Chapter 241: Who Is Instantly Defeating Who?

"What? Ten people at the same time?"

"Impossible! That Japanese contestant on the stage is already so powerful! How the hell is he going to fight against ten people at the same time?"

"Is Bro Bei kidding us? Sometimes, he takes his jokes too far!"

.....

His friends couldn't believe that he had just said something like that. All of them were really shocked.

Xiaoyao had her eyes wide opened as well. She sighed, "Man! This b*st*rd is too damn arrogant! His combat power is similar to mine, how dare he act like a Kungfu elite on stage? We are so done if he loses this match!"

On the other hand, Meichuan was getting more and more excited while most of the people were worried about Chen. To him, it was completely suicidal for Chen to fight ten people at the same time.

Meichuan shouted tauntingly, "Chen Xiaobei! Are you serious? We have nine more contestants left! I don't mind asking them to fight you if you have the balls to challenge them all at once!"

"Hmph! I'm serious! I will not take back my words!"

Chen raised his eyebrows and said, "Ask your team of rotten eggs to come on stage right now! I want to defeat all of them at the same time! It saves time!"

"Great! Very good! I like the arrogant look on your face! Everyone, get on the stage right now! Beat him to a pulp! Hahaha..."

Meichuan started to laugh.

The rest of the Japanese contestants charged up to the stage at the same time and surrounded Chen!

"Chen Xiaobei! I'm going to tell you now! Punches and kicks are blind, thus, do not blame me for crippling you!" Meichuan said tauntingly.

The Japanese contestants started to warm up their fists by rubbing them with their palms. They couldn't wait to beat Chen up. However, Chen was extremely calm at this very moment. He even felt like laughing.

"Hehe...Well, I'm relieved that you reminded me of this rule...Your team of rotten eggs will definitely be crippled by me!"

"Damn! Bro Bei is so cool!"

"Cool is useless! His punches have to be harder than those Japanese contestants'!"

"You are right...I think Bro Bei has just dug his own grave...How is possible for him to win this unfair fight?!"

"One will be struck by lightning if the person is overly arrogant! Bro Bei is so done this time..."

.....

It was totally understandable for the students to worry for Chen. One person fighting against ten seemed like something coming from a Manga. Plus, those ten fighters were no weaklings.

"*sshole Chen! Don't try to act cool on the stage...Just come down from the stage if you feel like you can't win against them...I will not blame you for losing this match..."

Murong pouted and said worryingly. This girl might go against Chen all the time, but she cared about Chen a lot when it comes to critical moments like this. After all, she is a girl with a kind heart.

"Don't you worry. I'm stronger than you think," Chen looked at Xiaoyao and smiled.

"Your combat power is similar to mine! We just fought two days ago! You can't even beat me in a fight!" Xiaoyao pursed her lips after hearing Chen's claim.

"Hahaha..."

Daxiong laughed loudly when he heard Xiaoyao's reply. He spoke in Mandarin, "I have seen a lot of idiots in my life! But, I have never seen an idiot like you! You are not qualified to fight against us if you can't even beat that lady in a fight!"

"Hahaha...Idiot! Idiot!"

The rest of the Japanese contestants laughed at Chen at the same time. All of them stared at Chen mockingly. In their eyes, Chen was just another potato waiting to be mashed.

Chen ignored them, stared at the VIP seats coldly and asked, "Meichuan Neiku, can we begin the match now?!"

"Hmph! Bastard, you don't even know that you are digging your own grave!"

Meichuan laughed coldly and announced, "The match begins now! Now, go and beat that bastard up until he can't scream for help!"

Daxiong walked to Chen slowly, cracking his knuckles.

"Mr. Daxiong is awesome! We will be glorified by your victory!"

"Mr. Daxiong! Defeat him in one single punch! You can leave the rest to us...Hehehe..."

"Right! One punch! Like killing a chicken! Kill that bastard!"

.....

The rest of the nine Japanese contestants were laughing at Chen and licking Daxiong's boots at the same time.

"B*stard! Tell me! How would you like your death to be?"

Daxiong walked towards Chen and asked coldly.

"You don't have to worry about how my death is going to be. You should be thinking about how to mourn for your little brother!"

Chen focused, lifted his right leg and sent his foot flying.

"Little brother?"

Daxiong was stunned for a second. The next second, he knew what Chen was talking about instantly. He saw Chen aiming at his crotch. Well, this is the legendary Nusbuster!

Swoosh...

This kick is still the same as it was before, but Chen's combat power had gone through a huge transformation! Qi refining stage with five thousand combat power! The speed of his kick was fast enough to create a whirlwind around him.

"Oh my God! What...What kind of speed is this?! This is just too damn fast!"

Sweat started to roll down on Daxiong's face before the kick landed on his crotch. He thought that this kid couldn't even beat Xiaoyao. Thus, he was wondering how it was possible for his speed to be so much faster than Xiaoyao's.

Daxiong was completely petrified. He couldn't catch up to Chen's speed, let alone defend against that kick. The thing that scared Daxiong shitless was the flowing of Qi around Chen.

"That...That...Could it be Qi?!!!"

Daxiong turned into stone immediately. He couldn't believe what he just felt. This is the sign of Qi refining stage! Although the Qi was still kind of weak, a person that reaches Qi refining stage can crush people with lower cultivation than himself easily! Complete crush!

POM!

A muffled sound echoed through the air. The kick had met its target!

"Ouch...Wooo...Wooo.."

Daxiong became a superman that flew high into the sky and fell right among the VIP seats.

BOOM!

It was like a bomb had exploded at the VIP seats. The place was a mess!

Meichuan Neiku and Wong Jianren had no idea what had just happened to them. Two of them fell on the ground with their hands and legs facing the sky.

"This..."

The whole place fell into complete silence. The sound of a needle dropping on the floor could be heard at that moment. The rest of the Japanese contestants were shocked by Chen's powerful kick. None of

them had the expression to show what they felt right now. On the other hand, Xiaoyao's mouth was wide open.

The remaining Japanese contestants were warming up their fists to beat Chen up, a second ago. Now, they were completely stunned.

"Your turn now!"

Chen stared at them. One stare, and they almost peed their pants.

Red Envelope Group of the Three Realms

Chapter 242: Complete Victory!

The remaining nine Japanese contestants on the stage knew better than anyone what it took to become a Genin at the pinnacle phase of physical stage. One needed to go through a lot of tests to become a Genin in Japan. Usually, only one out of thousands of people can become a Genin with a pinnacle phase of physical stage. Daxiong was a particularly powerful Genin among their kind! However, this awesome Genin was completely destroyed by Chen a few seconds ago!

The fact that their reputable Genin was destroyed within a few seconds created a massive impact in the hearts of the remaining nine Japanese contestants. Before the match had started, all of them had perceived Chen as another potato, ready to be beaten into pulp. Now, Chen was like a demon that had just escaped from the gates of hell. Their souls and bodies were shaking involuntarily.

POM!

Chen didn't even grant them the time to let fear take over their hearts. Along with the muffled, explosive sound, another Japanese contestant joined the newly formed eunuch team. His pants were soaked in blood and he was tossed seven to eight meters away.

*Oh my God! This is so scary!"

The balls of the remaining eight Japanese contestants shrunk! All they could think of right now is to surrender! One word; surrender!

"Yah!!!!!!!"

The rest of them were shouting hysterically on the stage. Unfortunately, Chen did not allow them to surrender.

POM!

POM!

Two more contestants were tossed out from the stage. Then, they landed on the concrete floor.

"Ma!!!!!"

POM!

POM!

POM!

Three more people were tossed off the stage.

"Teh!!!!"

That last utterance came from the last three remaining contestants in the sky.

PIAK!

PIAK!

PIAK!

Chen was the only person on the stage when the last three contestants landed on the concrete floor. Well, the result was pretty obvious. Chen had won the match!

ROAR!

Everyone started to scream in excitement the next second. The cheering from thousands of people had created a mini earthquake. The whole stadium was shaking.

"What the f*ck!!!!!! We just won!!!!!! Our Bro Bei won the match!!!!!! Oh my God!!!!!! So awesome!!!!!!"

"The champion title of the Taekwondo friendly match belongs to our Green Vine University!!!"

"The Japanese team was cheating all the time! In the end, we still won the match!!! Man!!!! This is so damn satisfying!!!"

"After all, our Bro Bei is the best!!! If it wasn't for him, it would have been impossible for us to win the match!!!"

"You are God damn right! One fought against ten! His coolness and awesomeness are definitely one in a million!"

"Man! Bro Bei! Why are you so cool and handsome?!"

"AH!!!!!! Bro Bei! I love you! I want to give birth to monkeys for you! A lot of monkeys!!!"

"Bro Bei...Bro Bei..."

.....

The crowd was completely out of control! Every single one of them had goosebumps crawling on their skin. Their hearts were thumping hard and their blood was boiling! Undeniably, Chen had won the match for everyone! From a larger perspective, Chen had won the match for his country as well! Every single audience member stood up and cheered for him except for Wong Jianren. He was yelling into the microphone. However, no one could hear his voice, because the cheers from the audience had flooded his voice completely.

Suddenly, Chen raised up his hand. The crowd became quiet instantly. Wong was stunned when he saw Chen's influence over the crowd. His shouts to silence the audience had been completely useless. But, one single gesture from Chen, and the entire stadium had quietened down. Who is the vice principal here?!

"Wong Jianren! You have no right to talk right now! Pass the mic to Meichuan Neiku right now! I want to hear him tell me that he surrenders!" Chen sounded calm, but his dominant presence was everywhere. Everyone had their ears straightened up to hear Meichuan surrender willingly.

"Never! Real men from Japan will never surrender to their opponents!" Meichuan snatched the mic and shouted.

"I remember you saying that the champion will be decided when the team surrenders or if the team members lose their strength to continue to fight, right?!"

Chen narrowed his eyes and tensed his legs up. Like a swift wind, Chen jumped up to the VIP seats without them even realizing it. He stood right in front of Meichuan.

"Oh my God!"

Meichuan was scared shitless by Chen's dominant presence. He fell to the ground.

"Don't blame me for crippling you if you still refuse to surrender! You are the one who said so earlier that it's totally acceptable for the contestant to beat the other contestant until he/she is crippled, only to make sure that the person is still alive. That's what you said! Am I right?!"

Chen looked at Meichuan from his elevated position. His voice sounded cold, and a murderous look was imprinted on Chen's face.

"Nonono...I...I...I will surrender now..."

In the end, Meichuan couldn't get over the fear inside his heart towards Chen. He was not afraid of being beaten up by Chen. What he was really afraid of was to be kicked in the crotch. No man in this world can withstand that kind of excruciating pain.

"Woah!!! The Japanese team surrendered finally! They surrendered!"

"Our Bro Bei has handed us victory! An undeniable victory! This is so damn satisfying!"

"I thought Meichuan was some kind of tough guy! In the end, he became a coward in front of our Bro Bei!"

"Where are the true men of Japan?! Such a funny joke! Hahaha..."

.....

The cheering started again. The first victory belonged to Green Vine University, since the Japanese team surrendered. After the celebration, the crowd started to leave the stadium slowly. On the other hand, Chen and Xiaoyao exited the place through the backdoor. They will definitely be surrounded by hundreds of thousands of fans if they exited through the front door.

"*sshole Xiaobei!"

Seeing that no one was around, Xiaoyao opened her watery eyes wide and stared at Chen. She bit her lower lip nervously. It seemed like she was holding back on the following words.

"What happened? Were you impressed by my powerful and dominance presence just now? Are you planning to confess your love to me? But, really, you are not my cup of tea..." Chen said with a smile on his face.

"Pst...! I will confess my love you when the sun rises from the north!"

Xiaoyao rolled her eyes at Chen and lowered her voice, "I'm going to ask you this right now! Is it true that you have reached the Qi refining stage?"

"That is right! If not, how could I defeat that Daxiong with one kick?"

Chen shrugged and asked rhetorically.

"What?! I can't believe that it's true! I thought I saw it wrongly just now! Oh my God..."

Xiaoyao was in awe and her mouth was wide open again.

Her dad; Murong Tian had spent ten years to successfully breakthrough his cultivation. This Chen Xiaobei had only spent a few days to successfully breakthrough his cultivation! Xiaoyao had no words to describe her feelings right now. Everything could only be concluded in one single sentence.

"Chen Xiaobei! You are not human! You are a freaking monster!"

Chapter 243: Call Me a Good Brother Three Times First!

Xiaoyao was so shocked. However, she still doesn't know Chen did not use a few days to complete his cultivation breakthrough. All he spent was a minute to complete the breakthrough!

Muring Tian had spent ten years, but Chen had only spent a minute. Chen was curious to know how Xiaoyao will react to this cruel fact. The kind Chen decided not to tell Xiaoyao about the truth. He was worried that she wouldn't be able to handle the truth.

Actually, Xiaoyao was at the pinnacle phase of physical stage as well. A "YES" from Chen, and she will be able to achieve cultivation breakthrough within a minute as well. However, Chen still can't fully put his trust in Xiaoyao, just yet. The secret of Skybreaking Cultivation Pill might endanger his own life. Thus, Chen would have to be really careful of who he shows it to.

"Alright. Earth to Xiaoyao. Tell me about the big secret of your family."

Chen waved his hand right in front of her face.

"Okay. I am authorized to tell you right now, since you have reached the Qi refining stage."

Xiaoyao calmed herself down and said, "We, the Murong Family are the descendents of the Yan Dynasty. We pass the secret of the location of Yan Dynasty Emperor's tomb from generation to generation. Until today."

"The tomb of the Emperor of Yan Dynasty? What is going on, right now?"

Chen perked up. He was really curious about the secret tomb. When a normal person hears about the tomb, they will feel extra curious and be suspended in disbelief. Since Chen has joined the Red Envelope

Group, he has seen a lot of magical things happening in front of him, thus, everything is possible to Chen right now.

"There are tonnes of valuable items buried in the tomb of the Emperor from the Yan Dynasty! If one manages to locate the tomb, the person will become so rich that he/she can buy the whole country!" Xiaoyao said seriously.

"Are you serious?"

Chen pouted and asked haltingly, "I don't think money would cause a bloody war in Jianghu! The real Jianghu elites are so rich that they don't even bother to acquire more wealth!"

"I have not finished talking!"

Xiaoyao pursed her lips and continued, "I'm going to tell you something now that only blood-related family members in the Murong Family have the right to know about. You have to keep your mouth shut after I tell you this! Never, ever tell anyone what I'm going to tell you!"

"Eh? Why are you telling me this? I'm not even related to the Murong Family!" Chen was stunned and asked shockingly.

"Man! You are so dumb!"

Xiaoyao pouted, "My dad has already handed over his most precious daughter and the responsibility of keeping the imperial jade seal to you! Obviously, you are now part of our family!"

"This..."

Chen felt guilty after hearing Xiaoyao's words. Now, he knew that Murong Tian and Murong Xiaoyao had entrusted him with the secret of their lives. Yet, here he is, worried about his own secrets. This is definitely not right. Chen decided secretly that he is going to look for a good opportunity to let Xiaoyao go through the cultivation breakthrough as well. After all, allies are built on trust. Being suspicious of each other is not what good allies would do.

After some thought, Chen put on a serious face and said in a deep voice, "Don't you worry. I promise you that I will never spill a single word to anyone in this world!"

Xiaoyao nodded and said, "When the Yan Dynasty was just established, our emperor was thirty-three years old. With his leadership and extremely powerful combat power, he managed to lead his armies to conquer the kingdom."

"In his tomb, among other items, there is an ultimate martial art scroll! It was the martial art that he learned during the war! If one manages to find it and learn whatever that is recorded inside, the person will be so powerful that he/she can do whatever they want in Jianghu."

"So, this is the item that everyone in Jianghu is dreaming of. There will be a war if this matter is not dealt with properly!"

.....

Chen finally got a clear picture of what was going on in the Jianghu. He is now extremely interested to find out more about it. The fact that a thirty-three-year-old guy managed to become the most powerful person on earth made Chen feel really excited.

"My dad mentioned to me that we can learn that ultimate martial art together. Then, we can go to the Golden Dragon Temple to bring him home when we are powerful enough. Also, you can have all the gold and jewellery in the tomb if you want them to be your possession."

Then, Xiaoyao paused and said sternly, "Chen Xiaobei, my dad entrusted you with everything he had! You are not allowed to disappoint us! If not, I will hate you till the end of my life!"

Chen nodded and said, "Yes. Don't worry! Since you decided to tell me the secret, I will definitely help you until everything is solved!"

"Thank you! Xiaobei!"

Xiaoyao bit her lower lip and a slight blush could be seen from her face. Undeniably, Xiaoyao is truly gorgeous. That lip biting was just too much.

An arrow from Cupid struck Chen. He asked happily, "Will you love me till death do us part if I never disappoint you in the end?"

"Pssst! I'm talking seriously right now! Don't even try to flirt with me!"

Xiaoyao pouted, stared at Chen and said, "I will beat you to death if you flirt with me again!"

"Hmph! Flatboard Princess! You have to get a clear idea of what you just said! Remember, I just complete my cultivation breakthrough! Are you sure you can beat me to death? Do you know that I can come over and spank your *ss right now?!"

Chen grinned and looked at Xiaoyao's tight, round *ss evilly. An evil intention could be sensed from Chen's stare.

"How dare you call me a Flatboard Princess?! I will fight...Fight...Don't come near me!"

Xiaoyao was extremely angry. She would have charged at Chen if she knew the fact that her combat power was still similar to Chen's. But, she did not dare charge at Chen this time. She quickly used her hands to cover her *ss when Chen raised his right hand. Then, she started to back off. Combat power ruled here. This is why Xiaoyao was acting completely differently now.

Xiaoyao pursed her lips. Her face went sour, but it was so cute to look at.

"Little lady! Do you still want to fight me?"

Chen shook his palm and asked tauntingly.

"You...You bully! I will beat you up until all your teeth falls off if I can complete my cultivation breakthrough as well!" Xiaoyao said bitterly.

"Hmph! Don't say that I have never treated you nicely! I'm giving you an opportunity to complete your cultivation breakthrough instantly! Do you want it?" Chen asked happily.

"Are you serious? Of course, I want it! Tell me now! What should I do?!" Xiaoyao was really excited when she heard about it.

She knew very well that cultivation breakthrough is an extremely difficult process. Instant cultivation breakthrough is something that she had dreamed of, for a long time!

"So, you really want it, huh?" Chen's smile suddenly turned devilish.

Xiaoyao felt that something bad was about to happen.

When she thought about how her nemesis; Chen had completed his cultivation breakthrough, she bit her fear down and said, "I want it!"

"Alright! Call me your good brother three times first! Then, I will show you the way of instant cultivation breakthrough!"

Chen raised his eyebrows and put on an evil smile

[Red Envelope Group of the Three Realms](#)

Chapter 244: Do I Look An Idiot To You?

"Dream on!"

Xiaoyao pouted and said, "You animal! Always thinking about how to take advantage of me! I will never fall into your trap!"

"Well, it's entirely up to you now. I have presented the golden opportunity in front of you!" Chen shrugged and got ready to walk away.

Xiaoyao got really nervous when Chen was about to leave.

She shouted, "Hold on! How would I know that you are not lying to me?"

"It's actually really simple!"

Chen grinned and said, "There will be a chance that I will give you what I promised just now, after you call me your good, good brother! But, you are basically throwing away the chance into the drain if you choose not to do what I am asking you to do! So, it's all up to you! No pressure, here."

"You..."

Xiaoyao got really angry of the position he had put her in. In the end, she realized that anger would not get her anything. She decided to do what Chen had asked her to do because Chen is the boss now.

"Listen carefully! I'm going to call you a good brother now!" Xiaoyao said angrily.

"Hold on...Let me reply a message first..."

Chen took out his cellphone, messed around with it and said, "You can do it now! Remember! I want a soft, gentle, and sweet voice. It does not count if I'm not happy with your tone!"

"You..."

Xiaoyao was so angry that she almost fainted.

All these demands make you an *sshole!

Just wait! I will let you have a taste of my punches when I complete my cultivation breakthrough!

Xiaoyao gritted and said sweetly, "Good brother!"

"Erm..."

"Good brother..."

"Aihhh..."

"Good brother..."

"Such a good girl..."

.....

Xiaoyao's face was as red as a tomato when she finished calling Chen her good brother.

She thought, "What a mean bastard! He acted like I really meant it when I called him my good brother just now!"

Chen smiled evilly and kept his cellphone in his pocket. He had just recorded Xiaoyao's words just now. A savage Princess like her will never call Chen her good brother on her own. This was why Chen had grabbed hold of this golden opportunity to record down everything that she just said. He was planning to play it whenever he got nothing to do. It was pretty satisfying for Chen.

Of course, Xiaoyao did not know about the recording at all. She had definitely underestimated Chen.

"Tell me now! What should I do to complete my cultivation breakthrough?!" Xiaoyao lost her patience and asked.

"Hold me...Let me get ready first...Don't you dare follow me!"

Then, Chen ran to the cafeteria. He bought a lollipop and ran back to Xiaoyao.

"Take this and eat it! Then, you will be able to complete your cultivation breakthrough." Chen handed over the lollipop to Xiaoyao and said. Chen had rubbed the lollipop against the Skybreaking Cultivation Pill when no one was around just now. This would be more than enough for Xiaoyao to breakthrough.

"Chen Xiaobei! You animal! What kind of logic is this?! Do you think I'm stupid enough to believe you that by eating a lollipop I can achieve cultivation breakthrough?!"

Xiaoyao exploded and shouted, "Why the hell did I believe in you just now?! You are the vilest person on this earth!"

"If I'm the most evil on this earth, then, you are the most idiotic girl on this earth!"

Chen shrugged and said, "You just called me your good brother just now! How difficult is it to lick the lollipop? Just don't blame later for causing you to miss the golden opportunity!"

"Hand it to me! I'm going to tear down your lying face! The sun will rise from the north if licking on a lollipop can achieve a cultivation breakthrough!"

Xiaoyao snatched the lollipop from Chen and put it in her mouth immediately. She froze the second the lollipop entered her mouth. Only the person who had a taste of the Skybreaking Cultivation Pill will know how it feels inside their body. Xiaoyao could feel the transformation within her body, instantly. Her big and watery eyes were wide opened. Then, she started sucking on a lollipop enthusiastically.

After one minute, Xiaoyao had completed her cultivation breakthrough successfully. The shocking result was too much for her to handle. She took some time to come back to reality.

Then, she said adorably, "Xiaobei...Pinch me...I want to make sure that I'm not dreaming!"

"Idiot! You are not dreaming!" Chen pinched her adorable face, smiled, and said.

"This...This is real...Oh, my God...All those efforts that I invested in my training can't even be compared to this single lollipop!"

Xiaoyao thought she was in another dimension, because this is so unreal! Well, it's totally understandable for her to be so shocked. She had witnessed her dad spending ten years to complete his own cultivation breakthrough. Even more so, tonnes of people have failed to complete their cultivation breakthrough after years and years of training.

"*sshole Xiaobei...What's inside this lollipop? I don't believe that this is just some normal lollipop!"

Xiaoyao asked after the shock. She is definitely a smart girl.

Chen dropped his playful manner and said seriously, "This is a secret that might endanger my life if I tell you anything about it! I can't say anything more. Also, you are not allowed to tell others about it as well! If not, you will put both of us in a life-threatening situation!"

"Okay...I understand...I'll back off!" Xiaoyao nodded. She knew better than anyone how serious it could get if others knew about this matter. The consequences of this secret being told to others might be even more serious than the secret she told Chen earlier. Jianghu aside, the whole world might be shaken if the government ever finds out about its existence! The consequences were beyond imagination!

"Xiaobei...Why did you treat me so nicely...?" Xiaoyao pouted and she was touched by Chen's kindness. It is only logical for Xiaoyao to be so touched when Chen was willing to share his biggest secret with her. There is a saying; One should treat others ten times better if the person treats me well.

Chen smiled calmly and said, "Your father really thought highly of me. Also, you are my good sister! This is why I should treat you even better!"

"Pst...Who is your good sister?"

Xiaoyao pouted, "I'm warning you not to tell anyone about it! I will not admit to it even if you tell others about it!"

"Hehe...! I will definitely not tell others about it!" Chen grinned. He put on a I-have-the-recording-in-my-cellphone-and-you-can-do-nothing-about-it face.

"Next, we should go and get the imperial jade seal!"

Xiaoyao said seriously, "The combination of the imperial jade seal and green jade safety pendant will allow us to solve the secret of the tomb!"

"What are we waiting for? Let's go!" Chen smiled.

"I can't do it today...Something red is visiting me today..." Xiaoyao said shyly.

"Something red?"

Chen stunned for a short while and understood it immediately, "Erm...We should postpone it...We don't want it to ruin our plans as well...Also, you are the only one who knows the location of the imperial jade seal. So, it's totally fine to wait for a day or two."

"Okay...I should leave first...You can go and screw around!" Xiaoyao pursed her lips and left.

"Screw around?! Do I look like that kind of person?!" Chen said with a serious face.

"Xiaobei! You are here!"

A sweet and soft voice crawled into Chen's ears. It is definitely a pleasure to listen to the voice.

"Xiang Xiang!"

Chen got all excited. A voice surfaced in his heart, "Go and screw around with Xiang Xiang...Go and screw around with Xiang Xiang..."

[Red Envelope Group of the Three Realms](#)

Chapter 245: Failure To Have Fun with Xiang Xiang!

Her eyes glistened, and her long, elegant eyebrows only complimented them. Her soft and fair skin was flushed with a healthy, light pink. Her lips, the soft rose petals that they were, put a perfect dot in the whole picture. Today, Lin Xiang looked like a model who had just walked out of the pages of a magazine. Chen was triggered. He ran to Lin, gave her a hug and locked his lips with her soft lips. Chen could feel every curve of Lin's body as he took her into his embrace. Voluptuous, soft, exquisite were the only words that could be used to describe her body!

After three minutes of kissing, Lin's body went limp. Only then, was Chen finally willing to let her go.

"Do you want to die?!"

Lin's perfectly crafted face was all red. She complained shyly, "This is a school! What if others catch us red-handed?"

"Let's give them a show, then! I'm not afraid of that! Hehehe...!"

Chen laughed evilly and said, "Why didn't you come to watch my fights today?"

"I'm a coward. I'm afraid that I can't control my emotion! Others will definitely discover the true nature of our relationship!"

Lin pursed her lips and asked nervously, "Xiaobei, are you angry at me?"

"Pumpkin...Why would I get angry at you..."

Then, Chen smiled and said, "But, what's my reward going to be, since I won the match today?"

"No problem! What do you want?"

Lin smiled and said, "Now, my brother has a job and I don't have to pay any rent as well. I can use all my money to buy a present for you!"

"The reward that I want does not cost single dime, my reward is right in front of my eyes!"

Chen raised his eyebrows and said evilly, "My princess...Are you willing to give yourself to me?"

"Eeeekk..."

Lin's face turned red instantly. She moved her body affectionately and said with a soft voice, "I belong to you since the beginning..."

"Haha...! Such a good girl! Let's go! I'm going to have tonnes of fun with you today!"

Chen was so excited. He grabbed Lin's hands and exited the school. They got into the car and drove to Shangri-la hotel. Even an idiot will know what they were planning to do next!

Lin lowered her face and asked shyly, "Why can't we do it at home? Why are we going to a hotel?"

"No one will disturb us at the hotel! I'm afraid that your brother will mess up everything again! Please check again...Have you turned off your cellphone?" Chen asked seriously.

"It's off..." Lin nodded, and her face was still super red.

Chen held Lin's hand and walked to the reception when they arrived at the hotel.

"Good day to the both of you! How can I help you both?" The receptionist asked politely.

The receptionist saw that Lin and Chen are really good looking, Thus, she did not dare offend either one of them.

"I would like to book a presidential suite right now!" Chen activated his rich aura and said.

"This..."

The receptionist was slightly hesitant. Although Chen and Lin are really good looking, she didn't think that they could afford to book a president suite.

"Why are you standing there for? Are you afraid that I can't afford a presidential suite?" Chen urged the receptionist impatiently.

"Nonono...I didn't mean that..."

The receptionist shook her head and said, "There's only one presidential suite in our hotel. It has the most luxurious design and the best positioning. The room is high enough for you to look at the whole city...But, it costs eighty-eight thousand a night!"

"What? Eighty-eight thousand?"

Lin was so shocked when she heard the price tag. The cost of staying in that presidential suite for a night is equivalent to two years of her salary. This is just too damn expensive!

"Xiaobei...We don't need the president suite... All we need is an ordinary room..." Lin said softly.

The receptionist advised them politely, "If you are short of money, the two of you can consider the mid-tier room in our hotel. It is pretty nice!"

"Nope! I want the presidential suite! I want my Xiang Xiang to enjoy the best of everything! Just swipe my card!"

Chen laughed calmly and slammed his credit card on the counter.

Gulp...

The receptionist was extremely shocked. Initially, she thought Chen could not afford the room. Now, she knew that Chen had too much money in his bank account, and he was looking for a way to spend it! He didn't even blink when he paid eighty-eight thousand for the room. It was like spending eight dollars and eight cents on a grocery product.

The receptionist was glad that she did not offend them. If not, Chen would have definitely barked at the management!

"Mister! You are such a generous man! Your girlfriend is lucky to have you!"

The receptionist took the card and licked Chen's boots, "I wish that both of you will have a good time in our presidential suite!"

"That's a must! Today, no one is allowed to disturb us!"

Chen grinned and put his hands around Lin's waist.

"Eeeekk..."

Lin was so nervous. She didn't know what to think anymore. She was actually quite eager. She had wanted to give herself to Chen long time ago. Finally, her wish is about to come true today. This made her really happy.

"Don't take his card!"

A sharp voice can be heard from far. Chen's face turned cold when he heard the voice. The owner of that sharp voice is none other than Yap Liangchen!

"Boss!"

The receptionist was at a loss of what to do. She quickly put Chen's card back on the counter.

"Hey! What do you think you are doing?!"

Chen stared at him coldly. His good mood was completely ruined.

Yap was holding a woman beside him. He smiled and said, "Seems like you are in a good mood! I can see that you've brought a pretty girl to my hotel! Aren't you afraid that I will tell Xiaoyao about this? Do you think that she will dump you?!"

Yap looked at Lin lustfully while talking.

He thought, "Damn! This girl is damn hot! She is not as pretty as Xiaoyao. But, her body is as hot as those models in magazines!"

His eyeballs almost fell to the ground. Suddenly, he felt as if the appearance and the body of the lady that he had in his arm was that of just another ordinary girl on the street.

"Well, it does not concern you one bit about whether Xiaoyao will dump me or not! But, I will definitely slap you real hard if you stare at my woman lustfully again!"

Chen was not pleased at all! He couldn't wait to step on Yap's obscene face!

Lin frowned as well. Her good mood was completely ruined.

"Do you really think that you can slap me? Hehehe..."

Yap's face turned cold and shouted, "This must be some kind of joke! I'm a prodigy from the Yap Family! I can kill trash like you with one hand!"

Chen quickly turned on his Netherspirit Battlescouter.

Ding!

[Cultivation:...]

Chapter 246: Turn Them Into Metal Scraps!

"Damn! No display again!"

Chen frowned. The Netherspirit Battlescouter had failed him again. Needless to say, there had to be some be kind of Yang item on his body. There was an unknown object hanging over Yap's chest. The energy from the object prevented the Netherspirit Battlescouter from functioning properly.

"Damn it! I need to upgrade my Netherspirit Battlecouter when I'm free! If not, I will be taken advantage of, all the time!" Chen thought to himself.

Without the information from Netherspirit Battlecouter Chen wouldn't be able to determine if he is able to defeat Yap. He still remembered that this guy had the balls to act arrogantly in front of Murong Tian. Plus, he is the son of the Yap Family, from Dragon City. He must be really powerful.

There were still uncertainties within Chen's heart, but he still possessed quite a number of magical items in his treasure chest. Thus, Chen was not afraid of him at all.

"Am I an ant? You can come over and find out yourself!" Chen sounded really determine. His stare made him look like a fearless dragon.

"Hahaha...What a joke! Do you really think a dragon like me will accept a challenge from an ant like you?"

Yap raised his head higher and said arrogantly, "I've come to Green Vine City to pursue Xiaoyao! Thus, I have done my homework on my rival! I know everything about you! Currently, you are at the pinnacle phase of the physical stage! You are not worthy of being my opponent!"

From that statement, Chen knew that Yap had to be extremely powerful! Maybe he is in the Qi refining stage, or even higher than that. He might not be able to win the fight against such an opponent, even if he uses all the items in his treasure chest. There's a saying; know your enemies and you can win a hundred wars! However, Chen knew nothing about him. Too much uncertainty made Chen nervous. The mystery of the unknown is the scariest thing in this world.

But, there was something that Chen was happy to hear about. There's a critical error in Yap's intel. Chen was no longer in pinnacle phase of the physical stage! That meant, Yap did not know Chen that well. That's why he couldn't be bothered to fight with Chen.

"That girl over there! I want the presidential suite!"

Yap stared at Chen condescendingly and walked towards the counter.

"Yes, boss! I will do it right now!"

The receptionist nodded and got back to work quickly.

"What the hell are you doing?! I was here first! I thought this is business!" Chen shouted angrily.

"Hehe...*sshole! I don't think that you knew that this hotel is my family's property, right? Didn't you hear her call me boss just now?"

Yap put on an arrogant look and laughed coldly, "I'm going to advise you to get the hell out right now! If not, I will get the security guards to chase you out!"

"Go ahead! Let's see who is the one getting kicked out of this hotel!" Chen's stare was ice cold. He was at his boiling point. He was all ready to fight his opponents like a savage beast. No matter how powerful Yap is, Chen will never be afraid of him!

"I will pay them back tenfold if someone bullies me!" This is the mindset that Chen had in his mind.

The word; fear was long gone from Chen's dictionary!

"Xiaobei! Let's go! Please don't make a scene here! I beg of you...Please..."

All of a sudden, Lin held Chen's arms tightly.

She is a soft and gentle woman. She couldn't bear watch the whole situation turn even worse. Plus, she didn't want Chen to get into unnecessarily trouble. Chen's heart went soft when he saw the worried look on Lin's face. So, he decided to quell his anger. But, he will definitely make Chen pay for what he did. Now is not the time.

Chen did not want Lin to worry for him. Also, Lin might get hurt if two of them really fight in the lobby.

"Alright. I will listen to you." Chen smiled and said gently.

"Yes! Xiaobei is the best!" Lin smiled and her creases finally disappeared. She quickly pulled Chen out of the hotel.

Looking at Lin's curvaceous back, Yap licked his lips lustfully and said, "Hot damn! That woman is so damn perfect! It will be so satisfying if I can have fun with her in bed!"

"Sweetheart, why are you still thinking about other women when I'm with you here today?"

The woman beside him, who had her face caked with makeup, was nagging and rubbing her body against Yap.

"Get the hell away from me! Go and pee on the floor and take a good look at yourself! How can you compare yourself to that perfect woman just now?! It's your honour that I'm willing to let you suck my dick! Get the f*ck away from me if you're still going to complain about it!"

Yap looked at that woman condescendingly and scolded.

"I..." The woman felt really wronged. She said something in a soft voice and gave up arguing with him. In the end, she walked away.

Then, Yap took out his cellphone, dialed in a number and barked into it, "Iron Hand! I want you to get me a woman! And, I want you to destroy a son of a bitch!"

.....

"Xiang Xiang...I remember now that I have something to do...Can you call a cab and go back on your own first?"

Chen glanced at the mirror and saw a sedan tailing after them.

"Okay...Then, I shall leave first..."

Lin had no idea on the situation. She agreed and nodded when she saw that Chen had finally calmed down. Then, Chen turned his car round a corner and dropped Lin. The car behind him sped up, but Chen stopped them before they could get to Lin.

Seven muscular men got down from the car. A special individual stood among them. He had a pair of calloused hands and his skin was bronze. It made his hands look like they were made of iron. The pair of hands must be filled with power. It was pretty obvious that he is the Iron Hand sent by Yap!

"All seven of you! Go and purse that woman! I will cripple this son of the bitch personally!" Iron Hand ordered his followers calmly.

"Yes, sir!"

The seven guys quickly ran to Lin.

POM!

Chen jumped down from the car and kicked the first man back to where he came from. He fell to the concrete floor and fainted. Half of his rib cage must have been broken. Blood started to gush out from his mouth. Endless darkness started to spill out from Chen's stare.

"Oh my God..."

The other six muscular guys were shaken by Chen's combat power. None of them had the balls to move forward. All they could do was to step back.

"Not bad...It's hard to believe that someone as young as you has already reached the pinnacle phase of the physical stage! Definitely a good material to practice on!"

Iron Hand grinned and walked towards Chen confidently. He said, "Unfortunately, you offended our boss! Thus, you are going to be destroyed by my Iron Hand today!"

Ding!

[Cultivation: Pinnacle phase of physical stage, Health: 5000, Combat power; 3000]

"Hehe...What a good pair of Iron Hands! Let me turn them into metal scrap!"

Chen had reeled in all his anger earlier. Now, it's a good time to vent it all out. Chen quickly charged at them in his fresh lease of freedom!

[Red Envelope Group of the Three Realms](#)

Chapter 247: Everyone, Let's Snatch Some Red Envelope With Dragon Parts Inside!

"Hmph! Bastard! How dare you charge at us first? Do you how to spell the word; death?" The Iron Hand said coldly. He was apparently looking down on Chen.

He curled his right hand into a fist and aimed it at Chen's face.

Fuhhhh...

The iron-like, unstoppable punch broke through the wind. Its speed brought out a vortex that sucked in all the air around it as it travelled to Chen's face.

"I have trained myself since I was a kid! My health is close to those at the Qi refining stage! Plus, my Mountain Breaking Iron Punch is invincible! Just prepare to dig your own grave!"

The Iron Hand was mocking Chen while charging at him. He knew deep in his heart that he could definitely defeat Chen! However, he was stunned before he can finish his words.

POM!

Chen opened his palm wide and grabbed hold of his Mountain Breaking Iron Punch! His health was actually pretty strong, but there's a huge gap regarding the combat power between him and Chen.

Three thousand combat power is equivalent to one thousand and two hundred pounds of force. Five thousand combat power is equivalent to two thousand pounds of force! Clearly, Chen was in another class.

Chen's hand was like an iron clamp. He pushed, pulled and twisted Iron Hand's fist. It may have looked simple, but Chen was actually using the Muscle and Bone Shifting Technique on him.

Crack...

The crispy sounds of bones crackling filled the air. Then, an extremely bizarre thing happened to Iron Hand. His entire right arm now protruded out of his right chest! All his muscle and bones had been completely twisted. A single twitch of a single finger would send his entire body wracked in pain.

Crack...

Crack...

Before Iron Hand can react to the bizarre changes of his body, his left hand had appeared on his left chest as well. Two freaking arms now grew out of his nipples. This is some scary and bizarre shit!

"Ah!!! Ah..."

Iron Hand and the remaining six muscular men were screaming hysterically like a group of scared women. Some of them even wet themselves. Iron Hand was the most shaken of all, that pair of arms that he was so proud of could no longer even function properly, after Chen shifted his muscles and bones. Chen had completely crippled him. They flopped uselessly off his nipples, now. Iron Hand wanted to look for a tofu and headbutt to his death.

PIAK!

PIAK!

PIAK!

Chen did not intend to let him go easily. He raised up his palm and slammed it on Iron Hand's face as hard as possible. The sound of it was like firecrackers blowing up during Chinese New Year.

"Why?! There are so many things for you to do in this world! Why did you have to be Yap Liangcheng's dog? Now, you are following his orders to come and bite me, right? You thought I could be bullied easily, right? Motherf*cker! I would have slapped your boss to death if my woman did not stop me earlier!"

Chen slapped and scolded him at the same time, "Small-time trash like you should just stay at home and do what trash should do! Don't come out here and show off in front of me! You are Iron Hand, right?! Trained since you were a kid, right?! Just keep on showing off to me! I like to slap people who show off in front of me!"

PIAK!

PIAK!

Slap after slap, Chen finally managed to vent out all his anger and frustration on someone.

Sob...

Sob...

Tears streamed down the face of Iron Hand. Initially, he had thought he would be able to take down Chen and receive a reward from his boss. On the contrary, everything changed, he had ended up as a sandbag for Chen to vent his anger. After dozens of continuous slaps, Iron Hand's face was completely swollen. His teeth clattered to the ground as well. Blood was gushing out from his mouth.

However, the person that he hated the most is not Chen but his boss; Yap Liangcheng. If Yap had informed him that Chen is at the Qi refining stage, he would not have taken this task! If he did not accept this task, he wouldn't show off in front of Chen. If he did not show off in front of Chen, he would not get slapped by Chen! Also, if Yap did not offend Chen in the beginning, he would not be beaten into such a bad shape. In the end, it was all Yap's fault!

"What now? Do you like it? Are you feeling high? Do you want another wave of slapping?" Chen decided to stop slapping him after he felt satisfied.

"Sob...Sob...I wouldn't dare to show off in front of you anymore...Please show some mercy ...!" Iron Hand was crying and begging Chen at the same time.

"Get lost now! All of you!" Chen shouted, and his powerful presence scared off every single one of them.

"Oh my God..."

The six muscular guys couldn't wait to get the hell out of here. Four of them ran away like nobody's business. Two of them dragged Iron Hand along and fled the scene quickly.

"Fuuhhh...That was so satisfying!"

Chen exhaled, and he was in a good mood again. But, Chen had not forgotten about what Yap did to him earlier. He will look for a good opportunity to carry out his revenge plan! But, today is definitely not the day.

Ding!

[Monkey King has just sent you a message!]

Chen received a message when he got into his car. He opened the message and saw that Monkey King just informed him about NeZha is going to give out Red Envelopes in 30 minutes.

"Damn!! I have to go home quickly! I cannot miss this golden opportunity to snatch one or two pieces of dragon meat for myself! I will boil a pot of dragon soup for my parents to nourish their bodies! Wahahaha...."

Chen rubbed his hands together and drove home quickly.

.....

Chen rushed into his room the moment he got home. He closed the door, opened the group chat and prepared his hands to snatch Red Envelopes. It looks like he was early, the group was really crowded, but the Red Envelopes were nowhere to be found.

Yanwang: I have not eaten dragon meat for a long, long time! All thanks to the Third Prince! I have the opportunity to taste dragon meat once again! Hahaha... (Three salivating emojis)

God Chejiao: I want the dragon drumsticks! Those are my favorite! Hehehe... (Licks his lips)

Qianli Yan: I call dibs on the dragon eye! I would like to make something out of it!

God Erlang: I want the dragon scale! I want to make a set of dragonscale armor! It's going to be so cool!

Monkey King: The dragon scale belongs to me! Kids like you should just sit aside and watch us!

God Erlang: F*ck you! Are you looking for a fight?! (Staring intensified)

Monkey King: Come on! I'm afraid of you at all! In the end, I'm going to be the one that manages to snatch the dragon's scale successfully! (Rolling eyes)

Bull Demon King: Haha...Both of you just keep going at each other's throats for no reason! There's no point arguing over the things that is not here yet! After all, it's all about luck!

Spider Demon: That's right! Everything single part of a dragon is extremely precious! All the members of this group are standing by to snatch at least one Red Envelope from the Third Prince! Speed is going to be useless! It's all about luck now!"

Wei Xiaobao: Small time spirits like us have no chance at snatching Red Envelopes at all! All we can do is sit tight and watch all these deities snatch Red Envelopes! (Envy)

Duan Yu: Which deities had the most luck recently? (Curious)

Change'r: It's tough to tell. Recently, all of us are just languishing about in the group. Thus, some of us might have their luck increasing by a notch.

Pagoda-Bearing Heavenly King: Save your time guessing! NeZha is back! Soon, we will know who has the most luck!

NeZha: Everyone! I'm back!

Everyone: Welcome home! We want Red Envelopes! (Clapping hands, pressing likes, cheering)

.....

"Haha! Finally, it begins! Everything from dragons is so precious! Thus, it will be awesome if I can have one part of this dragon!"

Chen held his cellphone in his hand and put on an impatient look, "The most important thing is that, my luck has increased tremendously recently! Hehehe..."

Ding!

[NeZha just sent a Red Envelope in the group!]

Chapter 248: I've Received A Dragon's Private Par

"Damn! Here I come!"

Both of Chen's eyes were shining. He poured all his strength into tapping his cellphone.

"Damn! I got the first Red Envelope of the night! This is what I call overpowering luck!"

Chen was so shocked when he tapped on his cellphone. He knew that his luck increased tremendously recently, but this is definitely an awesome way of showing off his luck! He got really excited. His eyes couldn't move away from the cellphone screen.

Ding!

[Congratulation! You have snatched a Red Envelope from NeZha successfully! You have received a dragon dick! It has been stored in your treasure chest!]

"Dragon??? Dick???"

Chen was petrified. His excitement turned into disappointment. He almost spat blood on the ceiling!

A dick!

What the hell!

Why dragon dick! I would rather get something else!

"This must be an illusion...An illusion! Maybe the dragon part that I just snatched is dragon tendon in disguise! It must be!"

Chen consoled himself and opened his treasure chest slowly. A golden, bright light shone through his cellphone screen! It almost blinded him! It was a golden pillar, shaped like dragon's dick! That shape! That dickhead! That smell! Chen could even smell it through the cellphone screen.

Ding!

[Dragon Dick! Extremely nutritious! Extremely nutritious! Extremely nutritious! Important things must be repeated three times! Do you want to withdraw it?]

Damn! It's really a dragon dick that I snatched just now!"

Chen almost burst into tears. Initially, he was planning to snatch some dragon meat to nourish his parents' bodies.

Great!

Who will eat this thing? How do I even begin to consume it?!

Are you really asking me to eat it like a corn?

The scene of eating a dragon dick is just too damn beautiful to imagine! It is true that every single part of a dragon is extremely precious! They say that the dragon's dick is the most valuable part among all the other parts!

But...

Chen lost all his appetite once he thought about the function of a dragon dick. He even felt like vomiting.

"Sigh...I should go to the group and exchange it for something else with someone else...Maybe someone in the group who likes the taste dicks..."

Chen was really upset by it.

All the Red Envelopes were gone when he dived back into the group again. Everyone was talking about the dragon parts that they just snatched.

Yanwang: My wish came true! I got ten pounds of dragon meat! Thank you, Third Prince! (Salivating)

God Chejiao: Twenty pounds of dragon steak exchange for dragon's leg tendon! PM me if you want to make the trade with me!

Xiao Tianquan: I will change with you! I will change with you! Dragon steak has always been my favorite! And, I have dragon's leg tendon with me!

Bull Demon King: Hahaha...! I received thirty thousand dragon scales! This is so awesome! It's more than enough to make three sets of dragon armor!

Monkey King: Don't just stand there and laugh like an idiot! I will take my dragon heart in exchange for ten thousand dragon scales!

Bull Demon King: Psst...Dragon heart is some good stuff! I will change with you! (Surprise)

God Erlang: My Bull brother! I want to use my dragon fur to exchange for your ten thousand dragon scales!

Bull Demon King: Dragon Fur? That is some useless shit! Nope! I won't exchange with you! Get lost! (Rolled eyes)

God Erlang: What the hell! Why did I get such useless part when the rest of you received all the useful part? This is not fair at all! (Sobbing)

Monkey King: Eh? If God Erlang got the most useless part, who got the most precious part?!

NeZha: Haha! Let me reveal the luckiest person in this Red Envelope! It's God Chen!

Yanwang: Damn! So, the luckiest guy here is God Chen! He did not even say anything about it! (Shocking)

God Chejiao: Man! God Chen is so damn lucky! He snatched the first prize from under our noses!

Monkey King: My brother is awesome! (Thumbs up!)

Bull Demon King: God Chen, I want to exchange my dragon part with you! I'm willing to use my dragon heart and twenty thousand dragon scales to exchange with you!

Wei Xiaobao: I'm willing to use my version of ultimate super insanely powerful Kamasutra to exchange it with you! Please! I beg you!

Duan Yu: I'm willing to use my Six Blades Godly Skill book and Lightning Step book to exchange it with you!

God of Broom: I want to use my dragon kidney to exchange it with you!

Thunder God: I will use the whole dragon vein to exchange it with you!

Rain God: I will use the dragon horn to exchange it with you!

.....

All of a sudden, everyone was spamming exchange message in the group. Those member who usually lurked in the group were offering their dragon parts to Chen. Initially, Chen wanted to exchange the dragon dick that he had received earlier for something else. When he saw everyone wanting to use their dragon parts to trade with him desperately, a second thought surfaced in his heart. There's a saying, items that come in extremely small quantities are usually the rarest!

In other words, dragon dick is extremely valuable, since everyone wanted it so badly.

"I'm not going to exchange it anymore!"

Chen thought and decided, "Other dragon parts are pretty useless for me...The most I can do with them is cook and eat...It's actually kind of meaningless! I should keep this most precious dragon dick with me! I might be able to use it in the future!"

After he was finished with his thoughts, he went back into the group.

Chen: I'm really sorry, everyone. You guys can stop PMing me. I will not exchange my dragon dick for anything else.

Everyone: Why...? This is so disappointing...Sigh... (Tonnes of disappointing emojis)

Chen: Other than that, I would like to thank you, Third Prince, for the Red Envelope!

NeZha: Hehehe...You are most welcome, God Chen! But, if you really want to thank me, can you send me a bottle of WaHaHa High Calcium Milk? I have not had that for a long time. I really miss that taste! (Three salivating emojis)

God Erlang: Right! Right! Right! God Chen! You are the luckiest person here! You have taken away the item that all of us wanted the most! You have to send some Red Envelopes in this group!

Yanwang: Right! You are absolutely right! I want Red Envelope from you as well! I want some spicy sticks! You have not give those to me for a long time. (Crying emoji)

Xiao Tianquan: I want sausage! Curry flavor and beef flavor!

Bull Demon King: Red Envelope! Red Envelope! The luckiest person here, please give us Red Envelope!

Moonlord: Red Envelope! Red Envelope!

Caishen: Luckiest person here, please give us Red Envelope!

....

"Damn! God Erlang is a real bastard! He initiated the whole luckiest-person-need-to-give-Red-Envelope thing!"

Chen shrugged and thought, "Luckily, the items they requested are super easy to find in the supermarket. Also, they are pretty cheap. I shall satisfy their cravings!"

Chen: Everyone, please be quiet! I will send a big Red Envelope to this group! But, I don't have it now with me! Allow me to have some time prepare them for you guys.

Yanwang: Haha! We are more than happy to wait for you send the Red Envelopes to this group! I will be patient and wait for it!

NeZha: All of us are willing to wait! I'm going to thank you in advance! (Acting cute emoji)

Everyone: Thank you, God Chen!

Monkey King: Wait! All of you are trying to take advantage of my brother! My brother is going to give you guys a big Red Envelope! It will be a real shame if none of you guys here are willing to give him a small Red Envelope!

NeZha: Monkey King, you are right! I think we shall flood the group with Red Envelopes! (Excited)

Yanwang: I agree with you! Good idea!

Everyone: Agree! Agree!

Chen: Hahaha...Everyone is so lovely here!

Red Envelope Group of the Three Realms

Chapter 249: Small Time Celebrity!

Chen: It's getting late here. Also, we just received the dragon parts. I think we should give out the Red Envelopes tomorrow.

Everyone: No problem! Tomorrow night! Please don't be late! We can use the time to prepare our Red Envelopes as well!

.....

"Haha! Monkey King is the best! He just created an opportunity for me to snatch more Red Envelopes! I will be so happy if I can snatch more items to put in my collection!"

Then, Chen closed the group chat. He was definitely in a good mood. All he needed to do was to go to the supermarket and buy the stuff that they were craving for. He will be able to use the food to exchange for the items that cannot be found on planet earth. He got really excited just by thinking about it!

Ring!

All of a sudden, Chen's cellphone rang. An unknown number was displayed his cellphone's screen.

"Hello! Good day! Am I speaking to Bro Bei?"

A really polite voice was speaking from the other side of the phone. The voice sounded really deep and heavy. The person should be some kind of fatty.

Chen was stunned for a short while. Then, he proceeded to ask, "May I know who you are?"

"Hahaha! Bro Bei! It's really you! I'm a diehard fan!" The fatty laughed excitedly.

"Er...How did you acquire my personal number?" Chen frowned.

It's not that he is not happy talking to his fans. But, Chen will be disturbed by his fans until the day he dies if three hundred thousand fans get to know his personal number.

"Your roommate, Zhang Fengyi gave me your personal number. Don't you worry. I will not let other know your personal number!" The fatty promised.

Zhang Fengyi?

Chen was shocked.

Zhang was the wealthiest among the four of them. When Chen was poor, he was the one who always paid for Chen's meal. He is definitely a good brother. Thus, he will never betray him by selling his personal information out to some random strangers. There some be something special going on since Zhang gave his personal number to this fatty.

"May I know how can I help you since you asked for my personal number?" Chen asked.

"Yeap...I'm really sorry for disturbing you at this hour. I do have a favor to ask of you."

The fatty went straight to business, "I know that the number of your fans had increased tremendously recently. And, most of them are active fans. So, I would like to ask your help to help me to shoot an advertisement. I would like to use your influential power to promote my product."

"?"

Chen was stunned. This kind of thing has never happened to him before. Now, it was happening out of the blue. A few days ago, Chen was thinking about becoming a superstar and ventured into the entertainment circle. He never thought it would actually come true! Now, he is only helping a small company to shoot a short advertisement. But, if everyone like his appearance in the advertisement, then, big companies will start looking for him to shoot some larger-scaled advertisements. Followed by that, the path to becoming a superstar, getting cast in a movie, organizing his own concerts will become closer and closer.

"Wahahaha..."

Chen started to laugh excitedly. He did cover up the phone to prevent the fatty from hearing his laughter.

"Shooting an advertisement? Who is going to shoot the advertisement?"

Wenyuan came out from her Spirit Cage after hearing Chen talking about an advertisement. She flew to Chen, her shining eyes wide open, while putting on a curious look.

"Me! Me! Me!" Chen said excitedly.

"Wow! My master is awesome! My dream before I died was to venture into an entertainment circle. Unfortunately, I never got the chance to do it!" Wenyuan pouted, and stars were glittering in her eyes.

"Hello? Hello? Bro Bei, are you still there?" After some time, the fatty got worried.

Chen took a deep breath and slowed down his voice, "I'm listening. Regarding this matter, I'm actually quite interested in it. We can talk about all the other details when we meet."

"Haha! I'm so happy that you take my offer!"

The fatty got really excited as well. He proceeded to say, "Actually, this job is pretty simple. As you know, our company operates on a small scale. Thus, our budget is kind of limited. The duration of the advertisement is around ten seconds. We will pay you one hundred thousand for that! We can send you a car to pick you up tomorrow! All you need to do is to say yes!"

"That's fine! Just give me your address. I will drive there tomorrow!" Chen said.

"Okay! I will send it to you right now! We will meet tomorrow, Bro Bei! See ya!" The fatty laughed and said.

Chen jumped up and down happily after he hung the call.

"Oh my God! I'm getting paid one hundred thousand Yuan for a ten second advertisement! It's better than robbing a bank!"

To Chen, one hundred thousand is just a small number. The satisfaction inside his heart is the one that counts. Most of the people have to work for two years to earn one hundred thousand. But, he going to make one hundred thousand in ten freaking seconds.

"Master! You are so easily satisfied!"

Wenyuan pursed her lips and said, "Do you know that the superstars in our country earn eight figures from one single advertisement?!"

Chen laughed contentedly and said, "You are talking about those super famous super stars! I'm just some small-time celebrity. Thus, I'm thrilled with my one hundred thousand pay!"

Giggle!

"A small time super star...Master, you are such a funny guy!" Wenyuan pressed on her stomach and started to laugh uncontrollably.

Chen shrugged and asked, "Right! Just now you mentioned that you wanted to venture into the entertainment circle, right? What happened to that dream?"

"My results weren't that great when I studied. I didn't have a brilliant business-like mind either. But, I do have gorgeous looks and a hot body! So, I dreamt of becoming a superstar, even when I was a kid!"

Wenyuan was throwing out a few seductive poses while talking to Chen.

"You don't say! You do look like a superstar!" Chen raised his eyebrows. He was seduced by Wenyuan's sexy moves.

"Haih...There's nothing I can do even if I look like a superstar..."

Wenyuan sighed, "Last time, my grandfather and father discouraged with me venturing into entertainment circle. Now, they are gone. But, I do not have a physical body. Thus, all my opportunities are gone with the wind...."

Chen was touched when he heard that. He said gently, "My girl, don't you worry, I will help you achieve your dream!"

"Is that real?! My master is such a nice guy!" Wenyuan put on a sweet smile.

"Of course, it's real!"

Chen said seriously, "I have saved one hundred and eighty thousand merit points! Also, when my charity foundation kickstarts, I will be able to receive a huge amount of merit points! Then, I will be able to redeem Xiangyu's soul and your soul!"

"Xiangyu needs three hundred thousand to redeem his soul. I need thirty thousand...You will lose all merit points if you spend it all on us..." Wenyuan pursed her lips and said softly.

"Pumpkin, I can earn back merit points anytime I want! I will never disappoint my brothers and my friends!"

Chen sounded calm, but his tone was really determined.

"Xiangyu became a woman to save my life! So, it's totally okay for me to spend all my merit points to repay him!"

"Wow! Master! You are so handsome and manly! Xiangyu will be so touched if he knows about it!"

After the excitement, Wenyuan said with disappointment, "I have not done anything for you...I feel really terrible that you are spending your merit points on me..."

"You can repay me in the future. For example, by offering yourself to me! Hehehe..." Chen grinned evilly.

"I belonged to you since the beginning. Offering myself to you adds nothing to the table!"

Wenyuan thought for a while and said excitedly, "I can become your manager! Starting tomorrow!"

Chapter 250: Yap Liangchen finally acts on it!

"I never heard of a small-time superstar needing a manager! I must be drunk now! Hahaha..." Chen was amused by it.

"I don't care! I don't care! I want to become your manager!" Wenyuan pursed her lips and dolled herself up for Chen.

Her cuteness made Chen really happy. Then, he calmed himself down and asked, "Right! How's your cultivation? What level are you at right now?"

"Hehe! I have finished the ten Unholy Spirit Pills that you gave to me before this!"

Wenyuan lifted her chin up and said proudly, "I'm now a two-stars spirit with five thousand combat power!"

"Damn! Not bad! That is really fast!"

Chen was all lighted up. Then, he asked curiously, "Your combat power is almost equivalent to mine. Do you have any special skills?"

"Nope!"

Wenyuan shook her head and said, "Only Spirit Beast can learn new skills! Ghosts like us can never discover new skills on our own. That is unless you get your hands on some skill books that are purposely written for ghosts like us. Then, we will be able to train on it. Just like the Art of Disguise that I learned earlier.

"I have to go to the group to look for skill books that are written for ghosts. Tomorrow night, I will have a Red Envelope snatching activity with my friends! Maybe I will be able to snatch some skill books for you!"

Chen laughed and asked, "You mentioned that Spirit Beasts can discover new skills by themselves. Can you elaborate on that?"

"All the Spirit Beasts have their own set of talents! For example, eagles have extraordinary eyesight. Leopards can run really fast! And, elephants possess immense strength. All these are first level talents."

A soft voice could be heard all of a sudden.

Xiaobai was jumping all around. Then, he finally landed on Chen. He was licking his paws proudly.

"Eeeekkk...Xiaobai is here!"

Wenyuan's eyes went wide opened. She really liked this adorable cat. But, Xiaobai was a Yang Spirit Beast. Thus, the Yang aura made Wenyuan afraid of getting too close to him.

"What's your talent?" Chen looked at Xiaobai and asked.

"I'm a Frosty Jade Lion! Thus, I possess some high-level talent!"

Then, Xiaobai continue to say proudly, "The name of my talent is Absolute Zero Zone! I can cover a certain area with this skill. The enemies that enter the zone that I create will be frozen to ice instantly!"

"Damn! That is so cool!" Chen was really impressed by it.

"Wow! Xiaobai, you are truly a high-class Spirit Beast! So awesome!" Wenyuan was really impressed by it as well.

Then, Xiaobai pouted and sighed, "Too bad! There's no Yang item for me to consume here. I have no idea when can I learn my talent..."

"If I manage to get my hands on some Yang item, do you think you can learn your talent?" Chen asked.

"It depends on the Yang item that you found. If the Yang item contains a lot of Yang Qi, I will be able to learn my talent on the spot!" Xiaobai explained.

"Alright! I will go and find some Yang items now!" Chen raised his eyebrows and put on an evil grin.

"Where are you going to get it?"

Xiaobai doubted, frowned, and asked, "Are you going to steal my sister Puti's Yang item? I don't want that! I will never do such a mean thing to her!"

"Look at your face when you talk about Puti! I don't think you even know your name when you think about your sister Puti!"

Chen rolled his eyes at Xiaobai and said, "I'm a man with dignity! I will not steal my friends' item! But, I will show no mercy on enemies' items! Hehehe..."

"Enemy? What enemy?" Xiaobai tilted his head and asked curiously.

"You will not know him, even if I tell you about it. Just wait for me to come back victoriously!"

Chen grinned, and he took out a black capsule from his treasure chest. Then, the black capsule transformed into a Nightstalker Outfit. The outfit wrapped itself around Chen automatically. With this outfit, Chen would stay invisible at night. Plus, it prevented Chen from leaving any fingerprints or footprints at the scene. When Chen put on the Nightstalker Mask, Chen would be completely invisible.

"Wow! Master! You are invisible now! Does that mean you can do whatever you want right now?!"

Wenyuan was so shocked that the shape of her mouth changed utterly.

"Not really! I can't attack others after I become invisible. I might spoil the outfit if I move too much." Chen explained.

"Let me go with you! I will become your punches and kicks when you can't fight!" Wenyuan swung her fists and said.

"Okay! I want to observe your combat power as well! Let's go!" Chen raised his eyebrows and said.

.....

The top floor of the Shangri-la hotel was filled with security guards. The son of the Yap Family did not kid around at all. There was at least one security guard every five steps in the hallway. There were a total of thirty security guards. Even the leader of our country would not have so many security guards with him.

Also, the presidential suite was really luxurious. It is so big that the common area could fit thirty to fifty people party at the same time. Yap was sitting on the sofa. Two sexy ladies set next to him. It was pretty evident that he was going to have a 3P tonight. However, these two ladies did not look comfortable at all! They were actually shocked. A bizarre-looking person was kneeling in front of them.

His face was so swollen that he looked more like a pig than human. And, the most bizarre part was there were two arms on his chest. It was disconcerting to look at when the arms swing left and right. These two ladies were actually pretty brave, all things considered. Most of the ladies would too scared to even cry out when they see such a horrible thing in front of them.

"What did you just say? This Chen Xiaobei is at the Qi refining phase?"

Yap's eyes were wide open. He looked really furious.

Then, he said, "I never expected this son of the bitch to actually hide this from us! Even the person that I sent to check on him was fooled!"

"Yea...That son of the bitch is so mean...I thought that I could torture him at the beginning...But, he tortured me in the end...Sob...Sob..."

Iron Hand had a tough time to say what he wanted to say. The injuries on his face caused a speech impediment.

Yap gritted and asked, "How're your arms? I thought I asked the orthopaedic prodigy; Elder Wong to take a look at your injuries? Why are you not back to normal yet?"

"Elder Wong said that he has no idea how to treat me!" Iron Hand said depressingly.

"What?! Even Elder Wong had no idea how to treat you?!"

Yap was shocked. Then, he said coldly, "Does that mean that you are completely useless right now?!"

"Not quite right...Elder Wong asked me to beg Chen Xiaobei to cure me..." Iron Hand said honestly.

"Are you thinking of begging Chen Xiaobei?" His tone turned colder and colder. A murderous layered his words.

"Yes...I really don't know what to do about it anymore...It's not easy to become what I am today...I don't want to become cripple for the rest of my life...Er..."

Iron Hand spilled out his thought to Yap. But, he fell to the ground before he could finish his words.

Yap Liangchen finally killed someone!
