#### Chapter 1071: Assault at Nigh

"No... Er... Put your clothes back on... We can talk about this..." Chen Xiaobei had to fight the urge.

His initial plan was to pretend to be the bad guy, mess with her for a bit until she begged for forgiveness and then he would forgive her like the generous guy he was.

But this girl did not follow the script.

"Didn't you want this? I gave you my flesh but you won't bite! What kind of man are you?"

Phantom Rain's expression could freeze the desert.

She wanted to catch Chen Xiaobei but she had no intention of double crossing him. Feeling guilty, she was ready to compensate him.

"Are you insisting that I have a taste of you?" Chen Xiaobei was still on top of her and his gaze kept returning to the forbidden fruits.

"That's right! You can do whatever you want! Just take it as me paying you back what I owe you! After this, we are done!"

Phantom Rain glared at Chen Xiaobei and continued, "Hurry up! There's a beautiful naked woman under you but you do nothing! Don't tell me you're a eunuch!"

"I..."

Chen Xiaobei felt a little insulted. Even though he had pushed her down, he felt as if he was being pinned down!

This woman said that he was not a man and then suggested that he was eunuch?

How could any man swallow these insults?

Chen Xiaobei felt an anger surge through him, thinking to himself, in for a penny, in for a pound; act first, talk later!

But he could not do it.

If Phantom Rain really was just another enemy, Chen Xiaobei would not have shown her any ounce of justice and gentleness.

But she could be the reincarnated Daji!

Chen Xiaobei could not not suppress his inner beast.

"I won't do it. I just want to know if you are the person I'm looking for!"

As he was talking, Chen Xiaobei's palm hovered above her perky breasts.

"Tsk! You say you won't but your body is honest!"

Phantom Rain's face darkened, secretly channeling her True Qi to give Chen Xiaobei the slap he deserved.

She was just taunting him; she would never surrender her innocence to a pervert like him.

If Chen Xiaobei had not touched her, her impression of Chen Xiaobei would improve greatly.

But if Chen Xiaobei revealed that he was a twisted son of a bitch, she would show him no mercy.

"Why don't you do it yourself..."

Chen Xiaobei withdrew his hand and said, "Transfer your own True Qi into your chest. A 'birthmark' will appear if you are the person I'm looking for!"

"You..."

This was completely unforeseen!

And just like that, in Phantom Rain's heart, Chen Xiaobei turned from a pervert into a good, principled man.

He had also protected her from the Xihcoatl.

All these positive feelings towards Chen Xiaobei eradicated a whole lot of her animosity towards Chen Xiaobei.

"It looks like you really were not trying to take advantage of me. Alright, I'll cooperate this time..."

Phantom Rain's voice softened.

She raised a hand and did as Chen Xiaobei told.

Swish!

But right at that moment, an abrupt and deadly red fiery True Kang, roughly around 85,000 combat power, shot through the dark skies and was headed straight for Chen Xiaobei's Dantian!

The person who had attacked clearly did not want to kill Chen Xiaobei but to destroy his cultivation.

"Heh." Chen Xiaobei chuckled, knowing what the attacker was counting on doing.

Previously, Chen Xiaobei would not have been able to duck the attack but today, Chen Xiaobei just could not be bothered to hide! He channeled his True Qi and was about to counterattack.

"Be careful!"

Phantom Rain did not know what had happened to Chen Xiaobei's cultivation. Instinctively, she went and protected Chen Xiaobei because she had grown fond of him. Immediately, Phantom Rain grabbed him by the collar and covered him under her chest. With 110,000 cultivation, she was, by far, way more powerful than Chen Xiaobei.

She held his head in one hand and rolled the both of them away, helping Chen Xiaobei evade that fiery True Kang.

Chen Xiaobei was this close to bleeding from his nose.

"You bastard! Bloody pervert..."

Phantom Rain blushed. She had accidentally let Chen Xiaobei take advantage of her again!

But she stopped mid-sentence. Her voice grew weaker and her face ashen.

"Are you alright?"

Chen Xiaobei immediately looked up and saw a blood oozing from her waist and her bone was showing!

She was so focused on protecting Chen Xiaobei failed to use True Kang to protect herself.

Chen Xiaobei quickly took out a few bottles of Hundred Herbs Potion, and poured them onto her wound. While it had successfully stopped the bleeding, maybe it was because Phantom Rain's health was too strong, the recovery of her muscle and skin was slower it should have been.

According to the description, Hundred Herbs Potion's medicinal effect was actually pretty ordinary. With that being said, it could be considered as the most generic medicine in the heavenly realm!

And because the deities' health were much stronger than the regular joe, they would need stronger medication in order to recover faster. Phantom Rain's health was obviously at that level. That's why it was normal that the Hundred Herbs Potion was not as effective on her.

"Don't worry about me... Hurry, leave... They are here... You're screwed if you don't go now..."

Phantom Rain begged Chen Xiaobei to leave, completely unconcerned of her own injuries.

"I won't go!"

Chen Xiaobei took out a Taiyi Life Enhancement Pill, crushed it and sprinkled it onto her open wound.

This time, her wound recovered at almost triple the speed.

Chen Xiaobei had not anticipated that Phantom Rain would sacrifice her life for him.

It seemed that she had accepted him as a friend!

"If I leave now, you'd be arrested as a traitor!"

Chen Xiaobei understood that the people who had attacked them belonged to the Tenshou.

"Heh, Chen Xiaobei, you are so naïve! Even if you don't go, she is already considered a renegade! In fact, who said you can leave?"

From the darkness came Phoenix and Green Dragon Enigmatic Dragon, their eyes glued on Chen Xiaobei.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1072: More Secrets Were Revealed**

"How long have you been here?" Phantom Rain asked, realizing the gravity of the situation.

"Hehe, we came early!" Phoenix Enigmatic Ninja leered. "You guys were rolling on the ground, and you opened your own shirt and begged Chen Xiaobei to touch you. Hell, you even took the bullet for Chen Xiaobei! We saw all that! Heh! You traitor!"

"Bullshit!" Phantom Rain got all worked up and tried to push herself off the ground but the injury to her waist had yet to fully recover.

The searing pain made her sit back down and resort to pointing a finger at Phoenix, scolding him, "Since when was I rolling on the ground? When was it that I asked Chen Xiaobei to touch me? Phoenix, watch what you say! Green Dragon also saw what happened!"

"Green Dragon? Hehe, do you think that Green Dragon will speak good of you? How naive!" Phoenix Enigmatic Ninja laughed.

"Green Dragon!" Phantom Rain said grimly, "You have always been honest and upright. I'm not asking you to speak well of me. I'm just asking you to tell the truth!"

Green Dragon smiled coldly. "The truth is just as Phoenix said. I even took pictures with my phone. I managed to capture the moment you tore your shirt open. Do you want to take a look? Hehe..."

"You..."

Phantom Rain turned as white as a sheet.

She could not believe that the usually upstanding and obedient Green Dragon would turn on her like that.

They always say that the quiet ones are the dangerous ones!

If they show Tenshou God the picture, Phantom Rain knows that she would never be able to convince him otherwise!

Chen Xiaobei did not intervene; he remained cautious. He knew that hypocrites like Phoenix and Green Dragon were the worst!

"Since you've already got the picture, are you here to kill me then take the picture back to Tenshou Island so that you can be rewarded?"

Phantom Rain was no fool. She knew what these two were up to.

Chen Xiaobei remained quiet.

He knew that right now, both Enigmatic Ninjas were enjoying this very much, so much so that they might let slip and say things they would normally not have the guts to.

"Hehe, well, I guess there's no need for us to keep pretending." Phoenix smiled. "We have always wanted to kill you! This was the perfect opportunity to that, so why would we miss it?"

"Why do you want that? To take my place?" Phantom Rain asked.

"Of course!" Green Dragon Enigmatic Ninja laid the truth bare. "You were only able to achieve later phase of Celestial Cultivation because you are the best prodigy. Also, the Tenshou God had given you

'special lessons and training'! If we are being completely honest here, we don't want your position. We have no interest in it at all!" Green Dragon Enigmatic Ninja said. "But only someone in your position could receive that special training you got. What we're really after is the challenge! We want to beat someone as powerful as you! It will give us a good sense of achievement!"

Chen Xiaobei's eyes lit up at this.

These two had just confirmed his suspicions.

Phantom Rain's cultivation was so extraordinary because of an extraordinary opportunity. Its highly probable that like the Prime of Tongtian said, that the reincarnated Daji would unveil a brand new path for him.

Chen Xiaobei was now more certain than ever that Phantom Rain was the reincarnated Daji.

When he thought about how Phantom Rain had protected him, he made a decision to make Phoenix and Green Dragon suffer!

But this was not the time yet. There two might reveal other more important information.

"Let me tell you something: the place that Tenshou God brought me is not a place anyone can just go to! You better forget about this and I will also pretend like nothing happened today!" Phantom Rain said.

"Heh! Who are you lying to? If Nikkawa Uchu can go there, why can't we?" Phoenix Enigmatic Ninja insisted. "We all know that the crown prince's wedding was just a bargaining chip! Nikkawa Uchu has passed the royalty's power and military all to your Shixiong, Emperor God in exchange for a chance to go to that place. The Tenshou God also promised that he will bring Nikkawa once the wedding is over! Killing you might win us a free ticket there! Haha..." Green Dragon burst out in laughter like a person who had just won the lottery.

This was big news.

Even Chen Xiaobei was stunned.

First, it was about the deal of the wedding.

Chen Xiaobei did not expect Nikkawa Uchu to set aside his political and military power as Emperor, and even used his son to exchange for a chance to go to that special place and get the same opportunity Phantom Rain had.

And Demonic Fox, the Holy Lady of Divine Sovereign Sect became the bridge of this transaction. After that, they would use her as their puppet to control the country! The person who would suffer most was also the most innocent victim!

Since Emperor God was Phantom Rain's Shixiong, they both would share the same Sifu!

Demonic Fox had said that the person she wants to revenge on was the Emperor God's Sifu, who also happened to be the demigod, Tenshou God!

The moment the wedding was over, Tenshou God would head to that special place!

Where was this special place?

That a young woman such as Phantom Rain had achieved something that an ordinary human being could never achieve! This had even caused Nikkawa Uchu to give up his country and family!

As Chen Xiaobei thought about these things, he was shocked beyond words. He would never know all these things if he was not placed in such life-threatening situation.

"Phantom Rain, we've said more than enough! It's time for you to say goodbye!"

A red fiery True Kang that looked like a sword formed in Phoenix Enigmatic Ninja's hand as he charged toward Phantom Rain.

"Chen Xiaobei! Leave! I will take care of my own problem!"

There was no doubt in her mind that both of these Enigmatic Ninjas were possessed with deep desire to end her. But even so, she was still all about keeping Chen Xiaobei from harm.

"I'm not leaving." Chen Xiaobei shrugged and said breezily, "They said it already. The both of us have legs. So, why would I abandon my own woman?"

"Are you crazy?" Phantom Rain panicked. "Are you going to die with me then?"

A sinister smile spread across Chen Xiaobei's face. "If my body should perish, girls I'll still cherish!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1073: I'm Celestial Cultivated Too**

"Die! You stupid pervert!"

Phantom Rain blushed as she scrambled to pull her kimono together. She wished that Green Dragon and Phoenix would just kill Chen Xiaobei already.

"The both of you really should be at the Oscars!" Green Dragon Enigmatic Ninja said. "You're still trying to pull that damsel in distress crap? How overrated! You should know that you are not powerful enough to defeat us!"

"How do you know I'm overrated? What if I've come prepared?"

Chen Xiaobei was not perturbed. He almost wanted to laugh.

He was very much well-equipped to fight against the four Enigmatic Ninjas. But it would require a lot of planning and thinking, and paying a huge price for it.

But right now, there were only two of them. Chen Xiaobei did not even have to use his trump card! His pure strength was more than enough to make them surrender to him.

No one else other than himself knew about Chen Xiaobei's transformation. But even if he were to divulge it, no one would believe him.

"You came ready? Who are you trying to scare? Do we look like we're dumb to you?" Phoenix Enigmatic Ninja said, his tone contemptuous, "You're trying to play the hero with that rubbish cultivation of yours? Save it! When we're done with her, we'll make sure to take good care of you and bring you back to Tenshou Island! By that time, we will be rewarded abundantly!"

"If I tell you that my cultivation is higher than yours, would you believe it?" Chen Xiaobei flashed them a half-smile.

"What? Higher than mine? Hahaha... That is the funniest joke I've ever heard!" Phoenix let out a laugh. "Why don't we ask Phantom Rain if she believes you? Why don't you just say that your cultivation is the top of the world? Stop trying to bluff! Even a retard won't believe that!"

He was right. Even Phantom Rain did not believe him. "Chen Xiaobei! Now is not the time to joke around! If you don't leave before Nikkawa Uchu comes, even God won't be able to save you!"

"Hehe, I'll be very disappointed if he doesn't come!"

Chen Xiaobei winked and said, "I've prepared something delicious for him but I haven't had a chance to let him have a taste.

"You..." Phantom Rain was so mad she was lost for words.

Here she was worrying her head off but this jerk wanted Nikkawa Uchu to show up so that he could let him taste some dish he prepared?!

Phantom Rain even started to wonder if the seawater had entered his brain when he went diving in the deep sea.

"Stop talking nonsense!" Green Dragon said, "Phoenix, attack! We can't let her talk to Nikkawa Uchu! It might complicate things!"

"Roger that!"

Phoenix Enigmatic Ninja licked his lips, the Fire True Kang reappeared in his hand as he lunged towards Phantom Rain.

"Chen Xiaobei! Leave now! My injury is too severe. I can only fight them off for 3 minutes!"

Phantom Rain gritted her teeth and willed herself to stand up.

The wound that had yet fully recovered tore open and blood poured out. If she were to fight with them, it would only worsen!

"Stop struggling! We saw that the injury we inflicted is very near your Dantian! You don't even have the energy to stand up! It looks like your veins are wounded as well!" Phoenix narrowed his eyes and grinned. "If I'm not mistaken, you can't even utilize 30% of your combat power! Green Dragon and I will not dare to approach you if you were not hurt!"

The Enigmatic Ninjas had made sure that Phantom Rain was sufficiently injured before they came out and announced their evil intent for her.

Phantom Rain said nothing back because that was the truth. It would just be a waste of breath.

Instead, she lowered her voice and said, "Chen Xiaobei! Did you hear that? You'll die if you stay! Leave while I'm still standing!"

"Stop building castles in the cloud! He can't leave!"

Phoenix Enigmatic Ninja looked like a wolf eyeing its prey's neck, fangs barred and ready to kill.

"Do me a favor and die!"

Along with the loud shout, Phoenix Enigmatic Ninja swung the fiery combat saber. It was so hot that that the water particle in the air was evaporated by it. Seemingly, the fiery combat saber was going to turn everything in the world to ashes.

"Chen Xiaobei!!!"

Phantom Rain raised her hands to block it but Chen Xiaobei beat her to it.

"You idiot! Are you insane? If you want to die, this is not the way to do it!"

Filled with murderous intent, Phoenix Enigmatic Ninja wanted to slash Chen Xiaobei to death with his weapon.

"Phoenix! Hold back! We need him alive!" Green Dragon reminded.

"I know! We must be gentle with this ant or we'll accidentally crush it!" Phoenix Enigmatic Ninja spat.

In order to make sure that Chen Xiaobei stayed alive after the battle, Phoenix Enigmatic Ninja disarmed his Fire Celestial Event and suppress his combat power to around 50,000!

That way, he would only hurt Chen Xiaobei's True Kang but not take his life.

"Thank god..."

Phantom Rain breathed a sigh of relief. At least Chen Xiaobei's life would be spared.

However, Phantom Rain, Phoenix, and Gree Dragon were left in shock seconds later.

"It's only Celestial Cultivation! No big deal! I have it with me as well!"

Chen Xiaobei had already prepared to channel his True Qi and find the right time to unleash his Celestial Event.

Swoosh!

Suddenly, the ground was shaking. All the plants, soil, air, and everything that has water element in it was summoned to Chen Xiaobei. In a way, they were communicating with him!

"Water Celestial Event!"

Swoosh!

Chen Xiaobei swung his arm at Phoenix Enigmatic Ninja— embedded with powerful True Kang. His True Kang then transformed into a huge sapphire dragon claw!

"What the f\*ck... What..."

The strike from Chen Xiaobei was too fast for Phoenix Enigmatic Ninja to dodge it. He had never expected that the whole thing would turn out like that.

'Luckily, Chen Xiaobei is only at early phase of Celestial Cultivation! I would only suffer a little injuries if I'm hit by it! I'm pretty sure I still can continue to fight after that!'

Phoenix Enigmatic Ninja thought to himself.

However, thing took another turn!

BAM!

The sapphire dragon claw that landed on Phoenix Enigmatic Ninja was as powerful as 90,000 combat power!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1074: My Words Are Final**

Chen Xiaobei had, in fact, just achieved Celestial Cultivation and currently only had 70,000 true combat power.

But because he had the Primordial Witch King Combat Enhancement Training Manual, he could boost his combat power to 91,000!

Due to bodily constraints, however, he could only wield 90,000 combat power! That was already way more than Phoenix Enigmatic Ninja's 85,000 combat power, which he did not completely exert!

Zing!

It all happened like a whirlwind.

Phoenix had thought that Chen Xiaobei's combat power was only 70,000 and was ready to take some minor injuries to stop Chen Xiaobei's attack. He had not, even for a second, thought that Chen Xiaobei could unleash 90,000 combat power.

On top of that, the element that Chen Xiaobei wielded was the Water Celestial Event! It was extremely effective against Fire Celestial Event!

BAM!

Phoenix Enigmatic Ninja flew ten meters away like a bullet, and made a large dent in the ground where he landed.

"Argh... Blargh! Hack! Hack!"

After being hit squarely in the chest by a frightening 90,000 combat power, Phoenix Enigmatic Ninja's was spewing blood all over the place.

He clutched his chest, an agonizing look on his face, unable to speak and having difficulty breathing.

His rib cage was broken, and the jagged bones punctured his lungs. If he were not rushed to the hospital on time, he would die.

"My... god.... This... How could this be... How did Chen Xiaobei achieve Celestial Cultivation... How could he have the same combat power as I do... No way... That's impossible..."

Green Dragon's jaw fell open, forgetting his dying companion.

At that time, he was already an old man of 180 years old, and spent nearly his whole life to be within reach of 90,000 combat power!

But this young Chinese kid beat him to it!

Green Dragon Enigmatic Ninja felt like it was a slap in the face and wasted his whole life.

"Monster... Devil... This is so scary..."

Phantom Rain was just as stunned as he was, looking at Chen Xiaobei like he was a monster that should not exist in this world. Before this, when he was fighting against the Xiuhcoatl, Chen Xiaobei's combat power was only 48,000! Phantom Rain was having a hard time figuring out how his combat power could have increased so drastically in such a short time? Heck, it nearly doubled!

There was no way Chen Xiaobei was pretending to be weak earlier to hide his strength!

If he had 90,000 just now, he would have already wiped the Xiuhcoatl clean. Why would he allow himself to be surrounded by Nikkawa Uchu and the four Enigmatic Ninjas?

Most importantly, in order to block the Xiuhcoatl's attack, Chen Xiaobei sustained some injuries himself. That could not possibly be fake!

That could only mean that Chen Xiaobei did not withhold his strength but had, in the short few hours, broke through Celestial Cultivation and increased his combat power to a whopping 90,000!

How was that even humanly possible?

Even from the beginning, Phantom Rain's impression of this Chinese boy had been that he was someone that could defy logic and conquer the impossible!

He lived to shock others: there was nothing he could not do that people could not imagine.

"Green Dragon! Did you see that? Chen Xiaobei's strength is the same as yours. If you keep fighting, the both of you will suffer!" Seeing that there was sudden development in the situation, Phantom Rain took the opportunity to try and settle the problem. "I will pretend that today never happened. Take Phoenix to the hospital, get him treated or he'll die!"

"..."

Green Dragon turned around and looked at his friend; his resolve was starting to shake.

Like Phantom Rain said, there was no way he could beat Chen Xiaobei. If they continue, the one who would suffer was Phoenix Enigmatic Ninja.

What was more, it was not like Phantom Rain had no strength at all to fight. If she jumped in without a warning, he would very well be done for.

"Alright! We'll stop here today! Until the next time we meet!" Green Dragon Enigmatic Ninja said with much reluctance.

Phantom Rain sighed, clearly relieved that they made it through.

But Chen Xiaobei was unhappy.

"Are the both of you done talking? Please don't be mistaken! I am the one who makes the final decisions here! Have you asked for my permission to leave?"

Both Green Dragon and Phantom Rain could not believe their ears.

Why was Chen Xiaobei so stubborn?

"Kid, you really are much stronger than I thought! But if you think that I'm going to listen to you, you have another think coming!"

Green Dragon Enigmatic Ninja said, "There is a limit to youthful gusto! You may not gain the upperhand even if we do fight! What's more, Phantom Rain has already reminded you that Nikkawa Uchu is on his way here! Then it'll be one versus two! If it weren't because Phoenix Enigmatic Ninja had an accident, do you think I would've let you off?"

Phantom Rain found herself nodding in agreement.

She had asked for both of them to stop fighting because she was afraid that Nikkawa Uchu might come and help them.

From what she was seeing, if this fight continued, Phoenix Enigmatic Ninja would die, then she and Chen Xiaobei would have no way out!

"Hehe, I told you that I have something that I want to give to Nikkawa Uchu. How can I leave if he's not here?" Chen Xiaobei ignored the look Phantom Rain was giving him and said, "It's not that you can't leave. You just have to eat the dog biscuit I prepared, then you can leave!"

"What? Dog biscuit? What are you saying?" Green Dragon was pissed.

He was the Green Dragon Enigmatic Ninja! How could he eat such a thing?

"It's very simple: eat my dog biscuit and you'll be my dog!" Chen Xiaobei said, "After that when I ask you to leave, you'll do as I say; and if I ask you to stay, you would not dare walk away."

"Chen Xiaobei!" Green Dragon Enigmatic Ninja screamed. "I gave you an inch! Don't try to take a yard! You are in no position to humiliate me like this! If it weren't for the fact that Phoenix is badly hurt, I would have continued to fight you to the death!"

"Heh, stop giving excuses! Let's get this done and over with!"

Chen Xiaobei said, "You should feel lucky that I am going to reward you with a Heavenly Dog Biscuit! Even if that Phoenix begs me, he would never be able to get it! He's not even worthy to be my dog because he's too weak!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1075: Instant Turnaround**

'He's not even worthy to be my dog because he's too weak!'

"Blargh..." blood sputtered from Phoenix Enigmatic Ninja's lips when he heard this.

He was Phoenix Enigmatic Ninja, the second of the Four Enigmatic Ninjas.

But he was not worth to be a dog?

This Chen Xiaobei was just ridiculous!

Phoenix was, in many ways, one of the Tenshou God's dog.

Did that mean that the Tenshou God had lower standards compared to Chen Xiaobei?

Phoenix Enigmatic Ninja's injuries were the only thing keeping him from getting up and giving Chen Xiaobei a good beating. And if Green Dragon Enigmatic Ninja did not leave right now, death would be awaiting him.

He could only watch as what he dreaded to see took place.

"Fuh..." Green Dragon's nostrils flared and his fists were curled, as a surge of Green True Kang charged all over his body. "Chen Xiaobei, there's a price to pay for being overly inflated!"

"I was merely telling you the truth. If the old man Phoenix is not weak, then why was he beaten so badly he's hanging on a thread?" Chen Xiaobei grinned. "Now, be a good boy and eat the dog biscuit while I still think that you are useful! You might not have the chance after tomorrow!"

"\*#@\$!? Are you saying that I'm weak too?!" Green Dragon was furious. "The only reason you were able to maim Phoenix in one move was because he was careless and because your Water Celestial Event is his weakness! But I am different! I wield Green True Qi! Water is weak against earth! I'm pretty sure that my Earth True Qi can defeat your Water True Qi! And don't forget that we are standing in jungle right now! Technically speaking, I have the advantage here! If we really fight to the death, the chances of me winning would be 7/10! If Phoenix is not on the brink of death, I would have squashed you like a bug!"

Phantom Rain kept shooting glances at Chen Xiaobei.

Green Dragon was right. They were both Celestial Cultivation, with very different celestial elements. The result of the battle would be very different as well!

It was basic allopthy! All five elements promote and restrain one another mutually.

There was no element that could stay invincible forever!

This factor would greatly affect the fight.

If they were by the river or sea, water would prevail.

But they were surrounded by the forest, the earth element would naturally have the upperhand!

With both all advantages on his side, it was not an exaggeration for Green Dragon to say that the chances of him winning was 7 to 3.

How could Phantom Rain not be worried?

Yet again, Chen Xiaobei ignored the looks she was shooting him.

"Heh, there's no need to pretend like you're a good friend." Chen Xiaobei looked directly at Green Dragon. "If you protect old man Phoenix, you will have to split the reward! How sure are you that he won't betray you then?"

"..."

Green Dragon eyed Phoenix reflexively.

"Mmmfft... Mmmfft..."

Unable to speak, Phoenix Enigmatic Ninja could only shake his head alarmingly, his face red and sweaty.

"He will!" Green Dragon Enigmatic Ninja said coldly, "I know Phoenix's character very well. He will sell me out if he felt that he was at a disadvantage."

"So, you're not splitting the reward?" Chen Xiaobei flashed him a smile. "Let's go ahead and fight then. Why should you care about him?"

"I must admit that you did refresh my memory about him!" Green Dragon smirked. "Some people's deaths are a good convenience!"

Mmmft.."

Phoenix Enigmatic Ninja's face turned an ash gray, realizing that he would die today! Even if Green Dragon wins, he would make to finish him off personally.

"Come on then, Chen Xiaobei!"

The Green True Kang grew around Green Dragon's body again.

"Since you've incurred my wrath, then be a good boy and have a taste of it!"

Swoosh.. Swoosh... Swoosh...

The grass and tree all around them started to move: the grass stood tall and the trees trembled like an army at the ready, waiting for their orders!

"Mokuton, Raging Earth Spear!"

Green Dragon Enigmatic Ninja shouted and his Earth True Qi flooded a huge area instantaneously.

Swoosh!"

Seconds later, all the trees around him started to twist and transform into a dozen of green spears – readied to launch at Chen Xiaobei. Being able to borrow the strength of the nature was the quintessence of Celestial Cultivation! With this 90,000 combat power, normal elites would be killed by his spears within seconds.

"Chen Xiaobei, be careful! That's a A-tier Mokudon! With all the advantages around him, I think he can crush you within seconds!"

Phantom Rain was unable to sit still.

She kept shooting looks at him but was ignored; now, she resorted to shouting warnings at him.

"Hehe... All the advantages? I don't think so!"

Chen Xiaobei chuckled, paying no heed to Green Dragon's arrogance and Phantom Rain's warning.

He was not being a pretentious prick, but that he had earned the right to do so!"

"Your skill is fancy but I can nullify it with only a single strike!"

With a calmed state of mind, Chen Xiaobei did a knife hand strike in the air. Who would have thought that he could wield Fire True Kang right after he triggered a Water Celestial Event?!

As the saying goes, 'a single spark can start a forest fire'.

So what if Green Dragon Enigmatic Ninja had all the advantages on his side?

Before its bane, his element was at a disadvantage!

Zing!

With one swift, fiery cut, all the trees were burned to ashes.

The incoming Raging Earth Spears's power were cut to half once they came in contact with the Fire True Kang. And the force from Chen Xiaobei's attack managed to nullify Green Dragon Enigmatic Ninja's attack perfectly.

Chen Xiaobei then stood in front of Green Dragon.

"Hey old man, what are you staring at?"

"What? How could one person wield two elements? My god! What kind of freak are you?"

He had never seen anything like this before!

He was so sure that he would win this fight effortlessly! Now, Chen Xiaobei had managed to turn the tide around in the most surprising way.

Green Dragon stood there motionless, feeling as if he has just been thrown down from heaven into hell.

"Sigh... I suddenly feel like you don't deserve to eat my dog biscuit!" said Chen Xiaobei.

Again, the True Kang that was embedded on his hand changed again. This time it changed from red to golden!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1076: One Terrifying Slash**

The principle of how the five elements mutually counteract is like this: Wood light fires, and metal restricts wood! In other words, the Metal Element True Kang was the biggest nemesis of Wood Element True Kang. At the same time, Chen Xiaobei had embedded his fiery blade with another layer of Metal True Kang.

"My... My god..."

Green Dragon Enigmatic Ninja was shaken.

It was shocking enough to see a man that could wield two elements but who would have imagined that this punk would have three elements with him!

Zing!

Chen Xiaobei would not show him any mercy.

His blade landed on him without any mercy.

Zing!

The metal fiery blade came in contact with Green Dragon Enigmatic Ninja's True Kang! And the sound of metal colliding could be heard.

Normally, because they shared the same level of combat power, Chen Xiaobei would never be able to break Green Dragon's True Kang. But under the circumstance of facing the two elements that he was weak against, the True Kang Protective Amror could not protect Green Dragon!

Bam!

First, the Fire True Kang melted the outer layer of Earth True Kang.

Zing!

After that the Metal True Kang took the opportunity to create an opening at the weakest part of the True Kang Protective Armor. And that was how Chen Xiaobei landed a heavy strike on Green Dragon Enigmatic Ninja.

"Blarghh..."

Green Dragon Enigmatic Ninja was thrown off and fresh blood shot out of his mouth, and there was gash about 10cm long on his chest! Blood was gushing from the wound which was blackened by the scorching fire! Luckily, he had his True Kang Protective Armor with him – if not, he would be killed by Chen Xiaobei's attack within seconds.

"My god..." Phoenix Enigmatic Ninja, who had been unable to speak, could not help but let out a shrill scream.

The shock was too much for him. He sucked in one last breath and died.

"..."

Phantom Rain froze like a block of ice, too shocked to even scream.

What words or language were there left that could be used to describe what Chen Xiaobei was?

She now understood that her warnings had been set aside because to him, they were nothing!

A person that wielded three elements! That was unprecedented! Otherworldly!

Phantom Rain was certain that should Chen Xiaobei reach 110,000 in combat power, he would be able to catch her and give her a good smacking on her butt!

It is said that only the world's most remarkable prodigy would be able to reach that level.

Phantom Rain knew that she could never do it.

She had only seen one person do it and that was Chen Xiaobei – the one and only one!

"Hey old man! Are we still fighting or what?" Chen Xiaobei asked as he stood over Phoenix's body to absorb his blood essence and spirit in to the Blood Chaos Sword.

He was a Celestial-cultivated Enigmatic Ninja, so his blood essence and spirit were equivalent to 100 men!

With this strength, the Chaos Blood Sword would be able to exert 130,000 combat power!

Even Phantom Rain would be killed in an instant!

"No... No more... I surrender... I give up..."

Green Dragon Enigmatic Ninja quickly nodded.

While the cut to his chest was just a flesh wound and barely affected his combat power, he understood that if Chen Xiaobei was able to cut him once, he would be able to cut him thrice, maybe even 5 to 10 times!

Losing the battle was expected. It was just a matter of time.

He saw no reason to continue fighting unless he wanted to suffer!

"Weren't you super fervent just now? You said you would win 7 to 3. Why are you so easily spooked? I'm still not done yet!"

Chen Xiaobei was actually just using Green Dragon for sword practice. He wanted to see how strong he was after he broke through Celestial Cultivation.

But he had only used it once and this old man had already given up. How disappointing.

"I really am fearful... I am convinced now..." Green Dragon

"Heh, that's not good enough!" Chen Xiaobei jeered.

"I know!" Green Dragon dared not pretend to act a fool. "Do you want me to eat the dog biscuit? I will eat it! I'm willing to eat it! I'm willing to be your dog. Please just let me go..."

This old man had no idea what kind of dog biscuit Chen Xiaobei was talking about. He thought that Chen Xiaobei was just a sicko who enjoyed humiliating others with dog biscuits.

As long as he was allowed to live, he would even agree to eat a pile of dog poo.

"I was doubtful whether or not to give you the dog biscuit. But since you asked for it so eagerly, I will grant your wish and reward you with one!"

Chen Xiaobei then took out the homemade Heavenly Dog Biscuit and ordered, "Open your mouth!"

"Ah..." Green Dragon crouched on the floor like a pug, his mouth wide open.

Chen Xiaobei then put the dog biscuit into Green Dragon's mouth.

"Master... Are you my master..."

Very quickly, Green Dragon Enigmatic Ninja's eyes turned glassy and his voice stiff like a soulless robot.

"What the hell..."

There was just one too many surprises for Phantom Rain today.

"That's right. I am your master. From today onwards, you are my loyal canine!" Chen Xiaobei said.

"Oh..."

Green Dragon Enigmatic Ninja was suddenly jolted awake.

Right now, he saw Chen Xiaobei with a look of absolute piety.

He had never even been so reverent even when he was serving the Tenshou God.

"Chen Xiaobei, what did you feed him?" Phantom Rain asked.

"That's a secret. Unless you prove that you are indeed a friend, I will never tell you!" Chen Xiaobei chuckled as he allowed his gaze to graze teasingly at Phantom Rain's chest.

"You pervert! I'm hurt and you're dirty mind is still thinking of that?!"

Phantom Rain's face was beet red, the pain on her waist was growing unbearable.

"I'll stop making fun of you. Rest up with a peace of mind!"

Chen Xiaobei then turned to Green Dragon Enigmatic Ninja and tossed a Taiyi Life Enhancement Pill to him and instructed, "Green Dragon, after you've used this to patch yourself up, make sure to take good care of Phantom Rain and Uzuishi Akaihi!

"Yes, sir!" Green Dragon Enigmatic Ninja accepted the order.

Phantom Rain frowned. "Why ask him to take care of grandfather and me? Where are you going?"

"Silly girl! As of now, no one is aware that you've defected. If I stay, you'll be suspected of collaborating with me." Chen Xiaobei said as-a-matter-of-factly before asking, "Where is my sword?"

Phantom Rain did not let it go. "You still haven't answered me. Where are you going?"

"I'm going to go catch myself another dog!" Chen Xiaobei half-smiled.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1077: Grand Elder of the Divine Sovereign Sec**

There was no way of stopping Chen Xiaobei from leaving so Phantom Rain told him where she left his Dragon's Edge. She returned to the main hall with Green Dragon to recuperate.

Chen Xiaobei took the Dragon's Edge and went to capture his next pet, Nikkawa Uchu!

He was the Emperor of Japan who governed the nation's army and monopolized the country's economy. If he fed him the Heavenly Dog Biscuit, this country might as well belong to Chen Xiaobei.

Resources, manpower, and the one that appealed most to Chen Xiaobei, the munitions storehouse would be very useful in the future as well.

Chen Xiaobei did not have to try and locate Nikkawa Uchu. Before he left, he had instructed Green Dragon call and tell him where to find Chen Xiaobei.

Chen Xiaobei directed the Somersault Cloud towards the Pacific Ocean, east of Japan.

He went so far because Chen Xiaobei had already treated Japan as his very own territory and did not want the battle to take place in Japan itself.

They could do whatever they want in the vast ocean!

Whoop! Whoop! Whoop!

Soon, sounds of the Fighter aircraft engines filled the dark skies.

That was a sound very familiar to Chen Xiaobei. They were the Supersonic Falcons. Built by America, it was the world's fastest fighter, faster than the Somersault Cloud.

Nikkawa Uchu had deployed these fighter aircrafts to kill Chen Xiaobei. If Chen Xiaobei had not dived deep into the ocean last time, he would be dead by now.

Right now, facing these ten Supersonic Falcons again, Chen Xiaobei was not the least bit concerned.

At the same time, down on the surface of the ocean, there were another ten warships heading toward him.

In the front of the battlecruiser at the frontline, Nikkawa Uchu stood tall, hands behind his back.

Next to him was a white-haired old man in a navy-blue martial arts uniform. Though he was clearly quite old, he exuded an air of exuberance. Standing with his back straight, one could see that he was very muscular; he looked much more vigorous than a young man.

"Elder Kitagawa, according to Green Dragon's intel, our target Chen Xiaobei is not far ahead!" Nikkawa Uchu said.

"Hmph! You brought out all this assemblage just to fight one True-Nirvana-Cultivated Chinese punk? You even troubled Emperor God to send me? If word goes out about this, the entire Japanese Empire would be put to shame!"

The white-haired man was one of the four guardians of Divine Sovereign Sect, Kitagawa Heiya!

In the entire Japan, there were a total of eight Enigmatic Ninjas. Other than the four that were a part of the Tenshou, the remaining four were guardians of the Divine Sovereign Sect!

This man was the Grand Elder of the Divine Sovereign Sect. He had the highest cultivation of 93,000 combat power, one level above Green Dragon and Nikkawa Uchu.

If there was list of the Jianghu elites by strength, Emperor God would place first, Phantom Rain second and Kitagawa Heiya, a solid third place!

Nikkawa Uchu was slightly late to the scene because he made a trip to Divine Sovereign Sect to request for Kitagawa Heiya.

"I'm terribly sorry for bothering you at this hour! It was rude of me!" Nikkawa Uchu said. "But this punk is not your average adversary! He was supposed to be dead but he survived miraculously! And most critically, both Green Dragon and Phoenix Enigmatic Ninja were unable to catch him! I'm afraid that there may be a ploy so I called you here to help us, just in case anything happens!"

Nikkawa Uchu was intelligent and had good instincts.

Green Dragon Enigmatic Ninja let nothing slip but Nikkawa Uchu still got a whiff of danger.

Even though he was not able to ask for help from the Emperor God, at least he had Kitagawa Heiya. That was enough to help him feel secure.

"Well, from what I see, you are a coward!" Kitagawa Heiya said disdainfully, "He's just a boy! A Chinese boy for that matter! He could barely grow a mustache; how can he possibly cause such a commotion? If he really is using a flying Spiritual Item and try to get away by air, he won't be able to escape all those fighter aircrafts! There's no need for us to be here!"

"Mm, what Elder Kitagawa said make sense!" Nikkawa Uchu smiled. "The Falcons are the American's latest and top-notch fighter aircrafts! I still remember that that I had put in a lot of effort to request for this fighter jets! But the Americans were only willing to give us 10, not a single one more because other than being the fastest fighter, it also has excellent firepower! As long as Chen Xiaobei passes through via air, he'll be dead!"

Kitagawa Heiya said in a contemptuous tone, "I already told you that you're using a sledgehammer on a nut! You could've just settled everything with these Falcons but you just had to bring out these warships and even got me to come out here! I thought you were going to start a war!"

"You are right..." Nikkawa Uchu nodded, smiling.

Boom!

The sound of explosion in the air cut him off.

Bursts of flames lit up the skies!

It had come from a powerful missile coming in contact with its target!

Kitagawa Heiya chuckled. "Did you see that? That kid was hit by one of the Falcons! The blast is enough to destroy his True Kang, incapacitating him and sending him down into the sea! You should dispatch a speedboat to fish for him!"

"Haha! If that's the case, then great!" Nikkawa Uchu celebrated. "We didn't lose any men! That was easy! We'll use him as our bargaining chip to exchange for more Falcons! Yes!"

Both men smiled at each other.

Boom!

Suddenly, another loud explosion could be heard.

It was the same as the last.

This was the second blast.

"That's strange. Hasn't Chen Xiaobei already fallen? Why the second launch?" Nikkawa Uchu frowned and asked.

"Maybe it wasn't him the first time? This was the one?"

Kitagawa Heiya was just as perplexed.

"Report! Report!"

A navy ran over, his face scrunched, saying, "Our... Two of our Falcons have fallen!"

"What? Our Falcons were... hit? How is that possible?" Nikkawa Uchu's eyes were suddenly filled with fear.

"Are you mistaken? That was the force of a missile explosion! Don't tell me that Chen Xiaobei was not hit by those missiles."

Kitagawa Heiya scratched his head, confused.

"I'm not mistaken... It's really our fighter planes..." The navy nodded.

Boom...

The third explosion saw Nikkawa Uchu and Kitagawa Heiya's face turn an ugly shade of green.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1078: Destroying All Falcon Fighter Jets**

"How is that even possible... Could Chen Xiaobei be a robot? How could he possibly launch missiles? Is this some kind of a joke?"

Cold sweat trickled down Nikkawa Uchu's back.

A minute ago, he was raising his glass to Chen Xiaobei's capture which he was planning on using to trade for more US Falcon Fighters.

He barely even had the chance to lay eyes on the bounty when he lost not one or two, but three Falcon Fighters!

What really confused him was that the explosion had come from a missile. Could Chen Xiaobei possibly be one of those transformers?

Boom...

The fourth explosion reverberated through the air.

"Reporting! Mayday! The fourth Falcon Fighter is down!"

The soldier yelled, "The chief pilot is requesting to pull back! The entire fleet will go down if they stay!"

"Wh... What..."

Kitagawa Heya's face darkened. He was the one who accused Nikkawa Uchu of using a hammer to crack a nut like Chen Xiaobei, and that it would be impossible for Chen Xiaobei to escape the Falcon Fighters!

Right now, the tables had turned.

It was not Chen Xiaobei who had to flee but instead the ten Falcon Fighters who could not escape Chen Xiaobei's grasp!

"Retreat! Retreat immediately!"

Nikkawa Uchu trembled and his face crumpled.

These Falcon fighter jets were the fruits of Nikkawa Uchu's hard labor.

Not only did he have to exhaust his words convincing the Americans, but he also had to sign a couple of biased economic contracts. In the end, he had to fork out a huge sum for them.

If all of the jets were destroyed, Nikkawa Uchu could possibly face death.

...

Nightfall.

There were still six Falcon Fighters hovering in the air.

Upon receiving their orders, they immediately turned around to leave.

"Oh, so you're running off now? How polite!"

Chen Xiaobei poised on the Somersault Cloud, clad in the Wardragon Scale and armed with the Sunslaying Divine Bow. With one hand free, he reached into the Infinite Space Ring and pulled out a missile.

With the missile secured in the arrow rest, Chen Xiaobei drew the string back to a full draw.

Woosh!

The missile was released with a combat power of 93,000, rendering much faster than a Falcon Fighter!

Even the Falcon Fighters' speed was at most, equivalent to only 75,000.

Chen Xiaobei's combat power was at 70,000; however after applying the Primordial Witch King's Combat Enhancement Training Manual, it skyrocketed to 90,000; and with the addition of the Sunslaying Divine Bow, it peaked at 93,000!

The last time Chen Xiaobei got trailed by the Falcons was due to the fact that his Somersault Cloud was too slow.

This time around, Chen Xiaobei applied speed and brute force to attack the Falcons.

Boom!

The speed and accuracy from the Yuan Men Archery hit bullseye; the fifth Falcon.

...

On the battle cruiser.

"Hurry up and escape! Nearly half of the Falcon Fighters are gone... We can't afford to take another hit... I cannot bear the loss..."

Nikkawa Uchu clenched his fists, as his forehead was dripping wet and his heart bled in agony.

Boom! Boom!

As he wailing on for his loss, Chen Xiaobei continued his streak and killed two other birds with one stone!

"Oh god... There's only three left... Please have mercy on the remaining... If this continues, even if I've got Chen Xiaobei as captive, it's impossible to make up for this loss..."

Nikkawa Uchu seemed like he was about to pass out.

He totally did not expect to go out hunting only to be back shredded and torn himself.

This was a massive loss.

Boom!

Boom!

Boom!

It was as though Chen Xiaobei had overheard Nikkawa Uchu's thoughts.

How could he ever allow that wish to be granted?

Shots kept firing endlessly and back to back, destroying the last of the Falcons.

It was a mass destruction.

"Huh..." Nikkawa Uchu nearly blacked out as the throbbing pain in his heart was pounded uncontrollably.

"All our Falcon Fighter Jets are gone... We are doomed! He caused this huge mess; how could we just let Chen Xiaobei escape?"

Kitagawa Heya's lips contorted into an ugly scowl as though he had just tasted something unpleasant.

It was just earlier on that he announced feeling his presence there was rather a waste of time.

Now, the repercussion was coming to bite him in the back.

If this continued on, his reputation as the grand elder of the Divine Sovereign Sect would be completely ruined.

"Your... Your Royal Highness..." The soldier who was standing next to him mouthed defeatedly. "What should we do now? Please advise..."

"Advise your ass! Are you daft or what?"

Nikkawa Uchu was completely bent out of shape.

"The Falcon Fighters are all gone! Do you seriously think you could grow a pair of wings and nab Chen Xiaobei? Or rather, did you think Chen Xiaobei would be dumb enough to come down here to die?"

"I understand..." The soldier quivered in his drenched uniform. "I will arrange for the fleet to return to port."

"Damn... Looks like we're going back empty handed..."

Kitagawa Heya let out a heavy sigh.

There was no way Chen Xiaobei would come down to them. That would literally be a suicide mission.

"Emperor... Isn't that Chen Xiaobei?"

The soldier pointed to something behind Nikkawa Uchu, looking like he had just seen a ghost.

"You simple-minded moron! Do I look like a fool to you? Why would Chen Xiaobei come here?"

Nikkawa Uchu raged, thinking that the soldier was pulling his leg.

"I think you're the moron here! Your enemy is right behind your tail yet you still don't want to believe it?"

Nikkawa Uchu heard Chen Xiaobei's voice muttering behind him.

The next thing he knew, there was a loud 'swoosh'!

"What... the f\*ck..."

Nikkawa Uchu and Kitagawa Heya spun around and saw Chen Xiaobei aiming an anti-ship missile at them!

A missile like this could penetrate deeper than ten centimeters into the armor of the warship.

Boom!

Chen Xiaobei fired the shot at a close range.

Both men did not have time to dodge and was hit right in the face by the impact.

Bang! Bang!

Both the idiots were flung ten meters away.

Kitagawa Heya was still in a pretty decent shape. With a 93,000 combat power, his True Kang Armor could still withstand the force of the impact. As for Nikkawa Uchu, he was not as lucky. Even with his True Kang Armor, he still suffered massive internal injuries. Blood trickled down the corner of his lips and his complexion was the color of ash.

Right where they were standing were the mere remnants; bits and pieces of flesh of the soldier. There was a large cavity where the missile had hit and water was flooding in, quickly filling up the warship!

"You're Chen Xiaobei? Ha! So, you really came down!"

Kitagawa Heya's body lit up with a fiery True Kang, glaring at Chen Xiaobei like he was dinner.

"Heh, I came to capture this dog Nikkawa Uchu, but I didn't know that there was a buy one free one offer!" Chen Xiaobei grinned.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1079: Never Have I Acted in a Cocky Manner Before**

"Dog? How dare you call me a dog?!" Immediately jumping to his feet, Nikkawa Uchu wiped the blood off his lips with the back of his hand and barked, "You could've taken the high road, but instead, you chose the path to your own destruction! Today, I'll show you what real torture is like! You'd be begging then to be dead!"

"Hey punk! Which circuit in your brain went haywire? Instead of escaping after destroying all those jets, you chose to come down here to die?!" The fire around Kitagawa Heya's body blazed fiercer. "Don't say that I didn't warn you. I am the grand elder of the Divine Sovereign Sect, with a combat power of 93,000! If you kneel down before us now, I will see to it that your punishment be reduced."

"Hah! Who said that I came here to die?" Chen Xiaobei said, laughing. "A friendly reminder too that if you kneel down before me now, we'll save ourselves a whole lot of time and even spare yourself from suffering!"

"You motherf\*cking dipshit! Still talking big before your death?!" Nikkawa Uchu screeched. "We have Grand Elder, Kitagawa Heya here with us. You think you're stronger than him?"

"Well honestly, my combat power is nowhere close to his." Chen Xiaobei shrugged. "But winning a battle is not just about the combat power, but also a matter of having the brains and the cards that you hold."

"Are you implying that Grand Elder, Kitagawa Heya has got combat power but no brains or any trump card?"

Nikkawa Uchu fumed.

"Dude, stop provoking him. We'll know the truth later on." Chen Xiaobei uttered with a tone of indifference.

"Alright then, let's shut up and let the results do the talking!"

Kitagawa Heya took a step forward.

"I only need one move to bring you down!"

Boom... Boom Boom Boom...

The Fire True Kang suddenly burst, and the Fire Celestial Event came after, causing the consecutive explosions.

It consumed half of the battlecruiser and fenced Chen Xiaobei in a sea of flames.

"Katon, Fire Mirage Strike!"

Kitagawa Heya's scream pierced from outside the ring of flames.

It had come from the front, but he was actually at his back. Seemingly, Kitagawa Heya could move from one place to another place instantly while he was in the flame. Seconds later, Kitagawa Heya charged out from the flame like the Ifrit and swung his giant claw at Chen Xiaobei – wanting to shred him into pieces!

"Such magical ninjutsu! What an impressive speed!"

Chen Xiaobei had already sensed an attack approaching from behind him, but was not fast enough to block off the blast on his own strength. He had to use his True Kang.

Fwooh! Fwooh!

Two layers True Kang formed behind him.

The first layer was Water True Kang. As naturally water puts out fire, that would neutralize the assault!

The second layer was Earth True Kang. Fire begets Earth. That way, it could absorb a portion of the energy from the flame!

Bang!

The claws of the Ifrit slammed hard against Chen Xiaobei's double True Kangs.

Even though Chen Xiaobei had already braced himself for the impact, he was still unable to withstand it. He was thrown like a stray pup towards the ring of ocean fire in front of him!

The actual fact was that Chen Xiaobei's choice of using two different elements as barriers was a good one.

If used against an opponent of the same level, Chen Xiaobei would have been able to remain where he was, completely unfazed. But Kitagawa Heya had a combat power of 93,000 .

In all honesty, this was a realm way above Chen Xiaobei.

Before he used the other cards in his deck, Chen Xiaobei could defeat those that had the same combat power with him but not defeating someone that was more powerful than him!

Up against such a powerful force, Chen Xiaobei was at a disadvantage; he even sustained some minor injuries.

"Hahaha! You little prick! Do you finally acknowledge who's the greater force now? You're merely a piece of trash before Grand Elder, Kitagawa Heya! The only win you'll get is torture! It's still not too late to get down on your knees!" Nikkawa Uchu jeered at Chen Xiaobei like a high school bully, clapping his hands in delight. "I want to destroy your cultivation and let you taste all forms of sheer torture so that you'll regret ever being born! Hahaha..."

"Katon, Fire Mirage Strike!" shouted Kitagawa Heya.

Compared to Nikkawa Uchu, the Grand Elder of Divine Sovereign Sect was much more composed.

He had thought that he would be able to incapacitate Chen Xiaobei in one move but when he attacked him, he was surprised to find that Chen Xiaobei's True Kang was reinforced with a combat power of at least 90,000!

It then suddenly dawned on him that Chen Xiaobei was not an easy opponent!

Even though he had prevailed, he did not dare let his guard down and continued using his best skills against Chen Xiaobei.

Just as he yelled, Kitagawa Heya suddenly became a blur, leaving only ashes behind Chen Xiaobei.

Swoosh!

Kitagawa Heya himself suddenly shot out from the ocean fire to Chen Xiaobei's left. Another two claws swooped down towards Chen Xiaobei!

Bang!

The same exact thing happened.

Chen Xiaobei had used the two element Double Element True Kang to hamper the impact.

Again, Chen Xiaobei was sent flying through the air.

"Hahaha... You used piece of shit! Why aren't you talking smack anymore? Go ahead and keep telling us how good you are! Try and call me a dog again? What a useless piece of trash!" Nikkawa Uchu was practically glowing.

"Hey punk! What more do you have to say?!"

Having felt like he had the situation under control, Kitagawa Heya continued to launch attacks and taunt Chen Xiaobei, eventually lowering his guard down.

Bang!

Kitagawa Heya approached from Chen Xiaobei's right and attacked him before Chen Xiaobei even had the chance to hit the ground.

"Why aren't you saying anything? C'mon! Weren't you an eloquent speaker just now?!"

"I want to see just how long you can last!"

"Let's see if it's your True Kang or your body that breaks first!"

Every time he spoke, Kitagawa Heya would attack Chen Xiaobei from a different direction.

With his speed and dexterity, Chen Xiaobei was thrown around like a ball that did not have a chance to bounce off the ground!

Chen Xiaobei remained silent.

Every strike would drain a large portion of his True Qi, and each time, one part of his body would be wounded.

It looked like the odds were in Kitagawa Heya's favor. Chen Xiaobei's loss was on the line.

Because of that, Nikkawa Uchu and Kitagawa Heya grew smug, unscrupulously throwing insults at Chen Xiaobei.

Just as Kitagawa Heya shouted the ninth Katon, Fire Mirage Strike; there was a sudden explosion!

Woosh!

What they had failed to notice was that every time Chen Xiaobei was struck, besides sustaining injuries and a loss of True Qi, a dragon pattern would light up on the armor he was wearing.

Nine Katon, Fire Mirage Strike! 9 attacks! 9 Dragon Patterns!"

The silent Chen Xiaobei finally opened his mouth, "I don't bullshit. I only want to smack that face of yours!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1080: Mega Slap**

"What? This piece of trash still has the audacity to slap my face? There must be something wrong with his brain! How could he say such dumb thing?"

Nikkawa Uchu laughed as though he had heard a really funny joke.

"Eh, dumbass! Are you sick in the head? God, how dumb could you be? Katon, Fire Mirage Strike!"

Kitagawa Heya thought it was pretty funny too.

At the tenth Katon, Fire Mirage Strike.

Kitagawa Heya once again disappeared and reappeared behind Chen Xiaobei.

Swoosh!

Kitagawa Heya transformed into Ifrit and struck with his flaming claw like how he attacked him just now. Surprisingly, his attack was still relatively powerful!

But this time, he did not manage to strike Chen Xiaobei!

"Katon, Fire Mirage Strike your grandmother! Die, you f\*cker!"

Chen Xiaobei roared; all that pent-up anger exploded all at once!

Swish! Swish! Swish...

Nine White Dragons' image emerged all around Chen Xiaobei.

That's right! This was the Wardragon Scale's Special Ability!

This battle armor was found inside Zhao Yun's Red Envelope. It is a considerably rather high-tier defense type of Spiritual Items.

As how the saying goes, touching a dragon's scale is no different than asking for death.

Under normal circumstances, the Wardragon Scale was of not much use.

But once the armor was struck multiple times, its Special Ability would be activated, generating the Wrath of Dragon.

This energy could channel to Chen Xiaobei's body and temporarily increase his combat power. The Wrath of Dragon could be accumulated for a maximum of nine times. After that, it would allow the owner to trigger an ability called Naga Strike. It would then boost Chen Xiaobei's combat power tremendously! The Wardragon Scale was created for one who intended to make a great comeback during a battle.

Leaving one in such desperate circumstance, the person would fight even harder.

The nine White Dragons deposited a mysterious energy into Chen Xiaobei's body so that his speed increased rapidly, causing him to be three times faster than Kitagawa Heya!

Swoosh!

The difference in speed instantaneously turned the tide!

Chen Xiaobei quickly made a swift turn before Kitagawa Heya could land an attack on him. He missed Chen Xiaobei this time!

"What... the hell..."

Kitagawa Heya was dumbfounded.

He had gradually let his guard down and did not foresee his attack to be futile!

One wrong move, and you lose the game!

Right now, Kitagawa Heya was just wrong and wrong and wrong again!

The shock caused him to react recklessly.

He did not even properly prepare his True Kang and was one step behind Chen Xiaobei.

You can already imagine the result of that!

Smack!

Chen Xiaobei swung his arm and sent a brutal slap his way.

The nine White Dragons' images entwined around Chen Xiaobei's arm, adding an extra 5,000 combat power to the strike!

"Argh..."

As Chen Xiaobei's palm landed on his face, Kitagawa Heya let out a squeal. He spun around the ground like a spinning top and fell to the ground with a loud thud.

"Argh... Urgh...! Blarghhh..."

His energy was suppressed, and because his protection was inadequate, Kitagawa Heya's face was twisted at an angle. His blood and teeth were strewn across the floor.

With a splitting headache and a bruised neck, it was excruciating to even move an inch.

"Didn't you call me trash? Say it again for me! Didn't you say that I was dumb and had lost my mind? Say it again! Say it!"

Chen Xiaobei walked to where Kitagawa Heya was lying, grabbed him by the hair and started throwing erratic punches.

"Blargh... I'm wrong... I know now that I'm in the wrong... Please stop... If my neck is broken, I will become handicapped... Please stop..."

Kitagawa Heya's face was swollen like a balloon, all of his teeth were missing and there was a rush of blood spewing from his mouth.

He was the legendary grand elder of Divine Sovereign Sect! The third most powerful elite in Japan! But here he was, being beaten into a pulp by a twenty-year-old Chinese boy, begging for mercy!

If word went out about this, the whole of Japan's Jianghu, even the Tenshou overseas, would be shaken to the core!

How unfathomable!

"Hmph! If it weren't for the fact that I had planned to keep you as my dog, I would've already beaten you to death!"

With one hand grabbing Kitagawa Heya's hair, Chen Xiaobei used the other to shove a Heavenly Dog Biscuit into Kitagawa Heya's mouth.

Seconds later, Kitagawa Heya immediately recognized Chen Xiaobei as his master.

In order to help quicken his recovery, Chen Xiaobei handed him a bottle of Hundred Herb Potion to wash his face with and a Taiyi Life Enhancement Pill to heal his wound.

He was going to be an important chess piece to Chen Xiaobei's plan for Divine Sovereign Sect!

Once he had done all these, Chen Xiaobei turned his attention to Nikkawa Uchu.

"Mr... Mr Chen... I'm sorry... I was wrong... I swear I will never ever make you my enemy... Please don't hurt me... I beg you..."

Nikkawa Uchu was crouching in the corner, too terrified to move.

Even Kitagawa Heya was beaten up like a dead fish. How was he, Nikkawa Uchu, supposed to escape from Chen Xiaobei's hands?

"You don't want me to hurt you? How can I do that?"

Chen Xiaobei walked towards him and said, "I thought you wanted me to continue to bullshit? I've always been very generous and I really want to grant your wish!"

"No!"

Nikkawa Uchu screamed at the top of his lungs, "I am willing to become your dog! Feed me the biscuit! Please don't hit me! If you hurt me, you will have to give me medication to heal my wound! Don't waste your precious medicine!"

"Hehe, you are quite concerned for me!"

Chen Xiaobei laughed.

"I don't have much of anything else, but these healing medication, I have plenty! Let me give you a good beating first and then heal you later on! I can afford to do so!"

No... Arghh..."

Nikkawa Uchu was about to beg again when Chen Xiaobei's hand smashed into his face, causing him to cry out in pain.

"What's so great about being the emperor of Japan? What's so great about having Falcon Fighters? Since you wanted to get my attention, let me slap you till your face rips apart!"

Chen Xiaobei grabbed Nikkawa Uchu with one hand and the other slapping his face repeatedly to vent his anger.

After about 3 minutes, when Nikkawa Uchu's face swelled, only did Chen Xiaobei stop.

Chen Xiaobei then gave him a dog biscuit, ensured he recognized him as his master and then gave him the medication to attend to his wounds. After beating the grand elder of Divine Sovereign Sect, Chen Xiaobei beat Japan's Emperor up. This was definitely one hell of an experience for him.

It was worth using up two Taiyi Life Enhancement Pills.

"Alright! Next up, let's go somewhere else to discuss the crown prince's wedding!" Chen Xiaobei dived straight into the matter.
