

Reborn To Love 167

Chapter 167 Pregnancy Check

Bai Jiawei cleared his throat and smiled, "Now, let's introduce the second round."

He Xinyan finally sat up straighter as she looked up at the screen. She couldn't lose anymore.

"This next round will be shorter, and it is due in two days, on Wednesday. Both of you will be writing a proposal and creating a presentation for a project, and all of the shareholders, including me, will vote for it. The project is. . ."

He Xinyan returned home late today because she stayed to finish writing the rough draft of her proposal. Once she reached her room, she fell down onto the bed and immediately fell asleep.

Gu Yechen arrived a few minutes later, and he saw He Xinyan laying face down on the bed, still in her work clothes.

He walked over to her and gently flipped her around. Quietly, he walked into the bathroom and grabbed a makeup wipe to remove her makeup.

Then, Gu Yechen grabbed her pajamas and helped her change into her pajamas.

Finally, he joined her on the bed and fell asleep.

The next morning, He Xinyan woke up from the alarm clock and was surprised to see that she was in her pajamas.

She remembered that she didn't change when she fell asleep yesterday?

Gu Yechen walked out of the restroom, and he was immediately met with He Xinyan's suspicious gaze.

"Good morning," he said with a smile.

"Did you change my clothes yesterday?" He Xinyan asked, narrowing her eyes.

Gu Yechen sat back down onto the bed and nodded his head calmly. However, He Xinyan was no longer calm. She crawled to where Gu Yechen was sitting and grabbed onto his shoulders.

"You changed my clothes?!"

"Yes."

He Xinyan's eyes widened as she looked into her silk pajamas, "So. . . So you saw. . . you saw my. . . my body?"

Gu Yechen gulped as the memories came back. Her body was even more attractive than he had imagined. Her curves were perfect, and she had fat at all the right places. There wasn't a spot of skin that wasn't pale and smooth like porcelain.

He had a very hard time controlling himself last night, and if it weren't for the fact that He Xinyan looked very tired, he would have definitely woken her up.

He grinned, "Yes."

"Gu Ye Chen!! You pervert! How dare you take advantage of me while I'm sleeping?! Gu Ye Chen!" He Xinyan punched him multiple times, and he didn't dodge it.

Gu Ye Chen had a very pleased smile on his face as he grabbed onto her hands, "I'll see it sooner or later. Don't be mad, okay?"

His voice was deep and gentle, and He Xinyan almost fell into the trap of his attractive voice. She gulped and looked up.

"No! I'm still mad!"

Gu Ye Chen raised one eyebrow and an evil grin appeared on his face. He Xinyan glanced at him cautiously and folded her arms together.

"Baby, don't be mad." Gu Ye Chen said again, but it wasn't as sincere this time.

"I'm still mad!"

Gu Ye Chen's smile widened as he reached up to unbutton his shirt, "Okay, then. I am wrong. To make it even, I will show you my body too."

He Xinyan's eyes widened as she saw Gu Ye Chen's skin slowly being revealed one button at a time. She immediately grabbed onto his hands and stopped him.

"Shameless! So shameless!" He Xinyan clicked her tongue and shook her head before jumping up from the bed.

"I shouldn't talk to him. He is a very bad influence. . ." He Xinyan muttered to herself as she walked into the restroom.

Gu Ye Chen chuckled before buttoning his shirt again and placing the rose into the vase before leaving.

He Xinyan and Li Yuyan arrived at work at about the same time, and they both went to work. Halfway through the day, Li Yuyan left.

He Xinyan watched as she left and knit her eyebrows together. Based on what she knew about Li Yuyan, He Xinyan was certain that Li Yuyan wouldn't complete the competition properly.

She would definitely use some lowly methods to help her.

He Xinyan had a basic guess of what Li Yuyan was going to do, and she knew just how to not let her succeed. It's just, she would have more work.

Li Yuyan left the He Corporation and drove to Jinxi Hospital.

When she got out of the car, she immediately noticed Su Zhiming at the door. She excitedly walked over and they entered the hospital together.

Su Zhiming insisted on going to the hospital with Li Yuyan to do a pregnancy check, and Li Yuyan had no choice but to agree.

She took a deep breath as they were led to the room, and a doctor entered shortly after.

After a few procedures, an ultrasound of the baby showed up on the screen.

Su Zhiming stood up from his chair and walked over to get a closer look.

"Mr. Su, the baby is very healthy and strong." The doctor said, pointing at the image. Li Yuyan didn't look at the baby once, and her eyes were on Su Zhiming the entire time.

She only relaxed a little when she didn't notice any suspiciousness.

However, shortly after, her body tensed up again.

Su Zhiming asked, "Doctor, how old is the baby?"

Li Yuyan immediately turned to look at the doctor, and she licked her lips before saying, "From the looks of it, the baby should be about 3 weeks old."

Li Yuyan let out a breath of relief and smiled at Su Zhiming.

He knit his eyebrows together but didn't say anything.

About half an hour later, they left the hospital and drove to eat lunch together.

The entire ride, Su Zhiming was deep in thought. He tried hard to think back to the night when the baby was unexpectedly "created", but it was hard because he was drunk.

When they arrived at the restaurant, Su Zhiming parked the car and Li Yuyan got out.

Su Zhiming was about to do the same when he suddenly remembered something. He remembered clearly that after they had finished, he had taken off the protection and tied it up before throwing it into the trash can.

If he remembered correctly, there was no hole in it. There was no way there was a hole in it. . . Because there was still a "liquid" inside.

Su Zhiming's eyes widened when he heard Li Yuyan call him from outside the car. He looked at her for a long time before finally opening his door and getting out.

Was Li Yuyan lying?
