Chapter 311: I Need More Petrol Before I Can Get Into A Drag Race!

"I did not expect this trip to Green Vine City to be so fruitful! What a great surprise!" Elder Cao was smiling in the car. It was pretty obvious that he was in a good mood.

"Yea! I have to admit that kid is really generous for giving out the jade sculptures to you! There are not many people in this world who can do what he just did!" Cao Zhenyang frowned. He was not in a good mood, but he had to agree that Chen was really generous.

Elder Cao shook his head and said, "You have to take a look at the bigger picture! The fruits of the trip that I mentioned just now is not the jade sculptures that I received!"

"Then, what made this trip a fruitful trip?" Cao Zhenyang asked puzzledly.

"It the people that I meet! Four hundred million can buy those jade sculptures but it can never buy an extremely talented person!"

Elder Cao continued to say, "Chen Xiaobei is an extremely talented person! He has a good character and some really great talent! Also, I believe that his Sifu has to be one of the legendary figures! Chen Xiaobei can contribute a lot to our country if I can convince him to join Thunder Kirin!"

"Are...Are you serious?" Cao Zhenyang was shocked. He couldn't believe what he had just heard.

"We shall see. I'm not rushing anyway!" Elder Cao smiled. His eyes were shining with the radiance of enlightenment.

Dik!

A crystal-clear sound echoed in the car. Then, Cao Zhenyang took out a unique cellphone. He took a look at it and said, "Grandad! Emergency! All the big and small factions in Jianghu have started to act out! I feel that something big is about to go down!"

"What did Six Doors Organization say about it?" Elder Cao asked.

"They are still investigating it. For now, they have no idea what's going on as well..." Cao Zhenyang said.

Elder Cao frowned and said painfully, "What the hell is going on here? For the past few months, Six Doors Organization has been getting more and more ineffective at investigating Jianghu matters! How can they not know a single thing about this?! They are not worthy of monitoring the Jianghu!"

"Do you want me to assign few of our guys to investigate this matter?" Cao Zhenyang asked.

"Go ahead!"

After that, Elder Cao remained silent for the rest of the journey after saying those last words.

.....

Inside Beichen jewelry shop, Chen was playing with the Duskdawn. It was warm to touch, and its design was really simple and sophisticated. Chen grew fond of it. Also, there were flows of Golden Yang

Attribute Spiritual Qi emitting from the ring. Based on Chen's rough estimation, the Spiritual Qi inside this ring is more than the Flaming Cloud Spiritual Pendant and the incense burner!

But, Chen was now filled with the Spiritual Qi that he had absorbed from the incense burner that he found earlier. He will not be able to absorb more Spiritual Qi until he uses the Spiritual Qi to train himself. Thus, Duskdawn has managed to escape the fate of being drained for now. Chen kept it inside his treasure chest.

"Bro Bei, don't you feel a heartache for giving out all those precious jade sculptures?" Jing Fei couldn't help but ask.

"You dumbo! Technically speaking, I won those jade sculptures from Wenfeng. It did not cost me a single cent. Why should I feel any loss by gifting them out?"

Chen smiled and continued to say, "On the contrary, I should feel happy making friends with Elder Cao through those jade sculptures!"

"Makes sense...Elder Cao is a respectable person! He might be able to help us in the future!" Jing Fei nodded and said.

"Alright. Take good care of my shop. I shall get back to my training! I am filled with the Spiritual Qi that I had absorbed earlier. They are no use to me if I don't do something with it!" Chen smiled and left.

Chen locked himself inside the room once he got home. He did not want to waste any time anymore. He sat on the floor with his legs crossed and started to activate the Scripture of Heaven and Earth. Then, the Dragon Force started to move around in his body. At the same time, the Spiritual Qi stored inside Chen's body was carried by the Dragon Force to every single part of his body. Chen could feel himself getting more and more powerful. Besides that, the Dragon Force also grew stronger with the help of the Scripture of Heaven and Earth.

With Chen improving his cultivation, Chen will be able to store more Spiritual Qi and carry more True Qi! The truly powerful elite can store an unlimited amount of Spiritual Qi, and the source of their power is limitless as well. The powers that they possess can break open the mountain and split the ground apart. On the other hand, the weak one can only store a limited amount of Spiritual Qi in their bodies. Thus, the source of their strength is rather weak; Normally, they will not last long in any battle. So, that is the difference between an actual elite and a weakling!

Huuuu...

Chen exhaled a cloud of white breath at one in the morning. The white breath penetrated the air like a bullet. Its afterimage lingered in the air for quite some time.

"Nice!"

Chen opened up his eyes slowly. He was fresh, and he could see everything around him clearly. On the other hand, his pupils were dark and deep. It was just like an unending universe with all kinds of mystical phenomena in it. All the Spiritual Qi that he had absorbed from the incense burner had been completely transformed. His training will have to be put on hold for now.

Ding!

[Cultivation: Early phase of Qi refining stage, Health: 5700, Combat power: 5700!]

Chen's Netherspirit Battlescouter showed him the latest update of himself. Twelve hours, and an increment of seven hundred combat power!

"Damn! The Scripture of Heaven and Earth is definitely the masterpiece created by my Sifu! This speed of my improvement is Godlike!" Chen complimented. After reaching the Qi refining stage, Chen finally knew how hard it was to improve his combat power. Without Spiritual Qi, Chen's improvement through various training was barely visible.

However, the combination of Spiritual Qi and the Scripture of Heaven and Earth really sped up the training process! Take a look at Yap Liangchen and Cao Zhenyang, they were practically growing up with Spiritual Qi. They had to spend twenty to thirty years to get to where they are right now!

This is the difference between training methods! In other words, in three to five days, Chen can surpass Yap and Cao with the help of the Scripture of Heaven and Earth and an unlimited supply of Spiritual Qi!

Yes!

You heard me right!

It's not three years! It's not five months!

Three to five days, and Chen can surpass those who have trained for twenty to thirty years! How awesome is that?

With the help of Primordial Witch King Combat Enhancement Training, his true combat power will increase by another thirty percent! Thus, his actual combat power is now seven thousand and six hundred!

"Spiritual Qi! Spiritual Qi! Spiritual Qi! The important things must be repeated at least three times! I must acquire more Spiritual Qi!" Chen thought to himself. Chen knew clearly that Spiritual Qi was the core of his training. The Scripture of Heaven and Earth was like a racing car! Spiritual Qi was its fuel! You must fill the racing car with fuel before you take it for a spin! Without Spiritual Qi, the training will not be able to proceed.

Grrr...

Chen's stomach was growling. After all, Chen is just an ordinary human; He still needs food and water to carry on with his life. A white object jumped into Chen's room from the window when Chen was getting to ready to drink the Potion of Hundred Herbs.

"Xiaobai? Why are you not asleep? Why are you here?" Chen asked puzzledly.

"Someone is in the kitchen! Please deal with it! I'm going to sleep in your bed tonight!" Xiaobai said arrogantly.

Chapter 312: Chen Xiaobei! You Trick Me Again!

An extremely sexy woman was working on something in the kitchen. She had tied her hair into a ponytail. Her voluptuous body was wrapped in a tight, black outfit. Looking at the shape of her back, one can quickly figure out the identity of this beauty.

"*sshole! Bastard! Since I can't defeat you, I shall make sure you spend the rest of your days in the toilet!"

The woman gritted and said with her husky voice. It was a really seductive voice. She was holding a bottle and pouring some kind of white power into the various dishes in the fridge. It was pretty apparent that she was trying to poison Chen!

"Hehe! This is the super laxative poison that is concocted by Poison Rat! Chen Xiaobei will spend a long time in the toilet if he takes in this poison!"

The woman smiled and continued to say, "I can prove to Long Aotian that I'm innocent if I capture him alive! It is not easy to get myself into Hundred Beasts Faction! Also, my plan is just beginning!"

This woman is none other than the Demonic Fox.

"Damn! I'm so hungry! Let me get something to eat!"

Chen's voice could be heard from the direction of the stairs.

"Such a coincidence? I want to see you suffer in agony!" Demonic Fox was thrilled. Then, she quickly hid in a dark corner with her graceful moves. She believed that her plan would work perfectly this time. But, she didn't know that Chen had already used Golden Gaze Fiery Eyes to watch her every move.

"Eh? The way this lady moves looks really familiar...I think I've seen it somewhere..." Chen thought. But, his face was still acting as if he did not know of her evil plan. Then, Chen opened the fridge and brought out the sweet and sour pork ribs. He heated it up with the microwave. After that, he sat beside the table and ate it.

"*sshole! Bastard! Die!"

Demonic Fox was hiding in the dark corner and watching Chen eat the pork ribs. She felt really satisfied when she saw Chen taking in the poison. Soon, she thought Chen would definitely rush into the toilet and have a neverending diarrhea!

However, ten minutes later, Chen had already finished eating half of the sweet and sour pork ribs on his plate. Nothing had happened to him!

"What the hell is going on? Why is the poison not working? Could it be that the heat from the microwave has destroyed the composition of the poison?" Demonic Fox was baffled. She couldn't figure what was wrong with the poison.

"I'm so full! Time to sleep!" Chen tapped on his stomach and left the kitchen.

"This..." Demonic Fox quickly ran to the kitchen counter and checked out the sweet and sour pork ribs.

"What the hell is going on here? Why is the poison not working?" She lifted up the plate to take a good look at it and sniffed it as well. In order to solve the question that she had in her mind, she put a small piece of the pork rib into her mouth.

"Shit..."

The reaction on her face changed the next second. She could feel the disaster inside her stomach. This proved that the poison was working well!

"Damn it! I've been set up by Chen again!" Demonic Fox grumbled. Initially, she was planning to leave the place. But, she couldn't allow a beauty like herself to shit in her pants. She quickly rushed to the toilet. She was stunned when she opened the toilet door.

"Hello! Gorgeous! What happened to you? You don't look too good!"

Chen was sitting on the toilet with his legs crossed. There was an evil smile on his face.

"You *sshole! You set me up again..." Demonic Fox said frustratingly.

She couldn't bother arguing with Chen anymore. All she wanted to do right now was to neutralize the disaster in her stomach.

She cried out, "Go away! I can't hold it in any longer...Quick..."

"This is my toilet...Why should I let you use it? Pay me if you want to use it!" Chen pursed his lips and said mockingly.

"I will pay you! The standard price of using a public toilet is twenty cents! I will pay you two hundred! Get lost now!" Demonic Fox frowned and said. Her pretty face turned red from holding in her diarrhea.

"Nonono! It costs two billion to use my toilet! Of course, you can pay me in dollars if you want to!" Chen smiled evilly and said.

*Blargghh..."

Demonic Fox almost vomited blood.

"Two billion for using the toilet? In dollars? This must be some kind of joke! Even the richest person on this earth will face bankruptcy for using your toilet!" Demonic Fox thought.

"Chen Xiaobei...I beg you now...I can't hold it any longer...After all, I'm still a woman...Can't you act like a gentleman...?" Demonic Fox begged. She had almost reached her limit.

"I will act more like a gentleman if you are my friend or even a stranger! Unfortunately, you are my enemy! Showing mercy to the enemy is like torturing myself! I would have been captured by you right now if I did not foresee your evil plan! I will have ended up getting killed by Long Aotian!"

"It's...It's my fault..." Demonic Fox cried and said. She pressed on her stomach, and she couldn't even stand properly anymore.

"Don't try to act pitiful in front of me! Your seductive skill is useless to me! Two billion! No more no less!"

Chen grinned and continued to say, "I don't mind using your body if you don't have two billion with you!"

"Pay with my body...You..." Demonic Fox's face was already as red as a tomato. Now, her face had turned bloody red.

"You did it to me last time...I think you should be pretty familiar with it by now! So, you don't have to feel embarrassed by it..." Chen said happily.

"You..." Demonic Fox wanted to cry, but no tears were coming out from her tear ducts. She felt that she will not die from holding on to her diarrhea but being angry with Chen! She was so embarrassed by what she did to Chen last time. It was no doubt that she was going to live with that traumatic experience until the end of her life.

"Come here!"

Chen pulled Demonic Fox to him. Now, she was on Chen's lap. Then, Chen proceeded to unzip her right outfit.

"What are you trying to do?! No..."

Demonic Fox was shocked. She did not expect that Chen would take advantage of her as the pain paralyzed her.

"Don't move if you want the antidote!"

Chen put her hands into her tight outfit and landed his palms on her flat stomach. Then, Chen applied a very special massage on her.

"Eh? The pain is gone..."

Demonic Fox couldn't help but moan when she felt a flow of warm Qi flowing into her stomach.

"Here, take a deep breath now!"

Chen took out the Seven Treasury Fragrant Pouch and let Demonic Fox take a sniff from it. The fragrant pouch was really effective against poison that has just entered one's body. Soon, all the poison had been purged out of her body.

"I feel so good right now..."

Demonic Fox could finally relax when all the pain is gone. However, her face turned red again the next second. Her heart was beating really rapidly as well! Chen's hands were moving lower down her stomach. Soon, Chen's hands landed on her forbidden area.

Chapter 313: I Don't Want To Defeat You

"Asshole! Perv! Damn it...I don't..."

"No...Don't even think about it...Erm...No...Please don't do this..."

"Alright...This will be the last time...I will never service you again...No more third time..."

There were some indecent lines coming from the toilet. After that, Demonic Fox left the scene with her face turning red.

"It is essential to balance up my Yin and Yang! I feel so refreshed after releasing myself! Hehehe..."

Chen stretched himself, poured away all the poisoned dishes and went back to sleep. As for training, Chen decided to take a break. After all, Chen is just an ordinary human; a little money minded, a little perverted, and sometimes a little lazy as well.

...

At the Six Door Organization.

"Mr. Poseidon! I have spread the news about Emperor Yan's tomb to the whole of Jianghu! All the small and big factions in Jianghu are going to arrive in Green Vine City in five days!" The chief inspector said politely on the phone.

"Hahaha...Great! That's great!"

"Five days later, the bloodbath will begin! I wish that all of them will die on that day! All you Chinese people! Die! Hahaha!"

"....." The chief inspector was speechless. He knew precisely that the death toll of this war was going to reach four figures easily. If all those factions fought in a massive scale war, the death toll would reach five figures or even six figures! By that time, blood will flow like river and bodies will be stacked up like mountains.

The ones who will die in the war are no ordinary people. Those who are in Jianghu possessed certain skill sets that ordinary people wouldn't have. Thus, it's hard to train another group of people like that. Typically, only a few actual elites would rise among tens of thousands of people!

It's going to be destructive to the Chinese Jianghu when the death toll reaches five to six figures. The whole Jianghu might need a couple of hundred years to recover from this catastrophic event! China is going to be crippled when the Jianghu is gone! This is the most terrifying part of it, and this is why Poseidon was so happy about it.

.....

The next morning, Chen woke up early to tidy himself up. Then, he drove to school. The final friendly match; Kendo was going to happen today. Meichuan Neiku and Wong Jianren were planning to assign Lin to fight some Japanese Kendo expert. Lin Xiang is one of the four most beautiful girls in the school. Although her popularity was not as high as the other three most beautiful girls, she still had a bunch of loyal fans.

"Student! You are not allowed to go in! It's fully seated inside!"

Chen was about to enter the arena, but he was stopped by the security guard.

"Uncle, I know you can be more flexible about it. It's me!" Chen took off his sunglasses and said.

"Damn! Bro Bei! It's you! I'm your fan!" The security guard said with a smile on his face. His eyes were filled with idolization towards Chen.

"Since you are my fan, you should really let me in!" Chen said happily.

"I'm afraid that I can't let that happen! Vice principal scolded me just now! He is going to deduct my salary if I let anymore people enter the arena! Also, there are others who want to go in as well. Things will turn really bad if I let you in but not others! Bro Bei...Please understand my current situation..."

"This..."

Chen was distraught. He would not have dressed up himself if he knew that he couldn't get in the arena. Also, Lin would be really upset if she doesn't see Chen supporting her from the seats. Plus, he was really worried as well. Lin would definitely be hurt by Meichuan if he comes up with other evil plans!

"Hmph! Isn't that Chen Xiaobei? What's wrong? Can't enter the arena?" An annoying voice was heard. It was none other than Meichuan Neiku. A plump man was standing beside him. He was Wong Jianren, the one who was slapped by Chen two days ago.

"Master Meichuan! Let's ignore him and enter the arena!" Wong was really afraid of Chen. He wanted to avoid all possible contact with Chen.

"Get lost! You are not supposed to talk when I'm talking!" Meichuan stared at Wong and shouted.

"Yes..." Wong gulped and retreated to a corner.

The security guard pursed his lips when he saw the vice principal of this school being so damn useless. He was an embarrassment to the school!

"Chen Xiaobei! I can let you in! What do you think about that?" Meichuan smiled evilly.

"Look at your stupid smile! I know that you have something bad planned out!" Chen said.

The security guard gave Chen a thumbs up.

"My Bro Bei is so much better than that useless vice principal! Just slap that Japanese guy's face!" The security guard thought to himself.

"Are you going to enter the arena? Your woman is going to fight today! Don't you want to see how she gets defeated by her opponent?" Meichuan gritted.

"Hehe...My Xiang Xiang has been training hard these few days! I don't think she is going to lose in this competition!" Chen said calmly.

The security guard was shocked when he got to know that Lin was Chen's woman. He thought that Chen was really awesome; even managing to woo the most beautiful teacher in this school!

"Hahaha...You said that Lin Xiang is going to win this competition? Are you trying to make me laugh?"

"I have already checked her out. During her time in school, she scored an excellent result in all academic subjects except for physical education! She is just weak! I don't think she can win this competition, even if she gets two years of training!"

"Let's make a bet since you are so confident about it! Let's bet who will win this competition!" Chen raised his eyebrows and said. A sense of confidence could be seen in his eyes.

With the help of the God Strengthening Pill, Lin had acquired one thousand and five hundred combat power! But, Meichuan Neiku did not know about it at all. Thus, he won't possibly send some elite to fight Lin!

Chen already knew that Lin would win in this competition without entering the arena. Since he had nothing to do, he decided to make Meichuan suffer.

"Alright! We shall bet on it! I'm not afraid of you!" Meichuan did not know that he had fallen into the trap that set by Chen.

"Never mind...Never mind...I think I'll call off the bet..." Chen shook his head and said.

"Why? Afraid of me? I never thought that Chen Xiaobei could be a coward at times! Hahaha..." Meichuan laughed happily.

"I'm not afraid of you...I don't feel like winning you in this bet..."

Chen grinned and said mockingly, "You are so poor to the point that you can't afford a pair of underwear for yourself...I'm afraid that you will have to change to your name to Meichuan Kuzi (not wearing pants) if you lose in this bet. No...You should change your name to Meiku Zichuan (not wearing pants) or Guangdian Xiaocilang (naked butt)."

Blarrgghhh...

Meichuan almost vomited blood after hearing Chen make fun of his name.

"Hahaha...Meiku Zichuan...Guangdian Xiaocilang...My Bro Bei is a genius! Haha..."

The security guard was laughing non-stop.

"Erm..."

Wong wanted to laugh as well, but he didn't dare to do so. He quickly covered up his mouth.

Meichuan was so angry that he forgot which country he came from.

"Chen Xiaobei! Bet with me if you are a real man! I will bang my head on the wall if you can win this bet!" Meichuan gritted and said.

"Wrong words. You should have said Kamikaze!" Chen laughed mockingly.

[Red Envelope Group of the Three Realms](#)

Chapter 314: Please Don't Save Your Strength

"Motherf*cker! I'm so angry right now!"

Meichuan wanted to vomit blood right now. The number of times of Chen had upset him is more than the number of times of him being upset in his entire life.

"Calm down...Calm down...The thing that will make you angry has not even started yet! We are not going on to bet with money today. Let's bet with something more exciting!" Chen smiled and said.

"Okay! What do you want to bet with? Just name it!" Meichuan roared.

"Let's bet with PIAK PIAK PIAK! Winner get to slap the loser for three times! What do you think about that?" Chen raised his eyebrows and said.

"Three slaps are not enough at all! At least thirty slaps! The one who acts like coward here is a dog!" Meichuan said strongly.

"Hehe...I shall agree with you since you insist on it!" Chen shrugged and put on an I-couldn't-care-less face.

"Don't f*cking act tough in front of me right now! You are going to cry later!" Meichuan said coldly and proceeded to enter the arena. Chen and Wong were following him closely.

"Bro Bei! Gambateh! Slap that son of the bitch!" The security guards made a supportive gesture. Then, Chen raised his hands and made an okay gesture.

First, Wong said a bunch of crap again before the competition started. After that, the contestants entered the arena. Both of them held a wooden sword. One of them was wearing black Dojo clothes, while the other was wearing white Dojo clothes. Also, both of them had protective headgears as well. It was really hard to spot which one was Lin Xiang.

But, if you really paid attention to them, you will know the one in white Dojo clothes with the sensuous chest is Lin Xiang! Then, Lin took a look at the VIP seat, she saw Chen looking at her as well. This was one of those fated connection moments. She felt nervous and happy at the same time. That wonderful feeling was sweeter than eating honey. Lin couldn't help but giggle out loud.

"Girl! Why are you laughing? Are you turned on by my muscular body? Hehe...You should just surrender now. Then, I will bring you to the nearest hotel to let you have a taste of my sword!"

The guy with black Dojo clothes laughed disgustingly. He was staring at Lin's body since the moment she stepped into the arena.

"Excuse me...You Chinese is really bad...I couldn't understand a single word you said...Can you please repeat it?" Lin asked.

"I want you to surrender! Surrender! Do you understand that? The Japanese guy rolled his eyes at Lin and shouted angrily.

"I see...Now, I can finally understand what you said..."

Lin nodded and continued to say, "I won't surrender to you because my boyfriend is watching this competition!"

"Idiot! Do you really think you can defeat me in kendo? Stupid woman! I will torture you if you don't surrender right now! I will make sure that I embarrass your boyfriend as well!" The Japanese guy shouted arrogantly. It was as if he had just taken a shot of adrenaline. He couldn't wait for the competition to begin. All he wanted to do right now was to defeat Lin Xiang.

"Excuse me...Your Chinese sucks...Can you try to speak slower and simpler?" Lin asked softly.

"Blarrgghhh..." The Japanese guy almost spat blood at the ceiling.

He was so hyped up, but Lin couldn't understand a single word from him at all. He felt as if he had just wasted his own time.

At the VIP seat.

Wong grinned and laughed, "Look at that! Lin Xiang is so terrified by her opponent! Look at her weak ass face! Hahaha...The Japanese will definitely win this competition! Master Meichuan will be the big winner!"

"Wong Jianren! Are you interested in joining the bet since you are so confident that the Japanese team will win the competition? It's only thirty slaps! A small bet like this is going to be entertaining!" Chen said calmly.

"Alright! I will join the bet as well! I know exactly how weak Lin Xiang is! There is no way that she can win this competition!"

"Also, I will be able to have my revenge! I want to destroy your face this time!" Wong smiled evilly.

"Cut the shit! Kickstart the competition now! My hands are waiting to slap Chen Xiaobei!" Meichuan rubbed his palms against each other. He was preparing himself to slap Chen.

"Okay!"

Wong stood up and announced with the mic, "The Kendo competition is going to start now!"

Cheering

Thousands of students were cheering for Lin.

"Haha! I can finally watch my goddess fight! I never expect that the adorable and gorgeous Ms. Lin knew how to swordfight!"

"I'm really looking forward to it as well. Honestly speaking, I don't think Ms Lin can win in this competition...Her opponent is the president of the kendo club of Japan University!"

"Win or lose, it doesn't really matter anymore! We have won in Taekwondo and football! We are still leading even if Ms. Lin loses this kendo competition! Let's not give her any unnecessary pressure!"

"I don't mind her losing this competition! I'm worried that the Japanese guy will hurt our Ms. Lin!"

"We will beat him up if he hurt our Ms. Lin!"

....

People were commenting from the audience seats. Most of them were very protective of Lin but they did not think Lin would stand a chance in this competition. After all, to them, Lin was just a weak lady.

"Woman! Die now!"

The Japanese guy shouted on the stage and charged at Lin.

"You must be really good at kendo." Lin gripped her wooden sword tight.

"Of course! I'm the president of Kendo club at the Japanese University! Also, I was the champion of Japan Teenager Kendo Competition! There's still time for you to surrender if you are afraid of me!" The Japanese guy shouted arrogantly.

"I'm not afraid of you at all!"

Lin continued to say bravely, "I shouldn't save any of my strength if you are really that good! I don't want to lose to you!"

"Saving strength? You? Please don't make me laugh! Hahaha..."

The Japanese guy laughed hysterically and said proudly, "I beg of you! Please don't save any strength! I don't want others to say that I'm bullying a weak woman!"

"Here I come!"

Lin had zero combat experience. She shouted like a child and swung the wooden sword with all her strength.

Fusshh...

A one thousand and five hundred combat power swing! That was equivalent to six hundred pounds of force! The Japanese guy was speechless.

"Mom!"

POM!

The wooden sword landed on the Japanese guy's helmet. That protective gear deformed instantly. He was sent flying ten meters away like a meteor! Then, he landed on the ground, hard! After that, he went into a coma.

"This..."

Thousands of audiences were stunned. Even Lin was shocked by her own strength. She said softly, "Is that guy an idiot? Why was he acting tough when he is so damn weak...I shouldn't have used all my strength to defeat him...It would be really troublesome if I hurt him seriously.."

"Nice hit! We won!"

Chen stood up and cheered for Lin. The next second, everyone went crazy.

[Red Envelope Group of the Three Realms](#)

Chapter 315: I'm Specialized At Beating Up Traitors!

"We won!!!! We won!!!!"

"What a great surprise! Our Ms. Lin defeated that Japanese guy with only one hit!"

"I did not expect that at all! I'm impressed! Ms. Lin, you are so cool!"

"Awesome! That means that the final score is 3-0! Japanese team did not win anything at all! What a great feeling!"

"The Japanese team has lost all the friendly matches! Nice! Awesome!"

...

Everyone was cheering in excitement. Before this, none of them expected Lin to actually win this competition! The happiness and excitement of the unexpected victory was way better than the feeling of expected victory! The audiences' blood was boiling. All of them used all their strength to cheer for Lin. However, only one person mattered to Lin right now. That person was none other than Chen!

Lin knew clearly that Chen was the one that helped her to win this competition. Without Chen, she would have been tortured by her opponent on the stage. Defeating the opponent in one hit would have been a dream.

Muacks

Chen sent a flying kiss to Lin and winked at her publicly.

Giggle...

Lin easily gets shy. Her face was burning hot at that moment. She quickly ran down the stage and went into the changing room.

"Guangdian Xiaocilang! Bitch Wong! It seems like we just got the result of our bet! I think it's time to fulfill the promises!"

Chen stop smiling and stared at Meichuan and Wong coldly. Both of them were still in shock. Chen destroyed the plan that they thought would bring them victory. They have lost, completely.

Instant kill!

This result made them reconsider the lives that they lived. Everything that they planned out earlier was not working at all.

"Chen Xiaobei...You should give me some face...After all, I'm the boss of Meichuan Organization...Also, I'm representing Japan in this friendly visitation...You can't slap me..." Meichuan gulped. He was extremely fearful of Chen.

He had seen how powerful Chen was in the previous matches. He knew that even if he survives Chen's thirty slaps, he will turn into a retard for the rest of his life.

"I don't care about your status at all! It has nothing to do with me! That friendly visitation is complete bullshit! I don't think that you are friendly at all!"

Chen continued to say coldly, "Save your voice...I would still slap you thirty times even if you convince me for three days! This is a benefit that you insisted on getting just now!"

"I..."

Meichuan was completely freaked out. He wanted to slap himself two times for making a stupid decision earlier. Initially, Chen had wanted to bet with only three slaps, but Meichuan had insisted on changing it to thirty slaps. He so regretted the decision that he made.

"Wong! You bitch! Don't you dare run away from me!" Chen shouted. Wong had suddenly stood up and was running towards the exit. That Wong Jianren can be considered to be Chen's loyal slapping bag. Two days ago, he got slapped by Chen. His face was swollen, and bandages were still wrapped around his face. He will definitely die this time if he doesn't run away from Chen.

"Let me deal with that traitor first! Then, I will come back for you!"

Chen looked at Meichuan and ran towards the exit to go after Wong.

"No...Please don't come near me!"

Wong ran as fast as possible. Unfortunately, he can never outrun Chen.

POM!

Chen appeared in front of him and threw a kick at his fat belly. Wong went flying to the wall. He felt as if his stomach was going to explode anytime soon. He couldn't even stand up anymore. There were stars circling on his head.

"Please! Try to run away from again! I dare you!"

Chen walked to him and picked him up with one hand. Then, Chen used his other hand to start slapping Wong.

"Why did you betray our country? Why do you want to lick Meichuan's boots? Are you proud of what you did? I really hate traitors like you ever since I was a kid!"

Chen landed slap after slap on his face. It was really satisfying for Chen.

"Ouch...Ouch..."

Wong was screaming in agony. His face was already swollen in the beginning. Now, his face was even more swollen. A stream of warm and red blood flowed out from his mouth like a waterfall. Then, he finally fainted after taking ten slaps from Chen.

"Don't think I will stop slapping you after you pass out!"

Chen did not stop. He continued to slap Wong until it reached thirty slaps. Then, he threw Wong aside and went back for Meichuan. Chen was not afraid of Wong doing anything bad to him, since he still possessed the sex tape of him and the Four Golden Flowers!

Unfortunately, Meichuan was already long gone when Chen returned to the VIP seat.

"I will remember this! You can never outrun me! I will find you and slap you thirty times!" Chen raised his eyebrows and said in a powerful tone. After that, Chen went and cheerfully looked for Lin.

On the other hand, Lin was actually pretty smart. She went to the back door to wait for Chen to avoid those hyped up students.

"EH?!"

Lin was shocked all of a sudden. Her waist was wrapped by a pair of strong arms. Once she felt the strength and the warm of those arms, her shock was completely gone.

"Do you want to die? We are not supposed to act intimately in school compound..." Lin pursed her lips and said. However, a soft and warm kiss landed on her lips when she turned around.

This bold guy was none other than Chen Xiaobei!

"Mmmhmm..."

Lin's body went soft and fell into Chen's embrace. After a long and nice smooching session, Chen finally let her go.

"You...You are getting worse..."

Lin's lips were slightly swollen. She was exhaling hot air from her mouth. Also, her face had turned really red, and fragrant sweat had started to flow down her delicate and gorgeous face.

"Women always love the bad guy..."

Chen laughed and continued to say, "You promised me earlier that you will reward me if you win this competition. Are you going to break your promise?"

"You were hugging me for ten minutes plus...That was the reward..." Lin said shyly.

"That is not considered as a reward. At most, that was just foreplay."

Chen raised his eyebrows and smiled evilly, "We should go to the hotel to celebrate this victory!"

"Mmmhmm! You are so bad!" Lin's face got even redder!

Women always voice out the opposite of their heart's desire. She was actually looking forward to making love with Chen. Every time, she would feel really comfortable and sensual whenever she does physically intimately stuff with Chen. She simply wanted more.

Ring!

Chen's cell phone rang all of a sudden. It was Luo.

"Damn it! What a coincidence! I was so close this time... interrupted again this time before it even begins!"

Chen was really frustrated.

However, this was a special case. He can choose not to pick the call of others, but not Luo's.

Chapter 316: The True Power Of Luo Puti

Just as Chen expected, Luo had something important to discuss with Chen. It had something to do with the tomb. This matter was Chen's priority. He had no choice but to let go of Lin for now. Next time, Chen

will definitely take away her virginity. Lin was not that kind of sticky girlfriend. She gave Chen a goodbye kiss and left the place without Chen.

....

Today, Luo went to Chen's house to apply acupuncture on Chen's dad. After that, she waited at Chen's house for Chen to come back. Although Chen was really good at medicinal skill and utilizing the true Qi, Luo was already so used to coming to Chen's house. Thus, she decided that she will finish the treatment personally.

"I'm back!"

Chen saw that Luo was eating more peaches again the moment he stepped into his house. Then, he couldn't help but teased her, "I have not seen a woman like you with such a huge appetite! I have three peach trees in my house! I'm not so sure anymore if it's enough for you!"

Four angry stares locked on at Chen before Luo said anything. Those angry stares came from Chen's mom, dad, Xiaobai and Sirius. All of them had criticizing looks on them.

"Er..."

Chen was now in an awkward situation. He had almost forgot that when Luo is here, he will always be treated like an outsider! Such a painful realization!

"No...Please don't misunderstand me...Let me finish what I want to say!"

Chen smiled and quickly modified his speech, "I mean I have not seen a woman with such a huge appetite but still maintain such a perfect figure! Look at that perfectly crafted face! That slim and huggable waist! Those women who have tried so hard to lose weight will be so envious of her!"

"That sounds more like it!"

The four angry stares finally calmed down. Luo opened up her mouth gently and took a bite of the peach. Her pair of elegant and soulful eyes were staring at Chen mockingly. She had been taken advantage of by Chen for God knows how many times. She was so happy to see that Chen was on the losing side this time.

"Puti, I thought that you had something to say to me, right? Let's go to my room." Chen said.

"Okay! Okay! Okay! Going to the room is good!"

Chen's mom spoke before Luo said anything.

"Go now! Don't rush! I can prepare the dinner on my own! It's not necessary for you guys to help me!"

"Aunty...What are you thinking about...We are just going to talk..." Luo said, blushing.

"My daughter-in-law! We are family now! You don't have to be shy about it! Let me say what I want to say! Both of you must love each other more every day! Put more effort into making babies! Me and your dad are looking forward to having grandkids!"

Chen's dad did not say anything. All he did was to nod his head non-stop.

"No...No..." Luo was stunned. Her brain had gone haywire. She didn't know what to say anymore.

"Daughter-in-law, let's go upstairs!" Chen smiled evilly and wrapped his hands around Luo's waist. Through the thin and soft t-shirt, Chen's hands can feel the softness and smoothness of Luo's skin. Luo's fragrant body smell made Chen felt like he was in heaven.

On the other hand, Luo was really frustrated. She thought she could finally make Chen suffer this time, but Chen had managed to pull off yet another reversal. She couldn't push Chen away in front of his parents. Thus, she had no choice but to allow Chen to hug her while walking upstairs.

PIAK!

Luo slapped Chen's hand off once they got into Chen's room. She said embarrassingly and angrily, "I warned you! We are just fake couples! I will not come here again once I cure your dad! Don't even think about taking advantage of me again!"

"There is always different ending for stories! We might just become real couples someday!" Chen said happily.

"Psst! Dream on!" Luo said coldly.

"Tell me! What kind of man are you fond of? It seems like you are disgusted by men all the time! Are you a lesbian?" Chen asked curiously.

"Go to hell!"

Luo rolled her eyes on Chen, paused for a while and said, "I don't ask for the kind of man that stands at the top of the world! But, the man that I like must at least be a powerful and legendary hero!"

"Damn! I think that you are talking about me!" Chen grinned and said jokingly.

"You? You are far from it..."

Luo sighed. She didn't mean to mock Chen. She was just telling the truth.

Ding!

[Cultivation: Pinnacle phase of Qi refining stage, Health: 20000, Combat power: 20000!]

Damn!

Damn!

Damn!

Chen was extremely shocked when he took a look at Luo with the Netherspirit Battlescouter casually. Chen was almost scared to death. He always knew that Luo would be really powerful, but he didn't expect Luo to be this powerful! She is as powerful as Cao Zhenyang! But, she is much younger than Cao.

There were only two possible explanations.

Number one; Luo's talent is even better than that rare gem of the Cao Family!

Number two; The Pure Yang Item that she possesses is rarer and better than the Duskdawn!

Talent and Spiritual Qi are the core things that made who Luo is today! Without one of these two items, it would have been impossible for Luo to reach this level of cultivation! This woman is not simple at all!

"What happened to you? Are you hurt by what I said to you?" Luo asked.

"That's not possible! My heart is not made of glass! Such small matter can't hurt me!"

Chen raised his eyebrows and said in a powerful tone, "Just wait! Someday, you will admit that I'm the hero that you have been looking for all this while!"

Luo laughed after hearing Chen. She said, "What was that famous phrase of your fans club? I remember it now! The phrase is; Bro Bei has the thickest face on this earth!"

"You are wrong! They were talking about my powerful presence! Not my face!"

Then, Chen laughed and said, "Since when did the Ice Demon Queen know how to tell a joke? This is getting really interesting!"

"What did you just say?" Luo looked at Chen and asked.

"Cough...Cough...Nothing! Let's get back to business! Stop wasting time!" Chen scratched his nose tip and said.

Luo couldn't be bothered arguing with Chen. She said seriously, "I have finished preparing the plans on my side! Just as I expected, all the five factions around Green Vine City will be gathered at Chen Village tomorrow!"

"Are you trying to say that we should execute the plan tomorrow night?" Chen asked.

"Not us! Just me! By that time, I will announce to everyone that you have handed over the jade seal and the safety pendant to me. Then, you can walk out of this matter safely."

Luo went on to say, "Now, I have another big problem! What should we do with Bao Linshuang? The plan is not perfect without his presence! I'm afraid that someone might come after you!"

"Easy! That is not a problem at all!" Chen smiled and said.

[Red Envelope Group of the Three Realms](#)

Chapter 317: Ambush!

"Please don't boast about it anymore! I'm being serious here!" Luo said seriously.

"I'm being serious as well! Tomorrow, I will pose as Bao Linshuang and enter the tomb with you!" Chen said seriously. It didn't look like he was joking at all.

"How is this even possible?"

Luo continued to ask doubtfully, "You can imitate Bao's voice, but how are you going to presents his face to the others? Do you know some kind of Face Swapping Skills?"

"Hehe...I know everything about Face Swapping Skill! Actually, I'm a true master at face swapping! No one will be able to spot any flaws in it!" Chen raised his eyebrows and said confidently.

"Really! Can you stop your boasting?" Luo rolled her eyes at Chen. She did not believe Chen at all.

"I will turn into a puppy if I am lying to you!"

Chen grinned and asked, "Just don't worry about this small matter! I will take care of it! Tell me your whole plan now."

Luo nodded and said, "First, we need to terrify those small factions. This would prevent them from stealing things from the tomb. Next, we will enter the tomb and get the most important items that are related to the Murong Family! Lastly, we will hand over all those unrelated items to the government officials!"

Luo was thinking very clearly. In other words, those unrelated items will serve as items of evidence and those members from small factions will become the witnesses of this matter! What a perfect plan!

"So, this is the plan! We will depart early in the morning tomorrow! Then, we should be able to arrive at the tomb in the evening!"

After that, Luo wanted to leave, but Chen's mom insisted that she stay back to have dinner with them. So, she went into the kitchen to help Chen's mom prepare dinner.

On the other hand, Chen was hiding inside the room. He took out the Spirit Cage and asked Wenyan to use her Art of Disguise to create Bao Linshuang's face! Chen showed her the picture of Bao's selfie from Bao's cellphone. Then, Wenyan quickly started to work on the mask after seeing the picture. Wenyan's cultivation was pretty high right now. Thus, she should be able to complete making the mask next day in the morning. Masks created with the Art of Disguise is practically flawless. Now, Chen had nothing to worry about.

After dinner, Chen's mom asked him to send Luo back to her house. On his way home, Chen saw someone standing and blocking him in the middle of the road.

"What the hell?"

Chen was shocked. He was forced to slow down his car.

"Something is not right...There is not a single person along this road...I don't think that this person can do anything to me..." Chen thought for a while and realized that something bad might be happening to him soon.

He took a good look at the person and smiled evilly, "Eh? Why is she here?"

Chen parked his car at the roadside and walked towards to the person happily, "Little Fox, it's only a day, are you thinking of servicing me again?"

A sexy woman was standing in the middle of the road quietly. She was none other than the Demonic Fox from Hundred Beasts Faction!

"Why are you not talking? I can see the way your mouth is moving! It seems like you are thinking of giving me another blowjob, right? Hehehe..." Chen was really excited when he thought of how Demonic Fox had given him the blowjobs. That was comparable to Japanese porn!

"Brahnk!"

The sound of toad could be heard from the bush at the side of the road!

"What the hell! Toads shouldn't be this loud!"

Chen was shocked. He turned around curiously to take a look, and he was stunned by what he saw.

Fushhh...

Chen can feel a strong wind brushing against his face. A huge thing jumped out of nowhere with extreme speed. Chen couldn't identify the thing due to its speed. All he felt was a small mountain crashing towards him!

He had to dodge it with Lightning Step! Within a split second, Chen had moved one meter away from where he stood earlier!

Fushhh...

That small mountain grazed Chen's nose tip while landing on the ground.

"That is some powerful shit!"

Chen wasn't hit but the wind managed to send him three steps back. He had to use some strength to stabilize his footing to prevent himself from falling.

"Copper Toad! You lunatic! Are you planning to kill me as well?!" Demonic shouted shockingly and angrily.

On the other hand, the strong wind made Demonic Fox fell on the ground. Her face turned pale due to the terrifying encounter. She was really close to that object as well. She would definitely have been crushed if the small mountain had landed on her. It was no wonder she was so angry about it!

POM!

At the same time, that small mountain landed on the street across them. A giant hole was formed. It was like a cannonball had struck the ground. Cracks started to spread on the road from where the small mountain landed. It was pretty terrifying!

"Copper Toad?!"

Chen frowned and took a look at the small mountain. He saw someone slowly standing up at the huge hole. That person was around two meters tall! He was abundant in girth! By the looks of him, he had to weigh at least five hundred pounds! He is practically a small mountain!

"I'm Copper Toad! This is my first time meeting you, but I have to kill you today!" Copper Toad grinned and looked at Chen viciously.

"This is weird!"

Chen looked him in the eyes and said in a deep voice, "The purpose of The Hundred Beasts Faction traveling for a long distance to come to Green Vine City is based on what Wen Tiandou told you guys, right?"

"What if the answer is yes?" Copper Toad asked rhetorically.

"If you kill me now, all the secrets will be buried with me and this trip will be a complete waste!" Chen said.

"Hehe...First, I don't care about the secret at all! You killed my brother earlier! I will avenge him today!"

Copper Toad smiled coldly and continued to say, "The secret that you talked about is widespread in Jianghu now! Everyone knows that Emperor Yan's tomb location is at the ravine at Chen Village! You are of no use to us now! You can die in peace now!"

"What? It's an open secret now? How is that possible?" Chen was shocked. Then, he quickly analyzed this matter. The only people who would know about this secret would be himself, Murong Xiaoyao, Luo Puti and the chief inspector of Six Doors Organization! Also, Luo had only disclosed this secret to the small factions around Green Vine City only. They would definitely keep this secret to themselves since they believed that they would be able to take possession of whatever that was inside the tomb!

In other words, the chief inspector was the one that spread this secret to the whole Jianghu! That guy is under the control of Poseidon! The purpose of him spreading this secret to the Jianghu is to trigger a massive internal war within Jianghu! Chen's fast thinking figured out the conspiracy behind it instantly. Things are not going to be pretty if war happens!

"Kid! Do you feel like all hope has been lost? Die now!"

Copper Toad grinned and charged at Chen with his wok-sized fists! Chen did not underestimate his enemy. He activated his Netherspirit Battlescouter to check out the enemy.

Ding!

Chapter 318: Undefeatable Health

Ding!

[Cultivation: Early phase of Qi refining stage, Health: 10000. Combat power: 7500!]

"This guy's combat power is close to mine, but his health is insane!"

Chen was shocked when he found out how much health the Copper Clam had.

Fuhhh...

At the same time, Copper Clam landed close Chen. His huge body was like a tank! His arms were as thick as a normal person's thighs! They looked exactly like cannon barrels; powerful enough to destroy a fortress!

"Son of the bitch! I'm going to smash open your f*cking head! Hahaha..." Copper Clam was confident about his combat power. Chen saw Yellow Qi gathering around his fists. Those fists looked like copper hammers. A normal person would definitely be turned into minced meat if he/she took a punch from him.

"Chen Xiaobei! You get what you deserve today! Die!"

On the other hand, Demonic Fox was filled with murderous intent. She felt relieved, oddly, at the same time. She was sure that Chen was going to be killed by Copper Clam that day. If that was true, she will be freed from Chen's shadow. Her face would turn red without fail whenever she recalls the blowjobs that she had given to Chen. It was not something she would want to remember with for the rest of her life.

"This fat Clam is quite powerful. But, he won't be able to kill me!" Chen thought.

During the critical moment, Chen lifted up his fists to face Copper Clam's punches. Chen's combat power had reached five thousand and seven hundred after the training that he did last time. Plus, Chen activated the power that he received from the Primordial Witch King Combat Enhancement Training as well. All in all, an additional of thirty percent combat power would be added unto him. It all adds up to a total of one thousand nine hundred combat power! Right then, Chen's combat power was as high as seven thousand and six hundred! His current combat power was slightly higher than Copper Clam's.

POM!

Both of their punches collided. The shockwave from it caused the dust on the ground to fly around them. Demonic Fox was standing few meters away from them, but the shockwave still managed to cause her hair and clothes to fly up and down. Her gorgeous face had turned completely pale. She was shocked that they are so much stronger than her.

However, it was more shocking for her to find out that Chen was still alive! He had even forced Copper Clam to stagger back!

"Oh my God! This...This is not possible! Is there something wrong with my eyes?" Demonic Fox rubbed her eyes unconsciously. There was nothing wrong with her eyes!

"This is not possible...Absolutely not possible..."

Copper Clam took three steps back but Chen was still standing at where he stood earlier. He had delivered quite a blow to Copper Clam's state of mind! He never dreamt that the kid that he was so confident of smashing to possess this kind of power!

Copper Clam did not rush to land another hit on Chen. He squinted and took a good look at Chen.

"How old is this kid? I guess that he's only over twenty years old! How could he possess such huge power? Our leader; Long Aotian was not even as powerful as him when he was his age! This kid is definitely a prodigy! His future is going to be great if he possesses such destructive power at such young age!" Copper Clam thought.

Before all this, Copper Clam had not even bothered to take a good look at Chen. After this exchange, Copper Clam had a completely different view on Chen.

"Demonic Fox! Don't just stand there! Look for an opportunity to attack this son of a bitch! He is extremely talented! He is going to be a threat to us if we don't kill him today!" Copper Clam was an experienced guy in Jianghu. He could see the bigger picture than most people.

He will use any means necessary to reach his goal! Thus, he planned to work together with Demonic Fox to kill Chen. Only experienced people like then could make such decisions.

"This is not good..."

Chen did not feel good about his current circumstance at all. His combat power was slightly higher than Copper Clam but his health was much lower than him. Chen's punch managed to force Copper Clam three steps back, and Chen did not move at all. In reality, his fists were swollen and painful. His arms were almost paralyzed from the attack.

It was impossible for him to win this battle. That, and the fact that the Demonic Fox was going to attack him as well.

"Copper Clam! Just attack him! I will look for a good opportunity to attack this son of the bitch!"

Demonic Fox took out two Shurikens and locked on to Chen. She was itching to kill Chen.

"Eh? The way she holds the Shuriken is really familiar!"

Chen recalled something...

"I remember now! That's how the ninjas from Japan hold their Shuriken! The way that this woman moved last night is similar to how a ninja moves as well! It seems like, this woman is more complicated than I thought!"

"Son of the bitch! How dare you get distracted when you are battling with me?!"

Copper Clam shouted. "You will pay the price if you underestimate me!"

Brahnk...

Brahnk...

Copper Clam put his hands and feet on the ground. He inhaled and exhaled the air around him. It looked exactly like the Ultimate Clam Skill from the movie. Soon, his stomach got bigger and bigger like a giant balloon.

"Thunder Strike!" Copper Clam shouted.

He directed all his strength to his arms and feet. Four holes were formed under his arms and feet. Next, he charged at Chen with all his strength. It was as fast as lightning. That skill was powerful enough to destroy everything in his path!

"Such a terrifying burst!"

Demonic Fox swallowed her fears in. She could feel the shockwave few meters away. She would be disintegrated if she stands in his path.

"God Strength King Kong Kick!"

Chen did not panic. He directed all his Dragon Force to his right leg! It is a special skill designed by God Chejiao! The user's leg will become as hard as steel, and not even bullets can pierce through it!

That would make up for Chen's lower health. A stream of golden True Qi could be seen around Chen's legs.

POM!

Chen landed a strategic kick on Copper Clam's head. It was like Mars colliding with Earth. The explosive sound echoed through in the air. The kick managed to send Copper Clam flying some distance away. A crater was formed at where he landed.

"Is my attack finally working on him?" Chen got excited. The kick was used to destroy a mid-level ninja's leg! In other words, this kick was extremely powerful!

Rock sliding...

Copper Clam stood up with no injuries on his body!

"Kid! Your kicking skill is really unique! Unfortunately, it failed to break my defense! Your skill is utterly useless on me!"

Copper Clam started to laugh arrogantly, "You can't hurt my iron skin! That means I'm invincible to you! I want to see how are you going to fight with me when you use up your True Qi! Hahaha..."

"Shit...I will lose this battle..." Chen frowned.

Fushhh!

Fushhh!

With speed, Demonic Fox threw out two shuriken. She was aiming at Chen.

[Red Envelope Group of the Three Realms](#)

Chapter 319: One Slash And You Are In Half

Demonic Fox had chosen the best time to attack Chen. She tossed two Shurikens at Chen while Chen was distracted. Once it hits, Chen will be hurt badly, even it does not kill him. Unfortunately, Demonic Fox had underestimated Chen.

Fushhh...

He used Lightning Steps to turn around and caught the Shurikens with his bare hands successfully. It was as if Chen had the sight behind him!

"This woman! Why are you so willing to kill me? Then, I'm not going to show mercy to you anymore!" Chen looked at Demonic Fox and charged at her with his extreme speed.

"Copper Clam! Save me!"

Demonic Fox a shadow silhouette came in like a flash. She knew that it was impossible for her to dodge the attack! On the other hand, Copper Clam decided not to do anything about it. Even, if he does go and save Demonic Fox, it was impossible for him to catch up with Chen.

"This ends here! Get out of my sight if you don't want your partner die here!"

Chen was already standing behind Demonic Fox with the sharp end of a Shuriken placed on her neck; all to threatened Copper Clam.

"Hehe...Do you really think that you can threaten me with her? Too na?ve!"

Copper Clam laughed condescendingly and placed his arms and feet on the ground again.

Brahnk!

Brahnk

Through inhaling and exhaling, Copper Clam's stomach bloated up again. He had no intention of retreating at all! On the contrary, he was planning to attack Chen for the second time with his Thunder Strike!

"Copper Clam! You motherf*cker! You really don't care about me, do you?!" Demonic Fox was panicking. She knew clearly that Chen was not those kinds of men who will fall for a woman's attractive physical appearance! He will not show mercy to his enemies, no matter how beautiful the enemy is!

"Why should I care about you?"

Copper Clam laughed coldly and said, "You joined Hundred Beasts Faction for less than a year! I don't see you as my comrade at all!"

"No member from Hundred Beasts Faction is allowed to kill another member of Hundred Beasts Faction! This is the iron rule! What are you going to tell our leader if you kill me today!" Demonic Fox said nervously.

"Hehe...It seems like you don't know our leader well at all!"

Copper Clam grinned before he continued.

"He is a paranoid freak! Your fate was sealed when he got suspicious of you! He is the one who asked me follow you! Also, he told me to kill you if I find you acting weird! I don't need to tell him anything after I kill you!"

"This..." Demonic Fox was lost at words. Sadness was written all over her face. She never expected not to gain any trust from the leader at all. It has been one year ever since she became an undercover in the Hundred Beasts Faction.

"But, I'm loyal to Hundred Beasts Faction! Last night I went to Chen's house to poison him, and here I am now with you now to work together to kill Chen! Do you really think my loyalty is fake?" Demonic Fox was trying her best to defend herself. However, her face was filled with fear before she could finish defending herself.

"I will decide whether your loyalty is fake or real!"

Copper Clam shouted and charged at Chen and Demonic Fox like a meteor.

"Little Fox! I really pity you. But, we are enemies! Best of luck to you!"

Chen decided to give up on Demonic Fox when he realized that he had failed to threaten Copper Clam. He quickly used Lightning Step to dodge Copper Clam's attack.

"No!!!!"

Demonic Fox screamed desperately. Naturally, she became the target of Copper Clam after Chen left her there! Her body will suffer tremendous damage if Copper Clam managed to even touch her.

Fushhh...

Fushhh...

Chen tossed two Shurikens at Copper Clam while retreating with Lightning Step.

Krang!

Krang!

The Shurikens were deflected off Copper Clam when it came in contact with his head. His skin was as hard as metal! There were only two small dots on his head. His skin was not even scratched.

The legendary Golden Bell Iron Skin could stop bullets and knives. It seems like, that was no longer a false claim! Although Copper Clam had not reached that kind of level, his incredibly strong thick health pool can guarantee him victory in this battle.

"Little Fox, this is all I can do to help you!" Chen sighed. He was already standing few meters away from Copper Clam, but Demonic Fox was still standing there, petrified. She would have wanted to dodge Copper Clam's attack as well, but her response and speed were not fast enough to allow her to do so!

"No! My plan has not even started yet...I can't die here..." Demonic Fox wailed desperately. There was a secret mission that she had to complete. If she completes it, she will be able to stand at the top of the world! She would not want to die without achieving anything.

Shinnggg...

The sound of a sword unsheathing could be heard prominently at that very critical moment.

"There's a powerful elite here!"

Chen and Copper Clam shouted at the same time. They turned to the side and saw a person in black charging towards them. No one could see his face because he was moving faster than their eyes could trace! All they could see was the long sword that he held. The sword's edge was three fingers wide and it was three meters long! The back of the sword was similar to a Chinese sword. But, this is not a Chinese sword. It was a Katana! The specialty of Japan!

The light reflected from the sword like a silver phantom haunting the night!

"Who the hell are you? Stop!"

Copper Clam screamed as he saw the person was charging towards him with the Katana. Copper Clam had a huge body and he was flying in the mid-air as well. It was impossible for him to dodge the attack. Undeniably, the person in black had chosen the best time to attack Copper Clam. The hit will surely kill Copper Clam!

Ding!

[Cultivation: Middle phase of Qi refining stage, Health: 8000, Combat power: 8000!]

Chen activated his Netherspirit Battlescouter to scan the person in black.

"His combat power is not too powerful..."

Chen frowned and said disappointedly, "This slash can only hurt Copper Clam a little even if he manages to hit him..."

"I will be saved!"

Demonic Fox was really happy and excited. The look of complete despair was replaced with utter jubilant.

"Why is this woman so happy? It's not like that slash can kill Copper Clam..." Chen sighed.

Hmm?!

Chen was extremely shocked the next moment. He could not believe what he just saw!

"Wind!"

The Katana whistled through the air and it slashed through Copper Clam. His thick waist had been split open! The body of ten thousand health was split in two!!!

Oh, god!

That was too damn terrifying!

Everything that had happened in front of Chen was not what he had expected. It was no wonder that he was in extreme shock.

"Mr. Shantian! Thank you for saving me! Why are you here?! I thought that I was going to die!"

Demonic Fox shouted happily with fluent Japanese. She then ran towards the person with the Katana.

Vroommm...

Vroommm...

Vroommm...

At the same time, a few SUVs arrived at the scene as well. Over twenty to thirty people came down from the cars and surrounded the area.

[Red Envelope Group of the Three Realms](#)

Chapter 320: Tierce Tear the Katana

Chen took a good look at them and found that most of them were weaklings with a few hundreds of combat power. Chen was not bothered by them. He placed all his attention on the guy named Shanben. He was around forty years old with a medium size body, white hair, and a cool face. He looked like one of those power-hungry CEOs from a large corporate.

"This guy's combat power and health are at eight thousand! He could cut Copper Toad that had ten thousand health into two with one single slash! I think more than half of the credit has to go to the Katana!" Chen figured it out pretty quickly. He took a look at the shiny Katana. There was no blood on it!

There were some sword Qi surrounding the Katana. That was not the True Qi of Shanben. The sword itself was emitting its own Qi!

The Sword Qi, a material that was used to make the Katana, and the process of making it were all mysterious and unique. Earlier, Chen's God Strength King Kong Kick and the Shurikens could not even hurt Copper Toad at all! But, he was cut in half by the sword! Just like a hot knife through butter! Undeniably, the Katana must be some kind of a Divine Weapon!

"Ms. Yinmu... You are most welcome. It's my pleasure to protect you! You asked me why am I here, right? Please take a look at that!" Shanben sheathed his Katana and pointed at a certain direction. All the while, his attention never left Chen; like a python staring at its prey.

"Ms. Yinmu! It's so surprising to see you here!"

There was an SUV far away from Chen. A young gentleman placed his right palm on his chest and bowed at Demonic Fox. Looks like, he was pretty well-mannered. The true identity of Demonic Fox was not as simple as what Chen thought.

"Meichuan Neiku!"

Chen recognized that man immediately.

"Chen Xiaobei! I don't think that you expected my presence, right?" Meichuan laughed viciously.

"Yeap! I never expect that you are a man of your word! You owe me thirty slaps, and here you are, standing right there, waiting for me to slap you!"

Chen raised his eyebrows and said coldly, "Don't you worry! I will definitely give you some real good old satisfying slaps today!"

"Idiot! You bastard! Don't act like you are a boss here before you die!"

Meichuan shouted angrily, "I have purposely invited Mr. Shanben to come here to kill you! Don't even dream of slapping me!"

"Meichuan, you have some unsettled old score with this son of the bitch?" Demonic Fox asked.

"Yes! I'm here today to kill this bastard! It was a coincidence that we managed to save your life!"

Meichuan thought for a while and asked, "Are you close to that kid?"

"Not at all! Absolutely not! I want him to rot in hell as well!" Demonic Fox shook her head and screamed.

"Little Fox! You are one naughty dishonest girl!"

Chen grinned and said coldly, "We did interact with each other twice! How can you say that we are not close?"

"Chen Xiaobei! Stop your bullshit!"

Demonic Fox was so angry that her face turned red immediately. She opened up her eyes wide and said furiously, "Mr. Shanben! Please kill this bastard! I will reward you abundantly when we return to Japan!"

"Don't you worry, Ms. Yinmu!"

Shanben smiled calmly and held the Katana in his hand once again.

"That bastard will be another subject of sacrifice for my Tierce Tear! Killing him is easier than spreading peanut butter on my bread!"

"Tierce Tear?!"

Demonic Fox was shocked when she heard the name of the Katana. She couldn't help but ask, "That is the Katana that took our master swordsmith eighteen years to forge, right? The Tierce Tear!"

"You are right!"

Shanben nodded and said proudly, "This Katana took exact eighteen years to forge! It took another eighteen years to get ready to forge this Katana! This Tierce Tear took the effort of three generations of Shanben Family to forge! This is my dream Katana!"

"This Katana is really something! I'm pretty sure Tierce Tear will be listed as one of the ten most powerful and legendary Katana in Japan!" Demonic fox said seriously.

She sighed, "It would be an honor for Chen Xiaobei to be killed by this Katana!"

After hearing what Demonic Fox said, Shanben got even more arrogant. He said, "Today is the virgin battle of Tierce Tear! I need more than two person's blood to shower this Katana! Not only do I want to kill this kid, but I also want to kill everyone that is related to him as well!"

Meichuan laughed and said, "Right! Kill his parents! Kill that Murong Xiaoyao from Taekwondo Club as well! Lastly, kill that Lin Xiang from fencing competition! Kill! Kill! Kill! Hahaha..."

"Meichuan...Those people are innocent...I don't think we have to be so brutal and cruel..." Demonic Fox frowned.

"Ms. Yinmu, you can stop convincing me! This is my style of revenge! If one bullies me, I will return the pain to the person by a hundredfold!" Meichuan said in a determined tone. It was pretty obvious that nothing can change his mind right now.

"What a statement!" Chen finally talked after a period of being silent. His face had turned ice-cold, and his murderous aura reflected from his eyes and filled the air instantly. Family and friends were the final straw for him. He will never allow anyone to hurt them. The things that Meichuan said had crossed Chen's limit. He will show no mercy to those who threatened his friends and families.

"Meichuan Organization!"

Chen continued to say, "I will definitely destroy your organization when I go to Japan! Those who try to stop me will be killed!"

Meichuan laughed after hearing Chen's claim.

"Kid! I think there is something wrong with your brain! You are going to die today! How are you going to Japan? Your spirit? What a joke! Hahaha..."

"Don't worry...you won't die of laughing at me...Because I will kill you today!" Chen shouted. His powerful presence filled the air immediately. He started charging at Meichuan.

"Shit...That is so scary..."

Meichuan trembled. He felt the things that charged at him was not a person, but a beast! That beast that was going to devour him anytime soon!

"Shan...Shanben! Stop him! Don't let him come near me!" Meichuan was scared to death. Even he, started to scream like a woman.

"Both of you...Don't worry...One slash and that bastard will be dead!"

Shanben was very confident about himself. His left hand was holding a sheath, and his right hand was holding the Katana. He too, charged at Chen with his extreme speed!

Shinggg...

The Tierce Tear slashed open the starry sky. A silver phantom was charging at Chen. The power from the slash was three times more powerful than the slash that had killed Copper Toad earlier!

"Son of a bitch! You shall not pass!" Shanben roared. He turned into a bloodthirsty monster!

"You can't stop me! Meichuan must die today!"

Chen did not stop his attack. He faced Shanben's attack without any fear.
