Chapter 291 Wu Chenxi

Finally, she stood up and sighed, "I'll go with you. . ."

She had to see if this was true for herself.

He Xinyan let out a breath of relief and took a look at the clock on the wall, causing her heart to rise again. There was only about half an hour! She didn't even know how long it would take to drive there.

At least she was certain about who was behind all of this now.

Wu Yin followed He Xinyan down to her car and before long, they were on their way to the address Gu Ye Chen had got.

As they drove, He Xinyan called Gu Ye Chen, who quickly picked up.

"Ye Chen, I found Wu Yin. She is the one we are looking for. Take your time, I am on my way right now. Just try to drag the time out, okay?"

Gu Ye Chen knit his eyebrows together as he pulled the car over to the sidewalk and gulped, "Okay. I am only about 5 minutes away from the warehouse. I'll wait a little. . . So, Wu Minger is behind this."

He Xinyan sighed as she glanced at Wu Yin, who was also listening since her phone was on speaker mode, "Yes. Maybe also her brother. . ."

Gu Ye Chen scoffed, "So she had purposely agreed to date Yebei for this reason?"

He Xinyan was a little scared by the tone of his voice but she also agreed with him. Wu Minger's motives weren't pure. . .

She had remembered back to when Wu Minger and Gu Yebei had started to date. It was still back when she was filming the drama with Gu Yebei and Yang Siyue.

After careful thought, she finally remembered how after they started dating, Wu Minger was a little off. No wonder. . . She hadn't thought much about it back then, but now it made sense.

"Okay, just take your time. I'm coming over, okay? See if you can text the person and find out where they are hiding. They are probably near the warehouse since they have to check if the contract you provided is real and give you Gu Yebei."

Gu Yechen nodded, "Okay? I'll text them."

He Xinyan hung up the call and pressed down further on the gas pedal, speeding the car up. They were way past the speed limit, but it didn't matter.

Wu Yin grasped on tightly to her seatbelt, her eyebrows tightly furrowed together.

"It's okay, Auntie Wu. I'm sure you will be able to know everything you want to know after you see them, and hopefully. . . stop them."

Wu Yin nodded her head, "I'm so sorry for causing all this trouble for you, Yanyan. I did not know that your husband was the son of brother Hanyu. I also did not know that Minger and Chenxi knew about it all! And. . . kidnapping Gu Yebei?!"

Wu Yin sighed, "Those two children. . ."

He Xinyan smiled softly, "Hopefully we will be able to stop them."

Half an hour later, they finally arrived at the warehouse area, but there were several warehouses, and they had to figure out which number it was.

They parked a distance away so Wu Minger and Wu Chenxi wouldn't think Gu Yechen had brought other people and ran out, searching for the warehouse number.

He Xinyan then saw Gu Yechen's car a few feet away, and they ran over.

"This is the second warehouse," He Xinyan exclaimed, pointing at the red number imprinted on the warehouse.

Gu Yechen wasn't inside his car as they were a minute late already, and they immediately ran in to see Gu Yechen walking away from the chair, which had the contract on it.

His eyes widened when he saw He Xinyan standing there with Wu Yin, and he immediately walked over, "You're here!"

He looked around the empty warehouse nervously and so did He Xinyan. If Wu Minger or Wu Chenxi was actually watching them, then -

Suddenly, there was a loud bang as the backdoor of the warehouse was suddenly pushed open.

At once, Gu Yechen pushed He Xinyan behind him in a protective manner, and she grabbed onto his hand.

They waited for a few silent seconds before then, there was the sound of footsteps and then a person came into view.

"Chenxi!" Wu Yin screamed as she ran over.

He Xinyan looked over and saw Wu Chenxi wearing a black suit, his hair slightly messy. What was he doing in here?

Wu Chenxi ran over to his mom and grabbed onto her hand, "Mom, what are you doing here?"

At once, Wu Yin lifted her hand up and began slapping Wu Chenxi on his arm, "What am I doing here?! I should be asking what you are doing here? Did you really kidnap Gu Yebei?!"

Wu Chenxi's expression changed slightly as his eyes landed on Gu Yechen and He Xinyan, "So you still ended up bringing someone with you. . . And it is my mom! It seems like you don't really care about your brother."

He grinned as he tilted his head slightly, saying into what seemed like an earbud, "Minger, kill him."

He Xinyan's eyes widened as she looked over at Gu Yechen alarmedly.

However, before either of them could make a move, Wu Yin snatched the earbud out of Wu Chenxi's ear and put it into her own.

"Wu Minger, are you over there?!"

Wu Chenxi tried to take his earbud back from his mom, but Wu Yin swatted his hand away. There were a few seconds of silence before Wu Yin then said, "Come over with Gu Yebei! Now!"

Then, she threw the earbud onto the ground and stepped on it, causing Wu Chenxi to take a step back in fear.

"Mom, what are you doing here?"

Wu Yin turned to look at her son and then the next second, there was a loud slap and He Xinyan gasped in surprise.

Wu Yin had slapped Wu Chenxi across the face!

Wu Chenxi was also in surprise for several seconds as he slowly looked up at his mom in shock. Wu Yin's eyes were slightly red as she looked like she was almost going to cry.

The two of them stared at each other for a few seconds before there was another bang as Wu Minger came running into the room.

First, she saw He Xinyan and Gu Yechen, and there was a change in her expression as she quickly looked away with guilt and sadness on her face.

Then, she saw her brother and mom and she walked over.

"Mom, why are you here?"

"You two!" Wu Yin looked so angry He Xinyan couldn't help but be afraid that she would get a heart attack at any moment, "First, go apologize to Yanyan and Gu Yechen! Also, where is Gu Yebei?"

Wu Chenxi narrowed his eyes, "Apologize? Why should we apologize?!" Mom, they are Gu Hanyu's kids. They -"

Wu Yin continued to hit Wu Chenxi angrily, "What do you know?! And you dragged your sister into it with you, didn't you?!"

Wu Minger looked down guiltily and didn't say anything. From her reaction, it was quite clear that Gu Chenxi had pulled her into it.

"Where is Gu Yebei?!" Wu Yin screamed again, this time towards Wu Minger.

Wu Minger looked up at her brother, who seemed extremely annoyed, and slowly said, "I'll go get him."

She slowly walked out of the warehouse, looking down at her feet the entire time.

They waited in silence for a few minutes before finally, there was the sound of footsteps and then Wu Minger returned with Gu Yebei following slowly behind her.

He Xinyan immediately walked out from behind Gu Yechen and called, "Gu Yebei!"

Gu Yebei looked up surprisedly and immediately ran over, wobbling slightly.

"Brother, you didn't give it to them, right?"

Gu Yechen looked over his brother with a worried expression, although he was trying not to show it too much, "Don't worry, your brother isn't dumb. I didn't."

Gu Yebei let out a sigh of relief.

"See what you two did?! What do you even know?"

The three of them looked up as they began to watch the show going on right now between the mother and children.

Wu Chenxi glared over at Gu Yebei and Gu Yechen before looking back at his mom, "You should know better than me. The Gu Corporation belongs to us! My dad was the oldest son of the Gu family. They stole it from us. They kicked dad out of the Gu family! We shouldn't be living like this right -"

Slap!

He Xinyan gasped again as she looked over at Gu Yechen, not sure if she should be happy or scared. Wu Yin had slapped her son again.

Wu Chenxi clenched his fists together but he couldn't do anything since Wu Yin was his mom.

"You don't know anything!" Wu Yin took quick and shallow breaths, almost like she was losing air, "How did I not know that you were so stupid and selfish all this time?!"

Wu Chenxi pressed his lips together and didn't say anything.

"You think they kicked your dad out of the Gu family?!"

Wu Chenxi nodded his head eagerly, getting more angry as he talked about it. Why did they kick his dad out of the Gu family?! He was the oldest son!

Wu Yin put one hand over her chest and Wu Minger also looked up, a little scared that her mom would pass out from being too mad, "You think your dad was kicked out of the Gu family?! He wanted to leave himself!"

Chapter 292 Wu Chenxi's Apology

Wu Yin put one hand over her chest and Wu Minger also looked up, a little scared that her mom would pass out from being too mad, "You think your dad was kicked out of the Gu family?! He wanted to leave himself!"

Wu Chenxi frowned slightly but didn't seem to believe his mother's words, "How is that possible?!"

Wu Yin finally couldn't hold it in anymore as tears began flowing down her cheeks. Wu Minger pressed her lips together guiltily and walked over to her mother.

"Your father wanted to leave the Gu family himself. He had always wanted to leave! I was only an excuse and the last straw for him. . . He never enjoyed living in the Gu family. It was complicated and tiring. Your dad wanted to live a simple life and cut ties

with all the drama, but now you two are trying to get evolved again!" Wu Yin took a deep breath and glared at her son, who she knew was the main one behind it.

From behind, Gu Yebei was the most confused. He looked over at Gu Yechen and He Xinyan and asked quietly, "What is this about? I don't even know why I got kidnapped. Who is their father?"

He Xinyan glanced at him and sighed, "It's complicated. I'll explain to you later."

Gu Yebei shrugged and brushed off the dust on his clothes. Then, he looked up at Wu Minger as his expression turned serious. Several emotions flashed past his face before he looked down again.

Wu Chenxi's face paled slightly upon hearing that. However, the next second, he continued to shake his head, "That can't be true! That -"

"Well it is!" Wu Yin glared at her son and then at her daughter, "Everything your father did was for you guys, but now it is going all to waste because of your stupidity and greed! He wanted all of us to have a simple and easy life, but now you guys are ruining all of it."

Wu Chenxi did not expect things to turn out like this, and he was obviously at a loss for words as he stared blankly at the ground.

Wu Minger also pressed her lips together a little guiltily, and she gently placed one hand onto her mother's arm, "Mom, calm down."

Wu Yin threw her an angry glare and asked, "Did you take part in coming up with this plan too?"

Wu Minger didn't say anything as she looked over at her brother, who immediately spoke up.

"No, she didn't. It was my plan. I came up with everything and pulled Minger into it. She was just listening to me."

Wu Yin glared at her son and slapped him on the arm again. She had guessed this, because she knew her daughter wouldn't be brave or "smart" enough to come up with a plan like this.

"Hurry and go apologize!" Wu Yin said angrily, pointing at where Gu Yechen was standing.

Wu Chenxi looked over at them before asking again, "Dad really didn't get kicked out?"

Wu Yin put one hand up to her forehead helplessly and sighed, "No, he didn't! He wanted to leave himself. . . for me. I wanted a simple life away from all that drama and fighting, and he did too. He left because he wanted to, not because the Gu family kicked him out or something!"

Wu Chenxi furrowed his eyebrows together. To be honest, he didn't do all of this because he wanted more money or power. After hearing only one side to the story, he was just angry that his father got kicked out for some unknown reasons, and he wanted to get back at the Gu family.

He didn't think that. . . that he got it all wrong.

"Hurry! Or else I won't help you when they decide to go call the police!"

Wu Chenxi gulped and looked down, his eyes dilating as he thought about everything he did. Why did he do all of that? Did he actually want to do that?

He committed a crime! Wu Chenxi shook his head in shock before he finally turned around and slowly walked over to Gu Yechen, Gu Yebei, and He Xinyan.

He stopped about a foot away from them, and just as He Xinyan was beginning to wonder how he was going to apologize, there was suddenly a bang.

She jumped back in surprise and gasped at what just happened. From afar, even Wu Yin and Wu Minger were also surprised.

Wu Chenxi. . . He kneeled down!

The only one that didn't seem surprised at all was Gu Yechen, as he looked down coldly at Wu Chenxi, who had his head down, looking at the ground.

"Please forgive me. I am wrong. . . Please forgive me!" Wu Chenxi said with his head down towards the ground so they couldn't make out his emotions at the moment.

However, from his voice, it sounded as if his apology was quite genuine.

Gu Yechen glanced down at him coldly and didn't say anything for several seconds, "If I hadn't come or gave you a fake contract, would you have actually killed Gu Yebei?"

Wu Chenxi looked up slightly and He Xinyan noticed that his eyes were red. Wu Chenxi pressed his lips together before finally saying, "I don't know. . ."

Gu Yechen smirked, "How would you not know?"

"I. . . I didn't think of that. Maybe?"

Even though Wu Yin was mad at her son, he still ultimately was her biological son. She couldn't just not care about him.

She slowly walked over with Wu Minger next to her and looked over at Gu Yechen, "Mr. Gu, I sincerely apologize for my son. He had the wrong information, but even so, that isn't a reason for why he should ever do anything like this. It is my fault that I didn't raise my kids well."

Gu Yebei looked over at Wu Yin, who he had met before once with Wu Minger, and then his eyes moved over to Wu Minger.

Wu Minger was looking down, but at this moment, she looked up slightly. Their eyes met for a quick second, but Wu Minger immediately looked down again with shame.

Gu Yebei felt a stinging pain in his heart as he also looked down. To be honest, during his time here Wu Chenxi wasn't extremely pleasant with him. Wu Chenxi didn't hurt him or anything, and he was fed and allowed to roam inside a small room.

He had met Wu Minger only twice during his time there, probably because Wu Minger couldn't bear the shame to go in and face him.

However, he did know that it was Wu Minger who convinced his brother to let him roam freely in the room instead of being tied up with ropes, and she had snuck some food in for him as well.

Even so. . . After this situation, their relationship was definitely ruined. Even if the both of them still had feelings for each other, this crack definitely ran quite deep.

Gu Yechen was never a kind or merciful person, and he was in an especially bad mood after everything that happened. He leaned forward slightly, glaring at Wu Chenxi.

"Hm. . . I wonder what I should do? Should I call the police to punish you or should I punish you myself?"

Wu Yin, Wu Chenxi, and Wu Minger all tensed up by this comment, and Wu Yin also knelt down after hearing this, "Please, please, Mr. Gu! Be merciful. I promise that this will never happen again. He was wrong, but please give him a second chance! I promise that I will punish him myself."

He Xinyan frowned when she saw Wu Yin kneel down, and she immediately walked over and pulled her up, "Auntie Wu, it isn't your fault."

Wu Yin shook her head as she continued to cry, "It is. I didn't raise him well. . . If only I had told them about it earlier, maybe all of this wouldn't have happened!"

She turned and looked at Gu Yebei, filled with shame and sadness, "Yebei, you are a great kid. I am so sorry about what happened."

Gu Yebei pressed his lips together and didn't say anything. He wasn't furious about what happened since it wasn't extremely bad. He didn't get hurt or mistreated in any way. However, it was still quite a scary experience.

He Xinyan sighed and let go of Wu Yin's arm. She looked over at Wu Minger, and their eyes met in midair for several seconds.

Wu Minger also knew that her friendship with He Xinyan might never return to what it used to be, and thinking about it caused a sour feeling inside her to grow.

She clenched her fists together and finally looked away.

He Xinyan kept her eyes on Wu Minger for a few more seconds, almost as if she was trying to read her. He Xinyan also knew that Wu Minger probably wasn't the main force behind what happened.

They had been friends for so long. . . He Xinyan knew Wu Minger. She wouldn't do that if it weren't for her brother.

She sighed and turned around, walking back to Gu Yechen, who was still angry as he coldly stared at Wu Chenxi, obviously not planning on forgiving him or being merciful.

He Xinyan looked down at Wu Chenxi, who she had always thought of as her older brother figure. She did not know what happened to him, but she did not remember him to be so stupid and greedy.

Finally, she grabbed onto Gu Yechen's hand and looked up at him with a smile, "Let him go this time."

Chapter 293 Wu Family's Departure

Finally, she grabbed onto Gu Yechen's hand and looked up at him with a smile, "Let him go this time. Everyone makes mistakes. . . His mistake this time may be bigger than others. Plus, nothing happened to Yebei. Hopefully, he learned from his mistakes this time."

Wu Chenxi nodded his head silently, and Wu Yin looked up at He Xinyan gratefully.

Gu Yechen glared at Wu Chenxi for a few more seconds before looking down at He Xinyan, his scary expression disappearing.

Finally, he nodded his head. Of course he listened to whatever his wife said!

"I do not want to see any of you ever again. I don't care where you go, but leave Country Z right away. Understand?"

Wu Yin immediately nodded her head as she ran forward and lifted Wu Chenxi off of the ground, who was crying by now.

"Thank you, Mr. Gu! Thank you, thank you." Wu Yin wiped away her tears as she continued to bow. She shot her son another angry glare before turning around.

"Let's go."

The three of them turned around and slowly walked out of the warehouse. At the backdoor, Wu Minger couldn't help but turn her head around one last time, her eyes meeting with Gu Yebei.

Then, she immediately looked away again and the three of them disappeared out of the warehouse.

An hour later, everyone was gathered in Xu Mengya and Gu Hanyu's house. Xu Mengya immediately burst into tears upon seeing them, and she ran over, pulling Gu Yebei into a hug.

Gu Yebei was obviously very surprised by his mom's action, since Xu Mengya usually scolded him whenever they met.

"Oh, we were so worried about you! Can't you be more careful?!" Xu Mengya pulled away and turned Gu Yebei around, looking him up and down.

"You aren't hurt, right?"

Gu Yebei felt a gush of warmth spread around his body before he shook his head, "No, I'm fine."

Xu Mengya glared at him once before sitting back down on the couch, "Yechen, nothing happened right?"

Gu Yechen nodded his head, "Don't worry. Yanyan arrived just in time."

Xu Mengya looked over at He Xinyan gently, "Oh, thank you Yanyan! You are the lucky star of our family!"

He Xinyan chuckled and shook her head.

That night, they ate a happy dinner together cooked by Gu Hanyu and Gu Yechen together and they talked about many things, avoiding the topic of the Wu family.

The next day, the Wu family left their apartment early in the morning with all of their things packed in suitcases.

The three of them walked quietly with Wu Chenxi and Wu Minger walking behind their mom. The two of them didn't talk to each other, and both of them looked down at the ground as they walked.

Yesterday was a long and scary night. . . Although Wu Yin did help Wu Chenxi in the warehouse, that didn't mean she wasn't mad anymore. After they returned home, Wu Yin did indeed punish Wu Chenxi and also scold Wu Minger for several hours.

She also bought the closest airplane ticket to Country Y for the three of them since Gu Yechen had made it clear that they had to leave.

They entered a taxi and sat in silence for about half an hour before they stopped at the base of a mountain. Wu Yin got off and Wu Chenxi and Wu Minger quickly followed.

This wasn't an airport. It was a graveyard.

They walked up the mountain and stopped in front of a line of graves. At the third one, Wu Yin knelt down in front of it, placing a bouquet of flowers and a container of food she had made in front of the silent grave.

Wu Chenxi and Wu Minger stared at the picture on the grave and the name that was imprinted.

'Gu Hanwu'

Wu Yin talked for several minutes to herself, seated in front of the grave. She talked about everything that happened and started crying as she did so.

Wu Chenxi and Wu Minger both stood guiltily behind her, listening to her speak.

Finally, Wu Minger bent down slightly and said, "Mom, it's almost time for the flight."

Wu Yin nodded her head and slowly stood up. Then, the three of them walked down the mountain and back onto the taxi.

About an hour later, they were waiting in line to check their tickets and enter the plane.

They stood in line silently, slowly inching forward every few seconds.

Finally, it was their turn and Wu Yin first handed her ticket to the worker. She checked her passport and then Wu Yin disappeared down the boarding bridge, not waiting for her two kids.

Wu Chenxi was next, and he also quickly left, following after his mom.

Wu Minger moved forward, handing her ticket and passport over to the worker. The worker looked through them quickly before handing them back to Wu Minger.

She grabbed onto her suitcase, getting ready to leave. However, as she stepped foot onto the bridge, someone suddenly called her name.

"Minger!"

She turned back around instinctively after hearing the voice, the voice that she knew too well. The voice that belonged to Gu Yebei.

She looked around the airport filled with bustling people, standing on her toes to look past the long line of people.

She scanned the entire airport but could not see who she was looking for. She stood there blankly for a few more seconds before she stood back down onto her heels.

Then, she turned around and slowly disappeared down the boarding bridge. She was probably hearing things. . .

A few minutes later, everyone had boarded the plane and the boarding bridge closed. After it did, a tall man walked out from behind a wall and walked over to the glass, looking out at the large plane.

From inside the plane, Wu Minger was seated on the seat near the window. She pushed open the blinds and looked out the tiny window at the airport. She could kind of make out the people inside bustling around, walking hurriedly around the airport.

She stared at it for a few seconds before turning back around, closing the blind, and closing her eyes.

From inside the airport, Gu Yebei stood there for a very long time, staring at the plane. Finally, he watched as the plane slowly drove away, entered the large railway, and then flew off into the sky.

Even after the plane was gone, he stood there for a very long time, staring blankly at the empty road. Finally, his eyes widened slightly as he suddenly thought of something.

He took out his phone and called his mother, who quickly picked up this time.

"What is it?"

Gu Yebei took a deep breath before saying, "Mom, I'm going to leave."

There were a few seconds of silence before, "What?!"

Gu Yebei pulled the phone away from his ear from the sudden loud scream.

"What do you mean by you're going to leave?!"

Gu Yebei gulped as he turned around and began walking out the waiting area, "I'm going to Country Y."

"Hm?! Why?!" Xu Mengya jumped up from the couch and walked over to the living room to go find Gu Hanyu.

Gu Yebei quickly thought for a few seconds before saying, "I heard my brother say that there is a project in Country Y, and they are planning on starting a business there. I want to quit the entertainment industry and go work there in the company."

". . ." There were several seconds of silence.

"Mom? Are you there?"

"Ah!!!" There was a sudden scream, "Hanyu, did you hear that?!"

Gu Yebei furrowed his eyebrows together, "Dad?!"

The screaming went on for several seconds before Xu Mengya finally calmed down, "Yes, yes, Yebei! You want to get into the business as well?"

Gu Yebei cleared his throat a little awkwardly because he knew he was half lying, "Um. . . yes. I am sick of the entertainment industry. I want to go work there. I have never visited Country Y before."

Xu Mengya excitedly patted her husband on the arm, "Did you hear that?! Yebei also wants to go to work now."

However, the next second, she frowned slightly, "But Yebei, why go to Country Y? It's okay, you can stay here. I'll have your brother give you a good position in the main office of the Gu Corporation."

"No, no, no!" Gu Yebei said hurriedly, "I want to go to Country Y! I want to help start the new company there. I can learn new things alone as well. Plus, Country Y is quite nice."

Xu Mengya thought for a few seconds and finally shrugged, "Okay. Country Y isn't too far away. When do you plan on leaving?"

"I need to get ready and brother has to arrange a post for me over there. I'll leave tomorrow."

"Tomorrow?! So soon!"

Gu Yebei shrugged, "I'll talk to you later, okay? Bye mom."

He hung up the call and walked out of the airport, entered his car, and drove away.

The next day, the entire family was gathered again at the airport to send Gu Yebei away.

Gu Yechen stared at his brother suspiciously, obviously not trusting him. He knew his brother too well. There was no way his brother just suddenly wanted to enter the Gu Corporation.

While they were waiting, Gu Yechen quickly pulled his brother aside and glared at him.

"You are going to Country Y for Wu Minger, right?"

Chapter 294 The Return

"You are going to Country Y for Wu Minger, right?"

Gu Yebei's eyes widened slightly and he quickly tried to hide it, "Haha, what do you mean, brother?"

Gu Yechen shot him an angry glare and placed his hands into his pant pockets, "The Wu family also left for Country Y yesterday. You don't have to lie to me, Gu Yebei."

Gu Yebei chuckled awkwardly and scratched his head, "Brother, you won't tell mom or dad, right?"

Gu Yechen glared at him, "Why are you still so persistent after what they did?!"

Gu Yebei's smile disappeared as he sighed, staring up at the airport ceiling, "I told myself that it was impossible after I realized what had happened. However, you know. . love is blind. I tell myself that I can't love her anymore, but I can't stop myself."

He turned around and looked at his brother with a soft smile, "If sister-in-law did something like that, would you stop loving her?"

Gu Yechen blinked a few times a little blankly, staring into his brother's eyes. Finally, he pressed his lips together and nodded his head.

If He Xinyan actually did that. . . He chuckled softly. He was glad that He Xinyan wasn't against him. If she was, then he would willingly give his life to her. She could ask for anything from him, and he would give it to her.

He sighed as he tilted his head slightly, looking over at He Xinyan, who was playing with the baby boy. Then, he looked back at his brother and placed one hand onto his shoulder.

"Good luck."

Gu Yebei smiled, "Thank you."

An hour later, the airplane flew off into the sky, and the 6 of them watched as the airplane disappeared.

After he was gone, the 6 of them left the airport and went separate ways. Gu Hanyu and Xu Mengya left for their house, while Gu Yechen and He Xinyan and the two babies left for theirs.

In the car, Gu Yechen told He Xinyan about the true reason why Gu Yebei left. He Xinyan was indeed surprised, but it quickly went away. She didn't believe that Gu Yebei's feelings for Wu Minger were gone after that incident. She also didn't believe that Wu Minger's feelings for Gu Yebei were gone after that incident.

She sighed and looked out the car window. Hopefully, something good will happen in Country Y.

--- Two Years Later

In the airport, 6 people stood in front of the arrival area, waiting for someone familiar to walk out. There were four adults, and next to them, two babies ran around.

One wore a cute pink dress and the other wore a sky blue suit. As people walked around, they couldn't help but stop to take a look at the cute little children.

He Xinyan turned around and walked over to the two little kids, "Come here, Lanlan, Pingping. Your uncle Yebei is coming soon. Stand here."

The two of them followed their mommy to the front of the arrival area. Gu Yechen bent down and picked up He Yulan, carrying her on his arm so she could see past the arrival area.

He Xinyan bent down and lifted up Gu Anping, who wrapped his two short arms around her leg.

"Uncle Yebei?" He Yulan asked confusedly.

He Xinyan laughed, "Did you forget about your uncle Yebei already?"

He Yulan frowned, "The one in the phone?"

He Xinyan chuckled, "Yes. He played with you two when you were still babies."

Then, the door opened and people began walking out now. All of them turned to look at the gate, waiting as groups of people walked out.

Finally, after several minutes, two familiar people came out of the gate.

Xu Mengya's eyes lit up in excitement, "Yebei! Here!"

Gu Yebei looked up and immediately noticed them, lifting one hand off the luggage cart to wave at them. He was wearing a formal dark blue suit, but that didn't lessen the playful and bright temperament he gave off.

Wu Minger stood next to him, wearing a brown trench coat and a scarf that covered up part of her face.

The two of them walked over excitedly, and after quickly hugging his mom, Gu Yebei immediately went over to the two little kids.

"Oh, Lanlan, Pingping, do you still remember your uncle Yebei?"

He Yulan and Gu Anping have only seen Gu Yebei through the phone in the past and only a few times as a baby since he left while they were still young.

Even so, they recognized him from the video calls.

"Uncle Yebei!" He Yulan smiled happily as Gu Yebei lifted her up the ground using one arm, and the other arm lifted Gu Anping up.

"Oh, look at you two! You two got so much heavier!"

Gu Anping nodded his head seriously, "I got taller too."

"Me too!"

Gu Yebei chuckled, "Your uncle Yebei and auntie Minger brought gifts for you too!"

"Auntie Minger!" During the calls, the two kids also talked to Wu Minger occasionally. After Gu Yebei arrived at Country Y, the first thing he did was find Wu Minger.

Although it was difficult, the two of them were able to finally get back together. Within the two years, their relationship has basically returned to what it was before, and none of them mentioned what had happened in the past.

He Xinyan and Gu Yechen walked over, and Gu Yechen immediately took He Yulan away from his brother, glaring at him angrily.

Gu Yebei pursed his lips out and hugged onto Gu Anping tightly.

"Welcome back, Yebei." He Xinyan smiled and then turned to Wu Minger. They had talked over the phone a few times after she left, and although their friendship still didn't fully return, there was no large or uncomfortable gap between them.

"Welcome back, Minger."

Wu Minger smiled, "Hello, Xinyan."

Xu Mengya and Gu Hanyu also walked over. Xu Mengya took Gu Anping away from Gu Yebei and kissed Gu Anping quickly on the cheek before turning to Gu Yebei, "You know to come back, huh?!"

Gu Yebei chuckled awkwardly.

"How is it over at Country Y? Your brother won't tell me how the company is doing."

Gu Yebei lifted his chin up proudly, "It's doing really well! Of course it would do well with me as the CEO!"

"Ch!" Xu Mengya rolled her eyes and looked over at Wu Minger.

"Auntie Xu," Wu Minger called politely.

Xu Mengya pressed her lips together before nodding her head, "Minger, welcome back."

Wu Minger let out a breath of relief and looked down so no one would notice the redness in her eyes.

"Come on. Let's not stay at the airport. It's dinnertime and they must be hungry. Let's go." He Xinyan turned around and grabbed onto Gu Yechen's hand.

The 8 of them walked out of the airport together, boarding the large car Gu Yechen had prepared and drove to a nearby restaurant.

After eating dinner, He Xinyan's family of 4 returned home.

They quickly put the two children to bed and returned to their own room. While brushing her teeth, He Xinyan walked over to Gu Yechen and placed one hand onto her shoulder.

"Mom isn't mad that Yebei didn't discuss the marriage with her until two days ago?"

Gu Yechen shrugged, "She doesn't seem to be mad. . . She respects his decision."

He Xinyan nodded her head, "Fate is really true. . . Even after that, the two of them were able to get together again."

Gu Yechen looked over at her with a smile as he put down his comb, "Would you leave me if I betrayed you like that?"

He Xinyan glared at him with a mouthful of toothpaste bubbles and rolled her eyes, "I'll chop your legs off!"

Gu Yechen chuckled and patted her on the head, "Go finish brushing your teeth."

She rolled her eyes and walked back over to the sink.

Half an hour later, Gu Yechen closed the lights and walked over to the bed. However, he didn't walk over to his part of the bed. Instead, he moved around and over to He Xinyan's side of the bed. As he sat down, He Xinyan felt that something was off as she opened her eyes.

"What are you doing?"

Gu Yechen grinned in the darkness before he lifted the blanket up and suddenly pressed down right on top of her, placing the blanket over himself as well.

Without waiting for any discussion, he leaned down and blocked her lips with a kiss.

"Mm. . . Gu Yechen!" He Xinyan immediately felt the cold winter air enter the warm blanket as she shuddered slightly. However, Gu Yechen refused to let her go as he continued to kiss her more aggressively, pushing his tongue into her mouth.

"Mm. . ."

Finally, Gu Yechen pulled away after a minute and used one finger to lift her chin up, staring at her mischievously, "Let's make another baby."

At once, He Xinyan's eyes widened in shock, "What?! Didn't you say you don't want me to get pregnant again?"

She didn't want to either! After getting pregnant once, she was absolutely done with all those pregnancy side effects and the pain of labor.

Gu Yechen grinned as he reached over to the nightstand, pulling out the cabinet and grabbing something from inside, "Don't worry about that. I am always prepared."

Chapter 295 The Little Devil

Gu Yechen grinned as he reached over to the nightstand, pulling out the cabinet and grabbing something from inside, "Don't worry about that. I am always prepared."

He Xinyan looked down and saw the small protection package. She closed her eyes and opened them again, looking up at him pitifully.

"Yechen, it's cold." She said softly, tugging at his shirt sleeve.

However, she did not know that this small action would only cause him to get more excited as he immediately pressed down again, beginning to take off his clothes.

"Gu Ye -" Her lips were immediately blocked, and in the next few seconds, she felt a gush of cold wind enter her bare skin.

He Xinyan should know by now. . . There was no way she could beat Gu Yechen in this type of situation.

The next morning, He Xinyan stayed buried under the warm blankets although she was awake already. There was a sour body throughout her body, and it didn't help that it was so cold outside.

It was December already, and although it wasn't snowing, the temperature outside was extremely chilly.

Gu Yechen finished getting ready and he walked out in a black suit with a tie in his hands, "Baby, should I tell the worker to bring the breakfast up?"

He Xinyan shook her head, "It's okay. I'll wake up soon."

Gu Yechen smiled and sat down on the bed, bending down to kiss her on the lips. After a few seconds, he pulled away and waved the tie in his hands.

He Xinyan sighed and sat up on the bed, still keeping the blanket wrapped around her upper body. She lifted both arms out of the blankets and grabbed the tie from him.

Gu Yechen smiled happily as he lifted his head up slightly to let He Xinyan help tie his tie. After she was finished, she immediately buried herself into the blanket again.

He grinned and kissed her once more before standing up, "I'm going to work now, okay? Goodbye, baby."

He Xinyan nodded her head and watched as he left the room. Then, she closed her eyes to continue to sleep. Ah, every night that. . . that happened, she knew that the next morning would be a sleep-in day. This meant that most days were sleep-in days for her!

Some time later, two small creatures ran into the room in their pajamas, jumping onto the large bed.

"Mommy! I brought the breakfast up," He Yulan said excitedly.

"What do you mean?! I'm the one holding the tray." Gu Anping looked at his little sister and pursed his lips out.

He Xinyan opened her eyes and sat up on the bed, taking the tray from him, "Thank you, my babies."

"Mommy, are you tired?"

He Xinyan nodded her head.

"Why? Did you sleep in last night?" Little Gu Anping asked, tilting his head slightly.

He Xinyan looked up at the little version of Gu Yechen with a sweet smile, "Yes."

He Yulan frowned, "Why?"

She cleared her throat and quickly took a sip of the milk, "Haha, you will know in the future. Mommy is just tired."

"Oh," He Yulan pursed her little, cute pink lips and sat down next to her mommy, laying her head onto He Xinyan's shoulder.

"Mommy, when do I get to go be the flower girl for Uncle Yebei's wedding?"

He Xinyan smiled, "There is a rehearsal today. Uncle Yebei's wedding is in three days, and you will get to be his flower girl."

He Yulan smiled excitedly, "With a pretty dress?"

He Xinyan nodded.

He Yulan squealed excitedly as she hopped up and down on the bed, "I can't wait for uncle Yebei and auntie Minger's wedding! Mommy, will there be more weddings?"

He Xinyan nodded, "Of course! There are a lot of weddings."

He Yulan sat down on the bed and looked up at her mommy with sparkling eyes, "When is mommy and daddy's wedding? Can I be the flower girl at mommy and daddy's wedding too?"

Gu Anping sat down next to his sister, rolling his eyes, "Are you stupid? Mommy and daddy are married already! The wedding was before we were born."

He Yulan glared at her brother, "I'm not stupid! You're stupid!"

He Xinyan smiled gently as she watched the two of them, "Okay, okay. Don't call each other stupid. Yes Yulan, your brother is right. Daddy and mommy got married years ago already, before you were even born."

Gu Anping lifted his chin up proudly, in the exact same manner as Gu Yechen, "See!"

He Yulan pursed her lips out and glared at her brother before sighing, "So, I won't get to be the flower girl at mommy and daddy's wedding?"

He Xinyan chuckled, "You can ask daddy to arrange another marriage?"

He Yulan looked up excitedly, "Okay! Daddy agrees to everything!"

He Xinyan smiled. That was indeed very true! Gu Yechen had no ability to say no to his little princess, and sometimes, she would even get jealous at how well he treated her! She wanted to be his daughter too! Okay, He Xinyan was just kidding.

"Come on now. Mommy is going to get out of bed. Let's go to the wedding rehearsal together, okay?"

He Yulan and Gu Anping nodded their heads as He Xinyan got off the bed. The three of them entered the restroom, the two little kids following closely behind their mommy.

After getting ready, the three of them ate breakfast together and He Xinyan played with them for several hours.

Finally, they left for the wedding rehearsal.

"Mommy, why don't I get to wear a pretty dress today?" He Yulan asked, still upset that she couldn't dress up for the rehearsal.

He Xinyan smiled, "You will be for the real wedding. That will be more special, right?"

He Yulan sighed before nodding his head slowly.

They drove for about an hour until they arrived at the pier the wedding was going to be held at. There was a large dock, and the wedding would be "on the water", like Wu Minger had always dreamt of.

The two little babies had fallen asleep, and He Xinyan had to wake them up before they got out of the car together.

The rehearsal took several hours, and when they finally finished, the three of them walked back to the car. Next to their car, another black car had parked.

Upon seeing them, the door opened and Gu Ye Chen walked out, dressed in his black suit.

"Daddy!" He Yulan screamed as she let go of her mommy's hand and ran over to Gu Ye Chen, who bent down and lifted her up in the air.

"Lanlan!" He said, kissing her on the cheek, causing her to giggle.

He Xinyan looked at the two of them with a smile, a little jealous even though He Yulan was her daughter. Of course she was jealous! Gu Ye Chen was hers! Hmph!

Little Gu Anping held onto his mother's hand tightly and scoffed, "Mommy, I like you the most!"

He Xinyan looked down at him and chuckled, bending down to lift him up, kissing him on the forehead, "I like my little Pingping the most too!"

From afar, Gu Ye Chen saw this and his face darkened a little. Yes, the large vinegar tub cracked again and the vinegar was flowing out.

That little devil! He was trying to steal his Xinyan away from him! Yes, that must be it. His son was a little devil that wanted to steal his wife away!

Gu Ye Chen set He Yulan down and held onto her hand, walking over to He Xinyan. Gu Ye Chen first glared at his son unhappily before turning to look at his wife.

"Come on, let's go home. I'll cook."

"Yayy!!" He Yulan squealed happily, although she couldn't eat much anyway.

Gu Anping frowned as he looked over at his mommy, "Mommy, I want to learn how to cook too! I want to cook for you!"

Gu Yechen's eyes narrowed slightly as he turned to look at his son, "Gu Anping, you are still too young. Plus, I am mommy's husband. I can cook for her."

Gu Anping pursed his cute little lips out, "But I want to cook for mommy! I can cook for mommy too!" As he spoke, he wrapped his tiny little arms around He Xinyan's neck protectively.

This caused Gu Yechen's face to darken even more.

He Xinyan chuckled as she kissed her son on the cheek again, "Okay, okay. When you grow older, I can teach you how to cook, okay?"

Gu Anping nodded his head.

He Xinyan smiled and began walking towards the car.

Gu Yechen stayed in place for a few seconds, furrowing his eyebrows together as he thought that something was off.

Wait a second. . .

He Xinyan was going to teach him how to cook?! He Xinyan?!

Gu Yechen's mouth fell open as he lifted his daughter up again and ran after He Xinyan, following her onto her car and into the driver's seat.

Together, the family of four drove back home.

Chapter 296 Another Honeymoon

Three days later, everyone in the Gu family was rushing around busily because it was the day of the big wedding.

The wedding between Gu Yebei and Wu Minger.

The family of four arrived at the wedding venue early in the morning and entered the tent where everything was getting prepared.

He Xinyan and He Yulan entered Wu Minger's tent whereas Gu Yechen and Gu Anping went to Gu Yebei's tent.

As they entered, Wu Minger stood up from her chair, dressed in the large white wedding gown. She turned around with a happy smile on her face, "Xinyan!"

He Xinyan walked over and smiled, "Congratulations, Minger."

There was still a slight uncomfortable and awkward feeling between them, although it was much better now. Maybe it would be completely gone in the future. . . Hopefully.

"Auntie Minger, congratulations!" Little He Yulan said as she held up a large bag she was holding.

Wu Minger smiled and bent down, "Thank you, Lanlan."

He Xinyan turned around and saw the small pink dress, "Come here, Lanlan. Look, that is your dress. Let's go change."

They entered the small changing area and He Xinyan changed into her bridesmaid dress while He Yulan changed into her small flower girl dress.

She twirled around excitedly, lifting the dress up like a small princess.

He Xinyan and Wu Minger both watched her with a smile on their faces, until Wu Minger said softly, "Thank you for being my bridesmaid."

He Xinyan's smile stiffened for a quick second before she sighed and turned to look at Wu Minger, "I promised you ten years ago. I have to keep my promise, right?"

Wu Minger looked up, her eyes sparkling. She smiled and nodded her head.

Wu Yin arrived at the wedding today since it was her daughter's wedding after all, but Wu Chenxi was nowhere to be seen.

They had sent him an invitation, but he was probably still too in shame to attend. However, Wu Chenxi had actually flown to Country Z after Wu Yin.

Several feet away, he was cautiously looking behind a hidden place, watching his sister's wedding alone from a distance.

The wedding went by smoothly, and the day quickly went by. When all the celebrations finished, it was nighttime already.

He Xinyan and her family returned home. He Yulan and Gu Anping fell asleep on the car since it was very later already, and He Xinyan and Gu Yechen had to carry them back home after they arrived.

After putting them asleep, He Xinyan and Gu Yechen returned to their own room.

They laid down on the bed after a long day.

"Yechen, do you know what Lanlan asked me today?"

Gu Yechen gently brushed his fingers through He Xinyan's hair, looking down at her in the darkness, "What?"

He Xinyan grinned, "She asked me if she could be the flower girl at our wedding too."

Gu Yechen raised one eyebrow and chuckled, "What did you say?"

"I said you would have to go ask your daddy. She didn't ask you?"

Gu Yechen shook his head, "She probably forgot. Why? Do you want a second wedding?"

He Xinyan looked up, "Do you?"

Gu Yechen licked his lips, "If you want to, I do too. If you don't want to, then I don't. I listen to whatever my wife says."

He Xinyan smiled happily at his response, "She's still young, so she doesn't know what she is saying yet. We already got married once. Doing it again will make it not as special."

Gu Yechen nodded his head, agreeing to whatever his wife said. There were several seconds of silence, and it almost sounded like they were both asleep.

Suddenly, Gu Yechen broke the silence, "Then, do you want to go on another honeymoon? Just the two of us?"

He Xinyan looked up in surprise, as she could tell that Gu Yechen was very serious, "What? Another honeymoon?"

Gu Yechen nodded his head, gently brushing his fingers through her hair again, "Last time. . . Well, we didn't really get to finish off our honeymoon properly. And it was too short! Let's go again. . . Just the two of us."

For the past two years, they rarely had any time to themselves. The two little devils were like punishment to Gu Yechen for whatever he did! They haunted him every day!

Okay, maybe not haunted. . . But anyway, Gu Yechen would sometimes regret agreeing to give birth to those two little devils. . . Especially that Gu Anping. Not only did he take away their two-person time, but he also wanted to steal his mommy away from his daddy!

Which kid does that?! Okay, maybe Gu Yechen is just overthinking.

Anyway, Gu Yechen especially missed their time together before those two little babies came to be. When they were alone and had all the time in the world together. Just the two of them.

He Xinyan frowned, "What about the babies?"

Gu Yechen furrowed his eyebrows together, "We can give them to my parents for a bit. They have always been talking about wanting to take care of the two of them."

He Xinyan closed her eyes for a few seconds, deep in thought. Finally, she opened them, turning around onto her stomach to face Gu Yechen, and nodded her head excitedly.

"Okay!"

Three days later, after Gu Yechen had taken care of all the work for the company, the four of them arrived at Gu Hanyu and Xu Mengya's house.

Gu Hanyu and Xu Mengya were more than happy to take care of their two grandchildren. They had always wanted to have the two little babies to themselves, but with their parents around, it was hard.

Now, it was finally theirs!

After turning the two babies over to their grandparents, Gu Yechen and He Xinyan waved goodbye to them and left.

"Grandma, where are daddy and mommy going?" Gu Anping asked innocently.

Xu Mengya smiled, "You don't have to worry about them! You are going to have so much fun here with grandma and grandpa! Come on, let's go eat breakfast now!"

The four of them entered the house and began their time alone without Gu Yechen and He Xinyan.

This was destined to be a good time for the two little kids.

In the airport, Gu Yechen walked around with He Xinyan as they looked through the shops inside the airport.

"Why don't you just tell me where we are going?" He Xinyan asked, grabbing onto Gu Yechen's arm as she shook it softly.

Gu Yechen insisted on making it a surprise, and he would not tell He Xinyan where they were going to and how long the trip would be.

Gu Yechen smiled as he wrapped his arm around He Xinyan's waist, enjoying this first moment together, "You will know when we arrive. Come on, look around. What do you want?"

He Xinyan sighed as she looked around, casually picking up a lipstick and looking at the shade. Next to her, Gu Yechen immediately grabbed a newly packaged lipstick of the same one He Xinyan was looking at and placed it into the basket.

He Xinyan was used to Gu Yechen's way of shopping by now, and she knew that no matter what she said now wouldn't be able to convince him to put the lipstick back.

Therefore, she just put it back onto the table and walked off to continue looking.

An hour later, they entered the plane with several bags that came from shopping before the honeymoon even truly started!

The airplane ride took several hours, and He Xinyan couldn't help but wonder where they were going that took this long.

When they finally arrived, Gu Yechen allowed He Xinyan to listen to the pilot's message.

'Welcome to Country H -'

He Xinyan gasped, "Country H?! Isn't this where we went last time?"

Gu Yechen smiled and nodded his head, "Last time was too short. This time, we can start at Country H and then go around to other countries nearby as well."

He Xinyan's face brightened in surprise and excitement. Country H was a little warmer than Country Z although it was winter time, so it was a good place to be during the winter.

After the airplane came to a complete stop, they got off and left the airport.

Gu Yechen had booked a different hotel this time, also an extremely famous one that was located in the mountains inside a private cabin.

He Xinyan looked around the cabin in awe, "This place is so big."

Gu Yechen smiled as he opened the luggage. This cabin was supposed to be for a whole family of 6, but it's okay. The bigger the better.

He made sure to book an entire cabin just for themselves this time, because last time, it wasn't very convenient to "do things" at night with other people right next to them.

This time, the entire cabin was to themselves!

Gu Yechen grinned slyly as he took out his pajamas and looked up at He Xinyan, "Come on, let's go to our room. It's time for bed."

Chapter 297 Honeymoon Two

Gu Yechen grinned slyly as he took out his pajamas and looked up at He Xinyan, "Come on, let's go to our room. It's time for bed."

He Xinyan was tired after the long plane ride since she didn't get any sleep in and she followed him into the room obediently, not knowing what she was getting herself into.

The two of them got ready for bed and He Xinyan jumped onto the soft bed, rolling around in the blankets, which were room since the heater was on.

"This cabin is amazing!" She said, staring at the wooden and natural design.

Gu Yechen walked over and gently rubbed her on the head, "Come on, get into the blanket. I'm going to go close the lights."

She nodded and lifted the blanket up, crawling in. She watched as Gu Yechen walked over to go close the lights with a smile.

To be honest, she was very happy about this vacation as well. Although she enjoyed being a mom, it could also be very tiring at times.

She also missed the times when she was able to be alone with Gu Yechen. . . Just the two of them.

Now, it seemed to all go back to before they had kids, when they were the only two people in the world.

In the darkness, there was only the sound of Gu Yechen's footsteps as he walked over to the bed and then suddenly, the mattress was pressed down as He Xinyan felt a weight land on her body.

Her eyes widened in surprise as the smile on her face disappeared, "Gu Yechen, what are you doing? You are on top of me!" He Xinyan said, thinking that Gu Yechen didn't know where he was going in the dark.

Gu Yechen grinned, "I know."

He Xinyan stared at him, "Then get off. I'm tired, let's go to sleep."

Gu Yechen smiled, "Don't worry. We will."

Then, he placed his hand onto her cheek and pressed down, not letting her continue to speak or resist.

In the cabin, there was no one else around them to disturb them. Situated in the mountains, probably only the animals were able to hear the weird noises coming from inside the room. If there were any animals at all. . .

Several hours later, the noises finally died down as the world became silent again.

The next day, He Xinyan and Gu Yechen walked down the streets in search for a place to eat breakfast. Gu Yechen had finally got He Xinyan to no longer be mad by tempting her with a good meal.

They sat down in a shop that seemed to be quite popular and ate breakfast without any disturbance.

"Where are we going?" He Xinyan asked.

Gu Yechen looked up, "I don't know?"

He Xinyan's mouth fell open, "You don't have a plan?!"

Gu Yechen cleared his throat a little awkwardly and scratched the back of his head, "Ha. . . ha. . . ha. . . Um. . . No. I didn't. . . I was a little busy."

He Xinyan sighed and shook her head, "I guess we will just roam around."

Gu Yechen looked up, "We can go somewhere else. Country G is nearby. There are many fun places in Country G. We can travel around the world."

He Xinyan raised one eyebrow, leaning forward, "Gu Yechen, what about your kids?"

Gu Yechen shrugged, "Don't worry. My parents will want to spend more time with them. They will have a great time with my parents. Plus, don't you want to stay with me longer."

He Xinyan pressed her lips together and didn't say anything more. She did.

Gu Yechen quickly booked the tickets to Country G for tomorrow. He Xinyan looked down at the food that had just arrived and knew that this trip would be completely random.

The next day, after staying only two nights in Country H, they were on the plane to Country G, which was only one hour of a plane ride away.

They hadn't done anything in Country H except eat, but since they had been here before, it was okay. Country G was actually a large island and it was extremely hot, but the beaches were very pretty.

After arriving in the afternoon, they first checked into the hotel before going to the nearby beach.

He Xinyan put on her green bikini, showing off her amazing figure. The year after giving birth, she went on a strict diet and also read several articles. Now, her figure was basically back to what it was before.

Unfortunately, she couldn't eat like she did before and not gain any weight. Now, it seemed so easy to gain weight! Still, she ate what she wanted.

Nothing was as important as food!

She changed into her green bikini and put on a straw hat before walking out of the changing room. At once, Gu Yechen saw what she was wearing and frowned.

'There will be so many people on the beach,' he thought, 'There is no way I can let her wear that!'

"Xinyan!" He said seriously, "Is that what you are wearing?"

He Xinyan looked down at her clothes and nodded, "Yes."

"It's too exposing. Here, put this on." Gu Yechen grabbed a jacket from a nearby chair and wrapped it around He Xinyan.

"No, no, no!" He Xinyan stared at herself in the mirror and immediately took the jacket off, "Gu Yechen, this is Country G! This is the beach! You want me to wear this large fat jacket to the beach? No way!"

Seeing that Gu Yechen still wasn't convinced, He Xinyan quickly grabbed her bag and pushed Gu Yechen out of the room, "Come on, let's go! Let's go!"

They quickly left the hotel room and went on a cart that took them to the beach.

On the beach, there were indeed many people. There were a ton of women and men that were all dressed revealingly. The women were wearing bikinis of all sorts and the men were all dressed in boxers, revealing their upper bodies.

Only Gu Yechen was wearing a boxer and a black shirt on top, which really stood out in this environment.

However, He Xinyan liked that he was wearing a shirt. She couldn't let all those hungry women prey on his man! She swore that once Gu Yechen took off his shirt, all those women would come flying over!

He Xinyan grabbed onto Gu Yechen's hand happily, swinging it gently back and forth as they walked down the sand.

On the clean sand, there were many people running, playing sand volleyball, playing in the water, or sleeping on the sand.

The sun was slowly setting beneath the horizon, casting a beautiful red and orange shade onto the ocean and the sand.

"Country G is so beautiful. . ." He Xinyan said softly, resting her head onto Gu Yechen's shoulder as they continued to walk.

As they did, they were suddenly met with another woman, who came to a stop in front of them, blocking their path.

The woman looked towards Gu Yechen and smiled, revealing her perfect array of teeth, "Hey! Are you a visitor here?" She said in a completely different language He Xinyan didn't understand.

Chapter 298 The Beach Girl

The woman looked towards Gu Yechen and smiled, revealing her perfect array of teeth, "Hey! Are you a visitor here?" She said in a completely different language He Xinyan didn't understand.

He Xinyan immediately furrowed her eyebrows together as she wrapped her arm around Gu Yechen's elbow protectively.

She could not understand what the woman was saying, but just from her tone and her appearance, He Xinyan felt endangered.

The woman was obviously from a different country, because she had a head of beautiful blond waves that bounced down her back.

Her eyes were also a beautiful shade of ocean blue as they stared seductively at Gu Yechen without any sense of embarrassment.

She was dressed in a bright pink bikini that seemed to be slightly small for her size. They barely covered what they needed to cover, and even for He Xinyan, it looked incredibly inviting.

He Xinyan pressed her lips together as she stared at the woman, pinching Gu Yechen's arm warningly. Gu Yechen obviously felt it, and he smiled softly, looking down at his cute little wife that was angry at the moment.

"Yes," he replied in the same language that He Xinyan couldn't understand. He Xinyan's eyes shot up, wondering how Gu Yechen knew her language and why he was talking to her.

The woman smiled successfully at getting a reply, and she took a step forward, pushing her chest out in a very sexy manner, "Do you want to hang out together? I'm alone. . ."

She pushed her hair to the back of her ears, leaning down slightly.

He Xinyan clenched her fists together angrily and her grasp on Gu Yechen's arm also tightened. His smile widened as he continued.

"Sorry, I'm not alone."

He Xinyan could not understand what they were talking about, and he was getting more and more mad about why Gu Yechen was still patiently talking to that evil vixen!

The woman frowned, "Do you have a girlfriend?"

Gu Yechen smiled, saying calmly, "Are you blind?"

The woman's smile stiffened slightly as she glanced at He Xinyan, who glared straight back at her.

The woman chuckled softly and was just about to say something else but Gu Yechen did first.

"I don't have a girlfriend. . . but I do have a wife, and two kids." He smiled at her before walking straight past her, pulling He Xinyan with him.

The woman's face darkened slightly as she watched them walk away. They were married?! She shrugged and walked away, going to find her next target.

After she was gone, He Xinyan immediately stopped walking and glared at Gu Yechen, "What were you two talking about?!"

Gu Yechen smiled, happy to watch He Xinyan upset and jealous, "She asked me if I had a girlfriend, and I told her I have a wife."

He Xinyan knit her eyebrows together, "Really? Then why were you smiling at her?"

Gu Yechen leaned forward amusedly, "Baby, are you jealous? I didn't know you were also a small vinegar tub."

He Xinyan frowned and immediately looked away, crossing her arms together, "No, I'm not jealous!"

Gu Yechen grinned and wrapped his arm around her waist, "Okay, okay. Come on, it's getting late. Let's go eat something good for dinner, okay?"

He Xinyan's eyes immediately lit up, "Okay, okay! I found many good restaurants here. Let's go!"

Gu Yechen smiled helplessly as he watched He Xinyan's attitude change a full 180 degrees. They quickly left the beach before any other hungry girl could land her eyes onto Gu Yechen, and they went to go eat dinner.

Country G was famous for their seafood since they were an island, and they went to eat at a seafood restaurant.

Although it was quite expensive, Gu Yechen obviously ordered one of every single dish for his little baby seeing that she was so excited to eat.

The food was very delicious, and they were able to finish every single dish. . . Well, more like, He Xinyan was able to finish every single dish.

Afterward, they walked back to their hotel, which was a large resort this time.

Inside their room, He Xinyan took a shower and walked out, jumping onto the bed. After the happy meal, the unhappy thoughts came back.

She grabbed onto the blanket unhappily as she thought of that girl that had come to them on the beach. Even in a different country, Gu Yechen was still considered very good looking. Maybe she was too!

He Xinyan flipped her hair confidently, but then remembered something else. Something else that was very, very important.

She gulped as she looked down. She was wearing an oversized shirt as pajamas, and she definitely couldn't see anything under it.

An image of the woman's huge breasts came into mind, and He Xinyan quickly shook her head. Even as a woman, she couldn't help but find that woman's body very attractive. What would a man think?!

Just thinking about Gu Yechen talking to that woman patiently made He Xinyan angry.

She jumped off the bed and ran back into the bathroom, "Gu! Ye! Chen!"

She didn't care as she opened the shower door and immediately saw Gu Yechen standing inside the shower, his hair and body soaking wet. . . And of course, with nothing covering his body parts.

He Xinyan gulped but her small vinegar tub had broken. She pointed one angry finger at him, "Gu Yechen, you - You! You talked to that woman at the beach today! You talked to her for 58 seconds! And with a smile! Tell me the truth, you did because you saw her body right? You - You"

He Xinyan couldn't find the right insult for him, "You. . . You -"

Gu Yechen smiled, running his fingers through his wet hair as something. . . or someone. . . woke up. At once, he pulled He Xinyan into the shower place, getting her shirt wet immediately.

He closed the door and pushed her up against the wall, leaning forward towards her, "I didn't even glance at her body. . . She had a body?"

He Xinyan laughed a little nervously, not expecting for him to suddenly pull her in, "Of course she had a body! A very sexy body at that!"

Gu Yechen grinned, "Nobody in my eyes is as attractive and sexy as yours."

Then, He Xinyan heard a ripping sound as the shirt she was wearing fell down onto the wet ground and she felt the warm shower water land on her skin.

The next second, the temperature in the shower place rose as something that shall not be described began.

Chapter 299 Honeymoon End

They stayed in Country G for a week before they moved onto their next country, Country K. They seemed to be traveling the entire world in this one honeymoon, and Gu Yechen insisted on spending as much time as he could with He Xinyan during this limited time they had.

In Country K, they stayed in the bustling city and went to several very high-end and expensive restaurants.

After eating dinner in this buffet, they walked back to their hotel since He Xinyan felt like her stomach was about to burst and she needed to get some exercise in.

They walked on the streets hand in hand, attracting some glances from other people on the streets. After all, even in other countries, the two of them were still quite an attractive sight!

They talked endlessly about Lanlan and Pingping, themselves, and more for thirty minutes before they finally reached the hotel.

In the hotel room, Gu Yechen was taking a shower and He Xinyan sat on the bed, scrolling through her phone when a call suddenly came.

She immediately picked up, "Hi, Lanlan! How are you doing?"

Then, Gu Anping climbed up the couch, showing his cute little face, "Mommy!"

"Pingping, how are you?"

Gu Anping smiled, snatching the phone away from his sister, "I am good. Mommy, when are you coming back?"

He Yulan tried to take the phone back from his brother, but she was obviously weaker and failed. The phone went back and forth before He Yulan finally gave up and squeezed into the small phone frame.

"Yeah, mommy."

He Xinyan smiled, "Soon, soon. How are you guys doing in grandma and grandpa's house?"

He Yulan smiled, "Good. Grandpa makes very yummy food. Can we stay in grandma and grandpa's house even after mommy and daddy come back?"

He Xinyan chuckled, repositioning her pillow and laying down on the bed, "But that would not be good for grandma and grandpa. We can't disturb them too often, right?"

He Yulan pouted unhappily but nodded her head, "Yeah. . . Where's daddy?"

He Xinyan looked up and heard the sound of the hair dryer coming from the bathroom, "Daddy is in the bathroom."

He Yulan grinned, "Is he going pee pee. . . Or poo poo?"

He Xinyan laughed out loud before nodding her head, "Yes, yes, hahaha!"

Gu Anping pressed his lips together and asked, "Mommy, are you going to bring toys back for us?"

He Yulan's eyes lit up, "Yes, yes! Mommy, do we get toys?"

He Xinyan nodded her head, glancing at the large suitcase filled with toys and snacks, "Of course!"

"Lanlan! Pingping!" There was suddenly the sound of Xu Mengya screaming as she walked down the stairs and over to the couch, "Come on, it's time for bed. What are you two doing?"

Xu Mengya took the phone away from Gu Anping and looked at the screen, "Xinyan! How are you doing?"

He Xinyan smiled, "Good. We should be back soon. It's late over there already, right?"

Xu Mengya nodded, "Yes. I'll go put Lanlan and Pingping to bed first. I'll talk to you later, okay?"

He Xinyan nodded, "Okay."

He Yulan and Gu Anping frowned slightly as they appeared in the bottom corner of the phone screen and waved at her, "Good night, mommy!"

He Xinyan smiled, "Good night Lanlan, good night Pingping!"

After hanging up the call, she charged her phone and laid down on the bed, getting ready to go to sleep. Gu Yechen came out from the restroom and saw that she had her eyes closed.

He quickly closed the lights and walked over to the bed, laying down next to her.

He Xinyan moved over to him, resting his head onto his chest, "Yechen, we have been on this honeymoon for almost three weeks already. When are we going to go back?"

Gu Yechen grinned, "Why? Are you missing Country Z already?"

He Xinyan shrugged, "I miss Lanlan and Pingping, and. . . Country Z."

Gu Yechen gently ran his fingers through her hair, "Let's at least stay together for a month. We could still go to Country U, Country B, Country N, and more."

He Xinyan thought for a few seconds before looking up, "How about let's go to Country N and then go back to Country H to stay for a few days before returning to Country Z?"

Gu Yechen nodded his head, "Whatever you want, baby."

He kissed her gently on the forehead before they both went to sleep in the silence of the night.

The next week, they traveled to Country N and stayed there for the entire week, going on hikes and eating delicious food together.

It almost seemed like everything went back to before they got kids and even before they got married. It was just the two of them. . . Romantic and happy.

Not that they weren't happy now with a full family. . . It was just different.

The week quickly went by and they followed their original plan, going back to Country H to stay for two days before finally returning back home after their honeymoon.

The plane landed in Country H early in the morning, and they played around for the entire day. After a tiring day, they returned to their hotel.

The hotel that they stayed in the first time they went on a honeymoon. The one that was located on a lake and had a gorgeous view.

Once again, they were back in this hotel.

He Xinyan was so tired since they went on a hike that she had fallen asleep on Gu Yechen's back as he carried her back to their room on the third floor.

She placed her gently on the bed and helped her change into her pajamas. . . Yes, he did indeed see everything he was and wasn't supposed to see during this process.

Then, he covered her with the blanket and closed the lights, disappearing into the bathroom to get ready for bed himself.

In the darkness, he sat down on the bed and laid down next to her, kissing her on the forehead gently before closing his eyes.

"Good night, my wife."

Chapter 300 The End

In the darkness, he sat down on the bed and laid down next to her, kissing her on the forehead gently before closing his eyes.

"Good night, my wife."

The next morning, He Xinyan was woken up by Gu Yechen very early in the morning before the sun was even up.

"Didn't you say you wanted to see the sunrise in Country H? Come on, it's happening soon."

He Xinyan rubbed her eyes a little frustratedly, but upon hearing about the sunrise, she immediately got out of bed.

She put on a large jacket since it was quite cold in the morning even though it was summer. They walked out onto the balcony, which didn't have a railing in the front.

They sat down on the edge of the wooden balcony, their legs hanging off. The gentle sound of the waterfall could be heard as it provided water to the lake beneath them.

In front of them, there was a green mountain that was temporarily hiding the sun from their sight.

He Xinyan yawned as she rested her head onto Gu Yechen's shoulder, closing her eyes as she took in the beautiful morning sounds.

The birds chirping. . . the water falling down. . . The soft sound of Gu Yechen's breathing. . . The leaves rustling not too far away. . .

He Xinyan took in a deep breath of the fresh and crisp morning air. She did not know how long she had "closed her eyes", but when Gu Yechen woke her up, a small portion of the sun was rising above the mountain already.

She grabbed onto Gu Yechen's arm, still resting her head onto his shoulder.

As they watched silently, He Xinyan suddenly said softly:

"We have been married for almost 4 years already. . ."

Gu Yechen tilted his head slightly, looking at her, his eyes and expression more gentle than the water flowing beneath them, "Yes. . . and there are many more 4 years to come."

He Xinyan smiled, watching as the sun slowly revealed its face from behind the mountain, casting beautiful red, orange, yellow, and purple shades onto the world around them.

"Do you still remember the first time we met?" He Xinyan blinked slowly, her breathing very heavy.

"I'll never forget." Gu Yechen placed his arm around her waist, pulling her in gently as he also leaned his head onto hers.

"It has been 5 years since we first met, right?"

Gu Yechen replied proudly, "5 years, 3 months, and 26 days."

He Xinyan smiled, looking down at the green trees on the mountain, "Do you love me once you saw me? Love at first sight?"

Gu Yechen closed his eyes, thinking for a few seconds, "I liked you when I first saw you. I don't know if it was love right away. However, the love came quickly after."

He Xinyan also closed her eyes for a few seconds before opening them again, the fatigue of the early morning heavily resting on her body and mind, "I still remember when we got married, many people said we were a match made in heaven."

"We are," Gu Yechen said confidently.

He Xinyan smiled, "We were meant for each other? You believe that?"

Gu Yechen nodded his head very seriously, "Of course! You are the perfect and only person for me."

He Xinyan's smile widened as her arms around Gu Yechen's elbow tightened, "I love you, Gu Yechen."

Gu Yechen was silent for a few seconds from the surprise confession. Then, a very warm smile appeared on his face, "I love you too, He Xinyan."

The sun slowly rose above the mountains, revealing its golden petals that stretched outwards into the beautiful world.

He Xinyan and Gu Yechen both opened their eyes, staring at the brilliant flower that warmed up the entire world around them.

That sunrise so ordinary, yet so extraordinary.

He Xinyan looked up at Gu Yechen and their eyes met.

It represents the invitation to a brand new day. . . with you.
