

## Reborn To Love 130

### Chapter 130 Doctor Jin

He Xinyan's eyes immediately lit up when she saw who it was, "Grandpa Jin!"

She ran over to him and grabbed onto his arm with both hands, "Grandpa Jin, you came at the perfect time! My stepmother is pregnant and she accidentally fell a moment ago! There is a lot of blood! Please save my brother!"

Bai Jiawei also stood up and walked over.

Doctor Jin was a very old doctor that has been with the He family since He Xinyan's grandfather was alive.

He was very skilled in the medical field, and Bai Jiawei had wanted him to check for Li Huiran when she first got pregnant, but Li Huiran strongly refused.

"Yes! Mr. Jin, please help us!" Bai Jiawei said.

Li Huiran's eyes widened and she looked nervously at Li Yuyan, who was equally surprised.

Mr. Jin smiled, "Calm down. I will check for her."

Li Huiran's eyes widened, "No! No! It's okay! I am going to the hospital soon!"

Li Yuyan stood up and ran over to He Xinyan, "Who knows where you found this old man from?! I won't let him check for my mother! He Xinyan, what are you trying to do?! Are you just so determined to have my mother lose her child?! Dad, don't believe He Xinyan! Don't let the doctor she brought over check my mother! I'm sure He Xinyan is up to no good!"

Bai Jiawei frowned, "Shut up! What are you talking about? Get out, get out!"

Li Yuyan was shocked as Bai Jiawei tried to push her out.

He Xinyan grinned slightly, "Grandpa Jin is the director of the XX Hospital. If he can't even save Auntie Li's child, then no one can."

Bai Jiawei nodded his head in agreement and walked over to Doctor Jin.

"Mr. Jin, don't listen to my daughter's nonsense! She is still young and has no manners! Please help my wife!"

Doctor Jin nodded, "It's okay."

He took a step forward and looked down at Li Huiran, who was still on the floor.

His eyes widened in surprise, "There is so much blood! Let me check!"

Doctor Jin moved closer to Li Huiran, who nervously scooped back on the floor, "No! No! I don't want him to check for me! I need to go to the hospital!"

Bai Jiawei held onto Li Huiran, "Huiran! Huiran! Calm down!"

He Xinyan also ran over and grabbed onto Li Huiran's other arm, "Auntie Li! Calm down! Auntie Li!"

"Huiran! Calm down!"

Li Huiran, Bai Jiawei, and He Xinyan were all screaming and Li Yuyan stood in her same position in shock, not knowing what to do.

Su Zhiming furrowed his eyebrows as he continued to watch.

Doctor Jin grabbed onto Li Huiran's hand and tried to open it so he could feel her pulse to properly diagnose her.

He Xinyan grabbed on tightly to Li Huiran, "Auntie Li! If Grandpa Jin helps check you, the baby in your stomach will definitely be okay!"

"Yes, yes!" Bai Jiawei said.

However, this only made Li Huiran more scared. She glared at He Xinyan and gritted her teeth together as she tried to escape from her grasp.

Doctor Jin also tried to calm Li Huiran down, "Mrs. Bai, first let me take your pulse. That way, I will be able to help you and your child."

Li Huiran's eyes widened, "NO! I don't want to!"

She continued to fight and try to escape from Bai Jiawei and He Xinyan, but wasn't successful.

"Auntie Li!" He Xinyan screamed and Li Huiran looked at her. He Xinyan grinned and raised one eyebrow slyly, but her expression quickly returned to being worried once again.

However, Li Huiran noticed it and she immediately started fighting more severely, trying to escape from He Xinyan.

"I need to go to the hospital!" She screamed crazily.

Bai Jiawei looked up at Li Yuyan, who was standing a few steps away with her hands over her mouth.

"Yuyan, hurry and come help!" Bai Jiawei screamed.

Li Yuyan nodded and quickly ran over. She grabbed onto He Xinyan's arm and aggressively pulled it away from Li Huiran.

"Let go of my mom!"

Bai Jiawei saw this and stood up, "Yuyan, what are you doing?!"

"Dad, don't let him treat my mom!"

He Xinyan continued to work hard on her act, "Auntie Li, calm down! Grandpa Jin, please help her!"

On the side, Bai Jiawei was scolding Li Yuyan now.

"Li Yuyan, stop with your nonsense!"

Li Huiran continued to fight and He Xinyan held her in place, "Auntie Li, stop moving!"

Li Yuyan screamed on the side, "Stop! Mom!"

Amongst all of the screaming, the loud sound of an ambulance ringing stopped all noises.

Bai Jiawei smiled, "The ambulance is here!"

Li Yuyan also let out a sigh of relief and she stopped struggling.

Li Huiran pulled out of He Xinyan and Doctor Jin's grasps, "Let go of me! The ambulance is here!"

She then turned to glare at He Xinyan, "I don't need your people to come and help me!"

Li Huiran's eyes darted around nervously and she quickly pressed her hands onto the ground to push herself up, "I need to get to the hospital! I need to get to the hospital!"

Li Yuyan was still trying to get to Li Huiran, but Bai Jiawei was stopping her.

"Yuyan, stop messing around. The ambulance is here now!" Bai Jiawei screamed at her. The scene was a complete mess and the ambulance continued to ring.

Li Huiran pushed herself up from the ground as she continued to repeat, "I need to go to the hospital! I need to go to the hospital!"

As she stretched her knees out and was about to stand up, He Xinyan took this opportunity to make a move.

She reached for the bottom of Li Huiran's dress in an attempt to "pull her back".

However, as she pulled, a small transparent PVC container fell out from under her dress and He Xinyan swiftly caught it.

She pretended to be surprised and let out a shriek, quickly tossing the bag onto the ground.

It landed right under Bai Jiawei's feet.
