to be punished by the law."

"And Wei Chuan," Lin Yin added after glancing at her cell phone.

"Wei Chuan?" Lu Ming was puzzled. "He was involved in this incident too?"

Lin Yin nodded with a heavy expression. "Whether it's in the auditorium or the reception hall, Wei Chuan has always been there, so I have reason to suspect that Wei Chuan also knows about this. He might even be involved."

"So, when I went to look for Yue Chi, I had already asked the bodyguards beside me to follow Wei Chuan. Wei Chuan has information on the people who have harmed female students all these years. Unfortunately, there's no written information on Wei Chuan and Yue Chi's involvement."

Sun Biao sent the information that the bodyguards had found in Wei Chuan's office. It had a detailed record of the Yue Corporation and the Wei Corporation using women to bribe various business executives and government officials over the years.

It only recorded the time and place of who was bribed, which student they booked a room with, and how they settled it. However, it only said that it was the Yue Corporation and the Wei Corporation. There was no specific person.

There was also a hard disk inside that recorded the videos of them warning the victims after they were violated. Lin Yin thought this was probably why all the girls were singing praises of the Yue Corporation and expressing their gratitude when she got Sun Biao to ask those girls.

Those girls were probably afraid that others would see these videos and that they would be pointed at and never be at peace.

It was infuriating that there wasn't any information that could prove that Wei Chuan or Yue Chi were the people who organized this transaction of power and sex.

Under such circumstances, both Wei Chuan and Yue Chi could just say that they were careless and find someone to take the blame, just like how someone had taken the blame for Yue Chi previously.

"Yinyin, don't worry. Mom will make the Yue Corporation pay for this."

Lin Yin turned around and saw Ye Wen, who had already woken up, promising firmly.

Lin Yin did not want this matter to involve the Mu Corporation and her family. She said disapprovingly, "Mom, I..."

"Yinyin, I've already decided. Regardless of whether you agree or not, the Yue Corporation is already my number one enemy." Ye Wen interrupted Lin Yin and said with an irrefutable expression.

After what happened today, Ye Wen finally understood that Lin Yin and Yue Chi were enemies who probably could not reconcile in this lifetime.

In that case, for the sake of her daughter's safety, Yue Chi had to die, and the Yue Corporation could not exist. Otherwise, Lin Yin would never be at peace for the rest of her life.

Mu Cheng knew what his wife was thinking. He looked at Lin Yin gently and said, "Yinyin, Dad and Mom can't bear the pain of losing you again. If only either you or the Yue Family can exist, then your mother is right. From today onwards, the Yue and Mu Corporation are officially enemies."

Mu Cheng and his wife knew very well which was more important between the Yue Corporation and their daughter. Therefore, no matter how difficult it was, they would not let the existence of the Yue Corporation threaten Lin Yin's life.

The feeling of being protected by someone with all their might lingered around Lin Yin, making her cheeks tighten and her eyes sting.

Ye Wen hurriedly went forward and gently hugged Lin Yin. She said softly, "Yinyin, just take it that you pity a mother who has lost her daughter for more than ten years. Don't push us away so often. Mom will be sad. Don't do everything yourself and not let Mom know. Mom will feel guilty."

"Also, don't always take risks. Even if it's a small wound, my heart will ache so much that I won't be able to breathe. Whether it's Mom, Dad, or your brother, our family can't lose you again."

Lin Yin's eyes were slightly moist. She did not want to drag the Mu Family down or her family down. She did not expect that she would still hurt her family's hearts.

"I'm sorry!" Lin Yin said in a low voice with red eyes.

Ye Wen shook her head and said in a choked voice, "You don't have to apologize. Yinyin, remember that no matter what you want to do, Mom will support you. No matter what you're thinking or what reason you have, Mom, Dad, and your three brothers will support you unconditionally."

Chapter 907: I'm Going Too

Lin Yin only nodded silently with red eyes. After a while, Ye Wen pulled away from Lin Yin and gently touched the wound on Lin Yin's face with her fingers. Her heart ached as she said, "It's so serious. You've gotten a bruise. Don't be so impulsive and take risks in the future, understand?"

Lin Yin nodded obediently and replied, "I understand."

Lu Ming looked at the obedient Lin Yin and his worry for her eased a little.

What Ye Wen and Lin Yin had said was what he really wanted to tell Lin Yin. Fortunately, Lin Yin seemed to have listened to Ye Wen.

The slight vibration of the cell phone made Lu Ming retract his gaze from Lin Yin. After answering Shen Yu's call, Lu Ming's gaze landed on Lin Yin again. Then, he said coldly, "No matter who comes, we can't let anyone here go."

Lu Ming's words attracted the attention of the three people beside him. After Lu Ming hung up, Mu Cheng asked, "Did someone pressure the school to take them away?"

Mu Cheng only thought about it for a moment and could roughly guess. Among these people, only the Li and Yue families had the power to bring them away.

Lu Ming nodded and said, "Yes, the main reason is that the people from the Yue and Li families have already arrived. They said that they want our people to bring everyone to the police station to settle this matter. Mu Heng rejected them and they will probably fight later."

Mu Cheng snorted coldly and said sarcastically, "Police station? Which police station? Could it be the police station where a member of the Li Family is the chief? I think if these people went, they're going to say that this sex and power transaction are just escorts seducing them."

Lin Yin's eyes darkened slightly. Previously, she was worried that such a thing would happen, so she instructed Sun Biao not to let anyone call the police.

Hearing Mu Cheng's words, Lin Yin was glad that she had been careful.

In her previous life, after she escaped from Yue Chi, she tried to call the police. In her opinion, the only place in the world where she could seek justice was probably the police station.

In the end, she did not expect that the righteous person whom she had placed her hopes on almost sent her back to the Yue Family. If she wasn't smart and had not escaped, she probably wouldn't have died under Su Lin's shot in her previous life, but under Yue Chi's abuse.

Lu Ming got up and said, "I'll go over and deal with it now. This matter can't be left unsettled."

Once the matter was reversed by the Yue and Li families, not only would Lin Yin's injuries today be in vain, but even the girls who were victims and even all the girls who were violated might be labeled as escorts that sold their bodies to study.

Yue Han was capable of doing such a thing, and the Li Family was even more capable.

Especially the Li Family. The Li Family was mostly involved in politics. Once someone had something on Li Mu, the political enemies who wanted to use Li Mu to attack the Li Family would definitely not waste this opportunity.

Therefore, it was impossible for the Li Family to let Li Mu bear such a crime, especially since Li Mu had been gaining momentum recently and had the momentum to climb up again.

Lin Yin hurriedly said, "I'll go too!"

Mu Cheng and his wife wanted to persuade Lin Yin to stay in the hospital, but they couldn't persuade her, so they could only let her be.

After all, this was a situation that Lin Yin had worked hard to control. They could understand how worried Lin Yin was.

Lu Ming was worried about Lin Yin and got someone to send the family doctor straight from the Lu Family's old residence to Dexin High School to wait.

When the four of them arrived at the school, the event location was already in a tense atmosphere. Lin Yin believed that as long as they were a step later, they would have broken into a fight.

Seeing Lu Ming and Mu Cheng arrive, Yue Han's cold eyes narrowed slightly. Then, he questioned bluntly, "Uncle Mu, Lu Ming, what do you mean? Lin Yin beat my brother unconscious, but you still got someone to stop me from bringing my brother to the hospital for treatment. I suspect that you want my brother to die!"

Mu Ran retorted bluntly, "Yue Han, what are you arguing about? Isn't Yue Chi still alive? If your Yue Family doesn't settle this matter today, no one can leave. You're using naive and innocent female students to curry favor with power and gain benefits, your Yue Family is really a beast!"

Yue Han's voice suddenly rose a few decibels as he said, "Mu Ran, I advise you to be careful with your words and actions. What happened today hasn't been decided yet. How is it our Yue Corporation's doing?"

"It's true that this reception banquet was organized by our Yue Family, but once this banquet ends, our Yue Corporation has no right to interfere with what these female students are doing. This is the students' free time. If you slander our Yue Corporation again, I'll complain to the relevant departments about your slander."

Chapter 908: Old Thing

The men kneeling on the ground beside him seemed to have suddenly cleared their minds and agreed with Yue Han's point of view.

"I'm really wronged. As soon as I entered this room, I was in a daze. I suspect that this student drugged me to make me sponsor more money and wanted to threaten me."

"Yes, I just found it strange. I usually can hold my liquor well, but I suddenly got drunk today. Look, I'm dizzy. I thought I was home. How could I have thought that the person who climbed into my bed was such a female student I've been sponsoring?"

"It seems like these poor female students want to obtain more funding and work together to set us up. We won't stop until they give us an explanation for this matter. They're so shameless at such a young age. They're simply evil!"

"I really didn't expect it either. We sponsored these female students so that they could have a good future. In the end, they turned around and schemed against us. They're simply snakes in one's bosom."

“As expected, our forefathers were right. They’re poor and cunning. These people are so greedy that it makes them so ugly, they’re unbearable to look at.”

“I’m angry and heartbroken at the thought that the child I sponsored has such bad character!”

“They’re so young, but they want to gain without working hard. They’re using bed-climbing methods to obtain benefits. Such a child is really a waste of our painstaking efforts!”

“They degraded themselves. They’re simply incorrigible! They humiliated their families and the school!”

“They’re too confused! Such actions not only harm themselves, but also make us, the people who have been sponsoring them, bitterly disappointed.”

Feng Yu, who had been silently accompanying her sister, was so angry that her eyes turned red when she heard such shameless words. She clenched her fists and rushed out, shouting at the top of her lungs, “You bastards! Bullsh*t! It’s obvious that you can’t control your lower body. Now, you actually distort the truth and push away all your sins. You’re simply too shameless!”

Lin Yin sneered. As expected, these people poured all the dirty water on those girls as she had expected.

They were clearly the ones who had harmed innocent students, but they turned around and placed themselves in the position of victims. Then, they framed the real victims as the abusers with ulterior motives.

They were so treacherous and cunning, it was detestable!

The person from the Li Family was Li Mu’s second uncle, Li Hui. At this moment, Li Hui also said with a cold expression, “President Mu, President Lu, my Li Mu has always emphasized that he’s here to investigate the actual situation of this sponsorship incident. Now, no matter what the facts of this matter are, Li Mu shouldn’t be involved and be treated as a suspect for no reason. What do the two of you think?”

Lin Yin's gaze landed on Li Mu, who had a calm expression and was not afraid at all. Then, she went forward with a mocking expression and asked, "Li Mu, right? So, you mean that you were drugged and bewitched by me just now?"

As soon as Lin Yin said that, Li Mu, who was originally calm, instantly felt a chill run down his spine, because several pairs of cold eyes shot straight at him.

He touched his face that had just been hit by Mu Ran and lowered his eyes to avoid those gazes.

Mu Ran couldn't help but curse, "You stupid old thing. I was wondering why my sister hit you for no reason. You're already so old, but you still want to attack a girl who can be your daughter. You dirty, shameless dog..."

Mu Ran did not stop scolding at all. He used whichever words were offensive. Everyone was dumbfounded. The gentle Best Actor that they saw on the silver screen was so disregarding of his image?

Li Mu finally interrupted and said, "Student Lin Yin, this is purely a misunderstanding. I'm really here to investigate. So apart from removing your makeup just now, I was also beaten up by you. Did I do anything to you? I did it to avoid being suspected, so I had no choice but to disguise myself as a masochist."

Li Hui only glanced at Lin Yin indifferently and did not take her seriously at all. He said in a low voice, "There are so many girls today, but you're the only one who hasn't been harmed. This is enough to prove a fact that Li Mu didn't participate in any premeditated power and lust games."

Chapter 909: Threat

After Li Hui finished speaking, his gaze turned to Mu Cheng and Lu Ming. He said calmly, "If you want to invite Li Mu to help you investigate this matter as an investigator, our Li Family won't stop you."

“But if you detain Li Mu here as a suspect, our Li Family will not be easy to talk to. Even if the Li Family is not as strong as the Mu and Lu Family, we will still protect the innocence of the Li Family with our lives.”

Once Li Mu was labeled as dirty, it was equivalent to the Li Family being labeled as dirty. He would not allow such a thing to happen!

Yue Han’s lips curled into a cold smile as he said, “Today, this happened in a school funded by our Yue Corporation. Our Yue Family has the obligation to investigate this matter clearly.”

As Yue Han spoke, he looked at Lu Ming and Mu Cheng. “Uncle Mu, Lu Ming, why don’t you hand these people, including these students, to me and I’ll deal with them? If you’re worried, we can call the police. I believe our police can also clear the innocent, right?”

“If these female students openly drug and frame these sponsors under the noses of our Yue Corporation, we will give all the sponsors an explanation.”

Feng Yu looked at Yue Han in disbelief. Yue Han clearly meant that this matter was the female students drugging and seducing the sponsors for some funding.

Looking at Yue Han’s confident expression, Feng Yu believed that there must be a problem in the police station. If her sister was sent to the police station, the truth would only be that her sister had plotted with her classmates to frame the kind-hearted sponsor for money.

Seeing that things seemed to have developed in the opposite direction, Feng Yu was sad and angry. It was clearly those innocent girls who were hurt, but because they had no power or influence, not only were they harmed, but they were also framed.

Why!

Feng Yu turned to look at Lin Yin and begged, “Yinyin, help my sister in this matter! My sister can’t have drugged someone for some funding. She’s innocent! She’s the victim!”

Yue Han immediately added, "Since she's the victim, call the police and let them investigate. This is good for both sides."

Feng Yu turned to look at Yue Han angrily and shouted, "Don't pretend to be sanctimonious here. Don't think I don't know that you powerful people have connections everywhere. You're in such a hurry to send her to the police station. Do you have people in the police station? Let me tell you, I can't let you send my sister to the police station."

Now that both sides were suspects, once Feng Rong went to the police station, she would be treated as a suspect for some time. During this period of time, anything could happen.

"Little girl, you'd better shut up if you don't have evidence. Otherwise, you might go to jail before your sister does!" Yue Han looked at Feng Yu coldly, his words filled with threat.

"Yue Han, are you threatening the victim's family?" Lin Yin asked coldly.

Facing Lin Yin's sharp gaze, Yue Han only chuckled and said, "Lin Yin, you have to be careful with your words. We still don't know who the victim is."

"I think it's a good idea to send her to the police station!" Lu Ming suddenly looked up at everyone and said this.

Lin Yin immediately turned her questioning gaze to Lu Ming, questioning what he wanted to do.

Lu Ming gave Lin Yin a reassuring look and said, "It's not a solution for everyone to argue like this. Why don't we send them to the police station first? I believe that the police in our country are still righteous."

Lin Yin suppressed the confusion in her eyes. Seeing that Feng Yu was about to retort, she shook her head at Feng Yu. Feng Yu frowned and paused, as if she was thinking about whether to trust Lin Yin.

Seeing that Lu Ming had spoken, Yue Han smiled and said, "Lu Ming it still has to be you. You're straightforward. If the police station proves the innocence of our Yue Corporation this time, we'll definitely go to the Lu Family to thank you another day."

“You’re welcome!” Lu Ming had a faint smile on his lips. “However, you will indeed thank me when the time comes!”

Yue Han was stunned for a moment. An uneasiness rose in his heart, but he had no other choice.

It was impossible to forcefully take Yue Chi away from the Lu and Mu families today, so he could only place Yue Chi in a place that made him feel at ease and slowly plan the next step.

Chapter 910: Du Jun

“In that case, I’ll get the police to bring people’ here,” Yue Han said as he picked up his phone to call the police.

However, his gaze was still on Lu Ming. Lu Ming knew that the chief of the police station was from the Li Family. Logically speaking, he should not be so calm. Could it be that Lu Ming was up to something?

Lu Ming ignored Yue Han’s probing gaze and turned to give everyone in the Mu family a reassuring expression.

Seeing this, Mu Heng pulled Mu Ran closer. He was afraid that Mu Ran would not be able to help but go up and beat him up.

The police arrived very quickly, but when he saw who it was, Yue Han’s expression froze.

“Where’s Director Li?” Yue Han glanced at Li Hui and Li Mu, who were also puzzled.

He had called the police chief directly just now. Logically speaking, when Director Li heard that his family was in trouble, he would definitely come personally to deal with it.

Why didn't he know any of the people who came?

The person said with a solemn expression, "Li Lu was reported for accepting bribes and has been taken away by the investigation team. I'll take over from here."

Yue Han's gaze suddenly turned to Lu Ming. He knew that Lu Ming had something or someone to rely on when he agreed to let them send everyone to the police station. He did not expect Lu Ming to take Li Lu away.

When Li Hui heard that his own people had been taken away, his eyes were instantly filled with ruthlessness. This Lu Ming was too fast. He had dragged down the police chief, who was the Li Family's backer, in a short period of time. He was a meddler.

Thinking of this, Li Hui glared at Li Mu, expecting better from him.

Li Mu was not in a good mood at the moment. When Lu Ming was still in the military, he relied on a few merits to suppress the halo of the merits he had gotten from being in the military for more than ten years.

He had been in the military ten years earlier than Lu Ming. Without Lu Ming, he was considered a top figure in the military. In the end, when Lu Ming came, his halo was snatched away.

It was also because of Lu Ming's excellence that his path to promotion was abnormally difficult in those few years. In the end, on top of relying on the Li Family's full strength, he could only reach his current position after Lu Ming left the military.

He did not expect that he would fall into Lu Ming's hands again.

He had really seen a ghost. He wondered if Lu Ming was born to jinx him.

Lu Ming introduced, "Yinyin, let me introduce you. This is Du Jun, Hou Ning's father."

Lu Ming knew that Lin Yin was worried. He told her Du Jun's identity so that Lin Yin could leave the matter to him without worry. This was to prevent Lin Yin from worrying that the people in the police station were from the Yue or Li families.

Mu Cheng and his wife did not expect this ordinary-looking man to be Hou Fang's husband, the live-in son-in-law of the Hou Family.

When Hou Fang got married, the two of them had attended the wedding, but they had only met once at that wedding. Later on, they had not heard any news about Du Jun.

Unexpectedly, this person developed silently in a place that no one could see.

Mu Cheng and Ye Wen nodded at Du Jun as a greeting.

Yue Han, who was opposite him, was a junior. He had never heard of a person like Du Jun.

Li Hui and Li Mu looked at Du Jun with ugly expressions. They were naturally not familiar with small figures like Du Jun. But when it was mentioned that he was Hou Ning's father, they knew who it was.

Hou Ning had just been promoted a while ago. With Hou Ning's current promotion speed, she would be on par with Li Mu in less than two years.

Of course, this was not the main point. The main point was that recently, Hou Ning, who had always been neutral, seemed to have the intention to interact with the Li Family's political enemies.

At this moment, it was difficult for both Li Hui and Li Mu not to suspect that their opponents were behind this.

"Lu Ming, what do you mean?" Yue Han suddenly asked. "You asked your people to handle this matter. Could it be that you want to avenge your little lover and plan to charge my brother with groundless crimes?"

Before Lu Ming could refute, Du Jun's serious voice sounded with authority. "Mr. Yue, don't worry. I'll definitely investigate this matter thoroughly. I'll definitely be open and fair. I won't wrong anyone and I won't let off any guilty person."

Yue Han snorted and said, "Everyone knows how to say nice things. Hmph, everyone in the capital knows that Lu Ming has a close relationship with your Hou family. Lu Ming is even closer to Hou Ning. Perhaps you'll be Lu Ming's father-in-law in the future."

"Lu Ming has a conflict with my brother because of Lin Yin. I'm afraid that if I hand my brother over to you, I won't even know how he dies."
