#### Chapter 1081: A Major Discovery

Chen Xiaobei left the battlecruiser with his two new dogs back to the forest.

He had found out a little about the crown prince's big wedding from Green Dragon and Phoenix Enigmatic Ninja.

It was a business deal, through and through. Demonic Fox was merely a tool whose purpose was just to pass on the power of the emperor to God Emperor.

And since God Emperor was Tenshou God's closet disciple, the power would eventually belong to Tenshou.

In return, Nikkawa Uchu would get the 'special training' from God Emperor. This was also one of the things that Chen Xiaobei was interested to get to know more about.

"Enlighten me, what would you get if the wedding took place as per the day it was planned?" Chen Xiaobei asked.

Nikkawa Uchu nodded and expounded, "We will have to go back to the start, starting with Phantom Rain. Besides the fact that she was extremely talented, Phantom Rain was able to reach the later phase of Celestial Cultivation at her age was largely because of that place Tenshou God brought her to. It was a very special place. You needed to have Sky Ninja, also a demigod to help you in order to enter the place. Legend has said that that place is rich with resources, Spiritual Items, Spiritual Medicine; you get almost anything and everything! I heard that their Spiritual Stones are palm-sized! The Prosperous Cave is there as well and is stocked with Spiritual Qis all year long. You could also get a hold of many high-tiered martial art manuals there! What's more, Celestial Cultivation is considered a very common cultivation. Countless of elites are born there yearly, but only the truly powerful one could earn the rights to dominate the rest of them! I'm guessing that Phantom Rain did not even have any ranking there. She only came back because she could not mingle with them any longer!"

Chen Xiaobei was surprised upon hearing this.

That place sounded like a heaven for every elite!

If he could get his hands on a bunch of Spiritual Items and Spiritual Medicine, he would borrow Xiao'er's Special Ability; eating and sleeping all day long so that his cultivation would soar!

And there were even palm-sized Spiritual Stones, and the Prosperous Cave that had an abundance of Spiritual Qis!

If Chen Xiaobei could somehow get there, then he would be able to use all the trump cards he had inside his Treasure Chest! He wouldn't have to constantly crack his head rationing his Spiritual Qis anymore!

Just thinking about it was enough to make him happy.

"So, where is that place? I must go see it!" Chen Xiaobei asked excitedly.

"I don't know..." Nikkawa Uchu shook his head and said, "Tenshou God is very secretive about this. I've tried talking to those who know the Demigods but so far I still have zero leads!"

Chen Xiaobei nodded understandingly, and then turned his gaze towards Kitagawa Heya, "What about you? You are the grand elder. Do you have any inside information?"

"That... I'm not too sure either..." Kitagawa Heya smiled bitterly, "I may be the grand elder but I'm just a nobody in the Tenshou Hierachy. I've heard plenty of rumors but nothing solid."

"I understand that the two of you do not know the exact location, but don't you guys know the direction at least?"

Chen Xiaobei's brows furrowed.

"The earth is so big. I'm sure you've sent your men to a thorough sweep. Didn't you find anything at all?"

"Tell me about it! I've already sent hundreds of secret agents to search the whole world! In fact, I'm not the only one! Nearly every country is looking for it as well!"

Nikkawa Uchu sighed and said, "Until today, the total number of agents every country has sent is more than a hundred thousand! They've searched nearly every corner of the earth. Even the Arctic and the Antarctic sent large scales of manpower in the name of science! When this topic was brought up this year in each country's high-level meetings, there seemed to be a general consensus –"

Nikkawa Uchu paused for a while and said, "That place is not on earth!"

"Not on earth? How could that be?" Kitagawa Heya raised an eyebrow at Nikkawa Uchu, his gaze filled with doubt.

"You didn't know that, right?" Nikkawa Uchu said, "You grew up in Jianghu and are no different from the commoners. So you wouldn't know any of the top-level secrets! Every nation has searched deep into the depths of the earth! There are practically no secrets left to be found on earth anymore. Big countries like the US, Russia and China have already started their search in space! I also know that they have found extraterrestrial life forms as well! Their scientists are attempting to communicate with them currently. If it weren't for the fact that I'm the Emperor, I wouldn't have known all these either! And because I know that, I believe that there's a possibility that the special place is not here on earth!"

"Oh, that's why!" Kitagawa Heya nodded thoughtfully and said, "Of course, your position as Emperor does give you some sort of special superiority. It's really no wonder that Tenshou God was willing to make the exchange with you, and take your place!"

Sitting on the throne of an Emperor meant control over the entire country and its army, and rubbing shoulders with foreign ministers and people of power.

It was a valuable position indeed.

Being the strategic visionary, Tenshou God was able to foresee that.

Unfortunately for him though, he was just a little too late.

Chen Xiaobei had already bagged that position!

"I believe it too!"

Chen Xiaobei nodded in agreement to what Nikkawa Uchu had said.

In the earlier days, when he had just started the Three Realms Mission, Chen Xiaobei had already gotten to know the truth about this world from Monkey King.

After the three calamities, the Void Land could not withstand it anymore and shattered into the boundless universe today.

Billions upon billions of universes.

That would mean to say that in this vast, infinite universe, earth is but a tiny grain of sand. There were plenty of intelligence as well as other forms of human life out there!

Monkey King even said that the realms of heaven and earth realm are both within the universe, but are much higher than the ceasing human world.

And between these three places was a special realm known as the doors to the three realms. The almighty Hong Diao created the fourth realm and it was called the Earth God Realm. Chen Xiaobei postulated that the special place which Nikkawa Uchu talked about was most likely the Earth God Realm.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1082: I'm Not Afraid of Him**

"If the Earth God Realm does exist, things are going to get really interesting!"

Chen Xiaobei seemed to be very much amused by the idea.

At the Saturn Peach Fest, Lu Bu would not stop talking about Earth Gods.

If his cultivation had reached the Earth God's level, would he be then in the Earth God Realm?

If so, then besides Lu Bu, would there be any other ancient legends there?

Most importantly, if one managed to transform into the Earth God, would that person get the opportunity to overcome the calamity and become a deity?

Monkey King had told Chen Xiaobei that after the Void Land was destroyed, Hong Diao had used his mighty power and in only thirty-three days he separated three realms!

His sole purpose was to protect the human race that was left in the lost land, so that they would not be ravaged by other stronger forces!

Some of the deities and other demons possessed the power to destroy stars and even swallow the sun! If they could roam freely amongst men on earth, then all of mankind would surely become extinct!

That was precisely why Hong Diao locked the passageways and only under special circumstances when deities needed to perform certain tasks, were they then be only allowed to walk amongst men. Demons, on the other hand, were basically forbidden from setting foot on earth.

Of course, even if they had come to complete a mission, the deities' strength would be greatly restricted in order to ensure that human beings would not be affected. A good example would be the Three Realms Mission!

In a desperate move, Hong Diao had set a law to ascend to the heavens.

Once a creature on earth becomes strong enough to destroy a star, then calamity would fall on earth. Should one survive the calamity, he/she would be able to unlock the Door of Longevity, ascend to heavens and become a deity. However, if the person fails to survive the calamity, he/she would be killed by heaven's wrath.

Because it was Monkey King who had told him about ascending to heaven, Chen Xiaobei believed them a hundred percent and even was looking forward to it with great anticipation!

Putting aside all the benefits of being in the heavenly realm, Chen Xiaobei's close sidekicks Monkey King, Yanwang, and Xiao Tianquan were also all there. Such a sacrifice touched Chen Xiaobei to work to the best of his ability as to not let them down.

For starters, Cheng'er and many other goddesses were there as well. Would Chen Xiaobei have 'fun' with them?

Chen Xiaobei was really excited about that.

"Master, what are you laughing to yourself about?" Kitagawa Heya probed cautiously.

How could he have known that Chen Xiaobei was imagining meeting Cheng'er and wondering something risqué would go down between them?

"Oh, er, it's nothing!" Chen Xiaobei straightened his face and said, "So far we have an idea of where the special place is. Although we only have a vague idea, I'm certain that it wouldn't be too far off. So, my plan is to allow the crown prince's wedding to go ahead as planned in order for Nikkawa Uchu and the Tenshou's deal to go on as agreed! When the time comes for the Tenshou to head to that special place, I will put on a mask and go with him in place of Nikkawa Uchu!"

Nikkawa Uchu agreed, "That is a very good idea! I've seen master's masks myself! They are flawless! Master will be able to benefit so much by going there!"

Kitagawa Heya also nodded and said, "If it all goes well, master's cultivation might just surpass Phantom Rain's and probably even break through the next major cultivation!"

"That is highly possible! Phantom Rain's cultivation is so high level because she went there. Our master hasn't even set foot in that place but he could reach 90,000 combat power on his own! He might even have a major breakthrough!" Nikkawa Uchu added.

"God, I can't wait!"

Chen Xiaobei smiled before changing his tone to a more serious one. "There is however one more thing I want to know. Is there an Orochi Scale like this in the Divine Sovereign Sect?"

Chen Xiaobei took out the Orochi Scale he had and showed it to Nikkawa Uchu and Kitagawa Heya.

After all, being already his loyal hounds, there was no need to keep secrets from them.

"I know that!" Kitagawa Heya replied. "The Emperor God has something like this! He had openly announced to all the members of the Divine Sovereign Sect to keep their eyes peeled for this scale. If it is found and the scale given to him, they will be rewarded handsomely."

"So, it really is in the Divine Sovereign Sect!" Chen Xiaobei narrowed his eyes and said pensively, "It looks like Li Xiang's intel is pretty accurate. But how do I get my hands on that Orochi Scale?"

"I'm afraid that's not possible!" Kitagawa Heya said. "The Emperor God treasures it and keeps it by his side all the time! He brings it with him everywhere he goes! Even when he's showering, he would place it no further than an arms length!"

Chen Xiaobei frowned at this.

"How is the Emperor God's cultivation?"

"Why do you even ask?" Kitagawa Heya asked him back.

Chen Xiaobei answered with conviction. "Judging from the way the Emperor God safeguards the Orochi Scale, the only way to get it is by force! We'll have to give him a drubbing in order to get it!"

"My god... that's even more far-fetched..." Kitagawa Heya said in distraught. "The Emperor God's cultivation had already reached pinnacle phase of Celestial Cultivation with 130,000 combat power! On top of that, he has mastered S-tier ninjutsu! He's the most powerful ninja in Japan!"

Nikkawa Uchu quickly added, "Master, you have to take this seriously! The Emperor God's cultivation is much higher than yours! If you take him on, you will die!"

"I already know I have to do!" Chen Xiaobei half-smiled and said, "I've been very careful with my trump cards all this while because I was saving them for this battle with the Divine Sovereign Sect! He may have 130,000 combat power, but I, Chen Xiaobei, am not the least bit afraid of him!"

"..."

Both Nikkawa Uchu and Kitagawa Heya were lost for words.

How could a man with 90,000 combat power is supposed to fight with a man yielding 130,000 combat power?

If this was not meant to be a joke, then Chen Xiaobei must indeed have lost his marbles.

But what they did not know was that, if Chen Xiaobei laid all of his trump cards out, he would be able to defeat the entire Divine Sovereign Sect! Even the Emperor God himself would be forced to get down on his knees and surrender!

Chen Xiaobei could not be bothered to explain this to them and immediately got down to planning his next move.

Qie Loulan used the Art of Disguise to make a mask of Nikkawa Uchu so that Chen Xiaobei would be able to fool his enemies.

Nikkawa Uchu then left with two bottles of the Hundred Herbs Potion in order to help his son's injuries recover so that the wedding would be able to take place on time.

Chen Xiaobei discussed with Kitagawa Heya for a while and then asked Qie Loulan to make a mask of one of the Divine Sovereign Sect's disciples. That person was Kitagawa Heya's closest disciple, whose bodily dimensions were similar to Chen Xiaobei's. This would enable Chen Xiaobei to blend in with the rest in the Divine Sovereign Sect!

Nothing much happened that night.

It was early the next morning, and Qie Loulan had finally finished the masks.

Chen Xiaobei put on the mask of the Divine Sovereign Sect's disciples, and donned on the clothes of the sect, ready to leave and head for the Divine Sovereign Sect."

"It's time to rescue Demonic Fox from the pit of fire!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1083: Brainwashing**

In the Divine Sovereign Sect, on Mt. Kurosaki Yama on the shore Northeast of Japan.

At the outermost corners of the mountain, stood a temple; a place for worship for the believers and a place of interest for the tourists. But the areas deeper into the mountains were completely off-limits as that was where the Divine Sovereign Sect was; not just anyone would be allowed to set foot into that place.

Earlier this morning, Chen Xiaobei, having assumed the identity of Kitagawa Heya's closest disciple, entered the sect with Kitagawa Heya. As a Grand Elder, those under the Emperor God namely the disciples would greet Kitagawa Heya respectfully.

Chen Xiaobei, on the other hand, benefited by association. When the other disciples saw him, they all bowed and nodded just the same.

Everything seemed to be going well thus far.

Sooner than expected, both Chen Xiaobei and Kitagawa Heya arrived at the back of the mountain; the forbidden area in the sect.

The terrain had been leveled flat with bricks and a Holy Altar was constructed there.

A girl, clad in a white long-sleeved silk robe was kneeling in the center with her eyes shut.

She was simply stunning; with slender brows and a dainty nose, it was a sight reflecting the brush paintings of a Jiangnan Beauty.

Her dark hair gently draped across her back like a waterfall, a stark contrast to her pristine white garment.

As the wind blew, her silky hair and robes danced gracefully in the air; she mimicked a radiant snow lotus, untainted and silently blooming in this isolated secret place.

Chen Xiaobei knew this woman. She was the reason for this current mission. He was going to help her escape this living hell that was the Divine Sovereign Sect.

But Chen Xiaobei had never seen this side of her.

From the hostess at the nightclub who tried to seduce Chen Xiaobei the first time they met, to this flawless snow lotus before his eyes.

She was a completely different person!

"Master..." Kitagawa Heya whispered. "Tochigi Hyokitsune is there. Now you've finally gotten a chance to see her! But please, do not attempt to take another step towards her!"

"I know." Chen Xiaobei replied, nodding slowly.

As there was still quite a distance to reaching the Holy Altar, Chen Xiaobei and Kitagawa Heya decided to pause for a bit, as they quickly scouted the surroundings of the Holy Altar.

On each side of the four corners of the Holy Altar stood a figure; a total of four men whom amongst were three elderly and one young man, perched on their heels, muttering syllables. It looked there was a holy ceremony ongoing.

Undoubtedly, the three old men were three of the four guardians of Divine Sovereign Sect, all of which were Celestial Cultivated Enigmatic Ninjas.

Their cultivations were, of course, one rung below the Grand Elder, Kitagawa Heya's.

Since he already had Kitagawa Heya under his thumb, he could not be bothered much for these old men.

The fourth man, a younger lad in his thirties was the real reason why Chen Xiaobei stopped in his tracks.

He was the leader of the Divine Sovereign Sect, Tenshou God's closet disciple; possibly the strongest man in all of Japan. His Celestial Cultivation was at the pinnacle phase of a 130,000 combat power and would most plausibly achieve the next cultivation really soon!

Although Chen Xiaobei could have taken him down, he was trying hard to refrain himself from alerting his enemy and destroying the crown prince's wedding plans, which would then destroy the opportunity to realize the pact between Tenshou God and Nikkawa Uchu.

Chen Xiaobei would have to hold back for now and only strike later when the right time comes.

"I did some research and found out that before the Holy Lady is to be married off, she must fast in the Holy Land under the watchful eyes of the Emperor God and the four guardians while they are chanting!"

Chen Xiaobei questioned, "I've always thought that that was just a subterfuge to deceive the people. Hmm, but they really are chanting! Does it work?"

"That's no mere incantation. This is a most definitely a unique way to brainwash. They are planting a subconscious like a seed into the very depths of Tochigi Hyokitsune's soul!"

Kitagawa Heya further explained, "In the future, if Tochigi Hyokitsune does as she is told, nothing will ever happen to her. But should she rebel, the Emperor God will use a secret technique and control her like a putter!"

"%\$#@!?"

Chen Xiaobei was not happy to hear this. "Oh god, they are planning to mess her up real bad! This is insane!"

He suddenly had a flash back to a past memory in Paradise Island, to the moment before time was reversed when Demonic Fox told Chen Xiaobei everything about herself.

She had always felt that she was very lucky to be accepted into the Divine Sovereign Sect.

She even boasted that her sifu was extremely kind to her and naively believed that the Emperor God and Nikkawa Okazaka would be able to avenge her, which led to her restrained arranged marriage with him.

Whilst dreams could be beautiful, the reality is always cold and harsh.

Neither the Emperor God nor Nikkawa Okazaka would ever avenge her. They dared not to even attempt that.

It was all a lie right from the start.

What was even more ludicrous was that they were brainwashing her all this time!

How could Chen Xiaobei not be mad?

"Is there a way we stop this?" Chen Xiaobei asked, his tone icy.

"There's no way to do it..." Kitagawa Heya shook his head remorsefully. "The Emperor God and Grand Elders are here, if we go anywhere near the Holy Altar, we'll be killed. Even if the four Grand Elders were to try talking to Tochigi Hyokitsune, they would all be killed as well, as talking to her will halt the brainwashing process. Objectively speaking, unless you have already made up your mind to make a scene, there is no way we could stop the brainwashing without being noticed..."

"Wait!" Chen Xiaobei cut him off and said, "You're saying that talking to her will stop the brainwashing, right?"

"Yup... Yeah!" Kitagawa Heya nodded and said, "Tochigi Hyokitsune must be in an unconscious state of mind throughout the entire brainwashing process. If someone speaks to her and awakens her consciousness, the brainwashing would be completely ineffective."

"Great! Then, I have an idea!" Chen Xiaobei's eyes lit up as he proceeded to pick out two delicate knots from the Infinite Space Ring.

"What is this?" Kitagawa Heya asked, curious.

"This is called the Thousand Whisper Knot. It's a Support Type Spiritual Item I managed to sneak from Diao Chan's red packet!" Chen Xiaobei said.

"Diao Chan? Red Envelope?" Kitagawa Heya asked, even more confused than before. "Master, what are you talking about?"

"There's no time to explain!" Chen Xiaobei handed a bow to him and instructed, "Go over there and when you get chance, activate this Spiritual Item and send it to Little Fox's body! That way, I can use my inner thoughts to awaken her consciousness."

"Use inner thoughts to awaken her? How is that possible?"

Kitagawa Heya stared at Chen Xiaobei, lost for words. He felt as if Chen Xiaobei was telling him a myth, it felt way too surreal for comprehension.

"Enough talk! Hurry and go over!"

Chen Xiaobei hastened. He was in no mood to explain everything.

"Yes, master!" Kitagawa Heya hid the knots in his sleeve and walked over to the Holy Altar.

As he was approaching, approximately ten meters away, the Emperor God had already noticed him.

The Emperor God got up slowly, walked down the Holy Altar and towards Kitagawa Heya.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1084: Awoken Through Whispering**

"All hail the Emperor God!"

Kitagawa Heya greeted obsequiously but softly. He was familiar with this unusual environment and knew not to raise his voice.

"How did the operation go last night? Managed to capture the guy?"

The Emperor God appeared calm.

"Nikkawa Uchu came begging for help from my Divine Sovereign Sect just for some little Chinese boy. He's behaving more immature as he ages!"

"Emperor God... I have something to report... The operation last night was a failure... Chen Xiaobei escaped..." Kitagawa Heya replied, his face clouded with humiliation.

"What?!"

The Emperor God was taken aback at this news.

Raising his voice, he probed, "The both of you created a huge scene and you let Chen Xiaobei slip away? What the hell did you guys do?"

Clearly, the Emperor God felt that sending an entire army for the capture of Chen Xiaobei was completely unnecessary. It should have been an easy job.

He had never thought that Chen Xiaobei would be able to escape this dragnet.

There was nothing else more humiliating than that!

Kitagawa Heya quickly tried to explain, "We've got no idea what Chen Xiaobei used to destroy all ten of the Falcon Fighters. Neither Nikkawa Uchu nor I have a flying Spiritual Item, we had no choice but to only stand there helplessly and watch him escape..."

"What?!"

The Emperor God lost his temper and shrieked, "All ten of the Falcons were destroyed? How is that even possible? That is the world's most advanced fighter jet!"

"I'm afraid it's true... Chen Xiaobei wasn't as easy as we thought..."

Kitagawa Heya sighed, bowing his head in remorse.

"Who would've thought? Who would've thought?!"

The Emperor God's eyes narrowed.

There was a somber look in his eyes as he muttered, "We've totally underestimated Chen Xiaobei. Who knew that he really is somebody. It's no wonder that my Shimeji, Phantom Rain could not capture him too. He's one really tough nut to crack!"

Kitagawa Heya was afraid that he had alarmed the Emperor God, which would then be an unfavorable odd for Chen Xiaobei so he quickly said, "Hmm, not really, he's actually not that difficult to crack. If that punk so as much as touches the surface of the sea, I'll be able to kill him in a second!"

"You fool!"

Surprisingly, that statement barely convinced the Emperor God into looking down at Chen Xiaobei.

"I have a feeling that this punk is stronger than we think he is. If he ever touches the surface of the ocean, the one who'd win might be him."

"..."

Kitagawa Heya was horrified.

The Emperor God's instincts were eerily accurate.

When Chen Xiaobei had landed on the deck of the battlecruiser last night, he pummeled both Nikkawa Uchu and Kitagawa Heya until they swelled up like balloons.

This proved that the Emperor God's combat power was not only high, but he was also very precise at discerning situations and had a sixth sense on detecting danger.

Convincing him to underrate Chen Xiaobei was not an easy task.

Kitagawa Heya began to slowly falter; he was starting to doubt if Chen Xiaobei's knot would really work.

What if they failed to awaken the Demonic Fox but instead provoked the Emperor God? They would be then in deep trouble.

It might even cause a butterfly effect, and affect Chen Xiaobei's other plans!

"What are you staring at? What? You're doubting my judgement?" The Emperor God asked.

"No, of course not!" Kitagawa Heya quickly snapped out of his train of thoughts, straightened up and said, "Your wisdom far surpasses mine. Whatever you say it is, that is what it will be."

"Heh, alright. Well, you don't have to flatter me!" The Emperor God chuckled and said, "Return to your position. The wedding is only 48 hours away! We must complete the brainwashing within this time! Once we are done, I will put through a word to Sifu to reward the four of you."

"Thank you, Emperor God! I will take my leave now."

Kitagawa Heya then immediately walked towards the Holy Altar where he knelt down and started to mumble lines of cryptic, unintelligible chant.

The Emperor God mirrored the same; eyes closed and lips incanting.

Since the big wedding was drawing near, they could not afford to make any mistakes. Even the Emperor God himself had to contribute quite a bit into this.

But never in a lifetime would he have guessed that the Grand Elder whom he trusted most, had already become a spy!

Kitagawa Heya opened his eyes cautiously to peek and saw that the Emperor God and the three other Grand Elders had their eyes still shut tightly.

This was his chance!

Kitagawa Heya then secretly activated the Thousand Whisper Knot.

This Spiritual Item's Spiritual Attribute was not a strong one, instead it was gentle and mild. Upon communicating with Kitagawa Heya, it moved obediently according to his instructions.

In a split second, a light pink halo flew silently towards the Demonic Fox like a butterfly and perched right on her chest.

"Yes! It's done!"

Chen Xiaobei was on the other side, anxiously observing.

He immediately activated the other Thousand Whisper Knot.

Similarly, a pink halo landed on Chen Xiaobei's chest.

A sudden wave of intense force pierced through his mind as if he was connected to an invisible cord, allowing electricity to flow through.

The line connected Chen Xiaobei to Demonic Fox.

Chen Xiaobei consciously ensured to clamp his mouth shut before calling out to her in his heart, "Little Fox! Little Fox! Do you hear me?"

"Mm..."

A familiar female voice rang in his head.

The voice sounded languid, like when a person had just woken up from sleep.

"Don't open your eyes! And don't open your mouth or we'll be in trouble!" Chen Xiaobei quickly warned her.

Demonic Fox's conscious mind had been awakened. If he accidentally caused her to open her mouth, the cat would then be let out of the bag.

"Who are you? Am I dreaming?"

Demonic Fox sounded extremely weak.

"Stupid Fox! Can't you tell from my voice?" Chen Xiaobei teased.

"This voice... it's you? You're that bastard!, Chen Xiaobei!" Demonic Fox exclaimed. "My god! Why would I even be dreaming about a douche like you? This is impossible!"

Demonic Fox did not recall opening up to Chen Xiaobei and dying with him.

The moonlight cache had undone it when time was reversed.

Thus, the reason why Demonic Fox remembered him as the man who bullied her.

"Little Fox, calm down! This is not a dream."

Helpless, Chen Xiaobei had no time for explanation but tried to reassure her saying, "I have something very important to tell you! You must listen carefully!"

"Tsk! You bullied me! What good could you possibly do?" Demonic Fox spat. "I will not listen to you! I'm going to open my eyes now so that you'll disappear from this dream!"

"If you don't wish to avenge the extermination of your family then go ahead and open your eyes!" Chen Xiaobei said.

"What?! How did you know that?" Demonic Fox asked in bewilderment.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1085: Killers From Chanism**

Revenge!

These were things that Demonic Fox had never told anyone else before. While she had wanted to utilize the Emperor God and Nikkawa Okazaka for her revenge, but because they were both unreliable, she had said nothing about it to either of them.

Imagine the shock that hit her when she found out that someone else knew about it, and all the more, that person was Chen Xiaobei!

"Tell me now! How did you find out?! Does anyone else know about this besides you?"

Fear and anxiety filled her mind. She felt as if her deepest, darkest secret had been exposed!

"I can't possibly explain everything in a few words but don't you worry, I didn't tell anyone. I promise I won't hurt you but I'll do my best to help you." Chen Xiaobei reassured her, his tone sober.

It would probably take the whole day to explain everything to her. In fact, even if he told her about Moonlight Cache reversing time, the probability was high that she would not believe him.

"You'd help me? Why?" She asked, unconvinced.

Chen Xiaobei was one major asshole in her dictionary of people. She could count the number of times he bullied her. However, she was also aware that he only did that in defense when she tried to kill him on more than one occasion.

The only reason that she still remained alive today was because Chen Xiaobei took mercy on her.

The more she thought about it, the more conflicted she felt about Chen Xiaobei.

There was no hatred, but there was definitely conflict.

There was no gratitude, but Chen Xiaobei had definitely for the fact, spared her life.

There was no favorable impression, but there was definitely a lot of skin to skin contact with Chen Xiaobei more than once.

There was no admiration, but she felt a certain adoration and desire for him.

He killed Meichuan Neiku in Green Vine City and single-handedly took control of the entire auction in Paradise Island!

These were not things an ordinary man could do!

Demonic Fox's heart was definitely shaken more than once by Chen Xiaobei.

These feelings of adoration and desire starting emerging once ahead, very subtly.

And it was under the fleeting moments of these emotions that she approached Chen Xiaobei that day, after the Paradise Island auction.

It was also then that she opened up heart-to-heart to Chen Xiaobei.

The only issue was that that particular memory was wiped away by the undoing of time.

The only thing she could recall at the moment was wanting to talk to Chen Xiaobei.

But she never told him anything. How could he have known? Why was he helping her?

That's just too uncanny!

"I know you still don't trust me, but you have to do as I say or we'll both die!" Chen Xiaobei said in a tone that meant business." The Emperor God and the four Grand Elders are brainwashing you, right now. I've used a Spiritual Item to wake you up. If you open your eyes or even move an inch, they will realize that they've failed to condition you, you'll be useless to them then and they will just get rid of you!"

"Brain... Brainwash?" Demonic Fox was disturbed by this revelation. "No wonder it feels like I've been sleeping for a long time. And when I woke up, my mind was blank for a while..."

Demonic Fox came to realization that she was just a trading chip. When told that they were brainwashing her, she chose to believe Chen Xiaobei.

"I'll try to stay as quiet and still, but could you at least tell me what you're planning on doing next?"  
Demonic Fox asked.

Chen Xiaobei answered, "Just endure it for a little while more. The brainwashing is almost done. Once that's done, I will find a replacement for you so you won't have to marry Nikkawa Okazaka!"

"Replace? How are you going to do that?" Demonic Fox was curious to know. "Wait, are you planning on disguising as me and marry Nikkawa Okazaka yourself?"

"What?!" Chen Xiaobei was mortified. "Okay maybe I did think of that, but I don't have boobs as large as yours or that perky of an ass as yours!"

"Pervert!"

Demonic Fox was abashed.

Thank goodness, she could control her state of mind otherwise she might've just blushed and gave it away.

"Okay, I'll stop teasing you."

Chen Xiaobei then said, "All you gotta do now is just wait. If you have anything to say to me, use your mind! Should anything unexpected happen, go to Kitagawa Heya. He is one of my men now; and he will make sure to protect you!"

"Wait, what? Grand Elder, Kitagawa Heya is one of your men?" Demonic Fox then said snidely, "Oh so you think I'm that dumb? You could've just gone ahead and told me that Tenshou God is also one of your men."

"Don't be so shocked!" Chen Xiaobei chuckled. "How did you think I put the Spiritual Item on you if Kitagawa Heya wasn't one of my men?"

"Hmm..."

Demonic Fox turned silent. Lost for words, she was starting to be convinced that Chen Xiaobei was telling her the truth.

But she could not, for the life of her, ever imagine that the Grand Elder of Divine Sovereign Sect who ranked the third most powerful man in Japan to be under Chen Xiaobei's authority!

This was completely difficult to believe, even more than the fact if the sun were to rise from the North!

"Alright. You must listen to me so that I can save you from this rut." Chen Xiaobei said.

"Save me?" Demonic Fox questioned. "Didn't you say that you were going to help me avenge my family? I demand to know how you plan on doing that."

"I haven't decided yet... this enemy is a demigod. You should know better than me how strong he is. So look, please try and be a little more patient!"

Chen Xiaobei remarked, "I don't just make simply make any empty promises. Besides, I've already promised to avenge your family no matter what it costs and no matter how long it'll take. I've given my word and I'll do it."

"Mm..." Demonic Fox's tone softened, her heart was moved.

Even though they were physically apart, she could feel the determination he carried. And it made her realize that this man was really sincere in his desire to help her out.

"Chen Xiaobei, thank you..." Demonic Fox said in her heart. "No matter how things are going to turn out, I just want to thank you!"

"No worries. So as long as your gratitude is shown through actions, and not just all talk. Heh!" Chen Xiaobei grinned.

"I have an incoming call. I'll need to take this outside. Remember what I said and wait for me!"

"Alright..." Demonic Fox replied softly.

...

To avoid being detected, Chen Xiaobei went out of the vicinity of the Divine Sovereign Sect and vanished into a quiet, sequestered forest.

"Hello? Xiaobei? What took you so damn long to pick up the phone? Something happened?" Six Ear Macaque's distressed voice could be heard from the other line.

"Dude, what happened that made you lose your cool?" Chen Xiaobei was alarmed.

Six Ear Macaque had always been the really chill and fearless one.

Something big must have happened to agitate him that much!

"The Chanism sent their people here to kill Jiang Ziya!" Six Ear Macaque could barely hide his terror.

"They beat the living daylight out of Tanaka Tsuyoshi and Can Jingu! Li Xiang and I are taking old man Jiang to hide in the mountains, but they brought a Heavenly Dog with them. They're going to find us pretty soon!"

"They? Is there many of them? What are their cultivations?" Chen Xiaobei was shocked upon hearing this.

"They are three Heavenly Soldiers and one Heavenly Dog! Their cultivation... Urgh..."

Six Ear Macaque broke off mid-sentence.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1086: Kill Them like Ants**

"Six Ear! Are you alright?"

In a flurrying whisk, Chen Xiaobei quickly summoned the Somersault Cloud and rushed to the hiding place.

They waited and soon enough, Six Ear Macaque's voice came over the phone again. "I'm alright but.. Old man Jiang lost his balance and I managed to pull him back!"

"Oh, thank god..."

Chen Xiaobei, looking relieved lets out a sigh and asked, "So, back to the topic, what are their cultivations?"

Six Ear Macaque replied, "because of the Three Realms' Rule's restrictions, they are now only elites with pinnacle phase of True Nirvana cultivation! They were however carrying some really powerful Spiritual Items. They can defeat someone that has the same cultivation with them almost instantly! Tanaka Tsuyoshi was defeated just like that!"

"If that's the case, then there's no need to worry! I can handle them!"

Chen Xiaobei relaxed a little but remained cautious.

"Can you receive Red Envelopes on your phone? I'm going to return the Deity Constricting Rope to you. Take good care of yourselves! I'll be there soon!"

"No, you don't have to! The forest is my home ground..."

Six Ear Macaque rejected the offer because he owed Chen Xiaobei the Deity Constricting Rope. He did not wish to have it back.

"Don't be reckless! Safety first! Listen to me and accept the Red Envelope!" Chen Xiaobei said with authority as if he was giving an order.

"Mm..." Six Ear Macaque conceded.

Chen Xiaobei sent the Deity Constricting Rope over to him and sped to their rescue.

...

West of Japan: In the forest by the sea.

Tanaka Tsuyoshi and Cang Jingu were sprawled on the ground in a pool of their own blood, badly hurt.

Standing next to them was a brawny man in his thirties wearing a t-shirt and jeans.

He looked like a regular person but the words he was babbling were unintelligible speech to regular people.

"This mission is just too easy! Ordinary human beings from the Lost Land are weak like little ants! No wonder the Ancestral Daoist wanted to protect these people! If I could bring my true cultivation here, I could burn the entire earthly realm to the ground on my own!"

The brawny man looked down at the spread-eagled Tanaka Tsuyoshi and Cang Jingu.

These two may be Japanese but they could actually understand Chinese language.

"Hey asswipes! Weren't the both of you overzealous just now? You can't even take a punch!" The brawny man mocked.

Tanaka Tsuyoshi and Cang Jingu became paler than a pair of ghosts, too terrified to even speak just thinking of what went down earlier.

A few minutes ago, the both of them were shooting the breeze with Six Ear Macaque and the others.

And now suddenly, out of nowhere, three brawny man appeared with a massive black dog and charged menacingly at them, announcing that they were here to capture Jiang Ziya and Six Ear Macaque.

But then again. Who were Tanaka Tsuyoshi and Cang Jingu?

One was an extraordinary Tenshou Pinnacle Ninja, and the other was Japan's one-in-a-thousand-years Prodigy Swordman.

Unforgivable! How could they take this kind of offence? They wanted to drive these men away. But without warning, that big brawny man who was standing over them now launched a punch! It seemed that he was at the Pinnacle phase of True Kang like Tanaka Tsuyoshi. That jab sent Tanaka Tsuyoshi and Cang Jingu flying face flat on to the ground.

"Weak chickens! Why aren't you saying anything?"

The brawny man scoffed, "If we weren't using you to threaten Chen Xiaobei then I would've killed the both of you!"

Tanaka Tsuyoshi and Cang Jingu looked spitefully at the man, feeling both ashamed and worried for Chen Xiaobei.

Unfortunately, strength was the iron law of this world.

The difference in strength was obvious and they could do nothing about it.

"What do you want with Bro Bei?" Tanaka Tsuyoshi could not help but speak up. "Let me tell you something – the both of us are only dogs of Bro Bei. Our lives are not unimportant. He will never give in to your threats!"

"Oh? So the both of you were fed with Heavenly Dog Biscuits, huh?" laughed the brawny man. "Don't worry. My two comrades are on Jiang Ziya and Six Ear Macaque's tail. Once they've got them, then we won't have to worry about Chen Xiaobei not surrendering to us!"

"Bro Bei must be on his way back. He will crush all of you first!" Cang Jingu said, determined.

"Hehe... Are all of you mortal beings are so naïve?" The brawny man said, "Before we came to be amongst you people, we've already checked Chen Xiaobei's strength. Currently, he only has 48,000 combat power. Tell me then who do you think will crush whom?"

"I..."

Cang Jingu did not know what to say.

Chen Xiaobei had only just broken through a cultivation yesterday night.

So, no one knew anything about it.

From what Tanaka Tsuyoshi and Cang Jingu know, Chen Xiaobei was only at the Early Phase of True Nirvana Cultivation, barely reaching anything close to 48,000 combat power.

Right now, one with 50,000 combat power was struck down. If Chen Xiaobei comes now, it may very well be disastrous.

The brawny man chuckled, "I'm not trying to showoff here but Chen Xiaobei's strength won't even be able to help him beat Wang Cai! He's not worthy of us to fight with him!"

Tanaka Tsuyoshi and Cang Jingu grew even more anxious, secretly hoping that Chen Xiaobei would not come. He would be walking right into a trap!

"Who is Wang Cai?"

A small meek voice came not far away.

Chen Xiaobei was on the Somersault Cloud charging towards the brawny man.

"Somersault Cloud! Are you Chen Xiaobei?" The brawny man asked.

"You haven't answered my question yet." Chen Xiabei casually said.

"Hehe, you want to know who Wang Cai is?"

The brawny man laughed mockingly, "It's the Heavenly Dog we brought here! Even though his strength was suppressed to only the Pinnacle phase of True Nirvana, it is enough to torment you!"

"Then I'll also answer you – I am Chen Xiaobei! The God Chen in the Three Realms Red Envelopes group, that's me!"

Chen Xiaobei shrugged.

Hehe, now is not the time for you to blow your own horn!"

The brawny man scorned, "All the disciples of the Prime of Tongtian are some really powerful deities! That was why the people in the group called you a god! And I just found out yesterday that your strength is worse than an ant's. Now how could you even be called a god?"

Chen Xiaobei was unfazed by this comment.

"I was born on a desolate land with a shortage of resources but I was able to reach a cultivation what many were only able to reach in their old age at twenty years old! Had I been born in the heavenly realm, enjoying the abundance of god-tierresources . By the time I reached your age, I would have been able to squash you like a bug!"

Chen Xiaobei said in a commanding tone, "If I'm not worthy of being called a god, how are you?"

"I..." The brawny man was lost for words.

Physically, he might look like he was in his thirties but his actual age was over a thousand.

He was in no position to insult Chen Xiaobei.

"You... You are bullshitting!" Unable to refute Chen Xiaobei's statement, the brawny man resorted to saying, "The winner takes it all! Losers have no right to say anything! I'm going to beat your ass up right now! You are no god!"

"Now?" Chen Xiaobei chuckled. "Now I will crush you like a bug!"

### Red Envelope Group of the Three Realms

#### **Chapter 1087: A Clown**

"Hmph! Drop your act, child! We've already looked into your strength! You won't even be able to take one of my punches and now you want to kill me? Dream on!"

The brawny man rolled his eyes at Chen Xiaobei.

"Oh? You looked up my strength?" Chen Xiaobei asked. "When was that?"

"I'm not afraid of telling you!" The brawny man said confidently, "After the Saturn Peach Feast, Shen Gongpao checked your background. He even included the strength you gained after eating the peach. It was only after that, that we made a move!"

"Heh, do you think that Shen Gongpao could have miscalculated?" Chen Xiaobei taunted.

"Of course!" The brawny man said proudly, "God Shen's wisdom and knowledge is outstanding. Not only did he nail the calculation of your strength, he also gave us a Spiritual Item that can instantly defeat someone that is as powerful as us! It's not an exaggeration to say that God Shen had already been forced to a dead end! If I were you, I would obediently reveal the whereabouts of the reincarnated Daji. If you don't, you'll be punished severely!"

Eyes narrowed, Chen Xiaobei said, "The Chanism really is quite ambitious! Not only do they want to capture Old Jiang and Six Ear, they also want to know where the reincarnated Daji is! Killing three birds with one stone!"

"Of course! Why else would I say that God Shen is so great?" The brawny man said. "God Shen isn't here but if he did, you wouldn't even be able to imagine how powerful he is! One stone, three birds, of which that is a must!"

"Hehe, after all you're just another one fanboy of Shen Gongpao!"

Chen Xiaobei beckoned the brawny man with a finger and said, "Come one then. I want you to know that not only Shen Gongpao will be unable to kill three birds with one stone, he will also have to lose three fanboys, oh, and a Heavenly Dog! Wang Cai!"

"Alright! Since you wish to die, I'll be more than happy to grant you your wish!"

The brawny man rubbed his palms together and said, "Today, I'm going to beat up the famous God Chen! I can show off a year's achievement when I go back to the heavenly realm! Hahaha..."

Swoosh!

The brawny man charged, using Pinnacle Phase of True Nirvana, having 50,000 combat power, blindingly fast!

"Bro Bei! Be careful! This guy is very strong! He injured us with just one punch..." Tanaka Tsuyoshi and Cang Jingu shouted with fear.

"Heh, I already said that I'll crush him like a bug. Do you think I was bullshitting?"

Chen Xiaobei smiled.

He took one step forward and suddenly vanished before their very eyes.

"Where is he? What kind of tricks is he playing?" The brawny man was dazed, having lost sight of his target.

"Did Bro Bei use some kind of Spiritual Item? How could he have disappeared?"

Tanaka Tsuyoshi and Cang Jingu were dumbfounded.

However, they were wrong. Chen Xiaobei was not playing any tricks nor was he using any Spiritual Item.

Chen Xiaobei did not vanish into thin air. He was only using the speed of Celestial Cultivation.

Using this speed, he was able to travel faster than the eye can see and get out of their field of vision! That's why it looked as if he disappeared!

It was clear that True Nirvana cultivated elites would never be able to beat a Celestial-cultivated elite.

Smack!

A loud crisp sound rang in the air.

Tanaka Tsuyoshi and Cang Jingu still had their gazes locked on to where Chen Xiaobei was standing.

They quickly turned around to where the sound came from and saw the most shocking thing in their life!

"Argh..."

The brawny man who was just a second ago, so confident of himself, was screaming and squealing like a slaughtered animal.

His muscular body pivoted on the ground about ten rounds like a spinning top and then collapsed with a loud thud.

"Urgh..."

The idiot's neck was on twisted to the side, and there was blood and teeth everywhere. His face was swollen and there was a mark of a palm on his cheek.

"How... is that possible..."

Tanaka Tsuyoshi and Cang Jingu kept rubbing their eyes.

"No way... How are you a Celestial Cultivation... That's impossible..."

The brawny man cradled his face in his hands, looking at Chen Xiaobei like he was looking at a ghost.

"Isn't your idol Shen Gongpao a man of great wisdom and knowledge? Wasn't he right about my strength? Weren't you going to beat me up and return to heavenly realm to boast about it? Hehe?"

Chen Xiaobei smiled sadistically at the brawny man.

Actually, Shen Gongpao was right. He had already calculated Chen Xiaobei's strength right after the Saturn Peach Feast! After Chen Xiaobei ate the Saturn Peach, he broke through his cultivation again later that night. Shen Gongpao did not factor in the latter.

He immediately sent three Heavenly Soldiers down to earth, certain that he would be able to have the upper hand against Chen Xiaobei. He had no idea he was actually digging his own grave!

"I give you 10 minutes to call you friends and Wang Cai to come back!" ordered Chen Xiaobei as he stood over the brawny man.

"I... I will go now..."

The brawny man trembled. The haughtiness he displayed earlier was wiped off his face completely and replaced with dread.

The only reason he was still breathing was because Chen Xiaobei did not wield his True Kang and trigger any Celestial Event. Chen Xiaobei had merely used his body strength to slap him.

If Chen Xiaobei had wanted to, he would have been crushed like a bug.

"Assemble! Chen Xiaobei is here! Hurry up and assemble!"

The brawny man shouted with much difficulty towards the forest, while writhing in pain.

Swish... Swish... Swish...

Soon, three silhouettes came running from different directions at the speed of 50,000 combat power. They arrived within seconds.

"Boss! Why are you hurt?" The other two brawny men ran over to their comrade on the ground.

Grrr! Grrr!

A tough, big black dog glared at Chen Xiaobei, ready to pounce at the command of the brawny men.

Chen Xiaobei glared back at the hound and threatened, "Don't get all fierce with me! Xiao Tianquan and I are brothers! Be careful or I'll ask him to finish you off!"

"Grrrrrr..." The canine's growl grew softer.

It must be Xiao Tianquan's little brother.

"Chen Xiaobei! Don't try to use your influence to intimidate people! Xiao Tianquan is not someone you can order around!"

The two brawny men who had just arrived did not know what Chen Xiaobei was capable of.

"Xiao Tianquan?" Chen Xiaobei smiled. "It looks like Xiao Tianquan has a higher ranking than the two of you in heaven!"

## Red Envelope Group of the Three Realms

### **Chapter 1088: Returning Bracele**

Chen Xiaobei and Xiao Tianquan's relationship was very strong.

Last night, after Chen Xiaobei left Abyss, Xiao Tianquan alerted him that Shen Gongpao had a secret meeting with God Erlang.

It seemed that Shen Gongpao had gone to borrow three Heavenly Soldiers and a Heavenly Dog.

Admittedly, Shen Gongpao's reaction was quick. He was also very quick to formulate a plan.

He sorted out everything in one night: sending them down here to catch Chen Xiaobei unaware.

Shen Gongpao however could not have possibly imagined that his plan would backfire on him!

If he was just a tad bit bit slower, extrapolating once more, his plan may not have fallen apart, or at at the very least not so easily.

"Shut up, the two of you! Chen Xiaobei had already broken through to Celestial Cultivation... Even with the three of us combined, we would not have been able to beat him..."

The brawny man quickly alerted his comrades, who were busy mocking Chen Xiaobei, fearing that they might charge towards Chen Xiaobei and end up incapacitated themselves.

"What?" He's already broken through to Celestial Cultivation? How could this be... God Shen himself had personally extrapolated Chen Xiaobei's cultivation! There's no way he could be wrong!"

The two men found what their friend told them hard to believe.

"Just look at the state I'm in! Do you think I'm lying to you? Hack Hack..." The brawny man had a pained look on his face. Getting so worked up he coughed up another mouthful of blood!

"My god..."

The other two looked like they had just been hit with a ton of bricks, their eyes avoiding Chen Xiaobei.

Both Tanaka Tsuyoshi and Cang Jingu were also in a state of utter disbelief.

When they last saw him, Chen Xiaobei was only True Nirvana Cultivation. After just one day, he had already become Celestial Cultivation.

That was insane!

"Alright. Enough nonsense!"

Chen Xiaobei looked at them with a detached look on his face and said, "Hand over all the Spiritual Items you have on you and then I will spare your lives!"

"Wha..."

The three Heavenly Soldiers were hesitant.

"What? Don't you want to do it? Or are you not afraid of death?"

Chen Xiaobei gave them a look could freeze an ocean.

"I'm pretty sure that you know that it would be really easy for me to kill you! But because you are under God Erlang, and because I want to save Xiao Tianquan's face, that is why I chose not to kill the three of you!"

Chen Xiaobei made it very clear that if the 3 of them wished to live, they will have to surrender their Spiritual Items.

The three Heavenly Soldiers looked at each other. They understood that this mission was a washout, and they are left with only one choice.

"Wang Cai! Let's go!" The brawny man shouted.

"Woof!" The black Wang Cai raised its forelegs and drew a symbol in the air. The bracelet on its right paw started glowing and a ray of silver light appeared.

Zuuup!

The silver light grew bigger and bigger until it formed a screen.

The three Heavenly Soldiers hurried into the light and disappeared.

"Shit! That's a Teleport Spiritual Item!" Chen Xiaobei exclaimed.

Because he had never seen this Spiritual Item before, he did not do anything to stop them.

It was only when the sudden thought of the portal of Abyss hit him, that he realized that the Heavenly Soldiers had escaped!

Behind that silver light might just be the heavenly realm! Once the three returned, they would recover their true cultivation. Thus Chen Xiaobei did not pursue them.

It was so upsetting!

Although Chen Xiaobei was, at the very least, able to give the brawny man a hard slap, which also meant a slap to Shen Gongpao, and was able to vent a little bit of that anger, he was unhappy with the fact that he did not manage to get the Spiritual Items from them.

"Woof!" Wang Cai barked, and before it jumped into the silver light, it took off the bracelet on its paws and left it on the ground.

Zuuup!

The silver light disappeared and the Teleport Spiritual Item lay on the ground.

"What the heck?!"

Chen Xiaobei's was chuffed. The disappointment he felt had evaporated.

He ran over to pick up the bracelet and examined it.

Ding!

His phone rang. There was a message.

Chen Xiaobei clicked on it and what he saw made him smile.

Xiao Tianquan: God Chen! I have already known that God Erlang sent three Heavenly Soldiers and a Heavenly God to go and pursue you! I've contacted Wang Cai and told him to give you something good!

Chen Xiaobei: Haha! So, it was you helping me behind the scenes! I knew it! How could a 50,000 combat power Heavenly Dog not be able to catch up with Jiang Ziya!

Xiao Tianquan: I'm just doing what I can to help. You are our brother after all, and God Erlang is my master. I do not wish that the both of you become enemies!

Chen Xiaobei: No matter what, I really want to thank you so much! If it weren't for you, Six Ear Macaque and Jiang Ziya would have been captured!

Xiao Tianquan: Oh, it's no problem at all! We are good brothers! How are things over on your end? Problem solved?

Chen Xiaobei: Yup! They couldn't fight me so they left using a Spiritual Item! Wang Cai even left the item for me! I have been examining it.

Xiao Tianquan: Great! This Wang Cai kid is quite smart; Looks like I will have to nurture him!

Chen Xiaobei: You really are the legendary Xiao Tianquan! So powerful!

Xiao Tianquan: Don't make fun of me! I'll tell you about the Spiritual Item. It is called a Returning Bracelet. It's a very good Spiritual Item. For example, you're standing in a fixed spot then after that you leave to god-knows-where, and need to get back. You can use its teleportation ability to go back to the spot you came from!

Chen Xiaobei: Oh! It's like that ability in that game, Dota. It can save a lot of time!

Xiao Tianquan: Oh, not just that. It can also help you evade powerful enemies and even allow you to travel between realms. It has a lot of uses!

Chen Xiaobei: Travel between realms? That sounds great! I may pay Earth God Realm a visit soon! I might be able to use it!

Xiao Tianquan: Earth God Realm? No way... from what I know, it's really far away from earth.

Chen Xiaobei: It's just an assumption. It may or may not be Earth God Realm. We'll see.

Xiao Tianquan: Alright. I'll have to go! Wang Cai and the others have returned. Losing the Returning Bracelet would mean that he would be scolded. I'm going to go put in a good word for him!

Chen Xiaobei: Alright! Help me thank Wang Cai! Next time, I'll send you two sausages to you. One for each of you!

Xiao Tianquan: Haha! Okay!

Chen Xiaobei put the phone away and looked at the Returning Bracelet. Inside, he was jumping with joy.

## Chapter 1089: Jiang Ziya Joins the Team

“According to what Xiao Tianquan said, as long I use the Returning Bracelet to mark that special place, I can go there anytime I’d like. I could even bring anybody I want to with me! That is a privilege only demigods have!”

Chen Xiaobei’s eyes glimmered with anticipation and excitement.

To enter that special place – believed to be the Earth God Realm – required the recommendation of a demigod.

But if Chen Xiaobei marked the place, he could just use the Returning Bracelet and bring his own family and friends there.

“An abundance of Spiritual Medicine and Spiritual Items, Spiritual Stones the size of a fist, a cave that is filled with Spiritual Items! It would be freaking awesome if I could bring everyone there!”

The more he thought about it, the more excited he got.

His parents, his siblings and friends, his platonic best girlfriends; Chen Xiaobei would never leave them behind, no matter what. Whenever there’s something good, it would always be them he would think of.

If the time was right, he might even move the entire Bei Xuan faction there.

Of course, this were all just ideas for now.

Chen Xiaobei would have to wait until Nikkawa Okazaka’s big wedding to go scout that special place under the disguise of Nikkawa Uchu.

Usually, opportunities and dangers both come in a package. Without first ensuring that the place was safe, Chen Xiaobei would not bring his friends and family to the front line.

“Let me test it out first. I will need to know how to use it beforehand or else, I’ll be in trouble...”

Chen Xiaobei cleared his mind and communicated with the Returning Bracelet in order to learn how to use it. “Thank god, I didn’t go after them. The mark was still outside earth... Now, let me mark this place!”

The Returning Bracelet’s setting changed according to his will.

Before he left into the deep forests, Chen Xiaobei gave Tanaka Tsuyoshi and Cang Jingu some medicine.

“Why did Bro Bei leave?” Cang Jingu asked.

“I’m not sure... How could we ever understand what Bro Bei is thinking?”

Tanaka Tsuyoshi shook his head.

Zuuup!

After a few minutes, a silver screen appeared out of nowhere.

“What the hell! Isn’t... isn’t that the Special Ability that the big black dog used?”

Cang Jingu was alarmed.

"I know!" Tanaka Tsuyoshi's eyes lit up as he explained to his companion, "Bro Bei must be using the black dog's Spiritual Item!"

Swish... Swish... Swish...

Four silhouettes walked out of the silver projection.

Li Xiang was the first, looking absolutely stunned. "My god... Who knew that such an awesome Spiritual Item exists! Coming here took like a second! This is crazy..."

Six Ear Macaque was next. He scratched his ears and said, "Returning Bracelet is nothing out of the ordinary. The larger version of it can teleport hundreds of thousands of soldiers from one place to another place!"

Behind him were Chen Xiaobei and Jiang Ziya.

Chen Xiaobei looked like a child with gifts on Christmas morning.

With this obscure Spiritual Item, he would be able to use it on many occasions in the future!

Jiang Ziya, on the other hand, looked ghastly, as if he was still in danger.

"Old Jiang, now you know I didn't lie to you, right? You can never return to heavenly realm ever again!"

Chen Xiaobei hammered the final nail in the coffin when he said, "The Chanism has already marked you and Six Ear Macaque as targets to be eradicated. You know too much. They will have to kill you!"

"You don't have to say that... I already know..."

There was a painful look in Jiang Ziya's eyes. "I've never thought that the Primordial Lord of Heaven would be so cruel! I've followed him for so many years! He, of all people, should know that I will never betray him!"

"Thing is that it's actually pretty simple! The calamity is coming really soon! The Primordial Lord oh Heaven doesn't want anything that could potentially threaten his status in heaven! You should know better than anyone that all the sects in heaven have their target on Chanism! If he doesn't watch out for all the threats, he may bring forth destruction to Chanism!" said Six Ear Macaque.

"I understand now...." Jiang Ziya sighed deeply and said with gritted teeth, "To hell with the heavenly realm! Since the Primordial Lord of Heaven had abandoned me, I am no longer a member of the Chanism!"

"Now, that's a firm decision! It looks like you're not such a hopeless pedantic after all!" Six Ear Macaque chuckled.

Jiang Ziya then looked at Chen Xiaobei and asked, "Xiaobei! Does your offer still stand?"

Chen Xiaobei nodded and said, "I will never go back on my words!"

“Alright! From today onwards, I, Jiang Ziya, will follow you!” Jiang Ziya said in a most serious manner. “I believe that as long as I follow you, someday, I will be able to go back to the heavenly realm! And I want to see what will Chanism turns into!”

“You’re thinking so far ahead...” Chen Xiaobei laughed to himself. “I’m thinking how to leave the planet! It really frustrates me!”

“Is it really far?”

Jiang Ziya shook his head and said, “It has not even been one year since the Three Realms Red Envelope Group was established. At the rate of your development, it won’t be long before you ascend to the heavenly realm!”

Chen Xiaobei had a faraway look on his face.

“Speaking of the Three Realms Red Envelope Group... It seemed like just yesterday that the group was created. But it also feels like it was ages ago...”

Jiang Ziya simply smiled. He knew in his heart that, this time, Chen Xiaobei would be able to make a name for himself in the heavenly realm during the calamity. But he would not mention it again so that Chen Xiaobei would not be pressured.

“Alright, let’s set this issue aside first!” Chen Xiaobei said. “Our operation here in Japan is at its final stage. I will send all of you back to Bei Xuan first. I will come back soon after!”

At the mention of leaving, Li Xiang could not hold himself back anymore.

“Have we found the Ninth piece of the Orochi’s scale? I will not return if we haven’t found it!”

“Don’t worry!” Chen Xiaobei assured. “I’ve found out that it is in the hands of the Emperor God. I will think of a way to get it before I go back to China!”

“Alright! That’s great!” Li Xiang was feverish. “Then, I’ll go back to China and contact the others who have the other pieces of scales. When you come back, we’ll go for a treasure hunt!”

“We’re in no rush, right?”

Chen Xiaobei was taken aback slightly by his enthusiasm.

“No! Of course not! I will need quite some time to contact all those people! It won’t be easy!” Li Xiang said.

“Alright!” Chen Xiaobei nodded. “Then if there’s no other problem, I’ll send all of you back to China!”

...

Everything was as per usual back in China. Nothing unusual happened. Chen Xiaobei even stayed to have a meal and took a nap.

By the time he had returned to Japan, it was already the morning of the next day.

“There’s are only 24 hours left until the wedding! If I’m right, Little Fox’s brainwashing will end tonight. I will have to be ready to rescue her!”

Chen Xiaobei prepared himself for battle.

### Red Envelope Group of the Three Realms

#### **Chapter 1090: A Tight Hug**

Chen Xiaobei was right.

Deep into the night, Kitagawa Heya sent him a text, informing him that they had finished chanting the incantations 8,100 times.

That would have meant that Demonic Fox was now officially brainwashed.

But what the Emperor God and the others did not know was that Demonic Fox's consciousness was awakened by Chen Xiaobei. All the hard work they put into chanting that invocation over 7,000 times was all but a waste.

...

In Sovereign Divine Sect.

Demonic Fox was locked in a room heavily guarded by about a dozen Sovereign Divine Sect disciples. Even the walkway was heavily guarded.

These were all the True Nirvana cultivated elites.

They would notice if there was even a slight disturbance inside and outside the house! Even a fly would not be able to get in!

In a secluded corner from afar, Kitagawa Heya and Chen Xiaobei who was in a disguise stood watch.

"Bro Bei! You've already seen it for yourself! There's no way we could get her out of that house!"

Kitagawa Heya was on tenterhooks.

"These disciples' cultivation may not be high but there's a lot of them! If you fight them, they will immediately send out a warning and the Emperor God as well as the other three Grand Elders will come!"

"Don't worry, I will not attack!" Chen Xiaobei shook his head and said, "I am still waiting for Nikkawa Uchu and Tenshou God to complete their transaction!"

"What is your plan?" Kitagawa Heya asked. "If you don't attack them, how are you ever going to even get near the house?"

Chen Xiaobei shot a smile at him and took out the Nightstalker Outfit from the Infinite Space Ring. Putting it on, he was immediately camouflaged with the dark skies.

"My god! Bro Bei! You can become invisible?! Now that's incredible!"

Kitagawa Heya rubbed his eyes and blinked.

"Did you think I came here as a joke? Of course, I have something up my sleeve." Chen Xiaobei replied.

"That's true! Bro Bei is a legend; and simply could not be measured by human standards!"

Kitagawa Heya thought for a while then asked, "But, how are you going to get Tochigi Hyokitsune out? Does she know how to become invisible too?"

"She doesn't. But, I'll come up with something. Since I'm here, I can get her out!" Chen Xiaobei said, full of confidence.

"Even so, I still have one reservation!"

Kitagawa Heya said, "The big wedding is tomorrow. If you take Tochigi Hyokitsune away, who is going to take her place and marry Nikkawa Okazaka? Without the Holy Lady of Divine Sovereign Sect, the deal between Nikkawa Uchu and the Tenshou would be void!"

"That is not something you have to worry about. I already have a plan for that!" Chen Xiaobei did not want to waste time explaining so he prodded him, "Hurry up! All you need to do is figure out how to get Little Fox's room door opened. That's all you have to do!"

"Yes... Yes master..."

Kitagawa Heya nodded quietly.

Even though he obeyed Chen Xiaobei's orders, he was still disconcerted. How was Chen Xiaobei supposed to leave with the Demonic Fox when he did not have the ability to become invisible? How was Chen Xiaobei able to find a replacement for Demonic Fox?

These two problems were not easily solved. It could even affect the events that were supposed to take place after!

But, with everything else considered, the final decision was still in Chen Xiaobei's hands. Since Chen Xiaobei had already made up his mind, Kitagawa Heya would just have to go along with it.

...

"Grand Elder, why are you here? After chanting for so long, you should be getting a good night's rest! The wedding tomorrow will be another long day of work!"

The two disciples standing at the door asked politely.

"I'm a little concerned so I've come to see the Holy Lady." Kitagawa Heya then ordered invoking the authority of a Grand Elder, "Let me in!"

"Er..." The disciples at the door looked uncomfortable.

"The Emperor God had decreed that no one was allowed to enter without his permission..."

"Who says I want to come in?" Kitagawa Heya retorted, an obvious agitation in his voice. "Open the door so I can take a look! Are you suggesting that a Grand Elder like me will do anything to harm the Holy Lady?"

"No! No! No! That's not what I meant!"

The disciples shook their heads as they opened the door, trying to salvage the situation.

"Grand Elder has always been loyal to the Emperor God. You will never do anything like that! Go ahead and look! You can even come in if you want to! We will not stop you!"

"Hmph! Don't even try! I'm not going in!"

Kitagawa Heya peeked into the house and then said, "She's still in there. You can close the door now!"

"Yes!"

The disciples grinned widely at him and then closed the door, both thinking that this Grand Elder was indeed loyal to a fault. He obeyed the decree and did not enter the room. What a rare breed!

Little did they know, when they opened the door earlier, another person had secretly snuck in right under their noses!

The layout of the house was simple, like those in the ancient times. There was a simple bed and table, and no sign of electronics or communication devices.

Demonic Fox was wearing the same white outfit, sitting by the window with her chin in her palm, her long dark hair cascading down her back as she looked out into the dark, deep in thoughts.

She looked like a snow lotus blooming in the dark. Quiet, elegant, and pure.

"Little Fox! What are you daydreaming about? Were you thinking of me?"

A flippant voice rang inside her head. A leery smile flashed across her mind.

"Pfft! Please! Who would be thinking about a creep like you?!" Demonic Fox said to herself as to avoid those who were guarding outside from hearing her.

"Don't you miss me? Oh, how sad! Does that mean that you won't try to stop me if I leave?" Chen Xiaobei chuckled.

"Are you here? Where? Stop joking around! Come out!"

Demonic Fox got up abruptly. Her large beautiful eyes widened as she searched her surroundings.

The truth was, she had been thinking about Chen Xiaobei the whole night, waiting for him.

She knew that everything she worked so hard for the past twenty years amounted to nothing.

Being reliant on her own strength did not help her get out of this hellhole nor avenge her family!

She had completely given up on her future and had even lost the slightest hope!

There is no greater sorrow than a heart that never rejoices. What is the difference between the dead and a person who has no hope for tomorrow?

If Chen Xiaobei had not spoken to her yesterday, she might have had chosen to end this wretched life by committing suicide.

It was Chen Xiaobei who given her a sliver of hope!

Hope that this dynamite of a man would be able to do what Nikkawa Okazaka and the Emperor God were unable to do!

"Chen Xiaobei! Please stay! I'm begging you... Please don't leave me... Please don't abandon me..."

Chen Xiaobei was nowhere in sight. Her eyes reddened and large droplets of tears streamed down her cheeks.

"Silly fox! I was just teasing you! Why'd you cry?"

Realizing Chen Xiaobei's heart had softened, he quickly made himself visible.

"Chen Xiaobei!"

A wide smile spread across Demonic Fox's lips as she leaped onto Chen Xiaobei and hugged him tightly!

She hugged him very very tightly.
