Chapter 851: Something Bad Is About to Happen

"First! The documents that we just received allow us to have a better understanding of this person, Chen Xiaobei! And all the intel proves that he is just a mere human being! He is not a demigod! Now, the only thing that we need to worry is that the US gave us fake information to set us up! Also our Faction Leader Liu was once set up by Chen Xiaobei! I'm afraid that kid is not as simple as we thought!"

"To me, that is actually not that important! Now, the most important thing is if you want to have your revenge!" asked Zhuang Lao Taijun.

"Of course we want! That son of a bitch demanded my son, Yap Tianlin and the elder of Mount Shu to kneel down in front of him! He even asked us to slap our own faces! To the Yap Family, that is one massive embarrassment! I would have killed him if he is not a demigod!" said Yap Jianming in a furious manner.

"That son of a bitch just ruined a plan that I spent twenty years to prepare! And he hurt me badly as well! I will have this revenge no matter what! However, I'm afraid that he's the real deal! We will be so dead if he really is a demigod!" said Liu Xiyuan while frowning.

"Okay! That son of a bitch caused a lot of trouble to the Zhuang Family as well! We are no better from one another! I would definitely devour his flesh and drink his blood if he is not a demigod! I suggest that we should treat each other as allies! When it comes to this matter, we should all work together to achieve that goal that we desire!" said Zhuang Lao Taijun furiously.

"Ally or not, that is just a title! The most important thing is what should we do right now?" ask Yap Jianming.

"That's right! I lost to him during the battle! I'm worried that we are not powerful enough to defeat him!" said Liu Xiyuan.

"I can understand your worries because that is exactly my worry as well! It's not necessary for us to defeat him with force to achieve our goal!" said Zhuang Lao Taijun with a smile on her face.

"I know that the Blood Descendants from America is interested in him as well! All we need to do is work together with them and make sure that their plan can be executed perfectly! Let them deal with him first! After that, we can try to work out something from it! In the best case scenario, we will all be pleased if they can kill Chen Xiaobei for us! However, if they are all killed by Chen Xiaobei, it's not our business anyway!"

"I thought about it as well! But, do you think the Blood Descendants are that dumb?"

"Of course they are not dumb! That is why we need to form an alliance! We just need to work with each other! Continue to put up an I-don't-care attitude! Sooner or later, the Blood Descendants will lose their patience! By that time, we can just sit down and watch them dealing with Chen Xiaobei! The death of Chen Xiaobei and Blood Descendants will not have any negative impact on us!"

Upon hearing that, Yap Jianmin and Liu Xiyuan came to a sudden realization.

"Zhuang Lao Taijun, the idea that you just came up with is brilliant! Too wise! Of course, we shouldn't waste any time as well! The martial art competition is just around the corner! All the elites from ancient factions will gather together on that day! We might be able to ask some of them to help us to deliver a fatal blow to Chen Xiaobei!"

"This is great! My family and Mount Shu Faction are in good terms. I heard Elder Situ told me that they are sending one of their most powerful disciples to come to the modern world to go through some training. I have every single intention to make him my ally!" said Yap Jianmin.

"My family is in good terms with Green Town Faction as well! By that time, I will see what I can do to contribute to this matter!" said Liu Xiyuan.

"Sounds great! The previous head of the Zhuang Family is now the grand elder of Mount Hua Faction! He will definitely not hesitate to kill Chen Xiaobei for us as well! Putting Chen Xioabei in the grave is just a matter of time once we all become allies!" said Zhuang Lao Taijun.

"What? Zhuang Lao Taiye is going to help us as well?!" said Yap Jianming, shocked.

"Don't you know that? Mount Hua Faction is the one that organized this martial arts competition and they are the one that came up with the reward as well! Even the faction leader, Yue Changkong is coming as well! That is why the grand leader is obligated to go with him." Said Liu Xiyuan.

"I see now! So, what is Mount Hua Faction trying to do? Though they can be considered as an extremely powerful ancient faction, coming up with 5,000 Spiritual Stones as a reward is really a waste!"

"I heard that they are in need of talented folk to join them! Coming up with 5,000 Spiritual Stones to reward the top three contestants is actually going to benefit them. Imagine if all top three contestants join them... It would be a huge gain to their power!"

"It all makes sense to me now!"

"Alright. We are done discussing the serious matter. All of you can make a move first if you want! I guess the Blood Descendants have different factions as well! I bet they will come looking for us separately really soon! Just make sure that they will never know that we have treated each other as allies!" said Zhuang Lao Taijun.

"Okay! We know what to do."

Nodding, Liu Xiyuan and Yap Jianming left the room together.

.....

Inside the vault.

Chen Xiaobei might look calm from the outside, he was actually feeling worried deep inside his heart.

"So, that is why Damien was smiling at me when I killed him! He looked for someone to check my background and send all of my information to my sworn enemies! What an evil bastard! And this time the Blood Descendants are going to come at me with their full force! Sooner or later, my identity, as a demigod will definitely be destroyed. By that time, all three most powerful families are going to unleash their wrath on me as well! Lastly, I have to face ancient factions like Mount Shu Faction, Green Town

Faction, and Mount Hua Faction! No! No! I have to come up with something before they strike me down!"

A sense of urgency came rushing at him after he thought it through. With his current power, there was no way that he could defeat his enemies. Once his real identity is exposed to them, he would definitely be killed instantly. This upcoming life-threatening event that he is going to face was no better than the one that he faced at Paradise Island.

The only advantage that he got this time was he was given the time to prepare himself.

"Grandpa. The medial ingredient that you need is here! Is there anything else that you need?" asked Zhuang Hao.

"Okay. No more. Let's head out."

Coming to a sudden realization, Chen Xiaobei had almost forgotten about his new identity. It could actually bring him a lot of advantage. After asking Zhuang Hao to cook up the medical ingredients, Chen Xiaobei left the mansion in haste. The first thing that he did was to contact Elder Cao and meet him in a secret location.

At the airport of Dragon City.

A team of Special Forces disguised as businessmen had just arrived at China. Earlier, 8,000 Spiritual Stones from Hikari Okazaka was claimed by Chen Xiaobei through a setup. After doing a thorough investigation, he found out that Chen Xiaobei had always been a wanted criminal in Japan.

It was only the second day of the Lunar New Year, yet it seemed like Dragon City was going to be shaken up greatly.

[Red Envelope Group of the Three Realms](#)

Chapter 852: Young Master of Mount Hua

Chen Xiaobei met Elder Cao at one of the private mansions. When Xiangyu agreed to join the Thunder Kirin Special Force, Elder Cao promised him that he would do Chen Xiaobei a favor in the future – no matter how big the favor was. With a confident attitude, Chen Xiaobei told his problem to Elder Cao.

"Xiaobei. Forgive me for being straightforward! I'm afraid I can't get myself involve in the conflict between you and the three most powerful families in Dragon City! After all, you did take a great advantage of them! You guys should take care this problem amongst yourself!"

"I know! I will bear full responsibility! This is my problem and I will never ask you to take care of it for me! However, I will need you to protect my family and friends. Especially the Lan Family from Green Vine City! I believe that the Zhuang Family would definitely destroy them first if anything bad happens to me!"

"So, the purpose of you looking for me is to ask me to protect your family and friends?"

Dumbfounded, Elder Cao did not expect that Chen Xiaobei was the kind of person that care about his family and friends so much in a life-threatening moment like this. He finally understood that why Xiangyu would prioritize Chen Xiaobei over everything. It was an honour for him to make friends with him.

"You are right! I'm not asking you to do anything for me! I just wish that you can use your power to prevent the Zhuang Family from hurting my family and friends!"

"This is not a difficult task. After all, the law still exists in this world! Later, I will assign someone from Six Doors to protect them from the shadows. This country doesn't belong to the Zhuang Family! And Zhuang Hao is afraid that I might catch him red-handed while he is committing a crime!"

"Okay! I feel less worried now after hearing your promise to me!"

"Don't let joy get to your head! The Zhuang Family is more resource than you think! They might be able to come up with some legal way to deal with the Lan Family!"

"That's fine! I'm not afraid of them if they decide to bring the game to light!"

Taken aback, Elder Cao could not help but compliment Chen Xiaobei.

"I have not seen you for quite some time but you have grown so much! I can't believe that you are now powerful enough to fight against the three most powerful families in Dragon City!"

"Thank you for the compliment. They are the one that forced my hand!"

"Alright. So, that should be it for now. I'm not going to make a call to Six Doors about it. You should go there personally. Recently, Puti has been feeling really frustrated. She might get better when you go and visit her!"

"Elder Cao, you look like a person that likes to get in others' business," said Chen Xiaobei with a smile.

"Puti is my employee. All I ever did is show my concern to her. It has nothing to do with my getting into others' business. And this is for your own good as well!"

"For my own good? What do you mean by that?"

"Someone might capture her heart if you don't go and look for her right now!"

"Damn! Who the hell is bold enough to take away my woman from me?!"

Feeling worried, Chen Xiaobei stood up and rushed to the door.

"Elder Cao! We will talk soon!"

...

At Six Doors Organization.

In the office of the chief inspector.

"Chief inspector. Someone just sent you a bouquet of fresh flowers!" said one of the newly employed female employees.

"Who is the one that sent it to me?"

Sitting on the chair, Luo Puti was focusing on completing her paperwork. As usual, she was still an ice-cold queen. Suddenly, she could not help but think of Chen Xiaobei. She then shook her head and

thought that Chen Xiaobei would never think about her since he was constantly surrounded by other women.

"The one that bought you the flowers did not tell me his name. Also he is really handsome! I thought you should know that he is waiting for you outside the office!"

Slowly lifted up her head, Luo Puti took a glance at the bouquet of flowers. To her surprise, the flowers were extremely beautiful. The color of the flowers were as blue as the sky. Their shapes looked like one of those pure and gorgeous Echeveria! And the most unique part of the flower was its stamen! Layers of golden halation could be seen emitting from it. With the combination of the jade green leaves, this flower did not look like it came from earth.

"Heaven Star! This is the legendary Heaven Star!"

"Wow! Chief inspector! You are so knowledgeable! I got to know the name of this flower from the one that sent you the flower! Look at its heavenly blue petals and stamen that looks like golden stars! It is no wonder that this flower is given this beautiful name!"

"Send it back," said Luo Puti in a calm manner.

"Send it back? Why? The flower is so beautiful..."

Feeling disappointed, the newly employed female employee did not even get to finish her words.

"Heaven Star is an extremely rare type of orchid! A bouquet of it can be sold for at least millions in a high-class flower auction! How can I receive such an expensive gift?! Don't you forget that this is my office!"

"Millions... Millions? I will give it back to the person right now..."

Any ordinary women in this would definitely go crazy over this flower. Unfortunately, Luo Puti was no ordinary woman. The moment the female employee wanted to leave the office, a tall and handsome looking man came to her and took the flower from her.

"Little Shimei! Just hand me the flowers. I will give them to Chief Inspector Luo personally!" said the man in a gentle manner.

Seemingly, the man's voice was really attractive. The female employee went all crazy over him after hearing his voice. After nodding her head, she then left the office.

"Chief Inspector Luo, can I come in?" asked the man while holding the flowers with a smile on his face.

One had to say the man did look extremely handsome. With his sharp looking eyes and curvy eyebrows, an exquisite aura emanated from him. He definitely did not look like one of those second generation filthy rich boys. With his looks and the flowers in his hand, hundreds and thousands of women would go crazy over him. All he needed to do was used his fingers to summon them over.

"Yue Junmo. Why are you here?" asked Luo Puti while frowning.

"Yue... Yue Junmo?"

The little Shimei's mouth was opened wide. Clearly, she was shocked to hear the name. She had never expected the handsome man that stood in front of her was the young master of Mount Hua Faction, Yue Junmo. Considering that the martial arts competition was coming soon, news about Mount Hua Faction was circling in the Jianghu nonstop. She just could not imagine that the young master would come here personally to deliver flowers to Luo Puti. It was just too much for her to take in.

"I'm here to catch up with my old friend!" said Yue Junmo with a smile.

He was about to enter the office.

"Hold on right there! I did not say you can come into my office! It's work time! I don't have time to catch up with you!"

[Red Envelope Group of the Three Realms](#)

Chapter 853: My Wife Is so Headstrong

"Oh? Am I interrupting your work? Let me go and talk to your superior now! I will ask him to give you a break for today!" said Yue Junmo with a smile on his face.

Recently, there was no major case for Six Doors Organization to follow up. With his status in Jianghu, Elder Cao would definitely say yes to his demand. One should know that Mount Hua Faction could be considered as a upper-intermediate ancient faction in Jianghu. They were definitely more powerful than factions like Tidal Faction and Wrath Wave Faction! The faction leader of Mount Hua Faction, Yue Changkong was a well know elite with later phase Celestial cultivation. Even the government had to take the initiative to build a good relationship with them.

"Who told you that I want to take a day off today? Please leave me alone! I have an important matter to deal with today!" said Luo Puti in an ice-cold manner.

Clearly, she had no interest in this handsome and powerful man that stood in front of her. She then ignored him and continued to read the documents that were being placed on her table. Upon seeing that, Little Shimei was taken aback. She could never figure out why Luo Puti would show no interest in this perfect man. To her, unless the woman was retarded, there was no woman in this world who could resist Yue Junmo's charm.

'Oh no! There is one more possibility! Could it be Luo Puti is not interested in men? Maybe she's a lesbian! Recently, she has taken really good care of me! Maybe she is interested in me! Should I turn into a lesbian as well to become her sexual partner ? 1 '

Having this thought in her mind, the way Little Shimei looked at Luo Puti had changed.

"Alright. Since you refuse to take a day off, can I report something to you? I'm an elite from this Jianghu! Six Doors Organization is not allowed to ignore me if I have some something that is related Jianghu to report to you guys!" said Yue Junmo while sitting on the chair.

Yue Junmo was clearly to look for some lame excuses to go into Luo Puti's office.

"I would like to report a robbery case!"

"Give me the location, place and what was taken from you!"

"Five years ago, someone stole my heart from the top of Mount Hua!" said Yue Junmo with an alluring smile on his face.

The Little Shimei that stood beside went completely crazy over him.

"You are just trying to mess with me! Get the hell out!"

"I'm not going! You have to deal with it no matter what! Only you know the one that stole my heart! Today I must hold her responsible for it! Before I capture her, I will continue to stay here!" said Yue Junmo while leaning back on the chair. With the frown on her face, one could see that Luo Puti was stuck in an awkward situation.

"My wife! I'm coming to bring you home!"

Suddenly, a joyful voice could be heard from outside the door.

"Who's that?"

Yue Junmo's and Little Shimei's mouths twitched when they heard the loud shouting outside the office. After all, this was the office of the chief inspector of Six Doors Organization – nobody was ever bold enough to behave in such a rude manner. Everyone in the office could see that Chen Xiaobei was standing at the door and staring at Luo Puti Passionately. Seemingly, the wife that he just mentioned was referring to Luo Puti.

"Little Shi! Stop it!" exclaimed Luo Puti. She then put down the documents in his hand and put on a sweet smile she strode toward Chen Xiaobei.

"Why are you here today?"

"I just touched down today! Of course, I have to drop to come and check on my wife! I want to give this to you. Do you like it?"

Chen Xiaobei then handed a white rose to Luo Puti with a sincere smile on his face.

"Psst!"

Upon seeing that, Yue Junmo and Little Shimei could not help but roll their eyes at them.

"The rose that he gave Luo Puti is just a wild flower. It definitely doesn't have the wow effect! I think he could have gotten it from the roadside!"

"I like it!"

Seconds later, Luo Puti gave Chen Xiaobei a clear reply. The smile on her face got even sweeter when she received the rose from Chen Xiaobei. Her smile was so breathtaking that Yue Junmo and Little Shimei were completely dumbfounded. At that moment, the Heaven Star that cost millions had just lost its value since it could not be compared with the presence of a goddess in the room. It was true that Luo Puti was basking in joy when she received a flower from Chen Xiaobei.

Feeling baffled, Little Shimei could not figure out why would Luo Puti refuse to accept the Heaven Star – instead she chose to accept a wild rose. As for Yue Junmo, he was furious. The flames of jealousy were

burning in his heart. The second he thought about Luo Puti would rather choose a wild rose instead of his Heaven Star, he was literally on the verge of coughing out a mouthful of warm blood.

"Let's go!" Luo Puti took the initiative to hold Chen Xiaobei's hand and said.

"Don't you need to work today?"

"I'm the chief inspector! I can work whenever I want!" Luo Puti shrugged and said in a confident manner.

"You are such a wilful wife! But! I love it! Hehehe!"

Yue Junmo almost spat a mouthful of blood to the ceiling. Earlier, he asked Luo Puti to take a day off but she rejected him mercilessly. On the other hand, she took the initiative to take a day off when she saw Chen Xiaobei came and look for her. That was definitely a huge slap on the face.

"Chief Inspector Luo, I believe you have not helped to solve the case! Don't you forget that I'm the only one that can help you with the thing that you want to know!"

Taken aback, a sense of hesitation could be seen on Luo Puti's face.

"Honey, what do you want to know? As your husband, I can help you with that!" said Chen Xiaobei while winking at her.

"You don't know my matter..."

After that, Luo Puti turned around and said in an ice-cold tone, "Young Master Yue, you should know me better now after all these years! I will not do as you wish! I would go to Mount Hua to look for you if I need your help!"

Taken aback, Yue Junmo did not give Luo Puti any response.

"Young Master Yue, that's about it. This is what I want to say. There are other inspectors in Six Doors Organization if you want to file a report!"

Following by that, Luo Puti clung on to Chen Xiaobei's arm and left the office.

"Hubby. Let's go!"

"Hold on! I know you guys will go to a good restaurant tonight. I'm heading to a special dinner tonight. There are all kinds of VVIP invited there. Usually, ordinary folk will not get the chance to go there! I would like to invite the two of you to go there. What do you think?"

"Not so much... I want to go home with my hubby to do some secretive stuff. We are not interested in the special dinner that you just mentioned!"

"You... Think properly! Rejecting me means going against the entire Mount Hua Faction!"

"Damn! So, you are someone from Mount Hua Faction? I have to show you some respect!"

Before letting Luo Puti respond, Chen Xiaobei said, "Tell me the time and venue! I will go there with my wife tonight!"

Red Envelope Group of the Three Realms

Chapter 854: Cause and Effect

"You can let go of me now!"

Right after leaving the Six Doors Organization building, Luo Puti shook off Chen Xiaobei who was hugging her waist.

"Honey! You can't do this to me! My heart melted when you called me your hubby just now! And now you are going to treat me like a stranger again?"

With a smile on his face, Chen Xiaobei hugged Luo Puti again.

"Stop acting dumb in front of me! The reason I called you hubby just now was to make Yue Junmo angry! I was just using you as a tool to make him go away! You should feel angry!" said Luo Puti in an icy tone as she stepped away from him.

"Hehe... You won't use me as a tool if I don't have a special place in your heart! How can I get angry when I know that I'm special to you?" said Chen Xiaobei cheerfully.

"Stop being so full of yourself! All the men in this world are too mean! You do not have a special place in my heart!"

"I wonder who was the one that cried for me when we were in Luo Yang? The person even wanted to die together with me!"

Luo Puti was tongue-tied, her face red.

"And I wonder who was the one that asked me to run for my life? The person was willing to stay behind to buy me some time!"

"You are so damn annoying! As a man, you shouldn't keep harping on the past!"

Embarrassed, Luo Puti was trying to act like an ice-cold queen but she somehow failed to do so.

"Alright! Let's talk about the present! Who is the one that held on tight to the flower that I gave her? I can see that she's taking really good care of it!"

"I..."

Taken aback, she suddenly realized that she placed the flower that Chen Xiaobei gave her in her breast pocket like a piece of valuable treasure. Seemingly, she was afraid that something might crush it. This little act was done unconsciously.

"Actually, I know that you have always liked me. There's only a thin barrier placed between us! Allow me to break it please!"

Smiling at Luo Puti, Chen Xiaobei started to walk toward her.

"How are you going to break it?"

Feeling nervous, her face was as red as an overripe tomato.

"Did you just act dumb in front of me? You are the one that told Yue Junmo just now that you are going to do some naughty stuff with me when we are back home! Hehehe..." he said with an evil smile.

"My ass! You are just like that Yue Junmo! You are not a good man as well! Stay away from me!"

"How did Yue Junmo offend you? Judging from his kind appearance, he doesn't look like a bad guy! All he did was trying to snatch away the woman that I love from me! That is one crime that I cannot forgive!"

"I don't want to talk about him!"

"Just tell me about it! I can always help you no matter how big the problem is! It's useless that you keep it for yourself! Look at that! It's been ten years! You would have solved it if you are capable of doing so!" said Chen Xiaobei after he wiped off the evil smile on his face.

"You can't help me! And I don't want to drag you into my problem!" said Luo Puti in a slightly angry tone.

"Just cut the crap! We are now husband and wife! Can you stop saying that you don't want to drag me into your problem? People are going to laugh at us if they overhear our conversation!"

Upon hearing that, Luo Puti acted in an even more ice-cold manner. She then glared at Chen Xiaobei with her soulful eyes.

"Stop glaring at me! Set aside my love for you, we have been through many life-threatening situations! Shouldn't you put your trust in me to help you?!"

Finally, her frozen heart started to melt after hearing Chen Xiaobei's response.

'He is actually right about that! I've been through more than one perilous situation with him!'

Unconsciously, Chen Xiaobei had become her most trusted ally. She also knew that he was the only person in this world that would listen to her problem and help her.

After hesitating for some time, she decided to tell him everything.

"Five years ago, there was an elder from Mount Hua Faction who suffered from serious illness. At that time, my father was known as the successor of Nine Needles Luo! That was why he decided to take my grandpa's place to cure him! And my mom and I went with him since we had nothing to do. We saw that as our family trip."

"The first day when I arrived at Mount Hua, I got to know Yue Junmo. We were still teenagers. That was why he came to pursue me with a bold and open heart. At that time, I could be considered as an outgoing girl. So, I did not say yes to him or reject him."

"After that, we spent quite a long time staying at Mount Hua. During that period, Yue Junmo treated me really kindly. I gradually developed feelings for him. However, when I had mustered enough courage to confess to him, I saw him being intimate with another woman..."

Luo Puti suddenly paused. An ice-cold look was reflected in her eyes. Clearly, she was reminded of something sad.

"Ugh... We all have loved trash when we were young! You should be glad that you get to see his true colors before falling deeper into his trap!"

"Right! That's what I think as well! So, I did not interrupt them. After that, I ran to the top of Mount Hua and let the cold breeze calm myself down! He's just an asshole! He's not worthy for me to shed a teardrop for him! Fortunately, I still had my pride with me! But... I found out that my parents were gone when I came down from the top of the mountain..."

"I have tried to ask everyone that I know and even search the entire Mount Hua! After that, I started to call them until the battery on my cell phone was drained completely! And my grandpa did try to ask everything that he knew to help us to look for my parents... Still, we couldn't locate them. I really hate myself! And I hate that asshole! My parents would not disappear into thin air if I didn't go and look for that asshole! I shouldn't have gone to the top of the mountain to calm myself down as well!"

"I would've rather stayed with them and disappear together with them!"

Luo Puti could not help but begin to cry after telling Chen Xiaobei her problem.

"How did that happen..."

Taken aback, Chen Xiaobei suddenly realized a lot of things that he did not understand about Luo Puti previously.

Why did she hate men?

Why did she get angry every time when someone mentioned sex?

Why did she close her heart like an ice mountain?

Now, the answer was clear. All these while, she took the sadness of losing her parents with her. She blamed herself for not protecting her parents.

Why did she refuse to be married to a man from a rich family and instead joined the Six Doors Organization?

Why did she let Poseidon to control her life?

Why did she try her best to be promoted to chief inspector?

All these questions were answered as well. Clearly, she wanted to rely on the resources of Six Doors Organization to look for her parents. That was the time when Chen Xiaobei realized that this was the first time he truly understood Luo Puti.

"Puti. Relax! I know that you have buried all those in your heart for a very long time.

Chen Xiaobei brought Luo Puti into his embrace and caressed her gently.

"Now. You have me! Leave this matter to me! I will not call you my wife until I solve this matter for you!"

[Red Envelope Group of the Three Realms](#)

Chapter 855: Are You Really Not Going?

"Alright. You don't have to console me anymore! I think it's better for you not to get involved in my problem! I don't want to cause you trouble if something bad happens during the investigation! I have to hold on to it for quite a number of years! I will never be defeated by it!" said Luo Puti in a determined manner.

She did not even dare to tell her grandpa about the thing that she told Chen Xiaobei. Naturally, she felt slightly relieved after she shared it with someone she trusted.

"Did you come across something that is related to the disappearance of your parents? Can you stop saying that you don't want to cause trouble to me?!"

"Don't ask me about it anymore. I will never tell you."

"Why not? Do you think I'm too weak to help you?"

"To be brutally honest! The answer is yes! I did come across something terrifying! And I don't want to get you involved in it! Don't you forget that you still have your parents to take care of! Not exposing them to danger is what you should do!"

Taken aback, now Chen Xiaobei understood why his parents wished that Luo Puti could become their daughter-in-law in the future.

"Actually.... I'm not as weak as you think I am..."

"I know that you have a lot of potential with you! And someday, you are going to transform into a dragon and fly into the sky! But, I can't wait anymore! Time is running out for me! What if you are half as powerful as Chen Zhufeng? That will be really great! And you will be able to help me!"

"Huh? Chen Zhufeng? Do you know his true identity?" asked Chen Xiaobei in a shocking manner.

"Yes. He is the person put pressure on the Zhuang Family and I mentioned to you that there is a high chance that he is going to become the champion of the upcoming martial arts competition! And you told me that he is some super genius! Have you forgotten about that?"

"Ugh..."

Seeing that Luo Puti was acting all serious, Chen Xiaobei did not know whether to cry or laugh.

"Actually I am Chen Zhufeng!"

"You? Can you stop acting tough! Not even a three-year-old kid will believe something this stupid!"

"I can swear to god! I'm not trying to act tough in front of you..."

"Alright! Stop the nonsense!"

Clearly Luo Puti did not believe in Chen Xiaobei at all.

"All I got now is just some random intel... I will not do anything about it yet. So, it's useless for me to tell you now! As for the Chen Zhufeng matter. You can use your fist to prove that I'm wrong during the martial arts competition!"

"Alright! Let's wait till the martial arts competition! I will definitely give you a pleasant surprise!" said Chen Xiaobei calmly.

He even felt like laughing out loud. Luckily, Luo Puti was still trying to gather more information. That was why it was not necessary for him to rush to prove that he was Chen Zhufeng. It would be dramatic when Chen Xiaobei unveiled his true identity to Luo Puti during the martial arts competition. The ice-cold queen was about to turn into an adorable child.

After that, Chen Xiaobei told Luo Puti the purpose he came and look for her. Naturally, Luo Puti was more than willing to help him. She personally assigned Wu Tianhe to travel to Green Vine City to protect the Lan Family.

Firstly, Wu Tianhe was the deputy chief inspector of Six Doors. He would be the top choice when it came to experience, position, and combat power. Secondly, Wu Tianhe owed Chen Xiaobei a huge favor after he saved his life. In other words, he would not need to worry that Wu Tianhe would side with his enemies. Though things were about to get chaotic really soon, as long as his family was well protected – Chen Xiaobei had nothing to fear of.

Ring

Right after Chen Xiaobei took care of this matter, Yue Junmo started to bombard them with calls to remind them to go for the special dinner. Luo Puti did reject his calls multiple but he just would not give up calling her.

"It's your fault! Why would you say yes to him? Now, he is haunting us! What should we do now? I don't think he had good intentions when he said that he wanted to invite us over for dinner!"

"Let me talk to him since you feel disgusted when you talk to him!"

With a smile on his face, Chen Xiaobei took her cell phone.

"Yes! You are my hubby! So, you should do the talking! Scold him!"

Luo Puti's eyes were beaming with the light of hope. Clearly, she wished that Chen Xiaobei would scold him on her behalf.

"Hello? Young Master Yue? We will be arriving in half an hour! Don't worry! We will not miss the dinner!"

"Arriving in half an hour? Are you trying to lick his boots after knowing that he is the young master of Mount Hua Faction? You can go on your own! I'm definitely not going with you!"

"Do you think your hubby is that kind of person that will get down to lick someone's boots? I'm going to slap his face! Are you sure you don't want to come with me?"

"Slap his face? I-I think I will go with you. I'm afraid that someone will slap your face. I will be able to save your dignity if I stay by your side!"

"Hehe! Hold on! Let your hubby bring the car over here to come and get you!" said Chen Xiaobei in a joyful manner.

"Okay... Hold on! Something is not right! Just now you told me that you will not call me your wife until you help to solve the problem! Now, you are calling yourself my hubby! I don't see a difference there! Come back here and explain to me!"

.....

At Zi Ming Club.

As the private club of the Zhuang Family, they would never invite outside to come here. This place was designed for important guests of the Zhuang Family. Without Zhuang Hao's permission, one could never get in here no matter how rich the person was. In order to protect the privacy of the guest, the soundproofing system had been optimized to the best. No one would notice anything even if someone put up a fight in the room.

"Do you know why Yue Junmo wants to invite us to come here to have dinner?" asked Luo Puti.

"I know... A tad bit about it... The previous head of the Zhuang Family is now the grand elder of Mount Hua Faction!"

"Eh? This secret was kept for more than a few decades! How did you know about it?!"

"As the chief inspector of Six Doors Organization, I came to know about it when I read the historical scroll of Mount Hua Faction!"

"I have told you earlier that I'm no ordinary person! It's your loss if you don't come and look for my help!"

Actually, Chen Xiaobei came to know about it when he eavesdropped on the meeting that was being held in the Zhuang Family's mansion.

The Zhuang Family had Mount Hua Faction supporting them.

Yap Family had Mount Shu Faction supporting them.

Liu Family had Green Town Faction supporting them.

All of them were not to be trifled with. With the help of all those ancient factions, that was how they managed to become the most powerful families in Dragon City.

"Don't call yourself my hubby again! If not I'm going to beat you up!"

"Are you sure about that?" asked Chen Xiaobei with an evil smile.

"I'm sure..."

Immediately, Luo Puti put on a new face.

"Hubby! You are so nice to me!"

"Hehe! Both of you look really sweet and lovely tonight!"

Suddenly, Yue Junmo strode towards them with a hypocritical smile on his face.

Red Envelope Group of the Three Realms

Chapter 856: Having Dinner Together

"I must treat her well with all my heart! After all, Puti is such a perfect woman! I will be struck by lightning if I stop loving her!" said Chen Xiaobei with vigor.

"Hubby! You are so nice!"

Feeling warm from the bottom of her heart, Luo Puti held Chen Xiaobei's arm and slowly lay in his embrace. On the other hand, Yue Junmo's mouth twitched when he saw that the woman that he loved was having a sweet moment with Chen Xiaobei.

He then took a deep breath and tried his best to put on a smile.

"Please come on in! Everyone is here! We are just waiting for you to have dinner together."

Inside the club.

There were another four people sat inside one of the most luxurious private rooms. Two of them were Chen Xiaobei's buddies – Zhuang Bifan and Zhuang Bufan. Though Yue Junmo had a special status in Jianghu, his seniority was not as high. That was why it was inappropriate for Zhuang Hao to join them. In the end, he had to ask two of his sons to attend the dinner.

As Zhuang Bifan had been on the sick bed for quite some time, he did not know Chen Xiaobei that well. As for Zhuang Bufan, he was shaking nonstop in fear when he saw Chen Xiaobei enter the room. Some time ago, he witnessed Chen Xiaobei bring Tai Yitan to destroy the Zhuang Family's mansion entrance. And he even killed the prodigy of the Zhuang Family, Zhuang Jiuxiao, and the S-tier assassin with a single swing of his hand.

At that time, the entire Zhuang Family was left in shock and fear. Every single one of them was forced to kneel on the ground to beg for their lives. Those who were not there on that day would never be able to experience the horror brought forth by Chen Xiaobei.

"Gree... Greetings God Chen!"

Zhuang Bufan instinctively wanted to stand up and kneel before Chen Xiaobei to greet him.

"Sit back down! What the hell are you doing?"

Immediately, Zhuang Bifan kicked Zhuang Bufan's leg to signal that he should calm down. Clearly, Zhuang Lao Taijun had reminded to stay calm when they saw Chen Xiaobei. She wanted them not to lick his boots and not offend him at the same time. Since there was a Blood Descendant present in the room, he would suspect something was wrong if the two of them got too close to Chen Xiaobei.

"Master Bufan! What did you just call that kid?"

An American man with silver hair was sitting beside him. It was obvious his Mandarin was not that fluent when he spoke to Zhuang Bufan. Though this American man looked really handsome, his skin looked sickly pale. Seeing that the man had a pair of crimson eyeballs, the first name that went through Chen Xiaobei's mind was Gustav.

Chen Xiaobei knew that Blood Descendants would eventually come after him but he did not expect that it would be this soon. If his guess was right, this silver hair man must have taken the plane last night and just touched down at China not too long ago. Judging from the small details, Chen Xiaobei knew that it would not be easy for him to deal with them.

"Did he just call you God Chen?" asked Luo Puti in a curious manner.

"No idea. I think it was an honest mistake."

Seemingly, Chen Xiaobei did not want to expose his identity.

"Right! It was an honest mistake! I meant to address him as Mr. Chen, not God Chen! We work in the same entertainment industry before and I'm definitely not close to him at all!"

"Oh. So, it's just a misunderstanding. I thought the two of you were good friends!"

With a smile on his face, the silver-haired man took a look at Chen Xiaobei as his eyes reflected deep thoughts. According to the intel that all the Blood Descendants, Chen Xiaobei was just a mere human that just achieved True Nirvana stage. That was why the silver-haired man was confident that he could kill Chen Xiaobei with ease. It seemed he was planning to toy with Chen Xiaobei first before killing him.

"I see now! It's just a misunderstanding!" said Luo Puti in relief.

"What a load of bullshit! Of course this is just a misunderstanding! This kid over there is not worthy to be called God Chen! He just tainted the image of my idol! Other than my idol, no one in this world is worthy to be called God Chen!"

Suddenly, the fourth person in the room voiced out his thought. All Chen Xiaobei did was looked at him with a smile on his face.

"Who the hell are you?! Where are your manners?!" asked Luo Puti, furious.

To her, no one could act in such a rude manner toward Chen Xiaobei. She was the only one in this world could do so.

"How can you not recognize me?! And you call yourself the chief inspector of Six Doors Organization?!"

The man stood up, turned around and faced Luo Puti. One could see that the man was around 29 years old. His hair was all straightened up like needles and his eyes were glaring at then like how a tiger looked at its prey. Though his body was not muscular, he exuded a domineering aura.

"You... You are Wu Aofeng?"

Immediately, Luo Puti recognized the man that stood in front of him.

"Wu Aofeng?"

Of course, Chen Xiaobei was familiar with this name. Earlier, Luo Puti did mention to Chen Xiaobei that Wu Aofeng, Huo Yuanba, and Tai Yitan were at the same tier and they were definitely powerful enough to get second or third place in the upcoming martial arts competition. As for first place, it would definitely go to Chen Zhufeng.

"Heh! It seems like the legendary Luo Puti can finally recognize me! I was going to say that you are just a short sighted lady! Not bad! I will give you that since you recognize me right now!" said Wu Aofeng while laughing out loud.

He was the kind of person that spoke whatever that went through his mind.

"It seems like you really like to look down on women, right?!" said Luo Puti, displeased.

"Right! You are right about it! What are you going to about it?! Hit me? Hehe!"

Rendered speechless, Luo Puti did not dare to hit him. After all, she just achieved True Nirvana cultivation not too long ago. As for Wu Aofeng, he was known for his combat power at the Northwest Jianghu. Recently, he had just killed hundreds of people all by himself and three of them were elites with True Nirvana stage. Hitting Wu Aofeng would only bring trouble to herself. Upon thinking about that, Luo Puti felt really frustrated. At that moment, she wished she was more powerful to exert more pressure on him.

"Aofeng! Stop talking about killing others! After the martial arts competition, you are going to become one of the disciples of Mount Hua Faction! And we will not tolerate behavior like that! You have to know that all the disciples in my faction are gentlemen!"

"Okay. Understood."

Wu Aofeng nodded and started behaving. Upon seeing that, Chen Xiaobei and Luo Puti were taken aback. They had heard that Mount Hua Faction was using the martial arts competition to recruit some of the most powerful young men in Jianghu. To their surprise, Wu Aofeng had already been recruited to their faction before the martial arts competition began.

"Since we all know each other her. Let me introduce Mr. Gustav to all of you. This is Harry Gustav, the VIP of the Zhuang Family! That is why I invited him to come over here to have dinner with us!"

[Red Envelope Group of the Three Realms](#)

Chapter 857: Face Slapping Little Tornado

The dinner finally began.

All the dishes that were served to them were cooked by some of the top chefs in Dragon City. However, the atmosphere in the room was rather awkward. Only the two brothers knew most of the people that came for the dinner. As for the others, they were not too close with each other. That was why it was hard to have a common topic to talk about.

Especially, when Yue Junmo went to toast with Luo Puti. Just as expected, Luo Puti ignored him and the atmosphere got even more awkward. Luckily, Wu Aofeng started to become talkative after drinking a few cups of alcohol. Immediately, he started to pour in different topics to the group.

"Have you heard of my idol, Chen Zhufeng? I f*cking idolize him! I heard that he went to the Zhuang Family's mansion alone and made them kneel in front of him! That is just so f*cking cool!"

Upon hearing that, everyone's face changed. The name, Chen Zhufeng was one of the most discussed people in Jianghu right now. Those who had not heard of him were not worthy to be called Jianghu folk. After hearing Wu Aofeng praised Chen Zhufeng, Chen Xiaobei had an amused look on his face.

'That's hilarious! Before I can do anything, he had already started to slap the Zhuang Family's face!'

On the other hand, Luo Puti and Harry were looking forward to hear more about Chen Zhufeng. The two brothers that came from the Zhuang Family were left embarrassed after Wu Aofeng brought up the shameful matters that their family been through recently. However they did not dare to say anything to stop Wu Aofeng. All they could do was looked at Yue Junmo helplessly.

"Aofeng! Your mouth! Please control it! You are so done if Zhuang Lao Taijun hears you talking about it!" said Yue Junmo.

"Ugh... Let's not talk about the Zhuang Family! I have received news that the Zuckerberg Carriers had gone missing mysteriously at the Indian Ocean! And my idol is the one that made them disappear!" said Wu Aofeng.

"How... How is that even possible? Carriers like that are the most fearsome war machine of the sea! How is possible that they disappeared into thin air?" said Luo Puti in astonishment and doubt.

"Six Doors is supposed to rule the Jianghu! How can you not know such big news?"

"I really have no idea... The legendary elites in Jianghu hate others checking on them! In order to prevent offending God Chen, the Six Doors has ceased all investigations on them!"

"Hehe... In China, there's a saying and it's called seeing a snake shadow in the cup. It origins from coward saw the reflection of a bow in his cup. And he thought that he was seeing the reflection on a poisonous snake – causing him to almost scare himself to death. Same goes to the God Chen that you keep on mentioning! He is just an ordinary human being! I don't understand why you guys are treating him as a demigod! All of you are no different from the guy that saw the reflection of a poisonous snake in his cup!" said Harry while looking at Chen Xiaobei with his eyes squinted.

To all the Blood Descendants, Chen Xiaobei's true identity had already exposed. The reason why Harry taunted Chen Xiaobei was to make him lose his patience. Unfortunately, he had underestimated Chen Xiaobei's state of mind. All the things that he said just now were completely ignored by Chen Xiaobei. Instead of getting angry, he continued to serve Luo Puti with more dishes.

"You know nothing! My idol is the real demigod! He alone can destroy the entire carrier fleet!" said Wu Aofeng furiously.

"He even had sex with the wife of the American president! You can go and verify it yourself if you don't trust me!"

"What a load of bullshit! You do know I can sue you for slander?"

"Don't even try to scare me! The court will not dare to do anything to me even if you sue me! Let's be practical! You are regarded as a noble in America, right? Call the first lady now! I will call you my grandpa if she picks up your call! If she doesn't pick up, all you need to do is kneel down and call me your father!"

"You..."

Harry's mouth twitched and he was so angry that his face turned red. However, he did not go and get his cell phone to call the first lady. Earlier, he was informed that the government had lost contact with Niya.

Actually, it was not a big deal for him to make the call. However, things would turn ugly if he had to force himself to call Wu Aofeng his daddy.

Giggle

Upon seeing that, Chen Xiaobei almost burst into laughter.

One always asked what the highest level of face slapping was. And the answer was letting others do it for you and all you needed to do was just stand there and watch. Seeing that Harry was looking frustrated, Chen Xiaobei could not help but give Wu Aofeng a like.

"What now? Lost the balls to make the call? All you Americans are the same! From the surface, you look tough but you actually have no balls when it comes to the real thing!" said Wu Aofeng in a disgusted manner.

Feeling embarrassed, there was nothing Harry could do but stare at Yue Junmo helplessly.

Yue Junmo nodded in understanding and chided Wu Aofeng. "Aofeng! Stop talking! Young Master Yue! I'm not done yet! Don't you guys want to know that where the first lady is now?"

"Where? Where?"

Upon hearing that, everyone including Chen Xiaobei felt really curious.

"It's a long story! Everything begins from the president's impotence! The first lady has hungered for sex for a very long time! Until she met my idol, Chen Zhufeng! After she had a taste of my idol's glorious rocket, she could not get enough of it! In the end, she decides to become my idol's playtoy!"

Blarrghh

Every single man in the room almost fell off their chairs after hearing the nonsense Wu Aofeng spouted. Luo Puti was the only one that believed that it was real.

"I never thought that Chen Zhufeng is that kind of person!"

Blarrghh

Chen Xiaobei almost coughed out a mouthful of warm blood to the ceiling.

'This is wrong! Wu Aofeng that bastard is just making up some ridiculous stories! How am I going to reveal my true identity when my image is tainted?'

"Why the hell are you staring at me? Look at you! You have the same surname with my idol! But, the gap between the two of you is so damn big!" said Wu Aofeng after he realized that Chen Xiaobei was staring at him.

"Mr. Wu... Sooner or later, you will lose all your friends if you continue to slap the faces of the person that you just meet!" said Chen Xiaobei in a frustrated manner.

"Heh! You know nothing! I bet you have not heard of my title before! In the Northwest, I'm given the title Face Slapping Little Tornado! Unless you are more powerful than me, I will definitely slap your face if you have done something wrong!"

From the moment Chen Xiaobei and Luo Puti entered the room, Wu Aofeng had begun to slap everyone's face at least once.

"But, I have done nothing wrong!"

"Weak! That's your sin!"

"Weak?"

"Are you sure you are more powerful than me?"

Red Envelope Group of the Three Realms

Chapter 858: Luo Puti, You Set Me Up

"Bastard! Are you trying to say that you are more powerful than me?!"

Not only Wu Aofeng was a prideful person but he also had a hot temper. Chen Xiaobei's question to him had managed to anger him. Immediately, he stood and readied to defend himself.

"I don't know how powerful you are! But, I'm pretty sure that I can defeat you easily!" said Chen Xiaobei while shrugging nonchalantly.

Ding!

[Cultivation: Early phase of True Nirvana stage. Health: 33,000. Combat power: 33,000!]

The Netherspirit Battlescouter allowed Chen Xiaobei to check on Wu Aofeng's combat power. Seemingly, he was as powerful as Chen Xiaobei. Other than combat power, Chen Xiaobei could use any of the items that he stored in his treasure chest to defeat him. A trump card was definitely not needed to deal with people like Wu Aofeng.

However, Wu Aofeng did not know about it. He then continued to holler at Chen Xiaobei.

"F*ck! I have dominated the Northwest for a very long time! And I have seen a lot of people that like to act tough in front of me! However, I have not seen anyone quite like you! You are just an immature teenager! I bet you have not even gone through puberty! How dare you claim that you can defeat me easily?!"

Clearly, Wu Aofeng was extremely furious. He exuded a Zhang Fei-like aura.

"Hehe... Mr. Wu! I thought you are the Face Slapping Little Tornado? Look at his acting-tough face! Aren't you going to land a slap on it as well?!" said Harry while licking his lips.

Ding!

[Cultivation: Early phase of True Nirvana stage. Health: 33,000. Combat power: 33,000!]

After taking a glance at Harry Gustav, Chen Xiaobei got to know that his combat power was similar to Wu Aofeng. In other words, he was worthy to become a grand duke in a Blood Descendant family. Still, Chen Xiaobei was not bothered by them at all. Clearly, he knew that he would be able to defeat them even if the two of them decided to attack him at the same time.

"Cut the crap! I, Face Slapping Little Tornado is not to be trifled with! I will slap his face no matter what!"

Considering that Wu Aofeng was hot-tempered by nature, he exploded after Harry taunted him. Immediately, he strode toward Chen Xiaobei like a maniac. Upon seeing that, most of the people in the room were anticipating a good fight.

Harry, Zhuang Bifan, and Zhuang Bufan were happy that Wu Aofeng volunteered to fight with Chen Xiaobei. When the two of them fought, they would be able to know how powerful Chen Xiaobei was. As for Yue Junmo, he just wanted to watch Chen Xiaobei being crippled by Wu Aofeng.

"Wu Aofeng! What the hell are you trying to do?!"

Suddenly, Luo Puti stood in front of Chen Xiaobei to protect him.

"Hmph! That bastard claimed that he can defeat me with ease! Let me fight with him! I want to know that the weak one should just stay at the corner of the wall and shut the hell up! Acting tough in front of me will definitely be struck by lightning!"

"You are bullying him! My hubby has not even achieved True Nirvana cultivation! How is he going to fight with you?!"

In a determined manner, Luo Puti would not quit protecting Chen Xiaobei if he threatened her. Feeling touch, Chen Xiaobei actually wanted to explain himself.

"Puti, I have actually achieved..."

Before he could finish his sentence, Wu Aofeng interrupted him.

"What? Son of a bitch! You have not even achieved True Nirvana cultivation?! How dare you claim that you can defeat me easily! The way you act tough is way too much for me to handle!"

"What? God Ch.. Mr. Chen has not achieved True Nirvana cultivation?!"

Taken aback, a shocking look could be seen on Zhuang Bufan's and Zhuang Bifan's face. Recalling their prestigious family being pressured by Chen Xiaobei, they found it extremely hard to believe.

"Puti, I remember you told that you are always fond of powerful elites! Why did you choose to stick with this weak ass shit?!" asked Yue Junmo in a mocking manner.

"Xiaobei is not a weak ass shit! Sooner or later, he will stand on top of the food chain and strike all of you down! By that time, all of you will fear and respect him from the bottom of your hearts!" said Luo Puti.

"Hahaha! I think this is the funniest joke that I ever heard!" said Yue Junmo while laughing out loud.

"Just laugh all you want now! I believe you will cry your heart out really soon!"

After that, Luo Puti held Chen Xiaobei's hand and said, "Xiaobei! Let's go!"

"Stand right there! I did not permit the two of you to leave this place!" said Wu Aofeng with an evil smile.

Feeling nervous, Luo Puti knew that her combat was only 30,000. It was not possible for her to defeat Wu Aofeng.

"Aofeng! Hold your horse!"

Yue Junmo shouted at Wu Aofeng. He then turned around to look at Luo Puti.

"Puti, considering that we are old friends, I'm giving you a chance! Ditch that kid and come back to me! I will ask Aofeng to spare his life! If not, Aofeng's wrath will definitely destroy him!"

"Yue Junmo! Stop pressuring us!" exclaimed Luo Puti.

Unfortunately, there was nothing she could do about it.

"Listen to what you just said! I have given you a chance! Now, it's up to you to decide his fate!"

Smiling at Luo Puti, he then opened his arms to wait for Luo Puti to fall into his embrace. Left in dilemma, he knew that the both of them would never be able to leave this room if she did not say yes to Yue Junmo's demand. Now, she felt regret for attending this dinner. As the last resort, she could actually say yes to Yue Junmo to let Chen Xiaobei leave the room first. After that, she could always figure out something to get away from Yue Junmo.

To her, this was the only way to ensure Chen Xiaobei could live to see tomorrow. As for herself, she did not really think too much about it.

"Pumpkin! Don't you worry! I'm here to slap their faces! They should be afraid of us!"

All of a sudden, Chen Xiaobei took a step forward and dashed at Wu Aofeng.

Swoosh

A fist landed on Wu Aofeng's face.

"Xiaobei! Stop angering him!"

Clearly, Luo Puti was not happy that Chen Xiaobei landed a pre-emptive strike at Wu Aofeng while she was figuring out a way to solve the problem. Judging from Wu Aofeng's personality, he would never show any mercy to Chen Xiaobei since he struck him first.

"You have a death wish!"

As expected, Wu Aofeng shouted furiously and charged at Chen Xiaobei as well.

"It's not possible for you to defeat an elite with True Nirvana Cultivation! Idiot! You are going to die since you take the initiative to attack me!"

Upon seeing that, Yue Junmo and Harry laughed at the same time. To them, Chen Xiaobei was like an egg tackling a stone.

"The truth is about to be unveiled! This punch will determine whether Chen Xiaobei is a demigod or not!"

Filled with anticipation, Zhuang Bufan and Zhuang Bifan had their eyes wide opened and focused on Chen Xiaobei.

"No!"

The second the two fists collided, Luo Puti could not help but scream out loud. One could see that her tears were on the verge coming out from her eyes.

Boom!

The loud noise shaken everyone in the room. To their surprise, Wu Aofeng was being sent flying by the force! And Chen Xiaobei was still standing there, unharmed.

"Luo... Luo... Luo Puti... You set me up!"

Wu Aofeng's back was stuck in the wall and blood was coming out from his mouth when he talked.

"I... I did not..."

Taken aback, Luo Puti did not know how to respond to it.

[Red Envelope Group of the Three Realms](#)

Chapter 859: I'm Not Going to Fight Anymore

"This kid's cultivation is exactly the same as mine! How dare you tell me that he has not achieved True Nirvana Cultivation? You just f*cking set me up!"

Glaring at Luo Puti furiously, it was as if he wanted to eat her alive. During the fight just now, Wu Aofeng and Chen Xiaobei swung their fists at each other at the same time. It was an iron rule that elites with True Nirvana cultivation could defeat anyone below it! Since Luo Puti told Wu Aofeng that Chen Xiaobei had not achieved True Nirvana stage, he ended up at using only 70% of his strength and zero True Kang.

On the other hand, Chen Xiaobei came up with all his strength and he even used to True Kang to increase the power of his attack. With his 33,000 combat power, Wu Aofeng would surely be defeated with ease since he had no True Kang on him. That was why Chen Xiaobei managed to send him flying away with only one punch and even cause serious injuries on him.

Feeling frustrated, he could not understand why would he fall into Luo Puti's trap.

"I... I have no idea about it as well!"

Looking innocent, Luo Puyi was just as shocked as Wu Aofeng. To be honest, she had never thought that Chen Xiaobei had achieved True Nirvana cultivation when she met up with him recently. She could not understand how Chen Xiaobei achieved True Nirvana cultivation in just a few days! And he even possessed the same combat power as Wu Aofeng.

This was truly unbelievable for her. To her, now Chen Xiaobei was a power-filled monster.

"Pumpkin! See! I told you that your hubby will never disappoint you!"

With a smile on his face, Chen Xiaobei gently rubbed Luo Puti's nose.

"Why did you tell me earlier that you had achieved True Nirvana cultivation?! I was so worried about you just now!" asked Luo Puti in a shocking manner.

"I wanted to tell you about it but you did not give me an opportunity to do so! However, I think it's a good thing that I did not get to tell you about it. If not, the infamous Face Slapping Little Tornado would

be defeated by me with only a single punch! Hehehe!" said Chen Xiaobei with an evil smile while shrugging.

It was true that if Luo Puti did not accidentally set Wu Aofeng up, it would be really hard to defeat him with only a single hit. After all, Chen Xiaobei had only 30,000 combat power. The reason why he could boost his combat power to 33,000 was because he increased his health to 33,000 recently. And with the help of Primordial Witch King Combat Enhancement Training Manual, he managed to make himself become as powerful as Wu Aofeng.

If they fought for real, the chances of Chen Xiaobei defeating him was only 50/50. This was why Chen Xiaobei wanted to gather as many Spiritual Stones as possible. Once he boosted his health to the highest point, he could easily come up with 39,000 combat power! With that, Chen Xiaobei could defeat all the other contestants in the upcoming martial arts competition confidently.

"Little Tornado, are you going yield to me?!" asked Chen Xiaobei in a joyful manner.

"I..."

Seemingly, Wu Aofeng hesitated about it.

"Aofeng! It's just a minor injury! Stand up and fight again! That kid just set you up! You are not worthy to be called Face Slapping Little Tornado if you don't avenge yourself!" said Yue Junmo angrily.

"Mr. Wu! You are known as the martial arts prodigy at Northwest Jianghu! You are going to slap your own face and the face of Northwest Jianghu if you just give up like that!" said Harry with his eyes narrowed.

These two sons of bitches were trying to worsen the situation by taunting Wu Aofeng to fight with Chen Xiaobei till death.

"Bro..."

"What do you think is happening to God Chen? How is possible for a demigod not achieving True Nirvana cultivation?!" whispered Zhuang Bufan, frowned.

"I have no idea as well... I don't see God Chen channeling his True Kang to his attack when he fought Wu Aofeng just now! I think he might be trying to fool us! Our great grandma did tell us that a demigod sees this world as his playground! We can never guess his next step no matter what. The best thing we can do right now is to avoid offending him before knowing the final result!"

"Alright. I will bear this in mind... Let's see if Wu Aofeng is bold enough to continue the fight with him..."

Gulping, Zhuang Bufan was drenched in fear.

"I'm not going to yield but I won't fight you anymore!"

Wu Aofeng gave Chen Xiaobei a firm reply after wiping the blood at the corner of his mouth.

"Not going to fight with him anymore? Why? You still can fight! Wu Aofeng! I order you to finish the fight with him!" said Yue Junmo in a furious manner.

"I just said that I will not fight with him anymore!"

Wu Aofeng shook his head and made up his mind. Upon hearing that, Harry, Zhuang Bifan, and Zhuang Bufan were taken aback.

Why would Wu Aofeng refuse to fight with Chen Xiaobei when he was capable of doing so?

Could it be he was afraid of Chen Xiaobei?

Maybe Chen Xiaobei was hiding a trump card from them?

Considering that Yue Junmo had not seen the information about Chen Xiaobei before, he had no idea that Chen Xiaobei was a demigod to them.

He then continued to threaten Wu Aofeng, "Wu Aofeng! Mount Hua Faction will never take in a coward like you! I will not take you in if you still refuse to fight with him!"

"Just do whatever you like! Following you around would only restrict my freedom! I was going to tell you that I'm not going to join your faction even if you did not reject my application! Bye!"

Considering that Wu Aofeng was a hot-tempered guy, he did not even look back when he left the place.

"You..."

Yue Junmo was furious. In Jianghu, there were numerous people begging to join an ancient faction! To his surprise, he never expected that Wu Aofeng would decline to join Mount Hua Faction. That was literally a face slapping moment for Yue Junmo. Especially when Luo Puti was present, he felt even more embarrassed when Wu Aofeng rejected him.

Feeling angry, Yue Junmo wished that he could charge at him and destroy him on the spot. And he was definitely more than capable to do so. Judging from his despicable personality, Yue Junmo would destroy him if there were no people around him. If others saw him killing Wu Aofeng, the reputation of Mount Hua Faction would definitely be tainted. Also, the martial art competition was coming soon, it was best for him not to do anything rash right now.

With a smile on his face, Chen Xiaobei started to feel that Wu Aofeng was actually quite an interesting person.

"Hubby, let's leave this place as well! I will vomit if I stay here for another minute!"

Holding onto Chen Xiaobei's hand, Luo Puti wanted to take this opportunity to leave this evil place as soon as possible. Chen Xiaobei would definitely be killed even if he was as powerful as Wu Aofeng since there were two powerful elites sitting in the room.

"Okay. I want to leave as well. But I'm afraid that somebody might not agree to it!"

Chen Xiaobei glared at Yue Junmo and Harry.

"You are right! Initially, you are free to leave this place! Now, Luo Puti and you have to stay here!" said Yue Junmo with a furious look.

[Red Envelope Group of the Three Realms](#)

Chapter 860: Exploded on the Spo

"Shit!"

The thing that Luo Puti worried and feared the most finally happened. The reason why Yue Junmo was willing to let Wu Aofeng go was to protect the reputation of Mount Hua Faction. He would not be able to attend the martial arts competition if he was killed. Once others knew about it, no one would dare to join Mount Hua Faction anymore. As for Chen Xiaobei and Luo Puti, Yue Junmo knew that he could do whatever he wanted to them. There was no reason for him to let them live as well.

To Luo Puti, she knew that it was impossible for the two of them to defeat Yue Junmo. This conflict would definitely end in failure for them.

Ding!

[Cultivation: Later phase of True Nirvana stage. Health: 45,000. Combat power: 45,000!]

After scanning him with Netherspirit Battlescouter, Chen Xiaobei could not help but frown. Now, he knew why Yue Junmo was crowned as the young master of Mount Hua Faction. An ancient faction like this was a hundred times more powerful and resourceful than Tidal Faction and Wrath Wave Faction. Filthy rich second generation young men like Zhuang Bufan and Zhuang Bifan could never be on the same caliber as them. Though Yue Junmo was extremely powerful, Chen Xiaobei was not afraid of him at all. He would not have brought Luo Puti to come here if he did not have a plan with him.

"Puti, don't worry! I will protect you no matter what!" said Chen Xiaobei casually.

"How can I not worry?! Who is going to protect me if you are killed?!"

After all, she could only see how powerful the enemies were. Chen Xiaobei's true power and trump cards were still hidden from her – same went to Yue Junmo.

"Bastard! You know you are going to die soon, right? Stop acting tough in front of me! I would really love to see how the hell you are going to protect Luo Puti when you are in deep shit!"

Swoosh

Right after Yue Junmo finished talking, a silver True Kang emerged from his hand – looking like a laser saber that could cut anything into half!

"Damn! So, this is the true power of Young Master Yue! I'm really impressed that he was this powerful as such a young age! I have a small favor to ask. I hope that you can spare his life. To be honest, he is actually pretty important to our Gustav Family!" said Harry with an evil smile.

"I can spare his life but Gustav Family is going to owe me a favor!"

"No problem!"

"In the future, if you are going to travel to America, just let me know! The Gustav Family will do whatever it takes to help you!"

"Great! Deal! Hahaha..."

Yue Junmo and Harry looked at each other and laughed out loud. To them, Chen Xiaobei would sure be defeated seconds later. At that moment, he was no different from their prisoner.

"Bro! Yue Junmo is going to deal with this bastard himself! This time we will know that whether God Chen is the real deal!" said Zhuang Bufan in a soft tone.

"Okay. Let's pay close attention to it! Once Yue Junmo is serious, not even a hundred Wu Aofeng can defeat him! Soon, we will be able to know the true identity of that kid!" said Zhuang Bifan while nodding.

"Bastard! Are you going to kneel and beg for your life? If you kneel down and give me back my Puti, I will reward you with a quick resolution! I will only destroy your cultivation! If you refuse to do so, I will let Harry take care of you! By that time, you can enjoy all kinds of torture from him!"

"I'm not going to do what you tell me! And there's nothing you can do about it!"

"You..."

Upon hearing that, everyone including Luo Puti was taken aback.

'Are there something wrong with that kid?! Why is he not begging for his life in this life-threatening circumstance?! Not only that! He even taunted Yue Junmo! Clearly, he has a death wish!'

"Harry! Do you mind bringing back a heavily-injured dog back to America with you?" asked Yue Junmo gloomily.

"Of course, I don't mind! As long as he's still breathing, I'm fine with that!"

With a smile on his face, Harry took a look at Chen Xiaobei.

"Kid! Do you know how one can carve flower on flesh? This kind of sword skill originated from Mount Hua Faction and it is famous for its surreal details! Those who masters this skill can even make all kind of wounds with fancy design on their enemies! I can even carve some fancy window design on your skin! This kind of killing is pretty similar to dismembering one's body! However, it's definitely more elegant and interesting! And it requires a very skilful sword art to be able to achieve it! There is no way for ordinary human being to do it! Consider yourself lucky for meeting me today!"

Upon hearing that, Luo Puti's face turned pale immediately. She wanted to protect Chen Xiaobei but it was meaningless. On the other hand, a series of mocking smiles could be seen on Harry's, Zhuang Bufan's, and Zhuang Bifan's faces. The three of them were not exactly Mr. Good Guys. They were intrigued when they heard the fancy torture method from Yue Junmo.

"Hehe... It does sound really interesting. However, I don't think you will have the chance to use it on me!" said Chen Xiaobei with a calm smile.

"I don't have chance to use it on you? Are you out of your mind?! I'm going to carve something fancy on your skin right now!"

Feeling extremely furious, Yue Junmo charged at Chen Xiaobei without any hesitation.

"Puti, let's go!"

Completely ignored Yue Junmo, Chen Xiaobei held on tight to Luo Puti's hand and prepared to leave the place.

"We are going to leave this place? How is that even possible?" said Luo Puti, taken aback.

"I was right! Though Wu Aofeng has a bad temper, he is still a Jianghu elite that will not betray the absolute code of Jianghu!" said Chen Xiaobei with a smile.

It seemed like he had figured something out.

Boom!

Before he could finish his sentence, the door was kicked open by someone.

"Wu Aofeng? You... What are you trying to do?"

Everyone in the room was shocked when they saw Wu Aofeng standing at the door. They could see that he was holding two gas tanks in his hands.

Swoosh

Swoosh

Without saying anything, Wu Aofeng tossed them into the room.

Bop!

Bop!

The two gas tanks cracked open when they landed on the floor – leaving the gas flooded the room instantaneously.

"Mr. Chen! Let's go!"

Wu Aofeng tossed a lit lighter into the room and ran away from where he stood as fast as possible. On the other hand, Chen Xiaobei and Luo Puti had already stood up and prepared to run out from the room as well.

"This... Motherf*cker..."

Before the remaining four people in the room could realize what was going on, a huge explosion was triggered.

Boom!

The flame devoured the entire room. Following by that, roof and wall started to crumble and collapsed on them.

"Damn! Little Tornado! That was quite a great surprise attack!"

Chen Xiaobei and Luo Puti were taken aback when they turned back and saw the fire.

"Your ass! From this moment onwards, I don't owe you anything anymore!"

Cough...

Wu Aofeng glared at Chen Xiaobei. He then started to cough out blood again.

"I think you still owe me something! Come with me! Let me heal you!"

Taken aback, Luo Puti did not know when Wu Aofeng owed Chen Xiaobei a favor.
