Chapter 1321 Trespassing

"A group of bodyguards in suits appeared out of nowhere and gave me a heart attack before I could see anything inside. All of them were armed, too. If I hadn't acted fast enough and ran out of there, I wouldn't be here in front of you two. Ugh. This place is f*cking terrifying!"

Kisa looked at him in surprise. "Really? How many bodyguards were there? Did you see clearly?"

"Ten, at least. All of them looked big and ferocious," Kelvin said in a deep voice. "What do you think is in there? The security's so tight. Could the Mullens be hiding some kind of treasure inside?"

"You're right," Kisa answered subconsciously.

Kelvin froze. Then, he looked at Kisa curiously. "Really? Mr. Mullen Sr. probably already has everything he could ever want, right? I wonder what kind of treasure would make him take such strict security measures?"

"I don't know." Kisa shook her head. "Mr. Mullen Sr. admitted that there's something precious in there, and he even warned me not to go inside without permission. Otherwise, there'd be consequences."

"Tsk, tsks... I'm sure that he's hiding something in there."

"Right. I think so too."

As the two of them chatted happily with each other, Gilbert realized that he was once again the unwanted person in that conversation.

Kisa turned and looked at Kelvin. "Did you say that you're an all-rounder?"

"Yeah. I'm pretty skilled in maternity too. You can hit me up anytime if you're facing any problem of that sort."

Kelvin smiled as he spoke. Then, he felt a chilly gaze sneaking up on him.

He turned around and saw that jealous man glowering at him aggressively.

Kelvin was ridiculed as he rolled his eyes.

Then, he said to Gilbert, "Please bear in mind that I'm a doctor. I treat everybody equally."

Kisa realized how hostile Gilbert looked when he stared at Kelvin.

She could not stand him anymore, so she slightly pushed Gilbert away.

"That's enough. We know how impressive you are, and we can never be as good as you. So, please stop glaring at us with those vicious eyes. We'll stop upsetting you."

Gilbert's face was red with anger. "Is there really so much for you to talk about? I just finished two sticks of cigarettes, yet both of you are still chatting?! What is this about? Is it really so funny that both of you are smiling so happily?"

Kelvin and Kisa immediately put their smiles away.

Then, Kelvin gazed at him resentfully. "You're the one who asked me to come here. Why are you getting so angry now?"

"I'm asking you to leave now then. Get lost."

"Y-You'd better watch your words!"

Kelvin was frustrated. 'This guy is getting more and more reckless. He's only taking his anger out on me because he's afraid of his own wife. Damn it!'

Kisa looked up and saw Gilbert's dark expression. Then, her eyes sparkled as she purposely held her hand on her stomach and said, "Ah, my stomach hurts. Let's head back. I need to lie down."

'Gilbert cares about the baby a lot. I'm sure that he won't ignore the baby no matter how angry he is, right?'

As expected, the look on Gilbert's face immediately changed. He wrapped his arm around Kisa's shoulder and asked nervously, "Why is your stomach hurting? Are you too tired?"

Kisa shook her head. "It's just aching a little. Let's stop arguing and head back. I need to take a rest."

Then, she pursed her lips and said, "Nothing. I'm just wondering what's behind that door."

Kelvin burst out laughing. "Me too, but I don't dare to go in there again. It's just f*cking terrifying."

Gilbert looked at her deeply. "Are you really so curious about it?"

'I can't stand this woman. We're already so far away from that arched door, but her gaze has never left it until now, Gilbert thought.

Kisa nodded. "Yeah. Kelvin is too."

Suddenly, Gilbert nodded. "All right. I'll try to persuade Mr. Mullen Sr. and see if he would bring us in there to have a look."

"Really?" Kelvin walked faster to catch up to them.

Chapter 1325 You Scared Me

Kelvin did not realize it when Kisa and Gilbert came over.

He stared absentmindedly at a particular spot, muttering to himself. No one knew what he was saying.

He looked like he had not slept well last night. The dark circles under his eyes were very obvious, making him look exhausted and listless.

Kisa subconsciously looked at Gilbert, "Did he rob someone last night?"

Gilbert shook his head, "Who knows?"

As he said that, he walked toward Kelvin and patted his shoulder.

Kelvin was shocked and suddenly screamed loudly, almost falling from his chair.

Kisa, standing at the side, puzzledly stared at him, "What are you doing? Why such a dramatic reaction?"

"What are you guys doing? Why did you suddenly pat my shoulder? You scared me."

Chapter 1326 Unexpected Guest

He leaned over to Gilbert as he lowered his voice, "Actually, I heard that there's a drug that'll make you mentally unstable if you take it for a long time."

Gilbert looked serious, "Mentally unstable?"

"Yes. It's a psychotropic substance. I've heard that if someone takes it, that person will start constantly having nightmares. After taking it for a long time, it would cause the person to hallucinate and be unable to distinguish dreams and reality. After that, the person would suffer a mental disorder."

Kisa suddenly felt a chill down her spine as she quietly listened to that.

"Are you saying someone fed me that kind of psychotropic drug?" Kisa asked, tense.

Kelvin was not sure, "You should think carefully. Did you eat something weird?"

Kisa shook her head, "I didn't. I had my breakfast, lunch, and dinner with everyone in the Mullen residence. Why did I constantly have nightmares, but not Gilbert? We ate the same food and drank the same water. If I wasn't in the Mullen residence, I'd normally eat out. The people working at the restaurant outside don't have any beef with me. They wouldn't hurt me."

Vivian took the hint instantly. She then winked at the maid beside her.

The maid nodded as she asked Carrie to leave, "Ms. Carrie, Ms. Mullen is having her treatment now. If you need something, you may come back again later."

Carrie suddenly did not look happy, but she was clearly a little afraid of Vivian.

She noticed that the maid wanted to come over to ask her to leave.

She hurriedly said to Vivian, "That b*stard Anthony was freed after only two days even though dad punished him to kneel for a week. After all that talk, dad still felt bad for that b*stard. Apparently, he was just too hungry and fainted at the ancestral hall. What's the big deal? Did he really need to be freed because of that? Dad didn't consider all the things Anthony did that embarrassed the Mullen family so badly."

Kisa was stunned for a moment.

Chapter 1328 Humans Are Complicated

Vivian stared at her as she mumbled, "At that time, he said to me that he wasn't sure what to do. He was so drunk that he was crying in front of me. He said that he liked that woman very much, but he couldn't accept her because her mother came from an inferior background. Anthony and his mother were being looked down upon a lot, so he couldn't accept a woman who had such a cheap background."

Kisa was a little shocked.

'So, Anthony actually likes Lea. If this is true, that's great news. If he confesses his love to her, I believe it'll lift Lea's spirits.'

But Kisa was being naive in assuming that everything would turn out so perfectly well.

Little did she know the world was cruel, and that humans were complicated too.

A relationship that is not taken seriously can only become a tragedy that one will end up regretting for the rest of their life.

In the afternoon, Kisa went to Felicity's place with Gilbert.

Although they were staying in the Mullen residence, the Mullen family did not control their movements.

Before they left, Mrs. Mullen Sr. even kindly said to them, "We'll keep a room for the two of you. You can come and stay here anytime you want."

"I was so happy when Davian told me you were pregnant. I even told him that I wanted to ask you how it felt to be pregnant. But after hearing that, Davian was worried. He told me I shouldn't look for you and that I shouldn't tell you that you were pregnant."

Felicity leaned against the wardrobe as she looked at her with a smile, "Davian said Gilbert tried very hard to keep this from you. He asked me not to screw up Gilbert's plan. He also said that Gilbert cared about this child very much. He didn't dare to tell you about this pregnancy. He'd rather hide this from you and went through so much agony to do so because was afraid that you wouldn't want this child and would secretly abort your pregnancy if you found out."

Kisa pursed her lips. She dully said, "There's no way an ordinary human can understand what Gilbert's thinking."

Felicity laughed as she nodded, "That's true. We can't understand what he's thinking. But this also means that he truly cares about this child. He cared about this child so much that he was afraid of so many things."

'That's true. Gilbert isn't afraid of anything at all, but he was afraid that I'd abort his child.'

Thinking about Gilbert made Kisa feel both mad and amused.

Gilbert and Davian were talking about work all the while. They were in the study room. They did not come out of the room at all.

During dinner time, Felicity could only ask the maid to serve them dinner in the room.

After Kisa finished eating her dinner, she chatted with Felicity a little before going to her room to rest.

She leaned against the bedhead to read entertainment news on her phone after showering.

Kisa sounded exceptionally worried and fearful.

Her back was very sweaty and her shirt was sticking onto her back. She felt extremely uncomfortable.

He used his warm, big hand to caress her cold and tensed back.

He said in a low voice, "Don't be scared. I'm here It's okay."
