Chapter 861: Revenge by Yue Junmo

"What the hell is going on here? Do you know each other?" Luo Puti could not help but ask as they left the clubhouse.

"Nope. It's our first time meeting each other." Chen Xiaobei shrugged as he buried his hands in his pockets. He was actually trying to take out a bottle of Hundred Herbs Potion from his Infinite Space Ring to pass it to Wu Aofeng.

"What actually happened back there?"

Luo Puti would not let it go. Clearly, she was curious about it.

"During the fight, Mr. Chen used True Kang against me but he withheld his strength... If he had not done so, I would have either died or become a cripple!" Wu Aofeng said in a solemn tone, "I don't like to owe anyone anything – that is why I saved the both of you! I don't want to see either of you again!"

He then waved his large hands, turned around and walked away, without a care in the world.

Luo Puti looked at Chen Xiaobei in disbelief and asked, "True Kang? Did you really use True Kang just now?"

Chen Xiaobei merely smiled at her and said nothing.

He did, in fact, use True Kang during the fight. However, his True Kang is very special. It was invisible. Considering that Wu Aofeng was defenseless just now, Chen Xiaobei could actually transform his True Kang into a sword. And Wu Aofeng would definitely be killed within seconds. However, Chen Xiaobei chose not to do so. Instead, he just used his normal True Kang to send him flying. That was how Chen Xiaobei showed mercy to Wu Aofeng. Because of that, Wu Aofeng said no to Yue Junmo's order. Seemingly, he would rather not join Mount Hua Faction than engaging in a fight with Chen Xiaobei again.

In return (for having his life spared), Wu Aofeng brought two large gas tanks from the kitchen to save Chen Xiaobei and Luo Puti.

Admittedly, even though Wu Aofeng was a man with a bad-temper, he was also a man that stuck to the code of brotherhood. Knowing that Chen Xiaobei did not kill him, he would definitely return Chen Xiaobei's favor. As compared to the four people in the room, they would not hesitate to kill him even if Chen Xiaobei was willing to show mercy to them. And that was what Chen Xiaobei liked about Wu Aofeng.

"Don't think too much. I'll send you back."

Without having explained the entire situation, he sent her home.

As long as they were away from the enemy's turf, their enemies would not dare to cause too big a scene.

After all, this was Dragon City – the heart of China! The security of this area was a top priority of the government!

Even the Mount Hua Faction would not dare do anything to compromise it!

This was true for every country. Both government and hidden forces coexist. But was the government the ruling party? Frankly speaking, it was because the government had armies and weapons! No matter how strong the hidden forces are, they could never stand against the blow of a heavily armed regiment. Not even the demigod could take a hit from a nuclear bomb. Almost all the factions and ancient factions in Jianghu had their own set of rules but they still had to obey the government no matter how powerful they were.

This rang true in every nation, in each of the past dynasties.

Or else, the place of the kings and presidents would already have been overtaken by those ancient factions.

Once he made sure that Luo Puti was safe in her home only did Chen Xiaobei leave with a peace of mind. However, he did not return to Bei Xuan Faction. Instead, he made a U-turn and sped toward the clubhouse.

The gas tanks could not have killed those four idiots.

Chen Xiaobei would have to deal with them personally.

Klak

Boom!

Suddenly, shattered stones burst out from the ruins. Yue Juemo and Harry were unharmed because the two of them used True Kang to protect themselves when the gas tanks exploded. Judging from the toughness of their True Kang armor, the explosion was definitely not powerful enough to hurt either one of them.

"Chen Xiaobei! Wu Aofeng! I'm going to kill the two of you!"

Yue Junmo looked a demon that was about to devour anyone in sight. Intense murderous intent was reflected from his eyes. As the young master of Mount Hua Faction, he had never fallen into such terrible state. Upon thinking about being slapped by someone that was weaker than him in front of the woman that he loved, Yue Junmo could not help but cough out a mouthful of warm blood.

"Young Master Yue. Are you going to let them go?!" said Harry with a gloomy look.

"My ass! I will never let them live! I know that Wu Aofeng is staying at a villa that is located at the outskirts! I'm pretty sure he would go back to pack his stuff! Let's move now and capture that son of a bitch! Use him to threaten Chen Xiaobei!"

"Good idea! Let's go now!"

Harry nodded in excitement. The of them then walked out from the clubhouse.

Klak

Klak

Klak

On the other hand, Zhang Bufan and Zhuang Bifan had to come up with a great deal of strength to climb out from the shattered rock that was lying on top of them. Without the protection from True Kang, the two of them were covered in dust and their torn shirts made them look like beggars. Fortunately, Zhuang Bifan had 20,000 combat power. During the life and death situation, he used some of his True Qi to neutralize some of the explosive power.

"Brother, what about the both of us? Should we go with them?" asked Zhuang Bufan in fear.

"We have to go! Come on! We have not confirmed the true identity of that kid! We cannot give up right now!"

When the two of them drove away from the clubhouse, Chen Xiaobei was there as well. He then followed the two of them to the outskirts of this area.

Considering that Wu Aofeng was an extremely wealthy man, he booked the entire villa once he arrived at Dragon City. He was planning to stay until the martial art competition ended.

Though he had a temper, he was not dumb. He had wronged Yue Junmo. There was no way he could continue to live here.

He then headed back to his room and packed and planned to move to the bustling city. In crowded areas like that, Yue Junmo would not be able to do as he pleased.

But just as he had arrived at the entrance of the villa, Wu Aofeng was stopped in his tracks.

The enemy was faster than he had expected them to be. There were five SUVs blocking the entrance of the villa. And around thirty people came down from the SUVs.

Clearly, all of them were the Blood Descendants that came with Harry. Judging from their presence, one could see that their combat power was definitely not low. They could easily defeat 3,000 to 4,000 low-life thugs.

"Wu Aofeng! Where do you think you're going?"

Yue Junmo and Harry stepped out of the car and said menacingly, "Weren't you acting all high and mighty when you were throwing the tank? And look at you now trying to run away with your tail between your legs."

"It looks like you don't plan to let me off the hook!" Wu Aofeng's face darkened – his heart filled with dismay.

"Hah! You hit my face and expect me to let you just walk away?"

Yue Junmo looked at him menacingly and said, "You were already a dead man from the moment you rejected me!"

Chapter 862: Something Is Waiting Behind You

Bam!

Wu Aofeng threw his luggage on the floor and glared at them.

"Come on! I will never beg for my life even though I can't defeat you! Be a man! Use your fist to kill me!"

Knowing that he was going to be defeated by Yue Junmo, he could never allow himself to surrender to his enemies. He would rather die fighting them.

"You? Do you really think you can stop my attack?! This must be a joke!" said Yue Junmo in disdain.

"Young Master Yue! This garbage is not worthy enough to fight with you! Should I help you to kill him? It can prevent others from spreading bad rumors about you!" said Harry with his eyes narrowed.

Seeing that Wu Aofeng was injured and his combat power was similar to his, Harry was confident enough that he could take him down with ease. Truth to be told, he actually wanted to treat this favor as a gift.

"Alright! It will be great if Mr. Harry is willing to do me this favor! After that, I will help you to capture that son of a bitch as well!" said Yue Junmo while nodding his head.

Wu Aofeng after all used to be a semi-recruited Mount Hua Faction's disciple. Yue Junmo's reputation would definitely be tainted if others knew that he was the one that killed Wu Aofeng. Since Harry was willing to do his dirty work, Yue Junmo was very pleased by it.

"Mr. Wu! Please die now!"

The form of his body changed completely right after he let out a loud shout. His hair turned into white, wings were coming out from his back, and both of his eyes changed to silver as well. This monstrous look was the final form of the grand duke of Blood Descendant! Just like a Spiritual Beast, its combat power was boosted greatly as compared to when he was still in human form.

Swoop!

With his wings spread, Harry flew to Wu Aofeng at lightning speed.

"Berserk, Aofeng!"

Wu Aofeng was no ordinary elite as well. With a loud shout, both of his fists were embedded with bronze True Kang. And his True Kang turned into two giant sabers right after that. He too charged at Harry fearlessly.

Shinng

The moment their True Kang weapons collided into each other, a loud metal clashing sound could be heard – like two divine weapons crossing paths.

Shinng

Shinng

Shinng

Harry would use his claw to fight back when Wu Aofeng swung his saber at him. Their fighting speed was so fast that there were around ten attacks being thrown at each other every second!

"What the fuck... Are they even human?"

Without blinking, Zhuang Bufan was trying to follow with their movement speed but he failed to do so.

"They are so damn powerful... I don't think I can get to their level even if I train for another ten years!"

On the other hand, Zhuang Bifan could not move his eyes away from them as well. Though he had 20,000 combat power, his eyes and mind still could not follow up with their movement speed. Having to imagine that if he was the one fighting with either one of them, he would be decapitated within seconds.

"This is weird! I thought you suffered quite heavy injuries just now? Why are you not weakened?" asked Harry, baffled.

Initially, he wanted to finish the battle quick and easy. To his surprise, he could only gain slight upper hand after transforming into his true form. Seemingly, Wu Aofeng was completely healed from his injuries. His combat strength was still in tip-top condition. And with the combination of his skillful way of wielding his saber, it did not look like he was going to be defeated by Harry anytime soon. Clearly, this battle was not as easy as Harry thought it would be. A small mistake could cause him to lose in this battle instantaneously.

"Someone gifted me a bottle of potion! All my wounds are healed now! Don't even dream of taking advantage of me! Dream on!"

With a smile on his face, Wu Aofeng adjusted the strength that he exerted onto the sabers.

"Penetrate the Sun! Aofeng!"

Suddenly, the two True Kang sabers in Wu Aofeng's hands lit up. It was as if some magical attributes were added to it.

Shinng!

Shinng!

With lightning speed, two sabers struck Harry's chest.

"Ah..."

Harry whimpered and he immediately flew around ten meters away from Wu Aofeng. One could see that there was still True Kang protecting his body. However, finger-sized wounds appeared on both sides of Harry's chest. And blood even started to pour out from it.

"Damn! Wu Aofeng's skill manage to penetrate Harry's True Kang!" exclaimed Zhuang Bifan.

"Master Harry! Are you okay? Master Harry..."

All thirty Blood Descendants around him were getting really nervous. They even started to load their long bows with arrows and aimed at Wu Aofeng.

"Don't waste my time! Just shoot him!"

Harry placed both of his hands on his chest and started to scream like a woman that was being molested by a man. To others, he looked really funny. Though the wounds on his body was not lethal, it was no different from slapping his face for two times!

Swoosh

Swoosh

Swoosh

Seconds later, a rain of arrows was being unleashed at Wu Aofeng.

Shinng!

Shinng!

Shinng!

Having to protect himself with True Kang armor, Wu Aofeng started to use his sabers to deflect all the arrows that were shot at him. The rain of arrows might look harmless to Wu Aofeng. The truth was every arrow that he deflected would consume a small portion of his True Qi! Sooner or later, he would definitely be killed when his True Qi was all gone!

Still, Yue Junmo was not patient enough to wait for Wu Aofeng to die slowly.

Swoop

Silently, Yue Junmo dashed to the back to Wu Aofeng. He then formed a long silver sword with his True Kang. Like a venomous snake, he was just waiting for the right time to slit his throat.

Shinng!

Shinng!

Shinng!

Wu Aofeng had to divert all his attention to deflect all the arrows that were being shot at him. Seemingly, he did not notice that Yue Junmo was going to give him a surprise attack.

"Wu Aofeng! Die now!"

Yue Junmo had paid full attention to Wu Aofeng's movement. Seeing that Wu Aofeng's let his guard down for a short moment, Yue Junmo exert all his strength to his hand and prepared to land a lethal attack on him.

"Shit!"

Wu Aofeng's facial expression changed when he heard the sound. However, the sneak attack was too fast for him to do anything about it. At the same time, everyone had their attention diverted to Yue Junmo. Seconds later, all of them were taken aback.

Slap!

A loud and hard slap landed on Yue Junmo's face. Someone dashed to him and landed a slap on him that was powerful enough to send him flying. The 45,000 combat power young master of Mount Hua Faction had just rolled on the ground for a couple of times! This was definitely an embarrassing moment for him.

After spitting out a mouthful of blood, he did not even get to see the identity of the attacker before he passed out.

While coveting gains ahead, one should be aware of the danger behind.

Red Envelope Group of the Three Realms

Chapter 863: Key to Victory

"Why... Why are you here?"

At that moment, everyone was staring at the person in a shocking manner. It was as if they saw a spirit pass them by. To be exact, they were actually staring at the person's palm. The reason why Yue Junmo passed out was because of the palm that landed on his face. They could see that the person's palm was surrounded with golden aura. There were pieces and pieces of scales formed on the skin – looking like an ancient dragon claw. A primordial void land presence was emanating out from it.

This person was none other than Chen Xiaobei. And he just used the skill called Witch Dragon's Nine Transformation to transform his hand into dragon claw. All these while, he was actually following behind the crowd in a stealthy manner. When he saw that the crowd was attacking Wu Aofeng, he then started to make preparations for the upcoming fight.

Firstly, he put on the Nightstalker outfit and snuck up to Yue Junmo's back. After that, he quickly consumed 100 Spiritual Stones to fill up his Dantian. However, the amount of Spiritual Qi was too little for Chen Xiaobei's Witch Dragon Blood to come up with 70,000 combat power. The maximum combat power that he could come up with this time was 45,000 combat power. And it lasted shorter as well. That was why it was best for Chen Xiaobei not to drag the battle. Instead, he had to look for a golden opportunity to defeat Yue Junmo with one single hit.

The moment Yue Junmo placed all his attention on Wu Aofeng, Chen Xiaobei unleashed all the Spiritual Qi within his body to activate the Witch Dragon's Nine Transformations. At that split second, Chen Xiaobei focused all his 45,000 combat power on his palm and landed a surprised slap on Yue Junmo's face while he was defenseless. Of course, this was Chen Xiaobei's deepest secret. He would never explain to anyone about it.

"I can hold on for another three seconds... Using Witch Dragon's Nine Transformations is no different from burning money..."

Immediately, Chen Xiaobei charged forward at lightning speed.

"However, I think three seconds are more than enough for me!"

"What three seconds?!"

Everyone around him was taken aback.

"Wind!"

The Witch Dragon's blood was boiling inside Chen Xiaobei's body – allowing to come up with the movement speed that was equivalent to 45,000 combat power! All the people around him could only hear him moving around. None of their pairs of eyes could keep up with his movement speed.

"Oh god! Are we dreaming?!"

When Chen Xiaobei finally stopped moving, everyone quickly landed their focus on him. Before they could recover from the shock that they experienced earlier, something even more astonishing was presented in front of them.

"How... How is this even possible?"

With his eyes wide opened, Harry's silver pupils slowly reducing to the size of a needlepoint. Seemingly, he was still trying to figure out what just happened to him. And one could see that he was having a hard time to speak properly. There was blood coming from his mouth every time he tried to say something. Shaking involuntarily, it seemed like he was going to pass out really soon.

"Eh? Why can't I find the Star of David from your heart?" asked Chen Xiaobei in a calmed manner.

Before Harry could realize it, Chen Xiaobei had already used his dragon claw to penetrate Harry's chest. His 45,000 combat power rendered Harry defenseless in front of him. His True Kang armor was instantly crushed by Chen Xiaobei. Knowing that there was no Star of David inside Harry's heart, Chen Xiaobei immediately crushed his heart with his dragon claw.

"You should just die since I can't find the Star of David inside your heart!"

Following that, Chen Xiaobei took out his hand from Harry's chest. Everyone could see that the golden aura and dragon scales were gone – transforming back to an ordinary human's hand. At the same time, Harry fell on the ground while the open wound from his chest kept on gushing out with blood and organ pieces. It was definitely a horrifying scene for one to witness.

"Master... Master Harry is dead!"

"Master Harry is known as the prodigy of the family! And he is a grand duke as well! He was just killed by that kid... With only one single hit!"

"Oh god... What kind of monster is he? How did he acquire such terrifying strength?!"

All thirty Blood Descendants were almost scared to death.

"Mr... Mr. Chen... How high is your combat power?"

Standing from far, Wu Aofeng was left in a shocking state. He could not help but keep on gulping. Seeing that Harry that was as powerful as he was being killed in one hit and the extremely powerful Yue Junmo

passed out after Chen Xiaobei landed a slap on him, Wu Aofeng simple could not imagine the combat power that Chen Xiaobei had.

Was Chen Xiaobei just toying with him when they first fought each other?

And now Chen Xiaobei finally decided to unveil his true strength?

Or maybe Chen Xiaobei was just toying with the two of them – where he did not showcase his true combat power.

The more Wu Aofeng thought about it, the more he felt that Chen Xiaobei was absolutely unpredictable.

"You are asking too many questions... I'm gonna leave the rest of these garbage to you.... Do you think you will have a problem dealing with them?"

"Of course not! I notice they were actually enjoying themselves when they attacked me with bows and arrows just now! It's time for me, the Little Tornado to beat the shit out of them!"

Wu Aofeng was the kind of man that liked to deal with matters in hand as quickly as possible. He would never slack on it. With a clear goal in his mind, he then charged at all thirty Blood Descendants. He could easily kill all of them with his True Nirvana cultivation. The moment he came into contact with them, an agonizing scream could be heard echoing in the air – like a tiger walking into a flock of lambs.

Swoosh

Ignoring him, Chen Xiaobei swung his hand and absorb Harry's blood essence and soul into his palm. To be exact, he was actually feeding his Chaos Blood Sword. It had grown a lot since Chen Xiaobei killed twelve Silver-Winged Myrmidons and three hundred Iron-Winged Myrmidons. A total of two hundred Blood Descendants' blood essence and souls were being fed to the Chaos Blood Sword.

The next time Chen Xiaobei used it to attack his enemies, it could definitely deliver more destructive power. Since he was not in need of merit points, letting Chaos Blood Sword to absorb Harry's blood essence and soul would definitely make it grow even stronger!

After all, activating the Witch Dragon Blood would require a huge amount of Spiritual Qi. That was why the Chaos Blood Sword was his trump card when he ran out of Spiritual Qi. The more power stored within the Chaos Blood Sword, the more fatal the attack would be.

Following that, Chen Xiaobei walked to Yue Junmo after he settled all the things that he needed to do. He could actually kill Yue Junmo if he wanted to do so. However, the reason he allowed him to live to see another day was because he could be one of Chen Xiaobei's most important chess pieces. As long as he could utilize this chess piece properly, he could definitely overcome the dangerous matter that he was about to face.

"Yue Junmo. Please don't disappoint me!"

With his sheer will, a black worm appeared in Chen Xiaobei's palm. This was the Tame Head Hexworm from Azure Witch Faction. The last time Zhou Jianjun was infected by this hexworm, Chen Xiaobei was almost killed by him.

"The art of Tame Head..."

After chanting some secret ancient witch language, the hexworm climbed into Yue Junmo's mouth voluntarily.

Buzz

A Spiritual Signal was sent to Chen Xiaobei and a mini image of Yue Junmo appeared in Chen Xiaobei's palm.

"Everything is done for now! I should have everything under my control!"

Red Envelope Group of the Three Realms

Chapter 864: Trouble in the Group

"Mr. Chen! What should I do with these two jokers?"

After killing all the Blood Descendants, Wu Aofeng picked Zhuang Bufan and Zhuang Bifan up like they were two little chicks. He then tossed them in front of Chen Xiaobei.

"God Chen... Please spare our lives... Please!"

"We have not offended you all these while... We just sat there quietly and watched you act tough... Oh no... I mean watch you deal with that son of a bitch... Please spare our lives..."

The two of them had dirt all over their faces and their shirts were in tatters as well – making them looked like two pathetic beggars. Immediately, they started to kneel on the ground and kowtow at Chen Xiaobei. The way they did their kowtow was so accurate and fast. It would be a waste if they did not go on the streets to beg for money.

"You... What did the two of you just call him?"

Upon hearing that, Wu Aofeng was completely in shock.

"God Chen! He is the one that exerted immense pressure on our Zhuang Family! God Chen... Mercy please..."

Tears could be seen rolling down their eyes. Initially, they wanted to watch Chen Xiaobei's true identity being exposed by Yue Junmo. Instead, they witnessed Chen Xiaobei slap Yue Junmo and kill Harry with one single strike. At that moment, Zhuang Bifan's and Zhuang Bufan's almost exploded after experiencing such a startling moment. From the bottom of their hearts, they started to respect Chen Xiaobei as an almighty demigod. Other than begging for their lives, they could not think of other ways to travel back home safely.

Bop!

Suddenly, Wu Aofeng kneeled on the ground and kept on kowtowing toward Chen Xiaobei.

"Idol!!! I knew that you are no ordinary person! But I have never thought that you are the one that I've always want to meet!"

The moment Wu Aofeng kneeled on the ground, Zhuang Bifan and Zhuang Bufan were left in shock.

'He should have lined up! Can't he see that we are kneeling before God Chen?!'

"Ugh... The person that you've always wanted to meet... What the hell is that? I'm not gay..." said Chen Xiaobei in a frustrated manner.

"No! Not gay! I want to become your disciple badly! God Chen! I have idolized you for a very long time! Please take me in as your disciple! If not, I won't be able to sleep or eat well!"

"Ugh... You are exaggerating!"

Seemingly, Chen Xiaobei could not get used with Wu Aofeng's passion toward him. The Wu Aofeng that he knew had a bad temper and liked to do things in a very manly way.

"Trust me! I'm not exaggerating! I, Wu Aofeng will not marry anyone else except for you! Shit... I mean I will not become anyone else's disciple except yours! Sifu! Please take me in as your disciple! If not, I will not live long..." exclaimed Wu Aofeng while kept on kowtow at Chen Xiaobei.

Seeing that Wu Aofeng had already taken all the attention from Chen Xiaobei, Zhuang Bufan and Zhuang Bifan could only stare at them in astonishment. They could not even talk to Chen Xiaobei about letting them live.

"Alright. Alright. Alright. I promise you that I will take you in as my disciple! You are after all the number one genius from Northwest! I believe that you will definitely not embarrass me!"

Looking at the way Wu Aofeng acted toward this matter, Chen Xiaobei knew that he would hug his legs and cry if he did not say yes to him.

"This is great! This is awesome! I hereby thank you Sifu for taking me in!"

Feeling excited, Wu Aofeng kowtowed at Chen Xiaobei three times. When he stood up, the crowd immediately checked the floor – afraid that he would destroy the floor after knocking on it so hard continuously.

This was the true Wu Aofeng! He would never hide his feelings or thoughts! That was why Chen Xiaobei liked him a lot.

Bop!

Bop!

Bop!

At the same time, Zhuang Bifan and Zhuang Bufan did the same as well. Seeing that Wu Aofeng knocked his head as hard as possible on the ground, they too did not dare to not do it seriously. A few kowtows at Chen Xiaobei, their heads started to bleed.

"Alright. I can see that the two of you are quite sincere! I'm willing to let you live to see another day!" said Chen Xiaobei in a casual manner.

"Sifu! You must kill them! Yue Junmo did not manage to see your face! Knowing that they are quite close to Yue Junmo, I'm pretty sure that they will betray you!"

Upon hearing that, Zhuang Bifan and Zhuang Bufan were almost scared to death. Inside their hearts, they had scolded Wu Aofeng's entire family hundreds of times. Not only did he take Chen Xiaobei's attention away from them, he even convinced Chen Xiaobei to kill them.

"I don't really care. I will hold on to my words. I will let them live since I have already promised them! As for the betrayal part, it's not important to me at all!"

"You are right! He's just a Yue Junmo! I don't think he can do anything to you even if he knows the truth!" said Wu Aofeng while nodding his head.

"We will never betray you! Never! Even if someone wants to kill us!"

"We will be struck by lightning if we betray you! Our bodies will be dismembered if anyone of us here tells others about your true identity!"

Seeing that Zhuang Bifan and Zhuang Bufan were almost scared to death, Chen Xiaobei knew that they would never betray his trust no matter what. And the two of them still had value to Chen Xiaobei. Chen Xiaobei's disguise, their god great grandfather's status in the Zhuang Family would become less powerful if the two of them were dead. Before claiming everything from the vault, Chen Xiaobei would never kill them.

"Alright! You can now bring Yue Junmo with you and get the hell out from my face!"

Chen Xiaobei waved his hands and could not care less about them anymore.

"Thank you so much for not killing us... Thank you so much God Chen!"

The two of them gave Chen Xiaobei a couple more kowtow before fleeing the scene with Yue Junmo.

"Aofeng. Bring those bodies to me!"

Chen Xiaobei then prepared to absorb their blood essence and souls. At the same time, he was preparing to use Body Dissolving Poison to destroy their bodies as well. Right after dealing with these two matters, Chen Xiaobei and Wu Aofeng then got back into the car.

"Aofeng. You can drive. I have to work on something."

Sitting at the back, Chen Xiaobei took out his cell phone and found out that he received a couple of messages from the Red Envelope Group. He was taken aback when he saw the senders of the message.

[The Primordial Lord of Heaven just tagged you!]

[Shen Gongpao just tagged you!]

"What the f*ck! What is going on?"

'The Primordial Lord of Heaven just tagged me personally? What the hell is going on? Shen Gongpao is Jiang Ziya's Shixiong! Why the hell did he tag me? Shit! What in the world is going on?!'

After putting some thought into it, Chen Xiaobei still could not figure it out. Instead of going into the group, he sent a message to the Prime of Tongtian first.

"Sifu is on my side! I'm not afraid even if the sky is going to fall on me! Hehehe!"

During the first day of the Lunar New Year, the Prime of Tongtian did help Chen Xiaobei to turn the tide around. As long as the Prime of Tongtian was with him, Chen Xiaobei would not need to worry about anything even if the matter seemed pretty serious this time.

Chen Xiaobei: Sifu! What is going on in the group?

Red Envelope Group of the Three Realms

Chapter 865: Jiang Ziya Is Going Down

Prime of Tongtian: No big deal! The Primordial Lord of Heaven found out that Jiang Ziya has been sending you Red Envelopes.

"Oh shit! What the f*ck!"

The moment Chen Xiaobei saw the message, he was stunned.

"When Jiang Ziya passed me the Divine Ear Talisman, he told me that this was a very special time! There's a high chance that the Primordial Lord of Heaven would find out that he's been sending Red Envelope to me! I cannot believe that it actually came true!"

Chen Xiaobei: Sifu. What should I do now? How is the Primordial Lord of Heaven going to punish me?

Prime of Tongtian: Don't worry! Though the Primordial Lord of Heaven knows that Jiang Ziya has been breaking the rules, he has no intention to let everyone know about it. And he is not going to punish you as well!

Chen Xiaobei: Why... Why is that?

Prime of Tongtian: That is because Jiang Ziya has always been the spokesperson of the Primordial Lord of Heaven ever since the previous calamity ended! If others know about it, the Primordial Lord of Heaven will be left with no options but to punish Jiang Ziya! By punishing him, the Primordial Lord of Heaven will have to admit that he has trusted the wrong person all this time! In other words, he will be forced to slap his own face.

Chen Xiaobei: I see now! The Primordial Lord of Heaven has always been known as the mightiest deity! That is why his pride is so important to him!

Prime of Tongtian: Right! That is the reason behind it!

Chen Xiaobei: Why is the Primordial Lord of Heaven not going to punish me?

Prime of Tongtian: Heh... If he dares to punish you, I will force him to punish Jiang Ziya ten times of what you suffer! In other words, that is equivalent to ten slaps on his face!

Chen Xiaobei: Haha! Sifu! You are so awesome! With you being here, I have nothing to fear!

Prime of Tongtian: Hold your horses! Once Jiang Ziya falls, your next foe will be Shen Gongpao!

Chen Xiaobei: Shen Gongpao? Yes! He tagged me just now as well! What is going on?

Prime of Tongtian: In the future, you are going to cross paths with him many times. I think it's better for me to tell you everything from the beginning! After the previous calamity, Shen Gongpao is actually the

disciple of Chanism! And he is Jiang Ziya's Shidi as well. After that, he was jealous that Jiang Ziya was given the power to rule the deities. So, he decided to quit Chanism and join Jieism! Seeing that he was actually quite pitiful, I took him in.

Prime of Tongtian: Not too long after that, the second calamity arrived. And the war between deities finally happened! At that time, Shen Gongpao was all alone. That was why he kept on convincing the disciples of Jieism to join him in the war. Unfortunately, nine out of ten of my disciples were killed in the battlefield. All the deceased deities were listed on the League of God Leaderboard.

Prime of Tongtian: In the midst of the war, Hong Jun, the Ancient God put away the Divine Secret – causing me to fail to foresee the future. That was how I lost in that battle! In the end, Chanism had the victory with them and Shen Gongpao had a strong desire to go back to Chanism. That was when I realized that I was being set up by the Primordial Lord of Heaven! Shen Gongpao leaving Chanism was actually part of his plan. Let me explain to you in earthly terms. Shen Gongpao was sent to Jieism as a spy! His task was to destroy Jiesim from inside! Unfortunately, what's done is done! I'm left with no other option but to wait for the next calamity to change the heavenly realm!

The Prime of Tongtian managed to summarize the whole thing and tell Chen Xiaobei about it. In conclusion, the reason why Jieism lost in the war was not that the Prime of Tongtian was weak but the enemies were extremely wicked. Of course, the war had passed, all they could do right now was plan for the future. Just like what the Prime of Tongtian said – the next time when the calamity came, he would be able to turn the tide around.

Feeling calm, Chen Xiaobei had no intention to complain about enemies' wickedness. Instead, he was processing all the information that the Prime of Tongtian just told him. Since they could not go back to the past, they had to make sure that the future was under their control.

Chen Xiaobei: Sifu, there is something I don't understand! I thought the League of God Leaderboard is meant for those that are going to become deities. Why are the deceased deities listed on it?

Prime of Tongtian: This has something to do with the Divine Secret. I can't tell you right now! All you need to know is that being listed on the leaderboard is not a good thing! Only the dead and the losers will go on the leaderboard!

Chen Xiaobei: Okay. Since the time is not right, I will stop asking about it. Regarding our deceased comrades, is it possible for them to be resurrected?

Prime of Tongtian: Yes! The League of God Leaderboard is all about conferring! In other words, seal!

Chen Xiaobei: Conferring? Seal? What do you mean by that?

Prime of Tongtian: I can't tell you about this as well. And, it's not necessary for you to know about it as well! I will tell you all about it when the next calamity is here!

Chen Xiaobei: Yes! Sifu!

Prime of Tongtian: Alright. Just go and deal with the group members for now! I want to prepare to enter the Void Land again!

Chen Xiaobei: Yes! I bid you farewell, Sifu!

Knowing that the Monkey King once told him that the end of Void Land was infested with Rahula Demons, Chen Xiaobei refrained himself from asking more questions. There was a high chance that the demons would invade three realms during the next calamity. The Prime of Tongtian was not the only saint that traveled to the end of Void Land to seal the Demonic Passage, there were others saints attempted to do so as well. A huge catastrophe event could be avoided if any of them managed to seal the Demonic Passage. By that time, the heavenly realm would reward the deity or saint with an unlimited amount of merit points.

That was why every single saint would love to claim this deed. Knowing that the Prime of Tongtian was about to stop communicating with him for some time, Chen Xiaobei could not help but feel sad. Looking at the bigger picture, he knew that this incident would directly affect his future. That was why he would support the Prime of Tongtian no matter what. After that, Chen Xiaobei tapped into the Red Envelope Group.

Chen Xiaobei: May I know why is the Primordial Lord of Heaven is looking for me?

Primordial Lord of Heaven: I want to talk to you about the Three Realm Mission!

Chen Xiaobei: Please tell me about it. I will be listening.

Primordial Lord of Heaven: Shaoba Xingjun, NeZha, and Hong Haier. I was informed that the disciples that they recruited are constantly growing under your aid! Well done!

Chen Xiaobei: Damn! Is the Primordial Lord of Heaven going to reward me with something?

Primordial Lord of Heaven: Of course there is a reward for you! The moment you help them recruit enough disciples, I will give you a huge reward.

"Pfft! I knew the Primordial Lord of Heaven is not going to be so generous!"

"All he does is talk! As long as I can't complete the mission, he will never give me any rewards!"

Primordial Lord of Heaven: Other than giving you praise, I want to let you know that Shen Gongpao will take over any matters that are related to the Three Realms Mission! I hope that the two of you can work together in peace.

Shen Gongpao: Xioabei Shidi! Let's get straight to business! Next, I'm going to tell you about the next deity that is being sent down to the earthly realm. Listen carefully!

Chen Xiaobei: Someone is being sent down to the earthly realm? Who will that be?

[Red Envelope Group of the Three Realms](#)

Chapter 866: Borrowing Strength

Shen Gongpao: The deity that is being assigned to travel to the earthly realm to complete the task is Jiang Ziya!

"Damn! Are you sure that you are not joking with me? Did they just send Jiang Ziya to the earthly realm? It seems like Jiang Ziya has lost all the trust from the Primordial Lord of Heaven! Not only all his power is stripped, he is now being banished to the earthly realm! He is still my foe! Could it be he is coming down to the earthly realm to mess with me?"

Shen Gongpao: The skill that Jiang Ziya going to carry with him when he travels to the earthly realm is called the Six Strategies Three Tactics – The Ultimate Ways of Warring.

Chen Xiaobei: What does that do?

Shen Gongpao: It's an extremely useful skill! Before Shixiong Jiang became a deity, he spent 40 years of his life to studying about the art of war. That is why he is a prodigy when it comes to warfare! The moment he comes up with a war strategy, there is no one else in this world will be able to defeat him!

"A war prodigy? That is useless to me! I'm living in the earthly realm and China is a peaceful society! Jiang Ziya will have no opportunity to showcase his talent! However, this is actually pretty predictable. There is no way in heaven or hell that Chanism is going to let me live a comfortable life."

Shen Gongpao: Shidi Xiaobei, do you have anything you want to say about this decision?

Chen Xiaobei: There is nothing I can do even if I want to oppose it. It's not like you'd let someone take Jiang Ziya's place!

Shen Gongpao: Great! Since you have nothing to say about this decision, I'm going to make some arrangements right now! If everything goes smooth, Jiang Ziya will arrive at the earthly realm within three days! Please prepare to welcome him.

"F*ck! What a shameless bastard! He didn't even plan to discuss it with me first! Doesn't matter anymore! I will not be able to make him change his mind anyway! Still, the earthly realm is my territory! I will guide Jiang Ziya on the right path to recruit disciples if he is willing to act in an obedient manner. If he insists to go against me, I will come up with something to deal with him!"

Chen Xiaobei: I know. I will make a move first if there's nothing else important that you want to tell me!

Shen Gongpao: Shidi Xiaobei, you may leave now! (Evil smile)

.....

Upon returning to Bei Xuan Faction, Chen Xiaobei introduced Wu Aofeng to everyone. Considering that he had a casual personality, he soon managed to blend in perfectly well. The moment that he knew that Feng Qingyang was from Northwest as well, he went and talked to him like he was his old friend. Seemingly, Chen Xiaobei did not need to worry that he would not be able to blend into the faction. After asking Feng Qingyang to take care of him, Chen Xiaobei went back to his room.

"I have finished consuming my last reserve of Spiritual Qi today. What should I do to acquire more Spiritual Qi?

Lying on the bed, Chen Xiaobei was feeling worried. Last time, he had sufficient Spiritual Qi to carry out his training regime but he did not have time to do so. Now, he had the time but he lacked Spiritual Qi.

"There are still some Spiritual Stones in the Zhuang Family's vault. However, this is not the time to take from them yet."

"I wonder if there are any Spiritual Stones in the national vault of Japan. I should deal with all the available matters first before traveling to Japan! Once the Little Fox is given the ten-thousand-year-old

Ambergris, she will achieve True Nirvana cultivation and she will be forced to marry to Hikari Okazaka! I have to go and stop them!"

During the incident in Paradise Island, Chen Xiaobei managed to get to know the secret of Demonic Fox. The reason why she said yes to the wedding was that she thought that Hikari Okazaka would be able to avenge her family. Unfortunately, Hikari Okazaka was not as powerful as she thought he would be.

"I will be the one that helps my Little Fox avenge her family! She didn't need to sell her body to him and marry to that useless Hikari Okazaka! Someday, I will definitely crush Japan!" said Chen Xiaobei in a determined manner.

"After all, Spiritual Qi is still a problem for me! Without Spiritual Qi, my combat power will never increase! And I will not be able to borrow power from Witch Dragon Blood and activate my Spiritual Items! In other words, the things that I will be able to do in Japan will be very limited..."

"I have to figure out some way to look for more Spiritual Qi for myself! Even if I fail to look for more Spiritual Qi, I will have to come up with something to increase my combat power! I cannot afford to waste any more time!"

Ding!

Just when Chen Xiaobei was trying to figure out a plan, his cell phone buzzed.

Taiyin True Deity: Brother Xiaobei! Thank you so much for your tiramisu! I have something that I had to deal with on the eve of the Lunar New Year. That was why I didn't reply your message. I know today is the second day of the Lunar New Year, let me wish you a Happy New Year! I hope it's not too late to wish you!

Chen Xiaobei: It's never too late! We are now family. Don't have to mind all these small details!

Taiyin True Deity: The tiramisu that you sent to me is too damn delicious! And I heard this is a delicacy! Deities in heaven even fight for this tiramisu! I also get to know that deities are willing to pay a high price to buy it from you!

Chen Xiaobei: Damn! I didn't know that the tiramisu is so popular among the deities!

Taiyin True Deity: It definitely caused a great stir in the heaven! And you just sent me fifty! I don't know how can I repay you for that?!

Chen Xiaobei: You are most welcome! To me, it's just a small matter. Don't mention it.

Taiyin True Deity: No way! I have to repay you no matter what! During the last two days when I was away on business, I came across something really special! It can be used without Dao Path and Spiritual Qi! I think it really suits you!

Ding!

[Congratulation! You have snatched a Red Envelope from Taiyin True Deity! You have received a pair of Yin Yang Soul Linking Hexworms. It has been stored inside your treasure chest!]

Taiyin True Deity: Right! This type of hexworm is really interesting! You can plant the Yin Hexworm inside your Spiritual Beast. After that, you have to plant the Yang Hexworm inside your body! From there you will be able to borrow their talent and magical power!

Chen Xiaobei: Borrow their talent and magical power?! Damn! This is interesting! I have three Spiritual Beasts with me! And their talents are extremely powerful! My combat power will be increased tremendously if I can make use of their talent!

Taiyin True Deity: I'm glad that you like it!

Chen Xiaobei: I love it! This is exactly the thing that I need right now!

Taiyin True Deity: Haha! Talk soon! You should go and try it out first!

Chen Xiaobei: Alright! We shall talk soon!

After putting away the cell phone, Chen Xiaobei took out the hexworms that he just received from his Infinite Space Ring.

The white one was the Yang Hexworm and the black one was the Yin Hexworm.

The size of their bodies was as small as sesame. Others would think that they were just common rice worms.

"It's kind of late now. I'm pretty sure Xiaobei and Sirius are asleep now! Since it can work on any Spiritual Beast, I should try it on my golden cicada first!"

"Xiao'er come out!"

"Bro Bei... Why did you summon me at this hour? Is there something nice for me to eat?"

Xiao'er climbed out from Chen Xiaobei's pocket and asked in anticipation.

"I have something to put in your mouth but it's not for eating!"

Smiling at Xiao'er, Chen Xiaobei then passed the hexworm to it.

"Bro Bei... You...You want to plant a hexworm in my body?" asked Xiao'er in astonishment.

[Red Envelope Group of the Three Realms](#)

Chapter 867: Ability to Consume Everything

"Why do you look so shocked?! You should know that this hexworm will not cause any harm to you since you know what type it is!"

"Ugh... I know that it would cause no harm to my body! As one of the powerful insects in the Void Land, I will never allow this lowly hexworm to get into my body!" said Xiao'er gloomily.

"Stop being so prideful! You are now my Spiritual Beast! You have to listen to me even though you are a king! Don't worry! I just want to test its effect. I will take it out from you immediately after I have a taste of it! Other than that, I know you miss the Phoenix Rune Enigmatic Silver a lot. I will let you have a taste of it after I'm done with my testing!"

"Phoenix Rune Enigmatic Silver? Okay! Okay! Okay! I want to eat... I want to eat..."

Knowing that Chen Xiaobei was going to feed it with Phoenix Rune Enigmatic Silver later, Xiao'er was elated. To it, food was everything. If a portion of his favorite food could not satisfy its needs, all the person needs to do is give it double portion.

"Now. Let me feed you the hexworm."

Chen Xiaobei then delivered the hexworm to Xiao'er. Without any hesitation, Xiao'er consumed the hexworm. On the other hand, Chen Xiaobei did the same as well.

Buzz

A spiritual connection buzzed in Chen Xiaobei's mind. With that, the Yin Yang Soul Linking Hexworm had successfully rooted in Xiao'er body. Immediately, Chen Xiaobei began to pay close attention to the spiritual signal that he received in his mind.

"Yin Yang! Soul link!"

After a loud shout, Chen Xiaobei had managed to trigger the spiritual ability of Yin Yang Soul Linking Hexworm.

"Damn! So... This is Xiao'er's ability? This is so embarrassing..."

At that moment, Chen Xiaobei could feel that his teeth, stomach, and intestine were going through a series of changes. The ability Blackhole Stomach was activated. A young Twelve Wings Golden Cicada could literally consume everything within three realms. And that was Xiao'er ability.

"I should go and look for Xiaobei and Sirius to do the experiment... The most useful thing that Xiao'er can do is to eat away a lock... There is no way that I will go and eat the entire Zhuang Family's vault."

Chen Xiaobei felt embarrassed imagining himself eating a giant steel door.

"I should try eating the Phoenix Rune Enigmatic Silver! Since my stomach has gone through changes, I might be able to digest and absorb it into my body! Let me eat it now!"

With his sheer will, a square metal box with a hole on top of it was summoned in front of Chen Xiaobei. This metal box was acquired by Chen Xiaobei during the auction that was being held at Paradise Island. All 2,000 Spiritual Stones inside it were gone but the box itself was actually an extremely valuable item. The previous owner of the box had tried using explosives and acid to break open the box but the owner still failed to do any damage to the box.

One could imagine the box was extremely tough. If it was not for Xiao'er, Chen Xiaobei would not be able to unlock the box. When Xiao'er ate the box, it told him that the metal that used to make the metal was called Phoenix Rune Enigmatic Silver. It could be considered as one of the rarest material on earth!

"Oh right. Let me have a taste of it first!"

Upon calming himself down, he forced himself to move his mouth closer to the box and took a bite of it.

Klak!

Chen Xiaobei took a bite of that incredibly durable box.

"What the f*ck!"

Both of Chen Xiaobei's eyes lit up and started to chew on it.

"What the actual f*ck?! This is so damn delicious! No wonder Xiao'er is so ecstatic when it heard about Phoenix Rune Enigmatic Silver!"

"It's too delicious! It's so yummy!"

Chen Xiaobei now looked like one of those deities that first tasted spicy sticks. To him, this metal box was one of the most delicious delicacies on earth! He could not stop once he started to munch on it.

Klak

Crunch

Crunch

Soon, the entire metal box was left with a small piece of it. If he did not promise Xiao'er that he was going to give him some Phoenix Rune Enigmatic Silver, Chen Xiaobei would definitely consume the whole box all for himself.

"Damn! This is so delicious! I just can't get enough of it! This is awesome! I feel like all the food that I ate before are just trash! Is it because this metal actually tastes delicious or is it because the changes that my tongue has gone through?" Chen Xiaobei pondered.

"And I'm surprised that my stomach did not explode! I'm pretty sure this is the special ability belongs to Xiao'er! This is amazing! Now, I can feel that my stomach is so warm. I'm curious what will happen to my body! As the saying goes, whatever that you eat will eventually nourish your body. I wonder if my body will become harder after consuming such a large amount of metal."

Seeing that there were no changes happen to his body, Chen Xiaobei started to feel sleepy."

"Anyway. It's actually quite late. I should go and sleep first."

Immediately, Chen Xiaobei lied on the bed and fell asleep – just like what Xiao'er did after having a meal.

During the second morning.

Munch

Munch

Chen Xiaobei opened up his eyes slowly when he heard a loud munching sound. Look at the direction of where the sound came from, Chen Xiaobei saw that Xiao'er was munching on the Phoenix Rune Enigmatic Silver that he left for it yesterday. Last night, it looked like it was completely deflated after Chen Xiaobei borrowed his special ability from it. Now, its regained its energy and the hunger is back!

"Special ability is gone? My stomach..."

Taken aback, Chen Xiaobei was afraid that his stomach would explode after the special ability is gone.

Gulp

Seemingly, the worry that he had was pointless. Not only his stomach was fine, but he could also feel really hungry.

"Damn! Does that mean I'm affected by Xiao'er? I feel like eating again when I wake up... No way! I will not let myself turn into a big fat ball!"

Shaking his head, Chen Xiaobei was trying to shake away the hunger that he was feeling.

"Bro Bei! You are finally awake!"

Xiao'er looked at Chen Xiaobei and asked, "How do you feel? How much of your health increased?"

"Health? Increase?"

Immediately, he activated his Netherspirit Battlescouter to check on himself.

Ding!

[Cultivation: Early phase of True Nirvana stage. Health: ...]

[Red Envelope Group of the Three Realms](#)

Chapter 868: Call from My Lucky Goddess

Ding!

[Cultivation: Early phase of True Nirvana Stage. Health: 34,000. Combat power: 30,000!]

"What the f*ck?! My health just increased by 1,000 overnight!"

Feeling excited, Chen Xiaobei jumped up from his bed. The slap that he landed on Yue Junmo had cost all the Spiritual Qi that he possessed. After coming home, he was trying really hard to figure out a way to improve himself without the help of Spiritual Qi. To his surprise, his health received a huge boost after consuming the metal box.

Now, Chen Xiaobei's priority was actually increase his health as soon as possible. With the help of Primordial Witch King Combat Enhancement Training Manual, increasing his health was equivalent to increasing his combat power. Though Chen Xiaobei's actual combat power was 30,000, he could actually boost it to 34,000!

"What the hell... Am I dreaming?"

Chen Xiaobei could not help but pinch his arm. Felt a sharp pain, Chen Xiaobei knew that it was not a dream.

"Damn son! This ain't a dream! Everything is real! Without using a single Spiritual Stone and spending an extensive amount of time on training, I manage to increase my health by 1,000! This is freaking awesome! Ahahah!"

In other words, Chen Xiaobei was rewarded with more power without doing any hard work. Generally speaking, it was not a good thing since everyone in this world were required to put in a certain amount of effort to get the things that they desired. However, this was actually the best thing that could ever

happen to an elite in Jianghu. Knowing that the path of becoming more powerful was like climbing the stairway to heaven. Like playing an online game, the higher your level was the more experience points you need to gather to proceed to the next level.

In the very beginning, one Spiritual Stone could provide him with 100 points of health. Considering that Chen Xiaobei had already achieved True Nirvana Cultivation, 1 Spiritual Stone could only boost his health by 33 points. In other words, he would need around 300 Spiritual Stones to gain a 1,000 points of health!

Without the help of Emperor Health Ultimate Enhancement Skill, an ordinary elite still need to spend around ten years of his time to increase 1,000 points to his health even though he had 300 Spiritual Stones with him. Fortunately for Chen Xiaobei, he managed to save ten years of his lifetime to gain the result that he desired.

"Well, I thought there is no free lunch in this world. But I think I just debunked the myth! Hahaha..."

Upon calming himself down after basking himself in joy, Chen Xiaobei went and asked Xiao'er about his ability that he borrowed from him.

"Xiao'er! What is going on in my body?"

"That's my special ability! I can consume everything within these three realms! All the things that I consume will eventually turn into nutrients for my body to absorb!"

"Damn! Now I finally know that your special ability is the best among all! I don't even need to train myself anymore if I can borrow your special ability all the time! All I need to do is eat and sleep. After some time, I will become the most powerful person on this earth!"

"I'm afraid that is not going to work! The nutrient that you gain has everything to do with the quality of the food! For example, Phoenix Rune Enigmatic Silver is a very rare metal on this earth! They are as rare as the Spiritual Items that you possess! That's why you could gain a huge boost to your health after you consume it last night! However, you won't be able to feel the difference that your body had gone through if you only consume normal metal!"

Feeling disappointed, it was as if Xiao'er just doused Chen Xiaobei's inner fire with ice-cold water.

"In other words, I will have to look for some of the rarest material on earth to give me health a great boost?"

"You are right! It will be best for you to consume Spiritual Item instead! The better the quality the greater the boost!"

"Ugh... If that's the case, I should wait till the right time... It's not that easy to look for all those rare material after all..." said Chen Xiaobei in disappointment.

Thinking about becoming powerful without putting effort into was just a dream to him. It's still better for him to look for more Spiritual Qi to make himself become more powerful.

Ring

Suddenly, Chen Xiaobei's cell phone rang. Looking at the screen, Chen Xiaobei was surprised that his lucky goddess called him. The lady that was given this title was none other than Liu Xuanxin – the one that brought great luck to Chen Xiaobei she slapped him in the face.

Cough

Cough

After clearing his throat and adjusting his mood, Chen Xiaobei picked up the call.

"Hell? My lucky goddess. Why are you calling me at this hour?"

"Stop flirting with me! Something serious happened!" said Liu Xuanxin in a nervous manner.

"What happened? Calm down and tell me everything."

"I used to have a servant that followed me everywhere I go! She's still in Xuanjian Faction. Recently, she saw that a group of Blood Descendants just move into Xuanjian Faction. And she heard that they are planning to work together with Liu Xiyuan to capture you!"

"Okay. Thank you so much for the warning. Don't worry! I know how to deal with them!"

Earlier, Chen Xiaobei had already known that they were going to go after him when he entered the vault of the Zhuang Family. That was why he did not feel surprised when he heard the thing that Liu Xuanxin just told him.

"Alright! Glad to know that you are well prepared! Remember! At a critical period like this, try to stay in the city! Do not travel to the suburbs! Do not expose yourself to them! I still have things that I need to deal with! Talk soon!"

"Hold on! Why the rush? Is there something else you want to tell me?"

"Qiao'er risked her life to call me and tell me about it! And someone found that she just betrayed the faction! I have to go and rescue her! I'm gonna hang up now! Take care!"

"F*ck! The little lady just risked her life to warn me about it! I can't just stay here! I have to go and save her as well!"

Immediately, Chen Xiaobei put on his clothes and rushed out from his faction. It was early in the morning, Xiaobai and Sirius were still sleeping – the two of them were carried by Chen Xiaobei with his both hands.

"Erm... What the hell! Why are we high in the sky?"

When they woke up, they realized that they had been moved to the Somersault Cloud.

"I wonder if there are any items in heavenly realm that is similar to a Pokeball! I feel so weird for hugging the two of you in my arms!"

Chen Xiaobei was thinking to head to the group to ask about it later.

Chapter 869: A Series of Evil Plans

At Xuanjian Faction.

A gentle silhouette was dashing around the place like the wind. Clearly, this person was very familiar with Xuanjian Faction as she knew how to avoid all the guards wherever she went. Within a short moment, she managed to travel to where Xuanjian Faction kept their prisoners.

"Who's that?"

There was a disciple of Xuanjian Faction guarding at the prison. Immediately, the guard found out that there was a shadow approaching the prison.

"My lady! Why are you here..."

The moment the guard recognized the intruder, a hard hit landed on his neck. Clearly, the intruder had no intention to kill anyone. She just wanted the guard to stay unconscious when she rescued Qiao'er. This intruder was none other than Liu Xuanxin! Walking into the deeper part of the prison, Liu Xuanxin found the person that she wanted to rescue at one of the cleaner cells. Qiao'er was sitting down on the floor and hugging her legs with her head bowed.

Due to fear, she did not dare to look around. The moment she saw that Qiao'er was in such terrible circumstance, Liu Xuanxin could not help but start to channel her True Kang within her body.

Swoosh

A slash landed on the cell and the iron bars were cut in half.

"Qiao'er! Are you okay?!"

Immediately, Liu Xuanxin ran into the cell and squatted beside Qiao'er.

"My lady! Why are you here..."

Sob

Initially, Qiao'er thought that she could hold on to her tears. The moment she saw Liu Xuanxin walked into the cell, she started to cry like there was no tomorrow. Seeing that drops and drops of tears were flowing down from her face, Liu Xuanxin felt sad as well.

"Alright. Alright. How old are you. Look at you. You are going to drown in all those tears that came out from your eyes! I'm here right now! Let me bring you away from this place!"

Liu Xuanxin then brought her closer to her embrace and started to stroke her back gently.

"My lady... Qiao'er cannot leave this place right now..."

Sob...

"Why? What's wrong? What are you planning to do?"

Taken aback, Liu Xuanxin suddenly frowned while waiting for Qiao'er to answer her. Immediately, she channeled her snow-white True Kang to her palm and prepared to land a destructive slap on Qiao'er face.

Swoosh

"Why would you do that to me? You are one of the people that I trust the most!"

Without a doubt, Qiao'er would definitely be destroyed if Liu Xuanxin decided to use all her 45,000 combat power to slap her. In the end, Liu Xuanxin still decided not to slap Qiao'er. Filled with anger, Liu Xuanxin slowly put down her hand. Seemingly, Qiao'er pricked Liu Xuanxin with a needle when she went and hugged her just now. And the needle was soaked in poison previously.

Although it was not deadly, it was a type of poison that could cause instant paralysis on the victim.

Sob...

Sob...

Sob...

"It's all my fault! I'm really sorry..."

It was hard for Liu Xuanxin to imagine that the girl that grew up together with her would betray her when she came to her rescue. Seeing that she was crying non-stop, Liu Xuanxin knew that she was forced to do so.

"What is going on? Just tell me honestly... I will not blame you..."

"My lady... This is the evil plan that Liu Xiyuan, Blood Descendants, and Green Town Faction come up together not too long ago! They wanted me to inform you about it to lure you here!" said Qiao'er.

"So, their purpose is not to capture Chen Xiaobei? They want to capture me instead?"

Frowning, Liu Xuanxin was trying her best to stop the poison from spreading to her entire body. Still, she knew that her body would not be able to hold on to it any longer.

"No. They want to kill Chen Xiaobei as well! With you as the hostage, they believe that Chen Xiaobei will surrender to them!"

"What an evil plan!"

Her eyes blazed with wrath. Not only did they plan to kill her, but they also wanted to kill Chen Xiaobei as well.

"I'm so sorry... Qiao'er just did something really bad to you... I'm willing to become your slave in my next life. I will make sure that I will work until my sins are redeemed!"

Immediately, Qiao'er started to cry again. Seemingly, she felt really bad for betraying Liu Xuanxin.

"After hearing your confession, I knew that our sisterhood still exists! Tell me now. Why would you agree to work together with them? I know that you are forced to do so!"

"Yes... You are right... I'm forced to do so... My lady... Do you still remember my full name?"

"Yes. I still remember... Your full name is Huo Qiaoqiao. When we adopted you from the orphanage, we saw that your full name was being engraved on the jade pieces that you were wearing."

"Yes... Not too long after that, Liu Xiyuan managed to find my blood brother and my parents! That's why I did not dare to disobey Liu Xiyuan!"

Sob...

Sob...

"I see now... Qiao'er! You did nothing wrong! Don't cry anymore... I don't blame you for doing this to me... Manage to reunite with your family is a good thing. You are now better than me! Look at me! I don't even have any family members anymore!"

"My lady... It's all my fault..."

"Alright... Your mission is done... I don't think Liu Xiyuan will do anything bad to your family. However, I must leave this place as soon as possible! No matter what, I will not let them use me to threaten Chen Xiaobei!"

Liu Xuanxin then mustered the last of her strength and ran out of the prison. As she had always liked Chen Xiaobei, she would never allow him to fall into a life-threatening situation. On one hand, she was trying to use her True Qi to suppress the poison and on the other, she was using her physical strength to run as fast as possible. Thankfully, the enemies had not found that she was being affected by the poison. Considering that she was pretty familiar with the layout of Xuanjian Faction, she soon managed to escape into the woods near the faction.

"Shit!"

Just when Liu Xuanxin thought she could let out a breath of relief, despair was presented in front of her.

"Ms. Liu! We have been waiting for you for a long time!"

There were around 500 people standing in front of her and half of them were European. Recalling what Qiao'er had just told her, she knew that all of them were Blood Descendants. And the other half were Chinese. Judging from their similar attire, she could guess that they were all from the same faction.

Coincidentally, Liu Xuanxin got to know that the attire belonged to Green Town Faction! In front of the 500 people, there were three people standing there. Judging from their looks, they were definitely no ordinary individuals.

[Red Envelope Group of the Three Realms](#)

Chapter 870: The Important Key Element

The three of them were standing together. Seemingly, their cultivation were on the same level as well. The man that stood in the middle looked like he was in his thirties. He too was wearing Green Town Faction's attire. However, his attire was far more exquisite than the rest of the disciples. One could see that his rank in the faction was definitely higher than the rest of them.

The one that stood on his left side was a middle-aged Blood Descendant. Both of his eyes were red. He exuded a creepy feeling from his body. Lastly, the one that stood on the right was younger than the middle and left one. Judging from his look, he looked like he was around 28 or 29 years old. He was at least two meters tall and was muscular as well. From far, he looked like a sturdy tower. Immense pressure emanated from him.

"Xuanxin, do you still remember me?"

The man that stood in the middle walked out from the line and looked at Liu Xuanxin with his eyes squinted.

"Xia Dinxi! Of course I remember you! You are one of the seven heroes of Green Town Faction! Amongst the seven of them, you rank seventh! I can still remember that you used to come to visit Xuanjian Faction frequently."

Seeing that she could not move forward or head back to Xuanjian Faction, all Liu Xuanxin could do was stood there and tried to regulate her True Qi to suppress the poison in her body. All these while, Green Town Faction always had a good relationship with Xuanjian Faction. That was why Liu Xuanxin recognized most of the high-ranked disciples in Green Town Faction.

"Hehe... I'm surprised that Lady Liu still remembers me! I will get to the point since the two of us have known each other for quite some time! I promise that I will not hurt you as long as you let us capture you! If not, don't blame me for not taking good care of you!"

"Do you really think that you can defeat me?"

"I have heard Faction Leader Liu told me that there is a special reason why you can improve yourself with such godly speed! I admit that there is no way I can defeat you if I go against you face to face! Heck! Not even all of us here can defeat you even if we attack you at the same time! Unfortunately, the poison called Bone Softening Powder was injected into your body! I know that you are using your True Qi to try to suppress it! Now, you are just a tiger without its fangs! It's actually not too hard to defeat you!" said Xia Dinxi with a smile on his face.

"Okay... Come and get me since you know that I'm affected by the poison! However, can you at least tell me what the hell is going on before you capture me? Why do you have to capture me?"

"I don't mind telling you at all! This man right here is Mr. Porter Gustav. Something important from their family is missing and Chen Xiaobei has it with him! Mr. Porter wants to capture Chen Xiaobei. That's why he went to look for Faction Leader Liu. Unfortunately, his injuries don't allow him to fight! On the other hand, the young master Liu Chunyi is not powerful enough to help him! Coincidentally, I was at Xuanjian Faction visiting Faction Leader Liu. After that, Mr. Porter offered something that I could never refuse. Without hesitation, I decide to help him to do whatever he wants!"

Upon hearing that, Porter Gustav put on a smile on his face. Clearly, he was grateful that Xia Dinxi was willing to help him.

"Hold on! Something is not right! Chen Xiaobei was wearing a mask when he caused a great stir at Xuanjian Faction! How did you guys know that he is related to me?"

"Hehe... About this! All thanks to your servant! She's the one that told us everything! You were at the opening ceremony of Bei Xuan Faction. When Chen Xiaobei was in danger, you were tempted to help him! Your servant was with you. She told us everything afterward! As for Mr. Porter. He went and look for the help of the CIA. They managed to find out that Chen Zhufeng is actually Chen Xiaobei!"

"You were sick and you don't leave the faction that often. In other words, your circle of friends is actually extremely small! With all that information with us, even a fool would know that the person that wore a mask on that day is Chen Xiaobei!"

"So, Qiao'er is the one that told them everything..." said Liu Xuanxin in a disappointed manner.

Finally, all the questions in her mind were answered. Through the information provided by Qiao'er, the enemies managed to deduce the relationship between herself and Chen Xiaobei. That's why they decided to capture her first and draw him out.

"Hehehe... Are you feeling frustrated? Do you want to know why your best friend would betray you? This muscular person right here is known as the War Bear of Eastern Europe, Huo Yuanba! Using both of his fists, he managed to conquer Eastern Europe! And he is one of the candidates for the top three position in the upcoming martial arts competition!"

"Huo Yuanba? Huo?"

Taken aback, Liu Xuanxin finally realized the source of the problem.

"It seems like you have already managed to guess that he's actually your servant's blood brother! Initially, your servant is really loyal to you! No matter what she just refused to betray you! However, Faction Leader Liu managed to look for Huo Yuanba to deal with her! In the end, all the problems were solved! Sometimes, all you need is to get the right key to make things easier!"

Anger could be seen reflected from Huo Yuanba's eyes after hearing the thing that Xia Dinxi just said. Clearly, the enemies' evil plan infuriated him. However, he had to suppress his anger for the sake of his little sister.

"Xuanxin. That's all I want to say. Now, follow me back to the faction! Please don't put up a fight! As long as you work together with us to capture Chen Xiaobei, your servant will be able to reunite with her brother!"

Right after finished talking, Xia Dinxi swung his hand and two disciples behind him carried special made shackles and walked toward Liu Xuanxi. Clearly, they were going to put it on her.

"Lady Liu! Just let us put the shackles on you!" said the two disciples with perverted smiles on their faces.

The two of them kept on looking at Liu Xuanxin's voluptuous body. They even wanted to take this opportunity to touch her arms and hands when they put the shackles on her. She was the kind of woman that every man ever wanted in this world. Being able to land their hands on her was enough for them to show off to others.

"I..."

Left in a dilemma, Liu Xuanxin did not know what to do anymore.

If she chose not to fight, the enemies would use her to threaten Chen Xiaobei.

However, if she chose to fight them – Qiao'er would never be able to reunite with her brother.

"Come on! Don't be shy!"

The two perverted men licked their lips and extended their hands toward Liu Xuanxin.

"Get lost!"

Suddenly, a man dashed toward Liu Xuanxin with lightning speed and sent the two men flying

"Why are you here?"

Upon recognizing the person, Liu Xuanxin immediately took out a white cloth to cover her face.
