Chapter 291: You Can Never Know The Thing That I Am Going To Do To You

"What the hell is going on?"

Qiu ignored Chen and asked.

"Down...Down there! Someone is destroying our place! There's an army of them out there! They did not even bother reasoning with us!" the gang member said nervously.

Qiu tried his best to stand up and said coldly while walking out of the room, "Hu Meng! Do not let Chen Xiaobei leave this place alive!"

"Yes! Don't you worry, Boss Qiu! I had been wanting to slap him, ever since he first set foot in this room!" Hu grinned and looked at Chen with a murderous stare.

"Such a coincidence! I cannot stand you any longer as well!"

Then, Chen took an empty bottle on the table and walked towards Hu.

POM!

Before Hu realized it, the bottle had already landed on his head. Blood started to gush out from the top of his head.

"Ouch...That f*cking hurt! Chen Xiaobei! You son of a bitch! I will f*cking kill you!" Hu pressed on the wound on his head and shouted.

Before he could finish his words, another kick had landed between his legs.

POM!

A muffled sound could be heard and Hu was tossed to the LED TV. The TV was not the only thing being smashed. Hu's manhood had been completely smashed as well. One more person has joined the eunuch team!

"This...How is this possible?"

Qiu was stunned when he reached the doorstep.

"Hu Meng is a guy at the latter phase of the physical stage! However, he was defeated within seconds by Chen Xiabei! This Chen Xiaobei is more powerful than I expected..." Qiu thought.

"Hey! Retarded fool! Don't just stand there! You mentioned earlier that you didn't want me to leave this room alive right? Hu Meng is gone now! Shall we have some practice as well?" Chen looked at Qiu mockingly and laughed.

"You...Don't come near me!" Qiu was shaking uncontrollably. He freaked out when he saw the blood flowing from Hu's crotch. There's no way for Qiu to fight Chen.

"Hehe...It seems that you are just another retarded weakling!"

Chen laughed coldly and said, "Today, I'm going to tell you something really important! Don't come and mess with me if you are not powerful enough! If not, you will end up like Xiang Lengfeng!"

"What?! What...what happened to Xiang?" Qiu's heart skipped a beat, and his face turned pale instantly.

"Xiang was eaten by a tiger!" Chen grinned.

"This...That is not possible..." Qiu was in deep shock. Sweats started to roll down from his forehead.

A smart person will know there is an insinuation in Chen's remark. Chen killed Xiang, but he would never admit it. Thus, he has pushed the blame to the tiger. This is exactly the same trap that Qiu had set for Xiaoyao and Chen.

This cold hard truth was trying to tell Qiu that Chen had defused his trap! He had nothing that he can use to threaten Chen.

"No...I don't believe you..."

Qiu knew what Chen was trying to tell him. But, he just cannot accept this ending. He took out his cellphone and called Xiang. But, Xiang's cell was turned off. Then, he called the gang members who were supposed to guard the hostages. Unfortunately, he couldn't reach them as well.

"Oh my god...What the hell is happening?"

Qiu shook, and his cellphone dropped on the floor. He felt as if the whole world had crumbled around him! After all, he was considered one of the smartest people in Jianghu. But, all his plans and strategies had been completely neutralized by Chen. He had believed that he could surely eliminate Chen with his well-planned strategy. In the end, Chen was actually three steps ahead of him. Qiu didn't even have the chance to fight back!

"Oh god! What kind of monster is he?" Qiu thought. He felt powerless when he realized that Chen had outsmarted him. Chen had completely crushed his pride. Qiu might just die of a heart attack after waves and waves of impacts. However, Chen's surprises for him did not stop here.

Boss Qiu! Let's go down now before they tear down the whole building!" The gang member said nervously.

"Chen Xiaobei! I will definitely make sure that you pay for what you have done!" Qiu frowned and ran down the stairs.

On the other hand, Chen did not plan to go after him. He walked down the stairs casually and slowly.

BAM!

POM!

BAM!

Everything that can be smashed in Club Baole had been completely destroyed.

"Ouch...Ouch..."

Those gang members that tried to retaliate were beaten up. Now, they were screaming in agony on the floor.

"What the hell happened here? Who the hell has the balls to mess around in my territory?!"

"Boss Qiu? Do you still remember me?" An arrogant voice could be heard. Yap Liangchen was sitting on the couch with a smile on his face.

"Yap...Master Yap!"

Qiu was extremely shocked. He ran to Yap and said politely, "It's my pleasure to have you in my club. May I know why has Master Yap taken the trouble to come to my small and simple club?"

Yap smiled calmly and pointed at all those smashed items and said, "Fire Boss and I are the ones who did the smashing!"

"What?"

Qiu was puzzled. He asked, "Why did you destroy my club? Why are you here with Fire Boss?"

POM!

Fire Boss smashed a big vase on the floor, walked towards Qiu happily and said, "Master Yap helped me take down the Black Tiger Gang at the north side of the city! We simply want to have more fun! That is why we've chosen to mess around in your club! Are you not happy with it?"

Qiu almost puked blood when he heard that. He could not believe that the Fire Boss had taken down another branch of Black Tiger Gang! Now, they came here to mess around with Qiu's club. Needless to say, this was definitely part of Chen's plan! But, how did Chen get Master Yap to be part of his plan? If that's the case, offending Chen was no different from offending Yap! Even Murong Tian would not dare to offend Yap Liangchen. Qiu felt more and more troubled when he thought about it.

"Boss Qiu! Fire Boss is asking you a question!"

Yap asked impatiently again, "Are you not happy that we destroyed your property?"

"No...I'm totally okay with it..." Qiu gulped and said.

"Hehe...It seems like this retarded fool is pretty generous!"

At the same time, Chen walked towards Qiu with an evil smile on his face.

"I like people who are generous! I will ask them to come here to destroy your property again, once you fix everything!"

"Bro Bei! Bro Bei!"

The Fire Boss and Yap walked towards Chen and stood beside him.

[Red Envelope Group of the Three Realms](#)

Chapter 292: The Coming Of A Chaotic Era

"This...What the hell is going on right now?"

Qiu was completely puzzled. It was not because Chen mentioned that he would come again and destroy everything. It was because Fire and Boss and Yap had just called Chen; Bro Bei at the same time!

Initially, he had thought that Yap was Chen's pillar of support. But, did Yap just address Chen as Bro Bei? This was a shocking realization for Qiu.

"Let's go! Everything can be destroyed, is destroyed!"

Chen grinned and said, "Retarded fool, I will stop for now! I shall come and revisit you when I need to let off some steam!"

Qiu shook, and he could feel something nasty coming upon him. Needless to say, Chen will do more than destroy his club during his next visit. Xiang and Black Tiger Gang are the best real-life examples for him! Qiu was distraught.

Light had just started to shed on his wild ambition after Murong Tian was gone. Now, Chen was going to destroy everything that he had built.

"He has no right! I will not yield to him!" Qiu thought.

"Alright! I will definitely welcome your next visit, since you asked me to expect your next visit! We shall play again when we meet next time!" Qiu barked.

"Hmph! Such an arrogant tone! Why? It seemed that one single slap was not enough for you! Do you want to take one more slap from me?!" Chen squinted and his tone turned cold all of a sudden.

"Chen Xiaobei! I'm not afraid of you, even if you are with Yap right now!"

"After all, that Yap guy is an outsider! I have connections from the white and black sides in Green Vine City! I will drag you to hell with me if you force my hand!" Qiu snarled.

"Damn! Someone is getting really arrogant!"

Chen grinned and ordered, "Yap, go and beat him up to the point that he has to look for his own teeth on the floor! I want to see how he is going to drag me to hell with him!"

"Alright!" Yap laughed coldly and landed a kick on Qiu's mouth.

Blarrghhh!

The kick managed to shatter most of Qiu's teeth. He left a trail of blood in the air as he sailed off. There were broken pieces of teeth in the blood that he spat out.

POM!

The granite floor cracked when he finally landed on the ground.

"Let me take a look inside your mouth. I want to make sure all your teeth is shattered! If not, I can't deliver the good news to Bro Bei!" Yap walked towards Qiu, squatted down and took a good look at Qiu's mouth.

POM!

POM!

Two more kicks landed on Qiu's face. This time, his chin was shattered as well!

"Alright, Yap! Relax! Don't kill him. I will make a move first!" Chen said, Then, he left the place with Yap and the Fire Boss. The gang members that came with the Fire Boss left as well.

"Chen Xiaobei...Just wait and see...Don't think that you are powerful enough to control the whole Green Vine City...You are not worthy of becoming the king of Green Vine City!" Qiu shouted after seeing Chen and the gang left his premises. He was literally spitting blood out while shouting. Everyone around him was freaking out after they witnessed the bloody scene.

"Boss, I don't think that we will win this war with Chen Xiaobei as our opponent...We should just take all the money and leave this place..." One of the gang members said fearfully.

"Motherf*cker! I'm not going to leave this place! I have fought for decades to get to where I am right now! I will go against him to the end of my life!"

Qiu continued to say furiously, "I have a plan! I think it's time to kick-start the plan! Bring me my cellphone! I want to contact the big boss of Black Tiger Gang; Dongfang Hong!"

....

At Dongfang Mansion.

"Yangwei, how do you feel?" Dongfang Hong asked in a deep voice.

"I don't feel well...My voice is getting softer and softer. Also, my mustache has stopped growing..." Dongfang Yangwei touched his chin unconsciously, and he felt like crying. He had been acting like a real eunuch ever since Chen destroyed his manhood. Actually, his life is now worse than a real eunuch. He has to squat down and pee now. If not, his pee will splash everywhere around him.

"Motherf*cker!"

Dongfang Hong was extremely upset when he saw his messed-up son. He shouted hysterically, "Chen Xiaobei! You motherf*cking asshole! How dare you cut off my bloodline?! You took away two of my biggest territories as well! I will f*cking kill you!"

"That's right! F*cking kill him! Skinning him alive will definitely calm my heart!" Dongfang Yangwei gritted. He did a diva-like gesture with his finger.

"Your hand! How many times have I told you not to act like a diva! I will be so ashamed of you if others see you doing this!" Dongfang Hong said angrily.

"It's that Chen Xiaobei's fault! His f*cking fault!"

Dongfang Yangwei's face turned red. He quickly stopped acting like a diva. Then, he asked, "Dad! When are you going to kill that Chen Xiaobei? You are really powerful! I don't think that you are afraid of him, right?"

"I do want to kill him myself!"

Dongfang Hong went on to say, "But, that Liu Quanfu told me that I'm being watched by some high-level figure! That is why I don't dare make any moves yet!"

"Dad! I suspect that Liu Quanfu conned you!"

Dongfang Yangwei continued to say, "Try to think. Our prostitution and drug businesses are going back on track slowly. Not a single person has come forward to stop us!"

"Right! It seems like that Liu Quanfu's claim is not reliable at all!"

Dongfang Hong narrowed his eyes and said coldly, "I should test this out! If Liu is really telling me lies, I will go and kill that Chen Xiaobei immediately!"

Ring!

Dongfang Hong's cell phone rang all of a sudden.

POM!

Dongfang Hong shattered the floor with his feet after hearing Qiu out.

*F*cking Chen Xiaobei! He just took over my territories on the north side of the city! I, Dongfang Hong will consume your flesh and drink your blood!" Dongfang Hong shouted.

That terrifying power managed to force the diva out of Dongfang Yangwei again.

"Oh my God...This is so scary..."

After that, Qiu told Dongfang Hong his plan.

He managed to calm himself down after hearing Qiu's plan.

"Okay! I agree with your plan! I'm willing to join your Obsidian Gang! I will gather all my friends to join your gang! We shall gather all of our resources to go against Chen Xiaobei!"

A new era has come after Dongfang Hong hung up the call. A chaotic era! A true king will be born in this era! The king that rules over Green Vine City!

.....

It was next morning. Chen slowly opened up his eyes. He was not in bed, but sitting on the cold hard floor. It was pretty obvious that he sacrificed his sleep to train himself. He had burned through Hundred Herbs Potion to keep his body rejuvenated. There was very limited Qi in the atmosphere. Thus, it is extremely hard to improve oneself after reaching Qi refining stage. Chen has to grab all the time he has to improve himself.

Also, he had to deal with a lot of things during the day. Today, Chen logged into his Weibo and monitored the comments of the Treasure of Kidney closely!

"My fan base is going to get bigger today! Hehehe..."

[Red Envelope Group of the Three Realms](#)

Chapter 293: Chat Group Members Are Asking For My Moonshine

[Damn! Damn! Damn! The Treasure of Kidney did wonders for my body! My waist did not get worn out, and my legs do not hurt anymore! I don't even sweat after seven rounds of battles on the bed!]

[My wife used to burn joss stick to time me when we have sex! After taking the Treasure of Kidney, my wife uses a candle to time me now!]

[My Bro Bei is super reliable! More reliable than all those TV commercials!]

[Products from Bro Bei are really high in quality!]

[I want it too...I want it too...]

Just as Chen expected, the Treasure of Kidney received all kinds of good reviews when it hit the market. All three hundred thousand Chen's fans were sharing it with their friends and families. Plus, Chen's advertisement was really creative and profound. It went viral instantly. The number of his fans was increasing at an incredible speed. Soon, it will reach three hundred and thirty thousand fans. On the other hand, Zhang was thrilled as well.

The order of one hundred thousand bottles of Treasure of Kidney had sold out completely. Now, he has received another order of one hundred thousand bottles of Treasure of Kidney! The size of the factory limited the production line. The order will be multiplied by folds if the factory is bigger in size.

Zhang proposed expanding the factory. His goal was to make it possible for the Treasure of Kidney to be sold throughout the whole country! Asia! The whole world! However, Chen rejected Zhang's proposal. After all, there was only one dragon dick. Unless Chen manages to get more dragon dick from NeZha, things won't change.

Also, Chen was worried that the King of Dragon might come to earth to look for him, if he can't win the fight against NeZha. By that time, earth might experience another great flood. It was a terrifying thought. Thus, Chen did not accept Zhang's proposal. Besides that, the profit from selling the Treasure of kidney was already lucrative enough. After deducting the cost of electricity, water, workers' wages, packaging and other miscellaneous costs, Chen would receive approximately ten million per month. The total annual profit would be one hundred and twenty million!

Chen was extremely excited after doing some simple calculations. All of a sudden, Chen's cell phone vibrated.

Ding!

[You have received a message from Bull Demon King!]

"Eh? Why did this guy look for me out of the blue? I was planning to look for him, actually!" Chen raised his eyebrows and opened up the message.

Bull Demon King: God Chen, are you there? (Grinning)

Chen: I'm here. What's up?

Bull Demon King: Yesterday, I went to Mount Huaguo to have a drink with my brother; Monkey King. He served me the Hundred Fruits Dragon Dick Moonshine that you brewed!

Chen: I see. How was the taste?

Bull Demon King: Freaking awesome! That taste! I have no words to describe it! One word; Super Duper Magnificent! (Thumbs up)

Chen: Bro, was your physical education teacher also your Mathematics teacher?

Bull Demon King: What is Mathematics? (Stunned)

Chen: Er...Nothing...Continue with what you want to say.

Bull Demon King: Not only does it taste good, it is beyond effective as well! I went to look for Silver Fox after that, and she achieved multiple orgasms with me on the bed! My Princess Iron Fan was really happy with my performance as well! (Evil smile)

Chen: *Cough* Bro, can you get straight to the point?

Bull Demon King: I wanted to say your moonshine had helped me gain back my long-lost confidence and dignity! So, I would like to ask for more Hundred Fruits Dragon Dick Moonshine from you? (Begging emoji)

Chen: *Cough!* There's no free lunch in this world! Get something to trade with me if you want more of my moonshine!

Bull Demon King: God Chen, what do you need? I'm actually pretty poor... (Pity emoji)

Chen: I don't need anything expensive. All I want is Heavenly Pet Food! I believe that what I ask for is within reason!

Bull Demon King! Of course! My Red Boy used to keep Spirit Beasts. Thus, I still have a lot of leftover Heavenly Pet Food with me. I can use one hundred packets of Heavenly Pet Food to exchange for a bucket full of your moonshine. What do you think?

Chen: Deal! Let me go and get the moonshine now.

Bull Demon King: Thank you so much! (Salivating)

Ding!

[Congratulations! You have managed to snatch a Red Envelope from the Bull Demon King! You have received a hundred packets of Heavenly Pet Food! It has been stored in your treasure chest!]

Chen smiled and departed to his island immediately. Two more deities looked for Chen right after he sent the moonshine to Bull Demon King. This was totally out of Chen's expectation. These two deities were Shennong and Yanwang! Both of them were well-known food hunters! They are always on the journey of looking for yummy food!

A little flashback here, both them were the very first deities that had a taste of spicy sticks. After some simple conversation with them, Chen found out that both of them wanted his moonshine.

"Hehe! My brother; Money King is helping advertise my moonshine! It's good to have a brother like that!"

First, Chen used a bucket full of his moonshine to exchange for one thousand bottles of Hundred Herbs Potion. His stash of Hundred Herbs Potion had almost been used up after giving a huge portion of it to Xiangyu. With his stash full of Hundred Herbs Potion again, Chen can use it whenever and wherever he wants to.

"Next, I need to deal with this Yangwang! This time, I want to make a big deal with him!" Chen thought.

Then, he rubbed his hands and opened the conversation box with Yanwang.

Chen: I'm so sorry to keep you waiting. I was dealing with some other business just now.

Yanwang: No problem at all! No problem at all! I'll be pleased as long as God Chen can spare me some of your moonshine! I was dreaming of having a taste of your moonshine after Monkey King introduced it to me! (Salivating)

Chen: Okay! Straight to the point! I love it! Let me tell you what I want now! I want a thousand Unholy Spirit Pills! A five-stars skill that is purposely designed for spirits! Lastly, I want you to upgrade my Netherspirit Battlescouter!

Yanwang: God Chen! You are so greedy!

Chen: Don't freak out first. In return, I will give you three buckets full of my homemade moonshine!

Yanwang: Sounds about right! I can get you one thousand Unholy Spirit Pills and the five-stars spirit skill that you want easily. But, it is really troublesome upgrading your Netherspirit Battlescouter.

Chen: I will drop one more bucket of moonshine for you!

Yanwang: Alright...What kind of function are you looking for?

Chen: I want my Netherspirit Battlescouter to not be affected by Pure Yang items!

Yanwang: Can't be done! This function costs more than one bucket of your moonshine! After all, the Netherspirit Battlescouter is a Pure Ying item! It requires a lot to modify its attribute!

Chen: Can't be done? Fine! I don't want your other items as well! The deal is off now! (Shrugged) I will ask my Sifu to do it for me! It should be an easy job for him!

Yanwang: This...God Chen! Let's talk about it!

Yanwang: God Chen! Are you still there?

Yanwang: Deal! Deal! Deal! I will help you to upgrade your Netherspirit Battlescouter!

Yanwang: God Chen! Come back please! I'm going to cry if I don't get to taste the moonshine! I will add in one more function for you, other than the functions that you are asking for!

Chen: Deal! (Evil smile)

Chapter 294: I'm A Doctor With A Traditional Approach

Ding!

[Congratulations! You have snatched a Red Envelope from Yanwang! You have received one thousand pieces of Unholy Spirit Pills! It has been stored in your treasure chest!]

Ding!

[Congratulations! You have snatched a Red Envelope from Yanwang! You have received a Modified Version of the Netherspirit Battlescouter! It has been stored in your treasure chest!]

Ding!

[Congratulation! You have snatched a Red Envelope from Yanwang! You have received the manual of Ennead Unholy Spirit Claw! It has been stored in your treasure chest!]

Without any delay, Yanwang sent the Red Envelopes to Chen as soon as possible.

"Hehe! This is going to be really exciting!"

Chen grinned, but he did not rush to check out the fresh batch of Red Envelopes. On the contrary, he took out the gourd that he had received from the Monkey King to fill the gigantic urn with monkey moonshine.

After that, Chen fed the Heavenly Pet Food to the animals.

"Damn! Bro Bei! This thing is so yummy! I have never tasted something this yummy before!"

"I've always dreamed of eating meat in the jungle! Now that I have tasted this thing, I don't want to eat meat anymore!"

"Other than its phenomenal taste, I can feel a flow of energy entering my body!"

.....

All the animals were lost in the tastiness of Heavenly Pet Food. They just couldn't get enough of it! Chen told them a little about Heavenly Pet Food before heading to the other side of the island.

He took out a thousand pieces of Unholy Spirit Pills from his treasure chest and placed two hundred of it in each direction of Hundred Ghost Formation. Soon, all the evil spirits will become more powerful. The destructive power of Hundred Ghost Formation would be more powerful as well! Even enemies as powerful as Yap will be killed instantly by it.

After that, Chen sat on the ground and checked the other two items that he received.

Ding!

[Ennead Unholy Spirit Claw; A Five-Stars Martial Art Skill that is purposely designed for spirits! Spirit Force is required to learn this skill. Also, it will turn a spirit into a tangible entity. (Only limited to the claw part). Qi is required to use this skill, and it can cause massive destruction! Do you want to withdraw it?]

"Good stuff!"

Chen grinned and withdrew the manual from his treasure chest. Then, he put it into the Spirit Cage.

"Wenyuan, this is a martial arts skill that is purposely designed for spirits. Take some time out and master it! You will be the teacher of those one hundred evil spirits when you master this skill." Chen smiled and said.

"Alright! Don't you worry, master! I will put in all my effort to master this skill! I must improve myself as soon as possible!" Wenyuan put on a sweet smile and said obediently.

Ding!

[Upgraded Version of Netherspirit Battlescouter; personally modified by Yanwang. Other than its original function. It also allows you to look through anything that is blocked by Pure Yang Items! Other than that, the function of the Ultimate Spirit Protection has been added into it as well! Do you want to withdraw it?]

"Of course! Without a doubt! What is the Ultimate Protective Puppet?"

Chen couldn't wait to combine the upgraded Netherspirit Battlescouter with his current one. The new function was shown once it was combined successfully. A small blue spirit appeared. It was the size of a palm. It looked like Chen, but had no face.

Ding!

[Ultimate Protective Puppet; It can nullify any kinds of life-threatening attacks for its master. (Except for Yang attribute attack!). You are only allowed to use it once a day!]

"Damn! This function is awesome! In other words, I receive one more extra life during life-threatening situations!" Chen got really excited. He really loved this new function.

Ring!

Chen's cell phone rang. It was Lan Mengchen.

Chen answered the call excitedly and asked, "Goddess! Why are you calling me at this hour? Starting to miss me, right?"

"This guy...Can you be serious for once? Girls will think you are unreliable if you keep talking like this!" Lan pouted.

"How am I going to take over the world if I do not know how to sweet talk? One must know how to do sweet talk to be successful!" Chen laughed evilly.

"I don't know what to say anymore..."

Lan rubbed on his forehead and said, "I'm going to the hospital now. Wu Junfan's father was admitted to the hospital. Do you want to come with me?"

"Go! I have to go! I must go!"

Chen turned serious, "Wu Junfan is my friend! Also, his father supported me at my charity dinner as well! It is only right that I go with you to visit him."

"Such a good friend you are. We shall meet at the hospital." Lan said.

"No! Where are you? Let me come and pick you up!"

Chen blurted out, "I will not allow you to be alone with Wu Junfan! I know that guy has not given up on you yet! I will not let him take you away from me!"

"Stop your bullshit! I did not agree to become your girlfriend!"

Lan continued to say seriously, "Remember! We can only become normal friends! This is for your own good! It's for the sake of my family's safety as well!"

"I know. You have things to worry about."

Then, Chen said with determination, "It's my fault that I'm not powerful enough yet! You do not have to suppress your true feelings if I can crush the force that is threatening your family!"

"Xiaobei..."

Lan paused and said softly, "I'm looking forward to the day when you become powerful enough to help my family! Before that, we cannot do anything beyond the boundary! If not, we will have to face some severe consequences!"

"I know. See you soon!"

Chen sighed, and his thirst for more power only grew stronger.

.....

Chen and Lan brought a fruit basket and some supplements to the hospital. Wu was sad and heartbroken when he saw Chen and Lan coming together. However, Wu was not in the mood to argue with Chen because the condition of his father; Wu Zhebang did not look too good. His face was pale, and his lips had turned purple. Also, he coughed blood from time to time.

After some simple talk, Chen found out that Wu Zhebang had been admitted to this hospital for five days. He has not been getting better. His family members were like ants on a hotpot. The family business had to be put on hold for now. In other words, they were losing money every single day.

"Uncle Wu, can I treat you if you don't mind?" Chen observed him and asked.

"You?"

Wu Zhebang was shocked for a while. Then, he smiled and said, "Xiaobei, don't joke around with me! I have looked for a lot of doctors and specialists to treat me. But, none of them know how to cure me, so far."

"Xiaobei, Uncle Wu is not being taken care by the best specialist. You shouldn't make things complicated." Lan pouted.

It was pretty obvious that both of them had not seen how skilled Chen was as a physician. That was why they did not believe that Chen could cure Uncle Wu.

However, Wu stood up and said, "Dad, maybe we should let Chen try it out? I have seen him use acupuncture to cure a lady with extreme chest pain! That lady was on the edge of dying, but Chen managed to cure her after poking few needles in her!"

"This...Is this real?"

Lan's eyebrows moved and said shockingly, "Xiaobei! How deep can you go? Even I did not know you know medicinal skill!"

"Xiaobei. I'm sorry for being dubious just now. Feel free to try it out." Wu Zhebang's attitude changed completely. He took out his medical report from the drawer beside his bed and handed it to Chen.

Chen shook his head calmly and said, "I'm a doctor that believes in the traditional approach. I do not need that."

[Red Envelope Group of the Three Realms](#)

Chapter 295: Waiting To Be Face Slapped

"Doctor with a traditional approach?"

Wu Zhebang was shocked. He extended his hands and said, "You will need to touch my wrist to check my pulse, right? Left hand or right hand?"

Chen smiled calmly and said, "I don't need to do that. I kind of know the cause of your sickness already."

No pulse-reading necessary? All of three of them were stunned after hearing Chen's claim. His claim was really over the top.

"Traditional approach is all about observing, smelling, asking, and touching. For most illnesses, all I need to is to observe, and I will know the root cause of the sickness." Chen explained.

"How is that even possible? How can you know the root cause of the sickness without checking the heart rate of the patient?"

"This sounds so magical! It almost sounds like you are some kind of conman!"

"Xiaobei! Are you trying to tell a joke?"

All three of them frowned and looked at Chen with doubts written on their faces.

"Hehe...Having some trust issues with me?"

Chen shrugged and said, "Uncle Wu, I can see that your lips have turned into a deep purple and your throat is slightly bruised as well. Your asthma caused all these. Looking at your Qi, I can know that your cough is worsening, there is inflammation in your throat, and you get a fever from time to time as well. Am I right?"

"This..."

Wu Zhebang and Wu Junfan were stunned for a while and started to nod their heads like rocking chairs.

"Right! Right! Right! Xiaobei! All correct! These are my exact symptoms! I did not expect you to be capable of determining the symptoms!" Wu Zhebang said shockingly.

They had not said a word about Wu Zhebang's sickness at all. Chen did not even take a look at the medical report. But, he still could determine the exact symptoms! This level of medicinal skill is definitely more than unique in Green Vine City. It is impossible to find a second person who can do what Chen just did!

"I did not know that your medicinal skill is that high! You are a God of Healing!" Wu Junfan cried out in surprise.

Lan opened her eyes wide and asked, "Why isn't Uncle Wu getting any better after staying in this hospital for so many days?"

"Yeap! My dad's cough is getting worse every single day. I don't see him improving, even after receiving multiple injections." Wu Junfan said.

"Injections can only slow down the symptoms. It will not cure the root cause of this sickness. Also, the virus will gain more and more immunity towards the medicine that your dad receives every day. Thus, the effect of the medicine will only get weaker and weaker."

"What should we do? Xiaobei! Please help me! I will lose more money if I continue to lay on this bed! I can't afford to stay in this hospital any longer!" Wu Zhebang said nervously.

"Try my acupuncture! You will be healed after taking in some of my needles." Chen said with a smile on his face.

"Okay...Okay...Okay...Just do it. I will trust you on whatever you think best for me!" Wu Zhebang kept on nodding his head after hearing that Chen could cure him with only one single treatment. He couldn't wait for Chen to start the treatment.

"Boss Wu, how do you feel today? Feeling better?" An eagerly attentive voice could be heard from the entrance of the room.

"Doctor Wong is here?"

Wu Zhebang said excitedly, "It's still same old same old. But, I managed to ask a prodigy to heal me today! I think I should be completely recovered by today!"

"Heal by today? Is this some kind of joke? Who is that prodigy?" Dr. Wong looked around the room in surprise. Other than Wu Zhebang, there were three youngsters in the room. He did not see anyone that looked like a prodigy here.

Dr Wong frowned. However, his lustful pair of eyes locked onto Lan. She wore a simple yellow long dress today. Still, her extremely voluptuous body filled the dress nicely. Her hair flowed down her like a calm river. She did not put any makeup on her today, but she still looked fantastic. Any men would have taken a second look at her. But, there are different kinds of staring. Staring at someone admirably is totally normal and acceptable.

This Dr. Wong was staring at Lan's chest lustfully. It made him look as if he might lose control anytime soon and charge at Lan to squeeze her boobies! A real man will definitely not tolerate this kind of behavior. Wu Junfan started to get really angry. Just as he wanted to say something it, he felt a hand on his shoulder.

Chen stood up and said coldly, "You! Quack! Where are you looking at? Isn't it enough for you to spend most your time watching Japanese porn at home every day?"

Wu Junfan was not happy that Chen had taken away the opportunity to protect Lan from him again.

"Bastard! Who did you call a quack here? Are you saying that I watch porn at home everyday? Stop your bullshit! Don't accuse someone without any evidence!" Dr. Wong retorted.

"Uncle Wu has spent a long time in this hospital. Why is he not getting any better? What are you if you are not a quack?"

Chen grinned and continued to say mockingly, "Look at your face in the mirror, please! You look like you are suffering from jerking too much in front of the computer!"

"I...I..."

Dr. Wong almost fainted due to extreme anger. He shouted, "Get the hell out right now! Do not disturb me! I'm trying to check on Boss Wu!"

"Excuse me! I'm the prodigy that is going to cure Uncle Wu! You are the one that should get lost!" Chen said calmly.

"You are the prodigy? Do you really think I'm that stupid?"

Dr. Wong shouted condescendingly, "This is the best hospital in Green Vine City! It's not some kind of wet market! How dare you come here and act as a charlatan! I, Wong Shihao will not tolerate this!"

"Hehe...Why is Uncle Wu not getting any better since you claimed that this is the best hospital in Green Vine City?" Chen asked.

"You know nothing! Boss Wu's sickness is not the kind of sickness that can be cured in a short period of time!" Dr. Wong shouted angrily.

"A quack is a quack! Such a shallow mindset!"

Chen grinned and smiled evilly, "I dare you to slap yourself ten times if I can cure Uncle Wu right now! Then, you need to call yourself a quack ten times as well!"

"*Cough...* Stop arguing. It's not necessary to argue over this matter... *Cough...*"

Wu Zhebang was trying to be the peacemaker here, but his cough suddenly got worse. He sounded as if he was going to cough his heart out. It was pretty terrifying. After looking at Wu Zhebang's condition, Dr. Wong strongly believed that Chen would not be able to heal him on the spot.

"Okay! I will take the bet!"

Dr Wong continued to say viciously, "I'll slap you thirty times if you can't cure Boss Wu!"

"Hehe...You want to slap me? Maybe in your next life!" Chen shrugged and took the medicinal use silver needles that he always carried with him.

"Acupuncture? Hahaha...Are you trying to put on a show to make me laugh? What kind of era is this? Nobody uses acupuncture to heal the sick anymore! What an idiot!" Dr. Wong laughed arrogantly.

Wu Zhebang and Wu Junfan were not happy when he said that Chen is an idiot. In other words, he was saying that they are more stupid than Chen. Initially, Wu Zhebang was going to tell them not to argue anymore, but he remained silent now. He wanted to see Dr. Wong getting slapped in the face.

"Xiaobei! You can do this! I believe in you!" Lan formed a punch and made a supportive gesture. It was definitely a beautiful scene to look at.

Chapter 296: You Are Going To Be Blinded By my Awesomeness!

"Quack! Open up your eyes wide and see who's the joker here!" Chen tuned into his ultra-focus mode when he took out the needles. Then, he raised his hands up and started to poke the needle into Wu Zhebang body with precise strength. There was a total of nine needles on Wu's throat. The area around the needles turned dark red.

"Oh my God! This...What is happening right now?"

Lan and Wu Junfan were extremely shocked when they saw the changes on Wu Zhebang's body. On the other hand, Dr Wong was in awe. He had never seen something like this throughout his journey of treating others.

"Nine Dragons Acupuncture is the epitome of Chinese medicinal skill! Now, I'm applying the third skill; Nine Dragons Discover Sea!" Chen explained while moving the end of the needles. Qi was flowing at the tips of Chen's fingers. The needles would serve as a medium to transfer all that Qi to the acupoints and veins. Thus, the dark red color. A few minutes later, all the clogged blood was gone!

"Okay! Uncle Wu! From this moment onwards, you can say goodbye to your sickness!" Chen lifted up all the needles slowly and said.

"I feel so good right now! This is a miracle!"

Wu Zhebang said shockingly, "A moment ago, I felt like I was going to cough my lungs out! Now, I don't even have the urge to cough anymore! Xiaobei! You are truly a prodigy! Is my sickness truly over?"

"That's right. As long as you take good care of yourself, I can promise you that this sickness will not come around and knock on your door anymore!" Chen nodded and said with utmost confidence.

"This is great! This is just too great!" Wu Junfan and Wu Zhebang were extremely happy and excited.

"Xiaobei! You are awesome! There will always be good surprises when you are around!" The corners of Lan's lips lifted up, and it was the beautiful smile that one has ever seen.

Chen was genuinely pleased with Lan's compliment as well. He even threw a few flirtatious stares at Lan.

"How...How is this even possible? Am I dreaming...?"

Someone is bound to be sad when someone is happy. Dr. Wong was still in a shocked state. He could not believe the miracle that Chen had just performed in front of him. Wu Zhebang had taken all sorts of medicine to take down the sickness, but none of it had worked. Also, he had consulted all kinds of renowned specialists as well. It did not get any better either.

Nobody would have thought that Chen would cure Wu Zhebang with just a few needles in his hands. This defied everything that Dr. Wong had learned in his life. All he wanted to do right now is stay quiet and hide in some random corner.

"Quack! Do you still think I'm the quack here?"

Chen laughed coldly and said, "Remember! I'm a doctor that likes the traditional approach! Bask in the awesomeness of my skill set!"

"Right...You are right...I'm impressed, and I surrender. I'm gonna leave this room first." Dr. Wong was utterly speechless. He just wanted to run off with his embarrassment.

"Hold on!"

Chen said in disdain, "Don't forget what you promised earlier! Are you trying to skip it somehow?"

"You..."

Dr. Wong was stunned. Well, of course, he wanted to skip the promise that he had made earlier. However, there were witnesses. There's no way for him not to honor his commitment. He will get himself into more embarrassment if things go sideways.

"Alright. I will slap myself!"

Dr. Wong gritted his teeth, and he started to lift his hand to slap himself.

PIAK!

PIAK!

PIAK!

Dr Wong will call himself a quack for every slap that he landed on himself. In the end, he had slapped himself for a total ten times. Not more not less. Everyone in the room did not do anything but smile, because this is what he deserved.

"I have finished slapping myself..." Dr. Wong was so embarrassed, but there was nothing that he could do.

"Get the hell out from here if you're done! Do you want another round of face-slapping?" Chen said condescendingly.

Dr. Wong ran out the room as fast as he can.

"Xiaobei! Thank you so much! I must pay you back for what you have done for me!" Wu Zhebang got up from his bed, held Chen's hands and said.

"That's right! Xiaobei, you have done our family a great favor! We must repay you!" Wu Junfan said happily. He too, couldn't thank Chen enough.

"You guys don't have to repay me. It was just a simple act of kindness!" Chen shrugged and said calmly.

"No can do! This sickness had tortured me for a long time! Also, this sickness has forced to stop my work! If it wasn't for you, I don't think that I would have been able to recover from this sickness! I have to repay you! If not, I won't feel good about it!"

"Then, I shall accept it gladly since you insist," Chen nodded. After all, Wu Zhebang was a filthy rich man.

"Okay!"

Wu Zhebang said generously, "I know that your First Love Peach is going to be sold in the market soon. Thus, I'm giving you ten shop lots to sell your peaches! Tomorrow, my lawyer will meet you to go through all the paper works and legal procedures. All you need to do is sign it!"

Damn!

Damn son!

Ten shop lots as repayment!!

Is this how rich people show their gratitude towards others?

Chen was extremely shocked. He thought, "City folk are really different!"

Before Chen said anything, Wu Junfan put his hands on Chen's shoulder and said, "You are not allowed to say no to this repayment! If not, our friendship will be broken!"

"Alright. I will take it." Chen nodded. Plus, ten shop lots was really nothing to the Wu Family. Things will turn awkward if Chen insists on declining.

"But, you'll have to send some peaches to us when your peaches start to sell in the market!" Wu Junfan said excitedly.

"I want it as well! You are so done for if you forget to deliver it to me!" Lan loved it as well. She threw her lady-poise aside when she heard about the peach.

"Don't worry! All the other people are only allowed to purchase a limited number of peaches. But, you guys are my friends. Thus, all of you here can enjoy an endless supply of peaches!" Chen said with a smile on his face.

After that, Wu signed the paperwork to be released from the hospital. And, they parted their ways. Then, Chen sent Lan back to the school. Lan still had unfinished business with the student council. After that, Chen went ahead to look for Lin to do some sexy stuff.

Chen parked his car and rushed to Lin's office. At that moment, Lin was having a chat with Wong Jianren in the office.

"Ms. Lin, a few days ago, you mentioned to me that you wanted to be part of the friendly match, right? Are you still up for it?" Wong asked politely.

"Of course! But, you told me that teachers are not allowed to be a part of it, right?" Lin said shockingly.

Earlier, Lin did buff up her guts to approach Wong, asking to travel to Japan with Chen. However, Wong rejected her proposal. It was strange for Wong to changed his mind all of a sudden.

"The plans have not changed. I can save a spot for you, as long as you sign up for it now!" Wong squinted and put up a wretched face.

Red Envelope Group of the Three Realms

Chapter 297: One Kick Wonder

"Okay! I'll register now! If I'm not mistaken, Kendo should be our last friendly match, right?" A smile surface on Lin's face. She was ecstatic about it. Green Vine University has already won two out of three friendly matches so far. In other words, winning and losing this last Kendo match did not really matter anymore. All the participants of the friendly matches can visit the university in Japan with the sponsorship of Green Vine University. Those who register now can enjoy the benefits, without questions asked. This was why Lin felt so excited and happy about it.

Most importantly, she gets to go to Japan with Chen! The only thing that people can think of when Japan is mentioned; sex! Lin was no exception. Her face turned bright red when she thought of all the exciting and wild stuff that she could do there with Chen!

"Okay! Everything is set in stone right now since Ms. Lin has agreed to join the competition!"

Wong grinned and continued to say, "You should go home and prepare yourself now. Two days later, you will represent Green Vine University in Kendo against Japan university!"

"What?"

Lin was stunned. It was as if the whole world had crumbled on her. She said, "Vice Principal, I think you just made a mistake there. I'm just a weak lady. I will definitely lose this friendly match if you make me fight on the stage!"

A vicious gleam could be seen in Wong's eyes. He pretended to console Lin, "Don't worry about it. Your opponent from the Japan university is not as strong as you think he is. Be confident! You can do it!"

"This...This is not about confidence...I don't even know how to fence..." Lin said.

"That's totally alright! Nobody will blame you if you lose this last friendly match! After all, we have won the previous two friendly matches. Thus, this last friendly match wouldn't really matter anymore!" Wong smiled and said.

"Are you trying to tell me to lose this last friendly match on purpose?" Lin was smart enough to pinpoint Wong's real purpose of asking her to fight in this last friendly match. It was no wonder that this bastard was so willing to let Lin in at the last minute. In the end, all he ever wanted to do was to let the Japanese win this last friendly match.

"The way you said it is going to make me look bad. I am not asking you to lose on purpose. We have won two friendly matches; thus, we should save some face for our opponents. Does that make sense to you?" Wong said.

"No!"

Lin rejected Wong's proposal without a single doubt.

"I will let them have their pride if they played fair and square. But, they broke all the rules in the previous friendly matches! They are despicable and vicious! They deserve the loss!"

"Ms. Lin, this is not right..." Wong was interrupted again before he could finish what he wanted to say.

"Am I wrong?"

Lin continued to say confidently, "Those Japanese were bullying us in broad daylight! I will not save their face! This is wrong! I will definitely not lose this final friendly match on purpose!"

"You of all the people should know your place!!"

Wong shouted angrily, "It's okay if you don't want to lose on purpose! Feel free to defeat your Kendo opponent if you think you can do it! Just surrender if you can't do it! It's that simple!"

"Hmph! There's no big deal if I lose my match! Xiaobei is here! He can defeat all those Japanese easily!"

"Hehe...I'm afraid that I'll have to disappoint you. Winning and losing will be decided in one single round. Thus, Chen Xiaobei will not be able to participate in this final friendly match!" Wong smiled viciously.

"What? The result would be decided in one single round of competition?"

Lin was fuming after hearing the ridiculous change of rules, "Wong Jianren! You b*st*rd! I can't believe that you would come up with such an evil plan to let the Japanese win this competition! All those Japanese are a bunch of cowards! They are so afraid of Chen that they had to think of a way to prevent Chen from fighting in the competition! I despise you guys!"

"Hehe...Say whatever you want to say! I want Master Meichuan to win this final match!"

Wong laughed evilly and said, "Let me give you a piece advice. You should surrender before the start of the competition. It will be bad for you if you hurt your pretty face during the competition. You might even become a cripple if things go south! Hehehe!"

"Wong Jianren! Who is going to beat up who again?" An ice-cold voice could be heard behind him.

"The Japanese contestant is going to beat up Lin Xiang real bad! It's impossible for a weakling like her to win this competition!"

POM!

A muffled sound could be heard through the room. Wong felt as if the back of his body had just been hit by a truck. His plump body sailed into the wall on the other side. The whole room actually shook a little!

Blargghh!

A mouthful of blood flew out when Wong opened up his mouth. He could feel excruciating pain in his waist. It was as if his thirty-centimeter layer fat had just been cracked open. Other than that, he could also feel his internal organs turned into a complete mush inside his body. And, he almost spat it all out. This was probably not pretty for him!

"Xiaobei!" Lin's heartbeat sped up when she saw Chen coming to rescue her! She is the kind of person who hates violence. But, she felt satisfaction rushing into her body when Chen landed a kick on Wong.

"What a good kick! You are awesome!" Lin released all her suppressed emotions. She jumped around happily while throwing her punches. Her voluptuous breasts were bouncing up and down as well, and they had almost burst out of her tight shirt. Actually, Lin is a timid girl. Being confident is not really her strong suit. However, her confidence just had an adrenaline boost after seeing Chen landing an awesome kick on Wong.

"Chen Xiaobei! You bastard! How dare you kick the vice principal of this university? I will change my surname if I don't kick you out from this university!" Wong shouted with extreme anger while lying on the floor, paralyzed.

"Seems to me that you want more pain!" Chen's stare turned cold and walked towards Wong. Then, Chen grabbed his shirt's collar with his left hand and started to use his right hand to slap Wong's face.

PIAK!

PIAK!

PIAK!

The sound of it was louder than a firecracker.

"Ouch...Ouch..." Wong squealed like a pig. Chen did not even give him the chance to beg for mercy.

"Xiaobei! Stop slapping him! Security guards will be attracted by all that noise!" Lin's anger had gone. Thus, she quickly stepped forward to stop Chen.

"There's nothing to be afraid of! There's nothing that the security guards can do to me!" Chen grinned, and an evil smile could be seen on his face.

"Chen Xiaobei...I will not let this go...I will not call for security guards...I will call the police and send you to jail..." Wong finally had the chance to speak for himself. But, his teeth littered the floor as he forced his jaw to move.

"Wong Jianren...Have you forgotten about the video clip of you and the Four Golden Flowers?" Chen raised his eyebrows and said. His smile made him look like one of those bad guys in the movie.

"Er..."

Wong quickly shut himself up and swallowed all the words that he was going to say out loud. The Four Golden Flowers was Wong Jianren's eternal nightmare!

"Wong Jianren! Tell me again. How did you get all those bruises on your body?" Chen asked him pointedly.

"All...these...injuries are caused by me falling down the stairs by accident..." Tears started to roll down Wong's face.

Chapter 298: Who Is More Handsome?

"Xiaobei. What should I do now? That Wong Jianren has really pushed me to the edge of the cliff! I don't want to surrender, and I don't want to lose to the Japanese as well! All the other students will be so embarrassed of me if I act like a coward..."

Lin became really nervous after she left Wong's office. The fact that she is going to represent Green Vine University in Kendo still did not change, even after Chen beat Wong up. Lin will be considered as forfeiting the match if she doesn't go up the stage. She will kill herself if she decides to go onstage. This was a dilemma for her.

Needless to say, Meichuan Neiku and Wong Jianren did take some time to come up with this evil plan. They wanted to win this last friendly match, no matter what! There is nothing that Lin can do if it was like before. But, the situation has changed now. Chen was with her right now.

"Don't worry. I have a way to make you win the friendly match in two days!" Chen said calmly and confidently.

"How...How is this possible?"

Lin was shocked. She said with a doubt, "I'm really weak and you know it. I will not become any stronger even I'm given two years to prepare for this friendly match!"

"Just close your eyes first and open up your mouth. I have a gift for you." Chen smiled and said.

"Don't fool around anymore! You are still thinking of dirty stuff at this critical moment!" Lin pouted and stared at Chen.

"Really! I have a gift for you!"

Chen continued to say happily, "Girl! Your mind is getting dirtier! Are you thinking of having sex with me every day? Are you going to something dirty with me in your mind?"

"What the hell? I did not think of doing that with you...I will stop talking to you if you talk nonsense again..." Lin said with her bright red face.

"Haha! I will stop pulling your leg! Close your eyes quick!" Chen smiled.

Chen took out the final three God Strengthening Pill from his treasure chest after seeing Lin close her eyes. He put a pill in Lin's mouth first.

"What did you just put in my mouth? It tastes weird..." Lin opened her eyes slowly and asked curiously.

"That is my personal secret, a formula pill! It's called; Super Magical Body Strengthening Pill!"

Chen smiled and continued to say, "You will become super powerful after consuming this pill! It will allow you to crush those Japanese like ants on the ground! Hehehe!"

"Are you pulling my leg again...? If this pill is that powerful, then, you should use this pill to form your own army to conquer this earth!"

"Stop asking questions, and you will know I'm not pulling your leg tomorrow afternoon!" Chen smiled and said.

Actually, God Strengthening Pill was used by God Erlang to help with the growth of his Heavenly Soldiers! Lin was not wrong. An army of Heavenly Soldiers is definitely capable of conquering the earth easily! But, Chen will not reveal the truth to Lin.

"Here are the rest of the pills. I want you to take one tomorrow and another the day after tomorrow. Then, you will possess the power to defeat the Japanese during the Kendo competition!" Chen gave Lin some simple instructions and handed the rest of the God Strengthening Pills to Lin.

"Alright...There's nothing else I can do but to trust you now..." Lin nodded and said.

"All done! There's no one around here! Come to me! I want to kiss you!" Chen raised his eyebrows and moved his lips to Lin's lips.

"Not now!"

Lin pushed away Chen's head and said earnestly, "I will reward you if I win the competition! Before that, you are not allowed to seduce me!" Then, Lin ran away from Chen in her high heels.

Chen was upset when he saw Lin running further and further from him.

"Pumpkin! I have given you the God Strengthening Pill! It's impossible for you to lose the upcoming competition! Oh God! When can I lose my virginity?!!"

Ring!

Chen received a call from Wu Junfan, telling him that he had settled everything in the hospital. He now wanted to treat Chen to a scrumptious meal to show his gratitude. Chen had limited time and did not want to waste it on having a meal with Wu Junfan. In the end, Chen made Wu change the plan from having a meal in the restaurant to having a drink in the bar. Plus, Chen can take this opportunity to observe how the Fire Boss leads things in the west side of the city.

It is now eight at night at Flaming Fire Bar. Wu was already there when Chen arrived.

"Why did you want us to have a drink in a bar? This is not fun at all..." Wu said with an upset tone.

"There are so many hot and sexy ladies around us! How can you say that it's not fun? It seems like you are not a straight man." Chen grinned and said mockingly.

"Don't talk shit! I'm perfectly straight!" Wu quickly explained. He was afraid that others might have misunderstood him. Usually, there are a lot of gays in a bar like this. They are really fond of guys like Wu who had fair skin and a good body!

"Stop explaining! You are trying to cover your darkest secret! All straight guys like to look at hot and sexy girls!" Chen said. Then, he sat on the bar stool.

"You already have Wenyuan and Mengchen! How dare you come here to look at other girls?! You are an animal!" Wu said angrily.

"Pst...Look at my face...Do you really think that I need to make a move on other girls? Normally, they are the ones that make a move on me!" Chen said and smiled evilly.

"I don't think so! Do not try to show off your appearance in front of the most handsome guy in Green Vine City! You are getting really arrogant!" Wu rolled his eyes at Chen and said.

Hehe...You are no longer the most handsome guy in Green Vine City! If not, why did Mengchen choose me over you?" Chen laughed mockingly and said.

"I..." Wu had received a critical hit from Chen. His little heart couldn't take such powerful a hit, and he almost vomited blood.

"The truth had been told! My handsomeness had crushed your little heart! Hehehe!" Chen grinned. He realized that it was fun to tease Wu.

"You! Your face is thicker than a wall!" Wu said.

"What now? Are you happy with the fact that I'm more good-looking than you? Shall we make a bet here? Let's see who gets hit on by a girl first!" Chen smiled evilly and said.

"Hit on by a girl?"

Wu was shocked at first. Then, he said confidently, "Okay! Let's do this! I'm not trying to show off here, but the number of ladies that will try to hit on me is normally set at two figures when I come to bar like this! I'm pretty annoyed by it!"

"Hehe! We shall see!" Chen smiled confidently.

"There's no need to wait and see! A girl is coming in right now!" Wu smiled, and he tidied up his hair. Undeniably, Wu is an incredibly handsome guy! He had his unique attractive aura. He also carried himself like a member of royal family. Plus, he always wears expensive designer clothing. It is no wonder that he was so confident in this bet with Chen.

A woman came into their sights. The only word that can be used to describe this woman; seductive!

[Red Envelope Group of the Three Realms](#)

Chapter 299: Wu Junfan Dies On The Battlefield

This woman was tall. Her breasts, waist, and hips had the perfect curves that every guy would want! It was a perfect S shape! It was comparable to those international supermodels! Her long and black hair flowed casually down her delicate shoulders. It made her look extra hot and sexy. Also, she had a pair of long and arching black eyebrows. It was as if she could stare right into any man's soul. Those juicy and red lips are enough to make a man go crazy about her. Everything about her was seductive! She definitely looked like one of those stable and mature women!

A teenaged girl can make a man come up with waves and waves of animalistic instinct on the bed! And, a MILF can ride a man through those waves. No doubt, this woman exists between a teenage girl and a MILF! She is definitely the perfect lover in every man's heart. Every single man in the man threw their attention on this woman the moment she stepped into the bar.

"Hey, handsome...Can you buy me a drink?" The woman walked to the bar and asked with a smile on her face.

"No problem. Please sit." A smile surface on Wu's face. He was really excited and happy. This was the first time he has ever defeated Chen in a bet! He has not tasted victory for some time now.

Wu pulled out the chair like a gentleman and used his hand to make a gesture for the lady to sit. The combination of his upbringing and his natural born royal appearance was enough to capture the hearts of every girl in this world. However, that lady did not even glance at Wu. She went straight to Chen, pulled out a chair and sat beside Chen.

"Hey, handsome! I'm calling you! Did you hear me?" The woman stared at Chen seductively and said.

"Damn it..." Wu was stunned and petrified. He stood on the spot and did not know what to do anymore. It was pretty awkward for him. He had always considered himself as the perfect guy of every girl. But, this woman had blatantly ignored him and hit on Chen! Could his charm have been destroyed by Chen? Wu looked really depressed, as if his confidence had been destroyed by Chen. He even started to doubt his existence in this very world.

"Actually, I don't feel like drinking alcohol at all!" Chen said.

"I'm fine with other drinks." The woman smiled and said casually.

"But, I don't have the money to buy drinks for you. I'm just a poor student. The drinks here are too pricey for me to afford!" Chen sighed.

"That's fine. I can buy you a drink instead! Tell me what you want to drink." The woman took a credit card from her purse. She looked like she did not mind paying for Chen at all.

What the hell is going on right now?

Wu stood beside Chen and rolled his eyes at Chen. This Chen Xiaobei deserve an Oscar Award for his acting in front of this woman! He is a billionaire, and here he is, acting poor.

"Lady! Why are you so generous? Are you trying to make me drunk and eat me up?" Chen squinted and asked sheepishly.

"You are a cute and handsome guy! Every woman would definitely want to have a taste of you!"

The woman bit her lips and asked, "Do you have the balls to let me eat you up?"

"Of course, I do!"

Chen smiled evilly and said, "Let's move now! I can't wait any longer!"

"You are actually quite a bad guy."

Then, the woman continued to ask, "Your house? My house? Or, hotel?"

What the actual f*ck!

Wu's eyeballs almost fell to the ground!

This must be some kind of cruel joke!

This fine piece of woman had just approached Chen a few minutes ago. Now, they were talking about where to have sex! The speed of how things had escalated is too damn ridiculous!

"Let's go to the hotel! My house is too small. I don't think I can perform well there!" Chen grinned and put his hands around the woman's waist.

"Alright. Hotel, it is then! I want to see how good you are on the bed!" The woman smiled seductively and leaned into Chen's embrace.

Wu, the comrade, was utterly defeated. He stood there, petrified. He did not even get the chance to say goodbye to Chen.

Shangri-La is one the best five-stars hotel in Green Vine City. Ordering a room here to have sex is definitely one of the most luxurious things a person can do. That woman paid for the room voluntarily and pulled Chen into the room.

"Gorgeous! Come on! Let our passion flow!" Chen saw beside the bed and smiled evilly.

"You lustful kid! What's the rush?! We have the night to ourselves! You can do whatever you want to me!"

The woman raised her eyebrows, took her clothing off and smiled seductively, "I'm going to take a shower first. Do you want to wait here, or come in with me?" A nose-bleeding scene was presented in front of Chen when the woman's clothes slid off from her body. The red high heels, black stockings, sheer black lingerie complimented her body perfectly.

Glup!

Chen gulped and took out his clothes within a split second.

"Of course, I want to shower with you!"

Fushhh...

The huge bathtub was filled with warm water. Chen sat inside the bathtub with his legs wide open. Then, the woman took off her bra and underwear and got into the bathtub slowly. She put her hands around Chen's neck and started to kiss Chen passionately.

Chen responded back with his lips and hands. After that, I am forced to censor the details. Feel free to let your imagination runs wild! Chen was so close to losing his virginity. He was really relaxed at this moment. This was the moment the woman had been waiting for!

It was like magic. A blade that was as small as a fingernail appeared in her hands. Then, she placed it in front of Chen's neck. Chen's throat will be sliced open if she moves the blade.

"Eh? What are you trying to do here?"

Chen was really puzzled, but his hands were still caressing the woman's boobies.

"You perv! Stop doing that! You are going to die soon, don't you see that!" The woman pressed on the blade and Chen can feel the sharpness and coldness of the blade. However, Chen did not mind it at all. His hands were still busy with the woman's body.

"You have lit the fire in my body! I'm not going to stop doing that anytime soon!" Chen said happily.

"Looks like you have no regard for your life whatsoever!" The woman was outraged. She expected Chen to beg for mercy, but everything was entirely contrary to what she had expected. This Chen Xiaobei is out of his damn mind!

"You will still kill me even if I stop now! Then, why should I stop? I rather become a happy spirit than an angry spirit!" Chen smiled evilly. Actually, a murderous aura had already taken root, deep inside his heart.

"I shall grant you the wish, since you are looking forward to your death!"

The woman slashed Chen's throat with her tiny blade out of anger. She couldn't stand Chen any longer.

[Red Envelope Group of the Three Realms](#)

Chapter 300: Do You have the Right To Choose?

The blade slashed through Chen's throat! All of a sudden, that woman's thin arm produced three thousand combat power! For a mere mortal, the person would have been decapitated by that slash.

"I thought that this Chen Xiaobei was really powerful! In the end, he is just a useless piece of garbage!"

The woman looked at Chen coldly. She raised her flaming red lips, and an arrogant smile could be seen on her face. But, she was completely stunned by what she saw the next second. Nobody would have thought that the blade did not even hurt Chen a little! Not even a red scratch!

"How...How is this possible?"

The woman had her eyes and mouth wide open. How did Chen survive the attack? With her strength, she should be able to create a deep wound, even if Chen's neck was made of steel! Is Chen some kind of superhuman that is made of titanium? This is just weird!

Well, Chen is not a superhuman. He is just an ordinary human who can feel pain and will bleed from slashing. Truth is that, the new function of Netherspirit Battlescouter; Ultimate Protective Puppet had allowed him to survive that fatal attack. If the woman possessed Yin Yang Eyes, she would have been able to see a blue phantom blocking the attack for Chen.

This is what the Ultimate Protective Puppet can do! Undeniably, this is the best item that one to cheat death! However, this item has two limitations; it can be only used once a day, and it cannot block any Yang attribute attacks! But, these two limitations were not applicable right now!

Voila!

Chen attacked the woman while she was still in a shocked state. He used his left hand to clamp down on the woman's wrist. The strength was so great that the woman could feel her bones getting crushed anytime!

"Ah!!!"

The woman screamed, but she did not dare to move at all. She was afraid that moving might bring more damage to her wrist. Next, Chen took the blade with his right hand and placed it on the woman's throat.

"You made me take off my clothes to make sure that I'm not carrying any weapons! You made out with me to let down my guard! Your plan sounded perfect, but you really shouldn't underestimate me!"

Chen stared at the woman and said coldly.

"You...How did you survive my attack? Why did my blade fail to hurt you?"

At this moment, Chen was like a monster to her. Three thousand combat power, and an extremely sharp blade couldn't hurt Chen at all! What is Chen, if not a monster?

"You have no right to ask me any questions!"

Chen continued to say condescendingly, "You wouldn't even have had the chance to take out the blade and slash my throat if I did not permit it! I let you do as you wish, all because I wanted to test my new ability!"

"What...You knew my plan all along?!" The woman looked at Chen in shock and her heart was filled with fear immediately.

"Hehe...I'm way smarter than you think!"

Chen said in disdain, "A normal woman will not completely ignore Wu Junfan! Do you really think I was so crazy about you that I did not notice this huge flaw in your plan?!"

This..." The woman was stunned. She is always proud of how she looked. Plus, she had spent a lot of time, working on her seduction skills. Normal men would have lost their minds when they take a look at her. But, she did not expect Chen to remain so calm after talking to her.

"Tell me now. Who are you? Why did you want to kill me?" Chen asked.

"I am not allowed to tell you that!" The woman shook her head. A distressed look could be seen on her pretty face. She was trying to soften Chen's heart.

"You better not seduce me anymore! It's bad for you if I light my fire up again!" Chen applied pressure on the blade. A line of blood appeared on her neck.

"I will tell you everything...I will tell you everything..."

The woman's body shook in fear. She never thought that Chen's state of mind to remain so sturdy. Her seduction skill did not work on him at all! Thus, she did not dare to challenge Chen's patience anymore.

She quickly said, "I'm Demonic Fox from Hundred Beasts Faction! I was sent by our leader; Long Aotian to kill you!"

"Hehe...I knew that you are from Hundred Beasts Faction!"

Chen smiled coldly. He was totally prepared for things like this happened to him.

"The Hundred Beasts Faction would have known that Ghost Frog is dead after my Treasure of Kidney started selling in the market! Well, they sent you to come here and kill me! What's the rush?!"

"Yes! You are right! These are orders from my leader!"

Demonic Fox bit her lips and begged him, "I was just following his orders...Please let me go...I beg you...I don't want to die..."

"Don't worry. I don't plan to kill you today..." Chen raised his eyebrows. It was pretty apparent that Chen had another plan for her.

"Really? This is great...Thank you...Thank you so much..." The Demonic Fox was so happy and excited.

"Don't thank me first! I'm not finished with you!"

Chen got up from the bathtub and sat at the edge of the bathtub. He pointed at his pride and said, "I can let you go, but I'm afraid that my manhood cannot let you go! Look at him! It's going to explode soon!"

"Ah!"

Demonic Fox shouted reflexively when she saw Chen's manhood. Her face turned red immediately.

"Eh? Why are you so shy? Could it be that you are still a virgin?" Chen looked at Demonic Fox shockingly. One can act shy, but there's no way one can come up with a fake red face. Chen would never have thought that a woman like her would still be a virgin. An encounter like this is rarer than hitting the jackpot!

"Please let me go...my seduction arts will disappear if I'm no longer a virgin...They are my sweat and my blood..."

Demonic Fox's face was getting redder and redder. She was afraid that Chen might just take away her virginity by force. There was no way for her to fight him off.

"Hehe...You presume too much! I'm a virgin as well! I will not give it to you, even if you ask for it!" Chen said proudly.

"That's great..."

She pursed her lips and said, "I can use my hand to do it for you..."

"Hmph! You don't have the right to choose! You came here to assassinate me, and I have shown you mercy! You don't get to choose to use your hands!"

Chen stared at her and said dominantly, "Open your mouth! Open wide!"

....

After that, Chen's anger was quelled. He put on his clothes and headed home. On the other hand, Demonic Fox was distraught. She had been trained to seduce men! This was her very first mission! Other than giving out her first kiss, she was forced to give Chen a blowjob! This was definitely not the kind of ending that she had expected.

Ring!

An arrogant voice could be heard from the other side of the phone, "Demonic Fox, how is it?"
