Chapter 1111: Blood Sacrificing Light

"Shit!"

With his pale-looking face, Emperor God's pupils contracted. His body started to shake involuntarily due to the feat that he was experiencing right now. To be honest, he had never felt so afraid in his life before. First, he did not channel True Kang Armor to protect himself. That was why the two dragons managed to land such a heavy hit on him.

Second, the red dragon injured his heart and lungs—causing him to have difficulty in breathing! After that, the black dragon landed another heavy hit on his Dantian. Though it was not severe enough to destroy his cultivation, he would not be able to resume fighting for quite some time. Since the True Qi inside his body was messed up, he was left in an extremely weakened state. With that being said, he would not be able to form True Kang or use any ninjutsu.

Being in this vulnerable state, it was only a matter of time before death came knocking at his door.

Swoosh!

Chen Xiaobei had already known that Emperor God would suffer great injuries from the attack that he landed on him. Immediately, he lifted up his sword and charged at the Emperor God without giving him any time to recuperate.

"Since you insisted earlier that I should come up with all my might to kill you! I'm now here to grant your wish!"

With lightning speed, Chen Xiaobei dashed toward the Emperor God with the Chaos Blood Sword in his hand. Under the crimson sky, Chen Xiaobei looked exactly like a Demon Lord that was about to unleash his wrath on his nemesis. For this attack, Chen Xiaobei had given up on a lot of merit points. The purpose of doing that was to empower his Chaos Blood Sword to defeat absurdly powerful enemies like the Emperor God.

"Die now!"

Again, Chen Xiaobei let out a loud roar. In his eyes, the flame of dominance was burning strong—like a king that looked down on his puny enemy.

"This... This is not... Possible..."

The look on the Emperor God's face changed drastically to one of despair.

Phissh!

Seconds later, the Chaos Blood Sword flew to Emperor God and penetrated his chest. It then crushed its ribs and went straight for his heart.

Blarrghh...

The Emperor God coughed out a mouthful of fresh blood and stared at Chen Xiaobei like he just lost his soul.

The leader of the Divine Sovereign Sect!

The direct disciple of Tenshou!

The most powerful elite in Japan!

And he was defeated by a youth that was in his twenties.

Even the Tenshou God would think that this matter was absurd. It was definitely shocking enough to tremble the entire Japan, Tenshou, and even the whole world!

"Chen Xiaobei... You... You are so cruel..." The Emperor God groaned.

He never thought that he would die here and he absolutely did not want to perish from this world as well. Still, he could not stop his blood from gushing out in between his teeth. And his breathing was getting weaker and weaker as well. Considering that his heart was penetrated by the Chaos Blood Sword, there was a high chance that he would pass away really soon.

"I'm cruel? Who's the one that said that he wanted to capture everyone that was related to me and torture them to death?"

"I'm the one that said all that... Still, I will not change my mind... Even though I'm about to die... Do you really think that you will be able to live peacefully after I die?"

Emperor God gritted his teeth and stared at Chen Xiaobei with a vicious look on him.

"You will be killed by Tenshou eventually... As for those that are related to you, once you can no longer protect them... People from Tenshou and America will come and avenge me! Just die... Chen Xiaobei... Accompany me when I travel to hell... We will continue our battle when you go to hell... Hehehe..."

It might sound ridiculous when Emperor God claimed that he could kill Chen Xiaobei right now.

How was he going to kill him when his heart was hurt by the sword?

However, Chen Xiaobei knew better than anyone that the Emperor God was not talking nonsense. Though he was about to die, he was still definitely capable to kill anyone that was below 130,000 combat power.

Phisshh...

Phisshh...

Suddenly, Chen Xiaobei's body was sealed by a crimson halo—causing him not being able to move. And this crimson halo came right from the Emperor God's heart. The sound of his blood burning could be heard clearly.

"S-tier Ninjutsu! Blood Sacrificing Light!"

Though Chen Xiaobei's body was being sealed by Emperor God's ninjutsu, he could still keep his calm.

"So, this is your last trump card, right? The kind of trump card that could drag enemy to hell with you when you are about to die! You are going to burn your bodies with your blood and kill me at the same time!"

"Eh? How did you know about the Blood Sacrificing Light... This is one of the deepest secrets of Tenshou... Other than the direct disciple of Tenshou... No one else should know about it..."

"Yes... The direct disciple of the Tenshou God, Phantom Rain is the one that told me about it! There's something else I want to tell you! Phantom is the one that lured you here to be killed by me today!"

"What?! Are you trying to say that Phantom Rain has already betrayed Tenshou?!... This..."

"What do you mean betray? In the very beginning, Phantom Rain never wanted to join Tenshou. Bastards like you use some really sickening plot to trick her into joining you guys! Right now, Phantom Rain knows the truth! You are going to pay back everything that you did to her!"

"Pay back? Phantom Rain has turned into your ally... She even told you about the Blood Sacrificing Light... It seems like you are the mastermind behind this well-executed plan!"

"You are right! Not only you, but those that came with you are also dead as well! None of them managed to flee from here!"

After hearing that, the Emperor God was not affected by it at all. It was as if he did not care about the life and death of those people that came along with him.

"Since you know about this ninjutsu... How can you stay so calm... Aren't you afraid of death?"

"Death? I have experienced death multiple times... This is not scary to me at all! Besides, who told you that I will die today?"

"Not going to die? Didn't Phantom Rain told you that once the ritual is complete... Your body will turn to ashes immediately!"

"Of course, she told me about it... She even reminded me not to get close to you after I defeat you!"

"But, not only did you come close to me but you are also sealed by the Blood Sacrificing Light... How can you say that you will not die?" asked Emperor God aggressively.

"I'm not going to explain too much... Open up your eyes and look carefully!"

Buzz...

Suddenly, a silver ray shot down from the sky and shone between Chen Xiaobei and Emperor God. Like a mirror, the Emperor God could see his own image reflecting from the silver ray.

"What... What the hell is this?"

Ripple...

Seconds later, someone that looked exactly like Emperor God walked out of the silver ray.

[Red Envelope Group of the Three Realms](#)

Chapter 1112: North Chasm Starfield

The Emperor God that walked out of the mirror was the perfect copy of the real Emperor God. Well, except for the pierced heart, the bruises, and the blood-vomiting, they were identical.

"What... Why does he look exactly like me... He's even dressed like me..."

The Emperor God was aghast.

"Oh, I don't just look like you! I even sound like you! In fact, I even have some parts of your memory!"

The duplicate smiled as he reached out a hand toward the real Emperor God's throat and started to squeeze.

"The most important thing is, I even have your cultivation!"

"No... That's impossible... I am Tenshou God's direct disciple, who has trained for ten years in North Chasm Starfield to reach the pinnacle phase of Celestial Cultivation and achieve 130,000 combat power... There's no way a fake like you could have my cultivation!"

"Oh really?" The duplicate smiled and said, "As far as I know, only 130,000 combat power elites can nullify your S-class ninjutsu. So, now I will show you how I'm going to use your strength to nullify your own ninjutsu!"

Swoosh!

Celestial Fire was unleashed and surrounded the real Emperor God. Under the pressure of Celestial Fire all the crimson rays that around Chen Xiaobei was like dust being washed away by rain. It was finally gone!

"No... I don't believe it... This is not real... I won't accept this..."

Emperor God thought that even if he were to die, at least he would be bringing Chen Xiaobei down with him.

But now that the Blood Sacrificing Light had vanished, Chen Xiaobei was no longer in danger and the Emperor God's hope was crushed.

There was a deep resentment and sorrow in the Emperor God's eyes as he spat out the last mouthful of blood and took his final breath.

"Xiaobei! You really are the best! This is the most providential and mystical of ploys! You turned me from the Half Step True Nirvana stage Zhao Ritian to the pinnacle phase of Celestial Cultivation Emperor King! I went from a shotgun to a cannon! This is just awesome!"

The duplicate smiled from ear to ear.

He was obviously, none other, the shapeshifting Six Ear Macaque.

From today onward, Zhao Ritian no longer existed. He had a completely new identity, one that gave Six Ear Macaque a whole new set of strengths and status.

"I'm glad that you're happy."

Chen Xiaobei smiled as he searched the Emperor God's body while devouring his soul and his blood essence using the Blood Chaos Sword.

Then Chen Xiaobei said half-jokingly, "Do you know that you have just used a good 5,000 Spiritual Stones to get you into this body? Is it worth it?"

"Of course! Why wouldn't it be? Would you be able to train up to the pinnacle phase of Celestial Cultivation if you were given 5,000 Spiritual Stones?" Six Ear Macaque asked him back.

"Of course not." Chen Xiaobei said, "But your cultivation is just a counterfeit—it's a pseudo-cultivation. It's not your own cultivation. If you want to become better, you have to start from the beginning."

Previously, Chen Xiaobei got to know from Six Ear Macaque that even though he was able to use Spiritual Qi to shapeshift and inherit other people's cultivation, pseudo-cultivations could be improved any further. Which meant that even if Chen Xiaobei were to give him a Skybreaking Cultivation Pill, he would not be able to break through to the next level of cultivation.

The only way Six Ear Macaque could train his cultivation, increasing it constantly, and breaking through his cultivation was to cancel the transformation and return to his original form.

"The is only temporary! When the day comes for us to return to the heavenly realm, and find my own body, I will be able to wield the strength that is similar to the Monkey King! What cultivation I yield now doesn't matter!"

"Mm, my sifu has mentioned this before. But it's not going to be easy!"

Chen Xiaobei sighed before putting away the Blood Chaos Sword.

The Emperor God's cultivation was outstanding, so the quality of his blood essence and soul was far beyond a normal person's. With this new energy, the Blood Chaos Sword could exert at least 100, 000 combat power.

"No, it will! Why wouldn't it be easy? You were chosen by the Prime of Tongtian. It would be unorthodox for you not to go! Please don't give up. Even it takes a little while longer. One day at a time, you will be able to do it!"

"You think too much! No matter how difficult the road ahead is, I will never give up! In fact, things are heading in a good direction. Why would I give up?"

Chen Xiaobei smiled as he fumbled around the deceased Emperor God's pockets and found what he had been looking for—the ninth Orochi's Scale!

It was the final piece that would complete the map of Emperor Qin's tomb.

Once Li Xiang had gathered all the others who had the other pieces of the Orochi's Scales, they could begin to explore the mausoleums of China's Emperor Qin!

These mausoleums were massive treasure troves!

As the emperor who conquered six states, Emperor Qin—he must have a lot of treasures and resources that went beyond one's imagination!

Setting foot inside the underground palace would bring them an abundance of prosperity and benefit!

"This the thing Li Xiang had been searching for, right?" Six Ear Macaque said, "After turning over the entire Japan, we finally found it!"

"Yeah! We found it!" Chen Xiaobei nodded and said excitedly, "Now, we just have to wait for Li Xiang to summon all the others who have the rest of the Orochi's scale. When they put the map together, we'll be able to begin our search for Emperor Qin's treasures!"

"It sounds like a lot of fun! You must bring me with you!"

"Li Xiang said that it would take some time before he could gather all the people. Right now, you have a more important duty! You have to return to Japan with me to keep the Americans under control! I will use No.8 Luban to urge the Tenshou bastard to bring Nikkawa Uchu to that special place!"

"I understand!" Six Ear Macaque nodded. "I have a part of the Emperor God's memory, so that won't be a problem. If you could use Nikkawa Uchu's cover to get to North Chasm Starfield, your cultivation will soar!"

"North Chasm Starfield... How much do you know about that place?" Chen Xiaobei asked.

The Emperor God had mentioned that he had spent 10 years training his butt off in North Chasm Starfield to achieve his current cultivation!

North Chasm Starfield should be that special place Chen Xiaobei was looking for.

[Red Envelope Group of the Three Realms](#)

Chapter 1113: A Brand New World

"There's information on the Northern Wilderness Starfield in the Emperor God's memory! All he knew is that you need to go through a portal to reach Northern Wilderness Starfield!" Six Ear Macaque said, "He didn't know where the place is exactly..."

Chen Xiaobei took in the information and then asked, "I've always felt that that place is somewhere in the corner of the heavenly realm. What do you think?"

"I don't think so! From what I can see in the Emperor King's memory, Northern Wilderness Starfield produces Spiritual Stones. Earth Vein's Spiritual Qi is ten times of Earth's! If it really is on the Earth God Realm, then the number of Spiritual Stones it can produce is one hundred times more than Earth's! What's more, the Spiritual Medicine in Northern Wilderness Starfield is between 1 to 5 stars! The Earth God Realm's Spiritual Medicines are above 5 stars! And they even have Halfstep Divine Medicine! Based on these differences, I can confidently say that Northern Wilderness Starfield is not in the heavenly realm!"

Chen Xiaobei was a little disappointed but excited by Six Ear Macaque's answer.

"I guess I'm just too impatient. I haven't even learned to walk, and I'm already running! Even if Northern Wilderness Starfield is not in the heavenly realm, the resources there will be very useful to me and can get me one step closer to the heavenly realm! Like you said, one day at a time. Someday, we will set foot in the heavenly realm!"

"That's right!" Six Ear Macaque reassured. "Northern Wilderness Starfield is a whole new territory, a brand new stage. Going there will be great for you!"

"Huh?" Chen Xiaobei's eyes suddenly lit up. "That's exactly what my sifu said! You said that about finding the reincarnated Daji! He said that this girl will help me discover a whole new territory! The sooner I find it, the better for me!"

"Didn't you suspect Phantom Rain to be the reincarnated Daji? Go back and talk to her. She might know more about Northern Wilderness Starfield!"

"I'm guessing that she won't know more than the Emperor God. But I will ask her!" Chen Xiaobei then placed the Emperor God's body into the Infinite Space Ring.

"Phantom Rain is the reason why you didn't feed the Emperor God the Heavenly Dog Biscuit, right?" Six Ear Macaque was quick to catch on and saw through Chen Xiaobei's intention.

The Emperor God was an elite at the pinnacle phase of Celestial Cultivation. If Chen Xiaobei had given him the dog biscuit then the Skybreaking Cultivation Pill, so that he could have a cultivation breakthrough Celestial Cultivation and go on to the next level! He would have a loyal hound that had Celestial Cultivation! But from the start, Chen Xiaobei had decided to kill instead of keep the Emperor God alive.

Not even a fool would believe that he did not do it for Phantom Rain.

"Yes, it's because of Phantom Rain, and also the old man Uzuishi Akaihi! The Emperor God is their irreconcilable nemesis! If I had kept him as my dog, how will I ever be able to face the both of them?"

"That's true!" Six Ear Macaque nodded, "Also, there's a chance that Phantom Rain is the reincarnated Daji. She might hold a grudge against you if you did!"

"Mm, let's go back. I need to talk to Phantom Rain and find out if she's the person I've been looking for!"

"But don't you feel a little sad? It was quite a waste to kill such a strong potential dog..."

"Why should I feel sad? There are plenty of elites under the sky. I can easily capture a demigod as my doggie! That is what I called cool!"

"*^%\$#@! You're insane, kid! But I like it! Better to have big ambitions while you're young!"

...

Back in Bei Xuan Faction, the heads of the three Tenshou Elders and the three S.H.I.E.L.D agents were placed inside two boxes.

Those who were involved in the battle were all gathered together, brows furrowed and hearts pounding. The atmosphere was somber.

"Old Jiang! Do you think anything will happen to Sifu?" Feng Qingyang asked.

Jiang Ziya shook his head and said, "I don't know... The enemy is very strong..."

"Sifu won't die, right? Please don't! He is the person I adore most!"

Wu Aofeng bawled, his face smeared with snot and tears.

"Shut your big mouth, you windbag! You won't die if you don't say anything!"

Tai Yitan glared at him.

The word 'die' added to the already gloomy atmosphere.

Phantom Rain's was ashen-faced, gripping her fists so tightly that her nails dug into her skin.

Gordon and the few other loyal hounds were dying to go over to save Chen Xiaobei, maybe even die in his place.

Even the frosty Xiao Bai furrowed its brows, its little eyes hazy with worry.

"Woof! Woof! Woof..."

Suddenly, the forlorn Sirius rushed into the arena, barking eagerly, wagging its tail vigorously.

"Sifu! Sifu is back!"

It was as if a cloud had been lifted, and everyone one glowing with joy.

"Sifu! You're finally back!" Wu Aofeng was the first to rush over. "I knew it! My master is the strongest, most superlative person in the world! Whatever Emperor God or Holy King is rubbish against my Sifu!"

"Am I really that great?" Chen Xiaobei half-smiled. "Before I arrived, I heard someone said that I was dead."

"Er..." Wu Aofeng's face reddened. "My mistake... I am a blabbermouth. Please forgive my sins, Sifu..."

"You silly!" Chen Xiaobei laughed. "I was just joking! What forgive my sins?"

"Hehe, I know Sifu will not blame me..." Wu Aofeng chuckled delightedly.

The others started laughing too and soon the atmosphere changed.

"Chen Xiaobei!" Phantom Rain made her way to Chen Xiaobei, and then took a good long look at Six Ear Macaque. "Old Jiang told me about your plan. Is this the clone of the Emperor God?"

"Yes!" Chen Xiaobei nodded as the Infinite Space Ring spat out the Emperor God's body. "Your enemy is dead! And I've already used my Spiritual Item to devour his soul. He will never be able to reincarnate!"

Phantom Rain turned her gaze from the body to Chen Xiaobei, staring at him, biting her lip.

[Red Envelope Group of the Three Realms](#)

Chapter 1114: Do You Really That I'm That Innocent?

"Don't look at me like that..." Chen Xiaobei was starting to feel a little uncomfortable.

The look she was giving him was a complicated blend of shock, curiosity, gratefulness, and many more unexplainable emotions.

Phantom Rain was staring at him so openly as if there was no one else besides them. However, this was actually totally normal. She knew that Chen Xiaobei was an extraordinary person, still she could wrap

around how this Chinese youth was able to kill the Emperor God! The grand disciple of the Tenshou! Japan's most powerful elite with 130,000 combat power! One at the pinnacle phase of Celestial Cultivation!

Even those who knew Chen Xiaobei could not picture it.

Only Chen Xiaobei knew how long it took him to accumulate that strike unleashed by the Chaos Blood Sword. Only he knew how much merit points he had lost. Only he knew how many times, on the brink of death, he refrained from using the sword.

The way this battle ended might seem like the result of an accident, but it was impossible.

Many a time, investments come up empty, but through perseverance, devotion, and accumulation, one day, change will happen!

Karma was not anything mysterious, but this was the result of hard work!

Of course, Chen Xiaobei would never explain this to his audience. He would share the joy and the fruit of the successes but he would carry the burden and the labor on his own.

"Chen Xiaobei! Thank you! I would like to represent my grandfather and my deceased family members to say thank you!"

Phantom Rain snapped out of her daze and thanked Chen Xiaobei profusely.

The others looked at Chen Xiaobei admiringly.

"Alright! There's no need to be so formal! You are my friend after all. It's my obligation to help my friends!"

Chen Xiaobei shrugged.

"I understand what you're saying!" Phantom Rain looked at with all seriousness and said, "Let's go to your room! You can do whatever you want!"

"Ooh! Sifu is the man! He got himself another one in the harem!" Wu Aofeng teased.

"Harem my ass! I just want to confirm Ms. Phantom Rain's identity!"

"No, I was wrong. There's another one in the Harem!" Wu Aofeng chuckled.

The others followed suit, cheering playfully.

"I..."

Chen Xiaobei felt misunderstood. They made something decent sound so carnal.

"Don't just stand there! Let's go!"

Phantom Rain grabbed Chen Xiaobei's wrist and dragged him away from the crowd.

This woman was used to being the head of the Tenshou Division, so she was a little domineering. Back in Shallow Grass Mountain, handholding was child's play.

Chen Xiaobei had no other option—she had initiated it—but to bring her into his room.

"Wooo! Show her what you've got, Sifu!"

"Come! Come! Let's make a bet on how long it will take Sifu to do his 'business'!"

"Sifu has been out for so long, I think it will take him 2—3hours! Hahaha..."

The cheering grew louder and more excited. It made Chen Xiaobei felt that he would disappoint the crowd if he did not do anything naughty to her.

...

In the bedroom.

Bang!

Phantom Rain slammed the door shut and got down to business.

"Come one then. From now on, you can do whatever you want! I will obey everything you say!"

Chen Xiaobei sighed.

"Do you really believe that I want to take advantage of you?"

"Isn't that the case? You've done it a few times before! You even came up with all sorts of excuses. Say you're looking for someone and some birthmark. I used to reject you but now I'm ready to accept you! Come one! I will do whatever you want me to!"

"Er..." Chen Xiaobei's was already perspiring. "Those were not excuses. It's the truth. All you need to do is transfer some True Qi to your chest and show me if there's a birthmark!"

"Are... you serious?"

"Why would I beat around the bush?"

He knew that he had a good-guy face but he could not figure out why girls always saw him as a bad guy.

Phantom Rain blushed. Could she have blamed Chen Xiaobei wrongly?

"Alright then!"

Phantom Rain loosened the top of her shirt and placed her hand on her snow-white chest and started transferring True Qi.

About 10 seconds later, Chen Xiaobei said, "Okay, you can show me now."

"Er..."

Phantom Rain was a little hesitant.

Could she really have another identity? How could she now know after all these years? Why haven't grandfather mentioned anything?

As she drew her hands away, the answer was clear as day.

"There's nothing! You've seen it for yourself! There's no birthmark!"

Chen Xiaobei took a look. Phantom Rain's chest was very fair. It would be very easy to spot any marks. But there was nothing.

"Oh..." Chen Xiaobei was so sure that she was the reincarnated Daji.

"Could it be that it was not long enough? Or maybe your Qi was too weak... Can you please try again? This time, strengthen your Qi and do it longer!"

"Okay, I'll give it a try..." Phantom Rain nodded.

After half a minute.

"Still nothing! Admit it! It was just an excuse! Everyone knows that men are horny! Why bother denying it?"

"It's really not an excuse..." Chen Xiaobei said in a frustrated manner. "Maybe you need someone else's True Qi. Let me try!"

"Tsk! And you're saying?" Phantom Rain opened up her arms and said, "Come one then. Just be gentle!"

"I..." Chen Xiaobei's gaze fell on Phantom Rain's exposed breast and felt a burning desire course through him. "If you push me again, I will do it!"

"Are you a virgin? Why are you hesitating? Where's that audacity you had when you killed the Emperor God?"

Phantom Rain really believed that Chen Xiaobei was a virgin.

"Damn it! You are pushing my limit! Let me show you what I have!"

Chen Xiaobei smiled as he pounced on her, pushing her onto the bed.

[Red Envelope Group of the Three Realms](#)

Chapter 1115: Bermuda Triangle

"I told you to be gentle. I didn't say you could just do one thing and nothing else!"

Phantom Rain laid on the bed, waiting for Chen Xiaobei to make a move.

But Chen Xiaobei simply placed a hand on her chest and then did nothing else.

Swoosh!

She felt a warmth coursing from Chen Xiaobei's palm into her chest.

"You... Really just want to know my identity and nothing else?"

"Can you please not make the world so dirty? There can be purity between a man and a woman. I can't just see a woman and decide to keep her to my collection! In fact, the harem that Wu Aofeng spoke of does not exist! So far, I have only been intimate with 2 women only! How is that even a harem?"

This could not be truer.

Chen Xiaobei might have a lot of female friends, he had only slept with Song Qincheng and Lady Goddess.

As for the other women, he had always maintained a very pure relationship with them. The extent of their intimacy was only holding hands and kissing.

That was why Chen Xiaobei really did not appreciate being accused of having a harem.

"Alright... I believe you..."

Phantom Rain thought back and realized that she was the one who was prejudice against Chen Xiaobei, assuming that he was just another dirty old man.

"We're almost there..."

After about three minutes, Chen Xiaobei slowly peeled his hand away.

Chen Xiaobei looked very disappointed.

"It looks like I'm not the person you're looking for."

Phantom Rain pulled her clothes back together. There was a hint of lingering disappointment in her beautiful eyes.

She had hoped that she was that important friend Chen Xiaobei was looking for.

Sadly, the birthmark that Chen Xiaobei had talked about did not appear.

"That's strange..." Chen Xiaobei sat up and muttered to himself. "Sifu said that the person I was looking for would help me discover a new realm! It was through you that I found out about North Wilderness Starfield! If it's not you then who is it?"

"Who's your Sifu?"

"I can't tell you..." Chen Xiaobei said.

"What? Why? Just because I'm not the person I'm looking for, I can't be your friend?"

"That's not what I meant."

Chen Xiaobei explained, "I can't tell you because my Sifu's identity is formidable! And even if I do tell you, you may not know him or believe me!"

"Oh... It makes sense. No ordinary person could breed a deviant student like you."

"Thank you for understanding."

Chen Xiaobei smiled.

"How did you find out about North Wilderness Starfield? Did the Emperor God tell you about it?"

"Yeah, before he died, he said begrudgingly that this was not the way a person like him who had trained so hard for ten years in North Wilderness Starfield should die."

"I have also trained in the North Wilderness Starfield for ten years. But I was not as unscrupulous as he was, that's why my cultivation is lower than his..."

"In his memory, he went to North Wilderness Starfield through a portal. Do you know anything about that?"

Phantom Rain nodded. "Of course, that is the only way to get to North Wilderness Starfield. Anyone who wants to get there must go through it!"

"Where is it?"

"Have you heard of the Bermuda Triangle?"

"Yes! It's in the Atlantic Ocean! The three corners that form the triangle are the Bermuda Island, the straits of Florida and the Caribbean Islands. It was said that passerby ships will sink and aircrafts will crash mysteriously! That's why is also called the Deadly Bermuda Triangle! There are many theories but none have been proven. Some say its whirlpools, electronic fogs, geomagnetic anomaly, black holes, and even UFOs... The Bermuda Triangle has been recognized as the world's most unexplained anomaly!"

Phantom Rain lit up and said, "Who knew that you actually know so much!"

Chen Xiaobei smiled.

"Back in college, I was penniless but I had a lot of time. During my spare time, I borrowed my flat mate's laptop and looked up a lot of things! I was especially interested in the Bermuda Triangle, that's why!"

"What else do you know about it? Tell me more!"

"I also know that in the triangle is located in the northern border of fault zone between North and South America. It's an active volcanic and seismic activity area. The topography of the ocean floor is very complicated. The center of the triangle is 6000 meters below the sea level of North America's oceanic basin. The part that has higher ground on the northern side is the Bermuda Triangle! At the west side is the continental shelf! South side is the 9,215 Puerto Rico's trench. Mmm... that's all I know."

"That's already pretty good! 9,215 meters below the Puerto Rico's trench, there's a city called Atlantis! The portal to North Wilderness Starfield is there!"

"What?! Underwater city? Atlantis? There is such a place?! My god... this is unbelievable..."

"There's still a lot you don't know! You'll know when you get to North Wilderness Starfield. Earth is just a speck of dust in the universe!"

Chen Xiaobei nodded. He actually knew more about the vastness of the universe than she did. However, he did not know much about the detail.

"So, must we go through the Tenshou bastard to get to Atlantis?"

"More accurately, you need to have a demi-god's referral! The Tenshou is just one of the few demigods on earth. He can bring one person to North Wilderness Starfield every three years!"

"What 3 years? One every 3 years? Isn't that just ridiculous?"

Phantom Rain shook her head.

"What? Did you think that North Wilderness Starfield is a place that anyone can just come in and out of? If it were not for the fact that the Tenshou and the elders from North Wilderness Starfield are related, he could only bring one every five years like the other demigods!"

"Wow..."

Chen Xiaobei was completely blown away.

[Red Envelope Group of the Three Realms](#)

Chapter 1116: Earn Money Through Organizing A Trip to Northern Wilderness Starfield

"Damn, Northern Wilderness Temple is really damn arrogant! Not only does one needs to be recommended by demigod to enter this place but also have to wait for three to five years for the enrolment!" said Chen Xiaobei, taken aback.

"Why are you so surprised about it? Think about it. If you are the ruler of North Wilderness Starfield, will you allow other people from weaker planets to enter your territory? You should know that there are tens of thousands of planets weaker than North Wilderness Starfield. The resources on it will deplete if they allow all kinds of people to enter their planet freely," explained Phantom Rain.

"You are right about that. It's true that they possess a lot of resources but it's not unlimited. Most of the countries on earth had already begun to pay more attention to recycling waste. Seemingly, we have almost run out of resources on our planet as well!"

"You are absolutely right! If you can mask yourself as Nikkawa Uchu and travel to North Wilderness Starfield; this will be your once in a lifetime golden opportunity!"

"Once in a lifetime golden opportunity? How much Spiritual Stones do you think I can get if I sell this golden opportunity?" asked Chen Xiaobei with a smile on his face.

"Are you insane?! You will not receive a similar golden opportunity like this if you miss it this time! Do not sell it even if the person offers you a huge amount of Spiritual Stones!"

"It's just a hypothesis!"

"According to what I know, the demigod that the Rothschild Family serves had some conflict with the North Wilderness Starfield. That was why he was banned from entering it anymore. After that, Rothschild Family offer 30,000 Spiritual Stones to purchase a chance to be enrolled in North Wilderness Starfield but no one was willing to do so in the end!"

"Damn! 30,000 Spiritual Stones! And no one was selling it? That's crazy!"

"Why are you so surprised? Think about it! Even if the humans on earth possesses 30,000 Spiritual Stones, they still cannot achieve Celestial Cultivation! Look at me and the Emperor God! We traveled there and we came back with later phase and pinnacle phase Celestial Cultivation! Only a fool will give up a golden opportunity like this!"

"That sounds about right! However, there is still something that I can't understand."

"What is it?"

"Let's say if Tenshou decided that they chose not to recommend you to enroll in North Wilderness Starfield, he could actually earn 30,000 Spiritual Stones! However, you are the one that is going to become more powerful but not him if he doesn't sell this golden opportunity to others! That sounds like bad business to me!"

"He is not losing out! I was always thankful for what he did in my life! I thought that he was willing to not earn those 30,000 Spiritual Stones to make me become more powerful! Ten years after that, when I was about to leave Tenshou, I finally knew the truth! All those that are recommended to be enrolled in North Wilderness Starfield will have to participate in a large scale martial arts competition! Those who outdo themselves will be chosen by the Northern Wilderness and train with them! That's not all! Whoever that recommended the overall winner to join the competition will be rewarded with 100,000 Spiritual Stones! Though I was eliminated in the end, that asshole was still rewarded with 30,000 Spiritual Stones as a consolation prize! In other words, he would not have given up the opportunity of sending me there since he had a chance to win 100,000 Spiritual Stones!"

"No wonder that asshole insisted to take you in as his disciple... Only talented people are powerful enough to help him to get that 100,000 Spiritual Stones!"

"You are right... That day, after my grandpa told me about me the truth, I finally realized that I was being treated as a tool for him to earn more Spiritual Stones! In order to convince me to join the Tenshou, that asshole was willing to kill my entire family!"

"Alright... Relax... Emperor is dead now! As the Chinese saying goes, he who is unjust is doomed to destruction! This is karma for him right now!"

"Okay... Listen to me... The golden opportunity that you are going to receive this time is extremely rare! You must hold on tight to it! Don't let it go! Train hard and improve as much as possible! In the future, you might be powerful enough to fight with the Tenshou God!"

"You are actually right about that! I have promised a friend that I will help her to kill the Tenshou God! Of course, I will have to complete that this task in the distant future! All in all, I will definitely avenge her no matter what!"

"Make sure to work hard to improve your cultivation! Gather more resources for yourself! I believe that you will achieve your goal eventually!"

"Don't worry! I know what to do now! If I can travel to Northern Wilderness this time, I think I will be able to figure out something to bring more people with me next time!"

"Bring more people over there? How is that even possible? You are not even a demigod!"

"Bring a few people with me is just an easy task! If everything goes smooth, I will be able to open a brand new path and collect money from those that want to go there to do some traveling!"

"What? Letting people travel to Northern Wilderness? You are getting more and more ridiculous!"

"I'm getting ridiculous? Have you forgotten that this is my bedroom in Bei Xuan Faction?"

"This... That silver ray! You are going to use that silver ray to bring people to Northern Wilderness!"

"Well, you are actually quite smart!"

"If you can really open a doorway to Northern Wilderness... You are going to earn all the Spiritual Stones that are available on this earth!"

"Pumpkin! You are over thinking right now! That's is not going to happen anytime soon! First, I will need to get there and check out the place. Second, I will need to make sure that the place is safe before I bring my friends my family to travel there!"

"You are right! Northern Wilderness is a gold mine of opportunity! At the same time, it is dangerous! Recalling the ten years that I spent there, it's actually not easy at all! You will need time to get used to the place after you travel there!"

Chen Xiaobei then nodded his head and didn't say much after that.

On the other hand, Phantom Rain went back to the guest to have a good rest. Next morning, everyone traveled back to the Shallow Grass Mountain in Japan through the Returning Bracelet. Now that the Emperor and Emperor God were Chen Xiaobei's allies, he now had everything under his control. Soon, he would be able to travel to the North Star Chasm!

[Red Envelope Group of the Three Realms](#)

Chapter 1117: Zar Is No Fool

When Chen Xiaobei returned to Japan, it was time to begin the special transaction.

There were three key people in this transaction: The person transferring power, Nikkawa Uchu, Chen Xiaobei's loyal hound; the person receiving the power, Emperor God, who was also Chen Xiaobei's brother Six Ear Macaque; and the bridge of this transaction, the Holy Lady of Divine Sovereign Sect, a.k.a No.8 Luban.

This transaction between the Tenshou and Nikkawa Uchu had become Chen Xiaobei's show.

Whatever requests the Tenshou would have, Chen Xiaobei would do. After all, whichever way the power went, it would still be in Chen Xiaobei's hands.

From today onward, most of the issues regarding Japan would be decided by the Tenshou. As for anything that were more critical, they would be decided by Chen Xiaobei!

Nikkawa Uchu had already prepared everything. Arranging every detail within one day.

During dinner time, Tenshou called Nikkawa Uchu.

He was pleased with the arrangement and told Nikkawa Uchu to get ready. He would notify him again when it was time to leave!

...

When Chen Xiaobei was informed, he was in the cave in the mountain east of the Divine Sovereign Sect.

Demonic Fox had been waiting for Chen Xiaobei the whole night.

When she heard that the Emperor God was dead, she was both shaken and excited.

"I have another good news!"

Chen Xiaobei sat on a rock, looking down at the Demonic Fox in his arms and said, "Tenshou has taken the bait. He will bring me to North Wilderness Starfield soon!"

"Wow! It went so smoothly. There really wasn't any hiccups at all?" Demonic Fox blinked and asked.

"What? Why? Isn't that good? Were you hoping that something goes bad?"

Chen Xiaobei tapped the tip of her nose.

"I'm just worried..." The Tenshou is a Boss-tier enemy. Don't you think it's all too easy? Don't you find it strange?"

"I did not meet personally with the Tenshou. Everything was done behind the scenes so, there was no chance of making a false step. Everything went so smoothly!"

"Really? You didn't let anything slip? Come over and take a look!"

Demonic Fox stood up and led Chen Xiaobei by the hand into the cave and pointed in the direction of the Divine Sovereign Sect and said, "Look at that American in the guest room!"

The position of the cave gave them a full view of the Divine Sovereign Sect. In addition, Chen Xiaobei and Demonic Fox were both elites with visions better than most. So, they were able to see everything happening down there clearly.

At the door of the guest room, the American was talking into the phone.

"I know him! He's the USA's CIA's vice leader, Zar!" Chen Xiaobei chuckled. "I chopped the head off all three of his men! He is the only one left. He's not a threat!"

"No! Zar is not stupid! Last night, when you led the Emperor God away, I was up the whole night watching. Zar was awake too and he had been talking into the phone the whole night!"

"What does that tell us?" Chen Xiaobei asked.

"I don't know..." Demonic Fox furrowed her brows. "But I don't think he will just wait around. He must be planning something! Why don't you apprehend him and ask him?"

"No! This is a critical moment. One wrong move and the Tenshou might change his mind and it will affect our plan."

"But I'm really worried... He has not put the phone down since last night!"

"He is an important official. It's normal for him to be busy like that. Don't you worry. If anything happens, we will be able to escape any time!"

"Mmm... Alright..."

Demonic Fox nodded. She knew that Chen Xiaobei would be able to get them out of any sticky situation.

...

Outside the guest room in the Divine Sovereign Sect.

After Zar hung up, he received a text that required unlocking with his fingerprints.

It was just a phone number.

Zar stared at it for quite some time before he dialed the number.

"Hello, who is this?"

The voice of a young man's came from the other end.

"Hi, how are you?" Zar greeted the young man politely. "I am Zar with the C.I.A. There's an emergency. I need to talk to the Tenshou God!"

"Mmm, hang on! I'll go report to him!"

Under normal circumstances, the Tenshou number was not one anyone would simply dial.

Zar must have discovered something monumental enough for him to call.

It was as if the Tenshou knew that and quickly picked up the call. Normally, he would ignore nine out of ten calls.

"Mr. Zar, you're looking for me?"

A familiar and deep voice came to the line. One could imagine how powerful the person was from the way he talked.

"Greeting, Tenshou God. Your servant is here to greet you!"

Zar sounded nervous and even bowed as he spoke. "Our intel reported that there had been a new breakthrough last night!"

"That's your country's business. Why are you telling me this?"

"It has everything to do with you! As we all know, the Emperor God is your direct disciple and the Holy Lady of the Divine Sovereign Sect was chosen with your approval!"

"Holy Lady? Tochigi Hyokitsune! Did she cause you any trouble?"

"Do you remember the Tochigi Family? The one you annihilated 18 years ago? Well, Tochigi Hyokitsune was the little orphan who survived!"

"No way! Tochigi Minamoto only had one daughter and she had just turned five years old when I wrangled her to death with my own bare hands. There was no survivor!"

"I don't know what happened that time but the DNA results are back. If you'd like, I could send it to you right now!"

"There's no need for that! I will send someone to kill her now!" The Tenshou said coldly. "I'd rather we kill a million of the wrong people than let one of them live!"

Zar felt a cold shiver run down his spine.

What grudge did the Tenshou have against the Tochigi Family that he had rather mistakenly kill a million people to wipe them out?!

"If there's nothing else, I need to go make the arrangements!"

"Wait! I'm not done!"

Red Envelope Group of the Three Realms

Chapter 1118: A Case of Familicide

"What else do you have? Hurry up!"

Tenshou God seemed like he was in a rush to kill Demonic Fox.

"Well, if you kill her now, Chen Xiaobei might be frightened and run off!"

"Chen Xiaobei? What does he have to do with her?"

"According to our intel, a security video in one of the hotels in Green Vine Town, China, showed Tochigi Hyokitsune and Chen Xiaobei checking into a room. It appears that they are in a relationship! They also made contact back in Paradise Island. It was at that time when he took 8,000 Spiritual Stones from the crown prince! There's a chance that Chen Xiaobei snuck into Japan because they were onto something! If you kill Tochigi Hyokitsune now, Chen Xiaobei will definitely flee Japan and may never show up on our radar again."

Zar was right.

They had found the right lead.

Chen Xiaobei and Demonic Fox's relationship had been a mystery all this while, even Chen Xiaobei's closest friends and family knew nothing about it.

But it did not elude the USA's C.I.A!

They really did live up to their title as the best intelligence agencies in the world!

"Are you saying that I should use Tochigi Hyokitsune to lure Chen Xiaobei out and then finish the both of them off?"

"You are truly wise, Tenshou God! We will be able to bait Chen Xiaobei and kill two birds with one stone! Then both of us will be happy!"

"Alright. I will ask Nikkawa Uchu to send her here. I will do my best to keep my hands off her for a few days!"

...

In the cave.

"Little Fox! Come give your daddy a kiss!"

Chen Xiaobei leaned on the rock and gestured at Demonic Fox.

"Really? How could you even be in the mood for that?"

Demonic Fox had worry written all over her face.

"I'm just trying to distract you. I don't like seeing you like that."

"How could I not worry? Let me tell you about the old bastard so that you know how scary he is..."

"Alright!"

"18 years ago, our family was the second most powerful family in Japan, after the Tenshou! My father Tochigi Minamoto was a direct disciple of the Tenshou, just like the Emperor God!"

"Does that mean that Uncle also went to Northern Wilderness Starfield?"

"Yes! Not only did he go to the Northern Wilderness Starfield, but he was also even chosen by the North Wilderness God to be his disciple! My father was supposed to stay in North Wilderness Starfield but one time, he came back to earth when he had a day off, met my mother and had me accidentally... For my mother's and my sake, father refused the offer to be the disciple and remained in Japan. And this led to the annihilation of the whole Tochigi family!"

Chen Xiaobei frowned and asked, "Was that because of the 100,000 Spiritual Stones?"

Yesterday, after his talk with Phantom Rain, Chen Xiaobei found out that the once the person who had entered the North Wilderness Starfield via the recommendation of a demigod was chosen by the North Wilderness Starfield, the demigod will be rewarded with 100,000 Spiritual Stones.

That was how North Wilderness Starfield recruited their subordinates—all of the best talents from all the other lower tier starfields to strengthen their force.

But Demonic Fox's father quit the position; which also meant that the Tenshou's reward would be confiscated.

"That's right! Father's resignation was a slap to North Wilderness Starfield! One of the elders came to take back the 100,000 Spiritual Stones from Tenshou. And, they were not willing to pay him the 30,000 Spiritual Stones bonus as well! From then on, the Tenshou held a grudge against my father!"

He could only recommend a person to go to North Wilderness Starfield every three to five years and he did not even get half a stone. How could Tenshou not be mad?!

"But that was not the reason Tenshou did that! The real reason behind his decision to annihilate my family was suspicious! My father was not even 40 when he broke through the pinnacle phase of Celestial Cultivation and on the verge of becoming a Sky Ninja! So, a rumor started to spread, saying that my father resigned and came back to take over the Tenshou's place! My father saw the Tenshou as his shield, the sifu who had taught him everything he knew. He was grateful and loyal to the Tenshou! But the Tenshou was suspicious of my father and was still resentful for losing the 100,000 Spiritual Stones. This led him to kill my entire family! There were a total of 103 members in the Tochigi family. He killed every single one of them! He even murdered the guests, old and young, who attended my birthday party. He killed a total of 300 people! It was my 5th birthday when I saw Tenshou crush the head of a girl my age! He thought that she was me! Poor girl! She died in my place! I hid in a dark corner and evaded death! From then on, I have sworn to continue to live on so that I could have my revenge! I don't care even if I have to sell my body and soul!"

Demonic Fox balled her hands into a fist so hard that it was drained of color.

Her innocent face twisted into a scowl.

"Relax... That's all in the past..."

Chen Xiaobei placed a hand on her shoulder and said, "The dead are gone. All we can do is continue to live on so that we can make the culprit pay! He'll get what he deserves!"

"Mmmm... I understand..." Demonic Fox took in a deep breath, suppressing her anger. "I'm telling you all this so that you know that Tenshou is a cynical man! Even if he trusts you now, he might suspect you the next second and kill you!"

Chen Xiaobei nodded and said, "I understand what you mean. Right now, everything went as we have planned. If he grows suspicious, he will kill me without a second thought even if I am masked as Nikkawa Uchu!"

Ding ring ring!

Nikkawa Uchu called.

Both Chen Xiaobei's and Demonic Fox's expression changed.

[Red Envelope Group of the Three Realms](#)

Chapter 1119: Arrives at Tenshou Island

Nikkawa Uchu did not say much. Seemingly, he was running out of time.

"Something really happened!" Chen Xiaobei said after he hung up. "The Tenshou bastard wants Nikkawa Uchu to pick you up with a chopper and send you to Tenshou Island!"

Demonic Fox was lost in thought for a while.

"Let me go! No matter what happens, we have to face it or our plans will be ruined!"

"No!" Chen Xiaobei said. "Tenshou is inhuman! When he killed your family, he even killed the guests! If you go, he will kill you!"

"No, he won't! You don't know him! If he wants to kill me, he would already have sent Nikkawa Uchu to chop off my head! I don't know what happened but he won't kill me!"

"Even if he doesn't kill you, I can't let you risk your life like that! I will ask Nikkawa Uchu to send No.8 Luban!"

"Are you out of your mind? There's a limit to No.8 Luban's usage. It's already been 2 days. It's about to return to its original form!"

"I still have Spiritual Qis. I could use it to 'recharge' No.8 Luban!"

To protect Demonic Fox, Chen Xiaobei was more than willing to use his Spiritual Qis.

"Stop being so stubborn! Do you want to go to North Wilderness Starfield or not? You were going to go as Nikkawa Uchu right? How are you supposed to continue to speak through No. 8 Luban when you are together? You'll blow your cover! You have to let me go this time! We don't have any other choice!"

"..."

Chen Xiaobei knew she was right. Though No.8 Luban could come in really handy, it did carry the risk of ruining their plan.

"I won't go to North Wilderness Starfield! Let's go back to China. I can slowly train and then have our revenge a little later! There's no need to take this risk!"

"No..." Demonic Fox shook her head. "Tenshou is already suspicious of me. If you bring me back, he will definitely find a way to get there! Then all your relatives and friends will all be in trouble! He'll kill every single one of them!"

Chen Xiaobei remained silent.

"Stop worrying. Our hands are tied! Send me there to keep him satiated for the moment. That is the only way you can get to North Wilderness Starfield, and increase your cultivation quickly! If you stay here, you might not even be able to keep yourself alive!"

He really did not want Demonic Fox to risk her life. But Demonic Fox's reasoning was right.

"Don't crack your head over it! If it means that you can get to North Wilderness Starfield, I'm willing to die! I know first that you are really powerful, North Wilderness Starfield is your chance to soar! When you achieve something great, you will avenge my family for me! I don't care if I have to die for that to happen!"

"Enough! I will not let you die! I will listen to you, alright. We'll hold back Tenshou and then I'll take the opportunity to get to North Wilderness Starfield! I will send you to Tenshou Island myself!"

"That's a good idea. Then the Tenshou won't suspect you!"

Chen Xiaobei immediately contacted Nikkawa Uchu and asked him to get a helicopter ready.

Then he put on Nikkawa Uchu's mask and clothes and sent Demonic Fox to Tenshou Island.

...

On Tenshou Island.

It was located at the Pacific Ocean and there were around small islands around it. Usually, it was impossible for boats and ships to get close to it because there were a lot of reefs under the water. Here lied the most powerful ancient faction in Japan, Tenshou! Ancient faction and ancient power were similar to the cultivation of an elite. They were separated into different tiers. For example, the Tidal Faction that Lin Xiang joined could only be considered as a low-tier ancient faction.

The Faction leader, Lin Chaoyin's cultivation was only at the early phase of Celestial cultivation. In ordinary Jianghu, it was true that she could do whatever she liked but when it came to the world of ancient faction, she would have to act in a humble manner.

Other factions like Mount Hua Faction and Green Town Faction, the faction leaders' cultivation were also at early phase of Celestial Cultivation. But, they had accumulated hundreds and thousands years' worth of resources. With that being said, they were definitely more powerful than the Tidal Faction. That was why they could be considered as top-tier ancient factions!

Those ultra-powerful ancient factions were normally led by a legendary elite with Ethereal Cultivation. So far, Chen Xiaobei had never met someone that powerful. Just like Mount Shu Faction, Rothschild Family, and Tenshou, they all had a demigod guarding their factions. That was why they could be considered the most powerful factions in this world. Today, Chen Xiaobei could finally witness the power of top-tier ancient factions.

Looking down from the helicopter, Tenshou Island was surrounded by all the other small islands. It was as if they were worshipping Tenshou Island. There were greens and birds on the island. From far, it looked like an untainted paradise! If Chen Xiaobei's guess was right, there should be a Spiritual Qi Path beneath Tenshou Island—supplying the people that stayed on the island with an unlimited supply of concentrated Spiritual Qi. Only demigod-level elite could take this island into his possession!

If some ordinary factions came and take possession of this island instead of Tenshou, Nikkawa Uchu would be the first one that sent fighter jets and carrier battle group to take over this island. Looked closely, there was an ancient Japanese castle in the middle of the island. Though it was not big, it was definitely heavily guarded by powerful elites.

To Chen Xiaobei surprise, he was shocked that a powerful ancient faction like Tenshou did not go out to recruit more powerful disciples. Judging from the castle size of the building, there should be around a hundred people staying inside it.

As for Mount Shu Faction, they should have around 10,000 disciples and Rothschild Family should have around 1,000 disciples.

However, that was totally normal because only prodigies were allowed to join Tenshou Faction. Considering that Japan was just a small country, there should be only a couple of prodigies over the period of hundreds of years.

Buzz!

Buzz!

The helicopter landed. In this modern society, Tenshou actually possessed a couple of helicopters for the disciples to travel in and out of the island.

"Greetings Emperor! Greetings Holy Lady!"

A fair skinned, 23 to 24 year-old man greeted Chen Xiaobei and Demonic Fox.

"You are too polite, Master Tengu!"

They immediately greeted him back and addressed him as Master Tengu!

[Red Envelope Group of the Three Realms](#)

Chapter 1120: Tengu Serves Me Tea

Demonic Fox's knowledge of the Tenshou was limited but Chen Xiaobei had done his homework beforehand.

This young man nicknamed Tengu became Tenshou's direct disciple one year before Phantom Rain.

If Tenshou had not discovered Phantom Rain, the person he would have sent to North Wilderness Starfield was this Tengu.

And because of that, Tengu's cultivation was only in the later phase of True Nirvana stage, far beneath Phantom Rain's.

But this young man was mentally strong, he did not get upset over this missed opportunity.

Moreover, he did not pull faces or throw tantrums even though he was stuck serving guests and pouring tea all day long.

Phantom Rain went to North Wilderness Starfield for a good ten years and this young man had to stay back, doing all the menial house chores.

"Sifu is waiting in the main hall for you. Please come with me."

Tengu smiled warmly, moving gracefully.

Chen Xiaobei smiled back at him and along with Demonic Fox, followed him into the Tenshou Mansion.

"Little Fox, don't you think that there's something off about this person?"

Chen Xiaobei used Thousand Whisper Knots to communicate telepathically with Demonic Fox.

"Yeah! Nurture develops character. After being around the Tenshou for so long, he doesn't seem to be affected by Tenshou's evil tendencies! In fact, he's very gentle and graceful. He has a gorgeous face and his eyes are clear. He has this delicate and muted feel about him, giving the impression that he's benevolent. That's really strange!"

Demonic Fox's name really reflected who she was. Not only was she bewitching and charming like a fox, she also had the intelligence and the instincts of one.

"Good. Be wary of him. He's not who he appears to be!" Chen Xiaobei warned.

...

The interior of the Tenshou Mansion was a medley of lavishness.

Jade was used as bricks, gold as lighting, stained glass as roof tiles, pearls and corals as ornaments—every item in the room was ornate.

"This old bastard really does know how to enjoy himself!" Demonic Fox sniffed.

"These are actually expected for someone of his level. You have to control your emotion. Try not to blow your cover later!"

"Excuse me? Why would I blow it? Did you even consider the fact that I've survived for 18 years because of my amazing acting skills? You are the one who should be careful not to give the game away!"

"I don't think you know that I'm actually a professional actor!" Chen Xiaobei smiled. "China's top film director Feng Yaolun said that my movie will be screened in Europe and America somewhere in the next half of the year! He said that there's a chance it'll get an Oscar. Becoming the best actor with just one film!"

"I know that you are the main male protagonist of 'Ling Yue the Heroine'. It was released in Japan and was quite a hit for a while!"

"Hehe, right now, you are the female protagonist, I am the male protagonist and let's give this old bastard the show of his life!"

Chen Xiaobei grinned widely.

...

The luxurious embellishments and furnishing did not continue to the main hall, which was washed in black.

Black jade tiles, black metal throne, and instead of bulbs, the room was lit up with a few dragon palace lanterns.

Stepping into the hall gave off the feeling of going back in time to the hall of ancient kings. A solemn, imposing atmosphere filled every corner of the room.

"Greetings Tenshou God!"

Chen Xiaobei and Demonic Fox bowed to the man seated on the black throne. The show had begun.

The white-haired old man was more than a century old but he gave off an aura that was more vigorous than a healthy young man's.

He sat tall, with his chest, though covered by the long chang pao was most definitely toned and muscular, high.

His brows sharp and eyes fierce, like a tiger's, and his hair was like a lion's mane. He did not even have to speak to terrorize people.

He was, without a doubt, the owner of this house! The one and only demigod in Japan!

Tenshou!

"There's no need for all these formalities," Tenshou said, his voice stern.

Chen Xiaobei and Demonic Fox got up from their bowing position, then looked up at Tenshou.

After a long pause, Tenshou finally asked, "Holy Lady, do you not know why I called you here?"

"Tenshou God is wise and prescient. I'm sure that you have a plan! I don't have to ask, I only need to obey!"

Seeing Demonic Fox so obedient, Tenshou had a little peace of mind. He still believed that Demonic Fox did not know who she was.

"Emperor, don't you want to ask why I wanted you to send your daughter-in-law here?"

Chen Xiaobei pretended to panic and said, "Tochigi is your direct disciple, and I made a deal with you. I have given you the whole country! Whatever you ask for, I am more than willing to do and give!"

Unlike the way Demonic Fox licked his boots, Chen Xiaobei chose to tackle the thing that Tenshou wanted the most.

For the sake of leveling up his cultivation, Nikkawa Uchu sold out his family and country! Sending his daughter-in-law was a natural thing to do!

Tenshou breathed another sigh of relief.

It was not possible that he would be connecting Nikkawa Uchu with Chen Xiaobei.

A few simple words dispelled Tenshou's suspicion; thus, ensuring that both Chen Xiaobei and Demonic Fox were safe for the moment.

"Alright. Since you don't want to know. Get some rest in the guest room! Emperor, you don't have to leave either. I will fulfill my promise in 2-3 days!"

"Thank you Tenshou God!"

Chen Xiaobei smiled happily and bowed deeply. His acting was spot on.

...

In the guest room.

Chen Xiaobei and Demonic Fox were in separate rooms, but they were able to communicate without any interference through the Thousand Whisper Knots.

Knock! Knock! Knock!

Someone knocked on Chen Xiaobei's door.

And then a gentle voice called out, "Emperor, it's me, Tengu."

Chen Xiaobei raised his brows but immediately went to the door and asked, "Tengu, why are you here?"

"I've prepared a pot of tea for you!"

Tengu was holding a tray with a pot and teacups.

"I know you like to your teas. This is the Da Hong Pao from China's Mount Wuyi. Sifu gave it to me but I don't know much about teas. I think you might like it!"

Chen Xiaobei was taken aback. It was very well said. There was no reason for Chen Xiaobei to refuse him.

"Come in."

Chen Xiaobei smiled as he gestured toward the room.
