#### Chapter 271: One Big, Embarrassing Moment!

The second morning, all ten thousand seats in Green Vine Stadium were completely filled. The audience was even more hyped up today. Chen had won the Taekwondo friendly match with flying colors. Everyone was looking forward to Chen's performance today.

Wong was still the same old same shit, repeating the same shit at the VIP seat. Meichuan was sitting beside him, watching with his binoculars. Today, there was someone new sitting beside him. This person was bald, and his skin was bronze. He looked kind of sharp.

He was wearing a pair of soccer pants. Two pillars of his stone-like, muscular legs could be seen.

"Master! Do you think that I will have chance to perform on the field today?" The bald guy licked his lips and said.

"It depends! You don't have to go down the field if our team takes this match easily."

Meichuan continued on to say, "After all, you are one of the three mid-level ninjas in our Meichuan Family! Your status is high and mighty! You shouldn't taint your status with this kind of mess!"

"In other words, I won't have the opportunity to perform on the field..."

He dug his ears and said condescendingly, "Even my grandma can defeat this Chinese Team at football!"

Meichuan shook his head and said, "No, we can't be relaxed right now! You will be my final trump card if Chen Xiaobei manages to turn the match around!"

"Chen Xiaobei? Who the hell is that? How did he make you so fearful of him?" The bald guy asked curiously.

Usually, Meichuan Neiku is not afraid of anyone. It was rare for him to actually be so fearful of someone from the bottom of his heart.

"That one! The one in the number thirty-three jersey!" Meichuan pointed and said. The football players of both teams started to march into the field after Wong finished with his bull crap. Chen walked at the front of the Green Vine Team. He was wearing a jersey with the number thirty-three on it. The way he walked made him look like an influential leader.

"Ah!! Bro Bei! Bro Bei!"

Ninety percent of the audience was Chen fans. They started to cheer like there was no tomorrow.

"Master! Are you kidding me? He's just a punk ass teenager! He's not worthy to be my opponent!" The bald guy said in shock.

After all, he is a mid-level ninja with five thousand combat power! Also, he's an expert of Ninjitsu! In his eyes, Chen is so much weaker than him.

"No! You must not underestimate him!"

Meichuan said gravely, "Daxiong's balls were destroyed by Chen because he underestimated him! Now, he's still in a deep coma!"

"What?!"

Guijiao was shocked after hearing Meichuan, "That...Can that kid KO Daxiong with one kick? That is not possible...Daxiong is our best Genin!"

"I'm telling you the truth! If not, I wouldn't even ask you to come here to deal with that \*sshole!"

Meichuan sighed and said coldly, "Other than you, I have asked Mr. Yamada to come here as well! I need to kill him at all costs!"

"What? Mr. Yamada is coming as well?"

Guijiao was even more shocked this time. He frowned and said, "I think you overestimated that punk ass kid! I will kill him before Mr. Yamada comes here!"

"Let's watch the match first! We can't kill him here in front of so many people, anyway!" Meichuan swung his hands.

"My legs are getting really itchy now! I need to look for something to kick! I want to get down to the field to fight him!" Guijiao licked his lips and smiled evilly.

"You may go down if Green Vine Team manages to score a goal!" Meichuan said in an evil tone.

"Sigh...I don't think that I'll have the chance to go down the field at all..."

Guijiao sighed and continued to say condescendingly, "I shall go to the toilet and put some shit in my mouth if Green Vine Team manages to score even one goal!"

"Hehe...I will go with you as well!" Meichuan shrugged and said calmly.

At the same time, both of the teams had completed all the official presentations that they needed to perform before the match started. They have already taken their positions.

As the offense of the team, Chen and Li stood at the frontline. On the other hand, Xiaoniao and the other guy with tiny eyes played as offense, holding at the frontline as well. The Japan Team will serve first.

"Xiaoniao, do you think that we can score a goal within five minutes?" The guy with small eyes asked.

"That's a must! Look at their garbage formation! As long as everything goes according to my plan, we should be able to score a goal within five minutes!" Xiaoniao said confidently.

The guy with small eyes started to laugh evilly. Then, he spoke in Chinese to mock his opponents, "Garbage! Tremble in front of us! We will score a goal within five minutes! We will score eleven goals in the end! We will let you know the true meaning of football!"

Li sighed and said, "Bro Bei, let's do well in our defense later! We need to stop them from scoring any goals! Also, I will replace you with another player if you can't perform. After all, you are still quite new to football."

Chen was not affected by the mocking from his opponent team and negativity from Li. He even felt like laughing.

\*BIIIII!\*

The sound of the whistle officially marked the start of this friendly football match. The guy with small eyes passed the ball to Xiaoniao casually.

"Attack...Eh?"

He was stunned before he could finish his words. At the same time, Li and the guy with small eyes were petrified as well. A shadow had taken the ball away at lightning speed the moment the guy with small eyes passed the ball to Xiaoniao.

None of the players could respond to that in time. The judge was still blowing the whistle. That shadow had already reached the front of the goal!

"Defense! Don't just stun there! Defense! Quick!" Xiaoniao found that something was not right. He quickly shouted.

"Defense? Hehe..."

The shadow laughed and threw a kick at the ball.

\*Fushhhh!\*

The ball flew into the goal in a perfectly straight line!

\*POM!\*

The audiences were cheering like maniacs! All of them started to shout, "Bro Bei! Bro Bei!"

Waves and waves of sound made everyone's blood boil! On the other hand, Guijiao and Meichuan were silent. A moment ago, both of them had agreed that they would go to the toilet to eat shit together, if Green Vine Team manages to score a goal.

This was a really embarrassing moment for them!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 272: 11-0? We Need To Score More**

"Oh my God! Am I dreaming? It's been less than a minute...That speed is impossible!"

The guy with small eyes and Xiaoniao still stared at where they had kicked off the ball. They couldn't believe what they just saw. Both of them were so embarrassed that their faces were burning hot.

"What the actual f\*ck! Bro Bei! You just told us yesterday that you are new to football! I can't believe that I actually believed you!" Li stood on the ground and stared at Chen. His eyes were filled a sense of admiration.

\*Biiiiii!\*

The judge blew the whistle to indicate that the Japanese Team wanted to swap some players into the field. It was pretty evident that Meichuan had lost his calm. He had to send out his trump card after seeing Chen's performance on the field. The guy with small eyes was swapped with Guijiao. Then, he left the area with a miserable face.

"Eh? Who the hell is this? He looks pretty damn strong!" Li shouted. Fear crawled up to his spine after he saw Guijiao's muscular pair of legs! His legs were even more muscular than the professional footballer; Xiaoniao. He looked like a bronze statue. He barely even looked human!

Chen used his Netherspirit Battlesouter to check on him.

Ding!

[Cultivation: Early phase of Qi refining stage. Health: 5000, Combat power: 5000]

Chen was not worried about him at all after checking his combat power. Needless to ask, he was not sent by Meichuan to go on the field to play some football. He was here to cripple Chen!

\*Biiiiii!\*

The Japan Team would serve first. Xiaoniao passed the ball to Guijiao. However, Guijiao passed the ball to Chen!

"Guijiao? What are you doing?!" Xiaoniao asked, puzzled.

"What the hell is going on? Why did that \*sshole pass the ball to Bro Bei? It seems that they are giving up!"

"Haha! That \*sshole must be traumatized by our Bro Bei!"

"Bro Bei! Go! Get one more goal! We will support you!"

.....

Everyone started to cheer. They knew Chen would definitely score a goal if he gets the ball.

Unexpectedly, Guijiao lifted his finger to taunt Chen. He laughed and said arrogantly, "Come! Punk! Let me teach you how to be a good human being!"

"I don't think you can defeat me just by yourself! Can you please call your whole team to come and fight me?" Chen shook his head and said calmly.

"F\*ck! Still acting like an asshole before your death! I shall go to the toilet and eat shit if you can get past me!" Guijiao shouted angrily.

"Hehe...Your taste buds are rather unique! I can't believe that you like to eat shit! I shall make your wish come true, since you keep on talking about eating shit!"

Chen raised his eyebrows and started to kick the ball forward.

\*Fusshhh!\*

In a moment, Xiaoniao felt a wind flew past him. Then, Chen disappeared from his view.

"Are you planning to run away from me? Not so easily! Speed is my forte!"

Guijiao shouted, and he stomped on the football field. A small patch of grass disintegrated from the spot where he took off. Just like a leopard, Guijiao had managed to overtake Chen.

"Kid! Stop struggling! It's impossible for you to escape from my hand!" Guijiao grinned and extended his legs and arms to stop Chen from proceeding forward.

"Hehe...I don't see any hands! All I see is a dimwit standing right in front of me!" Chen grinned evilly. He was so calm, as if he had everything under his control.

"How dare you mock me?"

Guijiao shouted angrily, "Let me break your leg! I want to see your suffering face!"

\*Fusshhh!\*

Guijiao aimed at Chen's joint with his legs. He did not reserve any of his strength. Not even the leg of an elephant can withstand the speed and strength of a five thousand combat power kick!

"Alright! That's it!"

Meichuan stood up excitedly, at the VIP seat. All he ever wished for was crippling Chen. And, now, his wish was about to come true.

"He is breaking the rule! That is not fair! That \*sshole wants to hurt our Bro Bei! This is not football!" Audiences started to contest. Unfortunately, the judges had been bribed by Meichuan earlier. Thus, they simply closed their eyes.

"Son of a bitch! Die now!" Guijiao's vicious face surfaced when he saw his leg almost landing on Chen's joint.

"Lightning! Step!"

Chen spilled out two words during that critical moment. The next second, Chen's steps changed mysteriously and magically. He changed directions without anyone realizing it. His afterimage lingered in the air.

\*Fusshhhh!\*

Chen sped up when he saw the opportunity to score another goal. At the same time, Guijiao was stunned when he realized that his leg had landed on Chen's afterimage, but not his physical body. The immense strength from the kick caused him to lose his balance.

"Oh...Shit!"

Guijiao fell on the ground real hard after he shouted.

"Bro Bei! Bro Bei!"

Everyone started to cheer before Guijiao was able to get up from his fall. Needless to say, Chen had just scored another goal!

It's 2-0 now! It was only three minutes into the match!

"Stupid! Dumbass!"

Meichuan was jumping up and down angrily at the VIP seat. The trump card that he had sent into the field earlier did not even manage to lay his fingers on Chen. On the contrary, his trump card had been treated like an idiot by Chen. What an embarrassing moment for the Japan Team!

"Bro Bei! You are so damn awesome! Let me give you thirty-two likes!"

"Bro Bei! Massive respect from us! It's impossible for us to lose when you are on the team!"

"Bro Bei! Lead us to victory!! Wahahaha..."

.....

Green Vine Team got really excited as well. Every single one of them was so impressed by Chen's performance just now.

"Bro Bei! Let's fight until the end! They mentioned earlier that they would defeat us by 11-0!! Let return this favor to them!" Li said excitedly.

"Yes! That's right! They acted proudly in front of us earlier! We should let them have a taste of embarrassment!"

"It's only three minutes into the match! We can definitely do it!"

"Bro Bei! Let's do this! We shall rely on you completely!"

.....

Then, Chen smiled evilly, "Don't you guys think 11-0 is too little?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 273: A Sad Birdie**

"Listen! Everyone! That guy with the number thirty-three jersey is really powerful! We must stop him from coming close to our goalpost, no matter what! We will lose this match if he manages to score a few more goals!"

Xiaoniao shouted angrily, "I'm a professional football player! I'm holding the reputation of the national team on my back! We must not bring shame to our country! We cannot lose this friendly match! Understood?"

"Yes! We understand!"

"For the glory of your country! We will not lose this friendly match!"

"Fight!!!"

The whole Japan Team shouted. All of them put on their super serious looks. They did underestimate the Green Vine Team earlier. Now, they had learned from their lesson. Thus, they will give it their all to defeat their opponent team.

"Xiaoniao! Don't you worry! It was an accident just now! This time, I will destroy his legs!" Guijiao stared at Chen angrily. His tone had turned vicious.

A mid-level ninja had just fallen on the ground hard, in front of tens of thousands of people! It was definitely the most embarrassing moment of his life! All he could think of right now was to throw Chen on the ground and smash every single bone in his body.

"Alright! For the glory of our country! Let's fight!"

Xiaoniao shouted. He stared at the opponent's goal angrily. All he wanted to do right now was to score a few goals.

\*Biiiiii!\*

The Japan Team will be serving again. Xiaoniao got the ball this time. He quickly charged forward to opponent goal with all his strength.

"You will not get past me!" Li quickly came forward to stop Xiaoniao from proceeding. However, he was fooled by Xiaoniao's perfect feint.

"Garbage! I'm in my full serious mode now! Tremble in front of me!"

Xiaoniao charged forward while shouting at the same time. Within a short time, he managed to get pass another three football players. Undeniable, Xiaoniao was really skillful when it comes to football. His speed and legwork were at national standard! Playing against Green Vine Team was like an adult fighting a baby.

Without them realizing it, he managed to get pass another three defenders. Now, he was right in front of the goal!

"Garbage! Witness me! This is the power of legendary football player! I shall destroy all of you after this goal! You guys will be traumatized by my awesome skills! You guys should just give up on playing football!" Xiaoniao shouted, and his right leg was standing by to land a kick on the football to score his first ever goal!

"Is that all you have? I think that you are too damn weak! You are not even qualified to become a legendary football player! If you are a legendary football player, then I'm the king of football in this whole universe!" Xiaoniao heard a mocking voice during his glorios moment.

The next second, he felt a wind flying past him, and the ball under his feet disappeared!

"What the f\*ck?! Where the hell is the ball?" Xiaoniao was confused. Then, he turned around, and saw that Chen had the ball with him. He was running towards his goal right now!

"Number thirty-three! F\*ck this asshole! Everyone! Don't let him get near our goal!" Xiaoniao shouted angrily. His eyes were practically spitting fire. He was so close to scoring a goal just now! So damn close! Chen had just robbed his glory moment from him without him realizing it at all!

On the other hand, Chen had almost reached his opponent's goal with his lightning speed.

\*Fusshhhh!\*

A shadow appeared in front of Chen. It was Guijiao again!

"F\*cker! You were in luck just now! This time, you will not get past me! Ghosting Shadow Kick!" Guijiao shouted. Both of his legs were kicking out at an insane speed. All of those kicks were aimed to destroy Chen's lower body. However, he was utterly shocked the next second.

He found himself kicking the air again. What he saw was the afterimage of Chen! He couldn't differentiate Chen from his afterimage anymore.

"Dumbass! Bye!" Chen grinned and ran to the left side at lightning speed.

"Dream on! I will never let you get past me!" Guijiao landed another kick at Chen!

"Hehe! I'm back now!" Chen smiled evilly and moved to the right side again with his Lightning Steps! Guijiao moved his body to the right side as well! Well, the scene was not pretty at all. It was at that moment when Guijiao knew that he had f\*cked up!

"Shit...Oh my God!"

Guijiao's legs were still trying move to the left side, but his body wanted to move to the right side. Well, he lost his balance again. He had never learnt Lightning Step before. It was impossible for him to catch up to Chen speed.

He fell again! This time his mouth was full of grass!

"Everyone! Let's stop him together! Do not let him score another goal!"

The Japan Team started to work together. All of them charged at Chen and surrounded him.

"When it comes to football, you guys are just piles of garbage to me!"

Chen raised his eyebrows and used his Lightning Step to get out of the formation. Those Japanese football players couldn't even find him. Chen was already at their goal when they realized Chen had already broken out.

"Motherf\*cker! I will not allow you to score another goal! For the glory of my country, I must stop you!" Xiaoniao ran back to his goal like there was no tomorrow! He got into his sliding kick position to take the ball from under Chen's feet.

"Xiaoniao! Let me help you!" Guijiao charged as Chen as well. He too, got into the sliding kick position at the right side. He was aiming at Chen's joints again with his spiked shoes! One guy from the left and the other guy from the right! It was a perfect strategy, meant to destroy Chen's legs!

"Hehe! Both of you jokers! Don't even think of stopping me!" Chen grinned. Then, he kicked the ball into the air. After that, he jumped into the air as well!

"This..."

Guijiao and Xiaoniao were completely stunned. Now, their target had vanished! The two of them collided with each other!

"Ouch! Ouch!!!!"

Xiaoniao was screaming in agony the second while holding on to his crotch! Unfortunately, Guijiao's kick had landed on his dick. Sadly, his dick and balls had passed on.

\*POM!\*

Chen completed his bicycle kick in an awesome position!

### Red Envelope Group of the Three Realms

#### **Chapter 274: 6666666**

\*Fushhh!\*

Another goal has been scored!

Everyone cheered! The voice from the cheering completely covered Xiaoniao's painful cries. Also, the sound from the crowd managed to cover Meichuan's scoldings as well. He was throwing a great tantrum at the VIP seat, smashing everything in his sight. Wong did try to calm him down but he ended up getting slapped by Meichuan.

Five minutes into the game, and the score was 3-0!

Basically, 3-0 is a huge gap in any football game. Technically speaking, it would conclude the results of the whole game. Other than that, Xiaoniao would be unable to continue playing in this football game anymore. The only hope from the Japan Team is now gone! How can Meichuan not worry about it.

At the same time, Guijiao knew exactly how this game was going to turn out. It was impossible for him to stop Chen from scoring any goal! Also, he did take Xiaoniao out, accidentally. He is going to be the one held responsible if the Japan Team loses this game. In the end, his reputation will be destroyed in this field.

"Son of a bitch!! I'm going to destroy you today!" Guijiao didn't know what to do anymore. He charged at Chen blindly. The only for Japan Team to win this football match was to eliminate Chen!

"Vaal Desecration Kick!" Guijiao shouted. He infused all his strength into both of his legs and jumped into the sky. Needless to ask, he was going to use his ultimate move to destroy Chen. A dark Qi could be seen around his legs.

It was a five thousand combat power kick with two thousand pounds of force! This kick was capable of destroying any living being! His kick fell from the sky like a meteor! Plus, he was wearing a pair of spiked shoes as well. It definitely helped boost the destruction power!

"What the hell is he doing? That \*sshole just went crazy! He is going to attack Bro Bei!"

"What a shameless bastard! I can't believe that he would do this when he sees that there's no way for his team to win this match!"

"He's breaking the rules! Breaking the rules! Judges! Are you blind?!"

"That is not breaking the rules! That's a crime! He's hurting someone on purpose! What a vicious person!"

"Bro Bei! Be careful!"

...

Right at this moment, everyone was shouting from their seats. They were criticizing the actions of the Japan Team. But, most of them feared for Chen's safety. One will definitely suffer from serious injuries from that destructive kick!

"Alright! Watch me! I will destroy that asshole! I don't want to see his f\*ck face anymore! Destroy him with all your strength!!" Meichuan was shouting excitedly at the VIP seat. He had been waiting for this moment for far too long!

"Hmph! I knew you are not here to play a football game with me! I shall destroy you, since you are here to hurt me!" Chen was really calm at this critical moment. He moved all his Dragon Force to his legs. A stream of golden Qi started to wrap around his legs.

"God Strength King Kong Kick!"

Guijiao saw and started to laugh coldly, "I have been training my legs for the past twenty years! My legs are definitely stronger than yours! Don't try to show off in front of me! Die!!!"

"POM!\*

Both of their legs collided into each other. The force of the explosion caused all the grass to lie flat on the ground. 0.01 second ago, Guijiao was pretty confident that he could defeat Chen easily. However, his confidence was replaced by endless despair, the moment their legs collided into each other.

He never thought that Chen's power would be thirty percent more powerful than him. Also, he did not expect Chen's legs to be so damn hard! It was like a piece of reinforced steel!

"Ouch...Ouch..."

The force tossed Guijiao to the ground. The bones of his right leg had been completely disintegrated! The leg that he was proud of is gone now! He will need crutches for the rest of his life.

"This is what you get for attacking me!" Chen looked really calm, but his dominant presence could be felt throughout the whole stadium. The audience started to cheer crazily after a short silence.

"Damn! That is my Bro Bei! So strong! So powerful!"

"What a good kick! He got what he deserved!"

"What a satisfying kick!"

.....

Meichuan almost vomited blood when he saw his trump card being destroyed by Chen.

"This...How is this even possible? One of the three mid-level ninjas being destroyed like an ant! God...Are you kidding with me?" Meichuan had lost all hope now. He did know what to do anymore.

A mid-level ninja is as powerful as Murong Tian! Guijiao was one of Meichuan's most precious asset! He shouldn't fall in a place like this! A win and loss of a football match cannot be compared to the loss of a mid-level ninja!

This plan had caused Meichuan to lose far more than he expected. Plus, the sacrifice of Guijiao still couldn't turn the tide around for the Japan Team. They are still going to lose the match, anyway. What a colossal loss for Meichuan. He sat down on his chair with a hopeless look.

Well, things are obvious, now. There's no one can stop can Chen anymore!

One score!

Two scores!

Three scores!

He was invincible now! He sent the ball into the opponent's goal every other three minutes. It was halftime now, and the score is same with the number on his jersey. 33-0! After that, Chen continued his incredible performance after the halftime. The Japan Team was completely devastated. They would have surrendered if they were allowed to do so. Such bullying!

Finally, the football match was over! The final score was 66-0! Chen scored another thirty-three goals after the first half of the game! The Japan Team knelt on the floor and cried. They swore that they would never touch a football again.

Meichuan looked pale. His teeth almost gritted into powder, "Don't ever mention football in front of me! I will kill those who have the guts of doing so!"

At the same time, Chen stood in the middle of the football field and shouted, "How's my performance today?"

The next second, every single audience started to shout, "666666666666."

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 275: Siphoning Spell To Command The Ghost Soldiers!**

The friendly match finally ended. Initially, Chen was planning to look for Lin Xiang for some sexy time. Unfortunately, Lin was too busy today. She was not free at all.

\*Ring!\*

\*Ring!\*

Chen's cell phone rang all of a sudden.

"Hello! Third Brother! I have to push the product into the market within two days! I have received a total of one hundred thousand bottles of the Treasure of Kidney! How are your preparations over there?"

Zhang sounded like a wreck on the other side of the phone.

"Err...Almost there..." Chen scratched his nose tips and said with a guilty-as-charged tone.

"Something is not right! From your tone, I can hear that you have not done anything at all!"

Zhang got really nervous this time. He said in a deep voice, "I know that you are a busy man, but this matter cannot be dragged on any longer! I'm not joking with you!"

"Alright! I know! I will do it now!" Chen said.

"I can't make it any clearer! This is serious!"

Zhang said sternly, "Don't you forget that you are the spokesman for this product! Your reputation will be affected if we fail to come out with the product that we have promised our customers! My company would also need to pay a huge sum of money to the customers as compensation! This is really serious!"

"Second brother! Don't nag me anymore...I promise you, I will show you satisfying results tomorrow!" Chen earnestly said. He hung up the phone and drove to South Lake.

.....

Back at the Shangri-La Hotel. The president suite was being cleaned and tidied up. It was still a mess.

Yap sat on the stuff that he had destroyed earlier on with a gloomy face, "My family has given me ten days to look for the Flaming Cloud Spiritual Pendant! I will lose the opportunity to inherit my family's wealth if I fail to find it!"

Around thirty plus people were standing around him. All of them looked really serious. The atmosphere was tense.

"All of you here are my most trustworthy allies! Your good days will come to an end if I lose all my power!" Yap said.

One of his allies said, "Master, you are right! This incident is just too damn bizarre! We don't even know where to start our investigation!"

"I know that. It's almost impossible to find my Flaming Cloud Spiritual Pendant! But, I have figured a way out!"

Yap squinted and said coldly, "My good brother from Dragon City gave me some good news recently! There is a Yang item that is even better than my pendant in Green Vine City! My family would not blame me if I manage to get my hands on it! On the contrary, they will reward me abundantly!"

"Eh? I didn't know about this at all!"

"I never thought that there is another pure Yang item in a small city like this!"

"What are we waiting for? Let's go and get it now!"

...

Everyone got really hyped up. Their future all depended on Yap. Thus, it is only logical for them to try their best to get the pure Yang item for him.

"Oy, get back here! Let me finish!"

Yap shouted, "The owner of that pure Yang item is super powerful! You will be granted a death wish if you try to snatch it from the person now!"

"This...How is this even possible?"

"Who is that person? How is that person more powerful than you?"

"I can't believe there is a person more powerful than our master in Green Vine City! This is unbelievable!"

....

The crowd started to make all sort of comments. They couldn't believe what they had just heard. Currently, Yap is an elite at the later phase of the Qi refining stage. He is more powerful than everyone combined here. If a person manages to induce fear in him, then, the person must be insanely powerful!

"Her name is Luo Puti! I believe that you guys should be pretty familiar with this name!" Yap said in a deep tone. He locked eyes with them.

"Luo...Luo Puti? The only female inspector in Six Doors Organization?"

"Oh, God! It's her! Why is she in Green Vine City?"

"We can't afford to offend such a powerful person! This is too scary!"

"All thirty of us here will be killed by her if she finds out that we are trying to rob this pure Yang item!"

...

Endless fear had replaced their combat spirit. It seemed as if all hope was lost for them.

"We can't rob it off from her just like that! We need to snatch it from her with careful planning! I have found her weakness! We will use her only friend in Green Vine City as leverage!"

Then, Yap smiled coldly and said, "According to the intel that I acquired earlier, Chen is her only friend in Green Vine City! These two people are my enemies! We are going to kidnap him and get Luo Puti to hand us her pure Yang item if she ever wants to see Chen alive again! Two birds with one stone!"

People around him started to get excited again. They said, "Our master is the smartest person on this earth! Who is that unlucky bastard? Let us go and kidnap him right now!"

Yap grinned and said coldly, "There's no need to rush! We will carry out our plan when the sky turns dark!"

.....

Now, back to the South Lake.

"Wow! This island is beautiful! It is like a pearl surrounded by crystal clear water! This place will become heaven if we plant some flowers and trees on it!" Wenyuan was so excited when she got to the island.

"Alright. Don't fool around anymore. We are not here to enjoy ourselves!"

Chen said, "Loads of people died here not too long ago. The bodies have been taken away by the police! But, we still need to clean up this place properly."

"Clean up?" Wenyuan was shocked.

She pouted and said, "You should hire a team of people to help you with this matter! How long would it take if you are planning to take to clean this entire place alone?"

"No."

Chen shook his head and said, "There can be no witnesses to what I'm about to do here! At least not the starting part!"

"What are you planning to do?" Wenyuan asked.

"Planting peach trees will be my main goal on this island. Other than that, I'm planning to hide the ingredients that are used to make the Treasure of Kidney underground as well!"

"No way! You want to plant all those peach trees alone and dig a big hole at the same time?"

Then, Wenyuan continued to say, "You are going to need decades to finish! Aren't you busy with other matters as well?!"

"Idiot. Since when did I say that I'm going to do this alone?" Chen smiled calmly and took his cell phone out.

"You are the one who said that you are not going to hire anyone! Who else is going to help you with this matter other than yourself? Also, I'm in spirit form! I can't help you, even if I wanted to!" Wenyuan said.

"Just watch me!" Chen raised his eyebrows and took out the Great Priest Bean from his treasure chest. It was small brown pouch half filled with beans. They seemed completely ordinary. However, Chen found that this item was pretty magical. It had a mind of its own! It synchronized to Chen's consciousness and transferred the chant needed to activate the beans to Chen's mind.

"Master Chen! What is this?" Wenyuan looked at Chen with her puppy eyes.

Chen did not answer her. He grabbed a handful of beans and tossed them on the ground.

"Heaven and earth! Listen to my command now! King of Hell, send me your soldiers now! Abacadabra!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 276: I'm Building My Secret Base**

\*Glow\*

The beans started to light up. A golden light surrounded them

"Wow! What is this? It's so beautiful!" Both of Wenyuan's eyes lighted up. She wanted to run to the beans like a curious baby.

"Don't go there! You will be controlled by the bean!"

Chen quickly stopped Wenyuan from getting near the beans. Then, he took the Spirit Cage out of his treasure chest.

\*Fuhhh...\*

Chen opened the cover, and cold wind filled the place immediately. The evil spirits that Chen captured had last time charged at the beans like a group of beasts that have not eaten for some time. The beans started to react when the evil spirits got close to them.

The golden light started to spin in a vortex, and those evil spirits were vacuumed right into the beans!

\*Clink!\*

\*Clink!\*

\*Clink!\*

After that, the bean started to expand and transform into humanoid forms. After some time, soldiers in iron armor started to come up from the ground and lined up in front of Chen. They looked pretty terrifying. Ghastly blue fire could be seen in their eyes. However, all of them were now under the control of the beans. They would have to obey everything that Chen asks them to do!

The armor that they wore granted them a temporary physical body. Now, they could execute Chen's plan.

"Haha! Beans becoming soldiers! It's so magical!"

Chen said excitedly, "I don't need to hire anyone to do all these cleaning stuff anymore! These inexhaustible and absolutely loyal soldiers will help me to carry out my plan! Also, they are definitely stronger than normal human beings! They are the best asset for me to execute all kinds of secret missions!"

"Wow! Now, I know that Master Chen already has everything planned out!"

Wenyuan clapped her hands together and said with a smile, "It's a super easy task for you to clean this island up with these soldiers!"

"Haha! Of course!"

Chen raised his eyebrows and gave his first command, "All of you! Demolish the Colosseum first! I want you guys to set metal at one side and stone at the other side!"

\*Roar!\*

Those soldiers turned around and started to march to the Colosseum.

\*POM!\*

The sound of a building collapsing could be heard from the direction of the Colosseum. Those soldiers have at least one thousand combat power. Thus, they could demolish the entire building with their bare hands. Also, they can't be injured or killed from any form of accident. Even if they are buried under the stones, they can climb up and continue with their work. It is definitely going to be very efficient!

"Damn! My master is so awesome! These soldiers are more useful than I expected!" Wenyuan said, shocked.

"Hehe...They can be used in other matters as well!" Chen grinned and said.

"What else? Tell me now! I want to know!" Wenyuan said hastily.

"Come with me, and you will know."

Chen started to use his fingers to sense the Qi in the air. With the help of the Eight Diagram of Godly Prediction, Chen managed to locate the five most unique locations on the island.

In case you guys forget, Eight Diagram of Godly Prediction is one the skills that Chen had acquired long time ago. It can be used to predict the good and bad in the future. Other than that, this is a great skill to check out the Fengshui of a place.

Looking into the future can break the balance of reality. Thus, Chen rarely uses this function. On the other hand, checking the Fengshui of a place had nothing to do with the balance of the realm. So, Chen can use it without worrying about any consequences.

"The five locations are called gold, wood, water, fire, and earth! Can you guess what I am about to do?" Chen asked with a smile on his face.

"I have no idea at all..." Wenyuan pouted and shook her head.

"Little idiot!"

Chen grinned and took a piece of white cloth from his treasure chest.

Then, he said, "I'm going to setup my Hundred Ghosts Formation!"

"Ah! I see! You are going to assign twenty evil spirits in each direction! Is this how Hundred Ghosts Formation works?"

"That's right!"

Chen went on to say, "These five unique locations can boost the power of Hundred Ghosts Formation greatly! Earlier, it would have been impossible for us to destroy Liu's formation if we didn't capture twenty of his evil spirits, prior to that!"

"Haha! Now, we have a group of powerful security guards to help us to protect this island! Enemies will walk into their graves if they have the balls to invade our island!" Wenyuan clapped and said.

"That's right! I want to make this island my indestructible, steel fortress!" Chen said confidently. It was pretty evident that Chen would carry out a lot of secretive operations on this island.

After that, Chen started to concentrate on setting up the formation. The steps might seem simple, but they were rather complex. After few hours, Chen finally managed complete the formation. By then, the Colosseum had been completely demolished.

Chen did not plan to rest anytime soon. He drank a bottle of Hundred Herb Potion and continued with his work. Next, he took out the Heavenly Smithing Furnace from his treasure chest and started to use the Transmogrifying Flame to transform the metal scraps into a bunch of brand new hoes, spades, and shovels. Then, the soldiers picked up the tools and started to dig a big hole at where the Colosseum used to be.

After that, Chen transformed all those stones into bricks. Then, he assigned a group of soldiers to be in charge of arranging the bricks around the hole when the hole reaches a certain depth. Lastly, Chen went down to the hole personally to use his Transmogrifying Flame to meld the bricks together.

It was a complicated process. Finally, the whole thing was completed when the sky had turned dark. A twenty-meter-deep and five-meter wide pit could be seen in the ground.

"Master Chen! Why did you build this thing?" Wenyan asked puzzledly.

"Can you go out and wait for me outside? What I'm about to do is very inappropriate!"

"Eh? Inappropriate?"

Wenyan started grinning. The corner of her mouth lifted and a perverted smile could be seen on her face.

"I'm not going anywhere! I know Master Chen is going to something dirty! I want to watch!"

"You dirty girl! Don't blame me later!" Chen opened his treasure chest and aimed it at the gigantic urn. Then, he tapped on the withdraw button.

\*POM!\*

A colossal, cylindrical object fell into the urn. It was at least eighteen meters long and three meters wide!

"What the hell is this?" Wenyan looked into the urn. It looked familiar but she couldn't remember where and when she had seen it before.

"This is a dragon penis..." Chen quickly covered his ears before he even finished his sentence.

"AH!!!!!!!"

Wenyan's face became red and she screamed, "Master Chen! You \*sshole!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 277: Don't Even Try To Run Away From Me!**

Chen built a gigantic lid to cover the urn. Then, he climbed back up to the ground and thought, "I should soak this gigantic dragon dick inside alcohol. I'll have to use the best alcohol to make sure it turns out good! Should I use whiskey or vodka? I think I'll have to buy at least a thousand bottles of alcohol to fill up this urn."

"Master Chen! There's movement at the shore!" Wenyan warned Chen.

"Eh?"

Chen turned around and checked it out. Then, he said, "Don't worry! That's our ally!"

A massive crocodile climbed to the shore and said, "Bro Bei! I saw five speedboats approaching the island! There are at least thirty plus people with weapons in their hands! I don't think they are friendly!"

"Enemy?"

Chen narrowed his eyes and nodded, "Alright. Thank you so much for your warning. I will buy some mutton and beef to feed you guys!"

"Haha! Thanks, Bro Bei! Remember! I like the fattest part of a lamb!" The big crocodile grinned and returned to the water.

Wenyuan was shocked. Then, she said, "Master Chen...What is going on? Why is a crocodile looking out for us?"

"Of course! This is my secret base!"

Chen's face turned serious. Then, he took out his Nightstaker Outfit from his treasure chest.

"None shall return alive if they have the balls to set foot on my island!" Chen said coldly. Now, Chen is completely invisible. On the other hand, the soldiers had hidden in the hole that they had dug earlier.

\*Vrommm...\*

The sound of the speedboats' engines could be heard from far. They parked their speedboats at the shore. All of them were holding all sorts of melee weapons. It was pretty obvious that they were some kind of Jianghu elites!

When one is powerful enough, a melee weapon is better than a gun!

"Master! It seems like no one on this island!" A guy with a full-grown beard with a big knife in his hand said.

"No! Chen Xiaobei is on this island! I saw his car parked on the other side of the island. He traveled to his island with a speedboat as well! I'm pretty sure he hid somewhere after hearing the sound of the speedboats' engines!" Yap held a long sword in his hand.

Then, he ordered his followers in an ice-cold tone, "Find him! I will flip the entire island over just to look for him!"

"Yes!"

Everyone started to move around in groups to look for Chen. Yap close to the shore. He wanted to make sure Chen will not get on his speedboat to escape from this island. This island is not exactly huge, but it's not small either. There were some other buildings here other than the demolished colosseum. It would take some time to search the entire island.

"Motherf\*cker! Where the hell is that son of the bitch? I can't even see the shadow of a single person here!" The guy with a full-grown beard complained.

"Hehe! You will be scared shitless is a shadow spawns out of nowhere!" The skinny guy beside him said.

"F\*ck you! Who do you think I am? I have big balls! Nothing in this world can scare me! Oh...my...God..."

The beardy screamed before he can finish his sentence.

\*Fusshh..."

A sharp ended shovel flew towards the skinny guy.

"What the hell is happening? Er!!!"

The shovel penetrated the skinny guy's skull when he turned around. His blood and brain matter splattered on beardy! He was not startled by the bloody scene, but the thing that had tossed the shovel! After all, he was a Jianghu elite who had witnessed the most gory scenes before.

The thing had flaming blue eyes and a pitch-black look. The armor on it made it look even more terrifying!

"Ghost...Ghost!!!"

Beardy started to scream hysterically. Both of his legs went soft, and he could feel his control of his bladder lapsing.

\*Fusshhh!\*

\*Fusshhh!\*

Two more shovels flew at beardy as he was screaming for help. The shovels impaled him. All his internal organs were destroyed, instantly! Blood started to shoot into the sky like a fountain.

"Ah..."

Beardy groaned in pain. However, the groaning stopped the next second.

\*POM!\*

The evil spirit swung a shovel at beardy's head. Two powerful Jianghu elites died in fear. They didn't even know what killed them in the end.

"Ghos...Ghost!! Ah!!! Ah!!!"

Those terrifying screams could be heard from all directions. It was as if those evil spirits had planned to attack the enemies at the same time. It was a sudden attack; thus, the enemies didn't even have time to react to it!

Within a short time, twenty out of thirty Yap's followers had died in vain. Those who survived the ambush were elites at the pinnacle stage of the physical phase! Their health was at least three thousand!

"Master! Help us!"

They were screaming and running back to the shore at the same time. They realized that the evil spirits around them only kept on increasing. The most important thing was that these evil spirits could not be hurt! They will get back up, no matter how you attack them. Thus, it was impossible for them to win this battle.

"Stop screaming! Your idiot master can't even protect himself! You guys can wait for him in hell!" An ice-cold voice could be heard in the distance. A shadow started to surface at an empty space.

"Chen...Chen Xiaobei! He is the guy that our master wanted to capture to threaten Luo Puti!"

"How did he appear from thin air? Is there something wrong with my eyes?"

"This is not the problem now! Let's deal with him first! There are still tonnes of evil spirits behind us!"

"That's right! Kidnap him, and we can escape this shithole!"

"Charge! My brothers!"

.....

The group of people had no other option but to attack Chen.

"Sword!"

Chen took off his mask, and the invisibility effect was mitigated. He lifted his hand and aimed it at them. He focused all the Dragon Force at his palm. Qi started to form around his palm. It was like the silence before the storm!

"Go!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 278: Killing The Enemy Like Cutting Grass**

\*Roar!!!\*

The sound of the dragon roaring echoed in the air. The shadow of the Black Dragon flew out of Chen's palm. Its powerful presence was enough to make a person petrified!

"Wind!"

The shadow of the Black Dragon charged to its enemies at lightning speed.

\*Shiingg!\*

\*Fisashhh!\*

A man was decapitated in a split second. The blood spread to everyone like a fountain. Those who were still alive started to scream hysterically.

"This...What the hell is this thing?"

"This presence...It's too damn terrifying! It looks like a real dragon!"

"Is that the legendary sword Qi?"

"Impossible! Only an elite that has reached the top of everything can control sword Qi! I can't believe that this punk is powerful enough to do it!"

"Don't you think that he's scary enough already!"

.....

\*Shiiiiinggg!\*

\*Fisashhh!\*

The guy who doubted Chen's power was decapitated. The Black Dragon was killing everyone in its sight! It was as easy as cutting grass! None can stop the deadly Black Dragon anymore! The rest of the people stood there with their hearts pumping crazily. They felt as if they were going to be suffocated by it.

Usually, they could do whatever they liked with their three thousand combat power! Now, their balls had shrunk entirely! They would need some time to recover from this trauma!

Evil spirits! Black Dragon! Sword Qi!

All these things had a huge impact on their tiny little hearts! And, for those who get scared easily have come to a point that they have lost their minds. To them, Chen is a living demon. They just couldn't believe all the bizarre powers were under the control of Chen. None of them could see through Chen. A monster is the only word that they could think of to describe Chen.

"Wind!"

\*Fisashhh!\*

\*Fisashhh!\*

\*Fisashhh!\*

Heads rolled wherever the Black Dragon went. Soon, the whole place became a pool of blood. Now, there were only three persons left!

\*Roar!!\*

Black Dragon roared, and it was ready to take away their lives without any mercy!

All of a sudden, a person with a longsword flew in from ten meters away to where the Black Dragon was headed to.

\*Shiiingg!\*

A long and thin silver sword wailed. It managed to stop the Black Dragon from moving forward.

"Yap Liangchen!"

Chen saw the person who had stopped his attack. Yap was the only person on this island who is powerful enough to stop the attack from Black Dragon!

"\*sshole! How dare you kill my absolutely loyal followers?! I will kill you and feed you to the dogs!" Yap shouted angrily.

Then, he swung his arm, and the Black Dragon was deflected.

"So, this is the power of an elite at the latter phase of the Qi refining stage!" Chen raised his eyebrows and quickly retrieved his Black Dragon. The Shadow of Black Dragon is powered by the Chaos Sword essence, and it requires Qi to be activated. Since the Shadow of Black Dragon can't hurt Yap, it was better to summon it back to avoid wasting any more Qi.

"What now? Are you afraid of me now?"

Yap said arrogantly, "I'm the inheritor of Yap Family! I was nourished by the Flaming Cloud Spiritual Pendant ever since I was a kid! When it comes to cultivation, I can crush anyone easily outside Dragon City!"

"Yes! I agree with you! You are definitely more powerful than me! Can't argue with that!" Chen nodded and said calmly.

"Kneel down in front of me right now since you know that it's impossible to defeat me!"

Yap grinned and put on his greedy face, "What is that thing you just summoned back to you? Come over here on your knees and offer it to me!"

After a short pause, Yap shouted again, "Also, I heard my followers shouted something about spotting ghosts! You must be some kind of Shaman right?! Hand over your Shaman Skill as well! Then, I will grant you a quick death! If not, you will suffer and die!"

"Shaman?"

Chen and the three survivors were shocked. They are not familiar with this term at all. It was pretty obvious that Shaman was some kind of hidden job that one will only know when the person reaches a specific tier in Jianghu!

Shaman!

Communication with evil spirits!

The Ghost Toad; Liu Duobao that Chen had killed earlier must be a Shaman! Chen managed to connect every dot and came up to a conclusion.

Yap shouted impatiently, "Son of a bitch! Don't try to act dumb in front of me! Come here right now and offer me the things that I want! If not..."

"F\*ck you and your demands!"

Chen interrupted Yap and laughed coldly, "You are more powerful than me, but that doesn't mean that you can defeat me!"

"What a joke! How is it possible that I can't defeat you?!"

Then, Yap rolled his eyes and shouted angrily, "Motherf\*cker! What an arrogant bastard! Killing you is as easy as squashing an ant!"

"Don't you forget! I'm a Shaman!" Chen grinned evilly.

"What about Shaman? I have Flaming Cloud Spiritual Pendant with me! It can be used to defeat any kind of spirits! Your stupid Shaman Skill will not be able to hurt me at all!"

Well, Yap was obviously trying to scare Chen. He knew precisely that Pure Yang items are the nemesis of evil spirits. He believed that Chen would definitely surrender after he hears of the pendant.

However, little did he know that he was acting like a joker in front of Chen.

"Hehe...Flaming Cloud Spiritual Pendant? I'm so scared! Save me please!"

Chen laughed evilly and said, "Let me tell you a story. One night, a certain idiot's bodyguards died in horrible conditions. That idiot's heirloom went missing as well. Then, he felt an extreme itch on his dick. The idiot almost scratched away his own dick!"

"You...How do you know that?"

Yap's questions finally came to light after hearing Chen's story. He shouted, "It's you! You are the mother\*cker who stole my heirloom!"

"Please don't show me your pathetic puppy face!"

Chen said coldly, "You went against me at the charity dinner! Then, you were trying to kidnap my woman! You sent someone to cripple me as well! Stealing your pendant is my way of showing mercy on you! But, now, you are thinking of using me to threaten Luo Puti! Now, you'll have to pay with your life!"

Yap took a few deep breaths and said in a calm voice, "I'm definitely at fault. I will apologize to you and compensate you, as long as you return the pendant to me. Also, I will never cross paths with you anymore!"

Then, Chen laughed mockingly and said, "I will consider accepting your apology if you kneel down in front of me!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 279: I'm Fooling You!**

"Kneel down?"

Yap was shocked, and he didn't know what to think anymore. He is the son of the Yap Family. Kneeling down in front of a nobody will definitely hurt his high and mighty social status. However, Chen will definitely threaten him with the pendant if he refuses to kneel down in front of him.

He was worried that Chen might kill himself with the pendant on him. Then, his plans will be ruined completely. He will lose his precious pendant, and he can't use Chen to threaten Luo anymore. This is the worst circumstance for him!

"Alright! I will kneel down in front of you!" Yap gritted. He didn't dare to risk his entire future. His priority was getting back the pendant to secure his position as the inheritor of his family. Other than this grandfather, he has never knelt down in front of anyone! Not even his parents!

\*POM!\*

Yap put his sword aside and knelt down in front of Chen.

"Oh my God! Our master just knelt down in front of that punk!"

"He doesn't have many options with him anyway! That guy has the thing that our master really wants!"

"This is a great shame for our master! He will definitely kill Chen after he gets back his pendant!"

The three survivors hid at a safe spot, far away from Chen and Yap. They were looking at Chen with hatred. However, all three of them had underestimated Chen.

"Crawl here!" Chen said.

"What?!" Yap's eye twitched. He was so furious that his eyes almost spat fire. At that very moment, he knew that Chen was trying to let him have a taste of what he did to him earlier.

"Okay! I will crawl!"

Yap gritted and started to crawl to Chen.

\*PIAK!\*

A slap landed on Yap's left face when he got to Chen. The three survivors rubbed their faces unconsciously when they saw Chen slapped Yap. It was just too painful to watch.

\*Blarrgghh...\*

Yap was not ready for that at all! The force of the slap made him roll on the floor. His spotless face became swollen immediately. Blood and teeth clattered all over the floor when he opened his mouth.

"Come back here and show me your right face!" Chen waved his hands impatiently and ordered.

"What?!"

Those three survivors almost had their eyes rolling on the floor. And, their mouths were so wide open that a fist would fit right in it.

There were more slaps to come!

Oh my God!

This is so cruel!

It might be easier to watch, if Chen was doing this to a normal human being!

The person who Chen had just slapped was the Yap Liangchen!

The inheritor of Yap Family! An elite at the latter phase of the Qi refining stage!

Now, he looked like a dog in front of Chen!

Those three survivors would not believe this would ever happen to their master if they didn't witness it with their own eyes.

"Chen Xiaobei! Last slap! I will kill you if you refuse to return the pendant to me!"

Yap crawled back to Chen with his right face ready this time.

"Don't worry! I will not break my promise! You can have it back after this slap!"

Chen grinned and landed another slap on Yap's right face.

\*PIAK!!!!\*

An explosive sound could be heard. This time, Yap was tossed into the air, rotating one thousand and eighty degrees, before finally landing on the floor!

\*Blarrgghh...\*

Yap's face had been completely distorted. Blood and teeth littered the floor again when he opened his mouth.

"Ouch...It's so damn painful!"

Those three survivors took a few deep breaths and covered their faces with both of their hands.

\*Fuhhh..\*

\*Fuhhh..\*

Yap took a few deep breaths.

After mastering his pain, he snarled and said, "Return me my pendant, right now!"

"No problem!"

Chen shrugged and tossed the pendant to him.

"Flaming Cloud Spiritual Pendant! Finally! I have it back!"

Yap looked delighted when he received the pendant.

However, he changed completely the second, "Son of the bitch! You are going to die today! I swear that I will chop you up and feed your parts to the dogs!"

"You mentioned that you would not do anything to me after you get back your pendant! Why did you break your promise?" Chen said innocently.

"Not do anything to you?!"

Yap laughed and said, "Hahaha...You are so na?ve! Wait! You are one dumb \*ss motherf\*cker! Nobody asked you to believe me! I was fooling around with you!"

"I see now! You just lied to me!"

Chen shrugged and said mockingly, "Then, we are all good now!"

"All good? What do you mean by that?" Yap was stunned. He felt that something was not right.

"Don't you think that there is something wrong with the pendant?" Chen laughed evilly.

"This..."

Yap froze immediately. He was too excited just now to pay attention to the pendant. Now, he realized that the pendant that he received was full of cracks!

\*Blarrgghh...\*

Yap spat out a mouthful of warm blood when he took a look at the pendant. This is the real pendant, but the Qi inside it was completely dried up. It was no different from the stones on the roadside! It's useless now!

Kneeled down!

Crawled around!

Getting slapped!

All the things that Yap went through just now became utterly meaningless.

"You son of a bitch! How dare you toy around with me?!"

Yap was staring at Chen furiously. His eyes had turned red, and his bloody mouth was wide open as well. It looked as if he was going to eat Chen up!

"Yes! I am the one that fooled around with you!" Chen put away his smile and shouted powerfully.

"You...You..."

Yap was so angry that he became speechless.

After some time, he roared, "I will make sure you have a taste of all kind of sufferings!"

"Come at me!"

Chen replied fearlessly.

At the same time, Yap dashed to his sword and picked it up.

"I, Yap Liangchen, swear in my family name that I will kill Chen Xiaobei today!"

Yap held the sword tight in front of him, and Qi started to channel around him. His Qi was really concentrated. The yellow Qi slowly flowed to the sword that he was holding.

All of a sudden, the stones and sand around him rose into the air! It was as if his powerful presence had frozen the time around him. Actually, Yap was truly a powerful Jianghu elite. A lot of people would respect him for that, if he didn't have such a nasty personality!

Most of the people will lose hope when they see him raising the sword.

"You are really powerful!"

Chen became really focused and raised both of his arms. Then, wind started to blow mysteriously around him.

"You should consider becoming my pet dog!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 280: Don't Be Overconfident! If Not, You Will Be Buried In Shame**

\*Fuhhh...\*

Hundreds of evil spirits came from all directions. Now, all of them had been released from the control of Great Priest Beans. They gathered around Chen in their spirit form.

"Hundred Ghosts Formation! Interconnected mysteriously! Five attributes and Ying and Yang! All are connected!"

Hundreds of evil spirits combined into a gigantic terrifying evil spirit. It was around five meters high. It was much stronger and terrifying than the gigantic evil spirit that Chen had defeated last time. Needless to say, its combat power would be much higher as well!

"So cold...Can you believe my body with three thousand health is feeling the cold right now?!"

"The atmosphere is not right! This is really spooky! I'm covered in goosebumps!"

"What the hell is going on? Is this connected to the Shaman that master mentioned earlier on?"

Luckily, those three survivors had cleared the area and were far away from the battle, but they were still affected by the dark presence of the gigantic evil spirit. However, they did not have YinYang Eyes. Thus, they did not know what that was going on behind Chen.

"Such a powerful dark presence! I knew it! Chen Xiaobei! You are a Shaman!"

Yap knew more things than those three survivors. Thus, he made the right conclusion.

"I will surely be defeated if you are a four-star Shaman! Unfortunately, by the looks of it, you are only a three-star Shaman!"

Yap was not afraid at all. He even began to laugh, "You will be killed by me before your gigantic evil spirit sucks away my Qi!"

"Don't be too confident! You will be covered in shame if you are wrong later!" Chen grinned and said casually.

"Covered in shame? Are you f\*cking kidding me? What are you going to use to cover me in shame? I can kill garbage like you easily!"

Yap was now leaking a murderous aura. He shouted, "Die now! Phantom Flurry Slash!"

\*Shiiinngg!\*

The rapid thrusting of the sword created hundreds of afterimages in the air! It was as if hundreds of leaves surrounded by sharp and indestructible Qi had fallen from the sky!

"So fast!"

Chen quickly commanded the gigantic evil spirit to charge forward.

\*Huuuu...\*

The gigantic evil spirit was like a lion charging at a small rabbit. Its knife-like ethereal claws flew at Yap's brain and heart. These are the two spots filled with Qi! It couldn't hurt anyone physically, but it can drain away one's Qi!

Technically speaking, the victory of this battle will fall to the one that is still standing in the end. It is either Chen falling to Yap's swords first, or the gigantic evil spirit draining away all of Yap's Qi.

"I'm going to come at you with all that I have! I need to land a slash on this bastard first, even if that means that part of my Qi will be drained away!"

Yap was ready to risk his life in this battle. He ignored the gigantic evil spirit that was charging at him. He held his sword up high and aimed at Chen's head.

\*Fiashhh...\*

The phantom claw went right through Yap's body.

Through the Netherspirit Battlescouter, Chen could see two white puffs of smoke flying out from Yap's body, with the gigantic evil spirit consuming it immediately.

"Oh God! Such a powerful evil spirit!"

Yap frowned and he got really nervous. The damage caused by the gigantic evil spirit was beyond his expectation. He felt dizzy, exhausted, cold, and even started to sweat non-stop! He felt seriously ill.

Ding!

[Cultivation: Latter phase of Qi refining stage, Health: 10000, Combat power:7500!]

"Damn! This weakening effect is better than I expected! A quarter of his combat power is gone! One more hit and he is no longer a threat to me!"

Chen was really surprised. He could actually win this battle easily!

"Son of a bitch! You are distracted! Die now!"

At the same time, Yap's sword had reached Chen. The wind generated by the force of the sword was so strong that it messed Chen's hair up. Those hits were so close to shredding Chen into hundreds of pieces!

"Hehe...You might have been able to kill me if your speed was a little bit faster! Unfortunately, you are too slow for me!" Chen smiled calmly and used his Lightning Steps to dodge the attack! No ordinary human could do what Chen just did.

"What?! How is that even possible?"

Yap was completely freaking out right now. He was hoping that his attack would kill Chen after sacrificing part of his Qi. However, all he struck was air!

Now, he felt completely hopeless when he turned around frantically to locate his enemy!

\*Fusshhh...\*

The gigantic evil spirit landed another hit on Yap, and the same portion of Qi was drained out of his body.

"Errr..."

He felt dizzy, exhausted, and started to sweat again. This time, he almost passed out there and then.

"Well, I did tell you just now not to be confident! Now, you are drowning in shame!"

At the same time, Chen dashed to Yap like a phantom. He used his left hand to grab hold of Yap's throat and started to slap him continuously. Yap didn't even have the energy to fight back. After a while, Yap's face became so swollen that not even his parents would recognize him!

"Oh my God! Who the hell is that kid?!"

"I don't care who is he! Run now if you want to live!"

Those three survivors screamed from far. Then, they started to run to their speedboat. They couldn't care less about Yap anymore. Ten meters away from the shore, the one driving the speedboat turned off the engine all of a sudden.

"What the hell are you doing? Why did you stop the boat? Let's go..."

He kicked the two survivors into the water. Then, he jumped into the water as well. All the snakes, crocodiles, and piranhas started to swim around them.

"Ah...Ouch..."

Their screams pierced through the silent night. A few seconds later, they had been completely erased from this earth. A cute little spirit flew back to the island while clapping the imaginary dust off her hands. That spirit was none other than Wenyan.

"Open your mouth!" Chen said calmly.

"I will open...I will open...Please don't slap me anymore..."

Yap opened his mouth, and a piece of biscuit was thrown into his mouth. It was crispy and yummy!
