

## Reborn To Love 159

### Chapter 159 Plan Failed

She flipped to the first page and her eyes widened when she saw the name typed on the title page of the report.

Li Yuyan.

He Xinyan then flipped to the next page and the next. This was hers! She clearly remembers the content of what she wrote. This was her report.

He Xinyan glared at manager Yu, who was looking at her hands.

He Xinyan smirked and threw the folder back onto the table. Did they really think that this stupid act was enough to get her?

"Li Yuyan, this is your report?"

Li Yuyan straightened her back and nodded, "Yes. He Xinyan, don't try to lie. I saw you not do the report yesterday!"

He Xinyan almost laughed out loud. Did Li Yuyan get herself mixed up with He Xinyan?!

"Okay, if that is so, you should be familiar with what you wrote in the report, right?"

". . . Yes." Li Yuyan said as she blinked a few times.

"Great! Then what company did you write about as competition to the He Corporation in your report?"

Bai Jiawei sighed, "He Xin-"

"Dad, this question is simple. Yuyan should be able to answer it, right? I'm just curious to know." He Xinyan said with a smile, but Li Yuyan obviously didn't know.

She didn't even look at the report!

"This. . . this. . . The Aini Cosmetics. I talked about Aini Cosmetics because it is the most popular brand right now!"

He Xinyan grinned and grabbed the file folder. Without looking, she flipped to the third page and handed it to Bai Jiawei.

"It's quite interesting how the writer of the report doesn't even know who they put as the competitor. However, the outsider here who didn't write a report knows. It is the Sanxi brand."

Bai Jiawei looked at the page He Xinyan was on and saw that it was indeed the Sanxi brand.

Yesterday, after Gu Yechen had sent He Xinyan the monthly report, she suddenly decided to change the competitor to the Sanxi brand, because the statistics showed that the Sanxi brand was slowly climbing its way up.

So, she decided to use the Sanxi brand because it was more of a long-term competitor.

Bai Jiawei looked up, "Yuyan, did you really write this report?"

Li Yuyan gulped, "I. . . I did! You can ask manager Yu!"

Yu Lin looked up and tried to hide her guilt, "Yes, chairman. . . Li Yuyan is indeed the one who wrote it."

He Xinyan scoffed, "How interesting that the one who wrote it doesn't even know the most important and basic information."

"I do! I just. . . I just forgot! It is the Sanxi Brand! I meant the Sanxi Brand. Yes, that's right. I didn't include Aini Cosmetics."

He Xinyan grinned and flipped to the next page, "How interesting! Aini Cosmetics is also included as a competitor, it is just on the next page."

Bai Jiawei looked and just as He Xinyan said, there was a smaller paragraph explaining how Aini Cosmetics was also a major competitor in the makeup field.

"Li Yuyan, did you really write this?"

Li Yuyan knew that her act was about to be broken and she didn't know what to say. Finally, manager Yu spoke up.

"Chairman Bai, I think I made a mistake. That one is indeed He Xinyan's. Maybe it was because I was too busy yesterday, so I got things mixed up. I thought that that one was Li Yuyan's because they gave it to me at similar times."

Bai Jiawei frowned, not completely believing Manager Yu's words. However, he had a meeting soon, so he decided to just let it pass.

"Okay. Be more careful next time. He Xinyan and Li Yuyan, you both work hard."

Bai Jiawei frowned and left the room. Right after, He Xinyan glanced at Li Yuyan and manager Yu before also leaving.

By now, she was certain that there was something going on between Li Yuyan and Yu Lin. Or else why would manager Yu help Li Yuyan and push herself out.

He Xinyan raised one eyebrow amusedly before leaving the room. When she opened the door, several eyes immediately returned to the screen. Bai Jiawei's screaming was quite loud, and the workers outside probably heard what they were talking about.

He Xinyan didn't care as she returned to her seat.

This day, there wasn't any special assignment, and she just did some basic work as a new worker. She made copies of documents, checked files before handing them up to Manager Yu, and did other things.

At the end of the day, He Xinyan left work early today and quickly drove home to Gu Yechen's house. Since she was early today, Gu Yechen wasn't back yet.

She took out a bag of snacks and a cup of juice, and plopped down onto the couch to relax. When she finished the bag of chips, the door opened and Gu Yechen returned.

He Xinyan immediately ran up and hugged him. Gu Yechen was a little surprised at the sudden force that hit him, but he smiled when he saw who it was.

"How was work today?"

"Bad! I got accused of not doing the report yesterday, but Li Yuyan actually didn't do it! I think Li Yuyan and our manager have something going on, because the manager helped her although she should know perfectly well that I was the one who did the report and Li Yuyan didn't!" He Xinyan ranted with a frown.

Gu Yechen raised one eyebrow, "Oh, really?"

He Xinyan nodded her head sadly.

"What is your manager's name?"

"Manager Yu. Her name is. . . Yu Lin."

Gu Yechen lifted He Xinyan up and carried her to the living room, dropping her onto the couch.

"I'll go cook." He walked into the kitchen and closed the door, however, he didn't start cooking immediately. Instead, he pulled out his phone and dialed a phone number.

"Yes, President Gu!" Chen Xiao said with a bite of food in his mouth.

"I need you to look into a person called Yu Lin. She is the market department manager at the He Corporation. I want the information in at most two hours."

"Yes, sir!"
