Chapter 1031: One Wrong Move Spoiled the Plan

"Why is this here?" Chen Xiaobei could not believe what he saw inside the brocade box.

Instead of the ninth piece of the Orochi Scale that Li Xiang was looking for, there was a piece of dark purple gemstone!

Chen Xiaobei had seen this the material of this gemstone before, it was exactly the same as the rosary in the Sui Generis Dragon Artifact!

"Dark Purple Crystal! This is a big one! Bro Bei! Can I please have a bite? I'm starving..."

Xiao'er quavered, looking rather excited.

This little thing really was a chowhound. It would not budge when it saw delicious food.

You could tell, from its reaction, that the Dark Purple Crystal could be considered as Spiritual Item that had a higher tier than the Violet Cold Steel!

To Xiao'er, the better the tier of a Spiritual Item, the tastier it was.

"Not now! Not yet!" Chen Xiaobei said, "I used the Dreamcatcher Bell and found out from Nikkawa Okazaka that there is a key to an ancient treasure vault! If you bite it, how are we going to open it?"

"But I'm starving..."

Xiao'er looked at the Dark Purple Crystal, drooling.

"Bear with me first! Wait until we find the treasury and then get the door opened. Then, we will eat it together!"

Chen Xiaobei picked up the Dark Purple Crystal and took a deep breath, "It's exactly the same... Brr... So cold..."

Chen Xiaobei felt the cold even when he had 39,000 health because the Dark Purple Crystal was a Yin type Spiritual Item which emitted a bone-chilling cold. He picked up the Dark Purple Crystal and examined it: it was about palm-sized and at first-look resembled a token. Other than that, there was nothing else special about it and did not tell of the exact location of the treasury.

"It looks like I'll have to ask Qie Loulan."

Chen Xiaobei took out the spirit cage and released the unusual-looking Eight-Stars Wight.

"Bro Bei! Is there anything I can help you with?"

Qie Loulan rose and stretched to about 3 meters tall. He seemed to have grown a little and his Yin Qi was so strong that it raised hairs.

"Oh? Why do I feel like you've become stronger?" Chen Xiaobei asked.

"It's because of that Dark Purple Crystal Rosary!" Qie Loulan answered, "The Yin Energy of the Dark Purple Crystal harmonizes perfectly with my body. It's a perfect match! It is very beneficial to my Spiritual Body. Even though my combat power did not increase, I am back to the tip-top condition I was in!"

"Tip-top condition?" Chen Xiaobei raised his brow and asked, "Did you recall anything from your past?"

"Yes! I remember some things!" Qie Loulan answered in a serious tone, "The place where I hibernated was in the seabed. It was an ancient archeological site called Temple Qielan!"

"Seabed? Archeological site? Temple Qielan?" Chen Xiaobei turned this information over his mind and said, "If that's the case, that archeological site must be the ancient treasure vault that Nikkawa Okazaka was talking about! And this piece of Dark Purple Crystal is the key to open it!"

"

"Huh? There's still a Dark Purple Crystal?!" Qie Loulan's eyes lit up when he spotted the Dark Purple Crystal Token in Chen Xiaobei's hands.

"Do you remember the exact location of the site?" Chen Xiaobei asked.

"I can't think of anything for now, but if we're near, I might be able to sense it..." Qie Loulan said uncertainly.

"Hurry, hurry, hurry! Surround the bedroom! The emperor is on his way back! We cannot let the thief run away!"

There was loud commotion outside.

He palace guards had definitely gathered around outside and made sure that all the exits are completely blocked off. When he heard his men's voice over the phone, Nikkawa Uchu knew that he was tricked and quickly rushed back.

"We have to go!" Chen Xiaobei placed the new Dark Purple Crystal into the spirit cage and instructed, "Qie Loulan, think carefully, see if you can remember the location of the archeological site. I will ask you again later!"

"Yes, Master!"

Qie Loulan returned into his Spirit Cage.

Xiao'er also made its way back into Chen Xiaobei's pocket.

"Let's go!" Chen Xiaobei stepped onto the Somersault Cloud and flew out of the hole in the roof.

The palace guards outside were all quite weak. They did not even spot Chen Xiaobei's escape.

Chen Xiaobei had already cleared out Japan's national treasury and there was nothing worthy of stealing in here. He had wanted to meet up with Six Ear Macaque and the rest but shortly after he left Tokyo, a loud whizzing sound came up from behind him.

"What is that?"

Chen Xiaobei turned around and was surprised to find ten black fighter aircrafts pursuing him! Those were no ordinary fighter aircraft, but the USA's latest H-2 Falcon supersonic fighter aircraft! This bird was currently named the world's fastest fighter jet. It had not been revealed to the public yet—only the USA and its staunch allies were equipped with it! The rest of the countries had not even heard of it!

So, how fast was that aircraft?

The Somersault Cloud under Chen Xiaobei's feet was crafted by Lei Zhenzi, using the Prosperous Cloud. It could travel up to 100,000 miles a day! And this Falcon combat aircraft was able to catch up to Chen Xiaobei! This proved that it was much faster than the Somersault Cloud Chen Xiaobei was on!

At a rough estimation, its speed was at least 15 times faster than the speed of sound. This was why the person who controls the army and own the most advanced technology governs a country!

This aircraft with supersonic guided missiles could kill an elite with middle phase Celestial cultivation with ease!

"I'm in grave danger! I really underestimated Chen Yasai and Nikkawa Uchu... They actually deployed the most advanced combat aircraft to pursue me!"

Chen Xiaobei's frown deepened. "I've already used the Ultimate Protective Puppet. I will have to wait 24 hours before I can use it for the second time! These ten-combat aircraft will terminate me! They can't be here because Six Ear Macaque and the rest are hiding inside the forest. If they were found, I won't be able to protect them! What should I do?"

Chen Xiaobei looked really sullen; he had not taken the Imperial Japanese Air Force into account!

It would not be long before Chen Xiaobei would come into view of the Falcon combat aircraft's firing range. The missiles would be travel faster and the lesser the chance he would be able to dodge it!

"Could it that one wrong move and I lose everything?"

Chen Xiaobei was overwrought. If something happened to him now, everything he had worked so hard for would all go down the toilet!

"Wait! That's it."

Chen Xiaobei suddenly spotted a way out from the corner of his eyes!

Chapter 1032: Group Chat in the Sea

@@

"Oh!"

Chen Xiaobei's gaze locked on something on the shore.

Japan is an island country surrounded by waters. From the aerial view, Chen Xiaobei saw that the nearest coastline was less than ten seconds away. No matter how relentless the Falcon combat aircrafts were, they would never pursue Chen Xiaobei all the way into the ocean.

To him, the sea was no different to land—it would suit him very well to hide in there.

Chen Xiaobei stored his mobile phone into the Infinite Space Ring and made a dash for the nearest beach!

"Reporting! Reporting! The target is flying at a lower altitude. It looks like he's about to enter the forest! Please advise! Please advise!" The pilots reported to the command center.

In the Imperial Japanese Army Air Force base about ten kilometers away, Nikkawa Uchu and Phantom Rain were watching the feed sent from the aircrafts.

"Your mission is to keep your eyes on the target! The bomber is now airborne. You are only su @@

Xiao Tianquan: God Chen is back! Long time no see! ☺

Bull Demon King: Haha...Today is the Saturn Peach Feast, most of the deities are invited to the Heavenly Lake. I didn't expect that God Chen would come here to spend time with us!

Chen Xiaobei: I'm no god... I'm just an ordinary human being!

Diao Chan: Wow! Chen Xiaobei! You are known as the prodigy in this group. Not only you can write a good poem but also sing really well! I'm a big fan!

Chen Xiaobei: Hahaha... Lady, I don't deserve your compliment. I'm just a normal man. I was just lucky!

Lu Bu: Chen Xiaobei! How dare you flirt with my wife?! I will definitely fight you one-on-one after I become a deity!

Chen Xiaobei: I didn't flirt with your wife... What's your current combat power... Let's talk about it first..."

Xiao Tianquan: God Chen. Just ignore him... He's one of those overprotective husbands! He wants to fight all those that talk to his wife! However, he still didn't manage to turn into deity @@

Chapter 1034: Who is Number One?

Bull Demon King: Huh? A dish? God Chen! You must be kidding with us!

Lu Bu: Chen Xiaobei, are you crazy? You are supposed to prepare something special for the Queen Mother! A dish is not special at all! This is really rude!

Zhao Yun: God Chen! You have balls of steel! I, Zhao Zilong can be considered as one of the bravest man ever alive! Not even I dare to do this to the Queen Mother! You are the man!

Xiao Tianquan: Brother, are you sure that you didn't send the wrong thing to the Queen Mother?

Diao Chan: Little Bei Bei, it's not too late to take back the item that you just sent out! You will be in deep trouble if you make our Queen Mother angry!

Chen Xiaobei: I did not send the wrong thing to her! The dish that I prepare for her is really delicious!

Lu Bu: You can continue to boast about it! A dish is a dish! I don't think it can impress the Queen Mother! Not only the Queen Mother gets to eat the Saturn Peach, but the God of Cookery is also there to cook Earth and Heaven Imperial Feast for her!

Chen Xiaobei: Between the Earth and Heaven Imperial Feast and the Manhan Chu Imperial Feast, which one is better?

Bull Demon King: What kind of question is that? The Manhan Chu Imperial Feast is nothing! The Earth and Heaven Imperial Feast use the rarest Spiritual Vegetable, Fruits, and Meat! Besides, the God of Cookery can cook all the dishes flawlessly! Trust me! The Queen Mother has tried all kind delicacy in this world!

Xiao Tianquan: I can prove that Bull Demon King is right about it! After having the Heaven and Earth Imperial Feast, other delicacies are nothing to me!

Chen Xiaobei: Hehe... I think the Heaven and Earth Imperial Feast is nothing out of ordinary. The dish that I presented to the Queen Mother is the most delicious food in this world!

Lu Bu: You are really good at acting tough! Are you trying to say that your dish is better than the Heaven and Earth Imperial Feast? Do you really think we are all idiots here?

Zhao Yun: You have gone overboard!

Diao Chan: Perhaps God Chen is not interested in the Saturn Peach. That's why he simply chose something to give to the Queen Mother.

Chen Xiaobei: I'm not interested in the Saturn Peach? I want to get my hand on the 9,000-year-old Saturn Peach!

Bull Demon King: God Chen, I think you are crazy! Do you really think that you can exchange a 9,000-year-old Saturn Peach with your dish? Dream on!

Lu Bu: As compared to your gift, the thing that you just sent to the Queen Mother is nothing! I think the seven goddesses will not even present it to the Queen Mother!

Chen Xiaobei: Hehe. Let's make a bet!

Lu Bu: What do you want to bet?

Chen Xiaobei: If my dish manages to bring joy to the Queen Mother, you have to become my little brother! What do you think?

Lu Bu: Let's do this! I will not lose no matter what! What If you lose in the bet?

Chen Xiaobei: Do whatever you want to me!

Lu Bu: If you lose, you have to give me...

Hou Yi: Latest update! Latest update! The Queen Mother just announced that there are way too many jewelleries over there! Those who gifted her with jewelry will be eliminated automatically.

Lu Bu: Ugh... How did that happen... The necklace that I gave her is completely wasted! I think I just threw 999,88 merit points down the drain!

Lu Bu was not the only one that felt sad in the group. There were hundreds and thousands of group members wailing as well. Clearly, most of them had given pieces of jewelry to the Queen Mother. In other words, it was not possible for them to receive the Saturn Peaches!

"Hahaha! Little Lu Bu! You are so dead this time..."

Chen Xiaobei looked at his cell phone and laughed at the same time.

He then said, "It's really really important to have a good Sifu by my side!"

Earlier, the Prime of Tongtian did remind Chen Xiaobei not to give anything valuable to the Queen Mother because she had seen it all.

Chen Xiaobei: Little Lu Bu, from today onwards, you are my little brother!

Lu Bu: Psst! My necklace is eliminated but that doesn't mean that your stupid dish will not be eliminated! It's a tie for now!

Bull Demon King: That's right! It's not possible that the Queen Mother will like the thing that you just gave her! I think the Flaming King Lizard Armor will be chosen by the Queen Mother! It's after all an extremely valuable item! Most importantly, Queen Mother has not received this kind of present before! I'm confident that I will be awarded with one Saturn Peach!

Hou Yi: Another latest news! Bull Demon King was reprimanded by the Queen Mother! She said that Bull Demon King had caused the area around the volcano experiencing earthquake after he fought with the monster! Thousands of lives perished! It's a big sin!

Bull Demon King: This... This... This...

Hou Yi: The Queen Mother also mentioned that those that disrupt nature to acquire the things that they need will be eliminated automatically as well! The Queen Mother will not tolerate this kind of vile behavior!

Upon hearing that, there were around 10,000 members were eliminated this time.

"Hahahahaha! This is hilarious!"

Chen Xiaobei was laughing nonstop after he read the message. The Prime of Tongtian mentioned that the reason why Queen Mother wanted to gift the Saturn Peach to the members in Red Envelope Group was to have fun with everyone and showed that she actually cared about all the other living beings within the three realms!

If the Queen Mother gave Bull Demon King a Saturn Peach, that would mean she supported his vile behavior. By that time, a lot of people would lose faith in her. And others would do what Bull Demon King just did. More and more people would cause damage to nature. That was why Bull Demon King was eliminated!

Zhao Yun: Hahaha! Many members have just been eliminated! I think I can finally claim the 9,000-year-old Saturn Peach! The Spiritual Moonsaber is extremely valuable! The most important thing is Queen Mother doesn't have this item! She has no one to choose but me!

Chen Xiaobei: Bro! Can you stop lying to yourself! I will obtain the grand prize!

Zhao Yun: You are really good at acting tough! Do you really think you can defeat me with a simple dish?!

Chen Xiaobei: Let's make a bet then! If I win I want your photo with a signature on it!

Like most of the teenagers in China, Chen Xiaobei idolized Zhao Yun. During the Battle of Changban, Zhan Yun managed to eliminate around 10,000 Cao and Wei soldiers. The way he killed them was like how a reaper took someone's life—swift! Chen Xiaobei would feel excited whenever he thought about it.

Zhao Yun! Let's do it! I will give you my picture with signature on it if I lose the bet!

Hou Yi: It's me again! The Queen Mother just said that she won't accept any kind of weapons because they carry a bad omen!

Zhao Yun: Damn! No way! I've been eliminated!

Chen Xiaobei: Bro. To be honest, the present that you prepare for the Queen Mother is really decent! She would accept it gladly if today is not the Saturn Peach Feast!

Soon, tens of thousands of people started wailing again.

Hou Yi: Not many people left now. The ten winners will be announced soon!

Chapter 1035: Every Deity Complimented i

At the heavenly realm.

The place called Heavenly Lake was where the Queen Mother stayed. It was surrounded by layers of cloud. Besides, there were stalactites on all eight directions as well. The color on them was definitely something out of this world. Over the years, the stalactites would absorb the essence of nature and form a drop of holy water after 100 years. After that, the holy water would go through 100 years of filtration. Lastly, all the filtered holy water would gather together and formed the Heavenly Lake!

Every year, the Saturn Peach Feast would be held at the Heavenly Lake. Hundreds of high-ranked deities and other special guests would be invited by the Queen Mother to celebrate the festival with her together. Normal deities would not get the chance to join them. During the ancient times when Monkey King was assigned as a horse caretaker in the heavenly realm, he was not invited to the Saturn Peach Feast. That was why he caused a great stir to it!

Today, Monkey King was crowned the title, Battle God! Naturally, he had become the Queen Mother's special guest! At the Saturn Peach Feast, he was having a drink and talking with a few other deities on the cloud. The rest of the deities were doing the same thing as well. This year, their topic was closely related to the Red Envelope Group.

"I heard that hundreds of thousands of members from the Red Envelope Group has just sent their presents to the Queen Mother! And the Queen Mother will choose ten present from it! Those ten people will be rewarded with Saturn Peaches!"

"Yes! You are right! I shall give thanks to the Three Realm Intranet and the Red Envelope Group! Finally, my grandchildren will have the chance to have a taste of Saturn Peach!" said the Eastern Sea Dragon King.

"Old Pond Loach. It's too early to feel happy for them! The Queen Mother might not like the presents given by your grandchildren!" said the Monkey King.

Clearly, the Eastern Sea Dragon King was not happy to hear the thing that Monkey King just said. However, he did not dare to do anything about it because he was beaten badly by Monkey King years ago.

"Monkey King, who do you think will get the Saturn Peach?" asked Taibai Jinxing.

"I'm not too sure about others. But. I'm pretty confident that my brother, Chen Xiaobei will definitely be rewarded with one Saturn Peach!" said the Monkey King while scratching his ears.

"You might be right about it! God Chen has many good ideas. He might be able to please the Queen Mother!" said Taibai Jinxing while nodding.

"That's right! I think that God Chen can surprise us as well!" said God Chejiao.

Cough!

Cough!

Suddenly, one of the deities made some coughing sound. Immediately, God Chejiao and Taibai Jinxing shut their mouths. A nervous look could be seen on their faces. And this deity was none other than Shen Gongpao. Considering that Chen Xiaobei was his worst enemy, he was not pleased when others said that Chen Xiaobei would be rewarded with a Saturn Peach.

"Queen Mother, have you picked ten items from the pile of presents? My guess is the patience of the beings of the Red Envelope Group is wearing thin!" said Shen Gongpao.

He was donned in a black-and-white Daoist robe while his tone had a hint of arrogance. It was as if he saw himself more powerful than the deities and creature that could not attend the Saturn Peach Feast.

"Elite God, be patient. Goddess Chexia is on her way here!"

On the northern side of Heaven, Jade Emperor and Queen Mother were sitting on the clouds overseeing the Saturn Peach Feast. Both of them were wearing a set of golden robes. Their attire made them looked really sacred and powerful. However, the Queen Mother had just addressed Shen Gongpao as an elite god. Actually, this was nothing out of the ordinary.

Since Jiang Ziya was banished to the earthly realm, Shen Gongpao has taken his place to wield the Divine Deity Lash! In other words, he is the spokesperson of the Primordial Lord of Heaven. Other than the saints, everyone else in the heavenly realm had to show him respect. That was why Taibai Jingxin and God Chejiao were so afraid of him.

"Greeting Queen Mother!"

Suddenly, a goddess in red flew to the Heavenly Lake. She was none other than the Goddess Chexia. One could see that she was holding an intricate bronze mirror. She then handed it to the Queen Mother.

"We have successfully chosen thirty presents from the mountain of presents. Please have a look at it and choose ten from it."

"Okay."

The Queen Mother nodded her head and took the bronze mirror. After that, all 30 presents started showing up one by one in the bronze mirror.

"This item is not too good... I don't like this as well... This one not bad... Give this person a 3,000 years-old Saturn Peach!"

The Queen Mother had after all seen too many rare items; that was why she could be really picky when it came to choosing the thing that pleased her. Every other three gifts, she would at least eliminate two of them. Seemingly, the Queen Mother was forced to pick something that she liked. There was no joy could be sensed from her when she chose those gifts.

"Should have let you do the picking instead!" said the Queen Mother.

"Queen Mother, be patient. Wait till you see the last gift!"

"Oh? Is that right?"

Upon hearing that, the Queen Mother started to look forward to checking the last gift. She was elated when she set her eyes upon it.

"What is this?! It looks like jade sculpture but it's not made from jade! It looks it's made of silk but it's not! Bird are flocking to the phoenix! It looks so surreal! Perfect!"

Upon hearing that, every single deity could not wait to take a look at it.

"What is that thing? I can't believe the Queen Mother is complimenting it!"

"I thought the Queen Mother has seen everything within three realms? It's hard to believe that the gift can impress her!"

"Queen Mother! What is that? Can we all take a look at it?"

.....

Feeling excited, the Queen Mother nodded her head immediately.

"I want all of you to take a look at it as well! I can't quite figure out what this thing is!"

Right after that, the Queen Mother summoned a cloud to her and placed the item on top of it. Then, the cloud started to circle around the deities. Everyone could have a look at it closely.

"It's so beautiful! I wonder what this is made from. Can I touch it?" asked God Erlang in a curious manner.

"Don't touch it! What if you damage it?" said Monkey King while glaring at God Erlang.

"Don't touch! Don't touch! It looked like it's made from something delicate and soft! I can't quite figure this thing out as well! You might destroy it if you touch it!" said Taibai Jingxin.

"This is so magical! I can't believe we all never seen this kind of thing before!" said the East Sea Dragon King.

"The material that used to craft it is absolutely breath-taking! And the crafting skill is masterful! Birds are flocking to the phoenix! It's just like hundreds of deities flocking to the Queen Mother! This piece of art is really well though! It's no wonder that our Queen Mother likes it so much!" said God Chejiao.

Even Shen Gongpao could not help but compliment the art piece.

"I have never expected that the beings in the Red Envelope Group can come up something this perfect!"

"Elite God, so, you think this gift is not bad as well, right?" asked the Queen Mother.

"It's really not bad! Goddess Chexia, who's the one that prepared this gift? I think he should get the first place!"

"God Chen is the one that prepared this gift!"

"Who?"

Shen Gongpao almost fell to the ground after hearing the person that prepare this gift.

Chapter 1036: Not Even the Powerful One Can Resist Good Food

"This gift is given by the disciple of the Prime of Tongtian, God Chen Xiaobei!"

Goddess Chexia thought that Shen Gongpao did not hear her words. That was why she repeated the statement twice.

"Since Elite God Shen Gongpao agrees that the person that presents this gift to me should be rewarded with the first prize, so be it..." said the Queen Mother.

"Hold on!"

Suddenly, Shen Gongpao's face darkened. The thing that he did not wish to see right now was Chen Xiaobei claiming any Saturn Peach, let alone the first prize!

"I think I want to change my mind! Actually, this gift is nothing out of the ordinary!"

Upon hearing that, all the other deities were disgusted by his shameless move. However, none of them dared to say a word about it. After all, the person behind Shen Gongpao was the almighty Primordial Lord of Heaven! Not a lot of deities were bold enough to offend a powerful deity like that.

All of a sudden, Monkey King stood up and started to chide Shen Gongpao.

"A few seconds ago, you just mentioned that the person that gifted this item to Queen Mother should be rewarded with the first prize! And now you change your mind once you heard my brother's name, Chen Xiaobei! This is highly unprofessional!"

Everyone was afraid of Shen Gongpao but not Monkey King. The deity that had Monkey King's back was none other than the Grand Holy Lady Nuwo! One should know that he was the one that was crowned the title, The Great Sage, Heaven's Equal. And Lady Nuwo was the seventh disciple of Ancestral Daoist, Hong Diao! Besides, Monkey King used to call Bodhi his Sifu during his young age. And Bodhi was the incarnation of Saint Zhunti which was also one of the seven saints! Lastly, Monkey King had a good relationship with Buddha from Temple Leiyin. That was when it came to backup, Monkey King was actually far better than Shen Gongpao.

"Did... Did you just say that I'm acting shamelessly? I suddenly found out that there's a huge flaw to this gift! Why can't I change my mind?" argued Shen Gongpao since he could not do anything to the Monkey King.

"When it comes to the material that used to craft this art piece, everyone has zero clues about it! This can actually be considered as an ultra-rare gift! When it comes to the crafting skill, the birds and the phoenix look so surreal! Everyone is praising it! You are the only one that claims that this piece of art is flawed!"

"This..."

Immediately, Shen Gongpao squinted his eyes and went and check on the gift repeatedly—hoping to find a flaw in it. Unfortunately, he could not find anything for him to criticize. This dish was after all prepared by the legendary cook, Uzuishi Akaihi! His reputation would be in vain if the dish that he prepared was deeply flawed!

"Nothing for you to criticize, right?! You shameless bastard! You are trying to use your power to cause harm to my brother! I will not let you do it! No way!"

"I suspect that there's something wrong with the material that used to craft this gift! We have to ask Chen Xiaobei to explain the gift to us! If he caused harm to nature to acquire the raw material to craft this gift, he should be disqualified like Bull Demon King!"

"Elite God, Shen Gongpao is right about it! Let's adjourn to the Red Envelope Group now and listen to Chen Xiaobei's explanation first! After that, we shall decide whether he should be rewarded with the first prize!" said the Queen Mother.

Clearly, the Queen Mother was with Shen Gongpao. Right after she made the decision, Monkey King could no longer attack Shen Gongpao anymore.

.....

Inside the Red Envelope Group.

Hou Yi: News flash! News flash! The Queen Mother and the rest of the deities are coming back to the Red Envelope Group!

"Good timing!" said Chen Xiaobei with a displeased manner.

He knew everything that happened at the Heavenly Lake just now from Hou Yi.

"Initially, the 9,000-year-old Saturn Peach was going to fall into my possession but that bitch, Shen Gongpao had to do something to sabotage me! I'm going to let him have a taste of his own medicine when the time is right!"

Chen Xiaobei would always make the bad guy paid back what they did to them. There was no way that he would let Shen Gongpao off the hook that easy.

Queen Mother: God Chen, I just took a look at your gift just now. From the look of it, it is truly perfect! It can be considered as one of those ultra-rare gifts! However, there's something I can't quite figure out! What kind of material did you use to craft this piece of art?

Chen Xiaobei: Heh... Someone is trying to make up something to try to disqualify me! Dream on! My gift is just a simple dish! All the material that used to craft this gift is made of fresh fish meat that can be bought from the seafood wet market!

Queen Mother: What? A dish? Fish meat?

Shen Gongpao: This...

Every deity: How's that even possible? The fish meat looks like real feathers! And I can't smell anything bad from the fish meat as well! How can fish meat makes the entire thing looks so 3D? This is not possible at all!

Chen Xiaobei: Have a taste of it if you don't believe in me! In order to prepare this gift, I have hired the best chef in town! Making the fish smell go away is just a simple task! With his masterful cooking skill, everything is possible!

Diao Chan: Wow! Little Bei Bei! You really are not lying to us! I can't believe that you gave our Queen Mother a dish!

Zhao Yun: God Chen! You are awesome! You are really cool! I'm willing to accept the loss! I will hand you my pictures with signature as soon as possible!

Lu Bu: I still have something to deal with back at home. I'm gonna make a move first!

Xiao Tianquan: Stand right there! You just lost the bet! Are you going to break your promise?

Shen Gongpao: Shut up! You guys have no right to talk here!

Upon hearing that, everyone shut their mouth immediately. The hatred that they had toward Shen Gongpao had just elevated to another level.

Shen Gongpao: Chen Xiaobei, I know that this is fish meat. However, it's raw! Are you treating the Queen Mother like a beast by asking her to consume raw meat?

Chen Xiaobei: You are such an uncultured moron! Eating raw fish is one of the most famous ways of eating on earth! Not only can you taste the original flavor of the fish, but the nutrients inside the fish would also be retained as well! It will melt in your mouth once you eat it with wasabi!

Shen Gongpao: You are lying! No one will believe what you say! Queen Mother, do you believe in him?

Queen Mother: I... I don't believe him...

Chen Xiaobei: Queen Mother, you can be considered as one of the veteran members in this group. Think about the spicy sticks, mooncakes, spicy mini lobsters, and WaHaHa High Cal Milk that I send in the group before. You will definitely feel regret if you miss this delicacy!

Queen Mother: Then, I should have a taste now. I have to try everything on earth!

"Hehe... The Queen Mother had seen almost everything within the three realms! However, she has not seen sashimi before! Her curiosity got better of her! I made the right choice! Everything will be smooth sailing once the Queen Mother has a taste of!" said Chen Xiaobei while looking at the cell phone with a smile on his face.

Monkey King: What does the orange fish meat taste like?

Shen Gongpao: Queen Mother! You must think carefully first before commenting!

Queen Mother: This... This... Is... Not delicious!

Chen Xiaobei: What? Not delicious? That you shouldn't eat it anymore! Pass it to my bro, Money King. Let him eat it.

Monkey King: Bring it over.

Queen Mother: Don't! Don't! Don't! It was a typo! I meant this is too damn delicious!

Chen Xiaobei: Shen Gongpao! Look at that! Your power is nothing when it comes to the dish that I presented to the Queen Mother!

Red Envelope Group of the Three Realms

Chapter 1037: Deep Intention

Shen Gongpao: I...

Chen Xiaobei: There no I... Even the Queen Mother says that it's delicious! Or are you trying to say that there is something wrong with the Queen Mother's tongue?

Queen Mother: Elite God Shen Gongpao! It's not that I don't want to side with you! It's true that the dish that God Chen prepares for me is really too yummy!

Shen Gongpao: How delicious is it?

Queen Mother: I can feel the freshness the moment I put into my mouth! After that I used my tongues to taste the fish meat and it melted like an ice cream instantly! The flesh is full of fat but I don't feel disgusted by it after eating it! After I swallow it, I can still feel the fish's sweetness lingering in my mouth!

Jade Emperor: That sounds really delicious! Let me have a taste of it as well!

.....

Jade Emperor: Oh... My... God... So pungent! So spicy! My eyes! It's so spicy that my tears are coming out!

Shen Gongpao: Chen Xiaobei! What are you going to say this time? Your stupid dish just caused the Jade Emperor to shed tears! Clearly, it was really bad in terms of taste!

Chen Xiaobei: Hehe...

Jade Emperor: Damn! This is so good! The spiciness has made my mouth and nose feel so much better! Is this the wasabi that God Chen mentioned earlier? This is awesome! I want more!

Queen Mother: Relax! Don't try to take away this delicacy from me! You should act like a Heavenly Lord! Behave yourself! I'm the one that spotted the big piece of fish first!

God Erlang: Queen Mother! Can I have a taste of it as well?

Shennong: Queen Mother! I want to try too! You know I'm a foodie! Share some with me, please!

God Chejiao: My King! My Queen! Eat slowly, please! I want to have a piece of fish as well!

.....

Immediately, every single deity wanted to have a taste of the delicacy that Chen Xiaobei gave to the Queen Mother. Even those deities that could not make it to the Heavenly Lake started to get excited as well.

Diao Chan: This is crazy! My Little Bei Bei! Judging from the way they act, I think there's a high chance that you can use a single dish to exchange for the 9,000-year-old Saturn Peach!

Zhao Yun: I'm so jealous right now! I should have cooked tomato with egg as well! I might be able to claim the second place with the dish that I prepare!

Bull Demon King: My bro, Chen Xiaobei is awesome! When are you going to let me have a try of that dish?

...

Shen Gongpao: This...

Chen Xiaobei: Shen Gongpao, what are you going to say this time?

Monkey King: It has been proven that the dish that Chen Xiaobei prepared for the Queen Mother has pleased her really well! You should be ashamed of yourself and stop the thing that you tried to pull!

Shen Gongpao: Fine! You win this time, Chen Xiaobei! I will see you again next time!

Chen Xiaobei: Fine! See you next time!

Queen Mother: Cough... I have finished eating... Now, let me announce the winner is Chen Xiaobei. He will be rewarded with the 9,000-year-old Saturn Peach! I don't think anyone will disagree with my decision!

Ding!

[Congratulations! You have snatched a Red Envelope from the Queen Mother! You have received a 9,000-year-old Saturn Peach! It has been stored inside your treasure chest!]

"Haha! That was easy! 9,000 years have just added to my lifespan! 9,000 combat power! 9,000 health! Huge boost! Wahahaha..."

Chen Xiaobei got really excited after he saw the notification on his cell phone. After he consumed the Saturn Peach, he did not need to worry about his lifespan anymore. Longer lifespan and more combat power were things that Chen Xiaobei needed the most right now.

Queen Mother: Next, I would like to announce that the deities that are going to be rewarded with 6,000-year-old Saturn Peaches are Master Luban! Hou Yi! And Xiao Tianquan!

Queen Mother: The deities that are going to be rewarded with 9,000-year-old Saturn Peaches are...

"Damn! I can't believe that my Xiao Tianquan had just gotten second place!"

They were good friends. That was why Chen Xiaobei was happy for it.

"Let me go into the brotherhood chat group and ask what's going on!"

Monkey King: Xiao Tianquan! Damn! You are good! How did you get a 6,000-year-old Saturn Peach? What did you give our Queen Mother?

Chang'e: Yea! What did you give her? And how did you please her?

Xiao Tianquan: Actually, I didn't give her anything special! All I give her is a Snow White Spiritual Cat as a pet!

Hong Hai'er: Damn! I can't believe that it actually worked! Unfortunately, I can't receive or send Red Envelope right now! If not, I will give her one of my pets! Then, I will be rewarded with a Saturn Peach as well!

Nezha: Xiao Tianquan is good! But God Chen is even better! He just received a 9,000-year-old Saturn Peach!

Yanwang: God Chen! You should send us a Red Envelope since you got first place! I know you still have that fish dish with you! Just send it to us! We want to have a taste of it! I'm salivating right now!

Chen Xiaobei: I thought it's forbidden for us to send out any Red Envelope right now! And I don't have any extra dishes with me!

Old Wang: It's forbidden to send any Red Envelope now. Yanwang, please don't give Xiaobei a hard time!

Chen Xiaobei: My bad! I didn't know there will be so many group members show up today! I should have prepared more good stuff!

Monkey King: Brother! Are you lacking resources right now?

Chen Xiaobei: Yes... I'm not in a good situation! Currently, I'm surrounded by enemies! And there will be more battles coming soon as well! Being able to get more items will increase my winning chance!

Chang'e: If that's the case, we should try to encourage a Red Envelope Grabbing Session!

Monkey King: That's right! This is a really good time to do that since so many group members show up today! Xiaobei, you still have that Dragon Dick Hundred Fruits Moonshine with you, right? Send that! A lot of us are craving for that!

Chen Xiaobei: Okay! I will leave the rest of the work to you guys!

Inside the Red Envelope Group.

Chang'e: Everyone! I have an idea! The ten deities that received Saturn Peach today should send us Red Envelopes! What do you guys think?

Yanwang: Good idea! Since they have received something good today! They should share the happiness with us! @Master Luban! Come out and give us Red Envelopes!

Master Luban: I'm not the only one! @Hou Yi @Xiao Tianquan

Xiao Tianquan: I'm more than willing to send some Red Envelopes out! Everyone should share the joy!

Hou Yi: Hold on! Where is Chen Xiaobei?! He got first place just now! We will not send any Red Envelopes if he don't send anything to us!

Chen Xiaobei: Will you guys do it if I do it?

Xiao Tianquan: Yes! As long as you do it! Those that receive Saturn Peach today will do it as well!

Master Luban: Let's do it then! I'm so happy that I got myself a 6,000-year-old Saturn Peach today!

Hou Yi: Fine! I will do it too!

Suddenly, everyone got really excited. Those that received 3,000-year-old Saturn Peaches were willing to send out some Red Envelopes as well.

Monkey King: Hold on! I have an idea! There were no Red Envelope Grabbing Session since the eve of the Lunar New Year! Let's follow God Chen! Bring the joy to everyone!

Yanwang: Fine! Let's do it! I will join too!

Chang'e: Count me in!

Everyone: Fine! Fine! Fine! We all will join! Let's have fun!

Of course, Monkey King, Chang'e, Yanwang, and Xiao Tianquan were there to thank him for his Red Envelope Grabbing Session. Their acting skill was top-notch!

"Damn! My friends! Your acting skill is better than mine!"

Looking at his cell phone, Chen Xiaobei secretly gave them 32 likes.

Ding!

[You just sent a Red Envelope to the group!]

Immediately, Chen Xiaobei sent a Red Envelope that contained Dragon Dick Hundred Fruits Moonshine to the group.

The Red Envelope Grabbing Session had started officially!

Red Envelope Group of the Three Realms

Chapter 1038: I Have Lost, Give It Back to Me

Chen Xiaobei first sent his Red Envelope to the group. After that, everyone did the same thing as well. With tens of thousands of group members participating in the Red Envelopes Snatching Session, the entire chat group was flooded with Red Envelopes.

"Let me snatch this one! That one and this one too!"

Chen Xiaobei had already prepared earlier to snatch as many Red Envelopes as possible. Both of his hands were tapping on his cell phone screen at lightning speed—faster than a sewing machine.

Ding!

[Congratulations! You have snatched a Red Envelope from Bull Demon King! You have received ten Bad Luck Talisman! It has been stored inside your treasure chest!]

"Damn! That was fast! First blood! Bad Luck Talisman? What is that? Let me check it out now!"

Ding!

[Bad Luck Talisman: Crafted by Shaoba Xingjun. It can be considered as low-tier cursed talisman! One needs to call out the name of the person and the talisman will ignite. That would mean the curse is completed and the person's luck value will drop immensely! Do you wish to withdraw it?]

"Lower one's luck value? Damn! This is exactly the thing that I need right now! That son of a bitch, Shen Gongpao is messing with me all the time! I'm going to let him have a taste of his own medicine! I will not let him snatch any Red Envelope!" said Chen Xiaobei with an evil smile.

"Withdraw!"

In one go, Chen Xiaobei withdrew nine pieces of Bad Luck Talisman.

"Shen Gongpao! Shen Gongpao! Shen Gongpao!..."

Chen Xiaobei repeated the name, Shen Gongpao nine times inside his heart and the nine pieces of Bad Luck Talisman ignited automatically. The color of the flame was gray and it was not hot at all. That was why it did not burn his shirt and cell phone.

"It seems like I can't notice the effect just yet! I don't care anymore. Let me continue snatching more Red Envelopes! I want to see Shen Gongpao cry like a little girl later!"

Filled with anticipation, Chen Xiaobei did not know what was going to happen to Shen Gongpao but he was confident that there would be something bad happen to him later since he used all nine pieces of Bad Luck Talisman in one go.

Ding!

[Congratulations! You have snatched a Red Envelope from Goddess Zixia! You have received a Sunlight Cache (Replica). It has been stored inside your treasure chest!]

"Damn! What the hell is a Sunlight Cache? During the eve of Chinese New Year, I managed to snatch a Moonlight Cache from Goddess Zixia and it allows me to turn back time! Maybe this item will allow me to fast forward time!" said Chen Xiaobei in an excited manner.

Ding!

[Congratulations! You have snatched a Red Envelope from Hou Yi! You have received Sunslaying Divine Bow (Replica)! It has been stored inside your treasure chest!]

Before Chen Xiaobei could read the properties of the Sunlight Cache, he managed to snatch another Red Envelope.

"Damn! Damn! Damn! The Sunslaying Divine Bow is here! This is going to be so awesome!"

It was such a thrilling moment for Chen Xiaobei to snatch as many Red Envelopes he could from hundreds and thousands of Red Envelope.

Ding!

[Congratulations! You have snatched a Red Envelope from Master Luban! You have received No.8 Luban! It has been stored inside your treasure chest!]

"No. 8 Luban? Damn! This is even more awesome! There's only a No.7 Luban in Mobile Legends! I can't believe that I manage to snatch the No. 8 Luban! F*ck yeah!"

Taken aback, Chen Xiaobei was thinking Old Wang would be really happy if he managed to snatch this robot since he was a hard-core fan of Mobile Legends!

Ding!

[Congratulations! You have snatched a Red Envelope from Lu Bu! You have received a book called Yuanmen Archery! It has been stored inside your treasure chest!]

"Hot damn! Archery! This is such a coincidence! Lu Bu was famous for his archery skill and he managed to fully utilize his skill to stop a war! Clearly, his archery skill is best in this world! His archery skill is a perfect match for the Sunslaying Divine Bow that I just received!"

While he was talking, he managed to snatch another item! This was his fifth Red Envelope!

Ding!

[Congratulations! You have snatched a Red Envelope from Diao Chan! You have received a Million Knots Heart! It has been stored inside your treasure chest!]

"Red Envelope from the pretty lady? I have no idea what this item is! Let me take a look at it later! This is my sixth Red Envelope! It would be awesome if I can snatch another one!"

Ding!

[Congratulations! You have snatched a Red Envelope from Zhao Yun! You have received a Dragon Scale! It has been stored inside your treasure chest!]

"Damn son! This is the Red Envelope from my idol! Wahahaha!"

Chen Xiaobei was so excited that he started to jump up and down. However, he did not expect that he managed to snatch one last Red Envelope before the whole thing ended!

Ding!

[Congratulations! You have snatched a Red Envelope from Shen Gongpao! You have received a Black Tiger Dominating Hammer (Five-Stars Divine Item)! It has been stored inside your treasure chest!]

One should know that the Tesseract Thunder Pool was merely a One-Star Divine Item and Lei Zhenzi treated it like his own baby. During that time, he was not willing to hand it over to Chen Xiaobei at all. It was truly unbelievable that Shen Gongpao would send out a Five-Stars Divine Item!

"I know now! This is the effect of the Bad Luck Talisman! The curse is working!"

Shen Gongpao had never liked the members in the Red Envelope Group. Logically speaking, he would never send out such a valuable Red Envelope. The only explanation was that he was affected by bad luck!

Shen Gongpao: Shit! Shit! Shit! I accidentally sent out my Black Tiger Dominating Hammer! Who got it? Please return it to me immediately!

Monkey King: That's such a shameless move! By right, one shouldn't retrieve the Red Envelope that is sent out to the group!

Shen Gongpao: It's none of your business! The group members respect me a lot! I'm pretty sure that they will return it to me!

If it were other ordinary members that got it, they would definitely return it to Shen Gongpao immediately since they were afraid of him. Unfortunately, the one that snatched his Red Envelope was Chen Xiaobei!

Chen Xiaobei: Hehe... Shen Gongpao, your precious is with me! Do you really think that I will return it to you?

Shen Gongpao: What? You are the one that snatched my Red Envelope?

Clearly, Chen Xiaobei was the one that hated Shen Gongpao the most within the three realms.

Chen Xiaobei: There is no way that I will return this item to you! Hahaha!

Shen Gongpao: Chen Xiaobei! No... God Chen, this item is one of the very first Divine Item that I own! It was with me since the first day I begin my training! It's not that powerful but it has a lot of sentimental value! I hope you can understand my feelings!

Chen Xiaobei: Save it! Have you thought about how I feel when you mess with me?

Shen Gongpao: I beg you! With your current Dao Path, there's no way that you can wield this Five-Stars Divine Item! This hammer is no different from an ordinary hammer to you!

Chen Xiaobei: Hmm! You are right! I will eat it since I can't use it!

Shen Gongpao: Eat it?!

Red Envelope Group of the Three Realms

Chapter 1039: Prepare for War

Shen Gongpao: My Black Tiger Domination Hammer is crafted with Five-Stars Divine Iron! There's no way that you can eat it!

'Hold on! I was about to say something that I'm not supposed to say! Technically speaking, I'm using Black Magic to borrow Xiao'er special ability to consumer the hammer! And Black Magic is forbidden in the heavenly realm!'

Chen Xiaobei: Alright. I'm too lazy to talk to you! There's no way that I will return the item to you! Just give up! Bye!

Shen Gongpao: Chen Xiaobei! Come back here! Come back!

Immediately, Chen Xiaobei exited the Red Envelope Group.

"Eh? What is that?"

Suddenly, Chen Xiaobei could see light shooting out from the bottom of the sea. The light was coming from a giant cylindrical object! They were at least hundreds of meters long! Judging from the way they moved, it seemed like they were looking for something.

"Submarines? I have never expected that Chen Yasai and Nikkawa Uchu would send submarines to deal with me! What an honor!" said Chen Xiaobei while frowning.

After looking at the sea, Chen Xiaobei found out that there were at least ten submarines around him. Every single one of them could cover at least a few hundred meters. Ten of them could easily cover an area of several kilometers! Seemingly, they were determined to look for Chen Xiaobei.

"I figure out there might be warships around here! And there might be fighter jets looking for me too! Besides, the two elites, Chen Yasai and Nikkawa Uchu are with the search team as well! I don't think I should come into the light for now! There were a lot of reefs under the sea. There's no way that the submarines can come close here... I'm going to hide within it and let them take their time to search for me!"

Immediately, Chen Xiaobei kept away his cell phone and swam to the reef. After that, he took out the 9,000-year-old Saturn Peach from his Infinite Space Ring.

"Let me increase my lifespan and combat power first! Then, I will take my time to have fun with you guys!"

The peach that Chen Xiaobei was holding was at least twice the size of First Love Peach and there was faint light illuminating from it. Without a second thought, Chen Xiaobei took a huge bite.

"Damn! This is so damn delicious! Too good to be true! Hundred times tastier than First Love Peach!"

In order to not let the seawater destroy the taste of the Saturn Peach, Chen Xiaobei created a huge air bubble around him to separate himself from the seawater. The flesh of the Saturn Peach was extremely crunchy. Joy filled Chen Xiaobei's cell, bones, and muscle whenever Chen Xiaobei took a bite from it. It

was as if the golden fluid from the peach was nourishing his body. Not only the Saturn Peach was really delicious but also provide a heavenly experience to Chen Xiaobei.

Ding!

[Cultivation: Middle phase of True Nirvana cultivation. Health: 48,000. Combat power: 39,000!]

All these while, Chen Xiaobei was constantly monitoring his combat power. Just like what he expected, his health and combat power were increased by 9,000 right after he finished eating the peach. With the help of Primordial Witch King Combat Enhancement Training Manual, Chen Xiaobei could at least boost his combat power to 52,000!

However, due to the restriction of his health value, he could only limit his combat power to 48,000. Clearly, it was a huge bump of combat power to him.

"This is so awesome! It's true that the improvement is really huge. All I need right now is another 11,000 combat power to reach pinnacle phase of True Nirvana cultivation! By that time, I just need to take one third of the Skybreaking Cultivation Pill and I will be able to achieve Celestial cultivation! All I need right now is another two ingredients for me to start concocting the Skybreaking Cultivation Pill! All my enemies will seem like cockroaches once I achieve Celestial cultivation except for Yasai!" said Chen Xiaobei with excitement and anticipation.

Buzz...

Buzz...

The sound of the submarines' engine could be heard. Seemingly, the enemies were slowly minimizing the search area.

"Let me check the items that I got just now! I will have to deal with this bunch of garbage first!"

Ding!

[Sunlight Cache. Crimson God's signature item (Replica). By spending 10 years of your lifespan, you can trigger its time speeding ability! The area covered by the Sunlight Cache will speed up by 24 hours. And the area outside it will only pass by a minute! Do you want to withdraw it?]

"So, Moonlight Cache allows me to turn back the time and Sunlight Cache's effect is the opposite! This is a godly item to speed up my training! That would mean one minute outside the covered area is equivalent to 24 hours of training! And one day is equivalent to 3,600 days! With enough Spiritual Qi, all I need to do is train for a few hours and I will be able to defeat Chen Yasai! But, it will require me to spend a lot of my lifespan!"

"Ten years of my lifespan can only be exchanged with one minute of speed up! 9,000 years of lifespan can only be exchanged with 900 minutes of speed up! That is only equivalent to 15 hours! Not even one day! I don't think I can afford to use it now!"

"I'm going to just leave it aside first! It's not going to be a great help to my battle anyway! Let me take a look at the other Red Envelopes first!"

Ding!

[Million Knots Heart: Crafted by Diao Chan and it's a support type Spiritual Item. Each person holds one and the two person can communicate without using their mouths! Do you wish to withdraw it?]

"It seems pretty useless for me now! Let me just keep it back into my treasure chest first!"

Right now, Chen Xiaobei wanted to deal with those submarines. An item like this was not going to help to achieve anything.

Ding!

[No. 8 Luban: This is the latest version of Master Ruban's Warforged Titan! It will do what the master asks him to do and it has the ability to transmit the thing that he sees to the master's mind! Moreover, it can transform into the master's look after injecting a certain amount of Spiritual Qi in it! Do you wish to withdraw it?]

"My mirage! Sounds good! It can help me to take all the damage. But I don't think this is going to be great help for now!"

Ding!

[Sunslaying Divine Bow: Hou Yi's signature weapon. This is just a replica. Using it will boost the user's combat power by 3,000! By putting in one Spiritual Stone, it can increase another 10 combat power! Do you want to withdraw it?]

"Sounds good to me! Not my actual combat power is 39,000! With the help of Primordial Witch King Combat Enhancement Training Manual, I can boost it to 52,000! However, because of my limited health, my combat power is restricted to 48,000! By using the Sunslaying Divine Bow, I will be able to lift the restriction! With that being said, I can actually come up with 52,000 combat power! Plus another 3,000! That will be 55,000! My attack is now equivalent to 22,000 pounds of force! I think it's more than enough to destroy all those submarines!"

Feeling excited, Chen Xiaobei went and pick up his weapon.

"Next, I will need to master Yuanmen Archery!"

Ding!

[Yuanmen Archery: Compiled by Lu Bu after he accumulated years of experience in archery! Once you master this skill, you will be able to land your shot on everything that you aim without missing! It is especially good for shooting smaller objects! Do you wish to withdraw it?]

[Red Envelope Group of the Three Realms](#)

Chapter 1040: Using a Bow to Destroy Submarines

During the ancient time,s Yuan Shu had raised an army, wanting to wage a war against Liu Bei. Lu Bu had to step into stop the war from happening. In front of the enemies' base, Lu Bu stood there with his Divine Halberd! He then told the captain if he could use bow and arrow to shoot the tip of his own weapon, both Yuan and Liu Sides should call it a truce!

Right after the captain agreed to it, Lu Bu lifted up his bow and stepped 150 steps away from its target. With one single arrow, he managed to land an accurate shot on the tip of his weapon. In the end, the

war was stopped successfully! From here one could see that Lu Bu's ranged attack was just as good as his melee attack!

The book, Yuan Men Archery was written by Lu Bu while he was living in the underworld realm! Every single word that he wrote was based on his own experience! There were not too many words in it. Whether one could master this skill all depended on the person's intelligence. With Scholar Heart, Chen Xiaobei could master anything that he wanted within a very short period!

After using three minutes to study the book, Chen Xiaobei managed to understand every single word inside it and mastered the skill. Now, he was as good as Lu Bu!

"There are two more Red Envelopes. Let me take a look at them as well!"

Ding!

[Wardragon Scale: It was an armor crafted by a famous blacksmith that was hired by Zhao Yun! Each time it suffers damage, it will gain one charge. Once nine charges are accumulated, it will allow the user to activate a skill called Naga Strike! Do you wish to withdraw it?]

"This is actually not bad! I have a lot of ways to strike at my enemies but I have too few ways to protect myself! Now that my Ultimate Protective Puppet has been activated once, I will have to wear this set of armor to protect myself from any upcoming damage!"

Immediately, Chen Xiaobei took it out a silver metal ball from his treasure chest! This particular silver metal ball was a Spiritual Item. Once Chen Xiaobei held it in his hand, it built a Spiritual Connect with him and taught him the way to use activate it.

"Dragon! Rise!"

Shouted only two words, the silver metal ball start to go through a magical transformation! It expanded to a certain size and turned into an extremely glorious set of silver armor! Chen Xiaobei then opened his arms and legs wide. Immediately, the armor flew to Chen Xiaobei like how Ironman put on his suit!

Dragon Head Helm!

Dragon Claw Greaves!

Dragon Scale Bracers!

Dragon Wings Shoulder!

Dragon Heart Heavy Armor!

Once Chen Xiaobei put them all on, he transformed into a completely different person. He now looked like one of those generals that served in the heavenly realm! The dominating aura emanating from him was now as powerful as Zhao Zilong's!

"Withdraw again!"

This time, Chen Xiaobei took out the Sunslaying Divine Bow from his treasure chest. Though it was just a replica, one could see that the blacksmith had actually put in a lot of effort to craft this weapon. It

illuminated with golden faint light and both ends of the bow looked exactly like wing shards! The whole thing looked like a golden eagle that was about to soar in the sky!

"Oh right! There is one more item that I haven't checked!"

Ding!

[Black Tiger Dominating Hammer: It is one of the very first Divine Weapon of Shen Gongpao—crafted by Five-Stars Enigmatic Divine Steel! It can deliver a really powerful blow to enemies! It requires the person to have 500 Dao Path to wield this weapon! Do you wish to withdraw it?]

"500 years of Dao Path! Damn! Just like what I expected earlier, I can't use it just yet! I still remember that 1,000 Dao Path is required to wield the Monkey King's Jingu Bang during the war on the sea! Since I have zero Dao Path, in the end, I had to inject 10,000 Spiritual Stones for me to wield it for only a minute!"

"According to the ratio, I will have to pour all my 5,000 Spiritual Stones into it for me to use this weapon against my enemies! For a minute only! There's no way that I will spend of my Spiritual Stone on it! I think I will have to consume it in the end! Right now, I'm in need of something to have a quick boost in my health. I'm pretty sure that this Divine Weapon should be able to give me a huge boost to my health!"

Rumble!

Rumble!

The sounds of the submarines was getting louder and louder. One of them had already reached on top of Chen Xiaobei!

"All the Red Envelopes had been opened! It's time for me to attack them!"

Immediately, Chen Xiaobei went and check around him to look for something that could be used as an arrow. Unfortunately, there was none. However, it did not stop him from attack the enemies.

Shinng!

Seconds later, the whole place turned crimson red!

Within the area, a domineering presence was about to land here! Seemingly, it was powerful enough to crush everything around it! Right after that, a sword that was three feet long flew out from Chen Xiaobei's palm and hovered in front of him. There were nine streams of blood Qi flowing within it—as if there were nine dragons cruising in it. In the middle of the nine dragons, there was a platinum sword rune! And this was none other than Lu Dongbin's Ancestral Sword Divine Rune! Other than that, there were a crimson and black dragons being engraved on the sides of the Ancestral Sword Divine Rune. These two dragons looked like they were fighting for something. This weapon was the evolved version of Chaos Sword Essence, Chaos Blood Sword! Around the sword, there was a black jade ball circling it—like the black moon circling around blood sun! This item was the Soul Consuming Enigmatic Jade and it was given by Taiyin True Deity. The reason why Chen Xiaobei did not fuse it with the sword was because he was considering whether he should turn it into an independent Spiritual Item or not.

Of course, that was a topic to discuss in the future!

Right now, Chen Xiaobei was going to use this sword as an arrow! He did a full draw on the bow and put his sword on it. He then aimed it at the submarine that was on top of him.

Swoosh!

He had successfully launch a 55,000 combat-power attack at his enemy. This attack had nothing to do with Chaos Blood Sword's 100,000 combat power. The force purely came from the Sunslaying Divine Bow itself!

Whoosh!

Rumble!

Seconds later, the flying Chaos Blood Sword formed a crimson underwater tornado!

Shinng!

It penetrated the submarine! The sharpness of the Chaos Blood Sword tore the submarine apart like it was made of paper. After that, it started to unleash its power on the submarine and broke it into half like a cucumber. The submarine then began to sink into the deeper part of the ocean. Chen Xiaobei commanded the Chaos Blood Sword to absorb the Blood Essence and souls of the deceased marines after the submarine was destroyed.

Human body can never withstand the immense pressure of the deep blue sea. Sooner or later they would drown or be crushed by the pressure!

Rumble...

Rumble...

After hearing the loud noise, all the other submarines turned around and headed for Chen Xiaobei. Upon seeing that, not only was Chen Xiaobei calm, but he even felt like laughing out loud!

"During the ancient times, Genghis Khan was famous for using his humungous bow to shoot down the big bird! Today, I, Chen Xiaobei is going to use a bow and sword to shoot down a couple of sumbarines! This is going to be so awesome!"

"Next, I'm going to do a double kill!" said Chen Xiaobei while pulling the string on the bow.
