

Reborn To Love 142

Chapter 142 Li Yuyan's Payment

The door opened after a few seconds and she saw Liu Wei inside, wearing a white bathrobe.

A smile immediately appeared on his face when he saw her. He took a step back, giving Li Yuyan room to walk in.

Li Yuyan took a deep breath and slowly stepped into the dark room. At once, he closed the door and the light from the hallway disappeared.

"Why don't you turn the lights on?" She asked.

Liu Wei smiled and suddenly pulled Li Yuyan into his narrow chest.

"Ah!" Li Yuyan's heartbeat quickened as she gulped.

"I like doing it in the dark more. . . Do you want to go take a shower?"

"Yes!" Li Yuyan quickly escaped Liu Wei's embrace and ran into the bathroom, shutting the door tightly behind her.

Liu Wei pulled out a cigarette and sat down on the bed, closing his eyes as he waited for Li Yuyan.

She took a weirdly long shower that lasted for almost half an hour before slowly coming out from the bathroom. She kept telling herself that it was the same thing as doing it with Su Zhiming and that it was all for the better.

Before long, she would be even better than He Xinyan!

Thinking about that made Li Yuyan more determined as she climbed onto the other side of the bed.

Liu Wei threw away the cigarette and turned to look at Li Yuyan. He swiftly flipped around so he was on top of her, and Li Yuyan wondered how his skinny arms could support him.

"Sweetheart, you don't know how happy I am that you are willing to play with me. President Su is so lucky to have a beautiful and smart wife like you. . ." He ran one finger along Li Yuyan's face, "It's too bad he can't give you what you want. But I can!"

Li Yuyan's eyes sparkled, "President Liu, you will help me, right?"

"Of course! I'm not the type to just take and not give back. After tonight, you can ask for anything from me!"

Li Yuyan's lips turned upwards as her heartbeat sped up from both excitement and nervousness.

"Then let's begin," Liu Wei said as he smiled pervertedly. He sat up on his knees and untied his bathrobe, throwing it onto the ground.

His arms were skinny like sticks and so were his legs, however, to Li Yuyan's surprise, his stomach had some fat on it.

Overall, his body wasn't ideal. . . In fact, it was quite unpleasant to Li Yuyan. Although Su Zhiming also had a little bit of fat on his stomach, at least his arms and legs had muscles and he had a strong build in general.

Li Yuyan sighed. . . It didn't matter much now. Once she gets better, she would be able to leave him once and for all!

Liu Wei started to untie Li Yuyan's bathrobe too, and he threw it in the direction he threw his own bathrobe.

He didn't start right away. Instead, he licked his lips creepily as he stared at Li Yuyan's body. Her skin was relatively pale and she didn't have much fat.

To Liu Wei, it was a very good sight!

He licked his lips again and suddenly pressed down.

It was almost 2 A.M. in the morning when Liu Wei got out of the bed to go take a shower. The blanket had been moved onto the floor somehow from the vigorous event, and Li Yuyan's body was laying bare on the white bed.

She curled up into a small ball and tried to slow down her breathing as the pain from her lower body made her clench her teeth together.

Who knew that Liu Wei's seemingly weak and skinny body had so much energy?

Li Yuyan was definitely not prepared for what happened. Even Su Zhiming didn't have the energy for that long.

Her body was sore and it hurt in several places, but Li Yuyan didn't dare fall asleep. She didn't suffer all of this for nothing.

Once Liu Wei came out from the shower, she was going to tell him his part of the deal.

Several times, she almost fell asleep, but she managed to keep herself awake until Liu Wei came out in a new bathrobe.

He smiled widely when he saw that Li Yuyan was still awake, "Why? Are you not tired? Do you want to do it again?"

Li Yuyan immediately shook her head, "No! I am very tired."

Liu Wei grabbed a cigarette and started smoking as he sat down on the bed, "Then go to sleep."

"President Liu. . . can I ask for something?"

Liu Wei raised one eyebrow and lifted his leg up to rest one foot on his other knee, "What is it?"

"I am an actress, and I am almost done filming the drama I am on right now. I want a good role in the next project I film!"

Liu Wei grinned, "That's easy. The Liu Corporation has meddled in the entertainment industry too. I will find you a good option."

Li Yuyan let out a sigh of relief, "Thank you, President Liu. I will be waiting for the good news."

Li Yuyan left the hotel at 8 in the morning and quickly drove home, almost at the verge of tears because of the soreness and pain from her body.

When she returned home, Su Zhiming was already gone for work, and she changed into her pajamas before going to sleep.

He Xinyan was at the palace to film, but she wasn't filming. Instead, she was holding a knitting bag and her phone was on her lap as she tried to follow along with the scarf knitting video.

Gu Yebei just finished his scene and he walked over, sitting down next to He Xinyan.

"What are you doing?"

He Xinyan pressed pause on the video and dropped her knitting needles, "I'm trying to learn how to knit a scarf."

Gu Yebei took the ball of grey yarn from He Xinyan's knitting bag and played around with it, "For who?" He asked, raising one eyebrow.

He Xinyan glared at him, "Who do you think?"

Gu Yebei chuckled as he knew the answer and began throwing the ball up into the air and catching it again.

"Be careful." Right as He Xinyan said that, Gu Yebei's fingers slipped and the ball dropped onto the ground, rolling away.

"Ah! Gu! Ye! Bei!"

He Xinyan immediately jumped up from her chair and ran after the ball, grabbing it after it had rolled out a few feet.

"Gu! Ye! Bei!"

Gu Yebei immediately realized the danger he was in and ran off, "See you later, sister-in-law!"

He Xinyan stomped her foot onto the ground angrily as she began rolling up the ball again. When she was almost done, someone stopped in front of her, stepping onto the end of the yarn.

She looked up and frowned when she saw who it was.

"I didn't know you dropped so low to knit your clothes!" Li Yuyan said with a chuckle as she stared at the grey yarn.

Li Yuyan was here for her last solo scene today, and she would be done for this film.

He Xinyan glared at her and pulled at the yarn, "Get your dirty feet off."

Li Yuyan raised one eyebrow and didn't move.

After several seconds of silence, He Xinyan grinned and reached forward for her knitting bag. From inside, she pulled out a pair of scissors.

Li Yuyan grew alert when she saw it but she didn't lift her foot up.

He Xinyan then bent down and cut off about a foot of the yarn from where Li Yuyan was stepping on.

"I didn't know you liked yarn so much. I'll be generous and donate a foot of my yarn to you. You're welcome."

He Xinyan rolled up the rest of the yarn and sat back down onto her chair.

"Who said I liked your yarn?!"

He Xinyan didn't respond, so Li Yuyan didn't know where to put her anger. She rolled her eyes and walked away with her head held high.

He Xinyan watched the video from the beginning again and slowly began to knit. When it was time for her first scene, she had knit about two inches of the scarf already.

He Xinyan held it up and looked at it with a proud smile before leaving to go work.

After filming her first scene, she went back to her chair and began knitting it again.

Wu Minger walked over and looked down at her "scarf".

"What are you doing?"

"Knitting!"

"A scarf?"

He Xinyan nodded, "Yes."

Wu Minger sat down onto her chair next to He Xinyan and watched her knit, "Who is this for?"

"Ye Chen!" He Xinyan said as she smiled sweetly, "Autumn is starting very soon, and I want to finish this scarf by then! It is the first autumn we are spending together."

Wu Minger clicked her tongue as she shook her head, "You two. . ."

"What?"

"Too sweet! I'm getting sour!" Wu Minger stood up and skipped away to go find Gu Yebei.
