Chapter 1051: Friend or Foe

"Shit!"

Chen Xiaobei placed both his arm in front of his chest!

Even though the Xiuhcoatl was severely injured, the speed at which it was charging did not slow down at all.

It was like an artillery shell, with 50,000 combat power, coming at Chen Xiaobei with a force enough to turn a man into minced meat!

Chen Xiaobei had always been the one to surprise his enemies with unusual attacks.

But this time, he was at the receiving end, and had no time to react.

First of all, Chen Xiaobei had not expected the Xiuhcoatl to destroy the missile; secondly, his boosted highest combat power was only 48,000, even though he was not defeated by it, he was now being placed at the disadvantage side.

Bam!

There was no way Chen Xiaobei could dodge this. It hit him right on the chest where his arms were crossed over.

The impact was deafening, sending Chen Xiaobei flying about ten meters away and left a large dent on the ground where he landed.

"Bro Bei!"

"Chen Xiaobei!"

Both Phantom Rain and Qie Loulan screamed fretfully.

Qie Loulan was a spirit so he dared not go near the war field that was filled with Yang Qi. If he were to be hit by the balls of fire, he would vanish into a puff of ash and smoke.

Phantom Rain, on the other hand, was still battling with the demon inside her head.

After that last attack, Phantom Rain was pretty certain that Chen Xiaobei's maximum combat power was only about 48,000.

If the Sunslaying Divine Bow could not effectively kill the Xiuhcoatl, Chen Xiaobei would become dead meat.

Should she save him?

Phantom Rain was troubled.

From a professional standpoint, she was the leader of the Tenshou Division, and therefore Chen Xiaobei was her enemy. On a personal standpoint, moreover, Chen Xiaobei had put the Golden Circlet on her head and touched her breast.

Either way, she really did not want to save Chen Xiaobei.

But her dilemma was, if she did not save Chen Xiaobei, she might not be able to leave this place on her own.

Bam!

Boom Boom...

The Xiuhcoatl horde charged toward Chen Xiaobei.

"Chen Xiaobei! Get up! Run to me! Let me save you!"

Under this pressure, Phantom Rain did not think twice.

She picked up the Dragon's Edge and ran toward Chen Xiaobei.

"Stay away!"

Chen Xiaobei stood up and looked at Phantom Rain. "Your True Qi has not even recovered yet, you will be exhaust by the intense battle very quickly! Let me hold them back some more, just until you recover at least 30% of it. After that, you can come help me!"

"Are you kidding?! You can't do it on your own!"

Phantom Rain's eyes were filled with genuine worry.

There was blood dripping down the corner of Chen Xiaobei's lips. He was already injured!

This was only the first duel! There were still many more Xiuhcoatl coming their way!

It really looked to her like Chen Xiaobei could not hold on anymore.

"Yeah! Bro Bei! This is not the time to be stubborn!"

Qie Loulan was just as worried.

He kept yelling, "Hurry and retreat! You fight together with Ms. Phantom Rain!"

"Stop your nonsense and listen to my instructions!"

Chen Xiaobei said authoritatively, "Chen Yasai, if you are the person I'm looking for, I will be responsible for keeping you safe! Before I fall, I will not let you get hurt!"

"That..." Phantom Rain stopped in her tracks.

Chen Xiaobei's powerful presence hit her heart like a spear.

She saw Chen Xiaobei as her enemy but Chen Xiaobei wanted to protect her.

Phantom Rain was even more uncertain now; her thoughts and beliefs were starting to shake.

For example, her enmity toward Chen Xiaobei had reduced dramatically.

"Remember! You must at least make sure that your True Qi recovers to 30%! Come and help me only when you are able to protect yourself!" Chen Xiaobei instructed one more time before he shoots again,

But this time, instead of the missile, Chen Xiaobei used the Chaos Blood Sword!

Zing!

The sword was shot out, drawing a bloody rainbow in the air and headed towards the Xiuhcoatl horde.

Bam! Bam! Bam!

Again, another ten dark-silver fireballs were hurtled toward the Chaos Blood Sword.

"A bunch of stupid creatures, do you think I will take a loss twice?"

Chen Xiaobei wiped away the blood on his lips with the back of his hand, his eyes were dark with murderous intent.

Zoom!

Chen Xiaobei had used Yuan Men Archery's penetration skill to kill the Xiuhcoatl horde.

The sword cut through the fireballs and shot right through the top of the head of one of the Xiuhcoatl and came out the other end!

Zoom! Zoom!

The sword did not stop there. It continued to penetrate the bodies of the two other Xiuhcoatls behind! It first pierced through the heart and the second through its vertebrae.

There was no way they could survive that.

Whack!

The Chaos Blood Sword did not stop until it impaled the brain of the fourth Xiuhcoatl. A skill like this could penetrate the most powerful enemies. It was best used to defeat a large group of enemies!

If the enemy were spread out, this skill would not have been effective.

One sword and four kills was just awesome!

"My god... Is... Is that a sword?"

Both Qie Loulan and Phantom Rain could not believe their eyes.

"It should be..." Qie Loulan said uncertainly, "But why do I sense the presence of a real dragon?"

"I felt that too..." Phantom Rain nodded and gulped, "Arrogant and powerful! It's as if a dragon from the other dimension has just made its presence here... This is so scary..."

These two were no ordinary people, but they both felt the pressure of the Chaos Blood Sword. Their heart thumped wildly, their chests tightened and their breaths stifled.

But the next scene shocked them even further!

The blood essences and spirits of the four dead Xiuhcoatls rose from their bodies and flowed into the hilt of the Chaos Blood Sword.

Qie Loulan was a spirit himself, Phantom Rain had natural Yin Yang Eyes. So, both were able to witness this scene!

It was unthinkable that Chen Xiaobei would have such a powerful evil sword!

Not only did this sword contain the presence of a dragon, but it could also devour blood essences and spirits!

At that moment, Phantom Rain and Qie Loulan were witnessing a bloody crimson dragon that arose from hell! Naturally, their hearts were filled with reverence and awe.

But the four Xiuhcoatls were nothing! There was more of them!

Chen Xiabei could not possibly win just like that.

Swish! Swish! Swish!

Another eight Xiuhcoatls had already sprung up and charged toward Chen Xiaobei from different directions!

But his enemies were coming at him from all around him. He only had one sword and it was not enough!

Chapter 1052: The Ultimate Strike

"Chen Xiaobei! Careful!"

Phantom Rain could not help but scream.

Watching Chen Xiaobei about to be besieged by eight Xiuhcoatls, Phantom Rain felt a stab of despair surging through her.

She saw that Chen Xiaobei's combat power was 48,000. Even with the help of Sunslaying Divine Bow, he could only kill one Xiuhcoatl.

The other seven Xiuhcoatls would already have pounced onto Chen Xiaobei. Once they constrict themselves around him or bit him, that would be the end of Chen Xiaobei.

Chen Xiaobei was a dead man! No matter what, he would not be able to survive the attack!

Phantom Rain was suddenly filled with deep remorse. She knew she should not have listened to Chen Xiaobei. She should have rushed to his rescue!

"Bro Bei!" Qie Loulan let out a piercing scream.

Qie Loulan also understood that Chen Xiaobei was already in an impasse, and death awaited him.

"Heh! Why are you guys giving up on me? I will not die!"

Chen Xiaobei was not the least bit worried as the corner of his lips turned up into a cunning smile.

The truth was, Chen Xiaobei had plenty of tricks up his sleeve: Witch Dragon Nine Transformation, Chaos Blood Sword, Quicksand Gourd, and Ancestral Sword Divine Rune...

There were a lot of ways Chen Xiaobei could combat the Xiuhcoatls. It would be impossible for Chen Xiaobei to die!

However, all these methods would require Chen Xiaobei to use up the resources that he had worked so hard for. He would not use them unless it was the last resort. Moreover, when Chen Xiaobei was sent flying, he discovered a way he could avoid using spending any resources!

"Fatal Encounter, kill!"

The Chaos Blood Sword flew right back into his palm.

Chen Xiaobei spun around from his feet, to his legs, to his waist all the way to his chest and shoulders, the muscles on his body started to gather strength at an incredible speed.

All the energy converged and were channeled to the arm that was holding the sword!

Swish!

Chen Xiaobei gathered all the energy in his body. He raised the Chaos Blood Sword and took the force created from his spinning and launched a 360-degree Crimson Blood Arc with his sword!

Swoosh!

A sharp dragon's cry came from the tip of the sword and then a white dragon's image materialized outside the Crimson Blood Arc.

The blood-red arc covered Chen Xiaobei's surrounding, and the white dragon's image swept across all eight of the Xiuhcoatls' neck!

Seconds later!

The eight Xiuhcoatls' head broke cleanly from the neck. They were obviously cut with the same sword!

Plop! Plop! Plop!

The heads and all eight of the bodies plunged to the ground, sputtering blood everywhere.

At the same time, Chen Xiaobei was holding his sword, wearing the Wardragon Scale, standing in the middle of them.

He was covered in Xiuhcoatls' blood but he did not even flinch.

His stare was icy and unfeeling, like a war god, domineering, tyrannical, looking down at the helpless ants beneath him.

Ssss... Ssss...

The nest of Xiuhcoatls stopped where they were with their tongues flickering, hissing at and watching Chen Xiaobei.

You could tell what an animal was feeling through their eyes. And right now, theirs were vivid with fear!

The weak are prey to the strong!

Watching Chen Xiaobei kill all eight Xiuhcoatl with just one strike, the rest of the Xiuhcoatl saw Chen Xiaobei as a powerful elite. This time, they were truly afraid.

"How... How could that be..."

Both Qie Loulan and Phantom Rain were stunned.

A second ago, they had thought that Chen Xiaobei was dying before their eyes but right now, Chen Xiaobei wielded his powerful sword and delivered the perfect attack.

The eight ferocious Xiuhcoatl were decapitated and sprawled at Chen Xiaobei's feet.

The wariness Phantom Rain had toward Chen Xiaobei rang in her mind. This twenty-something Chinese man had once again did something utterly inconceivable, causing Phantom Rain to rethink her life.

"Amazing..."

Even the ex-Sky Ninja Qie Loulan shuddered. "That strength and speed was way past Bro Bei's combat power limit! How did he do it?"

"I... I don't know either..." Phantom Rain shook her head blankly and postulated, "Could it have something to do with that white dragon's image?"

"It's possible..." Qie Loulan nodded, but he did not know for certain.

They were actually right.

Chen Xiaobei was able to unleash that perfect strike because he had received a surge of energy that was not from his body!

And that was the power of the Wardragon Scale!

This armor was from Zhao Yun's Red Envelope. It was a pretty high-tier Spiritual Item.

Like Sun Tzu said, strike where the enemy is most vulnerable!

Under normal circumstances, the Wardragon Scale would have no special ability.

But when the armor itself was hit, its special ability would be activated and unleash the Dragon's Wrath!

This strength could be used directly. Just like what Chen Xiaobei did with the sword—transforming into the white dragon's image could boost the damage of the sword!

But if the Dragon Wrath was not used, the energy could accumulate up to nine times!

Then, when the strength of the nine dragons was used in one go, it could unleash the ultimate skill, Fatal Encounter, Kill!

You could tell that this Wardragon Scale was born for war!

Courageous in the face of adversity!

It was when he discovered Wardragon Scale's power, only did Chen Xiaobei have the confidence and stamina to face off the Xiuhcoatl horde without dipping into his resources!

One strike and the entire nest was spooked! That was super f*cking cool!

But Chen Xiaobei did not continue to attack. He stood where he was, facing the Xiuhcoatl horde.

Because Wardragon Scale's power could only last for one attack, in order to increase the next attack power, he must be hit again.

That would be like sacrificing 800 soldiers to kill 1,000 enemies!

If his enemies were few, he could go for it. But his enemies were clearly outnumbered him by thousands!

Chen Xiaobei could only stall until Phantom Rain joins him. Then and only then, would they have a chance at defeating this swarm of Xiuhcoatls!

Roar!

Suddenly, a thunderous and furious roar came from further inside. It was so loud that the entire dimension started to tremble.

"Xiuhcoatl King! That is the roar of the Xiuhcoatl King!" Qie Loulan shrieked. "I think it's agitated! Bro Bei! Let's retreat! There's no way we can win this fight!"

"Retreat?"

Chen Xiaobei was clearly not happy with the decision.

Right at that moment, five people walked in.

So now he could not retreat even if he had wanted to!

Chapter 1053: Surrounded by Enemies

"Bro Bei! There's no need to think anymore! Let's split now! We'll be dead when the Xiuhcoatl King arrives!" Qie Loulan cautioned. "Back then, when it attacked me, it was just a monster with pinnacle phase of True Nirvana cultivation but after so long, its cultivation has probably reached later phase of Celestial cultivation! He will turn into a terrifying foe once it activates its talent!"

"Chen Xiaobei! Let's go! We can come back when my True Qi recovers!" Phantom Rain urged.

"No! Even if your True Qi is recovered, we won't be able to return!" Qie Loulan said, "Even if you are perfectly healed and recovered, you will never be able to defeat the Xiuhcoatl King!"

"I..."

Phantom Rain flinched but did not argue against Qie Loulan's statement.

If the Xiuhcoatl King had reached later phase of Celestial cultivation, its combat power could reach up to 110,000. Combined with that god-defying special ability they had, Phantom Rain would only become the victim of their torture!

Rumble... Rumble...

From afar, the earth quaked and the dust on the ground filled the air.

The Xiuhcoatl King was aroused and he was going to avenge his offspring!

Ssss... Ssss...

The knot of Xiuhcoatls lowered their heads meekly, welcoming the presence of their king.

"Let's go..."

Chen Xiaobei submitted. While he was unwilling, retreating was the safest, most pacific decision.

"Chen Xiaobei! Where do you think you're going? Get ready to surrender!"

A voice came from behind where five silhouettes were storming toward Chen Xiaobei.

"Huh?!"

Chen Xiaobei's exploded in anger the moment he saw them.

He recognized all five of them—they were Nikkawa Uchu and the four Enigmatic Ninjas.

But Chen Xiaobei's anger was not directed at them.

He turned his gaze towards Phantom Rain, his eyes ablaze, and said in a frosty tone, "I gave you the Hundred Herbs Potion! I risked my life to fight these creatures and you sold me out?! How could you be so cold-blooded?"

"I... I did not..." Phantom Rain said innocently, "I don't know how they were able to find us here..."

"Save it!" Chen Xiaobei cut her off. His eyes darkened, and said with an edge in his voice, "Since you're here, let's finish this!"

He had not wanted to start a war with his enemies but Phantom Rain's betrayal infuriated him. And now, he had decided to settle it once and for all!

"Bro Bei! Are you going to fight them?" Qie Loulan asked anxiously.

Right now, they were in a precarious situation. One wrong move and they would be eternally doomed.

"Bring me to the treasury first!" Chen Xiaobei was pissed but he managed to keep his head level.

Even with his trump card and resources, Chen Xiaobei might not have a guaranteed win.

If he had all the 10,000 Spiritual Stones, then the chances of him winning would triple.

"There's no way... We can't possibly go any deeper into this area..."

Qie Loulan shook his head dejectedly.

They could not even move past the Xiuhcoatl horde. How were they supposed to get through the Xiuhcoatl King?

"If I say we can, we can!" Chen Xiaobei took out the Spirit Cage and ordered, "Go back. I'll let you out after I've made it past the Xiuhcoatl horde!"

"Er..."

Qie Loulan wavered, but he could clearly sense the unquestionable powerful presence on Chen Xiaobei. So, he said nothing more and returned to the spirit cage as he was instructed to.

"Chen Xiaobei! Don't do it! There's no way you can get through them!" Phantom Rain tried to dissuade him. "Come with me! That's the only option you have! I promise that I will not hurt you!"

"Next time when I capture you again, I will personally rip your clothes off!"

Chen Xiaobei was enraged. He stared daggers at Phantom Rain before he spun around and launched himself at the Xiuhcoatl horde!

"No!" Phantom Rain cried.

Why would Chen Xiaobei listen to her now?

"Master Phantom Rain, are you alright?" Green Dragon Enigmatic Ninja rushed to her side and asked, "How did you end up here with Chen Xiaobei?"

"I..." Phantom Rain pause remembering that she was still a member of the Tenshou. So, she pointed at the Golden Circlet on her head and said, "Chen Xiaobei tricked me. I had to follow him because of this thing!"

"But..." Green Dragon Enigmatic Ninja looked questioningly at her. "Why do you seem like you care very much for him?"

"Nonsense!" Phantom Rain denied. "Chen Xiaobei is our mission target! How could I not stop him when he is headed for death? I'm not concerned about his well-being! I'm just worried about our mission!"

"Yes! I understand! I will go after him!"

Green Dragon Enigmatic Ninja nodded understandingly.

Both Black Tortoise and White Tiger Enigmatic Ninja followed behind him, closing their distance to Chen Xiaobei.

"Hey, you little twat! Stand there!" Black Tortoise Enigmatic Ninja barked. "You killed all our men and escaped from my hands! This time, you won't be so lucky!"

"That's right!" White Tiger Enigmatic Ninja piled on. "This time, even if you grow a pair of wings, you won't be able to get away from us!"

The last time they intercepted Chen Xiaobei at Shallow Grass Hill, Phantom Rain sent Black Tortoise to fight with him and White Tiger to assist him.

In the end, more than a hundred of their men were struck dead by the Thunder Pool Tesseract that Chen Xiaobei initiated. But these two Enigmatic Ninjas were unharmed.

To them, that was the most humiliating battle ever.

If they do not redeem themselves today by capturing Chen Xiaobei, not only would they be punished, their names would also forever be stained.

That was why they were both so zealous to lay hold of Chen Xiaobei!

"You two, slow down! It looks like there's danger ahead!"

Phoenix Enigmatic Ninja and Nikkawa Uchu who were behind them saw the commotion ahead.

"Why should we be afraid when Chen Xiaobei is not?"

Black Tortoise and White Tiger Enigmatic Ninja continued to pursue Chen Xiaobei frantically.

Their cultivations were much higher than Chen Xiaobei's which meant they were much faster as well. They were getting closer and Chen Xiaobei was already within their attack range.

Whoop... Whoop...

Black Tortoise and White Tiger Enigmatic Ninja channeled True Kang to their bodies and triggered Water and Gold Celestial Events.

Roar!

Concurrently, ahead of Chen Xiaobei, the Xiuhcoatl King was also charging toward Chen Xiaobei!

At 300 meters away, the giant Xiuhcoatl King leaped, shocking everyone!

[Red Envelope Group of the Three Realms](#)

Chapter 1054: A King's Ego

Bam!

The Xiuhcoatl King's trunk was ten meters long and as thick as a jumbo log.

When it leaped into the air, an explosive sound reverberated through the air.

The ground moved and trembled!

Swish!

The Xiuhcoatl King moved at supersonic speed.

Its mammoth body, lofty as a pillar that holds up the heavens, was thrown by the god in heaven and was about to crush the dimension into pieces!

"My god! What the hell is that thing?!"

Green Dragon Enigmatic Ninja and Nikkawa Uchu were mortified.

"What the hell?!"

Phoenix Enigmatic Ninja immediately came to a halt and started to move back.

"What... What the f*ck!"

Black Tortoise and White Tiger Enigmatic Ninja were in front, about 100 meters away, experiencing first hand, and the gust of air propagated by the Xiuhcoatl King's movement!

The wind was so strong their clothes flapped violently, and they could barely open their eyes.

The mammoth viper was coming their way.

Terror washed over them and they could feel themselves suffocating!

There was no way they could dodge the creature that was gliding through the air toward them. There was only around 100 meters between them and the Xiuhcoatl King. Seemingly, it was going to crush them seconds later!

But of course, in front of these two Enigmatic Ninjas was Chen Xiaobei!

"Chen Xiaobei! Aren't you afraid to die..."

Phantom Rain curled her fists so hard that her nails pierced into her flesh.

Her earlier animosity toward Chen Xiaobei had vanished. Right now, her only wish was that Chen Xiaobei would live.

But, right now, it looked like he would not.

Whoosh!

Chen Xiaobei was in a more dangerous position than Black Tortoise and White Tiger!

Ding!

[Cultivation: Later phase of Celestial cultivation, Health: 110,000, Combat power: 110,000]

The Netherspirit Battlescouter revealed the Xiuhcoatl King's strength.

Qie Loulan was right. This creature's strength was on par with Phantom Rain's. If it uses its talent, even Phantom Rain would be defeated!

If Black Tortoise and White Tiger Enigmatic Ninjas could not dodge its attack. There was no way Chen Xiaobei could dodge it!

Earlier, he had already used the Ultimate Protective Puppet and would not be able to use it again until tomorrow.

Just as Phantom Rain feared, Chen Xiaobei was about to meet his maker!

"Dead or alive, I'll just have to try my luck!"

Chen Xiaobei remained where he was, not moving a muscle.

The Xiuhcoatl King was just seconds away—crashing toward Chen Xiaobei like a meteor!

"F*ck..."

Phantom Rain clenched her jaw and squeezed her eyes shut. She could not bear to look.

Chen Xiaobei was about to be squashed onto a pile of bloody mash.

"Chen Xiaobei is dead for sure!"

Everyone else at the scene looked fixedly at Chen Xiaobei. None of them believed that Chen Xiaobei would survive.

However, they would not believe what they were going to witness next!

"Right now!"

Chen Xiaobei saw his chance, he stamped his feet on the ground with all his strength and charged at the Xiuhcoatl King.

Simultaneously, he put on the Nightstalker Outfit he had taken out earlier and vanished.

Chen Xiaobei picked up the sashimi in the afternoon, and then attended the Saturn Peach Feast at the Red Envelope Group.

The Nightstalker Outfit would not have worked then but right now, at night, it enabled Chen Xiaobei to go invisible fully.

"Huh?"

When Chen Xiaobei disappeared, the Xiuhcoatl King, who was about to make contact with him, was both confused and angry.

It was the king of this place and this Chen Xiaobei had just made a fool of it in front of its offspring! Since it had grown to have a human conscious, respect did matter to it a lot. The fact that its enemy was not hit by that formidable attack was painfully embarrassing.

Roar!

The Xiuhcoatl King looked ahead, saw Black Tortoise and White Tiger Enigmatic Ninja and decided that since it missed Chen Xiaobei, these two would have to do!

It raised its head. This minor move did not look lethal but it actually increased its diving speed!

It was supposed to land where Chen Xiaobei was standing but by going higher, it was launching itself further, shooting down towards Black Tortoise and White Tiger like a meteorite!

"Oh... My god..."

The two silver-haired Enigmatic Ninjas had lived more than a hundred years and had seen all sorts of eccentricities the world had to offer. But, this monstrosity before them elicited high-pitched, womanly screams from the both of them. Their bowels loosened as their lives flashed across their eyes. The reason why they were filled with fear was because the attack from the Xiuhcoatl King was enough to kill them!

Bam!

The Xiuhcoatl King's head, traveling at the speed of 110,000 combat power, came down and hit both of the old men. This attack was definitely not weaker than the force delivered by a meteor. The White Tiger Enigmatic Ninjas was lucky. He only had a brush with one side of the Xiuhcoatl King's face.

Bam!

While they hit faced on, the force was still strong enough to send the both of them into the air, 30 meters away, before hitting the ground with a loud thud.

The scales of the Xiuhcoatl were as sharp as knives, and they tore the skin on one half of the White Tiger Enigmatic Ninja's body.

White Tiger Enigmatic Ninja's bones on the waist were exposed because a large chunk of flesh had been sliced off.

"Argh... Urgh..."

White Tiger fell to the ground, bleeding profusely. The intense pain brought about screams and sputters of blood. He was barely alive.

But compared to Black Tortoise Enigmatic Ninja, he was considered lucky.

Because the Xiuhcoatl's head had crushed his Black Tortoise Enigmatic Ninja into nothing but a mass of blood and flesh. There were no limbs or organs. Just a pool of remains.

"How... How could that be..."

The others watching were lost for words!

[Red Envelope Group of the Three Realms](#)

Chapter 1055: Wait for Changes

"Dead... Black Tortoise Enigmatic Ninja is dead..."

Phoenix Enigmatic Ninja backed up and started to sprint back to the others. If his reaction had not been quick just now, he would also have become a clump of minced meat.

"Oh my god... This creature's cultivation is as powerful as Master Phantom Rain's... We are no match for it..."

Nikkawa Uchu also retreated and cowered behind Phantom Rain.

"But where did Chen Xiaobei go? Is he dead or alive? He was supposed to die but he vanished!"

Green Dragon could not make head or tail of what was happening.

"That's not our concern!" Phantom Rain said nervously, "Go get White Tiger! We need to leave this place or we're all going to die!"

"Die? No way, right?" Phoenix Enigmatic Ninja said, "Master Phantom Rain, with your strength, you can definitely fight this creature!"

"Did your mother drop you on your head?" Phantom Rain told him off. "All the Spiritual Beasts have their own talent. This Xiuhcoatl King's talent is frightening. If it decides to use that against us, even I will vanquish!"

"..."

It was a rude awakening for Phoenix Enigmatic Ninja.

"I'll go save White Tiger!"

As of this moment, Green Dragon was the most level-headed one amongst them. He ran over to White Tiger and put his arm around his shoulder.

"Quick! Prepare the medication!" Phantom Rain instructed.

"Y... Yes..."

Phoenix Enigmatic Ninja nodded, fed White Tiger Enigmatic Ninja with some pills.

"I have something to stop the bleeding!"

Nikkawa Uchu took out a small jade bottle and poured the blue liquid onto White Tiger's wound.

"Let's go!"

Phantom Rain was ready to leave with her men.

Swoosh...

What they did not realize was while they were busy tending to White Tiger, the Xiuhcoatl King had circled around them, blocking off all exits!

Hissss...

The Xiuhcoatl King rose, looking down at them from high above. Sadistic intent flashed in its silver eyes as if to say, 'let us see where you run to now'.

Apparently, the Xiuhcoatl King understood their conversation and was aware that they were planning to leave. So, instead of attacking them, it decided to round them up to prevent them from leaving.

"Shit..." Phoenix Enigmatic Ninja's face went pale.

"We are dead..." Nikkawa Uchu choked, his heart was in his throat.

"It's over..."

Green Dragon Enigmatic Ninja looked devastated.

"There is only one person who can save us..."

Phantom Rain did not look so good herself.

Because her True Qi had not recovered to 30%, she could not fight.

There was one person they could put their hopes on now!

"Phantom Rain! Who are you talking about? Who can save us?"

The four Enigmatic Ninjas were dying to know.

Even the Xiuhcoatl King looked interested.

It wanted to see who they thought could save them!

"Chen Xiaobei!" Phantom Rain said, unhesitatingly. "Right now, he is our only hope!"

"How could that be? That twat wants us dead! Why would he save us?"

"Yeah! There's no way he would do that! Also, we don't even know if he's dead or alive!"

"I think he was squashed too..."

All of them had a look of skepticism.

They would be more readily believe that a pig could climb a tree than that Chen Xiaobei would come to their rescue.

"Hisss... Roar...!"

The Xiuhcoatl King suddenly roared into the skies.

The cry was taunting, like it was summoning Chen Xiaobei! To come out and suffer its wrath!

It lasted for ten seconds but Chen Xiaobei did not show up.

"Hmph!"

The Xiuhcoatl King gave up and looked down its nose at the huddling humans as if to say, 'no one can rescue you and no one will dare rescue you!'

"Master Phantom Rain! The creature is looking at is... It's going to attack us..."

Phoenix Enigmatic Ninja felt a chill run through its spine.

"I can see that! I don't need you to tell me that!"

A flicker of willpower flashed in Phantom Rain's eyes.

"White Tiger, could you still trigger another Celestial Event?"

"I can give it a try..." White Tiger sucked his teeth.

The medication he was administered were very expensive and valuable. Even if it were not as effective as the Hundred Herbs Potion, his injuries had shown improvement.

"Form the Five Elements Sea Barrier Formation now!"

Phantom Rain laid out her plan, as she stood in front of the group of men, raised her arm and slowly formed her Water Celestial Event.

"Five Elements Sea Barrier Formation? That's a defense tactic! You can't possibly defeat it with this skill!" Nikkawa Uchu said doubtfully.

"Can't you tell what we are up against?" Phantom Rain snapped. "We can only try and delay our deaths and hope for the best! If you want to attack him, go ahead!"

"N... No..."

Nikkawa Uchu swallowed, all the emperor puissance had gone down the toilet.

He was the one who was most petrified of death!

Fuhhh...

Nikkawa Uchu was in the center, Green Dragon on the left and Phoenix stood at the back, to trigger Earth Celestial Event.

White Tiger, on the other hand, stood on the right, trying to trigger Gold Celestial Event with much difficulty.

All five elements could go against each other and work together as well. The sequence of them triggering their Celestial Event allowed their elements to benefit each other perfectly.

"Huh?"

The Xiuhcoatl King looked at them, cautious.

It felt the power of this formation and acted immediately. With its mouth wide open, it sprayed a large silver pillar of fire!

The fire poured out like an ocean being tipped over, enveloping a radius of about ten meters.

And the five people below were completely covered!

Sha... Sha... Sha...

The Five Elements Sea Barrier Formation was formed just in time.

Gold benefits water, water benefits earth, earth benefits fire, fire benefits earth, and earth benefits gold!

The energy that belonged to the five people, but was now channeled with each other like a wave, the tide behind pushing the one in front, growing stronger with each ripple.

Then the five Element Waves overlapped, and formed a five-color protective barrier shielding those inside it from the wave of silver fire.

Boom...

The flame did not wear burn through the five-color protective barrier. So, it did not consume the five of them!

"It worked! Our Five Elements Sea Barrier Formation can block its attack!" Phoenix said excitedly.

"This is not the time to celebrate!" Green Dragon snapped. "Our True Qi is limited. Once they are exhausted, our formation will shatter and we will be destroyed!"

"We can only wait for something to happen... Like what Master Phantom Rain said." White Tiger managed to sputter weakly, "But what I don't understand is, what are we waiting for?"

"I told you!" Phantom Rain said, "It's Chen Xiaobei!"

Chapter 1056: Question About the Treasury

While Phantom Rain and the rest were clinging to life, Chen Xiaobei took the opportunity to move past the Xiuhcoatl horde.

He took out the Spirit Cage and released Qie Loulan.

"We've crossed over, hurry, bring me to the treasury!"

"How... How did you..."

Qie Loulan did not expect Chen Xiaobei to survive through that.

"Snap out of it! There's no time to explain! We need to move now!" Chen Xiaobei urged.

"Bro Bei, don't you worry! As the saying goes, 'those who survive a catastrophe are bound to have good fortune later on'. I'll bring you to the treasury now!" Qie Loulan assured as it flew, "I believe that the Xiuhcoatl King did not find the treasury. Everything inside belongs to my Bro Bei!"

"Let's hope that's the case..." Chen Xiaobei felt hopeful but also a little bit uneasy.

The Xiuhcoatl King really thought like a human now, and its behavior was becoming very similar to a human's.

Once a beast possessed the character and thinking, it was no longer a beast but a demon!

All these years, this Xiuhcoatl King had acquired scary cultivation and became an entity that was similar to a demon!

Chen Xiaobei could not help but suspect that it had already harvested all the Spiritual Stones in the treasury.

There was only one way to find out the answer: he would have to find out himself.

Right after that, Chen Xiaobei followed Qie Loulan into the deeper part of the dimension.

"This place is pretty big! How did you find this place?" Chen Xiaobei asked as they were running.

"I did not just find this place. I created it!" Qie Loulan said, "That time, by chance, I got my hands on a blueprint to create a dimension like this and a Dimension Crystal that fell from space! I used these two items, and invested a large number of resources to create this space that is completely independent of earth! Only when you have the Dark Purple Crystal Token and Teleportation Formation, could you enter this place."

Chen Xiaobei looked at him quizzically. "Wait, I don't understand it... The Teleportation Formation is on earth. Why would you say it like it's separate?"

"How should I explain this..." Qie Loulan thought for a while and said, "Take this, for example, if one day, the earth exploded and turns into space dust, this dimension will not be affected at all! Everything will remain as it is! The entrance of the Teleportation Formation may float about space but you could enter as you please as long as you have the Dark Obsidian Crystal Token!"

"Wow! That's incredible!"

Chen Xiaobei was impressed.

He thought that he should create a space just like this—it was the perfect secret hiding place!

He could protect all his friends and family in here. Every one of them would be safe even if the world were to end!

Then, he would figure out how to make fertilized soil, inexhaustible water source, grow some plants and farm a forest of First Love Peaches.

A space like that would be like paradise!

"Bro Bei if you are interested to create one, I have the Dimension Formation blueprint inside my treasury! But the Dimension Crystal is not from earth. It would be very difficult to get. On top of that, building a formation will require a lot of resources and Spiritual Stones." Qie Loulan said proudly, "That time, I spent so much energy and effort to complete it!"

"I am very interested!" Chen Xiaobei nodded. "But I have one concern. If this dimension is completely independent, then how did the Xiuhcoatl get in?"

"That..." Qie Loulan shook his head and said, "I'm not sure either. When I was attacked, my spirit was badly injured and I fell into a deep sleep... I still haven't figured out how it came in."

"It's not that simple..." Chen Xiaobei's face darkened. "We underestimated our enemies... Who knows, the treasury might already have been emptied out."

"No... No way..."

Qie Loulan gulped. His jovial demeanor was replaced with tension. He then started to move faster without Chen Xiaobei rushing him.

After a while, they arrived at their destination.

It was a rocky mountain that stretched for miles, covered in gray rocks. It was completely bare and there was no marking. It was an excellent hiding place for a treasury. No ordinary person would be able to find the entrance.

When Chen Xiaobei and Qie Loulan neared the entrance, they saw what they had dreaded!

The entrance of the treasury was supposed to be just a small camouflaged hole in the rocks. Only one person could enter at a time.

But now, the hole was as big as a tunnel, large enough for a train to go through.

"Bro Bei... You were right... The treasury was not secure..."

Qie Loulan looked devastated.

He understood that Chen Xiaobei had high expectations of this treasury.

He might as well have poured a bucket of cold water on Chen Xiaobei.

However, Chen Xiaobei was neither disappointed nor mad. He did not throw a tantrum just because of the treasure was lost.

He was, instead, calm and level-headed. "It's alright. No need to get upset over something we've already expected. Let's go in and take a look."

"Go... Go in?"

Qie Loulan looked terrified.

"Don't worry. The Xiuhcoatl King has already left its nest! It's safe!" Chen Xiaobei said, leading the way.

"That's no it... Bro Bei, the Xiuhcoatl King found the treasury. There won't be anything inside for us. Why don't we take this opportunity to run?" Qie Loulan stammered. "If the Xiuhcoatl King kills Phantom Rain and the others, it will return and we won't be able to escape!"

"Have you gone mad?" Chen Xiaobei pointed at the hole and said, "That year, when it attacked you, was it this big?"

"No..." Qie Loulan said, "It was as big as its offspring now!"

"That's it!" Chen Xiaobei said, "If it had already cleared the treasury, why would it come back? Why would it stay and not leave already?"

"You mean..." Qie Loulan's eyes widened with realization.

Chen Xiaobei said, "My guess is that it was guarding something important!"

Chapter 1057: Acquired the Blueprin

"That makes sense! They would've already left if there was nothing inside!" Qie Loulan nodded and said eagerly, "Let's go find out while the Xiuhcoatl King is busy! We will be in grave danger if it comes back here!"

"Wait!" Chen Xiaobei said as he took out an intricate wooden box from the Infinite Space Ring.

"Bro Bei, what is that?" Qie Loulan asked.

"This is No.8 Luban!"

Chen Xiaobei held the wooden box and tried to build a Spiritual Connect with it to learn the way to use it.

Ding!

[No.8 Luban: Master Luban's latest design. It receives instructions telepathically and can transmit information to its master's mind. If used with Spiritual Qi, it could mimic its owner's face. Do you wish to withdraw it?]

"No.9 Luban! Transform!"

Chen Xiaobei tossed the box into the air.

Creak! Creak! Creak!

Compartments appeared all over the box. Then they all started to reconstruct itself, like the robots in Transformers, into a wooden figure that stood five meters tall with a head like a mushroom. It had no neck, with long hands and stubby legs. It was strange looking.

"What! Why is this No.8 Luban so ugly?" Qie Loulan commented.

"I think so too..." Chen Xiaobei was just as unimpressed, suddenly thinking of the line from No.7 Luban in game.

[Master Luban has an IQ of 250...]

It seems like after all Master Luban's intelligence was not as reliable.

With just a little bit more effort, this wooden robot could have been more well-built. So, why not?

"Ah, whatever. How it looks doesn't matter. I only need it to be our sentinel. We'll see how well it works."

Chen Xiaobei then began to test controlling it. To do that, he used the knowledge that he acquired from Spiritual Connection which he had already memorized. He only needed to think about it and No.8 Luban would do as it was told like a remote-controlled toy.

No remotes needed. It was all done telepathically.

This wooden figure moved like it was part of Chen Xiaobei, straightforward and lively.

"Aw! This thing might be ugly but it's quite amazing!"

Qie Loulan looked at it with interest.

"Other than being mobile, it could also transmit what it sees and hears..."

Chen Xiaobei closed his eyes and instructed No.8 Luban to climb to the top of the hill.

No.8 Luban could see what was happening in the distance and everything he was seeing was transmitted to Chen Xiaobei's mind.

"I see it! The Xiuhcoatl King had Phantom Rain and the others surrounded! I have enough time to go in and take a look!" Chen Xiaobei smiled confidently, "Let's go, now!"

With No.8 Luban stand guarding, Chen Xiaobei would be aware of what was happening outside. He would be ready should the Xiuhcoatl returned!

Both human and spirit walked deep into the cave. The further they go, the more frightening their environment. The hill was riddled with holes like an ant hill, almost completely hollowed out.

The numerous holes were interconnected.

It appeared that all the Xiuhcoatl's lived inside them.

This observation further confirmed Chen Xiaobei's suspicion.

There must be something very valuable inside. Why else would these Xiuhcoatl's stay here, away from the rest of the world?

The inside of the mountain was like a maze but Chen Xiaobei and Qie Loulan would never get lost.

They only need to follow the largest hole and they would be able to reach their destination.

If there was something so paramount, no one else but the king would be able to go near it.

They would be in the right direction as long as they followed the hole that the Xiuhcoatl King made.

Half way in, the both of them stopped in their tracks.

Before their eyes was a vast space. They could roughly make out that the sawdust on the ground, and the incinerated metal.

"This must be your treasury, right?" Chen Xiaobei asked.

"Yes..." Qie Loulan nodded and said, "That melted metal was the door... and the sawdust belonged to the wooden shelves I used to put my resources... It looks like there's nothing left here..."

Qie Loulan's face fell.

All the treasure he had worked so hard to accumulate was cleaned out just like that.

The more he thought about it the more despondent he felt.

"Something tells me that..." Chen Xiaobei said, "The thing hidden in the deepest part of the cave is far more valuable than this treasury!"

"How is that even possible..." Qie Loulan raised his brow and said, "Other than the 10,000 Spiritual Stones, there were also a number of Spiritual Items, and a few rare medicines! How could one thing be more valuable than everything I had combined?"

"The Xiuhcoatl King's hole goes deeper still. This is now a passage only." Chen Xiaobei said, "It is pretty obvious that the Xiuhcoatl King placed more importance on the depth of this cave than the treasury itself!"

"That makes sense..." Qie Loulan nodded and said impatiently, "Let's go then! I can't wait to see what is in there!"

"There's no need to rush. Let's look around this area first!" Chen Xiaobei said, "The blueprint for the dimension that you mentioned earlier might still be here! The Xiuhcoatl King may know the uses of the Spiritual Stones, Spiritual Item, and Spiritual Medicines but it definitely can't read the blueprint!"

"Alright! I remember where I put! Bro Bei, follow me!"

Qie Loulan went to one side of the cave.

There was a lot of broken stones and sawdust.

Chen Xiaobei walked over and kicked away the fragments with his shoe. Soon, they found something.

"Bro Bei! That's a piece of black beast skin! Pick it up!" Qie Loulan pointed at the things amongst the rubble.

Chen Xiaobei bent down and picked up a black beast skin. On it was a very complicated drawing of a map in gold ink. Each symbol was more complicated than the ones Chen Xiaobei had seen before this.

One could see that it was extremely difficult to build an independent dimension.

"Alright! Let's go deeper in!"

Chen Xiaobei wasted no time. He pocketed the blueprint and together with Qie Loulan, walked deeper into the cave.

[Red Envelope Group of the Three Realms](#)

Chapter 1058: Paramita Lotus

Once he got his hands on the blueprint to build the dimension, Chen Xiaobei did not care for anything else. He sped quickly into the deepest part of the cave. When he and Qie Loulan finally arrived, they had the shock of their lives.

There was a gargantuan hole as big as two football fields combined.

The ground was covered in large potholes and the walls were sanded smooth by friction.

Under normal circumstances, the Xiuhcoatl King would entrench a hole here. The thing that shocked Chen Xiaobei and Qie Loulan the most was the center of that hole, there was a charcoal gray chaotic matter like the blackhole in science books!

That dark chaotic matter was turning slowly like a bottomless ocean. It looked like a portal into another dimension.

"What is that?" Chen Xiaobei asked.

He had never seen or heard of anything like this.

"If I'm not mistaken, this is a tear in spacetime!" Qie Loulan explained. "Back then, in order to build an independent dimension, I did a lot of research into space and secret ancient recordings and came across some articles about it! When a star undergoes supernova explosion or when there's a nuclear explosion, it could tear a hole in space. Most of them were able to close up on its own, and are not a threat to the balance of dimensions. But there are a small number of them that could not close up on its own and will turn into a special passage between two spaces that were not interconnected! And this one, probably already existed when I built this dimension. I think the Xiuhcoatl King used it to get through and attack me!"

Qie Loulan connected what he had just witnessed, with the knowledge he had acquired to come up with a logical conjecture.

"But something doesn't add up!" Chen Xiaobei looked doubtful. "When you built this dimension, was there a supernova or a nuclear explosion?"

"There was!" Qie Loulan said. "That year, my cultivation had already reached Sky Ninja. That was as powerful as a demigod! I fought with my enemy at the entrance of this space. The final attack produced a force as big as a nuclear explosion! The entire moat turned into ruins, and the entire island sank into the ocean."

This cleared everything up.

"But, why would the Xiuhcoatl King keep guard here? It attacked you and robbed your treasury! Why doesn't it just return to where it came from?"

Chen Xiaobei thought about it, there was still something amiss.

"That... I'm not sure..." Qie Loulan shook its head and said, "Since I'm just basing my deduction on whatever information I've gathered so far. I'm afraid only Xiuhcoatl King knows the exact details!"

"No! There are answers in there! We can also find out the details!"

Chen Xiaobei said as he walked towards the dark hole.

"Bro Bei! Don't go there! Be careful! You might be sucked into the hole!"

Qie Loulan ran toward Chen Xiaobei.

"Look!"

Chen Xiaobei pointed at the area all around the hole.

The ground was strewn with semi-transparent granules that looked like glass.

"These... These are the shells of the Spiritual Stones after the Spiritual Qi has been sucked out!" Qie Loulan looked around and said, "This was about the same amount as the Spiritual Stones I kept in the treasury!"

"There are your Spiritual Stones! The Xiuhcoatl King must have moved them here!" Chen Xiaobei said with certainty.

As he spoke, Chen Xiaobei took out the Green Jade Gourd.

"Bro Bei, what are you doing?" Qie Loulan asked.

"There must be a reason it moved the stones here!"

Qie Loulan uncorked the gourd.

Fwaaa...

The Spiritual Qi inside the Green Jade Gourd was extracted by an invisible force and sucked into the hole!"

"That..." Qie Loulan's eyes lit up. "Could... it be that the Xiuhcoatl King did not use the Spiritual Stones itself but was feeding it into this tear in spacetime?"

"That's the most probable explanation!" Chen Xiaobei said, "Your deduction may not be completely accurate! We are going to get the real answer soon!"

Chen Xiaobei did not even try to stop the Spiritual Qi he had worked so hard to accumulate being sucked away.

He knew that there was a major secret behind all this.

Otherwise the Xiuhcoatl King would not have moved the stones here.

"What really happened?"

Qie Loulan looked, wide-eyed, at the hole.

One hundred... Two hundred... Five hundred...

Within half a minute, a good 1,000 Spiritual Qi was sucked away.

The greedy hole was finally satisfied and stopped taking in Spiritual Qi.

Fuuung...

The spinning of the tear in spacetime sped up and a ray of purplish-gold light shot out from the blackhole.

Chen Xiaobei and Qie Loulan stood there gaping.

The truth was about to be revealed.

Poof...

A purple lotus appeared in the light.

It began as a bud and then as it continued to float upwards, it bloomed into a pristine purple-gold lotus!

"My god... That... What is that..."

Qie Loulan was a demigod before he was killed. There was practically no treasury he had never seen before.

But this lotus flower before him, he had never seen or heard of before.

"My god! My luck is so f*cking good!"

Chen Xiaobei suddenly let out a cheer, looking extremely excited. "Paramita Lotus... This is a Divine Medicine... The real one!"

"Paramita Lotus? Divine Medicine?" Qie Loulan looked perplexed. "What use does it have?"

"Paramita Lotus! Just like the name suggested, it can help you to achieve perfection and help you to excel to the next level." Chen Xiaobei said as a huge grin spread across his face, "Elites like us know that breaking through cultivation is harder than building a ladder that can reach heaven! Many get stuck at

the pinnacle phase of their cultivation for a very long time! Basically, this item will allow the user to increase the success rate to break through to their next cultivation! This is the Paramita Lotus!"

Qie Loulan's jaw fell. All elites would know the importance of this Paramita Lotus!

Chen Xiaobei had said that there was something way more valuable than Qie Loulan's treasures.

He did not want to believe it. But right now, it seemed that Qie Loulan would not even blink if he were asked to trade ten treasuries for this Paramita Lotus!

Red Envelope Group of the Three Realms

Chapter 1059: Pluck the Entire Thing

"This clears it all up!" Chen Xiaobei said, "The Xiuhcoatl King moved everything inside the treasury here to feed the Paramita Lotus! It takes 1,000 Spiritual Qi to summon the Paramita Lotus each time! And every time, Paramita Lotus will unleash certain medicinal effect in a specific amount of time. It is with the help of this medicinal effect that the Xiuhcoatl King was able to continue to make progress and continue to cultivate to today's extent!"

Qie Loulan was uncertain about it. "10,000 Spiritual Stones could summon the Paramita Lotus ten times. The Xiuhcoatl King's cultivation should be higher!"

Chen Xiaobei shook his head and said, "Paramita Lotus's medicinal effect can only increase the success rate of cultivation breakthrough! It does not boost the success rate to 100%!"

"Oh, no wonder!" Qie Loulan nodded and said, "That means that the Xiuhcoatl King may need to summon the Paramita Lotus three times before it could achieve its cultivation breakthrough... It seems to me that this Paramita Lotus's medicinal effect is not as powerful..."

After all, 1,000 Spiritual Stones was a huge amount of resources! Knowing that it did not boost the success rate to 100%, it could mean that the 1,000 Spiritual Stones could be wasted! After knowing the function of Paramita Lotus, Qie Loulan was not fond of it anymore.

"It's true that Paramita Lotus's medicinal effect is not as powerful but I'm pretty sure that I can modify it once I have it with me!"

Chen Xiaobei then extended his hands to go and pluck the Paramita Lotus.

"What... What the hell! Bro Bei! What are you doing?"

Qie Loulan was almost shocked to death after seeing Chen Xiaobei make a ridiculous move. One should have already known that the Paramita Lotus was extremely valuable—considering that the Xiuhcoatl King had guarded this place for ages! And Chen Xiaobei did mention that it was a Divine Medical Ingredient as well.

Of course, Qie Loulan knew that they would need to take it with them eventually. But, they had not figured out how to preserve and plant it just yet! It was crucial for them to make sure that it would stay alive.

The moment Chen Xiaobei pulled out this extremely valuable Divine Plant with the roots intact! There was no turning back!

"Bro Bei... Though Paramita Lotus does not boost one's cultivation breakthrough's success rate to 100%, it's still a Divine Plant... How could you just pull it out like that... What if you accidentally killed it? You are going to regret your reckless action!"

Qie Loulan felt extremely nervous because of it. He could not understand why Chen Xiaobei would make such a stupid mistake.

"Heh. Clearly, there are so many things that you didn't know about. I told you that I can make sure that I can increase the success rate by 100%!"

Immediately, Chen Xiaobei took out his Green Jade Cauldron from his treasure chest. He then put in the Paramita Lotus, Dragon Ginseng, White Jade Ganoderma, and Cloud Dyed Fruit into it! Lastly, Chen Xiaobei took out a dozen rare medical ingredient that he acquired from the Zhuang Family's treasure vault and tossed inside the Green Jade Cauldron according to the fixed ratio.

"Bro... Bro Bei... What are you doing?" asked Qie Loulan in a shocking manner.

"Concocting pills!"

After that, Chen Xiaobei took out the Tinder Essence that he acquired earlier to help with the concocting process.

Fushhh!

The moment Chen Xiaobei put the Tinder Essence into the Green Jade Cauldron, he then paid full attention and used his Firebending Skill to adjust the heat inside it. Everything had to be perfect because the pill that Chen Xiaobei concocted this time was rather unique.

He knew better than anyone that he would not get a second chance if he made any mistake while concocting the pills.

Wew...

After some time, Chen Xiaobei let out a sigh of relieve. He already did his best to perfect the process. There was nothing he could do more but to leave the rest to fate.

"Bro Bei! What kind of pills are you concocting? Usually, you are a very relaxed person. I have never seen you pay so much attention to do something like this! I can see that you have put in all kind of effort to make sure that this will not turn into a failure!"

"The pill that I concoct is called the Skybreaking Cultivation Pill! With this pill, one can achieve cultivation breakthrough with 100% success rate if the person's cultivation is below Earth God!"

"Below Earth God? 100% success rate? How is that even possible?" asked Qie Loulan, taken aback.

He could not believe that such a miraculous pill actually exists in this world.

"Just wait and you will know I'm telling the truth!"

Chen Xiaobei did not bother to explain more about it. Only those that used it would know how powerful the pill was! Filled with anticipation, Chen Xiaobei actually felt really proud of this achievement. For the longest time possible, concocting the Skybreaking Cultivation Pill had always been Chen Xiaobei's dream.

He really needed the power to defeat foes that were more powerful than him. With this pill, he would be able to access the power that he dreamt of! And all his friends and family would be able to achieve cultivation breakthrough with ease!

Becoming more powerful with his friends and families was actually Chen Xiaobei's biggest dream. Earlier, he was still looking for the last two ingredients. That was why he could not begin with the concocting process. To his surprise, he had never expected that he would come across the Divine Plant Paramita Lotus. This particular Divine Plant could actually replace the two ingredients that he was missing. And there was a chance that he could even achieve a better result. That was why Chen Xiaobei did not hesitate when he plucked the Paramita Lotus.

"How long do you need to finish the concocting process?" asked Qie Loulan.

"Judging from the effect of Tinder Essence, I think I will need at least a month for it to be done!"

"It's still early! Let's leave this place... The Xiuhcoatl King will kill us if it sees us take away its most prized possession!"

"Xiuhcoatl King?"

Chen Xiaobei was shocked. He had completely forgotten to check out the perimeter which he placed his full attention on concocting the pill just now.

"Shit!"

Immediately, Chen Xiaobei closed his eyes and he could see the images transmitted by No.8 Luban. Cold sweat was dripping down from his forehead after he had a glance at the perimeter. Apparently, the Xiuhcoatl King had found out that someone messed with its Paramita Lotus. Right then, it ignored Phantom Rain and the rest of them and rushed back to its nest as fast as possible. Seeing that half of its body had already entered the cave, it should come to Chen Xiaobei in seconds!

Chapter 1060: Breaking the Promise

"Why did that giant serpent run off? If it kept attacking for another half a minute, we'll all be dead for sure..."

Nikkawa Uchu collapsed onto the ground, his energy spent, and there were burnt mark all over his body.

"Yeah! That was a close call... Our True Qi had nearly dried up..."

Phoenix Enigmatic Ninja and Green Dragon Enigmatic Ninja were exhausted—they had reached their limit.

"Ugh...hack hack..."

White Tiger Enigmatic Ninja threw up a mouthful of blood and said, "Master Phantom Rain... Could it be that Chen Xiaobei saved us... Like you said?"

"It looks like you're not so stupid after all!" Phantom Rain looked towards the direction where the Xiuhcoatl King disappeared to. "If I'm not mistaken, Chen Xiaobei must have found the serpent's precious baby..."

"Its baby? What is it?" Green Dragon asked.

"This you'll have to ask his highness!" Phantom Rain said. "From I understand, he had hidden a metal box inside his quarters. There is an ancient treasure key inside it!"

"That's right..." Nikkawa Uchu nodded. "The guards at the palace reported that Chen Xiaobei had infiltrated my room and left with the metal box! I have already found out the exact location of the remains a long time ago. I had not come here because I could not open the metal box. When we arrived just now, we saw a portal amongst the remains so, I brought them in together with me."

"So the viper must be headed for the treasury. But, I'm not sure what is inside..."

Nikkawa Uchu confessed.

That explained how Nikkawa Uchu and the four Enigmatic Ninjas found them here.

Phantom Rain did not sell Chen Xiaobei out.

But because of this misunderstanding, Chen Xiaobei was so angry that he was forced to push forward. If Chen Xiaobei had known the truth, he would have left this place with Phantom Rain and he would never have found the Paramita Lotus.

Opportunity and danger would always coexist!

Chen Xiaobei got the Paramita Lotus but he also provoked a frightening monster!

Bam boom boom... Bam boom boom...

The Xiuhcoatl King thundered ahead, shaking the entire place.

Not far away, the Dragon's Edge was still stuck on the ground.

Danger was heading for Chen Xiaobei and Chen Xiaobei had left his powerful sword behind.

Phantom Rain was overcome with a jumble of emotions.

She touched her collar subconsciously and in thought in her heart, 'Chen Xiaobei, if you survive this, I will let you touch me again! Touch me until you're satisfied...'

"Master Phantom, we should leave!" Green Dragon Enigmatic Ninja said.

"Uh huh..." Phantom Rain nodded.

Her True Qi was almost completely depleted, she would not be able to help him even if she stayed.

Phantom Rain pulled out the Dragon's Edge and headed for the exit.

...

In the deepest part of the gigantic cave in the Rocky Mountain.

Qie Loulan had given up all hope, and he muttered anxiously, "We're dead... We're dead this time... One fireball and we're both going to burn to death..."

The Xiuhcoatl King was way much stronger than Chen Xiaobei and Qie Loulan combined.

This exit of this cave was blocked. There was no way out.

As far as Qie Loulan was concerned, they were both dead!

"Don't panic! When push comes to shove, I could always rewind time!"

Chen Xiaobei was calm, and he was devising how to get out of this deadly situation in his head.

He could use the Moonlight Cache and spend 100 years of his lifespan to turn the time back to half an hour ago.

If they could find a way out, Chen Xiaobei would gladly take it.

Chen Xiaobei took the Paramita Lotus, that was why the Xiuhcoatl King was pissed. Even if he had turned back time, things would still end up the same!

And he would be wasting 100 years of his life!

Even though Chen Xiao had an existing 9,000 years left, he would have to use them carefully.

It was not wise for him to squander it just like that.

"I think we can negotiate with him!"

Chen Xiaobei eyed the entrance of the cave.

"Negotiate? With whom? The Xiuhcoatl King? Bro Bei, are you kidding?"

Qie Loulan was baffled.

How could a man suppose to come to terms with a serpent?

This was just a fantasy!

"I'm not kidding! I want to talk to him!"

Chen Xiaobei had the Moonlight Cache in one hand, at least he had a backup plan.

"Talk? You are a weak little ant! Who are you to try and negotiate with me?"

The Xiuhcoatl King hurdled through the hole like a silver tornado.

Its mammoth body blocked all exits and closed in on Chen Xiaobei.

It was speaking in Zooligualism of course.

Qie Loulan only heard hissing.

But Chen Xiaobei understood what he was saying and even answered it with its language, "Of course I could. Or else, you would have killed me already!"

"It looks like you are quite smart!" the Xiuhcoatl King said, "I like to chat with people that are smart. Let's get straight to the point. Return the Paramita Lotus and I will spare your life!"

"Really? You'll let me go if I return the Lotus?" Chen Xiaobei asked.

"I never go back on my word." The Xiuhcoatl King said, "Your life is not worth the Paramita Lotus!"

"My life may be worth nothing to you, but I do not plan to die!"

Chen Xiaobei said, "Clear an exit first, I will put down the Paramita Lotus and leave!"

"Alright! I don't think you would be able to pull any tricks anyway!"

The Xiuhcoatl King was very confident that Chen Xiaobei would never be able to escape.

Swish... Swoosh...

The Xiuhcoatl King's moved his body around the cave, leaving the exit open.

While it was moving, Chen Xiaobei did something secretly.

He took out a Prosperous Monkey Fur and turned it into the Paramita Lotus!

"What... Am... Am I seeing things?"

Qie Loulan's eyes widened.

It looked exactly alike. It was the perfect copy of the Paramita Lotus.

"I'll leave the Paramita Lotus here... I'll leave now..."

Chen Xiaobei placed the fake Paramita Lotus on the floor and made his way out of the cave.

"Hehe. Stupid human beings!" The Xiuhcoatl King laughed. "Do you think that I will let you go just like that?"
