Chapter 581: I Will Not Yield

"Bro Bei! Don't eat that!"

A nervous look could be seen on Yap Liangchen's face. Others might not know what the pill could do to one's body but Yap Liangchen knew the effect of the pill well enough to stop Chen Xiaobei from consuming it. That was the Bone Burning Pill!

One's combat power would be boosted temporarily after consuming the pill. However, the price of consuming it was one life year!

"You just took a bullet to your chest! Are you not going to make them pay for what they did to you?"

"No! No! No! I don't mind at all! It is totally unnecessary for you to sacrifice one life year for me!"

"Are you saying that we should surrender to them? Should I kowtow at them as well? Maybe I should go over to Bi Yuntao, hug his leg and beg him to let us go? Is that what you want to see?"

"This..."

Lost for words, Yap Liangchen was left in a daze. He knew that Chen Xiaobei was not the kind of person that would not yield to his enemies! Ever since he became Chen Xiaobei's follower, he had not seen him lower himself down to beg others for something.

Surrender?

Kowtow?

Beg?

There were the things that Chen Xiaobei would never do until the end of his days. Not even death could force to do these three things! To him, one-year's worth of life could never compare to his dignity!

"Bi Yuntao!!! Come at me!!!"

Right after he consumed the Bone Burning Pill, Chen Xiaobei let out a furious roar. He would rather die than yield Bi Yuntao.

"Bei... Bro Bei..."

With goosebumps prickling all over his body, Yap Liangchen could feel that his blood was boiling. At that moment, he came to a revelation. He finally understood why some people were never bound by limitations while others could not break the chains no matter how hard they tried. That was because the first kind of person would never yield to anything even if that meant death! However, the latter one would always yield, in fear of all kind of things that came their way, in order to survive! In the end, they would stay at where they stood, as moving forward would always seem like a step too big for them. Some might even walk backward and lose themselves in the process! That was the difference between these two kinds of people!

Taking a deep breath, Yap Liangchen beamed at Chen Xiaobei. He felt that there was no way that he could surpass Chen Xiaobei. However, it would be a pleasure to witness Chen Xiaobei stand at the top of the world!

"Old bastard! I'm going to chop you into thousands of pieces! Then, I will grind your bones to ashes and spread it everywhere!"

Right after he put down Bi Yunyao's body, he began to roar hysterically – making the whole space shake. As the saying went, extreme emotion would not do one any good on a battlefield! Bi Yuntao's emotions were heightened to the max when he realized that his brother was killed by Chen Xiaobei. Like a monster that lost his mind, all he wanted to do right now was kill Chen Xiaobei to avenge his brother.

"Bring me my saber!"

Along with his loud roar, his personal elite disciple handed him a gigantic saber. The saber itself was made of Dark Steel – making it really heavy! Its sharpness was sharp enough to slice through gold and jade, like butter! Lastly, a demonic head was carved on the hilt. Seemingly, this saber was bloodthirsty all the time!

His murderous intent filled the air immediately once he laid his hand on this saber. As expected, the temperature of the air around Bi Yuntao started to drop drastically. This would never happen if the weapon had not claimed countless lives!

"What a terrifying blade! Bro Bei! You have to be careful!"

Seeing that the aura exuding from the saber was enough to frighten the bystanders, Yap Liangchen was could sense fear taking over him. However, Chen Xiaobei was still calm as usual. Clearly, he was not shaken by Bi Yuntao's Qi.

Meanwhile, he too had a combat blade in his hand. This pitch-black blade was three meters long with dragon scales fully covering it. The hilt was the blade was shaped like a black dragon with a sharp claw hanging out. It looked just like a real dragon. With his True Qi being channeled to the combat blade, a sense of desolation was reflected from Chen Xiaobei while holding the blade. It was as if the demonic dragon itself set foot on this earth – waiting to crush everything on its path.

"T-This blade... Is even more terrifying..."

All thirty Yuntao Faction disciples took a deep breath immediately. Clearly, they knew that the blade that Chen Xiaobei owned was not any other ordinary blade.

"Demonic Dragon Apocalypse!"

Yap Liangchen's eyes were wide opened. Thought this was not his first time seeing Chen Xiaobei wielding this blade, he could still feel a huge amount of pressure – causing him to have difficulty in breathing. At the same time, Bi Yuntao had lost his mind entirely. He completely ignored the Demonic Dragon Apocalypse that Chen Xiaobei was holding in his hand!

"Die!"

With his eyes filled with blood, murderous intent reflected in his eyes. Following by his furious roar of fury, he pushed his True Qi to pinnacle phase. One could see that his crimson True Qi was burning like

fire. Him alone could be compared with an army with the way he charged at Chen Xiaobei – leaving everyone around him in a state of shock.

Having zero sense of fear in his mind, Chen Xiaobei held his blade and stepped on the Black Star Ganoderma without any hesitation.

"Old f*ck! You... You..."

Bi Yuntao almost spat out a mouthful of blood when he saw what Chen Xiaobei did. With his brother being killed and Black Star Ganoderma turned into junk, he was left with nothing! It was as if someone pushed him down to hell from heaven!

Other than Bi Yuntao, every single disciple from Yuntao Faction was left in extreme frustration as well.

Shiing

Demonic Dragon Apocalypse and Demonic Head Blade collided with each other. The deafening sound of metal screeching could be heard by everyone.

Shiing

Shiing

Shiing

Both sides were almost equally strong. Every few seconds, two blades would come in contact with each other. It was so fast that no one could really see what was going on.

"So powerful! How did that old fart possess such immense combat power? He is as powerful as our faction leader! It was no wonder that our vice faction leader was killed by him with a single hit..."

"Too fast! That speed is beyond terrifying! With only a few seconds, the ground is filled with dozens of slashes from the blades!"

"It seems like this is going to be a tough fight! We have to think of some way to help our faction leader! That old fart must die!"

.....

Frustrated, the disciples of Yuntao Faction held their weapons tightly – waiting for the right opportunity to attack Chen Xiaobei!

"The Bone Burning Pill is so powerful! With only half a minute, Bro Bei's combat power has increased by two thousand! I believe there is still space for improvement if the effect of the pill is fully activated! Hold on a little while longer! Bro Bei! You can win this fight!"

"But, those Yuntao Faction disciples are going to attack Bro Bei soon... I wonder if he can block all their attacks..."

The thing that Yap Liangchen worried the most finally happened!

"Bro Bei! Be careful!"

Swoosh

Bi Yuntao's most powerful disciple launched an attack on Chen Xiaobei. Seeing that Chen Xiaobei was vulnerable when he fought with Bi Yuntao, he used his long sword to aim at Chen Xiaobei's back. One could see that this person was extremely vicious. At that moment, Chen Xiaobei was focusing on combating with Bi Yuntao – rendering him defenseless on the sneak attack.

"Old fart! Die!"

His combat power was twelve thousand – making him quite a powerful disciple! His swift attack was close to Chen Xiaobei's back. This hit could definitely end Chen Xiaobei's life.

"There are two attacks coming at you! No way that you can block the attack from your back if you choose to block mine!"

Seeing that there was a golden opportunity, Bi Yuntao used all his might to swing his saber at Chen Xiaobei's head.

"You can have my back!"

Chen Xiaobei then turned around – leaving his back facing Bi Yuntao.

Chapter 582: A Crushing Kill

"Old f*ck! Are you insane?!"

At that moment, everyone's eyes and mouths were wide open. Who would have thought that Chen Xiaobei would leave his back facing Bi Yuntao's attack? It was no different from suicide. Even that disciples did not expect Chen Xiaobei would use this kind of suicidal strategy to fight in this battle.

'Does that mean Chen Xiaobei knew that he was going to be defeated and he wants to drag at least one person down to hell with him?'

A second ago, this disciple thought that his sneak attack would be a great success. However, he was pushed into the depths of despair when he saw what was about to happen to him. Chen Xiaobei's pitch-black blade was coming at him. In his eyes, the pitch-black blade was magnified – aiming at his head with lightning speed!

"How could this happen to me... Sifu! Save me!"

The disciple let out a scream of fear when he saw that he was about to be decapitated by the pitch-black blade. Initially, he wanted to stab Chen Xiaobei's back with his sword but his speed was significantly slower than Chen Xiaobei's. At that split second, Chen Xiaobei turned around and landed on the disciple's head without any mercy!

Swoosh

Like cutting a melon, the pitch-black blade managed to slice the disciple's head in half easily. Chen Xiaobei then swung his blade horizontally at him; half of his head was still attached to his body and the other half was sent flying somewhere else! The way he was killed was absolutely horrendous.

"Old geezer! I'm going slice you in half!"

Witnessing his most powerful disciple being killed by Chen Xiaobei, Bi Yuntao's anger was amplified once again. With all his strength imbued in the blade, it successfully landed on the back of Chen Xiaobei's head.

"Alright! We win the battle finally!"

Every single Yuntao Faction disciples were cheering when they saw Bi Yuntao's blade was about to land on Chen Xiaobei's head.

"Bro Bei!"

Immediately, Yap Liangchen let out a scream of terror. He could feel that his heart was going to jump out of his throat. However, something bizarre happened the next second! The swift and brutal attack from Bi Yuntao froze two centimeters on top of Chen Xiaobei's head. Without any reason and sign, the attack was stopped. It was as if something was blocking the slash from landing on his head.

All thirty pair of eyes were staring at Chen Xiaobei. However, they could not see what was the thing that caused the attack to stop!

Could it be a ghost?

Befuddled, they could not figure out what just happened. Actually, their guess was absolutely correct! It was a ghost that helped stop the attack.

The Ultimate Protective Puppet!

Some time ago, Chen Xiaobei acquired this skill from Yanwang. It always saved his life from lethal attacks like that.

"How dare you interrupt in the middle of a battle?"

Narrowing his gaze, his eyes turned into black holes, emanating a terrifying murderous intent. Right after he said what he wanted to say, he dashed at the rest of the disciples. All of them were not powerful but their sneak attack could be lethal and it was absolutely cowardly! Considering that the Ultimate Protective Puppet could only be used once in a day, his life would be in danger if one of them managed to land a sneak attack on him.

With a calm mind, Chen Xiaobei decided to deal with all these unnecessary nuisances first before dealing with Bi Yuntao!

"Wind!"

The attack from the pitch-black was like impending doom to them. All twenty-nine Yuntao Faction's disciples felt that fear was ravaging them mercilessly. A sense of invisible lethal force was getting closer to them. Like facing an ancient behemoth, they felt they could hardly breathe.

Phissh

First slash and one of them was decapitated.

"Brothers! Let's fight him together!"

Someone shouted and twenty of them charged at Chen Xiaobei. Seemingly, they were trying to use the crowd strategy to kill him. Like a wolf king, Bi Yuntao held on to his blade tightly with both of his hands and eyed Chen Xiaobei. He was going to wait patiently for his pack of wolves to attack Chen Xiaobei first. Once he saw an opening, he would kill him with his blade without any hesitation.

"Sword! Go!" Chen Xiaobei roared all of a sudden.

A crimson ray flew out from Chen Xiaobei's palm like a lightning at his enemies. The Crimson Turmoil was like divine solder set foot on this earth.

Phiish

A long line of blood was formed, which instantly penetrated one of the enemy's forehead, all the way to the back of the head! Other than him, there were three more disciples on the run were killed by the flying sword as well!

The first disciple's throat was penetrated, the second disciple's eyeball was penetrated, and the third disciple's head was decapitated!

Phiish

Blood was gushing out from their bodies like a fountain. All four of them were killed at the same time by that line of blood!

"W-What the hell is going on?! What the hell is that line?"

"Is that the legendary flying sword?"

"This is too damn scary! Four lives vanished in a blink of an eye!"

.....

The rest of the survivors were horrified beyond imagination. Initially, they were thinking of surrounding Chen Xiaobei but none of them had the guts to move an inch from where they stood now. Baffled, Bi Yuntao recalled a tale of the flying sword. One needed to possess the pinnacle phase of True Nirvana stage to be able to control the flying sword! Other than the top elites in War God leaderboard, there was no one else could do this in the entire world.

'Who the hell is this old man?"

Bi Yuntao gave Chen Xiaobei a puzzled look. Unfortunately, Chen Xiaobei would not grant them the time to even think about it.

Swoosh

The Demonic Dragon Apocalypse struck again! The blade whistled through the air and a perfect arc was formed in the sky. A pitch-black afterimage came crashing down to the surroundings like a black crescent moon, targeting at the spot where most people stood.

"Shit! Run!" Bi Yuntao shouted hysterically.

At that moment, he was the only person that could see the power of this slash. Others did not even know what was about to happen to them.

"Wind!"

The black crescent moon came crashing down on them like the sickle of the grim reaper! Six of them were sliced in half! The force from the blade landed on another disciple that stood quite far from the six of them. He was not cut in half but all his internal organs spilled out from this body due to one huge open wound on his stomach.

Swoosh

The Crimson Turmoil was as powerful as the crescent black moon. It killed another five disciples while Chen Xiaobei was killing others with his blade. Within a few seconds, half of Yuntao Faction disciples were killed and died in vain.

"Faction leader! Help! Don't just stand there! Help!"

The rest of them were screaming in fear. Considering that Chen Xiaobei possesses such terrifying strength, the rest of them would definitely be killed by him within three seconds!

"That... That old man's combat power is getting stronger and stronger... How could that be? The power of that slash was closed to twenty thousand combat power... Not even I... can block that attack..."

Standing there, Bi Yuntao was mumbling like a lost soul.

"Wind!"

"Wind!"

The rest of the people were finally killed while Bi Yuntao was still hesitating.

"It's your turn!"

An icy glare was directed at Bi Yuntao with the pitch-blade blade coming at him.

Chapter 583: Beaded Blood Amber Bracele

"Bro Bei! You are so damn cool!"

With his blood boiling. Yap Liangchen could not help but start to lift his hands to cheer for Chen Xiaobei. The pain from the wound was still bothering him but it could not stop him from getting excited.

During ancient era, a sword master could kill an enemy within ten steps. Now, Chen Xiaobei could ten enemies within one step. Within three steps, his sword and blade ceased the existence of thirty Yuntao Faction disciples! Such a shocking scene was enough to make any men in this world burn with passion to battle on!

Of course, it was enough to make the enemies pee their pants as well.

"You... How dare you keep your true strength hidden... Damn it..."

His hatred towards Chen Xiaobei was getting stronger and stronger but his state of mind was slowly occupied by fear.

"Just cut the crap! You are going to die anyway!"

A commanding aura emitted from each word that Chen Xiaobei uttered icily.

"I..."

Seemingly, Bi Yuntao could feel that Chen Xiaobei was getting more and more powerful as the battle prolonged. In contrast, his battle intent was getting weaker and weaker. Unconsciously, he took a few steps back to stay further away from Chen Xiaobei. This was the deterrent force of power!

Possessing an absolute power was enough to terrorize an opponent without fighting.

"You were pretty arrogant earlier! I thought you wanted to chop me into thousands of pieces? Why back out now? Also, did you really think I will let you leave this place alive?"

Tossing Bi Yuntao a condescending stare, Chen Xiaobei dashed towards him at lightning speed!

"D-Don't come near me..."

Shaking uncontrollably, Bi Yuntao could feel that he was suffocating. It was as if a bloodthirsty mad dragon was charging at him – turning him into ashes.

"Die!"

With no mercy or compassion, Chen Xiaobei took away Bi Yuntao's life like a reaper.

"Wind!"

With the pitch-black blade whistling in the air, the space was about to be split into half. Like a black dragon rushing out from the sea, its powerful aura engulfed the air instantly.

"No! No! Elder! Mercy please..."

All of Bi Yuntao's battle intent was gone. His hatred and bitterness were replaced by fear. However, it was useless to beg in front of death himself. Angering death was a wrong move.

Whoosh

The pitch-black blade swept past his neck. Bi Yuntao could feel a slight breeze.

Phiish

A head with eyes wide open fell from the neck to the ground. A stream of blood gushed out from the headless body like a fountain. Death had finally crossed paths with Bi Yuntao.

"What the f*ck! Bro Bei, you are so damn cool! You just decapitated him with a single slash! That was so satisfying to watch!"

Immediately, Yap Liangchen cheered. It was as if the huge boulder in his heart shattered! All his nerves and poles were rejoiced by a sense of satisfaction that he never felt before!

Whew

Chen Xiaobei let out a long sigh. He was proud that he never yielded to his enemies. Truly, it was a gratifying battle. A new belief was engraved in his mind – no matter the difficulties, one should never give up until the person reached the top of the world!

Ding!

[You have eliminated a second generated evil individual. 20,000 merit points have been awarded to you!]

Ding!

[You have eliminated a second generation evil individual. 20,000 merit points have been awarded to you!]

Ding!

[You have eliminated a big bad individual...]

Ding!

[You have eliminated...]

At the same time, the Netherspirit Battlescouter notified Chen Xiaobei about the merit points that he just earned. The two brothers from the Bi Family were second generation evil individuals. Both of them earned Chen Xiaobei a total of forty thousand merit points! On the other hand, the rest of the thirty disciples were categorized as sinful individuals. As compared to the bunch of enemies that he killed earlier, they were definitely more sinful! In total, all thirty of them earned Chen Xiaobei sixty thousand merit points! In total, he earned a hundred thousand merit points from this battle!

"This kind of people would do anything after they take the Pentad Crystal Powder! Killing them is doing a favor to the society!"

However, there was a question in Chen Xiaobei's mind.

"All of them were considered as Jianghu elites. How did they get their hands on a drug like that? I'm afraid something bigger is going on!"

Ding!

[Congratulation! You have been upgraded to Philanthropist the Third!]

Ding!

[Your current merit points is 380,000. You need another 520,000 merit points to be upgraded to next level! (Charm: 38,000. Luck: 38,000)!]

"Ten thousand merit points! Plus the twenty thousand merit points that I earned earlier! I have earned a total of one hundred and twenty thousand merit point during this trip! This is awesome!"

Delighted, Chen Xiaobei was really looking forward to the future.

"Other than that, my luck and charm are boosted drastically as well! Something good will definitely happen to me soon! What will that be? I'm so looking forward to it! Hehehe..."

After that, Chen Xiaobei controlled his Chaos Sword Essence to absorb blood essence from all the villains that he killed. At the same time, he withdrew a bottle of Hundred Herbs Potion from his chest to rejuvenate his lost energy and calmed his over-stressed body. The good thing about the Bone Burning Pill was that it allowed the user to boost his or her combat power and prevented the body from being injured by all those extra boosted combat power. However, there would still be unavoidable stress to the body – A Hundred Herbs Potion would help the body to recover to tip-top condition.

As for the one-year worth of life that Chen Xiaobei just lost, it was not possible for him to sense it right now. However, it would be recorded in the Life and Death Book of Yanwang.

"No doubt, the Bone Burning Pill can come in really handy. However, I think I should consume it with care. I need to strengthen my body to get ready for similar incidents..."

Thought Chen Xiaobei achieved a complete win today, he was not proud. Instead, he chose to focus on the future. Training to become more powerful was the key to face more powerful enemies in the future!

Buzz

Suddenly, the Chaos Sword Essence stopped on top Bi Yuntao's body.

"What is going on?"

Immediately, Chen Xiaobei went and checked it out. Seeing that his Chaos Sword Essence floated right on top of Bi Yuntao's chest, Chen Xiaobei knew that there was something important there.

"What is that?"

Having his hand reached out to Bi Yuntao's pocket, he found a Bead Bracelet! The weird part of it was its material. It looked like it was made of jade but its weight was definitely lighter than jade. Every single bead was blood red and within each one was cloud-like patterns. It was a rare item!

"That is Blood Amber! It's a type of amber. Judging from its look, I believe that the bead bracelet is made of top quality Blood Amber! And, it looks like an antique as well!"

"Eh?"

Using his Bagua Qi Observation Skill, Chen Xiaobei came to the same conclusion as Yap Liancheng.

"This is an extremely valuable antique!"

He could see a concentrated purple aura surrounding it. With that being said, this quality of this Bead Bracelet was the highest, among other antiques.

"Why is Chaos Sword Essence reacting at this Bead Bracelet? Could it be... The key of the Chaos Sword Essence lies within this Bead Bracelet?"

[Red Envelope Group of the Three Realms](#)

Chapter 584: Good Things Are Messed Up

"What's so special about this bead bracelet? The blood red color should be naturally formed. It's not real blood. If not, Chaos Sword Essence would have sucked it dry..."

Holding that bead bracelet in his hand, Chen Xiaobei could not figure out what was so special about it.

"Knowing that Bi Yuntao and his gang were in need of money, why didn't they sell this valuable antique for a huge sum of money? I think there is a huge secret lying within this bead bracelet!" remarked Yap Liangchen.

"Unfortunately, Bi Yuntao is dead. In other words, this secret died with him as well. It's impossible for me to figure out the secret without any luck..."

"Maybe I can ask an antique expert to take a look at it. Maybe we can know who it belongs to and where does it come from if we know when this was made..."

"This makes sense! Okay... I will leave this to you... Go and look for the antique expert that you mentioned!"

"No problem! One of my grandpa's friend is a professional at identifying antiques! However, he is in Egypt now. We might need to wait for some time before he comes back."

"I don't mind... No rush."

Seemingly, Chen Xiaobei was in a good mood. Not only he acquired a huge amount of merit points, he found something unknown but valuable.

'This is awesome!'

After that, the two of them cleaned up the battlefield and left immediately. No one saw them leaving, thus, they would not be tied to the disappearance of disciples of Yuntao Faction.

.....

Back in the city.

Immediately, Chen Xiaobei headed to Bei Xuan Faction. Three pairs of Child-mother Voodoo Worms were fully grown. He could use it on his enemies whenever he liked. Chen Xiaobei then put them into the empty bottles of previous Hundred Herbs Potions.

"Who should be my first lab rats? The Zhuang Family? Or the Yap Family?"

With his eyes narrowed, Chen Xiaobei was putting some serious thought about the usage of Child-mother Voodoo Worm. Knowing that he already made enemies with these two big families, sooner or later they would have to solve the conflict. Chen Xiaobei could turn the tide around when the war broke out if he planted the voodoo worms inside his enemies' body now!

"Maybe I should test it on Liu Chunyi first!"

Considering that Liu Chunyi was a hypocrite and a shameless bastard that used a fake Dragon Void Sword to con Chen Xiaobei, he had to settle this score with him sooner or later anyway. Though Chen Xiaobei had a list of candidates in his mind, he still needed good timing to execute his plan. The Child-

mother Voodoo Worm needed twenty-four hours to plant their roots in the host's body. It was not easy to acquire an opportunity to do it subtly to his enemies.

Ring

Suddenly, Chen Xiaobei's cell phone rang.

"Xiaobei, something bad happened! I need to see you right now!"

The voice of Song Qincheng could be heard from the other side of the cell phone.

"Okay. Don't worry. Tell me where to meet you."

Without wasting any time, he walked out the door while talking to Song Qincheng.

"I'm on the way to Xi Xiang Entertainment! Just come now!"

.....

At Xi Xiang Entertainment.

As one of the top companies in the entertainment industry, their power and scale were extremely huge. This luxury designed building was located in the middle of the city.

Inside the CEO's office, Shi Haoxiang was sitting on his leather chair with a sexy lady in his embrace.

"Feifei, your skin is getting more and more supple!"

With a lecherous look on his face, Shi Haoxiang's hands could not move away from the woman's body.

"Is that right? It's all thanks to Boss Shi's juices of nourishment! Without you, I cannot imagine where I would be now!"

"Hehe... You are getting sweeter and sweeter! Let me nourish you one more time!"

"No need to rush! Once the thing is settled tomorrow, you can nourish me a dozen times!"

Ma Feifei landed one of her fingers on Shi Haoxiang's chest, caressing it softly.

"A dozen times? Are you really that thirsty? You are going to milk me dry!"

With his tongue licking his lips, Shi Haoxiang looked exactly like a lecherous bastard.

"Boss Shi! You are a bad boy! That's not what I meant!" Ma Feifei mewled while grinding her body against Shi Haoxiang.

"Don't keep me waiting. Tell me, has tomorrow's problem been dealt with?"

"It's done! Done! There is no way that I will break my promise to you! Those three kiddos' show is canceled! Their singing and dancing show will be replaced by your show! Are you happy now?"

"Ah! Boss Shi! You are the best! I love you so much!"

Upon hearing the news, Ma Feifei screamed aloud and planted her red lips on Shi Haoxiang's sausage lips.

After the kiss, Ma Feifei could not help but ask, "But, I heard that those three kiddos are Zhang Wen's new rising stars. Is it possible for their show to be canceled?"

"Hehe... She may be powerful but I'm more powerful than her! The CEO of Fruit Channel is not happy with Zhang Wen. Also, he is about to retire. I have promised him that I will assign him as the vice president of Xi Xiang Entertainment once he retires! In other words, he's on my side now! He will do whatever I ask him to do!"

"Boss Shi! You are almighty! Love you... Love you... Love you... Love you..."

It was like Ma Feifei just took a Viagra pill. She kept on grinding her body on Boss Shi to please him.

Swoosh

The door of the office was being pushed open by someone. Song Qincheng was standing outside with a furious look.

"Ms. Song! You can't go in now..."

Immediately, a secretary appeared and attempted to stop her, but failed.

"Alright. You can leave us."

Shi Haoxiang waved a hand at his secretary.

"Yes..."

"My Song Goddess! To what do I owe the pleasure of seeing you here?"

Having his eyes narrowed, he was not nervous when he saw Song Qincheng standing in front of him. Instead, he slipped his hand inside Ma Feifei's shirt and started to ravage her body.

"What the hell have you done behind my back? Isn't the answer obvious?"

Clearly, Song Qincheng was mad. She had seen the effort that NeZha, Hong Hai'er, and Lin Nan put in their upcoming show – practicing for hours every day! To her knowledge, Shi Haoxiang somehow managed to cancel their show where it was supposed to air on Fruit Channel tomorrow. Set aside Song Qincheng, even a god would be angered by this despicable move!

"Hehehe! Song Goddess is really a top-quality beauty! You look gorgeous even when you are angry! Not even Feifei can compare with you!"

[Red Envelope Group of the Three Realms](#)

Chapter 585: The Pride of Chanism

"Boss Shi! How can you say something like that? I don't want to talk to you anymore!"

Ma Feifei was trying her best to please Shi Haoxiang. She even landed a few playful punches on his chest. However, she still failed to divert Shi Haoxiang's attention back to her. Looking at Song Qincheng, Ma Feifei's face turned gloomy. Being envious of her was the only thing she could do right now.

Her soulful eyes, elegant nose, seductive red lips, and onyx black long hair were enough to make Ma Feifei feel inferior. In office attire, her extremely voluptuous body figure could be seen. The combination of her ample bosoms, imp-thin waist, and long legs were the characteristics of a masterpiece!

Ma Feifei was after all an uprising superstar. However, she lost all her confidence in Song Qincheng's presence. Comparing with others was no different from a reality check.

"Shi Haoxiang! I'm not here to argue with you! I need you to clarify something with me!" said Song Qincheng angrily.

"Hehe... There is nothing to be clarified between us! Last time, you and your jungle man did something really horrible to me! Don't expect me to treat you politely!"

"There is no one to blame but yourself! We wouldn't have done those things to you if you did not mess with us! Have you forgotten the pain from your recovered wounds? How dare you mess with us again?! Don't blame me for not reminding you! I have called my hubby to come here to deal with you! Soon, he will be here! Seems like you are keen to take in some shit again! I will make sure my hubby satisfies your cravings later!"

"What?! You called your husband?!"

Shi Haoxiang took in a deep breath. Remembering the way Chen Xiaobei defeated his bodyguards with extreme strength, Shi Haoxiang's heart skipped a beat. He almost threw out the breakfast that he had earlier when he thought about all the shit that Chen Xiaobei forced him to consume last time.

"Boss Shi! What happened to you? You don't look well! Don't be afraid, Boss Shi! This is a company and there are a dozen security guards here! We can always call the police if our bodyguards can't deal with him!"

Ma Feifei tried to console Shi Haoxiang while touching his chubby face.

"That's right! I can call the police to protect me! The citizens of China are protected by laws! I will not hesitate to call the police if you guys try to harm me!"

"This..."

Realization dawned upon Song Qincheng and an uneasy feeling crept up to her.

During the last incident, Shi Haoxiang chose not to contact the law enforcement because the whole incident was just too embarrassing for others to know. However, this time was completely different. Chen Xiaobei would be sued by Shi Haoxiang and put behind the bars if he hurt him physically in his company!

However, NeZha, Hong Hai'er, and Lin Nan would lose the opportunity to perform in front of national TV if Shi Haoxiang was not being dealt with! Song Qincheng felt a tinge of sadness when she thought about how hard the three of them trained every day to be able to perform on stage flawlessly.

All their sweat and blood would be wasted if their opportunity to perform on the stage was canceled. Standing and watching this kind of unfortunate event happening would anger any ordinary human being!

'Based on their bold personalities, the three of them will definitely burn this building down if they know this horrible news!"

"What now? Afraid of me, right? I've been in the entertainment industry for more than thirty years! You guys are not even qualified to play this game with me!"

"What do you want from us? What do I have to do stop you from destroying our show?!"

Left with no options, Song Qincheng had to take a step back.

"What do I want? Easy! Take off all your clothes now and crawl towards me! Serve me well and I might change my mind!"

"Boss Shi... How can you do this to me? You have me. Why do you want that coquette to come into your life? I will not let this happen! No way..." Feeling nervous, Ma Feifei quickly used a sulky tone to make Shi Haoxiang change his mind. She was forced to serve the fat and ugly pig Shi Haoxiang to acquire the opportunity to perform on Fruit Channel! Remembering that she had come a long way to get to where she was today, she would never allow Song Qincheng to rob her of this golden opportunity!

"Boss Shi... My dear..."

Hoping that Shi Haoxiang would change his mind eventually, Ma Feifei continued to beg Shi Haoxiang in a sulky tone.

"Get lost! Who do you think you are? Look in the mirror! Do you really think your ugly look can compare with Song Qincheng? You are not even qualified to become her servant!"

To her surprise, Shi Haoxiang pushed her down to the floor.

"Boss Shi... You..."

Frustrated, Ma Feifei just wanted to kill herself right now. However, she knew clearly that Shi Haoxiang was always a heartless animal. He was the kind of person that would not hesitate to kick you down off the bed after having sex with him!

"What say you? Are you going to give me what I want? My goddess! You have five minutes to think about it! I'm going to have to have a meeting with my board of directors later. Otherwise, you'd miss this window of opportunity to redeem yourself!"

"You..."

With a wrinkled forehead, Song Qincheng kept on checking her phone for the time. There was no way in hell that she would give what Shi Haoxiang wanted from her! Her only hope was for Chen Xiaobei to get here as soon as possible since the whole thing had turned into a dead end.

.....

Somewhere in the heavenly realm.

Jiang Ziya and Lei Zhenzi were sitting beside the Golden Lotus Pond – enjoying their afternoon tea. A purple gold ancient mirror was floating in the air, showing the current scene of Shi Haoxiang's office.

"Shishu Jiang! You are really good at predicting stuff like this! Just like what you predicted earlier, the whole thing had turned into a dead end! There was no way for Chen Xiaobei to solve it!"

"Hehe... Everything is under my control. Once NeZha and Hong Hai'er lose this opportunity, they won't be able to recruit enough disciples in time! And, I will take back all the thing that Chen Xiaobei had taken from me!"

"That's right! A bet is a bet! Not even the Prime of Tongtian can protect him from that! Haha! This time, we are going to earn back what we lost! Next time, we are going to make him lose everything that he possesses! I want him to kneel in front of us and beg! By then, he will not dare to act tough in front of Chanism anymore!"

"Within these three realms, those who go against Chanism will pay the price! This is our pride!"

"That's right! No one can disrespect us! I wish time would pass faster! I can't wait to watch Chen Xiaobei's defeated look!" said Lei Zhenzi excitedly while rubbing his hands in glee.

"There's no need to rush! Everything is set in stone now! All we need to right now is wait for the drama to be unfolded! Isn't this a kind of enjoyment as well?"

With a smile on his face, Jiang Ziya was certain that Chen Xiaobei had lost this bet.

...

Inside Shi Haoxiang's office.

"Boss Shi! Boss Wei is here. Should we kickstart the board meeting now?"

A secretary came knocking at Shi Haoxiang's office.

"Yes! I'll be there in a while! Song Goddess! No more redemption for you guys!"

Chapter 586: Shi Haoxiang Acting Tough

"Hold on! The issue between us is not resolved yet!"

Song Qincheng was flustered. However, Shi Haoxiang did not bother to talk to her anymore. Promptly, he entered the meeting room.

Click!

With the door close, Song Qincheng was left outside the meeting room.

"Why is Xiaobei not here yet? Li Sanqian and the rest of them are going to lose their chance to perform on national TV if the problem is not solved today..."

Seeing that the whole thing was about to go sideways, Song Qincheng could not help but pace back and forth outside the meeting room with her cell phone in her hand.

Inside the meeting room, there were seven main shareholders of Xi Xiang Entertainment. The CEO of the company, Shi Haoxiang sat in the center seat, with a man in a suit and tie next to him.

"Boss Shi! What the hell is going on? This is our meeting! Outsiders are not allowed in here!" A white-haired elder among the seven shareholders said in a stern tone. The rest of the shareholders were not happy with Shi Haoxiang bringing in an outsider as well.

"Be patient, everyone! Let me introduce this gentleman to you! He is the CEO of Tian Sheng Finance, Mr. Wei Suo!"

"We don't care who he is! He is an outsider to us and outsiders are not allowed to listen to our conversation!"

"Hehe... I'm the CEO in this company! I have the power to do anything I like! I'm telling you guys that Mr. Wei Suo is staying!"

"Hmph! Keep up the tough act in front of us! You will fall someday! Recently, negative news about our company has been filling the stock market! The price of our stocks is going downhill like nobody business! And, you, the CEO of this company, Shi Haoxiang have already sold all your stocks in hand! What kind of CEO is this?!" The white-haired elder berated him furiously.

With the issue being brought up, the rest of the shareholders started to criticize him as well.

"Now, the people that bought our stocks are in a panic! With the speed of our stock price going downhill, I assume the price of the stock will drop to ten Yuan today! Our stocks are about to crash!"

"You, Shi Haoxiang are acting like a smartass here – selling all your stocks before this happens! Now, the people that helped you to build this kingdom are about to be pushed into the pits of hell! You are such a wicked person!"

"Our families will be destroyed if this company folds! We will haunt you for the rest of your life!"

"Motherf*cker! Now, you don't even have a single stock in your possession! With that being said, you are no longer the CEO of this company! Get lost!"

"Get lost!"

.....

All seven shareholders were mad as hell. They could not wait to chop Shi Haoxiang into thousands of pieces. On the other hand, Shi Haoxiang was acting like he did not care about it at all. Sitting on the chair with his leg crossed in a relax manner, he said, "I think it's time for me to tell you guys the truth! I'm the one that spread the all those negative rumors about my company!"

"What did you just say?!"

Everyone was left bewildered after hearing Shi Haoxiang's confession.

"I'm the one that caused the stock market panic by selling all my stocks! Bringing the stock price down to ten Yuan is my doing as well!"

A smirk could be seen on Shi Haoxiang's face.

"I understand now! You sold all stocks in high price. After that, you bring down the price of the stocks before you buy them back! In other words, you get to pocket the difference between two stock prices! These are all part of your plan!"

"Hehe... Well, I'm the experienced player here! You got it all right! I'm going to begin the process of purchasing all the stocks now! After buying all the stocks that I sold earlier, I'm still the CEO of Xi Xiang Entertainment! Now, forever and ever! Wahahaha..."

"This..."

Perplexed, they finally realized that all of them were fooled by Shi Haoxiang like monkeys in a circus! The frustrating part was Shi Haoxiang possessed sixty percent of company shares – which made him the biggest and most powerful shareholder of the company! Judging from his personality, he would definitely seek revenge after all seven of them rebuked him. Immediately, their hands and feet turned cold with sweat emerging on their foreheads.

"Boss Wei, you can begin now!" With an evil smile on his face, Shi Haoxiang gave the order.

"Alright. All I need is ten minutes!"

Immediately, Wei Suo started to execute the plan with his laptop. A huge sum of money was prepared earlier to purchase all the stocks. With him clicking the mouse non-stop, all Xi Xiang Entertainment stocks were purchased from all the other investors around the world.

"What happened? Do you guys fear of me now? Come on! Feel free to reprimand or hit me! Bunch of jokers! With your IQ, do you really think you can figure out my genius plan? Dream on!"

All of them had their heads bowed – afraid of looking Shi Haoxiang in the eye. They were so frustrated that they were about to cough out a mouthful of blood. Knowing that they were played by Shi Haoxiang, they somehow became the party that was wrong! No one had the guts to say a single word even though they were angry and upset. Shi Haoxiang was after all going to regain his power in this company. It would be suicidal if they continued going against him.

Seeing all seven of them speechless, he became even more arrogant.

"Did you guys learn something from this incident? This is what I call absolute genius! All seven brains were tricked by me alone! Do you guys have anything that you want to tell me? There is no way out for all of you except for surrendering to me! Hahaha..."

With the fear of breathing out loud, all their hearts sank.

"Alright! All done! Two hundred million stocks were purchased successfully!" declared Wei Suo after he stopped what he was doing earlier.

"Haha! This is great! Boss Wei, thank you so much!"

"All seven retards here, do you have anything that you want to tell me? Hahaha! Come over here and apologize to your daddy!"

Feeling excited, Shi Haoxiang started to mock all his shareholders with an arrogant tone.

"This..."

All seven of them were filled with hatred towards Shi Haoxiang. Thought they knew that Shi Haoxiang was a despicable, toxic, merciless, and prideful person, they did not expect that he would embarrass them by asking them to call him daddy! The line had been crossed!

"Why are you guys still sitting there? Don't blame me for firing all of you if I don't see any loyalty in you guys!"

A threat!

A real threat!

Even though they were being pushed to the edge, they did not dare to say anything to criticize Shi Haoxiang, as he had every right to fire them.

"You guys can't go in... You guys can't go in..."

Suddenly, a panicked voice could be heard outside the meeting room. However, the door of the meeting room was pushed open in the end. Astonishing everyone, Chen Xiaobei was holding Song Qincheng's hand while striding into the room. Even Song Qincheng was fazed. Half a minute ago, Chen Xiaobei arrived at Xi Xiang Entertainment. He then held Song Qincheng's hand and barged into the meeting room – leaving Song Qincheng in a state of confusion.

"Bastard! How dare you step foot into my company?! I'm going to contact the law enforcement to put you behind bars!"

Shi Haoxiang was filled with fury when he saw Chen Xiaobei.

"This is your company? I don't think so!" Chen Xiaobei smirked.

Chapter 587: Turning the Tide Around

"Xiaobei! Don't do anything stupid... Now that Shi Haoxiang has all the power to do anything he wants... NeZha and the rest of them will lose the opportunity to perform on national TV!" claimed Song Qincheng nervously, with her hand still in Chen Xiaobei's.

"Hmph! I'm glad that Goddess Song knows what's the right thing to do now! Kiddo! You better get a hold of this current circumstance! You are going to do whatever I want you to do if you want to make sure all three of them being taken care of! Now, kneel and lick my shoes!"

"Why should I do that?"

Without being shaken by Shi Haoxiang's threat, Chen Xiaobei actually wanted to laugh out loud. Upon seeing Chen Xiaobei's reaction, all seven shareholders were intrigued by him. They could not help but place their attention on him. Earlier, all of them were pressured by Shi Haoxiang to the point that they found it hard to breathe. However, Chen Xiaobei was not even shaken by his threat at all! He was definitely no ordinary person!

Filled with arrogance, Shi Haoxiang did not even take a second glance at Chen Xiaobei. Instead, he said in a haughty tone, "I'm the rightful CEO of Xi Xiang Entertainment! I have the power! I have the connections! I have the brain! I can fool retards like you around with my eyes closed!"

"Hehe... What if you are no longer the CEO of Xi Xiang Entertainment? What's left of you?"

"I..."

'I think I will be left with nothing if I'm no longer the CEO of Xi Xiang Entertainment! However, it's not possible that an unfortunate event like this would happen to me!'

Shi Haoxiang did put some serious thought into it.

"How is it possible that I will step down from becoming the CEO of Xi Xiang Entertainment! I will keep this CEO position in Xi Xiang Entertainment until the end of my days"

Lifting both hands, Shi Haoxiang was boasting aloud with a prideful look. His voice managed to trigger the curiosity of the employees. Many of them were standing outside to wait for the drama to unfold.

"Where did this kid come from? How dare he claim that he is on the same level as Boss Shi? Is his brain working fine?"

"I think there is something wrong with his brain! He is seriously ill! I'm pretty sure that he will be beaten up by security later!"

"Well, there is no one to be blamed but himself! Everyone in the entertainment industry knows that Boss Shi is not to be trifled with! Those who mess with him will definitely not end well!"

....

Looking at Chen Xiaobei with a condescending stare, the crowd criticized him non-stop. Song Qincheng became even more anxious after hearing the criticisms from the crowd. From the very start, this whole thing had already gone sideways. There was no way that Shi Haoxiang would change his mind after all the things that Chen Xiaobei did.

At that moment, Chen Xiaobei was the only person that could still remain calm.

"What if I tell you that you are really not the CEO of Xi Xiang Entertainment anymore?"

"Who is the CEO of Xi Xiang Entertainment if I'm no longer the CEO of Xi Xiang Entertainment? You?" Rolling his eyes, Shi Haoxiang replied in a condescending tone.

"That's right. I am."

Chen Xiaobei nodded his head with a casual look on his face. A simple statement like that managed to create an uproar! Baffled, the crowd started to regard Chen Xiaobei as a crazy person. Immediately, they started their mocking insults.

"This kid is truly insane! How can he say something this stupid?"

"If he is the CEO of Xi Xiang Entertainment! I'm the president of USA!"

"Then, I'm Buddha! Everyone knows how to talk shit like this! Retarded fool!"

....

The bystanders were mocking Chen Xiaobei like there was no tomorrow.

"Bastard! Did you hear what the crowd just said? I don't even need to say a single word! Haha!"

At the same moment, somewhere in the heavenly realm.

"That kid is a true idiot! He should really come up with a better lie if he is that desperate! What an idiot! I feel so satisfied when I watch him being criticized by others! Haha..."

Lei Zhenzi roared with laughter non-stop while holding his stomach.

"Hehe... Victory belongs to us this round! Easy! It's not even challenging at all!"

Jiang Ziya put on a smile while stroking his long and white beard.

"Soon, we will be able to take back the things that we lost! We can even blame him for not doing his job well in the group! I really can't wait anymore! Imagining it is not enough for me!"

Rubbing his hands in glee, Lei Zhenzi could not wait for the time to pass by faster!

Inside the meeting room, even Song Qincheng could not help but grumble.

"Xiaobei! This is a wrong move! You have no idea how much effort they put into their upcoming performance! You are going to ruin their chance of performing on national TV after you screw this up!"

"Don't worry. Since when have I disappointed you?"

Smiling calmly, Chen Xiaobei turned around, looked at Wei Suo and asked, "Little Wei, how's the stock purchasing?"

Little Wei?!

Everyone was shocked after hearing the way Chen Xiaobei addressed Wei Suo. To their knowledge, Wei Suo was the CEO of Tian Sheng Finance! He was the one that helped Shi Haoxiang to execute this billion-dollar evil plan! An individual like him just became a Little Wei to Chen Xiaobei.

Dazed, the crowd had no idea what was Chen Xiaobei trying to do.

"Bastard! How the hell do you know Boss Wei? And, how did you know that he was helping to purchase stocks?"

With fear knocking at his door, Shi Haoxiang yelled at Chen Xiaobei. However, Chen Xiaobei did not even bother to answer his questions.

"Boss Chen. Don't you worry! The purchasing of stocks is a success! Two hundred million Xi Xiang Entertainment stocks had been deposited in your personal financial account! From this moment onwards, you have acquired sixty percent shares of Xi Xiang Entertainment! With that being said, you are now the biggest shareholder! That makes you the CEO of Xi Xiang Entertainment!"

"What?!!!"

Upon hearing the shocking news, Shi Haoxiang felt like a lightning just struck him mercilessly. With his body shaking non-stop and left in a state of confusion, he was about to cough out a mouthful of warm blood! Meanwhile, the crowd outside the meeting room froze. Every single one of them found it really hard to believe that Chen Xiaobei had taken over the company.

"Please have a look at the monitor if you guys don't believe in me! Every single trade has been recorded!"

Wei Suo then lifted up his laptop and showed it to everyone. In the end, he placed it in front of all seven shareholders of the company.

"Wei! Suo! What the hell is going on?"

Like a wild boar being poked in the anus, Shi Haoxiang roared hysterically.

"Well, isn't the situation clear enough for you? Shi Haoxiang! You are being kicked out from this company!"

"You... This is fraud! How dare you use my money to purchase stocks and deposit all of them to this account? I'm going to sue all of you! Jail awaits you!"

"You are wrong! Boss Chen used his own money to purchase your stocks! I will return all the money to you later! Go ahead if you want to sue me! This has nothing to do with Boss Chen! Don't you forget that manipulating the price of the stocks is illegal by nature! Worse comes to worse, let's go to jail together! You are after all the mastermind and I'm just a nobody that followed your orders! You should know better than anyone who is going to suffer more in prison!"

"You... You..."

Shi Haoxiang pointed at Wei Suo while clutching his chest, his face contorted. He took a few steps back unconsciously with his body shaking uncontrollably.

Blarrggh

Still, he could not hold it in anymore. A blood rushed out from Shi Haoxiang's mouth, who collapsed on the floor after losing all his strength, with his face as pale as a sheet. It was as if he aged for ten years within seconds!

A few minutes ago, he was showering himself with praises. He did not expect that Chen Xiaobei could turn the tide around with only a few sentences. Leaving Shi Haoxiang no opportunity to defend himself, Chen Xiaobei managed to turn the tide around by unlocking this deadlock!

Chen Xiaobei then strode towards Shi Haoxiang and stared at him from above.

"You have ten minutes to clear all your personal stuff! After that, get out of this company! Fail to comply and I will have the security guards escort you out!"

Chapter 588: Ceo Chen's the Bes

"Your... Your company... Blarrgghhh..."

Feeling a sense of sharp ache in the heart to the deepest part of his soul, Shi Haoxiang coughed out a mouthful of warm blood. Without saying a word, Chen Xiaobei just watched him from far with a cold stare.

"Everyone... Help me please..."

Immediately, Shi Haoxiang turned to the rest of the seven shareholders and implored, "Xi Xiang Entertainment is the kingdom that we built together... Please help me..."

"Dream on! You treated us like fools as while you schemed behind our backs! Then, you treated us like bitches when you got what you wanted! Now you're asking for our help when you lost everything? Dream on! I, myself am approving of CEO Chen as the biggest shareholder of Xi Xiang Entertainment!"

"That's right! Now, you are telling us that you built this kingdom with us? What were you saying just earlier? I, too agree to let CEO Chen become the biggest shareholder of Xi Xiang Entertainment!"

"No! The name, Xi Xiang should be erased from the entertainment industry completely! From now on, Xi Xiang will cease to exist! No more Shi Haoxiang!"

"All of us stand with CEO Chen! Security! Please escort Shi Haoxiang out of the premises!"

....

All seven shareholders stood their ground, not a single one supported Shi Haoxiang! Knowing all his dirty deeds, all of them could only harbor feelings of hatred towards him. They could not wait to exile Shi Haoxiang from the entertainment industry!

Blarrgghh

Once again, Shi Haoxiang vomited a mouthful of warm blood. This die-alone ending was too much for him to bear. In the end, the security guards had to carry him out of the building. Seeing what had happened, all the employees of Xi Xiang Entertainment were so terrified that they almost peed their pants.

"CEO Chen... We are sorry... We shouldn't look down on you... It's all our fault... Please don't lower yourself down to the same level as us... We will not make the same mistake anymore..."

The sound of begging could be heard outside the meeting room. Some of them even started to slap themselves non-stop. Knowing that Chen Xiaobei was not the CEO of the company, he became the person to decide their fates in this company.

"It's good that you guys know that you are at fault and willing to make changes! Don't worry. I will not hold any grudges against any of you here! Just put more effort in your work!"

Upon hearing Chen Xiaobei's announcement, all the employees let out a sigh of relief. They were grateful for mercy. If Shi Haoxiang was still the one that was in charge of this company, every single one of them would suffer greatly if they offended him. When the two of them were put in comparison, Chen Xiaobei was definitely tens of thousands times better than Shi Haoxiang.

At the same moment, somewhere in the heavenly realm.

Cough

*Cough

Cough

Lei Zhenzi choked in his own saliva while he was laughing at Chen Xiaobei.

"How... How can this be..."

"This whole thing was supposed to be a deadlock... How did this unforeseen changes come by? This is not possible..."

A few minutes ago, the two of them thought that they had everything under control. Knowing that they could defeat Chen Xiaobei, they even started to laugh at Chen Xiaobei's stupidity and boasted of Chanism's pride and glory. However, all those things that they did became dozens of invisible slaps on their faces.

.....

"Qincheng, please come here."

While Song Qincheng was still in a daze, Chen Xiaobei pulled her to the chairperson's seat and sat her on it while holding on to her elegant shoulders.

"Xiaobei? What are you trying to do?"

Finally, Song Qincheng recovered from her state of bewilderment.

"Sit down. I want to announce three important matters while everyone is here!"

"Firstly, Xi Xiang Entertainment will be renamed to Qin Cheng Entertainment!"

"Secondly, Song Qincheng will become the vice president of this company! She will be representing me to deal with all the matters in this company!"

"Finally, every single employee from this company, from vice president to cleaner will receive a ten percent increment in salary! Just make sure to help Boss Song with her work and I will make sure everyone will receive different kinds of benefits from time to time!"

Upon hearing Chen Xiaobei's promises, everyone was delighted.

"Increment! Oh my god! Am I hearing it wrong? I have been working in Xi Xiang Entertainment for five years and I have never heard of the word, increment!"

"And, we are going to receive even more benefits in the future! Suddenly, I feel like my future is full of hope!"

"CEO Chen, don't you worry! We will definitely try our best to help Boss Song with her work! We will fight for the company and our future at the same time!"

"Boss Chen is the best! Boss Chen is the best!"

.....

Everyone was cheering for Chen Xiaobei. Knowing that the company's benefits were tied closely to their own benefits, all the employees were filled with motivation to help the company to grow even more! It was a win-win situation for them.

"Xiao... Xiaobei... Pinch me... Am I dreaming?"

One exciting event after another, Song Qincheng found it hard to believe all the good thing that happened around her. Never even in her dreams, would she imagine that the biggest company in the entertainment industry, Xi Xiang Entertainment would turn into Qin Cheng Entertainment! As for herself, she was promoted from a small-time president of a small company to the vice president of this big company.

"Pumpkin, of course it's real! Have you forgotten that I told you that Qin Cheng Entertainment will become the biggest company in the entertainment industry? Now, you are on the same level as Zhang Wen."

"I-I remember that. But, I just find it hard to believe that you made it come true so quickly!"

"Well, that's because your man is fast and efficient at everything that he does!"

With his chest puffed out, Chen Xiaobei was filled with the sense of achievement.

"Well, it is really fast and efficient. However, when we make love, please don't make it fast!"

Upon hearing Song Qincheng's flirtatious words, the beast within Chen Xiaobei's heart was unleashed! Since the last time he had a taste on making love with a woman, he found it really hard to resist his urges.

"We can't do it today! I still need to deal with Li Sanqian's matter. I must talk to Fruit Channel as soon as possible to avoid disappointment!"

Blarrgghh

Chen Xiaobei almost coughed out a mouthful of blood to the ceiling after being cock blocked.

'Why did you seduce me if you know we can't do it today? This is not good for my manhood! It might cause impotence!"

Seeing that Chen Xiaobei was frustrated, Song Qincheng felt kind of guilty. She then said in a soft tone, "Tomorrow night! I will let you do whatever you want to do to me after their show ends! Deal?"

"Okay. Remember what you promised me."

Actually, he was thinking about their performance and the bet with Jiang Ziya and Lei Zhenzi. Without dealing with these two, he would not be able to enjoy a great lovemaking session as well.

Tomorrow night!

A lot of things would be decided after they performed on stage for three minutes!

Chapter 589: Huge Earnings

The issue went by smoothly as everything was set in stone. Converting a shell company to a real company was more than enough to prove that her gorgeous looks did come along with her extraordinary capability. She was just like the one and only female emperor, Wu Zetian. Not only did she possess beauty that made two emperors from the Tang Dynasty fall for her, she had great talent to rule a country as well! That was why Chen Xiaobei was more than happy enough to hand over the company for Song Qincheng to handle.

With the help of seven shareholders and all the other employees, Song Qincheng managed to get used to the company's routine in a short period of time. The handover was smooth, as she had experience in the entertainment industry for a few years and managed an entertainment agency company. After that, Song Qincheng went looking for the CEO of Fruit Channel with her new identity to build a better relationship.

Basically, right after Shi Haoxiang was kicked out from this game – Song Qincheng could see the pros and cons of everything that she had to deal with. Meanwhile, the CEO of Fruit Channel was not dumb at all. Knowing that the tree that supported him had fallen, he would definitely not cling on to it. Let alone going against Song Qincheng and Zhang Wen. Immediately, he changed his mind after he met Song Qincheng.

With that being said, NeZha, Hong Hai'er, and Lin Nan's performance would carry on as usual.

.....

The day went by faster than anyone expected and was now the second day. After dinner, Chen Xiaobei and his family were sitting in front of the television. Murong Xiaoyao was helping Zhang Chui'er make tea and cut fruits. Chen Zhongfu, Murong Tian, and Jin Liu were talking about bonsai. Even Old Wang shifted all his streaming equipment to livestream the performance to his three hundred thousand fans.

Of course, the busiest person in the room was none other than Chen Xiaobei. He had to promote this upcoming show to his Weibo. With the help of his fans, NeZha, Hong Hai'er, and Lin Nan's performance would be promoted to the whole internet. Thought Chen Xiaobei had not logged in and manage his Weibo account for some time, his fans had increased to seven hundred and fifty thousand due to his recent boost in charm! They were extremely loyal and active as well. Right after Chen Xiaobei told them to share the performance with others – Weibo, QQ Group, their circle of friends, Baidu Tieba, and other forums were filled with their shared posts.

With the help of group power, three million people were attracted to watch the performance. Chen Xiaobei helped all three of them created a shared Weibo account before the start of the show and people from around the world had already started following them.

Considering that the audience rating for Fruit Channel's golden hour was extremely high, bringing in more fans had never been so easy since most of the audience were teenagers. In other words, Chen Xiaobei had won the bet.

"The show begins now! Begin now! Everyone! Come quick!" Murong Xiaoyao squealed. Her gorgeous and big eyes were filled with curiosity and anticipation.

On the stage, NeZha, Hong Hai'er, and Lin Nan walked out from the backstage at the same time. The combination of their good looks, fashionable hairstyles and clothes, and their professionalism that they had been practicing all this while managed to make everyone screamed when the light shone on them.

"Nice! It is really them! This is great! They are going to have a promising future!"

Zhang Chui'er could not stop smiling. At the same time, Chen Zhongfu and Jinliu nodded their heads with a smile on their faces as well. Murong Tian was really good at judging others. Upon watching their performance, he said in a calm voice, "All three of them are actually pretty good at what they are doing! With their handsome looks, I'm pretty sure they will become famous really soon!"

When the music played, all three of them started to dance and sing. The song that played while they were performing was a fast-paced song. Supposedly, the difficulty of this performance was extremely high since they needed to sing and dance at the same time. However, their hard work finally paid off. Their performance had managed to make everyone fall for them immediately.

Their performance lasted for around four minutes and it was more than enough for everyone to cheer for them! On the internet, Old Wang's streaming room was flooded with praises about all three of them. The number of people following them increased tremendously on Weibo as well. Soon, they were going to have one hundred thousand fans following them! With this speed, overtaking Chen Xiaobei was just a matter of time.

"Celebrities and internet sensations are actually very different. Considering that they just stepped foot in entertainment circle not too long ago, millions of fans are going to go after them if they become really famous in the future! What that being said, those deities that are about to travel down to the human realm to carry out the mission could be turned into superstars through Qin Cheng Entertainment! Recruiting disciples would be easy! Well, that's the future! Now, it's time to look for Jiang Ziya and Lei Zhenzi to claim my reward! Hehehe..."

Needless to say, recruiting thirty thousand disciples out of hundreds of thousands of disciples should be an easy job. Though their ten-day deal was not reached, the result of the bet was already revealed.

Entering the Red Envelope Group.

Chen Xiaobei: @Jiang Ziya, @Lei Zhenzi. Show your face! It's time to conclude out bet!

Jiang Ziya: Shidi Xiaobei, it's not time yet. Why the rush?

Lei Zhenzi: That's right! The time that we agreed on is ten days! Today is only the seventh day! There's no need to be rush!

Chen Xiaobei: Little Lei, have you forgotten something?

Lei Zhenzi: Err... I hereby welcome Shishu Xiaobei to enter the group. 😊

Chen Xiaobei: What a good boy! 😊 I know this is only the seventh day but NeZha and Hong Hai'er had already recruited enough disciples for me to win the bet! There will be more disciples go to them if you plan to delay longer! Both of you should have known that you guys have lost this bet! There is no way for you to deny the result of this bet! Just give me what you promised and be free from this debt!

Jiang Ziya: But... What if something changes in the next three days?

Chen Xiaobei: Please stop lying to yourself... There are three days left. All they need to do is stay at home. Enlighten me! What kind of changes will happen to them?

Jiang Ziya: This...

Lei Zhenzi: Shishu Xiaobei, can you make an exception this time?

Chen Xiaobei: What do you think?

Lei Zhenzi: ...

Chen Xiaobei: Cut the crap. There are so many witnesses in this group. There is simply no way for you guys to break your promises! Give me the items that you promised me! I need to attend to some important matters!

With that being said, Jiang Ziya and Lei Zhenzi were rendered speechless. The two of them were after all the reputable deities of Chanism. If they were to break the promise, Chen Xiaobei would definitely humiliate them in the group. In the end, both of them and Chanism would be embarrassed.

"Got my Red Envelope! This earning is huge! Wahaha..."

Feeling extremely excited, Chen Xiaobei quickly informed his parents that he wanted to head out.

"Sister Qincheng! Here I come!"

Chapter 590: A Shocking Discovery

Ding!

[Your current merit points is 580,000. You need another 320,000 merit points to proceed to the next level! (Charm: 58,000. Luck: 58,000)!]

"This is freaking awesome! Taking two hundred thousand merit points in one go! My charm and luck have increased tremendously since I just received a huge sum of merit points! Something special will happen soon! I believe that the exciting matter that I'm going to do tonight will be smooth sailing! Hehehe! "

While walking to the garage, Chen Xiaobei had some exciting thoughts flowing in his mind.

Upon reaching the garage, Chen Xiaobei did not drive the car that he usually drove. Instead, he kept the car inside his treasure chest. The size of the car is smaller than the dragon's dick that he acquired earlier. Putting the car into his treasure chest was no trouble at all.

"Next, let me try the Somersault Cloud! I want to be as cool as the legendary Monkey King! Wahaha!"

Smiling excitedly, Chen Xiaobei could not wait to withdraw the Somersault Cloud from his treasure chest. Rays of golden light emanated from the cloud that was as small as a palm. It looked like a cotton candy floating above Chen Xiaobei's palm – so magical!

"What a good item! Its spiritual strength is no weaker than the Thunder Pool Tesseract!"

Chen Xiaobei was examining it slowly. Through the spiritual bridge, he managed to build a spiritual connection with it. Now, he could control it with his mind like how most of his items worked.

Fwoooo

Chen Xiaobei blew at it and the Somersault Cloud started rolled in the air three rounds before it expanded to a meter wide.

"Can I stand on it now?"

Both of his eyes were shining bright, as if he had reclaimed his childlike innocence. He was filled with a mixture of nervousness and anticipation. With his right leg lifted, he tried to step on the cloud. The Somersault Cloud did not disperse like a fog, instead, his leg was wrapped by a few small clouds.

"This is so magical! It was as if the Somersault Cloud has become part of my body!"

Filled with excitement, Chen Xiaobei placed his left leg on the cloud as well. While he stood steadily on the cloud, he could feel that he was walking on zero-gravity ground, like in space. It was simply amazing!

"Rise!"

Immediately, the Somersault Cloud started to rise in mid-air.

"Damn! Success! I can finally ride with this cloud!"

At that moment, there were no words to describe his feelings. He was riding the Somersault Cloud like a deity. To most of the people, this had always been their childhood dream. This beautiful dream had finally come true for Chen Xiaobei! According to the Monkey King, this Somersault Cloud was made of Divine Prosperity Cloud. Though it was not meant for attacking, it could bring a person traveling hundreds of thousands of miles every day.

To an ordinary human being like Chen Xiaobei, this Somersault Cloud was just too damn cool!

"Let's go!"

With that command, the Somersault Cloud sped into the high sky. It was so fast that there was no way for the naked eye to spot it. Like a meteor, it created afterimages in its trail under a starry sky!

"This is so satisfying!"

Speed and passion had brought forth a sense of feeling that Chen Xiaobei had not felt before. He could feel that adrenaline was rushing and blood was boiling in his body.

...

In less than two minutes, Chen Xiaobei arrived at ex-Xi Xiang Entertainment and it had been renamed to Qin Cheng Entertainment. After seeing a room with no people inside it, Chen Xiaobei flew into it. He then kept his Somersault Cloud in his treasure chest and walked to the floor where Song Qincheng worked. It was already nine in the evening but there were still a lot of people working inside the building. They were moving box and box of stuff into the inventory.

"Boss Chen... Boss Chen..."

Upon seeing Chen Xiaobei step foot in the office, all the employees greeted him politely. Out of politeness, Chen Xiaobei nodded at them.

"Why are you here so early? I thought we are supposed to meet at nine thirty? I think I need ten minutes more to finish my work!"

Standing in front of the inventory, Song Qincheng had a small booklet in her hand – keeping track of inventory. A sweet smile appeared on her face when she saw Chen Xiaobei walking towards her.

"I can't wait to see you. Is there a problem? Recently, you have been dealing with Wen Yuan and Sanqian's group performance. I know it has been a rough journey for you! You should just leave all these small matters to your employees. It is not necessary for you to attend to it personally."

"That's a big no! All these props here are extremely important! Zhang Wen needs all of them for the Grand Tale of Tang Dynasty! She is my most important work partner! I have to treat all these props with care!"

For sure, Chen Xiaobei did remember that Zhang Wen and Shi Haoxiang used to work together to direct this musical show. Now that Shi Haoxiang was kicked out from the entertainment industry, Zhang Wen had to deal with Song Qincheng. With that, this musical show would become her first ever assignment after taking over Xi Xiang Entertainment. This would determine whether she could stand strong in her new company. Dealing with all the matters personally had become a priority for her.

"Relax. Don't worry about all those problems! It's really no big deal! I'm here to solve them for you!"

"You are really good at taking good care of me! Seeing that you are such a caring person, I have to work even harder to make sure that I will not become the spoiled woman that caused you to spend hundreds of millions to buy this company!"

"A problem is not a problem when money can be used to solve them! You can use my money however way you like it as long as it makes you happy!"

"Eeek..."

The way her soulful eyes looked at Chen Xiaobei, one could tell that she was getting aroused. Chen Xiaobei's speech was like honey to her. All the while, she liked listening to Chen Xiaobei's sweet talk – leaving her with no resistance against his dominance. She would definitely make love with him right now if there were no people around her.

"Boss Song, this box contains Wu Zetian's accessories. Director Zhang mentioned that we need to take good care of this box. Everything inside must be accounted for!"

A young employee held a jewelry box and walked towards Song Qincheng. Dozens of jewelry could be seen in different compartments when the box was opened. Though they all looked shiny, Chen Xiaobei could see that all of them were just stage jewelry with no real value.

"Okay. You can leave them in my office. I will check them out personally later."

"Hold on!"

Suddenly, Chen Xiaobei was shocked to see a special bead bracelet. Though it was made of plastic, its shape was exactly the same with the Beaded Blood Amber Bracelet that he found on Bi Yuntao.

Lifting the bead bracelet while looking at the young employee, Chen Xiaobei asked in a solemn tone, "Did you just say that this bead bracelet belongs to Wu Zetian? Are you sure?"
