Chapter 1061: Bite Me

"F*ck!"

Chen Xiaobei was ready to leave. He did not think that the Xiuhcoatl King would be so shameless.

A second ago, the Xiuhcoatl King had just said it would never go back on his word and now he was contradicting itself.

Not only did it do that, what it did next was worse!

Swoosh!

The Xiuhcoatl King did not plan to let Chen Xiaobei go. Its enormous tail, which had been hiding, suddenly swung and constricted around Chen Xiaobei.

"What are you doing? You said that you'll let me go after I return the lotus to you!"

Chen Xiaobei struggled to free himself.

But it was useless.

The Xiuhcoatl King's tail did not even loosen its grip, it even tightened up.

The worst part was Chen Xiaobei's arms were on his sides. He could not get the Moonlight Cache to open.

He could not even turn back time!

It suddenly dawned on Chen Xiaobei that this was really the end!

"Bro Bei!"

Qie Loulan screamed helplessly.

With his current cultivation, he could not even save Chen Xiaobei.

In fact, one spit of fire from the Xiuhcoatl King and he was literally toast.

"Hehe, stupid human! Why are you so naïve? You really believed what I said?"

The Xiuhcoatl King chuckled, lifting its tail and Chen Xiaobei along with it.

Its large silver eyes looking sadistically at Chen Xiaobei, like a cat that had just caught a little rat.

"I miscalculated!" Chen Xiaobei tried to calm himself and think of a way to buy time. "That time, when snuck up on the owner of this space, was enough proof that you are a lowlife animal! I should not have trusted you!"

"Hehe! You shouldn't talk smack about me like that!" The Xiuhcotl King laughed. "If you were just a regular person, I would have kept my word and let you go! But, have you ever heard of the phrase, A

man's wealth is his own ruin by causing other's greed! Blame yourself for having so many resources with you!"

"My resources? What do I have?" Chen Xiaobei asked.

"Stop acting! You summoned the Paramita Lotus. That meant that you have a lot of Spiritual Stones!" The Xiuhcoatl King said, "I have already reached the later phase of Celestial cultivation and I could really use some stones right now! You see why I can't let you go? You can only blame yourself for having low cultivation! Weak men are unworthy of Spiritual Stones!"

"Do you know that I really hate it when people lie to me?"

Chen Xiaobei's face darkened. His eyes were filled with intense anger! He did not escape this place but came all the way in here because Phantom Rain's 'betrayal' pissed him off! Right now, the Xiuhcoatl King had broken his promise to Chen Xiaobei. That was basically adding fuel to the fire, Chen Xiaobei could explode at any time.

"You hate people lying to you? But I just did that! What are you going to do to me? Hahaha..." The Xiuhcoatl King laughed, shaking his head and taunted. "I can do whatever I want to you because you are weak! You can't even defend yourself!"

"Who said that I can't?" Chen Xiaobei's expression was icy like a blizzard!

"Oh? You want to fight back?" The Xiuhcoatl King howled. "You can't even move your arms and legs. Are you going to bite me?"

"You're right! I was planning to bite you!" Chen Xiaobei was not joking.

"What? Are you frightened by me? Hahaha..." The Xiuhcoatl King's laughter grew louder.

Its scales were ten times harder than stainless steel, bullets could not even penetrate it and this kid wanted to bite his way out? Was he stupid or what?

"Huh? How could this be?"

The Xiuhcoatl King's laughter suddenly stopped.

Crack! Crack! Crack!

Chen Xiaobei lowered his head and was actually starting to bite its scales!

The dark silver scale that was supposedly tougher than a tank, crumbled like papier-mache in Chen Xiaobei's mouth!

"What... How could a human chew through my scale?"

The Xiuhcoatl King was shocked.

A second ago, he had teased Chen Xiaobei. But Chen Xiaobei really did bite down. And he was biting faster and faster! The 10 cm thick scales were thoroughly chewed up in a matter of minutes!

At this critical juncture, Chen Xiaobei managed to come up with a plan!

He could not move his limbs, which meant he could not use the items in his Infinite Space Ring.

His only way out was to borrow Xiao'er's talent!

Once he had chewed through the scales, Chen Xiaobei did not stop. He continued to gnaw at the Xiuhcoatl's flesh like a beast!

Phissh!

One bite at a time. He tore at the flesh like an animal. Its wound grew larger and blood was pouring out like a fountain.

Chen Xiaobei's anger was driving him like a mad man. His body was covered in blood but he just kept gnawing!

"Argh... It hurts! It's really painful!"

Blood pooled around the Xiuhcoatl King's tail, spurting like a waterfall!

It was so painful, it screamed bloody murder!"

"Stop! Stop right now! If you don't stop, I will kill you!"

The Xiuhcoatl King was frightened. It was well aware that if Chen Xiaobei did not stop, its tail will fall off!

But Chen Xiaobei was too preoccupied, too irrationally pissed to hear it.

Other than anger, there was also another mysterious force driving Chen Xiaobei to keep biting the viper!

That was a thirst for blood! It was like a demonic force!

The strength came from Chen Xiaobei's heart; it was a familiar yet unfamiliar feeling... which lead to the birth of an idea!

The Dark Neutron!

When he had returned to Bei Xuan Faction to retrieve the Thunder Pool Tesseract, Chen Xiaobei how to activate the Dark Neutron from Gordon.

But Chen Xiaobei did not sense the presence of the Dark Neutron.

Right now, it was as if he was tempted by the fresh blood. That mysterious energy was going to awaken!

It was as if there was a voice telling him to keep biting!

There more fresh blood there was, the sooner the dark power would be unveiled!

[Red Envelope Group of the Three Realms](#)

Chapter 1062: A Great Comeback

"Argh! I'm asking you to stop!"

The bloody hole was growing wider and the caused the Xiuhcoatl King to tighten its grip around Chen Xiaobei.

"Oh! Argh..."

The immense force from the tail caused Chen Xiaobei to spit a mouthful of blood.

He could feel the bones in his body being crushed like a biscuit. It was so painful that he stopped biting and was gritting his teeth.

"You deserve to die for biting me! I want to crush you like a little grape!"

The Xiuhcoatl King squeezed harder, with every intention to suffocate Chen Xiaobei.

Blarghhh...

Chen Xiaobei spat out more blood.

If the Xiuhcoatl King constricted just little bit more, Chen Xiaobei would surely die.

"Dumb creature!"

Chen Xiaobei shouted with much difficulty, "If you kill me, don't even think of getting your hands on the Paramita Lotus!"

"Huh?"

The Xiuhcoatl King was perplexed.

The Paramita Lotus was its lifeline. It was more important than its own life. At this point, Chen Xiaobei's sudden mention of the Paramita Lotus distracted the Xiuhcoatl King's intention of tightening its tail any further.

"Er... Have you lost your mind? The Paramita Lotus is already in my possession. Why would I need to get my hands on it?"

The Xiuhcoatl King took a good look at the Paramita Lotus at the exit of the cave. It was still there.

"I'm not crazy. Look closely again. Can't you tell?"

Chen Xiaobei broke the magical power of the Prosperous Monkey Fur.

Poof!

The Paramita Lotus suddenly turned into smoke.

"What... What..."

The Xiuhcoatl King blinked hard. The Paramite Lotus had just disappeared right before its eyes.

It could not believe what it had just witnessed.

"What happened? Where is the Paramita Lotus? Where is it? Where did my Paramita Lotus go?"

The Xiuhcoatl King rushed into the hole, staring at the spot where the flower had disappeared. He searched the area but there was not a trace. The entire place shook when it moved around violently.

As the Xiuhcoatl King was cracking its head over where the Paramita Lotus disappeared to, Chen Xiaobei unleashed another attack.

Swoosh!

Chen Xiaobei took off his Wardragon Scale and transformed it into a metal ball.

Without the armor, Chen Xiaobei's body size shrank by one size.

At the same time, the Xiuhcoatl King's attention was focused on the ground in the cave.

This was Chen Xiaobei's chance! He wriggled out of its tail.

But Chen Xiaobei did not use the Moonlight Cache. He was ready to make a big gamble!

One, because he had borrowed Xiao'er's talent; two, because of the Dark Force from Dark Neutron. He could feel that there was a new power within him going to awaken really soon.

If not now, when would he ever be able to do it again?

Chen Xiaobei climbed onto the Xiuhcoatl King's body, and sprinted toward the Xiuhcoatl King's seventh-inch spot.

To kill a snake, you'll have to hit its spot!

Crack! Crack! Crack...

Chen Xiaobei immediately got to work, chewed through a piece of scale and then started munching down on the Xiuhcoatl King's flesh!

"Ouch! Ouch... What is happening..."

The Xiuhcoatl King felt a sting on its body. When it realized what was happening, it roared, "You little bastard! You tricked me! Not only will I crush you today, but I will also destroy your spirit as well!"

Splat... Splat...

Chen Xiaobei ignored the Xiuhcoatl King's cries and continued to tear through the tissues.

"I want you dead!"

The pain on the seventh-inch spot was a hundred times more painful than the pain in its tail.

The Xiuhcoatl King became turbulent. Its 110,000-combat-power tail gesticulating wildly as it charged toward Chen Xiaobei. It was enough to squash Chen Xiaobei flat.

Swish!

"Bro Bei!"

Qie Loulan was watching from afar, tempted to close his eyes so he did not have to watch Chen Xiaobei's horrible death.

"Stop where you are!"

Chen Xiaobei thundered.

"I've stopped... Don't you do anything either..."

Who would have thought that the crazy Xiuhcoatl King would stop its attack!

"Huh? What happened?"

Qie Loulan tilted his head in puzzlement.

Chen Xiaobei had already stopped biting the Xiuhcoatl King, he had one hand pressed on the bloody cavity.

Qir Loulan could not understand why the Xiuhcoatl King would actually listen to Chen Xiaobei?

Right now, only the Chen Xiaobei and the Xiuhcoatl King would know what was happening!

Under Chen Xiaobei's palm, stuck deep inside the gash, was a Chaos Blood Sword!

The reason for attacking a snake's seventh-inch spot was because that was where the heart is.

The Chaos Blood Sword only need a gentle nudge and it would pierce right into the Xiuhcoatl King's heart. It had no option but to obey Chen Xiaobei!

"Young man! Let's sit down and talk!"

Its life was in Chen Xiaobei's hand. It could only speak gently and negotiate.

"What do you want to say?" Chen Xiaobei asked.

"First, you break into my nest and then you steal my treasure! You are in the wrong for that! It's only normal that I would want to kill you!" The Xiuhcoatl King said, "On top of that, you said that you returned my Paramita Lotus but you were bluffing! Again, you are in the wrong! We must be reasonable, right?"

"Heh, I thought you were going to enlighten me. But you were just being impudent!" Chen Xiaobei said coldly, "Let me jog your memory back to the time when you invaded this place, shamelessly raided this place and beat up my friend! Then you seized and occupied his place and annexed his treasury! Today, I invade your nest and take away your Paramita Lotus as an act of revenge! An eye for an eye! I don't owe you anything! I left the fake Paramita Lotus for you only because you spared my friend's life! I don't want to fight it out with you either! But you forced my hand when you went back on your word! This, all of this is of your own doing! And now, you are trying to blame it on me? That's just absurd!"

Chen Xiaobei' scowled, rage encrusted his every word.

"I..." The Xiuhcoatl King was lost for words.

"You have nothing left to say eh?" Chen Xiaobei's eyes, red with rage, bore into the Xiuhcoatl King. "If so, then do me a favor and die!"

"Don't kill me... Please I beg you... I'm willing to become your Spiritual Beast. I will take orders from you from today onward... Please spare my life..."

The Xiuhcoatl King finally conceded. There was no other way out!

"You want to be my Spiritual beast? Heh!" Chen Xiaobei's harsh laughter echoed. "You are not worthy!"

Red Envelope Group of the Three Realms

Chapter 1063: Eating Nonstop

Have mercy... Have mercy on me..."

The Xiuhcoatl King squalled, begging Chen Xiaobei from the bottom of its heart.

It was willing to become Chen Xiaobei's Spiritual Beast as long as it could live.

Sadly, it had not no to blame but itself for its wrongdoings!

It was not that Chen Xiaobei had not given him a second chance. He had put down the fake Paramita Lotus as a peaceful settlement.

But the Xiuhcoatl King broke his word, so Chen Xiaobei was left with no choice.

"Remember this, it might useful for your next life..." The anger in Chen Xiaobei's eyes had dissipated. His dark eyes had grown calm, indifferent.

"What... is it..." The Xiuhcoatl King stuttered.

"You brought this upon yourself!" Chen Xiaobei said coldly as he willed the Chaos Blood Sword to drive itself further into the Xiuhcoatl King's heart!

The sharp sword gyrated inside, mincing the large organ into mush. The Xiuhcoatl King had no chance!

Bam boom boom....

Its mammoth body crashed onto the ground, unmoving.

"My... god... Bro Bei! You killed the Xiuhcoatl King... You are so cool!"

Qie Loulan still did not understand what was happening but watching the Xiuhcoatl King die in Chen Xiaobei's hand, excited Qie Loulan.

Fweet! Fweet!

Chen Xiaobei summoned the Chaos Blood Sword back to him.

Blood sprayed out of the Xiuhcoatl King's heart like a fountain and soaked through Chen Xiaobei's clothes.

"That feeling is getting stronger!"

Chen Xiaobei was not speaking to Qie Loulan but focused on the mysterious force that flowed into his heart.

That was the Dark Force of the Blood Descendant!

"Huh? That's... That's..."

Chen Xiaobei tried to use the method Gordon had taught him. He had only done it for one week but he could already vaguely feel a Dark Neutron appear inside his heart.

It looked the same as it had first appeared but now, it was covered in scars, like it was destroyed.

As he continues to utter the unusual spell, Chen Xiaobei's thirst for blood was growing stronger.

He even felt a strong urge to have a drink at the Bloodspring.

But Chen Xiaobei was not a Blood Descendent so he had a hard time accepting drinking blood.

"It would be great if he could siphon Blood Essence like the Chaos Blood Sword!"

Chen Xiaobei was deep in thought. "Maybe I should try and see if I could modify the spell a little!"

He was a man with Scholar Heart. Drawing parallels from a single inference was his expertise. Previously, he had tweaked a large number of Martial Arts Manual. Bone and Sinew Tearing Grab was his masterpiece.

Since he had already fully grasped Gordon's method, it was possible to make some changes to it.

If he succeeds, it would be so much easier for Chen Xiaobei. He would not have to bite other people's necks like a vampire.

"No... I can't... I'm so tired..."

Chen Xiaobei was planning to figure out a way to modify the Dark Force but was overcome with an overwhelming lethargy.

This was the side effect of using Xiao'er's special ability.

Every time he ate using Xiao'er's special ability, Chen Xiaobei would fall into a deep sleep. The higher the tier of item he ate, the longer he would sleep and the bigger his improvement.

"I can't... I cannot fall asleep..."

Chen Xiaobei kept trying to fight it.

If he fell asleep here, it would be really inconvenient.

First, Demonic Fox's wedding was not far off.

There was no way of salvaging the situation if he missed it.

Secondly, there were still other Xiuhcoatl's outside the cave.

While those Xiuhcoatl's might not enter now, they might just come to sneak a peek after a long while!

Chen Xiaobei who would be in deep sleep then, would be like a sacrificial lamb.

"I cannot sleep! I must eat!"

Chen Xiaobei realized that whenever he used Xiao'er's talent, he would be wide awake when he was feasting. But once he stopped, he would start to feel drowsy. He then quickly took out the Emerald Cloud Ganoderma he had taken from the Zhuang's treasury and started chowing down.

Xiao'er had said that eating Spiritual Items would strengthen his body, and eating Spiritual Medicine would increase his combat power. The Xiuhcoatl King's meat was nowhere near the level of the Spiritual Item, so Chen Xiaobei would rather just eat the Emerald Cloud Ganoderma.

"Yum! Wow! This taste amazing! Sweet... Mm..."

He had just taken one piece of the ganoderma and his fatigue immediately disappeared.

He was wide awake now.

"Bro Bei... What are you eating? Does it really taste that good?" Qie Loulan had to keep himself from drooling.

"I don't have any time to explain it now. Go and keep watch outside."

As he was packed away the Emerald Cloud Ganoderma, he ruminated about how he could modify the Dark Force Spell.

Modifying a spell was not a simple task.

Chen Xiaobei ate the last of the ganoderma.

"I have an idea! I have to continue!"

Chen Xiaobei took out the Dark Purple Crystal Token and sank his teeth into it.

"Oh my goodness! It is soooooooooooooo delicious! This is unbelievably delectable!"

The Dark Purple Crystal was a top-tier Spiritual Item that Xiao'er had been craving for a long time.

Chen Xiaobei had only taken one bit and he felt as if he was in heaven.

He worked as he ate and he had only completed one small part of the Dark Force Spell but he had already wolfed down the whole Dark Purple Crystal Token.

"F*ck! I don't have any more Spiritual Item and Spiritual Medicine!"

Once he stopped chewing, the enervation came rushing back.

"No! I cannot give up halfway! If I sleep now, the Xiuhcoatl King's blood won't be fresh anymore! It looks like I will have to eat that thing... Sweet!"

Ding!

[Shen Gongpao's Divine Hammer: Shen Gongpao's first Divine Item. Not a high-tier Divine Item, but Shen Gongpao treasured it. He had it with him all the time. Do you wish to withdraw it?]

"Old Man Shen! Don't complain that I'm ruthless. You can only blame it on your bad luck! Hehe..."

Chen Xiaobei summoned a battle hammer with a carving of a black tiger.

This is a One-Star Divine Item, its Spiritual Attribute was almost as strong as the Thunder Pool Tesseract's. It would give Chen Xiaobei an invisible force.

Chen Xiaobei had not enough Spiritual Qi and Dao Path.

He had no use for this Black Tiger Battle Hammer anyway. Eating would solve all his troubles.

Crunch! Crunch! Crunch...

Chen Xiaobei could not wait anymore.

The flavor of a Divine Item was much better than the Dark Purple Crystal Token!

[Red Envelope Group of the Three Realms](#)

Chapter 1064: Great Improvement on Cultivation

If the taste of the Dark Purple Crystal Token sent Chen Xiaobei to paradise, the Black Tiger Battle Hammer would send him to the heavens!

Chen Xiaobei could not find a word that could describe that sensational flavor.

Who could blame Xiao'er for being greedy? These things were simply too scrumptious!

It took a lot of willpower for Chen Xiaobei to leave a piece of the hammer the size of a fist for Xiao'er.

He did after all, eat up the whole piece of Dark Purple Crystal Token, which he had promised to share with Xiao'er, all by himself.

Now Chen Xiaobei had to get the bit between his teeth to leave that piece of Divine Item to compensate Xiao'er. If that little thing knew about it, it would jump crazy with joy!

"Alright! Let's give this modified Dark Spell a try!"

It took Chen Xiaobei quite a while to finish the rest of the Black Tiger Battle Hammer. By then, the modification of the Dark Spell was pretty much done to the point he had desired!

Fwaaaa...

With the new spell, the abstruse Dark Force gradually stirred like a demon that had been in a deep sleep, but awoken by the draw of fresh blood that it crawled out the depths of hell. Having used the new spell for one day, the Xiuhcoatl King's most quintessential and purest blood essence was extracted into the palm of Chen Xiaobei's palm.

But this was different from his first time.

The viscous blood essence did not enter the Blood Chaos Sword but into Chen Xiaobei's heart.

More accurately, it poured into the damaged Dark Neutron inside his heart.

Voom...

The Dark Neutron was roused and it emitted another abstruse energy. And this energy was slowly increasing Chen Xiaobei's health and combat power!

This was the Blood Descendant Gustav family's Dark Neutron's Dark Force. It would absorb the blood of others and transforms it into energy.

"Huh, that's strange. Why is it so slow?"

The Dark Force of the Dark Neutron inside Chen Xiaobei was awakened but it was not as fast as he expected, like the time when Damien Gustav took in Blood Essence the last time, his health and combat power skyrocketed.

"Could it be because my Dark Neutron is damaged?"

Chen Xiaobei tried to determine the cause of the slow progression.

"Ah, never mind. I had eaten so much Divine Items, I could sleep for 1 to 2 months! Right now, I've got enough of the Xiuhcoatl King's blood!"

Chen Xiaobei had stopped eating and the fatigue came rushing back.

The last time he had consumed the Dark Neutron, Chen Xiaobei slept for a good 7 days and 7 nights.

Today he ate the Green Cloud Ganoderma, the Dark Purple Crystal Token, and the Black Tiger Battle Hammer, which would result in a conservative estimate of 1—2 months of sleep.

Of course, Chen Xiaobei still remembered that Demonic Fox's wedding was only four days away.

However, he was the least bit concerned.

He put the Wardragon Scale and the Moonlight Cache back into the Infinite Space Ring.

Then took out the Green Jade Cauldron and a red wooden box.

Ding!

[Sunlight Cache: Signature Divine Item of Goddess Chexia. Spend 10 years of your lifespan and you can speed up the time around you! The area covered by the Sunlight Cache will speed up by one day and only one minute will pass outside the covered area! Do you wish to withdraw it?]

"Of course!"

Chen Xiaobei grinned. "Even if I were to sleep for 60 days, it would only have been 60 minutes in the outside world!"

Chen Xiaobei lied down with the Green Jade Cauldron next to him and started to read out the chant.

"Anuttara-samyak-sambodhi!"

When he was done, a ray of blood red light came from the red wooden box and lit up about two feet of its surroundings, including both the Green Jade Cauldron and Chen Xiaobei. From that moment on, the time within the area where the red light illuminated would accelerate. One day inside it was equivalent to one minute outside.

That way, Chen Xiaobei would be able to digest the things he had eaten, including the Xiuhcoatl King's Blood Essence, in a shorter time period.

Furthermore, it would quicken the completion of the Skybreaking Cultivation Pill!

One stone, two birds!

Time had passed. It had already been 53 minutes in the outside world, and inside the red light, it had been 53 days already.

"Stop!"

Chen Xiaobei came to and stopped the Sunlight Cache.

Every minute this thing was in operation would use up 10 years of Chen Xiaobei's life.

He could not afford to waste any time.

"Bro Bei! You're awake!"

Qie Loulan flew back from his post outside and said pressingly, "There's movement among the Xiuhcoatl's. Some of them are trying to get in. We would be in grave danger if you don't wake up soon!"

"There's no need to panic! Stay calm!"

Chen Xiaobei shrugged, seemingly unconcerned.

"Why are you telling me to calm down?" Qie Loulan shrieked, "Have you forgotten what these Xiuhcoatl's could do? Earlier, you were hurt by a small Xiuhcoat! If they surround us, we would be dead!"

Qie Loulan had every reason to be worried.

When they first entered this place, it took a lot for Chen Xiaobei fight against the Xiuhcoatl's. He even had to help Phantom Rain recover her True Qi as backup.

Right now, Phantom Rain was nowhere to be seen and there was still an entire colony of Xiuhcoatl's outside the nest.

How could he not get wound up?!

"You don't need to worry. I am not the me I was before this!"

Chen Xiaobei looked confident as if the Xiuhcoatl's were no threat at all.

"What do you mean by you are not the you before this?" Qie Loulan was even more confused now.

"Didn't you sleep for one hour? Could you be stronger than you were before?"

"Hehe, that's right! I am stronger! In fact, I am so much stronger than before!"

Chen Xiaobei chuckled as he used the Netherspirit Battlescouter.

Ding!

[Cultivation: Pinnacle phase of True Nirvana stage, Health: 90,000, Combat Power 50,000!]

He had slept for only less than an hour and his strength had increased so much!

After eating the Saturn Peach, Chen Xiaobei's combat power had reached 39,000; the Green Cloud Ganoderma added 1,000; and the Xiuhcoat! King's blood essence added 10,000. That totaled up to 50,000 combat power!

His health increased to 48,000 after he had the Saturn Peach; 10,000 after absorbing the Xiuhcoatl Blood essence; 2,000 after eating the Dark Purple Crystal Token; and 30,000 after ingesting the Black Tiger Battle Hammer—bringing his health all the way up to 90,000!

"Whoa... That was quick... That's crazy! This is freakishly amazing..."

Chen Xiaobei knew that it would increase by a lot but he had not expected it to increase this much!

"It's not completed yet! It could still be increased!"

Chen Xiaobei felt a surge of ecstasy as he turned to look at the Green Jade Cauldron.

[Red Envelope Group of the Three Realms](#)

Chapter 1065: Who's the One that Scared to Death

The Green Jade Cauldron was packed with all sorts of herbal medicines.

There were Spiritual Medicines like Dragon Ginseng, White Jade Spiritual Gem, Cloud Dyed Fruit, and others.

And the Xiuhcoatl King's lifeline Divine Medicine, Paramita Lotus. With the Tinder Essence that Chen Xiaobei acquired earlier, he was fully equipped to concoct the Skybreaking Cultivation Pill.

He had taken out the Green Jade Cauldron and put it next to him under the light of the Sunlight Cache so that it will also go through 53 days. On the 33rd day, the Skybreaking Cultivation Pill was actually completed, it then continue to stay inside the cauldron to keep warm for another 20 days.

"It's finally time for harvest! How many will I be able to get?"

Chen Xiaobei rubbed his hands together, bright-eyed and bushy-tailed but nervous at the same time.

The yield an alchemist would get differed each time even if he or she used the same amount of materials to concoct the pills. To an ordinary alchemist, they could yield at least one to three pills each time they attempt to concoct something. As for the high-tier alchemist, they could actually control the heat inside the cauldron well. And each concoction would yield them more than three pills! However, this phenomenon was rarer than one could imagine. Even the number one alchemist, Hungfu Mumin's highest record was producing six pills in one single concoction!

So far no was able to break this record yet and it was considered the Guinness World of Records in the field of alchemist!

Yet, Chen Xiaobei broke this record on his first attempt at concocting pills! During that time, Chen Xiaobei acquired a Fleece-Flower-Root Spiritual Pearl. He then placed it inside the Green Jade Cauldron and concocted it with the right hear. In the end, he managed to concoct nine pills and was nicknamed Taiyi Life Enhancement Pill!

The second time he did it, he got twelve Bone Burning Pills!

These numbers had made him a more masterful alchemist than Huangfu Mumin!

"How many pills will I get this time? Oh, this is nerve-wracking..."

Chen Xiaobei placed his hand on the cover of the Green Jade Cauldron slowly lifted it opened.

His heart was racing.

Even if he could produce at least one Skybreaking Cultivation Pill, it would still be very useful to Chen Xiaobei!

One? Ten? Or perhaps twelve?

The result pulled at Chen Xiaobei's heartstrings.

How could he not be nervous, right now?

Finally, the concocting was done.

A whiff of mouth-watering medicinal fragrance rushed into his nostrils.

Chen Xiaobei willed himself to look inside and was overjoyed!

"Three, six, nine, twelve, eighteen... My god! Oh my f*cking goodness! 18 Skybreaking Cultivation Pills! This is insane!"

Chen Xiaobei shook his head in disbelief.

Results like this really surprised him in a good way—leaving him filled with extreme joy. He stood there, dumbfounded. He concocted eighteen pills in one go! Chen Xiaobei had once again broken his own record.

This happened because of a special ingredient, a Divine Medicine, the Paramita Lotus.

It was a hundred times more valuable than the Fleece-Flower-Root Spiritual Pearl.

Of course, his luck also helped a lot.

Ding!

[You have eliminated a third generation evil beast! You have received 30,000 merit points!]

Ding!

[Ding! Your current merit points is 2,860,000! You will need another 140,000 merit points to proceed to next level. (Charm: 286,000. Luck: 286,000)!]

Chen Xiaobei had fallen asleep just now, so he did not absorb the Xiuhcoatl King's spirit.

The evil beast's spirit went to hell. So Chen Xiaobei was rewarded with merit points.

The more he thought about, the happier he became, chuckling to himself like a mad man.

"Bro Bei, are you alright?"

Qie Loulan was unclear as to what was happening. He flew over, anxious. "The Xiuhcoatls are returning! They will be here soon! Nothing bad can happen to you right now! Not now!"

Qie Loulan did not say it but from what he saw, Chen Xiaobei had lost his mind due to fear.

When Chen Xiaobei laid down to sleep, Qie Loulan was starting to feel disconcerted.

When he woke up, he claimed that he was different from before and now he was just staring at a cauldron.

"Bad my ass! Look inside the cauldron and tell me what do you see."

Chen Xiaobei rolled his eyes at Qie Loulan, reached into the cauldron and took out a fragrant Skybreaking Cultivation Pill.

"This... This This... This..."

Qie Loulan's eyes widened in genuine surprise. "An hour ago, I saw you put the Paramita Lotus and a dozen or so herbal medicine into it. How could it have concocted so many pills in such a short time?"

"Do you remember what I said? I can turn the Paramita Lotus into something that can guarantee 100% success rate for cultivation breakthrough!"

Chen Xiaobei immediately popped in 1/3 of the Skybreaking Cultivation Pill into his mouth and swallowed.

"Turn the Paramita Lotus into something that can guarantee 100% success rate for cultivation breakthrough!"

Of course, he remembered, the Paramita Lotus had the ability to help people break through but it was not guaranteed.

"Bro Bei, you mean... One small little pill could help you break through the cultivation? How is that possible?"

Qie Loulan was doubtful.

First, he found it hard to believe that an hour concoction could produce good quality pills! And Chen Xiaobei ate only 1/3 of it but not the entire pill!

Fuhhhh...

Qie Loulan had yet finished what he was going to say when something happened to Chen Xiaobei's body.

His True Qi moved about like a tornado, encircling Chen Xiaobei.

At the same time, the force of elements started to flow into Chen Xiaobei's body.

"My... My goodness... Bro Bei is really going to break through..." Qie Loulan stared in shock.

The essence of Celestial Cultivation was to borrow the force of nature. This what made Celestial Cultivation so different from all the other cultivations. What was more mind-boggling was that the elements surging toward Chen Xiaobei was not just one but ten elements in total!

They were metal, wood, water, fire, earth, wind, thunder, light, darkness, and poison!

"Whoa... Am I hallucinating..."

Qie Loulan rubbing his eyes, willing himself to wake up.

He had suspected that Chen Xiaobei had lost his mind earlier but now he felt as if he was the one who lost his marbles!

[Red Envelope Group of the Three Realms](#)

Chapter 1066: Alien Race's Dark Ability

Qie Loulan was a Sky Ninja in his past life. After he had died, he became a Daitengu. He had an accumulation of 100 years' worth of experiences and knowledge.

But this, he had never witnessed.

Those who had achieved Celestial Cultivation could only work with one element that corresponds with his or her cultivated True Qi.

That had always been the case: One person could only wield one element.

But now Chen Xiaobei was crushing this long-standing convention under his feet!

If Phantom Rain were there, she would, for sure, exclaim that Chen Xiaobei was a monster! An anomaly!

But know that this happened not because of Chen Xiaobei himself but because of the Scripture of Heaven and Earth given by the Prime of Tongtian!

There was never a logical explanation to the thing given by the Prime of Tongtian.

Fwaaaa...

Metal, Wood, Water, Fire, Earth, Wind, Thunder, Light, Darkness and Poison—all ten elements converged into Chen Xiaobei's body.

It baptized every corner of his body and finally entered his Dantian and branded markings of the elements on him like a singe.

With these markings, Chen Xiaobei would be able to work with the corresponding elements.

These ten elements put down their roots and officially sanctioned Chen Xiaobei into Celestial Cultivation!

Ding!

[Cultivation: Celestial Cultivation, Health: 90,000, Combat power: 70,000]

This was a major breakthrough! Chen Xiaobei's combat power of 50,000 had increased by 20,000!

This was a staggering escalation!

"Bro... Bro Bei... Did you really break through the cultivation?" Qie Loulan stuttered.

"What else would it be?" Chen Xiaobei retorted. Then he placed the leftover 2/3 of the Skybreaking Cultivation Pill back into the Green Jade Cauldron.

"Your... Your Dantian... really bore the ten elemental marks?"

Qie Loulan still had a hard time processing what he had just seen. It was like a dream, a fairytale.

"If you're not blind, then you would know that that was real!"

Chen Xiaobei was a little bit irritated by Qie Loulan's disbelief.

Why? Could he not become stronger? It was not easy to achieve cultivation breakthrough, but even his own pet spirit was skeptical about it!

"But if it was real, then Bro Bei, you are going to dominate the world." Qie Loulan was thrilled. "With ten elemental marks, you could wield ten elements! Then, you can literally defeat any enemies that stand in your way! All you need to do is wield the element that your enemies are weak against!"

"That's right!" Chen Xiaobei nodded.

Qie Loulan's excitement was spilling over. "That means that elites that have the same combat power will not be able to beat you! Only an exceptional legend like you can pull something like this! You are one in a billion!"

"Hehe, you are pretty smart and even knows how to bootlick!"

A smile broke out on Chen Xiaobei's lips. The earlier irritation had waned and was replaced with a sense of achievement!

"I'm not bootlicking! I was just expressing my inner feelings! The awe that I feel inside! Beating anyone that has the same combat power with you! That is super incredible!" Qie Loulan said in all seriousness.

He thought about it for a while and then asked, "But Bro Bei, how did you do it? An hour ago, you were still in the later phase of True Nirvana cultivation. How did you just wake up and become a Celestial-Cultivated elite?"

"To you, it was only one hour. But to me, that was a long stretch of 53 days! I even paid quite a hefty price for it!" Chen Xiaobei exclaimed.

He then took out his mobile phone and sent a text to Yanwang.

Chen Xiaobei: Brother! Please check my lifespan in the Life and Death Book for me!

Yanwang: There's no need to check it. The last time when you had only a few months left, you ate the Saturn Peach and increased your lifespan to 9000 years!

Chen Xiaobei: I just used the Sunlight Cache! Please hurry and look it up for me!

Yanwang: Oh, if that's the case. Hang on while I check!

Yanwang: Got it. Your lifespan is now 7,470 years!

Chen Xiaobei: What the f*ck! How come so much was deducted from it? I had only used the Sunlight Cache for 53 minutes! It should only take away 530 years!

Yanwang: The Life and Death Book recorded that 530 years were deducted for using the Sunlight Cache, and another 1000 years for using the Dark Ability of an alien race!

Chen Xiaobei: Dark Ability of an alien race? What the hell? Could it be the Blood Descendants' Dark Force?

Yanwang: The rule of reincarnation is set by Diao Hong, himself! The Life and Death Book will automatically update itself. There is no way it is wrong!

Chen Xiaobei: That sounds about right... I think I know what happened, thank you bro!

Yanwang: There's no need to be so formal! As brothers, I want to remind you not to use the Dark Ability too much! Or your lifespan will be spent very quickly! It's different now, we can no longer be

Chen Xiaobei: Thank you for reminding me. Now I know and I will never simply use it! I have to go. There's something I need to settle here. Talk to you later!"

Yanwang: Mmm! When you have the time, feel free to come and have a chat with me. There is something we'd all like to ask you about!

Chen Xiaobei: Alright!

Chen Xiaobei then put away his phone. The smile on his face faded.

He was alarmed.

"It takes 1,000 years of life to digest the Xiuhcoatl King's blood! This is not a viable solution for the long-term! I can't possibly waste any of my 7,470 years left.

Gordon had told him that using the Dark Neutron's power would deplete his lifespan.

But Chen Xiaobei had not expected it to be so substantial.

But, if it did not do that, then the Gustav family would have dominated the world already.

That kind of Dark Force may be effective but its consumption was also quite sizeable.

That way why the Gustav Family's past dynasties could only be promoted to the grand duke of Blood Descendant!

To become stronger, other than using the Dark Force, they had to train really hard as well!

"It looks like cultivating is the proper way to do it! Dark Ability like this can only bring you that far..."

Chen Xiaobei made a decision to never use the Dark Force anymore. The best and most sustainable way to do it was to go through hard training to make himself become more powerful.

Hiss... Hiss...

There was sudden movement near the entrance of the cave.

The Xiuhcoatl's have started to swarm into the nest.

"Let's go. It's time for us to leave," Chen Xiaobei said breezily and left the cave.

"Ok! I'm coming!" Qie Loulan was not the least bit worried this time.

What was there to be afraid of? Bro Bei was with him!

Outside the cave.

The throng of Xiuhcoatl's was heading toward the cave, blocking all the exits.

When they saw Chen Xiaobei walking out, they were all worked up.

"OH? How is it that this guy can just walk out? Where's our king? Did the king let him go?"

"The king must have let him go. Or else, he would never be able to walk out alive!"

"Yeah! He's a puny ant! The king can kill him one hundred times with his tail!"

The Xiuhcoatl's spoke amongst themselves and they watched Chen Xiaobei disapprovingly.

Chen Xiaobei understood them, of course, and even responded to them in their language.

"Step aside or die!"

[Red Envelope Group of the Three Realms](#)

Chapter 1067: Helping You Secretly

"What? Did you get hit on the head? How dare you order us to step aside?"

"Just because our king has spared your life, don't think that you could go around shoot your mouth off!"

"Yeah! To us, you are like a puny little ant! Even if we squash you to death, our king won't even look into it!"

The Xiuhcoatl's were ruffled, they did not appreciate this ant's haughty attitude.

They had already seen Chen Xiaobei's strength, he was just an elite with later phase of True Nirvana cultivation.

Who was he to tell them to step aside?

"Heh, your king is already dead." Chen Xiaobei raised a palm and formed his fingers to look like knife shape and said. "If you want to end up like him, then I will be more than happy to oblige!"

"What? Our king is dead? Hahaha... Hey kid, did you forget to bring your brain with you or something? How could you even say such stupid things?!"

"He must be insane! How could our king die? Our king is matchless!"

"Yeah! The four men and the woman just now all had cultivation much higher than this kid, and they were not even able to fight back!"

The nest of vipers joked amongst themselves.

They really believed that Chen Xiaobei had gone mad.

How could their supreme king possibly die?

Zing!

Suddenly their laughter stopped and they were cowering with fear.

Chen Xiaobei gestured and a blinding white light shot out from his palm. This 70,000 combat power Wind Element True Kang, with the addition of the Wind Celestial Event, exploded into a ten-meter-long Wind Blade that was making its way toward the Xiuhcoatl!

The Blade of Wind was sharp and fast, slicing through the air.

These Xiuhcoatl were just the descendants of the Xiuhcoatl King, even if they were to use their talents, their combat power would only be around 50,000!

They were defenseless against this white Wind Blade reinforced with the Wind Celestial Event!

It was like a gigantic scythe that announcing their death sentence!

Zing!

The white blade of wind severed the Xiuhcoatl that were within 30 meters like they were tofu.

Some of them into halves and some of them into chunks!

There were about a dozen of them, none of which were spared!

Hiss... Hiss...

Shrill screams pierced the air.

The Xiuhcoatl did not die immediately, the blood from their dismembered body painted the ground underneath them.

Chen Xiaobei walked on the crimson path he had cleared past the flanks of Xiuhcoatl that were standing stock still, too afraid to move.

"How is that possible... When did this kid become so strong..."

The surviving Xiuhcoatl watched Chen Xiaobei walk past them in terror.

What they had just witnessed shook them to the core.

What human being could have done that?

Whoever dared to stand in Chen Xiaobei's way right now would be a fool.

As soon as Chen Xiaobei walked on the 30 meters long bloody path, the Xiuhcoatl behind him rushed into the gigantic cave.

"Your Highness! Save us! The kid whose life you had just spared killed a dozen of our brothers!"

"Your Highness! You must do something! My king, why aren't you talking..."

"The king... The king is dead... He's dead..."

Harrowing cries echoed from inside the cave.

The Xiuhcoatl were mourning their king, the one who was supposed to be invincible, but now they know better.

Chen Xiaobei kept walking, absorbing the blood essence of all the dead Xiuhcoatl into the Chaos Blood Sword.

The Dark Neutron used up too much lifespan. Chen Xiaobei would never use it again unless it was the last resort.

With the newly gained power, each of the Chaos Blood Sword's attack was 120,000 combat power. He could even defeat Phantom Rain.

"Chen Yasai! Just you wait!"

Chen Xiaobei was determined to pay Phantom Rain back for what she did to him.

As he reached the opening of the cave, the Xiuhcoatl standing near his path retreated and made way for Chen Xiaobei. Their groveling posture looked like they were worshiping him!

They understood the fact that Chen Xiaobei chose to leave the place was an act of mercy, sparing their lives.

All Chen Xiaobei needed was to spend a few more minutes to wipe the entire nest out!

Outside the cave.

Chen Xiaobei stowed No.8 Luban away and then used the portal to return to the seabed with Qie Loulan.

All the battle jets and warships had left.

It was obvious that Nikkawa Uchu and the others believed that Chen Xiaobei would never be able to return alive. There was no need, even, to fish around for his body. Chen Xiaobei then swam to the surface, summoned the Somersault Cloud, and returned to the forest near the shore. He was not in a hurry so he cruised along on the cloud, sitting crossed legged and he took out his phone.

Yanwang had urged Chen Xiaobei to discuss some matters in the brotherhood chat group once he was done with whatever he needed to do.

Chen Xiaobei: Brothers! I'm here! What is it that you want to talk about? Let's get straight into it then!

Yanwang: Hurry up! We want to talk about Jiang Ziya!

Chen Xiaobei: Jiang Ziya? Why? What happened to him?

Xiao Tianquan: Based on my understanding, Jiang Ziya's Three Realms Mission was different from the others. He must gather one million disciples within a month or he will be punished.

Chen Xiaobei: That's right! I have already helped Jiang Ziya's to recruit enough disciple for his mission! And he had promised that he would help me get the Saturn Peach in the Saturn Peach Feast! But things went smoothly. Shen Gongpao did not mention anything about it, so I didn't either.

Chang'e: The truth is, Jiang Ziya had been helping you out secretly! I found out from Goddess Zixia that Jiang Ziya sent a personal message to the Queen Mother. That was the only reason why the Queen Mother was willing to admit that your gift was delicious!

Chen Xiaobei: Oh? Is that true? Are you sure you got your facts right?

Chang'e: Of course, it's true! Don't forget that before Jade Emperor and the Queen Mother ruled heaven, they were just a girl and a boy that served the Primordial Lord of Heaven!

Chang'e: Without Jiang Ziya's private message, the Jade Emperor and Queen Mother, would have went along with Shen Gongpao and denied your present! They won't even give you the 9,000 years-old Saturn Peach!

Chen Xiaobei: Aw! Who would've known that Old Man Jiang would be so loyal? I made the right decision not giving him the Heavenly Dog Biscuit!

Yanwang: Don't get too excited just yet! We have not gotten to the main point yet!

Red Envelope Group of the Three Realms

Chapter 1068: The Loyal Jiang Ziya

Chen Xiaobei: Main point? Does Jiang Ziya have a different motive for helping me? Is he conspiring against me?

Yanwang: He let you eat the 9,000 years-old Saturn Peach, what conspiracy is that? Jiang Ziya is sincere!

Chang'e: But something bad happened after he helped you! Goddess Zixia told me that both the Jade Emperor and Queen Mother were called in to Kunlun's Domain of Purity, that is where the Primordial Lord of Heaven cultivates himself! They returned black-faced; they had obviously been reprimanded!

Xiao Tianquan: More importantly, Shen Gongpao came to the house looking for God Erlang!

Chen Xiaobei: Why would he be looking for God Erlang?

Xiao Tianquan: Don't you know? The Twelve Golden Deities of Chanism, Yuding Zhenren is God Erlang's Sifu! Shen Gongpao had obviously come to discuss a plot!

Chen Xiaobei: What was it? Don't you know?

Xiao Tianquan: I don't know. I was asked to leave the room during the discussion. When I asked him afterward, God Erlang refused to tell me anything!

Chen Xiaobei: Are you guys worried that Shen Gongpao is working with God Erlang to challenge me?

Xiao Tianquan: Yup! God Erlang is my master and you are my good friend. I don't wish for anything to come between the two of you!

Chen Xiaobei: Alright. I know what I have to do—I'll go back and talk to Jiang Ziya first! Whatever it is that Shen Gongpao has planned won't be executed just yet. We still have time to get ready!

Yanwang: We just wanted to give you a heads up! Monkey King has gone to acquire more information about it for you. It shouldn't be a big problem!

Chen Xiaobei: Thank you so much, everyone! You care for me even at a time like this! Please thank Monkey King for me!

After the short discussion, Chen Xiaobei had a whole new perspective of things.

Primordial Lord of Heaven had always regarded Jiang Ziya as his most esteemed disciple! You could say he was his golden boy! But during the Saturn Peach Festival, Jiang Ziya secretly helped Chen Xiaobei get the 9,000 years-old Saturn Peach! That was an act of betrayal toward Chanism and the Primordial Lord of Heaven! It goes without saying that the Primordial Lord of Heaven was livid when he found out!

Revenge was served!

This was not just about getting even with Chen Xiaobei, this was also about getting back at Jiang Ziya! Chen Xiaobei was in a blind about this but luckily for him, he had his loyal brothers from the brotherhood to warn him! Everything was still inconclusive as of now, but at least Chen Xiaobei would not be caught on the hop.

When he returned to the forest, everyone else was still in hiding there.

"Bro Bei! You're finally back!" Tanaka Tsuyoshi and Cang Jingu were jumping up and down with excitement.

"How's the progress? Did you get what we were looking for?" Li Xiang asked anxiously.

"No!" Chen Xiaobei shook his head and said, "I got the brocade box but the thing inside is a key to another treasury!"

Li Xiang sighed, disappointed.

"Then there's only one target left on our list—The Divine Sovereign Sect! They are monolithic, almost impenetrable! One wrong move and we are done for!"

There was a glimmer in Chen Xiaobei's eyes as he said, "Don't worry! I am making preparations to confront the Divine Sovereign Sect!"

Demonic Fox's wedding was in four days!

No matter what, Chen Xiaobei must infiltrate the Divine Sovereign Sect and find out the truth.

"Do you have any plans? Tell me!" Li Xiang pressed.

"I haven't had a chance to think about it yet. I'll set it aside for now. I have things I need to discuss with Elder Jiang first," Chen Xiaobei replied.

"Alright." Li Xiang nodded judiciously, and went to join Tanaka Tsuyoshi and Cang Jingu, leaving Chen Xiaobei to talk to Jiang Ziya and Six Ear Macaque,

"What is it? You have something you want to ask me?"

Jiang Ziya grinned confidently.

Chen Xiaobei smiled back at him and said, "Who would've thought that you would help me at such a critical time! Since when did your conscience catch up with you?"

"You helped me attract so many disciples and I had said that I would help you in return!" Jiang Ziya said.

"Don't you know the consequences of doing that? Why would you take such a risk?" Chen Xiaobei asked again.

"That's because I'm a man with a deep sense of obligation! I wanted to repay your kindness, not only for helping with my mission but also to for saving my life!" Jiang Ziya said introspectively. "Six Ear Macaque told me that you went to Shallow Grass Hill to collect the gift that afternoon. Even though you knew that you would be surrounded by your enemies, you still went on your own anyway! Instead of asking him to save you, you sent Six Ear Macaque to save me! I must return the favor!"

Six Ear Macaque nodded and said, "The situation that day was dicey! If I hadn't come on time, Elder Jiang would've fallen into the hands of the enemy and tortured! He might even be dead by now!"

Chen Xiaobei nodded and beamed, "People who know to express their gratitude are usually decent people. It looks like there's a chance we could become friends!"

"Whoa! Hold on there!" Jiang Ziya shook his head and said, "I will never become your friend! Once I've repaid your kindness, I'm no longer indebted to you!"

"Oh? Are you saying that we are still enemies?"

Chen Xiaobei chuckled.

Jiang Ziya said, "The number of disciples I have has already exceeded three million! I've already accomplished my mission and I can finally go back to heaven! The Primordial Lord of Heaven will not use me for any important work anymore! So, from now on, we are neither friends nor enemies!"

"Old man, you really are a man of loyalty, aren't you? You are even willing to sacrifice your future to repay my kindness!" Chen Xiaobei's smile turned grim. "Since you are so dutiful, let me just lay the cards on the table: You will not be able to return to the heavenly realm!"

"What do you mean?" Jiang Ziya queried. "The condition of the Three Realms Mission was to get three million disciples. I've already achieved that. So, why can't I go back?"

Chen Xiaobei explained, "You helping me during the Saturn Peach Fest angered the Primordial Lord of Heaven! Don't you know that? After the fest, both the Jade Emperor and Queen Mother were summoned to the Kunlun's Domain of Purity and were berated!"

"No way..." Jiang Ziya's face fell and he muttered, "Queen Mother owed me, big time. It shouldn't be a problem even if she gave away a 9,000 years-old Saturn Peach without reason! In fact, your gift deserved to be placed first! The Primordial Lord of Heaven might be angry, but why would he purposely summon Jade Emperor and Queen Mother just to lambaste them over something so trivial? You must be messing with me! Things are not as severe as you say it is!"

Jiang Ziya swung his head back and forth in denial.

He had already mentally prepared himself to live like an exile when he returned to the heavenly realm, never to be used again!

He refused to believe that such a small issue would snowball into something so dire!

"I'm not messing with you!" Chen Xiaobei said honestly, "Six Ears, give Jiang Ziya his phone back so that he can contact the people he trusts!"

"Here!" Six Ear Macaque took out Jiang Ziya's phone.

"Okay! Let me ask Lei Zhenzi!" Jiang Ziya took back his phone.

[Red Envelope Group of the Three Realms](#)

Chapter 1069: Professor Lin's Research Result

After a while, Chen Xiaobei asked, "So?"

Jiang Ziya put down his phone, looking like he was about to throw up.

"Lei Zhenzi confirmed that things are exactly as you said..."

Chen Xiaobei said, "You have to accept that you are never going back to the heavenly realm! You might want to consider sticking with me!"

"No, even if the Primordial Lord of Heaven is angry and reprimanded Queen Mother, it doesn't necessarily mean that I won't be able to return!" Jiang Ziya said, "I've already geared myself to go back and ask for forgiveness. Unless the Primordial Lord of Heaven kicks me out of the Chanism, I will never betray my faction!"

Chen Xiaobei nodded and said, "I like people who are loyal and I will respect your decision! Only time will tell how things will pan out! Before you get your confirmation, I will protect you!"

"There's no need for that!" Jiang Ziya said, "You only need to send me back to China! What danger would I be in? I don't have any enemies."

"Sometimes, danger comes from your own people!" Chen Xiaobei warned.

"That's impossible! No matter how angry the Primordial Lord of Heaven is, he is still my Sifu!" Jiang Ziya was adamant. "The worst that could happen is that I get kicked out! There is no way there would be any sort of retaliation! Don't try to sow any discord between us! I will not fall for it!"

"Let me say something!" Six Ear Macaque pursed his lips and said, "Based on Chanism's nature, they would be more than willing to kill their own subordinates!"

"You stupid monkey! You just asking to be beaten up aren't you?" Jiang Ziya barked.

"Hehe! As a matter of fact, I am! Come on then, show me what you've got!" Six Ear Macaque said nonchalantly, "Don't forget that you don't have your Deity Lashing Whip with you right now. You are just an ordinary person!"

"So, what if I don't have the Deity Lashing Whip? I won't allow you to slander Chanism's name! Or else, I will have to teach you a lesson!" Jiang Ziya was riled up. He refused to believe that his own faction would do such a thing to their own people!

"Alright! Elder Jiang! Don't you say another word! We'll stop it here!" Chen Xiaobei looked thoughtful. "I am also just assuming. No one knows exactly how things will turn out!"

"At least you know a little bit about humility! Or else, you would've been given a good beating! How can I not know my Sifu?" Jiang Ziya harrumphed, rolling up his sleeves.

"Jiang Ziya really is a stubborn chump!" Six Ear Macaque rasped, "He didn't even think about all those things that his Chanism did! Just because the Primordial Lord of Heaven bullshit about benevolence and morality doesn't mean that they really practice it!"

"As a long road tests the strength of a horse, so time reveals a person's true heart! Sooner or later, the truth will be unveiled!" Chen Xiaobei said, "Don't you go and pick a fight with Elder Jiang! We should be protecting him!"

Six Ear Macaque nodded and said, "I understand. You want to take him under your wing, right? I will watch over him!"

"That's good." Chen Xiaobei said, relieved.

"Do you need me to do anything else? Like badger Elder Jiang?" Six Ear Macaque licked his lips.

"No." Chen Xiaobei chuckled, as if he knew something. "Like you said, Chanism's true nature. We won't have to do anything. They will force Jiang Ziya out themselves!"

Six Ear Macaque laughed in his heart and said nothing more about it.

"Alright! I will have to leave again. Call me if there's any problem!"

As he spoke, Chen Xiaobei summoned the Somersault Cloud.

"Xiaobei!"

Seeing that Chen Xiaobei was about to leave, Li Xiang quickly ran over and asked, "It's so late already, where are you going? We still haven't discussed our plans in detail yet!"

"You don't know anything about the Divine Sovereign Sect, so, I will have to figure this out on my own. Don't worry. I will make sure I do what I promised you."

Chen Xiaobei assured, then disappeared into the dark skies on the Somersault Cloud.

.....

In the Imperial Household Agency Hospital.

A few minutes ago, White Tiger Enigmatic Ninja was sent here, straight into the operating room.

Outside the ward, Phantom Rain and her men were finally able to breathe.

"Today was too dangerous! White Tiger is really lucky, he only had a brush with death. Black Tortoise will never be able to come back..."

Phoenix Enigmatic leaned against the wall, pale-faced and dismal.

"You can say that again." Green Dragon Enigmatic Ninja let out a long sigh. "If we haven't seen it with our own eyes, who would've imagined that there is such a formidable creature here on earth!"

"Now is not the time to talk about that!" Nikkawa Uchu snapped. "Chen Xiaobei is dead. The Poseidon Operation fell flat and now we won't be able to get our hands on Professor Lin's research result. How am I supposed to explain myself to the Americans?"

Phoenix Enigmatic Ninja retorted, "So what? The most they would do is put up more economy sanctions! It's nothing as grievous as our Tenshou's Four Enigmatic Ninja losing one member and the other mutilated!"

"Hmph! You still don't know, do you?" Nikkawa Uchu retorted, "Your Master Phantom Rain is an American's S.H.I.E.L.D agent! She was in charge of catching Chen Xiaobei! Now that Chen Xiaobei is dead, she will be interrogated and either punished or convicted!"

"Is... Is that true?"

Phoenix Enigmatic Ninja looked back and forth at Phantom Rain and Green Dragon Enigmatic Ninja.

"That's true..." Green Dragon admitted. "This was a secret mission involving the American's state secret! The security clearance stops at my level! Operation Poseidon was actually the Americans' master plan!"

"But why?" Phoenix Enigmatic Ninja was trying to wrap his around all this new information. "The US Navy dominates the four seas, has ten fleets of the world's best carrier battle group, and boasts of a multitude of allies. Why would they need Operation Poseidon?"

"You don't know..." Green Dragon Ninja shook his head and said, "The Chinese Navy has advanced almost overnight. They already have two Aircraft Carrier in possession and are on their way to building three more! If Professor Lim's research is successful, I'm afraid that the throne of the Ocean Ruler will change hands!"

"Is Professor Lim's research really that powerful?"

Phoenix Enigmatic Ninja seemed a little hesitant.

Nikkawa Uchu said, Professor Lim is researching a super material, that is undetected by radar! Once applied to warships, submarines and fighter jets, they would be 'invisible'! Think about it, in complete stealth mode, by then we were able to spot their ships, they would already have reached out front doors! Tell me that's not powerful!"

Phoenix Enigmatic stood stunned as he digested the facts.

That would be the quintessence of stealth technology!

Their enemies would be caught with their pants down!

No wonder the Americans want in on it!

"Needless to say, Chen Xiaobei's death meant that the failure of Operation Poseidon. That is my responsibility. I will return to the S.H.I.E.L.D to ask for forgiveness!" Phantom Rain finally spoke, "But, Nikkawa Uchu, what you really need to think about is, could you bear your responsibility toward the Tenshou?"

[Red Envelope Group of the Three Realms](#)

Chapter 1070: Return Back the Thing That I Owe You

"What... What do you mean? I have to bear the responsibility?"

Nikkawa Uchu's face was drained of color.

"Heh, a mighty emperor such as yourself should not try to act dumb." Phantom Rain said, "I may be a US S.H.I.E.L.D agent but I'm Tenshou God's closest disciple as well! If you are unable to honor the deal between you and my Sifu, you will lose that chance forever!"

"I..."

Nikkawa Uchu's face turned a sickly green.

Green Dragon was also aware of this deal. "Your highness, I don't think you should tell the Americans about Chen Xiaobei's death! If we keep quiet then no one will be none the wiser!"

"Yeah!" Phoenix Enigmatic Ninja said. "What's more important now is for the crown prince to recover in time for the wedding."

Nikkawa Uchu thought for a while and then said, "Alright! I will not divulge Chen Xiaobei's death. But you must help me figure out a way to get the wedding going or I will bring you down with me!"

Ding ring ring!

Phantom Rain was about to reject the call when she saw the words 'Grandfather' on the screen.

They exchanged a few words after which Phantom Rain immediately took her leave.

"Something came up at home. I need to go back."

"Wait!" Nikkawa Uchu quickly stopped her. "How could you possibly care about other things right now?"

"My grandfather raised me. I can abandon anything else but my grandfather!"

Phantom Rain picked up the Dragon's Edge and left the hospital.

"It's so late already. What could possibly be so urgent at this hour?" Phoenix Enigmatic Ninja wondered.

Nikkawa Uchu gave it a thought and reached a decision. "The both you, go after her! I will dispatch my troops!"

"What are you saying?" Green Dragon Enigmatic Ninja was not pleased to hear that. "What? Do you suspect Master Phantom Rain?"

"Green Dragon, calm down! Don't you think it's strange that she was insistent on going back?" Nikkawa Uchu explained. "This is a matter of urgency. We'll have to be very careful. We can't trust anyone but we'll make sure it is carefully verified. If my suspicions are wrong, we'll take it back. There's no harm in that! Right?"

"Green Dragon, the emperor does have a point!" Phoenix said, "Don't forget that Master Phantom Rain has quite a distinctive rank! We have to be cautious! Remember that if the God Emperor had not poisoned her.", Phantom Rain would not have agreed to join our Tenshou!"

Green Dragon Enigmatic Ninja frowned. "Only Uzuishi Akaihi knows this. He had been keeping his mouth shut for more than ten years already; there's no way he'd spill the beans now!" Phoenix Enigmatic Ninja said. "This is a critical time! That old man knows that revealing this secret would put a stop to our plans! Who knows? He might have blurted it out!"

"That's not good!" Green Dragon Enigmatic Ninja had a sudden change of mind. "Phoenix, let's go! Your highness, go and get ready. Wait for our signal before you make a move!"

.....

Back at Shallow Grass Temple.

Phantom Rain stepped through the temple door, set the Dragon's Edge aside, and took off her shoes.

"Where's grandfather? He asked me to come home but he disappeared..."

Phantom Rain circled the main hall and the front court then headed to the back garden.

Even though it was already in the wee hours of the morning, the old-fashioned old man would not allow his granddaughter to enter his bedroom.

The garden is the last place left.

The soft grass covered the ground like a carpet of feathers, velvety and spruced.

A 100-year-old Sakura tree was in full blossom, resembling a large pink umbrella under the pale moonlight, emitting a faint pink glow, filling the air with a romantic ambiance.

This was the perfect setting for couples to meet, and share the secrets of their hearts.

But Phantom Rain held her head in her hands, kneeling on the ground in agony.

"Argh... What is happening... Why is this golden Circlet still... ah... it hurts..."

The Circlet on her head glowed a bright gold and sent a shooting pain through her temple.

"Could... Could Chen Xiaobei still be alive? Argh... that's impossible... How could he possibly have survived the Xiuhcoatl King? Shit... Arghh... God..."

The poor girl felt as if her head was going to explode.

As she hunched over the ground, hugging herself, a tangle of emotions coursed through her mind.

It was her job to bring Chen Xiaobei back alive. But when she thought about how he handed her the black sword, and fought the Xiuhcoatl off on his own, she felt a stab of pain in her heart. She understood that that young man recognized her as his friend!

Either way, she did not want Chen Xiaobei to die.

But the Xiuhcoatl King was too powerful.

If it had continued its attack for another half a minute, the five of them, Phantom Rain, Nikkawa Uchu, and the other Enigmatic Ninjas would have perished in that hellhole!

How could Chen Xiaobei have fended against the Xiuhcoatl on his own?

Even with the Golden Circlet tightening around her head, Phantom Rain dared not allow herself to believe that he was still alive!

But she would never be able to forget what she saw next!

"Chen Yasai! You didn't think we'd meet again, did you?"

A familiar voice came from behind her and it did not sound friendly!

"Chen Xiaobei? Is that you? Ah..."

She had just turned around when two large, rough hands pushed her down and pinned her onto the grass.

"That's right! It's me!"

Chen Xiaobei had his hands around Phantom Rain's snow-white neck, sitting on top of her, gazing down at her.

"You... You are alive..."

Phantom Rain gazed up at him, incredulous. Her heart was somersaulting, as it flooded with a plethora of emotions.

Her head was spinning and she seemed to have forgotten how close their bodies were.

"Heh! Of course, I'm alive! In fact, I'm very good, thank you!"

Chen Xiaobei leaned closer to her, his dark eyes frosty and said, "Do you how I'm going to repay you?"

"Repay me?" Phantom Rain flinched. "Where is my grandfather? What did you do to him?"

"Don't worry! I am a person who understands the difference between kindness and hatred. Your grandfather is sleeping soundly in his room!" Chen Xiaobei used True Sound and spoke in Uzuishi Akaihi's voice.

"How... How is this possible..." Phantom Rain stared up at him. "That was you on the phone?"

"Shut up! it's time you get paid for betraying me!" Chen Xiaobei's tone was frigid.

"If I tell you that I didn't sell you out, would you believe me?" Phantom Rain knitted her brows together. Even though Chen Xiaobei was the enemy, she still wanted to clear this misunderstanding between them.

"Why don't you tell me?" Chen Xiaobei asked her back.

"You don't!" Phantom Rain suddenly exerted a force and freed both her hands from his grip.

But she did not strike back or get up. She remained lying on the ground, and started pull open her clothes, revealing her soft, full mounds.

"What... What are you doing..." Chen Xiaobei started to sweat. He did not expect this,

Their lower bodies pressed against each other, her feminine scent tickled his nose, and the sight of her ripe melons... He felt a desperate hunger fill him.

"I'm returning what I owe you!" Phantom Rain said coldly.
