#### Chapter 781: Lucky Goddess

"Jing Fei! Fire Boss!"

Chen Xiaobei felt really good for meeting them after being separated for such a long time. During his time in Green Vine City, the two of them were his most trusted allies. Like his right and left arms, they had helped him to get a lot of things done. Ever since the Fire Boss became the most powerful person in Green Vine City, he decided to color his red hair to black and combed his hair backward. And he was dressed in a suit and tie as well – looking like a big boss.

On this trip, he had brought his wife and child along with him since they were going to celebrate the Lunar New Year together. Looking at his wife, she was an ordinary looking woman but she did look like she was a kind and family oriented lady. On the other hand, the Little Fire Boss was still a ten months old baby with a chubby face that looked like glutinous rice balls. He was sleeping in the cradle adorably.

As for Jing Fei, he was still helping Chen Xiaobei to manage Beicheng Jewelry Shop, Kidney Treasure, and First Love Peach. Now, he could be considered as one of the most successful and influential businessmen in Green Vine City. However, his love life was really complicated and messed up. Considering that he changed his girlfriend every two to three days, he did not have a partner that was in serious relationship with him. In the end, he had to travel to Paradise Island alone to meet Chen Xiaobei.

"Let's go! Come home with me!"

Chen Xiaobei waved his hands and brought them back to Wolong Mansion.

.....

After a simple introduction, Chen Xiaobei's family had already started to treat them like family. Needless to say, Little Fire Boss became the center of attention. Everyone wanted to hold this adorable little glutinous rice ball in their arms. Feeling excited, Chen Xiaobei's mother kept on urging him to get married to Luo Puti and have kids as soon as possible. This frustrated him as his relationship with Luo Puti had yet to flourish but his mother was already treating Luo Puti as her daughter-in-law.

Now, he had to worry about the upcoming martial arts competition and capturing the heart of Luo Puti. These two things were not going to happen anytime soon. Considering that the date of the martial arts competition was not set yet, it seemed like it was going to be held after the Lunar New Year. Something could be happened during the waiting period and caused the martial arts competition to be delayed.

Seeing that his mother would not stop nagging him, Chen Xiaobei told his mother that he had to call somebody as an excuse to get away from her. Those that were going to fly to Paradise Island were finally here. Immediately, Chen Xiaobei called Focker and asked him to prepare a private jet to pick them up three days later to Paradise Island. That was in the morning on the eve of the Lunar New Year.

Right after that, Chen Xiaobei made another call to Li Xiang. He was the blood descendant from China – grand duke of the Deathbane Family and also Chen Xiaobei's ally. Earlier, the two of them were planning to fly to Japan to look for the ninth piece of Yamata no Orochi's scale. Considering that Chen Xiaobei was

rather occupied recently, he had to delay the trip. That was why he wanted to call Li Xiang to apologize to him and greet him.

He wanted to make sure that Li Xiang to prepare to fly to Japan with him after the first day of the Lunar New Year. Initially, Chen Xiaobei wanted to carry on with his training after calling Li Xiang. With Emperor Health Ultimate Enhancement Skill, he could gain another 3,000 health in three days!

However!

Just when Chen Xiaobei wanted to head back to Bei Xuan Faction to carry on with his training, he received an unexpected call. It was a number that he had never seen before.

"I'm Liu Xuanxin . 1 "

Chen Xiaobei was taken aback after he heard a sweet voice talking from the other side of the phone. Immediately, he could not help but think of the previous lucky incident that he encountered when he was with her.

"Hello? Chen Xiaobei? Can you hear me?"

Feeling frustrated, Liu Xuanxin started to doubt that she had the wrong number.

"Could it be I remembered his number wrongly?"

"You are not wrong! I can hear you!"

"I have managed to trace back the origin of my birth... I was an orphan. Because of my talent, Liu Xiyuan took me into his faction and nurtured me. And he also admitted that he planted the hexworm in my body. After that confrontation, he kicked me out of the faction."

"Hmph! That bastard! I bet he kicked you out of the faction because of his heavy injuries! What a joke! You should take this opportunity to kill him! You should know better than anyone that he is going to come after you after he completely recovers!"

"He is after all the man that raised me. Letting him live is my way to repay him. From this moment onward, I want nothing to do with him anymore! I will definitely fight with him with all my strength if he decides to come after me!"

"Pumpkin! You will not be able to defeat once he completely recovers!"

"That is the future! No one knows what is going to happen! I will train harder to make sure that I can surpass him someday!" said Liu Xuanxin confidently.

Actually, she had all the right in the world to make such a bold claim. Though she was only one year older than Chen Xiaobei, she had already possessed 45,000 combat power! Her natural talent was just like her beauty – able to surprise anyone at any given time. With enough resources, she could surpass Liu Xiyuan in no time.

"Alright. You should just take it slow for now. By the way, I don't think you have a place to stay, right? Do you want to come and stay with me for now? You can celebrate the Lunar New Year with my family."

"No!" said Liu Xiyuan without hesitation.

Clearly, she was not ready to face Chen Xiaobei. The reason why she called Chen Xiaobei was that there was no one else for her to talk to.

"Ugh... I'm sorry for being so rude... After all, we are not that close... In any case, I would like to wish you an early Happy Lunar New Year! You can always call me if you need me!"

"Happy Lunar New Year, Chen Xiaobei..." mumbled Liu Xuanxin.

"How did you know my name? I have never told you my name before! And I did not take off my mask on that night as well! Tell me! Who are you?!" Chen Xiaobei asked grimly.

Knowing that his identity was revealed, Chen Xiaobei knew things were about to become really serious. He would have to face the most powerful enemy from the God of War Leaderboard if Liu Xiyuan knew about it. Instead of worrying for himself, he actually felt more worried about his family.

"Don't get so worked up. Listen to my explanation first... I was just being curious. That was why I went to the National Registry of Cellular Numbers to check on your number. With my connection, I manage to know your name real quick. Don't worry! I will never tell anyone about it!"

"National Registry of Cellular Numbers?! Shit!"

"You really are my lucky goddess! You have reminded me of something really important! I have to go first. I have to deal with the matter as soon as possible!" Ah goddess 😊😊

#### **Chapter 782: Important Turning Poin**

After Chen Xiaobei hung up the call, Chen Xiaobei called Cao Zhenyang immediately. He wanted to ask him to look for someone to delete all the personal information that was tied to his phone number. Considering that there was a risk of his identity being exposed because of his phone number, this became his top priority.

.....

At Guiyan Mansion.

There was a group of people standing outside Zhuang Bifan's mansion. Judging from their outfits, one could tell that all of them were from different places. However, all of them shared one similarity. Seeing that their heads were full of white hair, they were actually quite old. All these old men seemed really wise and knowledgeable.

"Fellow miracle doctors! Sorry to keep you waiting for so long!"

At that moment, Zhuang Lao Taijun was there with her family.

"I know that everyone here are miracle doctors that come from different states in China! I'm pretty sure that everyone has been informed of his current condition! The reason that I invite everyone to my mansion is to heal my grandson! As the Lunar New Year is just around the corner, I really don't want to see him lying on the sick bed! I would like a huge favor from everyone to try your best to cure him! Those who can cure him completely will be rewarded abundantly!"

After that, Zhuang Lao Taijun led her entire family to kowtow at the group of miracle doctors to show their sincerity.

"Zhuang Lao Taijun! You are really too polite! We are not worthy of your kowtow! This is really painful to watch!"

Taken aback, the group of miracle doctors immediately kowtow back at them. The Zhuang Family was after all one of the four most powerful families in Dragon City. Other than special people like Chen Xiaobei, they had never kowtow toward anyone before. This time, they were forced to pay such a high respect to the group of doctors.

Right after Zhuang Bifan was poisoned by Chen Xiaobei, his crotch would bleed profusely whenever he thought of dirty stuff. It was even more horrifying than a woman having her period. Unfortunately, it was almost impossible for him to think of having sex with other women at this young age. In the very beginning, he still could refrain from thinking all those sexual thoughts. However, as time passed by, he got so horny to the point that he could not help but think about it all the time.

At first, his crotch bled when he saw a nurse pass by.

After that, his crotch bled again when a plump and ugly cleaning lady walked passed him.

The third time, his crotch bled when he saw a female gorilla on TV 1 .

Until recently, his crotch bled when Zhuang Lao Taijun went and visited him. The thought of this son of a bitch including his grandma in his dirty thoughts was truly disgusting. In any case, Zhuang Lao Taijun was not pleased at all. If Zhuang Bifan was not an heir that the Zhuang Family invested a lot in, Zhuang Lao Taijun would have looked for someone to castrate him. In order to protect the sole heir of the Zhuang Family, she had to gather all the highly skilled doctors around the country to cure him.

The most important was this might be his last opportunity to be cured. Zhuang Bifan's body was getting worse since the day his body came in contact with the poison. A woman would have a period every month. Compared to them, Zhuang Bifan's crotch was bleeding every single day! Due to the lack of nutrition, his body would stop working really soon. During this period of time, Huangfu Mumin had to constantly provide him with special pills to prolong his life. There would be no next time if he could be cured this time.

"Zhuang Lao Taijun, forgive me for speaking my mind. We all have heard of his illness. None of us have seen or heard about it before... I'm afraid the probability of curing this illness is not that high..." said one of the doctors.

Everyone around him nodded as well.

"Everyone! Please don't be so worried. Master Huangfu has gone to Green Hill City to look for a miracle doctor in seclusion! Maybe you guys have heard of his name before. He is known as the Holy Hand Phantom Doctor, Chang Shuyang!"

"Holy Hand Phantom Doctor? Are you talking about the one that the ancient faction, Green Hill Faction worships?"

"Oh my god! I can't believe that he is going to travel to the modern world!"

"I'm confident to say that Master Bufan will definitely be cured once Master Chang is here!"

.....

In an instant, all those doctors were taken aback. Seemingly, they all had high respect toward Chang Shuyang. Some of them even addressed him as master. From that alone, one could tell that Chang Shuyang was no ordinary doctor.

"But, why did Zhuang Lao Taijun asked us to come over here since Master Chang will be coming to here to heal Master Bufan?"

"No one is almighty! Not even Master Chang! I think it will be more effective if everyone can gather together to share different knowledge with each other and come out with the best way to heal Bufan. And I believe the probability that him getting healed will be increased as well!" answered Zhuang Lao Taijun.

There was a look of guilt reflected in her eyes. Actually, the truth was she was afraid that Chang Shuyang would refuse to come here to heal Zhuang Bifan. After all, people from ancient faction were not bound to rules that could be applied to people that live in the modern world. Though Zhuang Family was the most powerful family in Dragon City, they could still choose to ignore them. In case Huangfu Mumin failed to bring him here, she would have to rely on this group of doctors.

"Grandma. Since you mentioned that we should all share knowledge with each other to make sure that Bufan will be cured this time, I have someone in mind."

Suddenly, a young man that stood at the end of the line shared his thought. His name was Zhuang Yuejin. Though he was same age with Zhuang Bifan, he was just a distant relative. On regular occasions, he was not allowed to get involved in the family business. Seemingly, he really had some good recommendation since he mustered up enough courage to speak his mind.

"Speak up!"

At this critical moment, Zhuang Lao Taijun would not mind having more help.

"The person that I mentioned just now is known as the King of Hexworms from Miaojiang! He told me that he can detoxify all kind of poisons in this world! I have seen him doing it! He is the real deal!"

"Someone like that exists? Quickly go and ask him to come here!" said Zhuang Hao hastily.

"Hold on! Have you checked this person out? Is he clean?" asked Zhuang Lao Taijun.

"About this... All I have is his phone number... I don't know any other thing about him."

"Go and run the number now! Bring him here if he is not the enemy of the Zhuang Family!"

"Yes!"

Immediately, Zhuang Yuejin left the room.

.....

\*Buzz\*

Chen Xiaobei's phone rang.

"What the f\*ck? This is such a coincidence! My little chess piece came looking for me after Brother Cao deleted all my personal information tied to this number! It's lucky that Liu Xuanxin reminded me of it. If not, the Zhuang Family would have known my real identity. By that time, my plan would fail miserably!"

Upon calming himself down, Chen Xiaobei used True Sound to alter his voice into one of an old man's. He then answered the phone call in an impatient tone. The person that called Chen Xiaobei was none other than Zhuang Yuejin. He wanted to invite Chen Xiaobei to go over to help with curing Zhuang Bifan. In other words, the golden opportunity to sneak into the Zhuang Family's vault and bring them down was finally here!

During the phone call, Chen Xiaobei had to act like he did not want to go to make the whole thing look more convincing. He then said yes to Zhuang Yuejin after he begged him for quite some time. Immediately, Chen Xiaobei took out his old man mask from the Infinite Space Ring. Before he left for Guiyan Mansion, he pocketed three pairs of Mother-Child Hexworms. I don't know what to make of this...?

#### **Chapter 783: Utterly Useless**

At Guiyan Mansion...

Three days ago, the front gate was cut in half by Tai Yitan. Zhuang Family had to hire a team to work day and night to fix the whole thing. Now, the front gate is fixed but the plaque was nowhere to be found.

"Old man! Who the hell are you? This is private property! Outsiders are not allowed to step inside!"

Two guards in black shouted at Chen Xiaobei.

"Get lost! Your master is the one that begged me to come here! Why are there two dogs blocking my way?!" said Chen Xiaobei in his elderly voice impatiently.

"You old f\*ck..."

The two security guards were kicked from the back while they were scolding Chen Xiaobei.

"Master... Master Yuejin... Why did you kick us?" asked the security guards, baffled.

"Just get out from my face! This elder right here is an important guest! Zhuang Lao Taijun wants to see him! How dare the two of you block his way?"

"Uhhh... We were blinded by our own ego... Master Yuejen and this elder right here... Please forgive us..."

"Please come in the mansion, elder."

Immediately, Zhuang Yuejin grinned and invited Chen Xiaobei to step into the mansion while bowing toward him.

"Hmph!"

Chen Xiaobei harrumphed and walked into the mansion in arrogantly.

"Who is that old man? Not even Huangfu Mumin is as arrogant as him!" One the security guards exclaimed.

"God knows... I'm pretty sure he is the kind of person that we can't afford to offend!"

Inside the mansion...

"Pardon my impudence... May I know your name?"

"Just call me Elder Wu."

"Elder Wu (Dirty old man)? I will remember it. And I will introduce you to my family later."

Everyone was waiting outside when they arrived at Zhuang Bifan's mansion. Seeing that there was an elder coming with Zhuang Yuejin, everyone was getting really excited.

"Is Master Chang here? Quick! Don't block me! Let me take a look at Master Chang!"

"Is that really Master Chang? He looks so wise and cool!"

"Master Chang has been staying inside Green Town Mountain to cultivate for a very long time! It is our honor to being able to witness him coming into our world for the very first time!"

Like a group of crazy fans, all the doctors were extremely excited when they saw Master Chang walking towards them.

"There must be a misunderstanding here... This is Elder Wu. I called him earlier to invite him here to take a look at Bifan. He is known as the King of Voodoo in Miaojiang!"

"What? He is not Master Chang?"

When the group of doctors realized that they had the wrong person. They started to grumble while some even rolled their eyes.

"I thought Master Chang is finally here... This is so disappointing..."

"What the hell is the King of Voodoo? I have never heard about him before! Does he know how to cure someone? He has no right to be here if his medical knowledge is worse than us!"

"Miaojiang is the land of savages! It is known as the least developed place in this country! I bet he only knows very little about healing someone!"

All those so-called miracle doctors were extremely arrogant. They would look down at ordinary people that tried to challenge them. Upon hearing that, Zhuang Lao Taijun felt disappointed. Immediately, she gave up on talking to Chen Xiaobei. After all, he was just one of the doctors that would help to cure Zhuang Bifan. To her, his presence did not bring any significant value here.

Feeling embarrassed, Zhuang Yuejin had to muster up enough strength to speak up in front of Zhuang Lao Taijun. However, Chen Xiaobei was being humiliated by the group of doctors once he arrived here. He would not have called and asked Chen Xiaobei to come here if he knew it would end up like this.

"Hmph! A bunch of ignorant idiots! Ignorant bastards! Don't talk to me when you know nothing about healing someone!"

"What? How dare you call us ignorant idiots?"

Like a bomb, Chen Xiaobei's statement managed to trigger everyone's anger.

"All of us here are skillful and reputable doctors in China! You are just a savage that comes from Miaojiang! How dare you criticize us?!"

"I wonder who the shallow one here is! Where did you find the courage to come here if you do not know us? What a joke!"

"There are all kinds of people in this world! Nowadays, every Tom, Dick, and Harry can act as a doctor to fool someone! Zhuang Lao Taijun, I would advise you to kick him out of your place now! He is going to ruin the whole thing!"

....

Immediately, the group of doctors attacked Chen Xiaobei after he offended them. Feeling hesitant, Zhuang Lao Taijun was actually considering asking Chen Xiaobei to leave. On the other hand, Zhuang Yuejin was standing at the corner with tears rolling down his cheeks. Being stuck in such an awkward situation was really painful.

Normally, he would not ask for anything from the family and he always watched his steps to make sure that he would not offend anyone. To his surprise, all the doctors were offended by Chen Xiaobei once he got here. Considering that he was the one that recommended Chen Xiaobei, he would not end up well in the Zhuang Family if something bad happened.

"What are you guys talking about? Come here! Master Chang is here!"

At that moment, two elders were walking toward them. The one that was doing the talking was wearing a set of traditional Chinese attire. And this person was none other than Huangfu Mumin. The person that stood beside him was dressed like a Taoist. His tied up silver hair made him look like a deity that just descended from heaven. However, he exuded a spooky aura. This person was none other than the Holy Hand Phantom Doctor, Chang Shuyang!

"Master Chang! Master Huangfu! Damn! You guys are finally here!"

Immediately, the entire Zhuang Family and those group of doctors strode toward them with all the passion that they had. They just could not stop licking their boots. At the same time, Zhuang Yuejin and Chen Xiaobei were completely ignored by them.

"Elder Wu... I'm really sorry... I think it's better for you to leave right now..." said Zhuang Yuejin in frustration.

"Leave? I will leave but now is not the right time! Soon, they will know I'm telling them the truth! I will leave this place after I slap their faces with my healing skill!"

Upon hearing that, Zhuang Yuejin was lost for words. He had a bad feeling.

"Let's not waste time. We should go in and take a look at Bifan!"

On the other hand, Chang Shuyang was taking the lead and asking everyone to follow him into the room. Chen Xiaobei and Zhuang Yuejin decided to follow them as well.

Inside the room.

Zhuang Bifan was so thin that both of his eyes looked like they were going to pop out soon. Now, he looked like one of those Africans that went without proper meals for months.

"Master Chang! Please!"

Everyone took a step back and humbly asked Chang Shuyang to take a look at Zhuang Bifan. Seemingly, this Chang Shuyang really good at what he did. A thread floated down and tied to Zhuang Bifan's wrist when he threw the thread with his finger. Basically, he was using a thread to check his pulse.

Everyone was astonished when they saw that the long-lost pulse checking technique was presented in front of them.

"This is so skillful!" said Zhuang Yuejin.

"Yea. He is pretty skillful! But this is utterly useless!"

Immediately, dozens of cold and angry glares were shot at Chen Xiaobei.

### Red Envelope Group of the Three Realms

#### **Chapter 784: Public Display of Porn**

"What the hell are you talking about? You are just a savage from Miaojiang! You have no right to defame Master Chang!"

All the doctors around Chen Xiaobei felt extremely angry after hearing Chen Xiaobei's claim. They just wanted to jump at him and beat him up. Considering that all of them were Chang Shuyang's big fans, saying Chang Shuyang was utterly useless was no different from challenging their beliefs.

"Everyone! Please calm down! I think his medicinal knowledge and healing skill must be very good since he claims that I'm useless. I'm willing to lower myself down to learn from him! We should all see him as an example if his healing skill is better than all of us!" said Chang Shuyang.

Upon hearing that, everyone nodded fervently and started to praise him.

"Master Chang is so humble! Not only his healing skill is extremely good, his wholesome character is worthy of our praise as well! We should all see him as our role model!"

.....

"Master Chang. You are really too humble! With your status and healing skill, even Master Huangfu can't stop praising you. I don't think you need to learn from others. You should just start healing Bifan."

Even Zhuang Lao Taijun started to lick Chang Shuyang's boots.

"Brother Chang's healing skill is definitely on par with mine! And he has managed to come up with a secret healing technique! It allows him to cure all kind of poison in this world! That is why he is given the

title, Holy Hand Phantom Doctor! He alone is more than enough to heal Bifan! We don't need others to show off here!"

Again, everyone nodded after listening to Huangfu Mumin. Considering that Huangfu Mumin was the best alchemist and traditional doctor in the whole of China, he could never go wrong with his decision. The fact that Chang Shuyang was someone worshipped by Green Town Ancient Faction was enough to prove that he was one of the best in this world. Those who could join the ancient faction was definitely no ordinary person. Instead, they must be either super talented genius or someone with a legendary background.

Everyone was certain that Chang Shuyang would definitely be able to clear the poison out of Zhuang Bifan's system.

"As the saying goes, one should never stop learning. I already know how to heal him. Now, I want to see and learn the healing skill from Miaojiang!"

Immediately, he retrieved his thread. He then looked at Chen Xiaobei with a smile.

"Mr. Wu, right? Go ahead. He is all yours!"

"Open your eyes and watch me!"

Chen Xiaobei walked over to Zhuang Bifan smugly.

"I'm going to give you a fair warning first. Don't do it if your healing skill is not as skillful! If not, you will be killed by the Zhuang Family if you manage to anger Zhuang Lao Taijun!" said Chang Shuyang.

"Hmph!"

Finally, Chang Shuyang's true color was shown! From the surface, he acted like he was a humble man. The truth was he was just a shameless hypocrite! He had no intention to advise Chen Xiaobei to be careful of what he was about to do. Instead, he was trying to hint to Zhuang Lao Taijun to kill him if he failed to cure Zhuang Bifan.

Earlier, Chen Xiaobei called him a useless healer. That was why he started to come up with a plan to manipulate others to kill him. This was enough to prove that he had a toxic heart.

"Heh. No one can detoxify this poison if I fail to do so!"

Feeling calm, Chen Xiaobei was not affected by Chang Shuyang's evil plan at all. He even felt like laughing out loud.

"He is just acting tough!"

Immediately, the crowd rolled their eyes at him.

"Please show me since you are so confident. I'm looking forward to it."

In an instant, everyone placed their attention on Chen Xiaobei.

"Can you really do it...?"

Lying on the bed, Zhuang Bifan looked at Chen Xiaobei fearfully.

However, Chen Xiaobei did not answer his question. All he did was took out the silver needles and started to place them on the area that was near Zhuang Bifan's crotch.

"He is so skillful! One at least need fifty years of experience to do something like that!"

"His skill is fancy but it will be useless if he fails to cure him!"

"I don't think the whole thing is that simple..."

The crowd whispered among themselves while looking forward to the end result.

"All done. It's impossible to heal him in one go. He will need constant treatment. With my acupuncture treatment and prescription, he will definitely be healed completely within a month!"

Upon hearing that, the Zhuang Family was elated. The fact that Zhuang Bifan could stay alive was the best news they could ever receive. On the other hand, Zhuang Yuejin was feeling excited as well since he was the one that recommended Chen Xiaobei. With that being said, his status in the Zhuang Family would be promoted since he had done such a good deed.

"Hold on! You can say anything you want! I don't believe that he is cured! Without proof, it's hard to convince us!"

"You want proof, right? Yuejin, do you have Japanese porn on your phone? Show him!"

"This..."

Feeling embarrassed, it was hard for him to say yes since there were a group of senior doctors and elders from the Zhuang Family around him.

"Yuejin! Stop dilly-dallying! Do you have it?!" asked Zhuang Lao Taijun in an impatient manner.

"Y-yes... I have it."

Immediately, Zhuang Yuejin took out his phone and looked for the most erotic Japanese porn for Zhuang Bifan's viewing.

"No! No! I will bleed again!"

Zhuang Bifan was so afraid that he closed his eyes and blocked his ears. Clearly, he did not want to bleed from his crotch anymore.

"Elder Wu, are you sure about it?" asked Zhuang Yuejin.

"Just do it. I will bear full responsibility if something bad happens to him!"

Zhuang Yuejin nodded his head and proceeded to press the play button.

Immediately, sounds like – 'Ahh... Ohh... Yamateh...' echoed in the room.

Feeling embarrassed, everyone's faces turned to red.

"Eh? I don't feel the pain anymore! My crotch is fine this time!"

"I'm healed! I'm really healed this time! No more bleeding! Just not too long ago, my crotch would bleed when I saw a female gorilla in the TV! I'm fine this time! This is a miracle! Elder Wu is too damn skillful!"

"Don't move around! You will bleed again if the needles fall off!"

"Bifan! Listen to Elder Wu! Stop moving around! Elder Wu! Please continue to treat him."

"Hold on! Zhuang Lao Taijun. It's too early to draw a conclusion! This is just a hoax! Let me expose him!" said Chang Shuyang with a smile on his face.

### Red Envelope Group of the Three Realms

#### **Chapter 785: Why Would I Do That?**

'A hoax?'

Their eyes widened, as none of them could understand the thing that Chang Shuyang just said.

"Master Chang! Are you kidding me? My crotch has stopped bleeding! I'm really fine now!" said Zhuang Bifan.

At the same time, the entire Zhuang Family looked at Chang Shuyang in a baffled manner as well.

"Heh... The reason that you stopped bleeding has stopped is really simple! All he did was using his silver needles to stop the blood flow! It's true that you would stop bleeding for now! But! Your crotch will suffer permanent damage if there is no blood goes through that area! He promises you that he will be able to make sure that you will be completely healed within a month! During that period of time, your entire Zhuang Family will treat him like a living god! From there, he will be able to receive immense benefits from you guys! I'm pretty sure that he will disappear somewhere after a month! And Master Bifan's private part would be cut off – turning him into a eunuch!"

Upon hearing that, everyone was speechless. All the doctors around him trusted him fully because they were his loyal fans.

"So! All he did was use silver needles to block the flow of blood! This is no doctor! Everyone can do it if the person knows a thing or two about acupuncture!"

"What a scammer! This is the kind of hoax that can cause harm to all the parties in this room! You are really toxic!"

"The Zhuang Family would be ceased to exist if Zhuang Bifan can no longer reproduce! People like him should be wiped off from the face of this earth!"

....

If Chang Shuyang was the only one that accused that Chen Xiaobei was a quack, the Zhuang Family might put in some consideration before making any decision. Now that all the doctors in the room were certain Chen Xiaobei was making a fool of them, the entire Zhuang Family exploded in anger.

"You bastard! How dare you set a trap for us to step on?! It seems like you have no intention of being alive!" screamed Zhuang Bifan while glaring at him.

"Someone! Come here and drag this son of a bitch out from this room! How dare he tried to bring my son down?! Chop him into pieces now and feed him to our dogs! Also! Drag this traitor, Zhuang Yuejin away from us and throw him into our cellar!" said Zhuang Hao.

"No! Please don't do this to me... Grandma! Please save me..."

"Bastard! Do you have anything else you want to say?"

Zhuang Lao Taijun ignored Zhuang Yuejin and glared at Chen Xiaobei coldly.

"Hmph! There's nothing else I want to say to you guys! I have a request! I would like to stay and watch how Master Chang is going to cure Zhuang Bifan! After that, you will do whatever you like to me!"

"Master Chang, are you confident enough to cure him?!"

"Don't worry! I have figured out the root of his illness! We should let him watch me heal Bifan! I will show him the real healing skill! He then will gladly accept the punishment given by your family!"

(Deep breath)

"Luckily Master Chang is here! If not Bifan will definitely lose his life under the treatment of that bastard! Please make sure Bifan is completely healed! Once he is healed, we will definitely reward you abundantly!"

"Don't worry! That's easy!" said Chang Shuyang confidently.

While he was talking, he started to remove all the needles that were planted on Zhuang Bifan's body. His confident move managed to cease all the worries that the Zhuang Family had a second ago.

"Zhuang Hao! Watch that bastard! He knows that he is going to die soon! I don't want him to do anything reckless here that might affect Master Chang while healing Bifan!"

"Understood!"

Immediately, Zhuang Hao stood beside Chen Xiaobei and glared at him viciously. Needless to say, Zhuang Family had already decided to kill Chen Xiaobei once Chang Shuyang healed Zhuang Bifan.

With a smile on his face, Chen Xiaobei felt no fear at all.

"One, two, and three..." counted Chen Xiaobei.

"Bastard! What the hell are you counting? Shut up! Do not distract Master Chang! He is trying to save a life over there!"

"In ten seconds, Zhuang Bifan will bleed like crazy! Seven... Eight... Nine..."

"How is that even possible?" replied Zhuang Hao.

Before he could finish what he wanted to say, a horrifying scene was presented in front of him.

"Ouch... It's so painful... Too painful!!!"

Suddenly, Zhuang Bifan screamed at the top of his lungs in anguish. Right after that, a large amount of blood spurted out from his crotch. It was even more horrifying than watching ten women having their periods at the same time.

"Ugh..."

"Oh..."

"Si..."

Not only he was bleeding like crazy, but his entire body was also convulsing. His breathing was getting more and more irregular too. It was as though he was going to stop breathing any time soon.

"What... What is going on...? All I did was remove the needles from his body. I haven't even started treating him! I totally did not expect this to happen to him!" said Chang Shuyang in astonishment.

"No one knows what is going on! You have to figure it out yourself!"

Everyone around him was taken aback by what they saw.

"Master Chang! Don't just sit there! Stop the blood first!"

Amongst them, Zhuang Lao Taijun still could maintain her composure. Immediately, she reminded Chang Shuyang.

"Yea! That's right!"

Without a second thought, Chang Shuyang put the needles back on Zhuang Bifan's body. However, there was another problem coming at him seconds later.

\*Blarrghh...\*

Not only did he not manage to stop the blood that came out from his crotch, Zhuang Bifan started to vomit blood right out from his mouth.

"Chang Shuyang!!! What the hell is going on?!" shouted Zhuang Lao Taijun furiously.

Seeing that her precious grandson was about to die, she began to think of all her efforts spent on Zhuang Bifan. Now, she could not help but wish she could kill Chang Shuyang to cease her anger.

"I... I don't know what is going on as well... Logically speaking, the blood should stop once I place the needles back where they belong! Maybe someone else can try stopping the blood? Master Huangfu, do you want to give it a try?"

"N-n-no... Master Chang, please continue... All of us here do not have the guts to operate on him!"

All those doctors, including Huangfu Mumin kept on shaking their heads after hearing Chang Shuyang's request. Knowing that Zhuang Bifan was about to die, no one in their right mind would lay a finger on him.

"Chang Shuyang! If anything bad happens to Bifan, I wouldn't mind starting a war with Green City Faction! No matter what, I will make sure you cease to exist in this world! Don't forget that we too have an elite with Celestial cultivation supporting our family!"

"Si... Hold on! Mr. Wu is still here! I think he can do something about it! Mr. Wu! Elder Wu! Elder Wu! Please save me..."

Immediately, everyone shifted their gaze toward Chen Xiaobei.

"Save you?"

"Why would I do that?"

#### **Chapter 786: Dumber Than a Pig**

"Why should you help me? Um..."

Taken aback, Chang Shuyang did now know how to reply Chen Xiaobei.

"Elder Wu! Please save my son! He is going to die soon... Please don't let him die!" begged Zhuang Hao nervously.

"Heh... So his life is more precious than mine?! I thought you wanted to chop me into pieces and feed me to your dogs? Why don't you do it now?! I'm standing right here!"

"Elder Wu! I'm wrong... I've made a huge mistake!" said Zhuang Hao.

"Elder Wu! Please help him stop the blood first! As long as you can keep him alive! Then we can talk about all those terrible things that we did to you just now! We will definitely make it up to you!" said Zhuang Lao Taijun.

"Cut the crap! Just chop me into pieces and feed me to the dogs! Isn't that what you all say just now?! The Zhuang Family should never break their promises!" Chen Xiaobei exclaimed.

"Erm... We were just talking shit! Please save him first! We beg you!"

"Hmph! I care about trust a lot when I work together with someone! If you need my help, do not ever doubt me! From the very beginning, none of you placed your trust in me! So why should I thicken my face and help you again?!"

"Elder Wu! Don't worry! We won't doubt you from this moment onward!" said Zhuang Lao Taijun.

"From this moment, we will do whatever you tell us to do! I will personally cut off their tongues if anyone has the gut to go against you!" said Zhuang Hao.

Upon hearing that, everyone including Chang Shuyang kept their mouths shut. None of them dared to move a single muscle. They were after all just doctors, their cultivation was definitely not powerful enough to challenge someone. After coming into a dangerous place like this, they could only stand aside and watch since there was nothing they could do to help Zhuang Bifan.

"Do you guys really think you can get away from it by not talking? You guys are a bunch of ignorant doctors! All of you were taking turns mocking and making fun of me just now! Some of you even called me an evil liar! I bet you guys can't wait to watch the Zhuang Family cut me into pieces and feed me to the dogs! So, how are you going to make it up to me?"

"Regarding this..."

Immediately, Zhuang Hao glared at those group of doctors with murderous intent. In order to save his son's life, he was actually considering slaughtering all of them to appease Chen Xiaobei. Looking at Zhuang Hao, the group of doctors could feel death was getting closer to them.

To their surprise, Zhuang Lao Taijun was even more decisive than Zhuang Hao.

"Zhuang Hao! Bring Chang Shuyang out from this room and kill him!"

"Yes!"

Right away, Zhuang Hao grabbed his arm and dragged him out of the house.

"No... You guys can't kill me! I'm the one that is worshipped by Green City Faction! Killing me is equivalent to declaring a war with them! No..."

No one in the room was bold enough to do something about it. Soon, his voice could not be heard anymore.

"Chang Shuyang deserves the death! His heart is not right and he is trying to mislead all of us here! He almost caused Zhuang Bifan and Elder Wu to lose their lives!" announced Zhuang Lao Taijun.

Upon hearing that, the group of doctors started to nod non-stop.

"Right! We were all misled by Chang Shuyang! That bastard is really evil! He should be killed! Good one!"

"That son of a bitch is pure evil! He was trying to get our Elder Wu killed! And he almost killed Master Bifan by fiddling with the silver needles! Serves him right!"

"The crime that he committed is inhumane! Giving him a quick death is being too merciful! We should torture him properly before killing him!"

...

Once Chang Shuyang was gone, the group of doctors started to side with Chen Xiaobei. In order to protect themselves, they had to push all the blame on Chang Shuyang. And this was what Zhuang Lao Taijun wanted all this while. She wanted to appease Chen Xiaobei but she could not kill all the doctors. Killing all of them would definitely cause a great stir in the medical field. That was why she decided to push all the blame on Chang Shuyang.

Instead of saying that Zhuang Lao Taijun was decisive, Chen Xiaobei was actually the one that forced her hand.

"Elder Wu! Are you happy now?!" asked Zhuang Lai Taijun in a polite manner.

"No! I'm not happy! What about the insult that you threw at me just now?!"

"I..."

Feeling frustrated, Zhuang Lao Taijun could not help but think of beating Chen Xiaobei up. Considering that she had killed Chang Shuyang and declared war with Green City Faction, she was not pleased that

Chen Xiaobei continued to push her at the edge. Given the right conditions, she would definitely bring everything that she had to destroy Chen Xiaobei. However, she was now left with no other options. Three days ago, the number one genius of the Zhuang Family, Zhuang Jiuxiao was killed. If Zhuang Bifan lost his life now, there would be no one to take over the Zhuang Family.

With that being said, if family members like Zhuang Bufan and Zhuang Yuejin took over the responsibility to lead the family – the entire family would eventually march towards destruction. Zhuang Lao Taijun shuddered just thinking about it.

"Elder Wu! I admit that I have offended you! I blame myself for listening to Chang Shuyang's misguidance! I now would like to apologize to you officially!"

"You are not confused! You are a fool! Chang Shuyang did not even manage to find the root cause of Zhuang Bifan's illness! And he had no idea why I planted those silver needles on Bifan's body! Removing those needles recklessly was equivalent to killing Bifan!"

"And you guys! A group of ignorant doctors! Why did you believe so much in that idiot, Chang Shuyang?! Basically, you guys are treated an idiot as your god! A group of idiots with pigs' brain! Wait! I think you guys are even more stupid than a pig!"

After spending some time scolding them, Chen Xiaobei was finally appeased. None of them had experienced such scolding before! However, they could only lower their heads and bow. They would not dare to refute the things that Chen Xiaobei just said.

"Elder Wu... You are right about everything..." said Zhuang Lao Taijun with a sigh.

"Damn! I have never thought that the skin on your face is so thick! I can't believe that you just admitted that you are dumber than a pig!"

"I..."

Zhuang Lao Taijun's eyes were wide open. She was so angry that she passed out.

"Whatever! Seemingly, you are really sincere! I'm going to give you one last chance to redeem yourself!"

"Great! This is great! Elder Wu, please heal Bifan!"

"Bring me 1,000 Spiritual Stones first! Pay me and I will save him!"

"What?!"

Upon hearing that, everyone was taken aback.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 787: Transplant Surgery**

A thousand Spiritual Stones!

To all those doctors, one thousand Spiritual Stones was the kind of wealth that they could never dream of. Three days ago, Chen Xiaobei demanded Zhuang Lao Taijun to pay him one thousand Spiritual Stones and it made her felt like a piece of her flesh was being sliced off painfully. Now that Chen Xiaobei was

asking for another thousand Spiritual Stones, Zhuang Lai Taijun could not help but wish she could just yell at Chen Xiaobei and tell him that he could take her life instead of Spiritual Stones.

"Elder Wu... One thousand Spiritual Stones is not something that we can give it to you right now. We will need some time to prepare them. Can we just pay you a hundred Spiritual Stones for now? We will pay you the rest of it after Bifan recovers."

"Why would you do that? Are you afraid that I might bail halfway? I have told you earlier that do not come begging for my help if you don't trust me!"

"No! We trust you! We definitely trust you! It's just we really do not have one thousand Spiritual Stones with us right now! Allow us to have a few days to gather all the Spiritual Stones that you need. The Lunar New Year is just around the corner, we will be able to receive quite a number of Spiritual Stones. We will pay you once we have enough Spiritual Stones!"

"Alright! I will allow you to have a few days to gather one thousand Spiritual Stones for me! I will come and collect them from you on the second day of the Lunar New Year! I will stop treating Zhuang Bifan if you fail to pay me!"

"Okay! A few days it is! I will ask Zhuang Hao to pay you the deposit first when he comes back later! Elder Wu, please help Bifan first please!"

Nodding, Chen Xiaobei took out a new set of silver needles and placed them on Zhuang Bifan's body. Immediately, Zhuang Bifan's mouth and crotch stopped spurting blood. His breathing returned to normal as well.

"That is incredible! That acupuncture skill is really impressive!"

"Elder Wu is just too damn skillful! Bifan can live again after Elder Wu heals him!"

"It seems that Elder Wu is the real expert here! Although his name is not heard in Jianghu, his healing skill is definitely better than all the doctors in Jianghu!"

"Too good! This is just too good!"

...

Everyone could see that Chen Xiaobei's healing skill was working on Zhuang Bifan. In an instant, all those doctors could not stop licking his boots. To them, Chen Xiaobei was now a highly respectable doctor.

"This is great! Luckily, Elder Wu is here to save Bifan!"

Promptly, Zhuang Lao Taijun let out a sigh of relief. The anger that she had toward Chen Xiaobei was greatly reduced. She even started to respect him. Although Chen Xiaobei had not stopped acting in such an arrogant manner, his highly-skilled healing skill gave him all the right in this world to act in such a way. Actually, Zhuang Lao Taijun knew nothing about healing someone. However, she could tell that Chen Xiaobei was a really skillful doctor after comparing him to Huangfu Mumin, Chang Shuyang, and the group of doctors. There was no improvement on Zhuang Bifan after they took turns treating him.

At that moment, Zhuang Lao Taijun felt like the combination of all those healers had failed to surpass Chen Xiaobei. She even started considering giving Chen Xiaobei more Spiritual Stones to ask him to

become their family doctor. In this world, the most valuable and expensive thing was actually talented people! Being able to serve and worship a god-like doctor like Chen Xiaobei would make the Zhuang Family even more powerful than before! Upon thinking about that, Zhuang Lao Taijun felt really excited.

However!

She would have never thought that the Elder Wu that stood in front of her was actually her most despised enemy, Chen Xiaobei! She would also not expect that Chen Xiaobei was actually plotting to steal everything from the vault. The reason why Chen Xiaobei agreed to take the deposit first was that he knew that Zhuang Family would receive a huge amount of rare gifts and different items during the Lunar New Year. He would dive right into the vault after the Lunar New Year and take everything that they had.

"All done. Do not move these silver needles! I'm going to give him a prescription. Pour them into boiling water and make sure that you boil it up to the point that three bowls worth of water become a bowl of water. Feed it to him and he should be able to start walking tomorrow!"

"What?! He can start walking tomorrow?!" asked Zhuang Lao Taijun in astonishment.

"What? You think it's too fast?" said Chen Xiaobei in an impatient manner.

"N-n-no! The faster the better! I'm just impressed by your healing skill! I think your healing skill is beyond god-like! I just don't know what to say anymore!"

Feeling excited, Zhuang Lao Taijun could not help but keep bowing at Chen Xiaobei. She just wanted to keep him in the family and worship him like a god. At that moment, she had decided that she would try her best to please him. Right after that, Zhuang Hao went to the vault to retrieve a hundred Spiritual Stones and gave them to Chen Xiaobei.

"Alright. It seems like my business here is done. I should make a move first! Make sure the patient drinks the medicine at least once a day! He will be fine until the second day of Chinese New Year! I will then give you a new prescription after I receive the payment that you promised me!"

"Elder Wu! Hold on! I have a favor to ask! My second grandson, Zhuang Bufan is suffering from something as well! I wonder if you can help him."

"What kind of illness are you talking about?"

Chen Xiaobei after all already knew what Zhuang Lao Taijun was going to ask.

"His... His private part was kicked by someone and it is now a pile of mush. I wonder if you can help him to become a man again."

Upon hearing that, Zhuang Hao and Zhuang Bifan pricked their ears. Though Zhuang Bufan was considered the useless one in the family, he was still the son in the family that could make sure the blood of the family would be carried on to the next generation.

"This is actually not difficult at all! I can't regrow his private parts but I can do a graft and transplant on him."

"Graft and transplant? Are you talking about look for someone else's private part and putting it on him?"

"You are right. But, not everyone can do it. The person must be connected to him. For example, his brother or father can do him the favor."

"No... No way..."

Immediately, Zhuang Hao and Zhuang Bifan shuddered. It was meaningless if the other men in the family lost their reproductive organs for the sake of helping Zhuang Bufan.

"Don't worry. You guys can actually consider replacing his private with a dog's private part. Do you want to try it?"

'Huh? Replace his private part with a dog's private part?"

All the Zhuang Family members felt embarrassed after hearing Chen Xiaobei's suggestion.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 788: All Se**

"That... I don't think it's a good idea..."

Taken aback, Zhuang Family did not think that Chen Xiaobei would make such a decision.

In order words, was the future generation of Zhuang Family going to be human or dog?!

Or human's head with dog body?!

Or dog's head with human body?!

Oh my god!

Zhuang Bufan could not believe what he just heard. He was wondering if he was going to be a real son of a bitch.

"You guys can think about it. It's all up to you now! But, I would suggest your family to do some early preparation if you have made up your mind. It's a long process. Please think about it thoroughly."

"What kind of preparation are you talking about?" asked Zhuang Lao Taijun.

"I will prepare some special elixirs for the sons and father. I then will wait for some time before taking some blood samples from them to cultivate the dog's penis that will be used for the transplant surgery. The entire process is extremely complicated. I have to prepare it early as well. Think about it and let me know your decision."

"Elder Wu is right! We need to do some early preparations!" said Zhuang Lao Taijun while nodding.

"Such a coincidence! I have three bottles of the special elixirs with me right now! Three of you should just drink it!"

Immediately, Chen Xiaobei took out three bottles that used to store Hundred Herbs Potion.

'That's right! There are three pairs of Mother-Child Hexworm inside the bottles!'

"Such a coincidence?"

As usual, Zhuang Lao Taijun was being very cautious about it. A sense of hesitation and doubt could be seen from her eyes.

"Hmph! I have told your earlier not to doubt me if you need my help! Let just call it off since you don't believe in me!"

Chen Xiaobei harrumphed and prepared to pack up and leave the place.

"No! Elder Wu! Please hold on! I don't mean that! I trust you fully! Like 100%!"

Feeling worried, Zhuang Lai Taijun quickly rushed to Chen Xiaobei and tried to stop him. All she ever wanted right now was to get Chen Xiaobei to side with her family. There was no way that she would risk angering him because of such small incident.

"That's what I like to hear!"

Acting in an impatient manner, Chen Xiaobei handed all three bottles to Zhuang Lao Taijun. In his mind, he was actually laughing out loud. Once he planted all three Mother-Child Hexworm inside their bodies, Chen Xiaobei would have full control over three men in Zhuang Family. Also he could destroy the life line of the Zhuang Family if they wrong him.

Obviously, Zhuang Lao Taijun had zero idea about Chen Xiaobei's plan.

"Zhuang Hao! Bufan! Come over here! Drink this elixir!"

"Yes!"

Feeling afraid that they might angered Chen Xiaobei once again, they drank the whole thing without even looking at the bottle. Earlier, Chen Xiaobei had replaced the Hundred Herbs Potion inside the bottles with water. And the Mother-Son Hexworms were really small. It was impossible for them to see it with their naked eyes. That was why Zhuang Hao and Zhuang Bufan did not notice anything wrong inside the bottles.

Seeing that the two of them were doing fine, Zhuang Lao Taijun fed the third bottle of the special elixir to Zhuang Bifan.

"Alright. I'm going to head back since I have no business here anymore! See you guys on the second day of the Lunar New Year!"

Having everything set in place, Chen Xiaobei was going to take everything from the Zhuang Family's vault on the second day of the Lunar New Year.

"Let me escort you out personally."

Zhuang Lao Taijun nodded like a loyal old servant and send Chen Xiaobei out the mansion in a polite manner.

.....

America.

At the castle on Mt. Christian.

Damien Gustav was kneeling on the ground with his blood-red robe.

An elder from blood descendant with golden eyes in golden robe and crown was holding a long sword and placed on Damien's shoulder. Seemingly, he was mumbling about something. Right after that, the blood descendant in golden robe retrieved his long sword and took a silver crown to place it on Damien's head.

"Damien Gustav! From this moment onward, you the ninth grand duke of Deathbane Family! You now have 45,000 combat power! That is only a step away from becoming the grand leader! I hope I can crown you again when I see you next time!"

"Thank you my prince! I will definitely not disappoint you! I will do my best to achieve 50,000 combat power when I return from Paradise Island! When I'm crowned as the grand leader, you will become the most powerful prince among the four!"

"Indeed! With you talent, this is just a matter of time! I heard you are going to Paradise Island to avenge your grandad! Your grandpa is my brother! Just let me know if you need my help!"

"If you say so, I shall ask some of your men to travel to Paradise Island with me! This time, I will cause a great stir in Paradise Island!" said Damien while lick his lips.

"Okay. I will send the twelve Silver Wings to go with you! And I will send another three hundred Iron Wings armed escorts to go with you as well! Looking forward to your victorious return!"

"Thank you so much, my prince!"

Damien bowed at the prince and left the room.

After he walked out from the room, an old servant strode towards him and congratulated him.

"Master! Congratulation for becoming a grand duke of the family! Knowing that the prince has just assign twelve Silver Wings to assist you, I can see that he really values you a lot!"

"Heh! This is what he should do! Considering that my grandpa's power is now in my body, I have become the most powerful candidate and youngest blood descendant to be crowned as the grand leader! Let alone the prince! I think the king might want to talk to me personally! That is my ultimate goal!"

"Being able to see the king is the most glorious thing that could ever happen to a blood descendant! I would like to congratulate you in advance! I wish the best for your future!"

"Let get back to serious business! Have you checked all those things that I ask you to check earlier?"

"Yes! The Asian kid that you saw in your grandpa's memory is called Chen Xiaobei! Born in a village and his journey is rather intriguing! Now he is doing extremely well in the Dragon City of China!"

"Dragon City? That is where all the elites gather! It's not easy for a village boy to make a living there! This is getting interesting!"

"You are right about it! According to the information that I gathered from the CIA, I found out that something strange about him!"

"Tell me about it!"

"This kid managed to make the Zhuang and Yap Families his enemies. These two families are two out of four most powerful families in Dragon City! The interesting part is these two families do not have the guts to make him pay for what he did to them!"

"Do not have the guts? The four most powerful families in Dragon City are powerful enough to do whatever they want!"

"According to the undercover agent in the Zhuang Family, they think that he is a demigod! That is why they do not dare to do anything to him!"

"Demigod? Hahaha! This kid is a good conman! I will give him that! All he ever does is lie to others! I'm surprise that his lies work on the Zhuang and Yap Family!"

"My sentiments exactly! Should I tell the families about it?"

### Red Envelope Group of the Three Realms

#### **Chapter 789: Xiaobai and Sirius**

"No hurry. You can continue with your investigation. All this information is not important after I manage to locate and kill him! However, if he somehow manages to run away from me, you may release the information to the Zhuang and Yap Family. Then ask them to look for him and kill him."

"Understood! These families are a riot! All of them are so afraid that they would offend the so-called demigod. That is why they stop investigating him further! I think it would be quite a show if they know that kid is just a wannabe demigod!"

"They might not be able to know the truth! This time, I swear I will kill Chen Xiaobei, Focker, and Hades! Not only do I want to avenge my grandfather, but I also want to take Hades' dark spiritual item into my possession as well! With that, I will be able to receive more dark power! The grand leader position is definitely not my ultimate goal! That is only the starting point of my journey! Hmph! Hahaha!"

.....

China, Dragon City.

Chen Xiaobei headed back to Wolong Mansion after he left the Zhuang Family's mansion. Under the help of Murong Xiaoyao and Fire Boss' wife, Chen Xiaobei's mom had managed to prepare a feast for everyone in the house. Seeing that everyone was having a good time, Chen Xiaobei postponed his training plan and decided to spend some time with his family.

Right before he slept, two creatures took the liberties to enter Chen Xiaobei's room. One of them was a gigantic dog with shiny black fur. Judging from its looks, it actually looked more ferocious than tiger and lion. And the other creature was a kitty with pure white fur—lying on top of the gigantic dog. Seemingly, it was half awake. These two creatures were none other than Xiaobai and Sirius.

"Why are the two of you here?" asked Chen Xiaobei in a curious manner.

"We are going to evolve into Eight-Star Spiritual Beasts!"

"You have not come home for a very long time! It looks like you have stopped caring about our growth!"

"Eight-Star Spiritual Beasts?"

Taken aback, Chen Xiaobei activated his Netherspirit Battlescouter immediately.

Ding!

[Cultivation: Seven-Star Spiritual Beast, Pinnacle Phase. Health: Azure Frost Divine Form (Primary Level). Combat power: 25,000!]

Ding!

[Cultivation: Seven-Star Spiritual Beast, Pinnacle Phase. Health: Obsidian Gale Spiritual Form (Intermediate Level). Combat power: 25,000!]

"Damn! Sirius! Even you are a Seven-Star Spiritual Beast now! What is the Obsidian Gale Spiritual Form? It sounds incredible!"

To his surprise, Chen Xiaobei never expected the two pets that he kept at home had achieved 25,000 combat power. With that kind of strength, they could easily become elders in Xuanjian Faction.

"Both of us are eating Heavenly Pet Food every single day. Though the energy within it cannot be compared to natural Spiritual Qi, it is still a heavenly item. We also have a lot of time to train ourselves every day. That is why we could improve so fast!" explained Sirius.

"What about the Divine Form and Spiritual Form? What are they?"

"Both of us can be categorized under the monster race! Before we transform into a human, we will not be able to learn any martial arts skills! All we can do is absorb the essence from sun and moon to help with our growth. While we are still in beast form, it is impossible for us to learn any other skills or use any weapon! However, we all possess our own unique talent."

"I'm an Azure Frost Jade Lion! And my talent is Absolute Zero Zone! All the enemies in the zone will be frozen if they stay inside for too long! This talent came from my Azure Frost Lion race! That is why I'm in Azure Frost Divine Form. And I have not grown into a Divine Beast just yet. So, my Divine Form is still in primary level," Xiaobai said lazily.

Xiaobai's explanation was clear and simple. Immediately, Chen Xiaobei could grasp the idea.

"I see now!"

"How about Sirius's form? Obsidian Gale Spiritual Form? Does that have anything to do with the wind?"

"You are right! My ancestor is Divine Beast as well! They are known as the Obsidian Gale Dawnbreak Sirius! The blood has been thinned down after hundreds and thousands of generations! That is why I'm still in Spiritual Form! I will be able to evolve to Divine Form once I become a Divine Beast! And my Obsidian Gale Spiritual Form has brought forth a talent for me called Obsidian Gale Penumbra! With extreme high speed, I can create multiple afterimages to confuse my enemies! After that, the momentum created from my extreme high speed allows me to land a critical and lethal hit on them!"

"Speed is the key to win a battle! At the same time, it is always the best defense and attack! Your skill is actually quite powerful!"

"Haha! Master! I thank you for your compliment!" Sirius said with a smile. He appeared to be really pleased after listening to Chen Xiaobei's compliment.

"Chen Xiaobei! You better watch yourself!" said Xiaobai.

"Where is the respect that I deserve? You do not want me to punish you! How did I offend you?"

"My Absolute Zero Zone is the coolest talent! Why didn't you compliment me?"

"Erm... This is just a small matter. Alright! Let me compliment you! My Xiaobai is the best Divine Beast!"

"No! You are just trying to brush me off with your insincere compliment!"

"I have never seen your talent. It's really hard for me to imagine it! Take a look at Sirius's talent, it's really easy for me to imagine it. That is why I complimented him!"

"Let me show you now! I will use my talent now!"

Though Xiaobai was a small-sized Divine Beast, he was actually quite competitive.

"Bro Xiaobai! Don't do it! Xiaobei's family members will be frozen if you use your talent right here right now!" said Sirius.

"No! I must prove myself to him! It is all for glorifying my race!"

"Silent. Listen closely. Someone is fighting behind my mansion!"

"Yes! You are right!" said Sirius.

"Hmph! I was just thinking where to showcase my talent! Sirius! Let's go! Let me carry you to a victorious battle!"

Before he made any moves, Sirius took a look at Chen Xiaobei first.

"Let's go. It seems like someone is looking for trouble. Let's us check out Xiaobai's talent!"

With a smile, Chen Xiaobei opened the window and all three of them jumped out from it immediately.

#### **Chapter 790: Lightning Fissure Formation**

There was a scuffle behind Wolong Mansion between two people. Both of them were communicating in Japanese, which made it look like a scene right out of Japan.

"Cang Jingu! You traitor! You are the most gifted in this nation! Don't you feel embarrassed choosing to become a loyal guard dog to a Chinese kid? You are such a disgrace to the entire Japan!"

The ninja from Japan scolded Cang Jingu while swinging the katana in his hand. The katana was extremely sharp and it was embedded with crimson True Kang. Every single slash that he made was infused with 30,000 combat power! It seemed like he was determined to kill Cang Jingu tonight.

30,000 combat power and True Nirvana cultivation were the lowest requirements to become an intermediate-tier ninja in Japan. The katana that he was holding was specially made for him by a famous blacksmith. It should be a perfect match for his True Kang. Every hit that he landed on his opponent was aimed to reduce the True Qi in the opponent's Dantian. But, it seemed like his opponent was stronger than him.

"It is my honor to serve Bro Bei! Not only me! In the future, the whole of Japan will be proud of me!"

After taking a small bit of Skybreaking Cultivation Pill, Cang Jingu had managed to achieve True Nirvana cultivation as well. In other words, he now had 30,000 combat power! Because he was the most gifted in Japan, the katana in his hand was better made! His martial arts skills, combat experience, and reaction were more powerful than the ordinary elites. That was why Cang Jingu could subdue his opponent easily even though their combat power and cultivation were equally powerful.

Cang Jingu was aiming to cut down his opponent's True Qi during this intensive battle. True Kang was formed by True Qi – it would be cut down in one's body once it received heavy impact. In other words, the one with more True Qi would win the battle in the end. In a battle like this, weapon, armor, and combat experience played a very important role. A good weapon and armor could help the user to block all the heavy attack that the person received. Also, it would slow down the consumption of True Qi.

On the other hand, more powerful martial arts skills and combat experience would bring more damage to the opponent. Also, it would help to avoid or block the attacks from the opponent. Of course, if the power gap between two people was really huge, one could easily shatter the person's True Kang with only one hit! In this battle, the two people were equally powerful. That was why it was going to take some time before Cang Jingu could defeat his opponent.

"Cang Jingu! I think there is something wrong with your brain! Why would Japan serve a Chinese Kid?! Not even a crazy person would believe such a stupid statement!"

Feeling angry, the ninja sped up his attack. As crimson True Kang had fire attribute, every slash that he made would cause the temperature around his opponent to increase.

"Time will tell! Sooner or later, you will understand the things that I tell you today!" said Cang Jingu casually.

With his combat experience, Cang Jingu was constantly looking for the ninja's weakness to strike on them. Without a doubt, Cang Jingu would definitely be able to take down his opponent.

"Hehe! Unfortunately, I don't think time will be able to prove whatever that you said to me! Soon, you will be killed by me! And your master will be captured by me and brought back to Japan! Do you really think I will come here alone? Considering that the Lunar New Year is just around the corner, Japan has prepared something big for China! I'm pretty sure the higher authorities in China will definitely be surprised in the upcoming Lunar New Year!"

"What? Someone else is here?"

Taken aback, Cang Jingu could feel that something was not right. Now he finally understood why his opponent would not retreat even though he knew that he was going to lose in this battle.

"Lightning Fissure! Thousand Birds!"

Suddenly, the ninja shouted and lifted the katana in his hands. At the same time, eight streams of lightning were gathered around his katana.

"Shit!"

Cang Jingu could feel that fear had managed to creep into his body. As a Japanese, he knew exactly how powerful this skill was! Around him, there were a total of eight ninjas with Halfstep True Nirvana cultivation helping to form the Lightning Fissure Formation. All eight of them were equipped with lightning attribute skills. With the ninja with 30,000 combat power as their target, they could work together to boost his combat power with the help of the formation. The attack that came from all nine of them could reach as high as 40,000 combat power!

"This hit should be able to crush your True Kang and rip your chest apart! Just stay there and let us finish you! Hahaha..."

The ninja shouted and swung his katana with both of his hands.

\*Buzz\*

\*Rumble\*

The lightning turned into a giant lightning bird and charged at Cang Jingu's chest with no mercy.

"I'm dead..."

As dismayed as he was, Cang Jingu had no one to blame but himself for underestimating his enemy. It was simply impossible for him to block a 40,000 combat power attack. His True Kang would be shattered in an instant when the lightning landed on him. And his body would be penetrated – taking his life away. Knowing that he would be killed eventually, Cang Jingu had lost all the intention to run away from the attack.

\*Swoosh!\*

At that moment, someone came from behind with extreme speed and stood in front of Cang Jingu. Seemingly, the person was going to use his body to block the attack!

"Master! No!"

In a split second, Cang Jingu recognized the person that stood in front of him. This person was none other than Chen Xiaobei stepping on the Somersault Cloud. Feeling extremely worried, Cang Jingu could feel that his heart was about to jump out from his mouth. To him, this giant lightning bird could destroy anyone that had not achieved True Nirvana Stage. Knowing that Chen Xiaobei had not achieved True Nirvana yet, there was not a slight chance that he could survive from the attack.

"Shit!"

Suddenly, all the ninjas around them were feeling extremely nervous. They were supposed to capture Chen Xiaobei and bring him back to Japan alive. If not, the whole plan would definitely fall apart. All of them would be punished severely if they accidentally killed Chen Xiaobei.

\*Pow!\*

No one in this world could recall an arrow that was fired. In the end, the 40,000 combat power lighting bird landed on Chen Xiaobei.

\*Swoosh!\*

To their surprise, Chen Xiaobei only took a few steps back and managed to regain his balance after that. They realized that he remained unharmed after the bright light was gone!

"How... How is this even possible?! The 40,000 lighting bird failed to inflict any damage on him?!"

"Could he be an elite with middle phase of True Nirvana stage? No! This is not possible! According to the latest intel, his cultivation should be later phase of Qi refining stage!"

"We will all be dead if he is an elite with middle phase of True Nirvana stage!"

...

Standing still, none of the ninjas had the guts to make a move on Chen Xiaobei.

"Hehe... You guys don't have to make any guesses anymore. I'm not your opponent!" said Chen Xiaobei while shrugging.
