Chapter 281: Monkey Moonshine And Money Tree

"Master..."

Yap swallowed the Heavenly Dog Biscuit. He was now Chen's loyal servant. After all, Yap is a Jianghu elite with ten thousand combat power. Also, he's the son of the Yap Family. Thus, it was totally worth feeding him the last dog biscuit!

"Take this and drink it. You can use the second bottle on your wounds!"

Chen took two bottles of Hundred Herbs Potion and tossed it to Yap.

"Thank you, master!"

Yap was really grateful. He retreated to a safe spot after he bowed to Chen.

Fusshhh...

The wind was gone, and hundreds of evil spirits were gone too. They went back to the Great Priest Beans to clear the battlefield. They piled up all thirty plus bodies together. Then, Chen let out his Chaos Sword Essence to drain their essence. None of them were ordinary people. Thus, the quality of their essences was better than most. This is going to be an extremely nutritious meal for the Chaos Sword Essence.

Other than that, Chen also received some merit points for killing eight bad guys. After some calculations, the total points that Chen received was four thousand.

Ding!

[Current merit points: 204000. You will need another 96000 merit points to proceed to the next level! (Charm: 20400, Luck: 20400)]

The rest of the merit points will be rewarded to evil spirits that are involved in killing those bad guys. They can use the merit points to pay for all the bad deeds that they have committed in the past.

After that, all the bodies were dumped into the river to feed the crocodiles after the Chaos Blade Essence finished feeding off them. In a way, the water creatures were helping Chen to destroy crime scene evidence.

Chen started to order his soldiers to work on the wasteland to get ready to plant the peach trees.

"Since I'm still here, I should finish all the unfinished business in one go!"

Chen was not in a hurry to go home. He took out his cellphone and sent a text to his good brother; Monkey King. He was not asleep. Thus, Chen got an instant reply.

Monkey King: Hey brother! What's up?

Chen: So, I plan to plant some peach trees here. I want to ask for some peach seeds from you.

Monkey King: Easy request! How many do you need? Just tell me!

Chen: I need around three thousand peach seeds...Is that okay with you?

Monkey King: Haha...Brother...You are being cute now...I have tens of thousands of monkeys here! I can get tens of thousands of peach seeds if all of them consume a peach at the same time. Three thousand peach seeds are nothing!

Chen: Hehe! Thank you, my brother!

Monkey King: You are most welcome, brother! Hold on, let me ask my monkeys to choose the best seeds for you!

Since Chen was waiting, he asked for another favor from Monkey King.

Chen: Right! Brother! Do you have any good alcohol with you? I need around three to five thousand bottles of it! I need them to marinate my Dragon Dick!

Monkey King: You asked the right person! Moonshine from Mount Huaguo is exceptionally famous in all three realms!

Chen: Monkey Moonshine? It sounds extraordinary!

Monkey King: My monkeys gathered all kind of fruits from the mountain and stored them inside the tree holes. Then, the fruit will start to ferment. This is how we make the Monkey Moonshine! It's organic, non-polluted, and delicious! Everyone loves it!

"Damn! That is great!" Chen thought.

Chen was delighted. Then, he started to make plans, "Dragon Dick is one the most precious ingredients! I'm worried that the chemical substance from ordinary alcohol will ruin its nutritious value! Now, my worries will be gone if I choose to marinate it in the Monkey Moonshine! Also, the taste of the fruit can neutralize the unique flavor of the Dragon Dick as well! Okay! I have decided!

Chen: Brother, can I have some Monkey Moonshine as well?

Monkey King: Not a problem! But, you must let me have a taste of some Dragon Dick Alcohol after you brew it successfully.

Chen: Of course! Good things must always be shared with brothers!

Monkey King: Hehe! That's the plan! Alright! Get ready to receive my Red Envelopes!

Ding!

[Congratulations! You have snatched a Red Envelope from the Monkey King! You have received an alcohol gourd flask! It has been stored in your treasure chest!]

Ding!

[Congratulations! You have snatched a Red Envelope from the Monkey King! You have received five thousand peach seeds! It has been stored in your treasure chest!]

After that, Chen said goodbye to Monkey King, Then, he quickly ran to the basement.

"Let me pour the moonshine into the urn first. First, Chen opened up the lid of the urn. Then, he took out the alcohol gourd flask from his treasure chest. After a flash, an alcohol gourd flask with red skin appeared in Chen's hand. It was not that heavy. After a few shakes, Chen realized that it was only half filled.

"That's weird! There's only so little alcohol inside this flask! Well, let me try to pour it in first! I don't think that Money King will con me!" Chen pulled off the cork of the flask and started pour the alcohol into the urn.

Shhhhhh...

The moonshine was amber in color. It cascaded into the urn like a waterfall. Within a while, the gigantic china was completely filled!

"Damn! This is some good shit!"

Chen was shocked. He shook the flask and found out that the moonshine inside it did not lessen at all!

This is awesome!

The amount of moonshine that Monkey King had given Chen was more than three to five thousand bottles! Chen can use the rest of the moonshine to refill the urn from time to time.

"My brother is too good! I will send him a big Red Envelope after my Dragon Dick Alcohol is ready!"

All the good surprises just keep coming to Chen non-stop! It is a good thing to have such good brothers!

After that, Chen put the lid back on the urn and went back to the ground. The soldiers were almost done with the wasteland. A hole was dug every five meters on the island. There was a total of three thousand holes in the entire island. After all, the soldiers would never tire. Thus, it was the ideal job for them to dig thirty holes each.

Then, Chen commanded the soldiers to plant one peach seed in each hole. Then, he used the ten packets of Fairy Fertilizers that he had received earlier. According to the experience that Chen got from planting three peach trees in his house, all three thousand peach trees will bear fruits the next morning!

"It's late now. I should just stay here for the night. Also, I will be able to witness the fruits of the hard work that I meted out today!" Chen grinned.

After that, Chen drank a bottle of Hundred Herbs Potion and started to take out the Scripture of Heaven and Earth to train himself. Last time, Chen could just consume a God of War Body Strengthening Pill to increase his combat power tremendously in a short period. Now, Chen had to train hard to get the improvement that he wanted. Thus, he did not dare waste any time at all.

Time flew, and it was soon the next morning. As expected, the whole island was covered by peach trees! All those peach trees were so well grown that they covered the entire island like a big umbrella! The whole island had been fully transformed! The most exciting part was the big and juicy peaches in between the leaves and branches! They were like a pearl under the sunlight. The peach was so fragrant

that it would trigger the appetite of a person! Chen was really excited, because he knew the true value of these peaches.

"So, a peach can be sold for 998 Yuan! There are hundreds of peaches on a single peach tree! That's 100,000 Yuan! I can receive a total profit of 300,000,000 from three thousand peach trees! They are no longer peach trees! They are money trees! Wahahaha..."

Red Envelope Group of the Three Realms

Chapter 282: Awesome Effec

All these peach trees were like trees hanging with gold to Chen. He was sitting under the trees and starting to indulge in this exciting moment.

"Now, there is no end to the vastness of my wealth! If I'm not mistaken, my total assets should worth around five hundred and nineteen million! Hehe! Step by step, and I can surely catch up with the Lan Family!" Chen grinned, and he sounded pretty confident as well.

Most of the people might have already forgotten the promise that Chen had made a long time ago. But, the thought had been with him all this while. He still remembered wanting to be on the same level with Lan Zhangguo!

Lan Zhengguo had changed his impression of Chen since the kidnapping incident. But, a promise is still a promise. Chen was determined to achieve it! He wanted to use some solid action to convince Lan Zhengguo that he is capable! He didn't want Lan Zhengguo to recognize him, just because he saved his daughter.

This is what a real man would do! Never look down on poor kids!

"Oh right! I have one more new asset! I should check it out!"

Chen jumped up and quickly rushed to the basement. He opened up the urn, and a sweet alcoholic smell filled the room immediately.

"This smell so damn good!"

Chen closed his eyes to indulge in that sweet alcoholic scent slowly.

"The smell from hundreds of fruits can refresh one's mind! Most importantly, the unique smell of the Dragon Dick is gone!"

After that, Chen took a look inside the urn. He was shocked. The amber colored Monkey Moonshine had turned into some kind of ruby-like color! The liquid was crystal clear, and it urged people to take a few sips of itself!

"Let me have a taste of it!"

Chen quickly used his hands to scoop up the alcohol. Just as the alcohol almost reached his mouth, he shook his head and said, "Wait...I'm still a virgin... I'm worried about my rocket...I should look for a lab rat to try it first! Yap Liangchen! Come here!"

Yap rushed to Chen immediately after hearing Chen calling out for him.

"Master! What can I do for you?"

Yap was practically bowing down at Chen. His tone was really polite. As it turns out, Yap is really quite good looking! All his pride and viciousness was gone when he became Chen's servant. He looked far friendlier now with his humility and slow-to-anger attitude. It's hard not to like him, now! He's like one of those chivalrous swordsmen from the old Chinese movies. Chen felt really thrilled to have such a high quality servant.

"Drink this, and tell me how you feel?" Chen ordered calmly.

"Alright!"

Yap drank the Hundred Fruits Dragon Dick Moonshine without any hesitation.

He was shocked, the next second. He started to voice out his opinion, "Good moonshine! Great taste! Such smoothness! I have no word to describe it! I don't think that Dragon City has such good alcohol!"

"Damn! Is it really that good? Now, do you feel anything changing on your body?" Chen managed to control his desire of wanting to try the moonshine. He needed to know what it did to one's body.

"Yes..."

Yap nodded, "I can feel a stream of energy just entered my body! I have never felt so alive before! My whole body is filled with energy! And...And...My crotch is kind of warm now!"

"What the hell? Warm?" Chen had his eyes opened wide.

"I can feel...My penis...Just grew longer..." Yap said shyly.

"What...How is this even possible?"

Chen said in surprise, "I know this moonshine is very nutritious! But, I did not expect it to have such immediate effects! This is awesome!"

"Really...Really grew longer...By at least three centimeters!"

Then, Yap asked desperately, "Master, can I have more, please? I wish that I can grow another ten centimeters! That's my lifelong dream..."

"Just drink. You need it!" Chen nodded. He can understand how Yap felt right now.

Yap's penis was shorter than a caterpillar! It is only reasonable that he has the desire of wanting it to grow longer!

"It's not so effective anymore..."

Yap reported to Chen while drinking, "It's only two centimeters this time...One centimeter now... this moonshine probably works best on those who really need it...The effect is not so apparent anymore after my penis became longer."

"Hold on! Even though the effect is not so crazy anymore after it became longer, it's still one crazy moonshine! People will start to get suspicious if I sell it as the Treasure of Kidney!"

After some serious consideration, Chen decided, "I'll have to dilute it with water! It has to be diluted enough to not raise any suspicions at all!"

Chen started to do a few experiments after making the decision. He was playing around with the right ratio. Yap was there to test every sample. Finally, Chen had concluded that 1:30000 was the best ratio. In other words, a bottle of Hundred Fruits Dragon Dick Moonshine can be used to produce thirty thousand bottles of Treasure of Kidney! No one will get suspicious with this perfect ratio and it can beat all kind of supplements on the market!

It will definitely go viral after it releases to the market. And, this is where huge profit comes in! There's around 2.5 tonnes of moonshine in the urn. This amount of moonshine could be used to produce seventy-five million tons of Treasure of Kidney!

The most important thing is that the Dragon Dick will not disappear, and the moonshine that Chen receives from Monkey King is endless! So, how much profit can this moonshine generate for Chen? It is going to be an astronomical figure!

"Wait! I cannot forget about my good brother! Let me send him a few buckets of it first!"

Chen found a few metal buckets, filled them up and send them to Monkey King. Also, Chen prepared another bucket of it to give it to Zhang.

"This filled bucket of moonshine should be more than enough to supply a month's worth of Treasure of Kidney! After this, I will send one bucket to Zhang ever month! Seems like an easy job."

Then, Chen drove to Zhang's factory. Yap took a day off to go to the brothel to release his needs. If not, his balls might have exploded.

...

Zhang and his employees were not doing anything when Chen arrived at the factory. It was as if they saw their savior when they saw Chen.

"Third brother! You are finally here! I almost cried while I was waiting for you!"

Zhang ran to Chen and asked immediately, "Where are the trucks that are delivering the ingredients of Treasure of Kidney? How come you are here alone?"

"There's no need of truck! My secret recipe is all here!" Chen grinned and slapped on the metal bucket that he brought with him.

"What? That is so little! It's not going to be enough! I have to send out one hundred thousand bottles of it to the market tomorrow! Are you joking with me? Are the trucks behind you?" Zhang was tip-toeing to look out for trucks.

"I'm not joking with you! Take this and follow the ratio that I'm going to tell you! The ratio is 1:30000! All you need to do is dilute it with water, fill it into the bottle and sell it! I will bear all the responsibility if there's anything wrong with it!" Chen smiled and said.

Zhang was stunned. His worry was gone after being affected by Chen's commanding presence. He nodded and said, "Okay! I believe in you! I will ask my people to start working on it! I will not blame you

if we suffer from any losses! And, if we do make a profit from it, you can have ninety percent of the profit! I will only take ten percent!"

Red Envelope Group of the Three Realms

Chapter 283: The Vanished Merit Points

You get ten percent, and I get ninety percent? That doesn't sound right!" Chen said, shocked.

"I'm serious! This factory is not where the money is born! Your secret recipe is the source of money!"

Zhang said in a deep voice, "Previously, the agreement between Liu Duobao and me was that I get thirty percent and he gets seventy percent of the profit. Even so, I would still need to pay for the cost of the ingredients. Now, you have everything ready. All I need to do is to add water to dilute the solution! In other words, you've paid for all the other ingredients! Thus, it is only right that you get ninety percent of the profit!"

"Erm..."

Chen scratched his nose tip. He wanted to tell Zhang that this solution did not require any cost to produce at all, but it was hard to find a way of expressing it. After all, Dragon Dick and Monkey Moonshine did not exist on earth. Thus, Zhang will not believe whatever Chen tells him.

"Alright! This will be my final decision! From today onwards, you will be my boss!" Zhang laughed and took the metal bucket into the factory.

"Seems like it has to be this way."

Chen knew Zhang pretty well. He is the kind of person who doesn't like to owe anyone's favor. For now, he will follow whatever Zhang says. Chen will think of some way to repay him in the future.

Chen did not want to go into the factory to mess up the production. Just as he was about to leave, he found something really interesting!

Ding!

[You have done a good deed! You have received 8000 merit points!]

Ding!

[You have done a good deed! You have received 8000 merit points!]

Ding!

[Your current merit points are 220000! You need another 80000 merit points to go to next level!
(Charm: 22000, Luck: 220000)]

"Eh? What the hell is going on? Why are there two scores of free merit points? Some kind of free lunch?"

Chen was stunned for a moment. After some thinking, he found that the number; eight thousand was rather special. There were three parties received Chen's donation during the charity dinner! Each of the

parties had received a total amount of eight million! Also, the system showed that Chen had done some good deeds.

"This should be merit points from my donation! But, why are there only two scores of merit points? Where is the remaining score?"

Chen scratched his head and took his cellphone out to call Xiaoyao.

"I should call Xiaoyao. She should know what is going on."

Duuuuu...

Duuuuu...

The call connected.

"*sshole Xiaobei! Why did you call me? I was going to call you!"

A savage voice could be heard on the other side of the phone.

"I wanted to tell you the three parties that received our donation have already started to use the money to do all kind of good things!"

"What? All three? Not two?" Chen asked, puzzled.

How is it possible that all three parties have already started to use the money to do good things since he just received only two scores of merit points!

Xiaoyao said confidently, "Nonsense! Of course, I'm sure! I follow up with the donations personally! And, I did send someone to make sure the money to be used in the right place!"

"This..." Chen was stunned.

This is getting really strange.

Xiaoyao's process sounded foolproof. She might seem savage and unreasonable at times, but she can be very serious and efficient when it comes to work! She will always make sure that she does her best as well. Thus, there shouldn't be any problem with the donations, since she sounded pretty confident! Chen was really bothered by it.

The merit points that he saved up was close to three hundred thousand. He was going to use all these merit points to help Xiangyu for his second rebirth.

"*sshole Xiaobei! Why are you so quiet? Aren't you happy that your money is being used at the right places?" Xiaoyao asked.

"I want to check out the current situation of each parties." Chen said in a deep voice.

"Why? Do you not trust me?" Xiaoyao said.

"It's not that."

Chen continued to say, "I want to see the results of the donation that I made."

"Sounds right. Come to the charity foundation office to pick me up! I will bring you there!"

The three parties that had received Chen's donations were Green Vine Orphanage, South Lake Old Folks Home, and North Mountain Hope Primary School.

Chen and Xiaoyao went to the orphanage and the old folks home to check out the condition first. They were doing expansions, modifications and other construction work. It seems like everything was working out fine. Chen did find any problems after checking out the place. At the same time, Chen was treated like a hero when he arrived at those two places.

All the old folks and children were pleased and excited when they saw Chen. All of them showed their most genuine gratitude to Chen.

"These two scores of merit points seem pretty legit! I think the problem is coming from the primary school!"

After that, Chen and Xiaoyao went to their last destination. Chen already had the answer inside his head. The North Mountain Hope Primary School was located in the mountains. Chen's Bugatti Veyron was too low to drive into the mountain. Thus, he had to park his car at the entrance of the mountain and walk into the mountain with Xiaoyao.

The road to the primary school was pretty terrible. Tire marks from some big trucks could be seen on the road as well. It seems like some sort of construction work was being carried out around the mountain.

So, why has Chen not received any merit points?

"You look like you have a lot things in your mind? What are you thinking about? Xiaoyao asked curiously.

"I feel that something terrible is happening to the primary school!" Chen frowned and said. He was not planning to hide it from Xiaoyao. This would allow Xiaoyao to prepare for the worst.

"Nonsense! What can happen to the primary school?"

Xiaoyao pursed her lips and said, "You think too much! I assigned Secretary Wong to look over this project! He would have called me if there's something wrong going on with the project!"

"Let's speed up! We will know when you reach there!" Chen hastened his steps unconsciously. Chen and Xiaoyao were elites in the Qi refining stage. Thus, this tough mountain path was not a problem to them at all.

Ten minutes later, they finally arrived at their destination. Chen and Xiaoyao were shocked when they reached the entrance of the village. They saw a big and a small coffin at the entrance.

A middle-aged lady was crying while lying on the coffin. Her face was ashen and her body was shaking. It was pretty apparent that she was suffering from the pain of losing her child. It was her child in the small coffin.

There were other villagers around her. All of them looked really sad and down.

"Village head! What is going on here?" Xiaoyao ran to the middle-aged guy with white hair and asked.

Red Envelope Group of the Three Realms

Chapter 284: Dead People? Conspiracy!

"Ms. Murong! Why are you here?"

The head of the village asked, surprise. Everyone else had their attention shifted to Xiaoyao as well. Most of the villagers knew Xiaoyao, because she did follow up on the donation personally, last time.

"Ms. Murong! It's good to have you here...Please...I beg you...Please find the person who was responsible for my child's death!"

The middle-aged lady that stood beside the coffin earlier ran to Xiaoyao. Then, she knelt down in front of Xiaoyao.

"Aunt Lee, please get up first. What is going on here? I will definitely help you in this matter!" Xiaoyao gritted. A kid's death is something really serious. Xiaoyao had made up her mind that she will follow up with this unfortunate event until she finds the person who is responsible for the child's death.

Chen was frowning. He did not say a word, but he shared the exact same thoughts with Xiaoyao.

"I...My..." Aunt Lee was crying non-stop. She was at a complete loss of words.

"Let me say it!"

The head of the village sighed and said sadly, "The tiger in the jungle has eaten aunt Lee's child and Secretary Wong...We couldn't even find their bodies...All we found was their clothes..."

"What?!"

Xiaoyao was extremely shocked. Then, she quickly asked, "What the hell is going on here? Why is there a tiger in the North Mountain? I have never heard about it before!"

"There was no tiger last time."

The head of the village said confidently, "Recently, lots of people found footprints and poop from the tiger...I'm telling the truth here!"

"F*cking animal! I will go and kill it now! I will use its blood to bring justice to your kid and Secretary Wong!"

Xiaoyao is a girl with quick temper. She exploded on the spot instantly. In the end, she decided that she will avenge them with the tiger's blood!

"Hold on first!"

Chen pulled Xiaoyao to him and told her in a deep voice, "We need more information on this case. You shouldn't just rush into the jungle like that! What if the killer is not a tiger?"

"Bullshit!"

Xiaoyao said angrily, "If it's not the tiger, who else could it be? No one will have the heart to kill a kid! Only animals will do this kind of horrible stuff!"

"Hold on for a few minutes first. Let me ask a few questions. Then, I will go into the jungle with you!"
Chen frowned and said.

"What is wrong with you? Why are you defending a tiger? Is the tiger your brother? Let me go! I must kill that tiger today!" Xiaoyao swung away Chen's hands and ran into the jungle.

"Shit...Things are getting really complicated now!" Chen frowned. His face was filled with worry. The tiger in North Mountain is indeed related to Chen! It is his brother; Blood Roar! Chen was the one who had sent him to the North Mountain after the Colosseum was demolished.

Blood Roar is a wild tiger and he did consume humans before, but it will definitely not eat good humans, because of Chen. That was why Chen had defended Blood Roar just now.

"I have to get to the bottom as soon as possible! I hope that Flatboard Princess will not be able to find Blood Roar before I figure this shit out!"

Chen calmed himself down and asked, "Village head, can you tell me the whole incident in detail?"

The head of the village nodded and said, "The kid from Lee Family went into the jungle to play this afternoon. But, the kid did not return for a long time. Thus, Secretary Wong went into the forest to look for him. In the end, both of them did not return at all!"

"Hold on!"

Chen had the Scholar Heart. His way of thinking is faster than average people. Soon, he found something off from what the head of the village told him.

"Why did Aunt Lee, teacher or students not look for him? It seems a bit odd that Secretary Wong looked for him instead."

The head of the village was stunned. Then, he frowned and said, "This...I don't know about this..."

"Something is wrong!"

Then, Chen asked again, "Who is the one who told you guys that the kid and Secretary Wong were eaten by the tiger?"

"It was the boss of the construction team; Boss Qiu! He was the one that the charity foundation hired to rebuild Hope Primary School!" The head of the village said.

"Boss Qiu? Where is he right now?" Chen asked.

"I have no idea..."

The head of the village shook and said, "We were busy working on the funeral just now...We wouldn't even realize that all the construction workers are gone if you hadn't mention it to us!"

"Gone? It seems like the construction team was the one who planned this whole thing!"

Chen quickly consoled the villagers, "Everyone, you guys can go home now. Aunt Lee, you can stop crying as well. If I'm not mistaken, your kid and Secretary Wong are still alive!"

"Is...Is this real?!"

Everyone was shocked when they heard Chen's claim. Especially for Aunt Lee, it was as if she was seeing hope at the end of the tunnel.

Then, she said excitedly, "My brother! Is that real? I beg you! You must find my kid! Then, you will be my savior! You will be my God!"

"Aunt Lee, go home and rest first. I will try my best to look for your kid!" Chen said. Then, he walked into the jungle. There was no cellphone signal in the jungle. Thus, Chen couldn't call Xiaoyao.

"This girl! She's insane! She will definitely fall into the enemies' trap, the way she ran into the jungle just now! I have to locate her as soon as possible!"

After some thought, Chen took out the God's Eyes Talisman from his treasure chest. The talisman lit up when Chen closed his eyes and did some thinking. A flow of mysterious force went into Chen's body after the yellow flame finished burning. At first, there were some ancient symbols from the talisman that floated up in front of Chen. The next second, Chen's vision managed to cover the whole North Mountain!

He became a high functioning satellite when his God-like vision was combined with his super brain! First, he saw some guys with weapons hiding at some hidden corners to wait for their prey to show up! These were the guys that wore some fancy and weird clothing. They had colorful hair as well! Judging from their physical appearance, they should be some kind of gangster!

However, Chen still couldn't figure out their motives yet. After that, Chen finally located Xiaoyao! This girl was really serious about this matter. She had used her Qi to accelerate. Perhaps she found some lead, or she was just following her instincts. The direction that she was headed to right now was where Blood Roar was!

Blood Roar was sleeping right now. It will definitely become a piece of dead meat if Xiaoyao finds it!

"Shit! I have to go and rescue Blood Roar!"

Chen searched while running to Blood Roar.

"Why can't I find the Kid and Secretary Wong? They should be still in the mountain!"

Soon, the effect from the God's Eyes Talisman expired. Chen still couldn't locate them.

ROAR!!!

A deafening tiger's roar could be heard from the other side of the mountain!

The fight has begun!

[Red Envelope Group of the Three Realms](#)

Chapter 285: Someone Is Waiting Behind You!

POM!

Xiaoyao stabbed a hole into the stone wall with her tiny high heels. Then, she twisted her fair and long leg, and the stone wall started to fall apart. She was wearing a mini skirt and high heels today, but it did not affect her actions at all! Her five thousand combat power was standing by to kill Blood Roar!

"Such a mischievous big cat! Such loud roar, yet it ran faster than a rabbit!"

Xiaoyao turned around and she saw Blood Roar was standing behind her. She quickly locked on to Blood Roar with her beautiful big eyes.

"Roar! Where the hell did this crazy bitch come from? She is so powerful! I'm going to die if I don't run now!" Blood Roar rolled its eyes and started to run like no tomorrow!

"Stand right there!"

Xiaoyao shouted and started to go after Blood Roar. Her combat power was much stronger than Blood Roar. Within three rounds, Blood Roar would surely die! That is why Blood Roar wouldn't stop running. Fortunately, Blood Roar was pretty familiar with the landscape in North Mountain. Thus, it was quite hard for Xiaoyao to catch up to Blood Roar.

In the end, the whole thing became an endless goose chase.

"Damn it! Why are they not fighting?" The group of gangsters discussed in low voices.

The group of gangsters had been attracted by the roar of Blood Roar just now. They were hiding at some hidden spot, watching Xiaoyao go after Blood Roar.

"Letting both of them hurt each other was Boss Qiu's plan! We are supposed to sit here and get all the benefit! What are we supposed to do now, since both of them are not fighting against each other?!"

"Nobody would expect this girl to be so crazy! Can you believe that she is going after the tiger, not the way around?"

"Leader Xiang! What do you want us to do now?"

...

The group of gangsters shifted their attention to the guy with the most outlandish appearance. There was paint on his face, and he was wearing some kind of camo based clothing as well. He was very muscular. He looked just like those special force units in the movie.

Xiang Lengfeng squinted and said in an ice-cold tone, "It doesn't matter. This is my place! Xiaoyao can never run away from, me no matter how powerful she is!"

Then, he took out a long and thin metal pipe from his sleeve. He bent down and started to approach the battlefield slowly while using the trees and rocks around him as cover. He was like an evil wolf that was staring at its prey, waiting for the best opportunity to strike!

"Oh my God! This bitch is crazy! I'm going to die here today..."

Blood Roar's eyes were filled with fear. It accidentally ran into an open area. The landscape of the place was no longer in its advantage anymore.

"Stupid cat! Where are you going to run now?!"

Xiaoyao knew this was her best chance to kill the tiger. She gritted her teeth and started to charge at Blood Roar with all her strength.

Fushhh...

Xiang blew a tiny needle at Xiaoyao with his metal pipe, from his hidden corner.

"Eh?"

Xiaoyao frowned. She could feel a tiny sting on her *ss. The sensation was as if she had been stung by some kind of insect. It did not seem serious at all. However, the next second, Xiaoyao felt something off! She couldn't feel her *ss anymore! Then, it started to spread to her entire body. Soon, she stopped and fell on the ground.

"Eh? Why did that stupid bitch fall to the ground? God is helping me!" Blood Roar turned around and took a quick glance at Xiaoyao. Then, it ran into the woods.

"What the hell is going on? Did someone just ambush me?!"

Xiaoyao frowned and used her eyes that were filled with terror to look behind her.

"Haha! Leader Tang is awesome! Leader Tang is powerful!"

"This crazy bitch is more powerful than a tiger, but you defeated her with just one needle! Leader Tang is just too good!"

"The best of all!"

.....

The group of gangsters came out from where they were hiding at and surrounded Xiaoyao.

"You guys are despicable! Why are you guys celebrating when you got me by such underhanded methods? Shameless bastards!" Xiaoyao was furious.

She never expected someone to attack her from behind as she was chasing after a tiger. Now, she didn't have Blood Roar with her, and she fell right into the enemies' trap! The whole thing didn't look good for her.

"Ms. Murong, I suggest that you save your strength. We have planned this whole thing for a long time! No matter what, we will capture you today!" Xiang walked to Xiaoyao and smiled coldly.

"Xiang Lengfeng!"

Xiaoyao recognized the guy immediately. She scolded, "You are supposed to do your job as the leader of Black Tiger Gang in the north side of the city! Why did you attack me? Aren't you afraid of me asking someone to kill all of your members?!"

"Hehehe...oh, I'm so afraid right now!"

Xiang grinned and said condescendingly, "Your dad; Murong Tian is longer the king of the underworld! You are no longer a princess as well!"

"You are right. My dad is not here anymore! But, the people that he trained last time are still with me! Those uncles will definitely support me!"

Then, Xiaoyao continued to snarl, "I'm warning you right now! My uncle; Qiu Hairui is doing some construction work at Hope Primary School! You will not be able to walk out of this mountain alive if he brings his people to come here and slaughter you guys!"

"Qui Hairui? Hahaha...You are such a naïve princess! You don't even know what is going on here!"

Qiu laughed hysterically and pointed at the gangsters around him and said, "All these people are the followers of Qiu Hairui! How could you not know them? Also, did you just mention that I won't be able to walk out from this mountain alive? Hahaha! This is too damn funny!"

The gangsters around him burst into laughter as well.

"What? These are Uncle Qiu's followers?" Xiaoyao couldn't believe what she just heard.

"Bullshit!"

Xiang said condescendingly, "Think carefully! People who are under Murong Tian are not the kind of people that you want to mess with! Do you really think that they will listen and obey a little girl?"

"This is impossible! I don't believe you!"

Xiaoyao gritted, "I treated Uncle Qiu like my real uncle! Also, I purposely assigned him to be the person in charge of this construction of Hope Primary School! It's impossible that he will set a trap for me to fall in!"

"Hehe! This is no longer just naïve! You are just plain stupid!"

Xiang laughed evilly, "Qiu Hairui is not the only one that wants to set you up! There are a lot of people who used to be Murong Tian's followers who want to see you die! This is why your dad asked Chen Xiaobei to take of you, but not those uncles!"

"This..."

Xiaoyao was shocked. Finally, she came to a realization. Murong Tian used to dominate the whole Green Vine City. There were tonnes of influential people under him! In the end, she could trust no one but Chen Xiaobei who had befriended her not too long ago. During that time, Xiaoyao couldn't understand why her dad had asked Chen to take of her. Now, she finally understood her dad's well-considered decision.

There is no one that she can trust except for Chen. Placing her trust in Chen is her only way of staying alive!

"Xiaobei... *sshole Xiaobei...Save me..." Xiaoyao shouted.

Chapter 286: The Coming Of The Divine Armies

"*sshole Xiaobei...Help me..."

Xiaoyao was completely freaking out. She couldn't exert any strength at all.

"Hehe...Who are you calling? Chen Xiaobei?"

Xiang said condescendingly, "Just shout...Make it as loud as possible...Shout as long as you want...I'm waiting for Chen Xiaobei to fall into my trap!"

"You...What do you mean by that?" Xiaoyao was stunned. Then, she stopped shouting out for Chen.

"Let me tell you something that you don't know! This time, you are Qiu's target, and my target is Chen Xiaobei!"

Xiang said calmly, "First, Chen Xiaobei destroyed Master Dongfang's balls! Then, he asked the Fire Boss to claim several territories of Black Tiger Gang at the west and south side of the city! Boss Dongfang has put out a reward of eight million for those who can acquire Chen's head! I will make sure today will be his last day on earth if he dares to come here and rescue you!"

"Pssst!"

Murong said, "You bunch of trash are not worth becoming Chen's opponents! He can destroy all of you with only his fingers!"

Most of the people didn't know what Chen is capable of, but Xiaoyao knew Chen's true power better anyone here!

"Hehe...Let's make a bet here since you have so much confidence in this Chen Xiaobei!"

Xiang laughed evilly and said mockingly, "Let's say, I place a knife near your neck. Do you think Chen Xiaobei will choose to destroy us or choose to surrender to save you?"

"You...What a shameless bastard! How dare you use me to threaten Chen?" Xiaoyao was shocked. Her confidence towards Chen was greatly reduced. At the same time, she felt incredibly guilty as well. It was all because she had refused to listen to Chen's advice earlier. This was how she fell into the enemies' trap and became a hostage. She kept imagining all kind of bad things happening to Chen.

"No! Please don't come! *sshole Xiaobei! You must not come!"

Xiaoyao shook her head. She did not want anything bad to happen to Chen because of the impulsive decision that she made earlier.

"Someone is there!" Xiang shouted alertly.

Everyone quickly turned their heads around to see what was going on. They saw Chen walking towards them slowly. His movement speed was extremely slow, and his face looked really stern.

"*sshole Xiaobei! Don't come here! It's a setup...Run now...Just leave me..."

Xiaoyao screamed. Her beautiful eyes turned red immediately. She was actually a very kind girl even though she can be quite hot-tempered sometimes or even make impulsive decisions, from time to time.

She wanted to take responsibility for what she had done. She didn't want to drag Chen into her problems as well.

"Two of you, place a knife on her neck now!"

Xiang ordered and walked towards Chen. He laughed evilly, "Hahaha...Chen Xiaobei! I didn't expect you to have the balls to come here at all!"

Chen did not respond to him. All he did was stand at his spot quietly.

"Hehe..."

Xiang laughed coldly, "I thought that you are all mighty and powerful? What happened to you now? Don't even dare to fart? I know! You are afraid and worried that I might kill Murong Xiaoyao! Right? Kneel down in front of me right now!"

POM!

Chen bent his knees without any hesitation and knelt down in front of Xiang.

"DAMN! The legendary Chen Xiaobei is no more than a coward! This is getting boring! It's not challenging at all!"

Xiang shouted, "Pass me a knife! I want to chop off this eight million bounty personally! Hahaha..."

"No! Please don't do this...Chen Xiaobei! Get up now! Are you still a man?! I don't want you to save me! Just get up now!!!" Xiaoyao was shouting hysterically. Tears even started to roll down from her eyes.

"Stop shouting! It's all too late now!"

Xiang lifted the big knife to the air and swung it at Chen's head.

Phishhh...

Chen's head fell on the ground.

"Chen Xiaobei!!!"

Xiaoyao screamed hysterically. Her body started to shake uncontrollably as well.

"It's all my fault! I was arrogant! I did not listen to your advice! I was such a crazy bitch for making such an impulsive decision! My princess complex is getting more and more serious, day by day...It's my fault that you are dead now! I want to die with you!"

Xiaoyao moved her neck closer to the knife. She wanted to kill herself right now.

"Lady! Are you crazy?!"

Both of the gangsters who were supposed to guard her were shocked. Qiu wanted Xiaoyao to be alive. They would not dare to let her die now. They managed to remove their knives from her throat in the nick of time.

Right at that moment, two ice-cold hands clamped down on their necks!

Crack!

Crack!

Two bone cracking crispy sounds penetrated the air. Those two guys' necks were broken by brute force! They died instantly!

"Something it's not right! Why is there no blood on Chen's body?"

"His head is gone, but there's no blood coming out from his body at all!"

"This is just too bizarre..."

All the people had their attention on the headless body. Their hearts and souls were so shocked that they did not realize that the real Chen was standing among them!

"Idiots! I'm right here!"

An ice-cold voice came right behind Xiaoyao.

"Chen Xiaobei?! Why are you here?! Oh, my God...Ghost..."

All of them were spooked when they turned around and saw Chen. The ones with smaller guts almost peed their pants. Then, they turned around to check on Chen's body. The body was gone!

What the hell?!

This had to be some kind of supernatural incident!

"Xiaobei!"

Xiaoyao was so happy and excited when she saw Chen still alive and kicking! Chen was like some kind Divine Soldier who had descended right from heaven to rescue her! Two enemies were killed within a second. She felt as if she had just ascended from hell to heaven. There were no words to describe her feelings right now.

"Don't be afraid. I'm here now!"

Chen squatted down, patted Xiaoyao's head, and consoled her, "Are you alright? I was worried that something might go wrong while trying to rescue you. That is why I came up with this strategy."

"That...What's with that body?" Xiaoyao bit her lips and asked.

"That is one of the magical items that I own. You will not understand even if I tell you about it." Chen smiled mysteriously.

Most of us would have guessed it by now. That item was the Monkey Fur of Prosperity! Chen wanted to distract the enemies first before he proceeded on to rescue Xiaoyao.

"It's all my fault...I was arrogant and impulsive! I'm sorry that you have to use one of your precious magical items to rescue me..." Xiaoyao pursed her lips and said guiltily.

"Pumpkin...This is not your fault..."

Chen said gently, "It's your kindness that blinded you. It's your sense of justice that made you act impulsively. It would be wrong if you did not act on it after you heard about the deaths of the kid and Secretary Wong!"

"Is...Really?" Xiaoyao blinked and looked at Chen confusingly.

"Yes! I mean it! Seeking for justice is not wrong! Being cold-blooded is wrong!"

Chen smiled and said, "Don't overthink it! Acting based on her principles is the Flatboard Princess that I know!"

"Psst! I'm not flat! You are flat!" Xiaoyao pursed her lips and lowered her head and continued to say in a soft voice, "*sshole Xiaobei...You can be really sweet and nice..."

"Your *ss is good!"

Xiang shouted angrily, "We are still here! We are not dead yet! Don't you dare ignore us and start getting hanky panky in front of us!"

Chen stared at them coldly and said calmly, "There's no need to rush...You guys will be dead soon anyway..."

Chapter 287: You Don't Have To Thank Me. Call Me Lei Feng

"Do you really think that you can kill us? Hahaha...I'm a retired member of the Navy SEALs! People call me the King of Jungle! This is my territory!"

Xiang laughed arrogantly, "Have you ever heard of a phrase called, my house, my rules! Today! You will surely die here!"

"Idiot...What King of Jungle! Why don't you call yourself Tarzan Monkey?!"

Chen rolled his eyes and said condescendingly, "Cut the crap! Just fight! I want to see what you got!"

"F*ck! You mother*cker! How dare you mock me?!"

Xiang shouted angrily, "Brothers! Let's go! Murong Xiaoyao is useless now! Kill this *sshole, and our mission is accomplished! I will make sure that I give a big Red Envelope to each and every one of you!"

"Let's go! Kill him!"

The gangsters around Chen lifted up their weapons and charged at Chen.

"What? Are you guys trying to use your numbers against me?"

Chen raised his eyebrows and lifted up his right hand. Then, he snapped his fingers.

ROAR!!!

From behind, Blood Roar leapt over Chen's head and charged at those gangsters.

Phishhh...

Phishhh...

Blood Roar used his front paws to push the two front most gangsters! Then, it used its claws to pierce their chests. After that, Blood Roar used their bodies as stepping stones to charge forward. Blood and flesh from their chests was scattered all over the ground.

"Oh my God! Why did this tiger come back...This is too scary...Run...Quickly!"

The rest of the gangsters were scared shitless. They dropped their weapons and started to run.

Owwooooo!

The wailing of wolves could be heard from all directions. After that, ten plus ferocious wolves and Pitbulls surrounded all the gangsters. They were staring at the gangsters furiously. There were still traces of blood on their claws. Needless to say, the twenty plus gangster who were hiding in the jungle earlier had been eliminated by them.

"What...What the hell is going on? Why are the beasts surrounding us?"

"God...Boss Xiang...What do we do now?"

"Help us! Boss Xiang! You are the King of Jungle...Only you can save us now!"

...

They had no other options but place all their last hopes on Xiang.

"I can save no one! Just run!"

Xiang rolled his eyes, turned around, and started to run like a maniac. He used to be in special forces, but it was impossible to fight against dozens of wolves, Pitbulls, and a tiger!

"Xiang...Boss Xiang just took off!"

All those gangsters were petrified. They stood on the ground like a potato. None of them expected the awesome Xiang Lengfeng to just take off like a coward! He is not the King of Jungle! He's a complete joker!

POM!

Xiang was sent flying back to where he had taken off a moment ago. A brown fluff blocked him when he had tried to run away just now. It was the big grizzly bear from the Colosseum!

"Shit! There's one more brown bear!"

Xiang spat a mouthful of warm blood. The bear landed a mighty slap on the face when he had tried to escape from the place just now. His head should have fallen on the ground if his health was not high enough.

"Oh my God...What the hell is going on here?"

The rest of the gangsters' faces turned pale. Some of their pants were already wet.

"Brothers! Kill them now!"

Chen swung his hand casually. He was like a general giving commands to his soldiers. Such a powerful gesture!

ROAR!!

Woof!

Owwwoooo!

All the beasts charged at their enemies without a moment's hesitation. They were trained to kill and battle. Thus, their combat power was far stronger than regular animals.

It was a landslide victory. Those gangsters couldn't even fight back.

*Ah!!! Mercy!!! I don't want to die now! Don't kill us!!"

The sounds of screams of help, bones cracking, flesh tearing lasted for quite some time. They were all killed, one by one. Sadly, they did not even know what was going on before their deaths. Xiang managed to struggle for a short while. In the end, he was mauled to death by Blood Roar and the bear.

After that, Chen ordered the beasts to gather the bodies. Then, Chen used the Body Dissolving Poison to destroy all the bodies.

Xiaoyao saw everything that happened right before her eyes. She asked in shock, "Xiaobei, why do those beasts listen to what you tell them? And...What did you just use to destroy those pile of bodies?"

"All these beasts are my brothers! I just used some Body Dissolving Poison to destroy those bodies."

Chen shrugged, smiled, and said, "These are my secrets. You must not tell anyone else!"

Xiaoyao stunned for a while. Then, she asked shyly, "Why did you decide to tell me all these secrets? Do I have a special place in your heart?"

"Of course! Now, I know that you are willing to die with me. Thus, it's only reasonable for me to tell you my secrets!" Chen grinned evilly.

"Pssst..."

Xiaoyao rolled her eyes and pursed her lips, "Die with you?! This what I call brotherhood! My dad has taught me since young that I should do unto others what they do to me...Er..."

Xiaoyao started feeling uncomfortable.

"What's wrong with you?"

Chen frowned. Then, he grabbed Xiaoyao's hand and started to diagnose her by checking her pulse.

"I was hit by Xiang's poison needle...I can feel the pain in my chest now..." Xiaoyao said in a pained tone.

"Why didn't you tell me earlier? This cannot go on any longer! I must extract the poison out from your body as soon as possible! If not, your heart might stop working, and you will die!"

Chen continued to press on, "Where did the poison needle hit you? Tell me now! I will suck out the poison for you!"

"What?! Suck? It? Out?"

Xiaoyao had her eyes wide open. Then, her face turned super red. It was a forbidden area. No man has laid their hands on that area before! It was her pride; those fair, soft, and perky bumps!

Chen had just mentioned that he wanted to suck the poison out with his mouth! Xiaoyao's body was filled with goosebumps when she imagined the scene.

"Tell me now! Do you want to live?" Chen hastened.

"I will not let you suck that area, even if it means that I will die!" Xiaoyao fainted right after that, because the impact was too massive for her heart to withstand.

"Hello! Hello! Don't pass out on me! You will really die!" Chen said nervously.

Right at that moment, Blood Roar approached Chen and said with an evil face, "Bro Bei, it was her *ss! Hehe...You don't have to thank me. Just call me Lei Feng(1)!"

Gulp

Chen's face turned red immediately.

1. Lei Feng: Léi Fēng was a soldier in the People's Liberation Army and is a communist legend in China. After his death, Lei was characterized as a selfless and modest person devoted to the Communist Party, Mao Zedong, and the people of China.

Chapter 288: Chen's Plan

The poison that Xiaoyao had in her body was rather unusual. It will travel through all the blood veins in her body. The part that the poison passes through will turn numb. The blood that carries the poison will eventually pass through the heart. Thus, it will cause the heart to stop working.

Without wasting any time, Chen rolled Xiaoyao over. Other than her flat chest, the rest of her body parts were actually beyond perfect, especially her pair of long and elegant legs. Men will die for it!

"Flatboard Princess, I want you to know that I'm not trying to take advantage of you! This is the only way to save you." Chen gulped, and he lifted Xiaoyao's short skirt up.

A gorgeous, purple scene almost caused Chen to bleed from his nose! She was wearing a sexy, purple T back! Such a wild girl! Not even Lin has the guts to wear something this sexy!

Chen had his eyes and mouth wide open. It was as if he had made a new global discovery! The combination of the sexy T back and her perfect, perky buttcheeks would crush every men's heart in this world.

"Shit! I need to save her! This is not the right time to act like a perv!"

Chen calmed himself down and landed a kiss on Xiaoyao's ass. If someone passes by and sees this, Chen would definitely be beaten up for being a perv! But, saving one's life overrides all forms of consequences.

Chen managed to suck out few mouthfuls of poisoned blood. Then, the poison needle was finally sucked out of her body. Chen bit it into two and spat it on the ground.

"Fuhhh...Finally!"

Chen took out a bottle of Hundred Herbs Potion and fed it to Xiaoyao. He licked his lips and smiled evilly, "What kind of shampoo is she using? It smells so good! It smells like lemons...It tastes good as well...Hehehe..."

All men are one and the same, and Chen is no exception. He couldn't divert his gaze from Xiaoyao's perfect body. He was actually considering the idea of using Nine Dragons Acupuncture to enlarge her breasts. It will be perfection incarnate, when a piece of flat board turns into two mountains!

"Eh? How come she's not awake yet? Let me suck it again!"

Chen raised his eyebrows and lowered his body.

"Ah!!! What are you trying to do?"

Xiaoyao woke up all of a sudden. The first thing she was Chen's smooching lips approaching her delicate ass!

"Eh...Are you finally awake? How do you feel?" Chen scratched his nose tip.

"*sshole! Get the hell away from me!"

Xiaoyao's face was as red as a tomato. First, she screamed. Then, she pursed her lips and started to weep.

"You meanie...You are a super bad guy..."

Actually, Xiaoyao knew Chen was the one who saved her. But, she couldn't accept the means he took. Thus, it was really hard for her to process the thought.

"Errr...You should probably rest first...Let me have a talk with blood roar and other beasts."

Chen quickly ran away from Xiaoyao. It was not a good time to mess around with her. Those beasts were waiting to hear Chen's plan. The plan was rather simple. Chen would have them stay on this island. It will avoid all kind of possible conflicts with the villagers who stayed in the area. Other than that, they could also help Chen protect the island as well. But, there was one more important matter that needs to be done before Chen leaves this place.

"If I'm not mistaken. Those bastards that we killed just now kidnapped a kid and an adult. Does anybody here know anything about it?" Chen asked.

"I do!"

A wolf stood up on its hinds and said in a deep voice, "That day, I was hiding in a dark corner when I saw Qiu kidnapping a middle-aged man and a kid!"

"Yes! That must be Secretary Wong and the kid from Lee Family!"

Chen went on to ask, "Tell me more. What else do you know?"

"I heard Qiu said that he will keep the hostages at the Baole Club!"

The wolf continued to say, "Those two will be kept alive until both of you are killed! Then, they will push the blame to Blood Roar!"

"F*ck! A bunch of shameless mother*ckers! How dare they! They are going to kill a child! It's worse than an animal!"

Chen was so angry that his murderous aura started to fill the air.

"*sshole Xiaobei? What's wrong with you? What's with that face?"

Xiaoyao was sitting quite some distance from Chen, and she could feel the change of Qi from Chen. Then, Chen walked to Xiaoyao and told her everything that the wolf had just said to him.

"Qiu Hairui! That bastard!"

After that, Xiaoyao turned furious as well. She gritted, "He was my dear uncle! He misused my trust to commit such atrocious acts! I want to kill him! I want to kill him right now!"

"Calm down first! Have you forgotten the lesson you learned just now?" Chen hissed.

"I..."

Xiaoyao was shocked. Then, she took a deep breath to try her best to calm herself down. The valuable lesson that she had learned just now prevented her from making impulsive decisions again.

"Tell me your plan. I will listen to you this time." Xiaoyao said evenly.

"First, we need to make sure that the hostages are safe before we do anything."

Chen continued to say in a deep voice, "We'll save the hostages first. Then, we can do your revenge business!"

"You are right. No matter what, the kid and Secretary Wong must not get hurt! If not, I won't be able to forgive myself for the rest of my life! Qiu's hypocrisy blinded me! This whole started with me! I made the wrong choice." Xiaoyao was looking really serious. She completely agreed with what Chen just said.

"You don't have to blame yourself for that. There was no way for you to know that he was going to betray you!"

Chen consoled her and continued to say, "I will not allow you to kill Qiu immediately after we save the hostages as well!"

"Why?"

Xiaoyao frowned and snarled, "As long as this bastard lives, there will be more disasters! Many innocent people will die!"

"He will be dead, but we want to make his death worthwhile!"

Chen said seriously, "Those who were once under your dad's leadership are scattered now! I know that there is more than one person who wants to take your dad's power! Someone else will come up and

take Qiu's place after we kill him anyway! We need to address the root of the problem before anything bigger come to us!"

"This..."

Xiaoyao was stunned for a while and finally nodded, "You are right. How do you suggest we solve this problem?"

"I want to use Qiu to bait out all the rogue followers! Kill them all, and we will be able to permanently prevent all possible problems that might occur in the future!" Chen said coldly.

Xiaoyao nodded and said, "Okay! I will listen to you! Do whatever you need to do! Don't show them any mercy!"

Chapter 289: Gatecrashing Baole Club Alone

Like father, like daughter. Her aura and her decision-making methods were getting more and more similar to her father. It seems like a heroine is going to be born soon! After that, Xiaoyao followed Chen's plan and went back to the village to console the villagers. On the other hand, Chen got his hands on one of the big trucks from the construction. Then, he sent all those animals back to his secret base in secret.

Chen was planning to feed all these animals Heavenly Pet Food. It is going to be so awesome if all of them become One-Star Spirit Beasts!

Night has fallen. Chen put on his Nightstalker Outfit and went to where they kept the hostages. The combat power of the kid and Secretary Wong were almost non-existent. Thus, the security at Club Baole was kind of loosened. Chen managed to rescue both of them easily. At the same time, Jing Fei waited outside the club in the car. He will be the one sending the hostages back to the village. To not leave any traumatic experience in them, Chen put them to sleep and fed them both half a drop of Mengpo Soup. They will forget everything that has happened today. They can live happy lives now.

Ring!

Chen's cellphone rang. It was Fire Boss.

"Bro Bei, the preparations are complete!"

Fire Boss continued to say in a deep voice, "My people are here with me! Yap has also brought fifty to sixty bodyguards along with him! I think that it will be an easy job to completely take over the Black Tiger Gang at the north side of the city!"

"Okay. Finish everything up as fast as possible. Then, meet me after that."

Chen nodded and went on to say, "Oh, right! Tell me everything you know about Qui Hairui."

"Qiu Hairui used to be one of the most capable followers of Murong Tian. He is famous for his wittiness."

Fire Boss continued to say, "This guy is actually a legendary character. He is more successful than those people who resort to violence! Also, he has invested in most of the properties in Green Vine City. Other than that, he has a huge network in the world of good guys and bad guys. I have to say that this guy is at his prime right now! When news of Murong Tian leaving Jianghu spread, his wild ambition started to surfaced as well. Recently, he's been putting a lot of effort into recruiting capable personnel. He intends to start his own gang and replace Murong Tian in Green Vine City!"

Chen finally knew a thing or two about Qiu Hairui.

"Alright. Now, go ahead and take over the territories first. I will go and meet up with this Qiu Hairui!"
Chen grinned, hung up the call and walked into the club.

Qiu was entertaining one of the old followers of Murong Tian inside the VIP Diamond Room. There was a table full of alcohol on the table and a dozen sexy ladies keeping them company. It seemed like Qiu really wanted this person on his team.

"Come on brother! Let's drink more!"

A forty plus year-old plump man was finishing his shots, glass after glass.

"Haha! Boss Qiu, your tolerance towards alcohol is still going strong! I, Hu Meng shall drink as much as possible as well!"

The muscular guy started to lay his hands on the sexy ladies after he finished his shot.

"Actually, I wanted to offer you something new. This is why I called you out today!"

Qiu smiled and continued to say, "I have set a trap for Murong Xiaoyao. Within three days, Murong Xiaoyao will be in our hands! If you agree to fight alongside me, I can give you whatever Murong Tian is giving you right now!"

"What?"

Hu was stunned and shocked, "Such brilliant strategy, Boss Qiu! I did not even know that you were planning something this big! I'm impressed! I have decided that I will fight alongside you for the rest of my life!"

"Great! This is just great!"

Qiu said happily, "My gang will be more powerful with your contribution! Sooner or later, Green Vine City will become our world! Hahaha..."

Hu grinned, thought for a while and asked, "Boss Qiu, what are you planning to do with that Chen Xiaobei? Should I go ahead and kill him? That can be my gift to you."

"Hehe...That's not necessary."

Qiu looked like he had something greater planned out in his mind. He laughed and said, "My plan allows me to eliminate Murong Xiaoyao and Chen Xiaobei at the same time. I have nothing to worry, since Xiang Lengfeng from the Black Tiger Gang is my executioner!"

Hu beamed and started to compliment Qiu, "Boss Qiu, you are brilliant! You are always three steps ahead of our enemies! Your strategy can definitely kill two birds with one stone! Well played! Well played!"

"Brother, this is nothing. It's only Murong Xiaoyao and Chen Xiaobei. Eliminating them from the Jianghu is as easy as killing ants!" Qiu said arrogantly.

"That's right! They are just some small-time characters in the Jianghu. You going against them is like using a chainsaw to kill chickens!"

Hu said condescendingly, "Especially that Chen Xiaobei! Who the hell does he think he is? He is not worthy of being taken out by your plan!"

"Chen Xiaobei is actually not useless! He was the one who helped the Fire Boss climb up the ladder in Jianghu. Also, he managed to earn the respect of Murong Tian." Qiu said and smiled calmly.

Hu said in a dissatisfying tone, "Psst! He was lucky! He did the right things at the right time! Other than that, he is pretty useless to me! I can definitely kill him with one slap if he is here right now."

Qiu shook his head and pretended to be a good guy, saying, "I would try to recruit him to my team if he is here right now. I will let him live if he decides to work for me! Also, I will take this opportunity to nurture him as well!"

"Boss Qiu! You think too highly of that son of the bitch! He has zero experience with Jianghu matters! I don't think that he will amount to anything at all!"

"Who's that?!"

The door of the room slid open as they were talking. Then, Chen walked into the room with a smile on his face.

"You must be Boss Qiu, right? I have heard a lot about you! I wanted to pay some respect to you after knowing that you are here tonight. I hope that you don't mind." Chen said, while walking towards Qiu.

He moved a chair and sat right across Qiu. That chair was higher than the sofa. It made Qiu looked inferior to Chen.

"No manners!"

Hu slammed the table and said, "You are not worthy of sitting in front of Boss Qiu! Stand up right now!" Chen ignored Hu and looked at Qiu calmly.

"Bastard! Are you deaf?! I just ask you to stand up!" Hu continued to shout at Chen.

"Hu Meng, just hold on first."

Qiu waved his hand at Hu, smiled and said, "Mr. Chen, you are my guest tonight! I always love to entertain my guests! It would be nice if a guest can turn into a friend! Then, I will be delighted."

"Hehe...Boss Qiu, do you really see me as your friend?" Chen smiled and said.

Red Envelope Group of the Three Realms

Chapter 290: Witty? Retard!

"Of course, I want to become a friend of Mr. Chen!"

Qiu smiled and said, "Recently, Mr. Chen, you have caused quite a few waves in Green Vine City! Even people like me who don't live in the internet know the name; Bro Bei! It is my pleasure to make a friend like you!"

"I'm the kind of person that likes to go straight to the point. How do you want to make friends with me?" Chen asked.

"I like people who go straight to the point! I can say whatever I want to say right now!"

Qiu smiled and said, "These days, Green Vine City is filled with traps and different kinds of danger! Your gang is quite powerful and influential, but it still too young! It needs more experience to grow..."

"Hold on! I'm just a student! I'm not involved in any gang-related stuff!" Chen interrupted him.

"The Fire Boss is working for you right?" Qiu squinted his eyes and asked.

"Of course not! Fire Boss and I are only friends! All we ever do is drink some booze and chit-chat," Chen shrugged and said.

"Haha! Now, I'm even more impressed by you!"

Qiu smiled and continued to say, "Even drinking and chit-chatting has managed to promote a nobody to the big boss that owns half of Black Tiger Gang's territories! This is truly impressive! If you are not the boss of Fire Boss, you can be considered his mentor!"

"Am I really that good? I, myself do not even know about it!" Chen said calmly.

"What a hypocrite!" Hu rolled his eyes at Chen.

This is not the first time Hu has taunted Chen. However, Chen decided to continue to ignore him and treat him like invisible air.

"Mr. Chen, you are too humble! Anyway, I know the Fire Boss only listens to what you say. That is a fact! I hope that Mr. Chen can convince Fire Boss to join my gang!"

"Join your gang?"

Chen smiled and continued to say, "No...No...No...I'm just a student! I am not allowed to get myself involved in these gang-related stuffs. If not, the school will put me in hot soup!"

"Erm..." Qiu was stunned by Chen's reply. He was speechless.

"This Chen Xiaobei is really good at acting! It is pretty obvious that he is the boss of Fire Boss! However, he continues to act innocent and dumb! Do you really think that we will believe what you say?!" Qiu thought.

"Motherf*cker! Chen Xiaobei! Don't get over your head!"

Hu stood up and shouted, "Boss Qiu wants to recruit you to his gang, because he knows that you are a capable person! You better show some respect to Boss Qiu! If not, I will make sure that you leave this place with a crying face!"

Chen looked at Hu and said calmly, "Uncle, why do you keep on going against me ever since I stepped into this room? I know that you are envious of me! It's not my fault that I'm so much better looking than you!"

"Blarrghhh..."

Hu almost vomited blood.

"Me? Envious of you?! You must be f*cking kidding me! Do you believe that I will take a knife and chop you motherf*cker of a hypocrite into pieces?!"

"Are you sure?" Chen asked with a calm face.

"Hu Meng! Sit down!"

Qiu shouted. Then, he calmed himself down and consoled Chen, "Mr. Chen, I hope you don't mind him! He is the kind of person with a quick and hot temper!"

"Don't worry! I will not bring myself down to be on the same level with this donkey-minded muscular man!" Chen shrugged.

Hu was so angry that his eyes spat fire. He would have jumped up right now to kill Chen if Qiu hadn't stop him from doing it.

"I can understand that Mr. Chen doesn't want to be involved in these gang-related matters! After all, even I'm trying to clean my name right now!"

Qiu moved on and said, "But, it shouldn't be a problem for you to ask Fire Boss to submit to my authority, right?"

"The Fire Boss? I don't think he will join you either. After all, Fire Boss has an enormous appetite! I don't think that you are capable of filling up his appetite!" Chen smiled and said.

"Eh? Not capable?" Qiu's face turned black, and a flash of anger could be seen in his eyes.

"Chen Xiaobei! Stop your acting right now! If you can control him, why can't Boss Qiu control him? Are you saying that Boss Qiu is not as capable as you?"

Hu shouted again, "You better kneel down right now and beg Boss Qiu to keep you under his wing! If not, we will exterminate you and Fire Boss like insects!"

"Uncle...Does your mom know that you can be really arrogant?"

Chen stared at Hu coldly and said calmly, "You have been mocking me since I stepped into this room! Do I look like I'm desperate to go under Boss Qiu's wing? So, I should be grateful if I join you guys? You guys will kill me if I refuse to do so?"

"You are right!"

"I'm gonna tell you something! Boss Qiu has set a trap for you and Xiaoyao! Both of you will be killed off you refuse to come under Boss Qiu's wing!" Hu spilled everything out.

Qiu did not say a word after hearing Chen's response. In other words, he had just sanctified Hu's threat to Chen.

"Hehe..."

Chen was not shaken by their threats at all. He said calmly, "Honestly speaking, Boss Qiu's plan can't even hurt me!"

"Do you even know what you are saying? Boss Qiu is the smartest person in Green Vine City! No one can stay unharmed after going through Boss Qiu's plans! Stand right there and get ready to be struck by lightning if you remain fearless!"

"I'm not acting! I will show you guys some proof if you guys still refuse to believe in me!"

Then, Chen raised his eyebrows and landed a slap on Qiu's face without any warning.

PIAK!

Qiu's body went flying. A bloody red hand print started to surface on Qiu's face. His teeth fell out when he opened his mouth. He was screaming in agony.

Chen was still very calm. He turned around and looked at the stunned Hu Meng and said, "You see that? I'm not afraid of Qiu's trap at all! Nope, I do not want to go under his wing! He's not worthy!"

"This..."

Hu stood there, petrified. He never thought that Chen would be this arrogant! Qiu is the most powerful person in Green Vine City after Murong Tian left! Also, this club is Qiu's territory! Plus, Qiu had worked together with Xiang Lengfeng to set a trap to threaten Chen. Everything was in Qiu's favor.

However, Chen did not even care about all these disadvantages. One slap, and Qiu was defeated!

"Son of a bitch! Why did you tell me all that bullshit if you didn't want to come under my wing?!" Qiu covered his face and stood up with all his strength.

"Hehe...People told me you are a witty guy! But, to me, you are just a retarded fool!"

Chen grinned and went on to say, "I wanted to buy myself some time by talking some bullshit with you guys!"

A gang member rushed into the room all of a sudden, "Shit! Boss Qiu, trouble in our club!"
