Chapter 911: Sudden Even

Yue Changkong was persuaded to hold back. Thankfully, he did not take action.

The four of them including Chen Xiaobei carried the boxes of Spiritual Stones and descended the mountain with Luo Puti following behind.

Many in the audience wanted to join the Bei Xuan Faction. But Chen Xiaobei has no intention to take anyone in. All he wanted was to keep walking. Naturally, everybody made way for him.

Chen Xiaobei stopped at a place where there was no one, then he immediately took out the Green Jade Gourd and absorbed all the Spiritual Qi from all the Spiritual Stones that he received.

5,000 spirit stones were completely drained, grew dim and looked like a piece of plastic.

The pure, rich Spiritual Qi were all stored into the Green Jade Gourd. Combined with the ones leftover, the total amount of Spiritual Qi Chen Xiaobei possessed 5,600 Spiritual Stones.

This was not a small amount at all; this could help Chen Xiaobei in many ways like growing hexworms, training, increase health, activate Spiritual Items, and use Witch Dragon Transformation.

This score was undoubtedly, what Chen Xiao had needed urgently.

This was awesome!

"Today, all three of you have done a good job!" said Chen Xiaobei, smiling. "Since your usage of the Spiritual Qi is pretty slow, I won't split our rewards with you. I will, however, reward you with something else!"

Huo Yuanba immediately nodded and said, "Sifu has been merciful to us! It is our duty to serve you! We are in no position to ask for a reward!"

"Yuanba is right!" Tai Yitan agreed. "What's more, you planned everything. We are only following orders. We won't take credit for it!"

"Hehe... You did nothing but I, on the other hand, made a contribution of my own!"

Wu Aofeng stood up, laughing.

He took out a light blue knife from his sleeve and handed them over to Chen Xiaobei with both hands.

"Water Shattering Dagger!"

Their eyes lit up.

"Why is that in your hands?" asked Chen Xiaobei, shocked.

Wu Aofeng then chirpily told them about how he made a bet with Xu Changqing.

Chen Xiaobei was over the moon. He accepted the Water Shattering Dagger and said, "Excellent! You have indeed accomplished something great! The Water Shattering Dagger is made of very rare materials. It will be very useful to me! I will keep that and give you an additional reward!"

"No problem!" Wu Aofeng grinned and said, "The Spiritual Qi attribute that I train is gold. So I have no use for this knife. If Sifu can give me another reward, that would be the best of both worlds!"

Chen Xiaobei had a moment of revelation and immediately took out three things from his Infinite Space Ring. These three things are Thousand Webs Bracelet, White Dragon Box, and Dragon Void Sword! Aofeng, since you've done the most, you pick first!"

"Sifu, isn't this Dragon Void Sword is the treasure of Xuanjian Faction? How is it that you have it?"

Wu Aofeng eyes widened.

"Don't worry. This is the real thing. The one that Liu Chunyi has is a duplicate!"

Chen Xiaobei chuckled.

"Right! Then I want the Dragon Void Sword! This sword is a Yang item! The gold Qi in it is going to synchronize with me perfectly! This is perfect for me!"

Wu Aofeng was very pleased with his choice.

"I will decide what the both of you get." Chen Xiaobei said, "Thousand Webs Bracelet best suit someone that is meticulous! Yitan, you take it!"

"Thank you, Sifu!" Tai Yitan reached out both hands acquiescently and took the Thousand Webs Bracelet politely.

"Yuanba! Your Spiritual Attribute is earth! It's important for you to make sure that you are stable when it comes to attack and defense!"

Chen Xiaobei then continued, "This White Dragon Box is a Spiritual Item as well! Put it where you stand, any enemies below 50,000 combat power will be constricted when they get close to you! It can constrict two people at the same time!"

"Thank you, Sifu!"

Huo Yuanba accepted the White Jade Dragon Box gratefully.

Without a question, even though Chen Xiaobei had taken all the 5,000 Spiritual Stones, the three rewards he gave out were also exquisite treasures!

And that was exactly Chen Xiaobei's true nature: he was always especially generous to his own people!

After that, Chen Xiaobei turned toward Luo Puti and chuckled. "Puti, I won't be giving you anything because from today onward, whatever I have is yours!"

"You...what do you mean by that?"

Luo Puti blushed.

She was wearing a white training suit made of satin—completely dust proof. And it matched her healthy skin perfectly too.

What part did an ice queen's cold arrogance have in this sheepish little girl?

"You said that if I won the first place in the martial arts competition, you would marry me. So then, my things will automatically become yours, right?" Chen Xiaobei said giddily.

"I... I didn't say anything of that sort!"

Luo Puti glanced at Chen Xiaobei and bowed her head diffidently.

"Oh? Why do I feel like you've become an entirely different person!"

Chen Xiaobei scratched his head.

"How am I different?"

Luo Puti looked confused.

"The ice has melted away and become soft and warm!"

Chen Xiaobei grinned.

"Rub... Rubbish! I'm still the same! I haven't changed a bit!"

Luo Puti's heart thumped as she lowered her head and walked away.

She had not realized that her heart had been subdued by Chen Xiaobei.

Ice queen turned lady, how could she not be gentle?

"Sifu! Why aren't you going after her? Hahaha..." Wu Aofeng teased.

Even Tai Yitan and Huo Yuanba followed suit.

"Mr. Chen! Please stay! Please stay!"

A figure ran hurriedly towards Chen Xiaobei, looked at him once and then proceeded to kneel at his feet.

"What are you doing here?"

Chen Xiaobei narrowed his eyes, surprised.

The person crouching before him was Zhao Ritian!

"I, Zhao Ritian begs you Mr. Chen Xiaobei to take me in as the disciple of Bei Xuan Faction," Zhao Ritian wasted no time and said.

"What are you doing? What qualifies you to join Bei Xuan Faction? Go away and don't bother us!"

Wu Aofeng had no intention to show him any mercy.

But Zhao Ritian was not fazed. He continued to plead, "Mr. Chen! Please take me in! From today onwards, I will only follow your orders! I will respect you as my own father!"

"Go away. I will never allow you in!"

Chen Xiaobei was firm. He would not change his mind, no matter what Zhao Ritian said.

"Ah!"

Just then, Luo Puti screamed.

"Shit! Something happened!"

Chen Xiaobei ignored Zhao Ritian and rushed towards the direction of the scream.

The three of them followed behind Chen Xiaobei as well.

Chapter 912: Is It Nice To Drink?

"Puti! What is going on?!"

When Chen Xiaobei ran to Luo Puti, he saw she was sitting on the ground. A small cut could be seen on the chest area of her attire. Fortunately, only her attire was cut. Through the cut, Chen Xiaobei could see a green cloth. Looking smooth as usual, it seemed like it did not suffer any damage. Clearly, the green cloth was the Qinglian Bellyband that Chen Xiaobei gave to her a while ago.

"There are enemies hiding near us and they are preparing to ambush us!"

Still left in a state of fear, Luo Puti picked up the black shuriken and said, "Our enemies are Japanese! Without the bellyband that you gave me, I'm afraid that I would've turned into an ice-cold corpse!"

"Eh?"

Immediately, Chen Xiaobei started to take a look at the area around him. The area was surrounded by a huge amount of trees and the geographical pattern of this place was rather complicated as well. To his surprise, he could not sense any enemies.

"Sifu! What happened?!"

Chen Xiaobei's movement speed was way faster than the three of them. They had a moment of doubt before they dashed toward Luo Puti. After observing the area for a while, they did not spot any enemies around them.

"One o'clock! Behind the stone! There are two people hiding there! Three o'clock! Among the trees, there are three people hiding there! Twelve o'clock! There are two people lying on the ground!"

Chen Xiaobei lowered down his voice and told them the position of all the enemies.

"How... How did you know about that?"

Taken aback, Tai Yitan, Huo Yuanba, Wu Aofeng, and Luo Puti found it hard to believe that Chen Xiaobei could actually pinpoint where the enemies were hiding. Without a doubt, the reason why Chen Xiaobei could do something like this was because of his Golden Gaze Fiery Eyes. A single glance was enough to locate all the enemies.

All seven of the enemies were mid-tier and high-tier ninjas. One had to admit that they had perfected their Invisibility Skill. Without Golden Gaze Fiery Eyes, Chen Xiaobei would definitely not be able to locate them.

"Three of them are at early phase of True Nirvana stage. Four of them are at Half Step True Nirvana cultivation! A bunch of weaklings! I'll let you guys deal with them!"

With his Netherspirit Battlescouter, Chen Xiaobei checked out their cultivation right after he located them. As the saying goes, know yourself and know your enemy and you will never be defeated! After figuring out their strength, Chen Xiaobei knew that his disciples were definitely powerful enough to defeat them easily. As for Chen Xiaobei, he had no intention to go and deal with the enemies. Instead, he chose to stay with Luo Puti.

"Let me go first!"

Amongst the three of them, Wu Aofeng had the worst temper. Immediately, his battle intent was activated. He then charged into the woods with the Dragon Void Sword that he just received from Chen Xiaobei.

"Damn! Feel like taking a leak suddenly! I should just do it here!"

Wu Aofeng was holding the sword with one of his hand and used the other hand to unzip his pants. An evil smile could be seen on his face. Chen Xiaobei had intentionally lowered his voice when he told them of the ninjas' location. That was why the two ninjas did not know that Wu Aofeng was approaching them. In order to make sure that their location was secure, none of them dared to make a single noise.

To their surprise, Wu Aofeng stopped where they were lying and started to pee on them. Immediately, Luo Puti had to turn her head around. On the other hand, Tai Yitan and Huo Yuanba could not help but start to laugh out loud. As for Chen Xiaobei, he had to hold back his laughter really hard. Through his Golden Gaze Fiery Eyes, he could see that the two ninjas that were lying on the ground were showered with Wu Aofeng's pee.

Both of them were clearly perturbed by it, but neither dared to make any noise. Even Chen Xiaobei was impressed by their perseverance as ninjas. It was obvious that Wu Aofeng had a pair of healthy kidneys—until now he was still peeing at the two ninjas that were lying on the ground. In only a short while, the two of them were soaked in Wu Aofeng's pee.

"Bastards! Did the two of you enjoy drinking my pee?" asked Wu Aofeng while putting on his pants.

"Idiot! How did you know that we are hiding here?! You just pee on us on purpose!" both roared in fury.

"To be honest! I really hate Japanese! Be grateful that I didn't shit on the both of you!"

"F*cking idiot!"

Both of them almost coughed out a mouthful of blood after hearing Wu Aofeng out.

Immediately, they drew their katanas.

"The two of you are the idiots!"

Wu Aofeng too swung his sword at the head of one of the ninjas.

Whoosh!

Like a lightning strike, the ninja with Halfstep True Nirvana cultivation did not even manage to respond to Wu Aofeng's attack and his head was being cut into half.

"How... How is that even possible?"

Raising his guard, the other ninja immediately channeled True Kang to his body and held tight to his katana. Without any hesitation, Wu Aofeng swung the sword again at the ninja's head.

"He does not know how to use that sword to the fullest..." said Tai Yitan, frustrated.

"You are right... The third most powerful sword in China is now left in vain..." said Huo Yuanba while putting on a forced smile.

"It doesn't matter whether he is a good swordmaster or not! Pairing a madman with this ultimate killing weapon can actually be considered as a golden combo!" said Chen Xiaobei with a smile while shrugging.

Letting out a long wail, the Dragon Void Sword managed to slice the katana in half by force!

"Oh god... The... The sword is just too damn sharp! How is that even possible? This is unbelievable!"

Taken aback, the ninja was now filled with fear. His pupils shrank and his body was shaking uncontrollably. One should know that there were only a handful of ninjas with early phase of True Nirvana stage in Japan. And the katana that he owned was crafted by a famous blacksmith. Seeing that it was cut into half by Dragon Void Sword, one could imagine that its sharpness was not to be messed around with.

"Joker! How dare you get distracted while fighting with me! Die now!"

Wu Aofeng swung his sword impatiently and prepared to land another hit on the ninja.

"Someone! Please come and save me!"

Knowing that he would be killed by Wu Aofeng soon, the ninja was forced to ask for others to save him.

Swoosh!

Swoosh!

Swoosh!

Upon hearing that, the other ninjas that were hiding nearby came to his rescue. Immediately, they drew their weapons and charged at Wu Aofeng. At that moment, Wu Aofeng had his back on them. He had to give up on killing the ninja if he wanted to defend himself. Surprisingly, Wu Aofeng chose to ignore the five ninjas behind him and proceeded to kill the ninja in front of him.

"Are you crazy? Did you just throw your life away to kill me?!"

Taken aback, the ninja could not comprehend the choice that Wu Aofeng just made.

Red Envelope Group of the Three Realms

Chapter 913: Pinnacle Ninja

All five ninjas came up with their most potent attack to attack Wu Aofeng. It was apparent they all wanted to kill Wu Aofeng.

Fearlessly, Wu Aofeng chose to ignore them.

"It's not that I want to throw my life away! My life is now in my brother's hands!"

Swoosh!

Right after he finished talking, Wu Aofeng came up with all his strength to land another strike with his Dragon Void Sword on the katana and the ninja.

Shiiiiing!

Again, the katana was cut into half.

Crack!

At the same time, the True Kang that the ninja channeled to protect him started to shatter as well.

Firstly, Wu Aofeng's combat power was way stronger than the ninja.

Secondly, the sharpness of the Dragon Void Sword had greatly enhanced its destructive power.

After the ninja's True Kang was shattered, there was nothing left to protect him. Rendered defenseless, Wu Aofeng decapitated the ninja without any hesitation.

"Ah! Ah!"

At the same time, Wu Aofeng was safe from the attack of the five ninjas. When he turned around, he saw all five ninjas shrieking. Three of them were trapped by spider silk that was as tough as metal. The more they struggled the tighter the spider silk wrapped on their bodies. Lastly, the other two ninjas' movements were restricted by a giant snake! None of them could muster up enough strength to free themselves.

Without a doubt, Tai Yitan and Wu Aofeng had come to help Wu Aofeng. That was why Wu Aofeng was not afraid of being attacked by the group of ninjas earlier.

"What... What the hell is this? What did you guys do to us?"

"Witchcraft! I can't believe that you guys actually know how to use witchcraft!"

"Help! Mr. Tanaka! Help us please!"

All five ninjas started to shout out for help in a hysterical manner.

"Shut your mouth!"

Huo Yuanba then strode towards them while channeling True Kang to his body to form two combat hammers. His True Kang was in black and gray, like the color of a rock. He then attacked the two ninjas that were trapped by the White Jade Dragon Box. Elites that were below 50,000 would not be able to

come up with any strength to free themselves and they were forbidden from channeling True Qi as well. With that being said, the two ninjas were just two big pieces of dead meat in front of Hua Yuanba—waiting to be killed by him.

Splat!

Splat!

The heads of the ninjas exploded the moment the True Kang combat hammers landed on them. Their blood and flesh were left all over the place. Within seconds, a mid-tier and high-tier ninja were murdered, defenseless.

"Such a good item! Sifu! Thank you so much for giving it to me!"

This was the first time Huo Yuanba used the White Jade Dargon Box. He never expected that it was so effective to be used against his enemies.

"Ouch! Mercy... Mercy please!"

At the same time, the ninjas that were being trapped by spider silks started to beg for their lives. Two of them had only Halfstep True Nirvana cultivation. Without the protection from True Kang, their skin and flesh were about to be cut by the spider silk as the spider silk started to tighten up. The more they struggle the more injuries they got. Other than begging for their lives, there was nothing else they could do live to see another day.

"Tell me! Who send you guys here?! And why?!"

Tai Yitan was calmer than Wu Aofeng and Huo Yuanba. Instead of killing them immediately, he chose to question them first. With the help of Thousand Webs Bracelet, all three ninjas were like three pathetic bugs that flew into a spider web. Since Tai Yitan had their lives in his hand now, he could actually question them slowly.

"We will tell you everything! Please don't kill us!"

Rendering with no other options, all three them chose to tell the truth to save their lives.

Boom!

Suddenly!

A loud noise was heard from behind.

A flaming red True Kang was launched at the three ninjas like a burning meteor!

"Yitan! Dodge!"

Taken aback, Chen Xiaobei ran to Tai Yitan. With the help of Primordial Witch King Combat Enhancement Manual, Chen Xiaobei managed to come up with speed that was equivalent to 38,000 combat power!

Bang!

The True Kang meteor exploded like firecrackers the moment it landed on those three ninjas.

Two Halfstep True Nirvana ninjas died instantly. Though the third ninja was at early phase of True Nirvana stage, his True Kang armor was shattered into pieces after absorbing the destructive power of the attack. In the end, he turned into a pile of burned flesh as well.

"Shit! It's an elite with pinnacle phase of True Nirvana stage!"

Suddenly, Tai Yitan's pupils shrank. After killing the three ninjas, the True Kang meteor had no intention to slow down. It continued to charge toward Tai Yitan. Seemingly, the enemy wanted to kill four persons with a single attack.

Pinnacle phase of True Nirvana stage!

50,000 combat power!

There was no way that Tai Yitan could go against an elite like this. His speed was not fast enough as well even if he wanted to dodge the attack. Left in despair, Tai Yitan had no choice but to wait for death to come upon him.

"Dodge!"

In that split second, Chen Xiaobei managed to dash to Tai Yitan and push him away.

"Sifu!"

He was now safe but Chen Xiaobei became the new target of the True Kang meteor.

"Xiaobei!"

Luo Puti was stunned.

"Sifu!"

Wu Aofeng and Huo Yuanba shouted at the same time.

That was an attack launched by an elite with 50,000 combat power! None of them would have survived it if it landed on them.

Bang!

Seconds later, the True Kang meteor landed on Chen Xiaobei but it did not cause any harm on him! Not even his shirt was burned!

"How... How is that even possible?"

Taken aback, they could not believe what they just saw.

"Am I seeing it wrongly? Did Sifu just used his physical body to stop the attack without channeling True Kang to protect himself?" asked Wu Aofeng, shocked.

"That is truly unbelievable! I can't explain it!"

Huo Yuanba and Tai Yitan were just as shocked. All of them were left baffled.

"I'm glad that you are fine! That's all that matters..."

Finally, Luo Puti could let out a sigh of relief. She knew that she would never be able to understand Chen Xiaobei. That was why as long as Chen Xiaobei was safe, she would never go and pursue the reason behind it.

"A Dragon Void Sword and two Spiritual Items! That is actually pretty impressive! I never expect that you have another Spiritual Item to nullify my attack!"

Suddenly, a man in flaming red traditional outfit walked towards Chen Xiaobei slowly. Clearly, this was the person that launched the attack at them.

A high-tier ninja with 50,000 combat power!

There were only twelve elites like him in Japan. Other than his overwhelming combat power, his experience was richer than most of the elites as well. Just like what he mentioned earlier, the reason why Chen Xiaobei could survive from his attack was because of a Spiritual Item—the Ultimate Protective Puppet!

However, he could only use it once a day. Still, Chen Xiaobei was not afraid of him.

"I will be going to Japan soon. I know you can't wait to be killed by me!"

Red Envelope Group of the Three Realms

Chapter 914: The Turn of the Tide

"What? Did I hear it wrong? Did you just say that you want to come to Japan? In China, there's a saying called flying moths dart into the flame! I can't believe someone as stupid as you exist on this planet!"

"You heard it right! I will travel to Japan soon! As for who is the moth and fire! You will know it soon enough!"

"Idiot! You are just an ant with early phase of True Nirvana stage! How dare you say something this arrogant?! Do you really think I, Tanaka Tsuyoshi is just another weakling to you?!"

The ninja felt that he was severely taunted by Chen Xiaobei. Immediately, he emanated a huge amount of murderous intent into the atmosphere. Everyone could feel the temperature dropping around them.

"It's not necessary for you to act in such aggressive manner! I know who send you here to capture me even if you refuse to tell me about it! Hikari Okazaka and Tenshou are the one that appointed you to capture me! I also know that you have to capture me alive no matter what! If I'm dead—not only you will return to Japan with your task unaccomplished but you'd also be punished by them!"

"Lin Xiaobei! It's too early for you to feel so happy about it! It's true that I can't kill you now! According to the reliable intel that I receive, I was told that the Super Material that Professor Lin is working on is going to be completed soon! Once we use you to get our hands on the research result, you will lose your worth! By that time, you will die without being buried in a grave!"

Lin Xiaobei?

Upon hearing that, everyone was taken aback. They had always thought that his name was Chen Xiaobei or Chen Zhufeng. They could not fathom why would the ninja addressed him as Lin Xiaobei. Amongst them, Luo Puti was the only one that knew the reason behind it.

A long time ago, Chen Xiaobei used to fake the DNA report to pose as Professor Lin's son. He did it to protect Lin Xiang and Lin Nan. In the end, the two of them managed to avoid becoming the target of Japan and they got to live a happy life as well. In exchange, Chen Xiaobei became the primary target of Japan. Until now, they had sent multiple groups of ninjas to try to capture Chen Xiaobei back to Japan.

After hearing what Tanaka Tsuyoshi said, Chen Xiaobei got to know that Professor Lin's research was coming to an end. Other than that, Chen Xiaobei was not good terms with the prince of Japan, Hikari Okazaka. In other words, more and more ninjas would travel to China just to capture Chen Xiaobei.

One should know that the Pinnacle Ninja was not the most powerful ninja in Japan. There were Earth Ninja and Sky Ninja! Considering that Professor Lin's groundbreaking research could actually strengthen a country, Japan might even consider appointing the Divine Ninja to deal with Chen Xiaobei.

Upon thinking about that, Luo Puti started to feel worried about Chen Xiaobei. Of course, Chen Xiaobei had already foreseen all these troubles came looking for him. Instead of staying in China to wait for the enemies to attack him, Chen Xiaobei had decided that he would travel to Japan to solve the problem once and for all.

"Lin Xiaobei! Just be a good boy and let me capture you! With your current strength, there's no way that you can defeat me! No matter what, I will definitely capture you back to Japan alive! After we get our hands on the Professor Lin's result, all our royal submarines will be upgraded! It will definitely be easier for us to get close to China and conquer all of you!"

Wu Aofeng was furious after hearing Tanaka Tsuyoshi talk about the evil plan that Japan had in store.

"Just shut the f*ck up already! How dare you guys war against us?! Our China military will destroy all of you within the blink of an eye! And we will watch the crocodiles devour all of you without any mercy!" shouted Wu Aofeng furiously.

By nature, Wu Aofeng was a hot-headed guy. Besides, his family had suffered a lot when Japan launched a war against China. That was why he hated all the people that got involved in the war. Not thinking straight, he forgot that crocodiles do not even exist in the ocean.

"Aofeng! Calm down! This is not the time to mess things up!"

Immediately, Tai Yitan went over to stop Wu Aofeng from doing something stupid. Though Tai Yitan did not like the Japanese, he knew that Tanaka Tsuyoshi was after all an elite with pinnacle phase of True Nirvana stage. Things would go uncontrolled if Wu Aofeng went and attack him.

"Thing is getting really complicated this time!"

Frowning, Luo Puti and Huo Yuanba knew that there was nothing they could do a powerful enemy like Tanaka Tsuyoshi stood in front of them.

"Don't need to feel nervous. All this Japanese dude knows is to use his words to put fear in us! Don't worry! I'm here and I will never let him do what he wants!" said Chen Xiaobei, unfazed.

Upon hearing, everyone was taken aback. Though they did not know how Chen Xiaobei could act in such calm manner, they knew that he would be able to overcome this huge threat somehow. They would believe in everything that Chen Xiaobei told them. After all, Chen Xiaobei had never disappointed them.

"F*cking idiot! Just because I can't kill you, that doesn't give you the right to act tough in front of me! Don't you forget that your friends are still here! Don't try me—I will kill them one by one in front of you!"

Seemingly Tanaka Tsuyoshi did not know Chen Xiaobei that well. To him, Chen Xiaobei was just acting tough.

"I dare you to lay your finger on them! I will make sure that to kill your entire family the moment you hurt them!" said Chen Xiaobei icily.

Friends and families were two things that Chen Xiaobei wanted to protect no matter what. After the incident that happened on Paradise Island, Chen Xiaobei had sworn to not let anyone hurt his families and friends again!

"Hahahaha! Did you just say that you want to kill my entire family?! This is the funniest joke that I ever heard in my life! I will do the kamikaze if you somehow manage to flee from me!"

"Don't worry! You don't have to do the kamikaze! I will not run away from you! I will stand here and kill you today!" said Chen Xiaobei in a determined manner.

"What?!"

Everyone including Tanaka Tsuyoshi could not imagine how was he going to kill a Pinnacle Ninja with 50,000 combat power.

"Son of a bitch! I think you are addicted to acting tough in front of someone that is more powerful than you! I'm going to kill your friends first! After that, I'm going to dare you to act tough in front of me again!"

Tanaka Tsuyoshi was after all Pinnacle Ninja in Japan. There were only a handful of people dared to act in front of him! Now, he was angered by the thing that Chen Xiaobei just said. He would definitely come up with all his strength to fight with Chen Xiaobei.

"Xiaobei!"

"Sifu..."

Luo Puti, Tai Yitan, Wu Aofeng, and Huo Yuanba were feeling extremely nervous. Clearly, they knew that they would not be able to do anything if he launched another True Kang meteor at them.

"Don't worry! He will never get the chance to lay his fingers on you guys!"

Looking calm, Chen Xiaobei was actually thinking which trump card he should use to defeat him. Now that he had sufficient Spiritual Qi, he could use the Witch Dragon Transformation, Ancestral Sword Divine Rune, Quicksand Gourd, and Golden Circlet to defeat him. There was only one Tanaka Tsuyoshi—Chen Xiaobei was confident enough to defeat him even if there was a dozen of him attacked him at the same time.

Swoosh!

Suddenly, a golden ray was shot at Chen Xiaobei from his back. From the way it moved, it looked exactly like a golden snake. Looked closer again, it was actually a golden rope.

Red Envelope Group of the Three Realms

Chapter 915: Ultimate Deception

"What is that? Sifu, be careful! The Japanese is going to launch a sneak attack!"

Tai Yitan was very alert and issued a warning.

Whoosh!

But the movement speed of the robe was too fast. The golden rope reached Chen Xiaobei's back just as Tai Yitan had finished talking.

"Shit!"

Chen Xiaobei's heart contracted. He suddenly felt nervous.

The golden rope was not something to be underestimated. Now that he had just used his Ultimate Protective Puppet, if he was attacked again, it would be a matter of life and death!

In front of him was Tanaka Tsuyoshi, and behind him was the golden rope. Chen Xiaobei was now stuck between the rock and a hard place.

"That's it..."

Luo Puti and Tai Yitan knew very well that if it were one of them in Chen Xiaobei's shoes, they would not have been able to do anything about it.

A sudden surge of distress welled up in their hearts.

The enemy was just too strong! Chen Xiaobei was their only hope!

If something unexpected happened to Chen Xiaobei, the rest of them would only have to look forward to being buried here.

"No! I'm not with the Japanese!" Right at this critical juncture, Chen Xiaobei noticed the unsettling look on Tanaka Tsuyoshi's face—as if he did not know anything about the sneak attack.

Whoosh!

The golden rope diverted right behind Chen Xiaobei, changed direction and rushed toward Tanaka Tsuyoshi!

"What?!"

Tanaka Tsuyoshi shrieked; he did not expect this!

The golden rope seemed gradually enlarged before his eyes.

Whoosh...

Whoosh...

The golden rope wrapped itself around Tanaka Tsuyoshi's body and in a swift whirl, constricted around him.

"What...What is happening? Chen Xiaobei! What have you done to me?" Tanaka Tsuyoshi's body weakened and he fell onto the floor. "My strength... Why couldn't he summon even a drop of strength? My True Qi is locked inside my Dantian! How could this be?"

"Xiaobei... What happened?" Luo Puti asked, shocked.

Chen Xiaobei explained, "This golden rope is a Spiritual Item. It works like a White Jade Dragon Box but better. It can bind even bigger enemies!"

"Oh! We were all so surprised! We didn't know that Sifu has something like that!"

Wu Aofeng breathed a sigh of relief.

"No! It doesn't belong to me!" Chen Xiaobei turned around slowly and said, "Someone helped me!"

"Who? Him?"

They all turned to look and saw the man who knelt at Chen Xiaobei's feet begging to join Bei Xuan Faction walking toward them.

"Zhao Ritian!"

Chen Xiaobei's eyes flashed. He put on a poker face but was secretly reassessing Zhao Ritian from head to toe.

Of course, he used more than the naked eye to assess him.

Ding!

[Cultivation: Pinnacle phase of Qi refining stage. Health: 20,000. Combat power: 20,000 (+3000)!]

At one sweep with the Netherspirit Battlescouter, he immediately received information about Zhao Ritian's cultivation.

Earlier, Zhao Ritian had said that his cultivation was only Halfstep True Nirvana stage. It seemed like he was telling the truth.

But Chen Xiaobei was not easily fooled.

How was it possible for an elite with Halfstep True Nirvana stage possessed a Spiritual Item that was better than the White Jade Dragon Box?!

Chen Xiaobei then used his Golden Gaze Fiery Eyes to check whether Zhao Ritian had hidden more weapons on him!

But Chen Xiaobei did not find anything unusual!

Could it be that he was thinking too much?

Chen Xiaobei deliberated about what had happened: if Zhao Ritian had plotted against him, he would have used the golded rope to bind him when he had the chance to!

If Zhao Ritian had wanted to trick Chen Xiaobei to gain his trust. Then he would have used the other secret weapons he had on him to strike the rest of them after he had taken down Tanaka Tsuyoshi.

However, none of these two things happened!

He should not be judging a noble person unfairly, right? What if Zhao Ritian was truly sincere and he had misjudged him out of jealousy and suspicion? Wouldn't that make him petty?

Having thought of that, Chen Xiaobei said magnanimously, "Thank you for your help."

"It's nothing Mr. Chen! I really want to join Bei Xuan Faction. There is no way that I will turn my back against someone in danger!"

Although Zhao Ritian had just saved lives, he was not pretentious but bowed respectfully.

"Are you really serious about joining Bei Xuan Faction?" Chen Xiaobei asked.

"I'm very certain!" Zhao Ritian fell on both knees, looked eagerly at Chen Xiaobei and said, "Mr. Chen, please take me in!"

"There's no need to rush! To become my disciple, there needs to be complete trust. There should be no hostility between us!" Chen Xiaobei spoke candidly. "I still have some doubts. If we could talk openly about it then there would be no barriers between us!"

Zhao Ritian nodded eagerly, looking expectant. "Please say, Mr. Chen! I will not hide anything from you!"

Chen Xiaobei asked, "What's up with that golden rope of yours? If I'm right, that does not look like a low-tier Spiritual Item. Not even an ancient faction can get their hands on something like this! How did you attain it?"

"That was just a coincidence! When I went to Mount South to travel around, I stumbled upon an ancient cave and found this golden rope inside it!"

Zhao Ritian continued to say, "I also know that this thing might bring me trouble if I use it in front of everyone! I had not used this item since I got it. I dared not use it! Not even the people closest to me know of its existence!"

Chen Xiaobei nodded and said, "So, you used this precious item only to save me right?"

"Right!" Zhao Ritian said earnestly, "I truly want to be a part of the Bei Xuan Faction! Saving you is the right thing to do! Mr. Chen, if you don't mind, I am willing to gift this Spiritual Item to you!"

Luo Puti, Tai Yitan and the rest of them were astonished.

Just as Chen Xiaobei had said, an ordinary ancient faction would not have been able to get their hands on this grade of Spiritual Item!

Zhao Ritian was willing to gift this golden rope to Chen Xiaobei and was definitely genuine sincerity!

After all, once a Spiritual Item recognized Chen Xiaobei as its owner, it would only what Chen Xiaobei's hearts desires!

Zhao Ritian would lose complete control of it! There was no way he was faking it!

"Mmm, I have seen your sincerity!" Chen Xiaobei finally gave him the nod he had been hoping for and said, "As for that Spiritual Item, you keep it! That is what a Sifu should do!"

"Thank you so much, Mr. Chen...Oh...I mean thank you Sifu! Let me kowtow at you!"

Zhao Ritian was over the moon and kept kowtowing toward Chen Xiaobei.

Seeing this, Tai Yitan and the others congratulated Zhao Ritian, and accepted him as one of them

But no one had noticed the glimmer of deceit in the corner of Zhao Ritian's eyes.

Chapter 916: Six Ears' Purpose

That's right! The real Zhao Ritian had already died in the ravine!

This lookalike was actually Six Ears Macaque under disguise using his special ability called, Demonic Mirror Shadow.

Even with the help of Guanyin and Golden Gaze Fiery Eyes, one would not be able to find out his real identity. Only the one and only Buddha was powerful enough to uncover his real identity!

Chen Xiao and the rest of them were all just ordinary human beings. So they did not notice anything off with him.

After that.

After sending Luo Puti home, Chen Xiaobei headed back to Bei Xuan Faction on his own.

As for the asshole Tanaka Tsuyoshi, Chen Xiaobei did not kill him. He was, after all, an elite with pinnacle phase of True Nirvana stage.

Chen Xiaobei wondered if he could ask for some Heavenly Dog Biscuit from Xiao Tianquan and turned Tanaka Tsuyoshi into Bei Xuan Faction's security.

Chen Xiaobei arrived at Bei Xuan Faction.

Everyone had returned to their room to rest. Feng Qingyuan had arranged a room for Zhao Ritian.

Chen Xiaobei too quickly returned to his own room and took out the Water Shattering Dagger, laughing to himself.

"Xiao'er! Come out here!"

"Coming! I'm coming! Bro Bei! You have goodies?" Xiao'er peeked out of Chen Xiaobei's pocket. His little eyes searching and immediately locked onto the Water Shattering Dagger. He squealed excitedly, "Blood Essence Enigmatic Metal! This is one of earth's rarest Spiritual Item!"

"Blood Essence Enigmatic Metal?" Chen Xiaobei asked, "Compared to the Phoenix Rune Enigmatic Silver, which one is better?"

"When it comes to the tier of the material, Blood Essence Enigmatic Metal has a higher tier than Phoenix Rune Enigmatic Silver. However, there was a huge amount Phoenix Rune Enigmatic Silver for us to consume last time. So, the benefit that these two materials can provide for us is actually quite similar!" said Xiao'er.

"That's a relief!"

An idea popped into Chen Xiaobei mind and he borrowed Xiao'er special ability.

But there was one problem: once he consumed the metal, he had to sleep in order to absorb the item that he had eaten.

The first time he ate Phoenix Rune Enigmatic Silver, Chen Xiaobei slept for one day and one night and his health increased by 1,000.

The second time round, he ate the Dark Neutrons and he slept for seven days and seven nights. His health increased by 7,000.

This meant that the higher the level of the item, the more benefits it would bring. But that also meant that it would require more sleep.

The item that Chen Xiaobei was going to eat is not just any other low-tier Spiritual item. If he were to consume it now, he may have to sleep for at least half a year.

Chen Xiaobei knew that this was no joke. He only had one year left. If he ate something with high quality, he might sleep his life away!

But since the material of Water Shattering Dagger was similar to that of a Phoenix Rune Enigmatic Silver, he would only have to sleep for one day and one night.

Chen Xiaobei said no more but immediately ate it!

"Give... Save one small bite... For me..."

The moment Xiao'er special ability was borrowed by Chen Xiaobei, all his strength and energy were stripped off from him. Still, it wanted to have a bite of the delicacy. No doubt, it was definitely a legendary grade food hunter!

"Alright!" said Chen Xiaobei

With both of his eyes lit up, Chen Xiaobei started to munch on the Water Shattering Dagger like a hungry ghost.

"Wow! Wow! Wow!"

The sound of metal breaking down could be from inside Chen Xiaobei's mouth. Chen Xiaobei gasped. He looked very much intoxicated.

"This is so tasty! It's like a cross between a watermelon, honey peach, snow pear, mango... Like a bunch of fresh fruits squeezed into one! So darn good!"

"Give...give...give me some..."

Xiao'er watched eagerly.

It took Chen Xiaobei a lot of willpower to resist his hunger and give Xiao'er one small piece of it before he ate everything clean.

"Alright. I'll leave you to eat on your own. I'm going to bed!"

Chen Xiaobei then returned the special ability to Xiao'er.

He laid prone on the bed and fell into deep sleep.

...

Just then, Jiang Ziya's room door was gently pushed opened.

"The king of heaven covers the tiger on the land," The man outside the door whispered.

"Little chick cooks mushroom!" Jiang Ziya immediately replied.

The man entered the room and immediately locked the door preventing any third party from entering.

"Six Ears! Are you Six Ears?" Jiang Ziya asked excitedly.

"Rubbish! If it weren't me, who would reply to your stupid code!" the person is none other than Six Ears Macaque disguised as Zhao Ritian.

Jiang Ziya was sweating profusely.

"Pfft..." Six Ears Macaque gave Jiang Ziya a once over and exclaimed, "Jiang Ziya! Where is your front tooth? And why do your eyes look like a panda's? Pfft! Hahaha..."

"Don't laugh! You stupid monkey! What is so funny?"

Jiang Ziya's blood boiled. He still spoke like a deflated balloon. It was really funny.

"Jiang Ziya has no front tooth! Which good man beat you up? This is too funny! Hahaha..."

Six Ears Macaque has always been a monster. He had no respect at all for Jiang Ziya. All he did was kept laughing.

"Stupid monkey! How dare you laugh at me! I will ask Shen Gongpao to come and teach you a lesson right now!"

Jiang Ziya stamped his feet.

"Alright! You are after all more powerful than me! I'll stop laughing, alright!"

Six Ears Macaque put on a solemn expression, the smile gone, and glared icily at Jiang Ziya.

"Once a monster, always a monster! Acting in such a terrible manner has always been your true nature! I really have to teach you a lesson!" Jiang Ziya rolled his eyes at Six Ears Macaque and said, "You made a deal with Shen Gongpao to capture Chen Xiaobei and find out where is the reincarnated Su Daji! What the hell are doing here in Bei Xuan Faction?"

"Do you think I want to be here? The loophole of the heavenly laws allow me to reincarnate from death! My Dao Path is now zero! The only ability I have with me is to transform into someone else's physical look!" Six Ears Macaque said icily.

"If I had used the gold rope to capture Chen Xiaobei, his people would have torn me apart on the spot!"

"In fact, there were people who had wanted Chen Xiaobei for themselves. If I had captured Chen Xiaobei then, I would be doing the person a favor! Rather than benefiting the guy, it's better for me to bind him down! Once I gain Chen Xiaobei's trust, I will look for an opportunity to make a move!"

Jiang Ziya then nodded and said, "This explanation makes sense! What do you plan to do next?"

"What do I plan to do?" Six Ears Macaque said, "With strength like mine now, I can only stick to self-preservation. Once things have stabilized, then we'll see!"

"No!" Jiang Ziya quickly said, "Su Daji is the key person of the upcoming calamity! And she had a lot to do with Lady Nuwo! We, Chanism have to make her our ally!"

"Hold on! I'm not from Chanism! It wasn't easy to resurrect! I will not risk my life for you! Or you can look for a way to make me become more powerful! Or you can listen to me and wait for a good opportunity to make the right move!"

"Are you trying to break your promise?! During the negotiation, you promise me that you will help me to settle everything in the shortest time possible!" scolded Jiang Ziya in a furious manner.

Six Ears Macaque then picked his ear and then said nonchalantly, "Shen Gongpao is not with me right now! I don't have to do what he told me to do!"

[Red Envelope Group of the Three Realms](#)

Chapter 917: Revenge Alliance

"Don't give me that kind of attitude!" Jiang Ziya scolded, "Whatever you promised Shen Gongpao, you must deliver! Or else!"

"You are threatening me!" Six Ears Macaque said icily, anger boiling inside of him.

"Yes! I am threatening you!" Jiang Ziya said arrogantly, "You were right when you said that you are not a disciple of Chanism. You are our mutt! When we order you to bite, then you must bite! Or you'll die an ugly death!"

"Oh, is that so?" Six Ears Macaque's eyes were shooting daggers. He reached out his paw and went straight for Jiang Ziya's throat.

"Ack... What are you doing... Let... Let me go..."

Jiang Ziya's feet were a few inches off the ground. he could feel himself starting to choke. His neck might well break at any moment now!

"I went through hell to resurrect! I am not going to be treated like a dog!"

Six Ears Macaque had one hand wrapped around Jiang Ziya's neck and the other one dug around Jiang Ziya's pocket, took out his cell phone and put it into his own.

"Have mercy... Have mercy..." Jiang Ziya managed to utter with his breath losing out soon.

Bam!

Six Ears Macaque swung his arm back effortlessly and threw Jiang Ziya onto the ground like he was a piece of trash.

"Don't think that I don't know that even though Chanism is the most powerful teaching in heaven, a lot of Saints are actually keeping their eyes on you!" Six Ears Macaque said, "Don't mind the others, the Prime of Tongtian will be first to prevent you from running amok! If not, you can actually carry your cultivation with you to travel to the earthly realm! By doing so, you don't even need me here!"

"That..."

Jiang Ziya flashed a look of surprise.

Six Ears Macaque didn't give him a chance to speak but continued, "First, the calamity is just around the corner! The Ancestral Daoist had made an amendment to the rules of reincarnation! I also know that the Primordial Lord of Heaven banned everyone from sending the Red Envelopes freely with the reason of protecting other realms! But not only did you allow me resurrect, you also gave the freedom to give out Red Envelopes! If the Prime of Tongtian knows about all this and inform Hong Jun the Ancestral Daoist, even the Primordial Lord of Heaven will be blamed for it! By that time, do you really think that Chanism will end up well? You broke the law intentionally! You of all people should know very well the consequences for that!"

"That..."

Jiang Ziya swallowed hard, his face turning red. He had wanted to defend himself but no words came to him.

Obviously, Six Ears Macaque had hit the nail right on the head. It was true that Chanism was doing something illegal here. If Hong Diao was informed about it, the Primordial Lord of Heaven would be kept in jail for 10,000 years. Chanism would definitely cease to exist by the time he regained his freedom. Also, the calamity was going to hit them really soon!

Jiang Ziya trembled thinking about this.

"I will use your cell phone to write everything into a wall of text of what you've done so far and if you act all high and mighty with me, I will send the message to the Red Envelope Group! Remember, the Prime of Tongtian, Grand Supreme Lord Laotzu, and Lady Nuwo are all in the group! And they are powerful enough to meet Hong Jun face to face! Better watch your step!"

"I don't dare! I won't ever dare to do that again..."

Jiang Ziya immediately deflated like a balloon. He was now too afraid to do anything wretched anymore.

With the wish of wanting to use Six Ears Macaque's strength to speedily finish all the tasks assigned by the higher authority to redeem his sin! By doing so, Jiang Ziya would be able to become a deity once again.

Providently, Six Ears Macaque's wisdom and strength was not something Jiang Ziya could control.

Jiang Ziya could do nothing but swallow his anger.

"I won't ever intervene with your business but I can't promise you anything on behalf of Shen Gongpao!"

"You don't need to worry about that! I never said that I will not complete the task. I just don't want to take any risks and I don't want to take orders from you! I will do what I want and decide for myself." Six Ears Macaque said detachedly and left the room.

"Holy shit..." Jiang Ziya collapsed onto the chair and said, perturbed, "I had wanted to show this stupid monkey who's boss but instead, he showed me who's boss. What a fail attempt to act like a boss!"

...

That night.

At Xuanjian Faction

In the meeting hall, Yue Changkong was sitting at the master seat.

All three Zhuang Bihuang, Su Dongruo, and Liu Xuyuan sat on his sides.

At the same time, there were still people entering.

Zhuang Lao Taijun walked to the front, followed by Zhuang Hao and Eunuch Su.

After them came Yap Jianming, Yap Tianlin, Situ Hengfeng, and Xu Changqing. They all sat on one side.

Mount Hua Faction, Green Town Faction, Mount Shu Faction.

Zhuang Family, Liu Family, Yap Family.

Three most powerful ancient faction and families were all here. A setup like this was enough to shock anyone that was alive.

No one knew that they had all gathered for a young man in his twenties!

And this young man was called Chen Xiaobei!

"Ladies and gentlemen, all of you who are here have grudges against Chen Xiaobei! Today, I, Mount Hua Faction will lead the setup of a revenge alliance!"

Yue Changkong said in a solemn voice, "By being here, you have agreed to be a part of this alliance! So now let's come up with a plan to attack Bei Xuan Faction. Speak your mind!"

"Faction Leader Yue, before we begin, I have something I'd like to say." Zhuang Lao Taijun frowned and said, "Do you know that Chen Xiaobei is a demigod?"

"I knew that. Grand Elder Zhuang had told me earlier!" Yue Changkong's face hardened. "But this is unsupported fact! There is no way that kid is a demigod!"

"We really hope that he isn't..."

Yap Jianming sighed.

"But we haven't been able to come up with a logical explanation of what he's done. Other than a demigod, no else would be able to do..."

"Yeah..." Zhuang Hao nodded. "Unless we are able to prove that Chen Xiaobei is not a demigod, we really wouldn't want to take the risk and attack..."

Liu Xiyuan also nodded in agreement, "We all three families have all experienced great loss by Chen Xiaobei hands. No one understands how frightening he is better than us!"

"You bunch of crybabies!" Yue Changkong's expression hardened. He screamed, "if you don't have the balls to do anything, then why are you here? Go home and drink your mother's milk!"

"Tsk!" Su Dongruo retorted, "If you are so brave, why don't you attack Bei Xuan Faction on your own? Why bother forming an alliance?"

"I..."

Yue Changkong was tongue-tied.

The truth was, having heard about Chen Xiaobei's miraculous deed from Zhuang Bihuang, Yue Changkong's was alarmed!

Forming an alliance was his way of impelling the three families to deal with Chen Xiaobei.

However, these three families feared Chen Xiaobei to the core. No one dared lift a finger against him.

In no time, the meeting came to an end. None of them wanted to be the trailblazer.

"Everyone, there's no need to worry! I have a way to prove that Chen Xiaobei is not a demigod!"

Just then, a figure walked in.

[Red Envelope Group of the Three Realms](#)

Chapter 918: Surround The Mountain and Assault

While everyone was watching, an old European man walked into the room.

"Who are you?" asked Yue Changkong stiffly.

"I'm the grand leader of Blood Descendants, Gordon Bryant! I'm at Celestial cultivation!" said the old man with his eyes squinted in a confident manner.

"Ce... Celestial cultivation!"

Upon hearing that, everyone started to look at him in a new light—with awe. After all, elites with Celestial cultivation were qualified to be leaders of ancient factions! There was only a handful of them walking on this earth!

"Mr. Gordon. Please have a seat! Sir, just now you told us that you have ways to prove that Chen Xiaobei is not a demigod. May I know how do you plan to do that?" asked Yue Changkong, excited.

Immediately, everyone straightened their ears to listen to what Gordon had to tell them. All three families were deeply against Chen Xiaobei.

Yue Changkong's 5,000 Spiritual Stones.

Xu Changqing's Water Shattering Dagger.

Lastly, Su Dongruo wanted to hold Chen Xiaobei responsible for Xia Dinxi's death.

Like a group of ferocious wild wolves, they all wanted Chen Xiaobei dead. The moment any of them managed to prove that Chen Xiaobei was no demigod, they would definitely not hesitate to rip him into pieces.

"Just observe the way that I'm going to use to prove Chen Xiaobei is actually not a demigod!"

With an evil smile on his face, Gordon proceeded to clap his hands. Immediately, there were three Silver-Winged Myrmidons walked into the room. Two of them were holding a white cloth together. And the last person was holding a projector in his hand.

"Everyone! Please have a look!" said Gordon while swinging his hand.

The projector was turned on and a picture was being projected on the white cloth.

"That... That is Chen Xiaobei!"

Everyone had their eyes wide open. They could see that Chen Xiaobei was bringing two young men with him to flee from a Golden-Winged Blood Descendant. The high definition recording allowed them to spot Chen Xiaobei the moment the projection was turned on.

"Everyone. Saw that? If Chen Xiaobei is a demigod, he could actually choose to kill me instead of running away!"

The video stopped right after Gordon made his stand. Everyone then quieted down—pindrop silence. Seconds later, a huge amount of murderous intent started to emanate from all the big shots that sat in the room. It was as if the air around them was frozen.

"Everyone! I believe the truth has been revealed! I, Yue Changkong will volunteer to be the first one to kill Chen Xiaobei!"

Immediately, the pent-up anger in Yue Changkong exploded. Not too long ago, all his 5,000 Spiritual Stones were taken away by Chen Xiaobei and he was slapped by him in front of everyone as well! No matter what, Yue Changkong would definitely make Chen Xiaobei pay for what he did to him.

"The Zhuang Family is willing to follow Faction Leader Yue's footsteps! We will never stop until we see him being chopped to pieces!"

Zhuang Bihuang and Zhuang Lao Taijun made their stand after they looked into each other's eyes. The Zhuang Family had been taken advantage of by Chen Xiaobei all this while. Other than that, the entire family was forced to kowtow before Chen Xiaobei as well. In other words, their desire to kill Chen Xiaobei was actually stronger than Yue Changkong's.

"I, Xu Changqing is willing to join the alliance as well! I have to take back my Water Shattering Dagger! That is my most precious prized possession!"

Right after that, Xu Changqing made up his mind as well. He was one of the core disciples of Mount Shu Faction. In other words, his position in the faction was actually higher than Situ Hengfeng.

"Alright. Since we all have the same goal in mind! I'm willing to work together with all of you! I don't wish to see anyone of us here being killed by Chen Xiaobei! Also, I want to avenge my disciple as well!" said Su Dongruo while letting out a sigh of relieve.

To him, he was pretty sure that Chen Xiaobei would definitely be dead the moment everyone here in this room surrounded him. With that being said, he could actually tell the faction leader of Green Town Faction that he did help to avenge Xia Dinxi if he followed them to kill Chen Xiaobei.

"Alright! We should sit down and discuss our plan since we all are in the same boat!" said Yue Changkong.

"What's there to discuss? All we need to do is to march to Bei Xuan Faction and attack him! We will cover the ground and the Blood Descendants will cover the sky! With this formation, there is no way that he can escape from us!" said Su Dongruo.

"Chen Xiaobei is just an arrogant pathetic liar! I believe that all of us can actually defeat and kill him easily!" said Yue Changkong while nodding.

This was one of those rare moments that Yue Changkong did not argue with Su Dongruo.

Upon hearing that, everyone nodded in agreement as well.

"Alright! Since none of us here object the idea, I suggest that we march to Bei Xuan Faction and kill him tonight!" shouted Gordon in a determined manner.

And everything was set in stone.

...

In the middle of the night!

500 people from Xuanjian Faction were marching toward where Bei Xuan Faction was. Liu Chunyi and Liu Xiyuan were with them. And there was a good amount of elders with Halfstep True Nirvana cultivation that joined the force as well. They were heading from the north side of the mountain.

As for Green Town Faction, they sent 100 people to head to Bei Xuan Faction with Su Dongruo leading them. Besides, Fu Qifeng and He Junlin were amongst them as well. They chose to go from the south side of the mountain.

Mount Hua Faction did the same by sending 100 people to attack Bei Xuan Faction. They were going from the east side of the mountain. And their leaders were Yue Changkong and Yue Junmo.

Lastly, Mount Shu Faction sent 100 of their disciples to go from the west side of the mountain. Xu Changqing was the one that led them.

100 people from Zhuang Family worked closely together with Mount Hua Faction. They were going from the east north of the mountain. Zhuang Bihuang, Zhuang Hua, Elder Su, and all the other elites were asked to join forces with them as well.

As for Yap Family, they too brought 100 people with them. And they were working together with Mount Shu Faction. They were asked to go from the west south of the mountain. Situ Hengfeng was the one that led them. Other than that, the family had just spent a huge amount of money to hire some Jianghu elites to help them.

Tonight, there was a total of 1,000 people coming from different directions to attack Bei Xuan Faction. With the strategy of surrounding the entire faction, they were confident enough that they would be able to kill Chen Xiaobei. At the same time, Gordon led another thirty-five Silver-Winged Myrmidons hiding in the dark, waiting for the right time to launch their attack. The moment they saw their allies forced Chen Xiaobei to flee into the sky, Gordon would lead his Silver-Winged Myrmidons to block his last exit.

Though this entire plan was formed not too long ago, it seemed like everyone was working really well with each other. Not too long from now, the entire Bei Xuan Faction would be surrounded by all of them!

However!

Chen Xiaobei was still sleeping during this critical moment and he would only wake up in the morning! Without Chen Xiaobei's help, the entire Bei Xuan Faction would surely be destroyed within seconds! Most likely, Chen Xiaobei would meet Yanwang by the time he wakes up, assuming if he fails to wake up right now.

Fortunately, Chen Xiaobei had made a secret plan before he fell into a deep slumber. And now this was the time for the secret plan to help him to overcome this life-threatening problem.

Ring—

Ring—

Chen Xiaobei's cellphone was ringing nonstop but there was not a single response from him.

"Sirius... Go and turn that cell phone silent! I want to continue sleeping!" said Xiaobei while lying on top of Sirius's head.

"Okay..."

Sirius then walked over to Chen Xiaobei and took out his cell phone.

"It's him! Could it be something bad is going to happen really soon?!"

The moment they say the name of the caller, Xiaobai and Sirius were taken aback. And they knew that this was not the time for them to continue sleeping.

[Red Envelope Group of the Three Realms](#)

Chapter 919: A Shed Of Hope From The Worst End

Qi Yueting!

That was the name that appeared on Chen Xiaobei's cell phone. Most of the people in Bei Xuan Faction would not know who Qi Yueting was. However, Xiaobai and Sirius knew about this person pretty well.

Before the start of the competition, the elder of Xuanjian Faction, Qi Yueting was the one that brought Xiaobai and Sirius to the side of the arena for Tai Yitan and Huo Yuanba to borrow their special abilities.

"Something bad is going to happen to us! He never calls us this late at night!"

Clearly, Sirius was smart enough to know why Qi Yueting called Chen Xiaobei.

"Cut the crap! We need to hurry and go look for Elder Feng! Let him pick up the call!" said Xiaobai.

Immediately, Sirius pick up the cell phone with its mouth and rushed to Feng Qingyang's room.

Feng Qingyang was Chen Xiaobei's oldest disciple. And the authority that he had in the faction was second after Chen Xiaobei. In other words, Feng Qingyang would be in command if Chen Xiaobei could not wake up from his sleep.

Ring!

Ring!

Ring!

Right after Feng Qingyang finished talking on the cell phone, he rang the emergency bell. Immediately, everyone within the faction gathered at the arena.

"Big Shixiong! What is going on? It's the middle of the night. I was sleeping!" complaint Wu Aofeng.

"Something bad just happened! If we don't deal with it properly, I'm afraid this will be the end of Bei Xuan Faction!" said Feng Qingyang grimly.

"What... What is going on?"

With that, they could no longer go back to bed.

"The Yap, Zhuang, and Liu Family! Mount Shu, Mount Hua, and Green Town Faction! The Blood Descendants from America! In total, there are 1,000 people going to attack us at the same time not too soon from now!"

"There are four elites with Celestial cultivation! Fifty people with True Nirvana cultivation! And the other 500 people are equipped with more than 10,000 combat power!"

"God... Oh god... Why are there so many powerful enemies coming to attack us?!"

"It's impossible for us to stop them!"

Suddenly, everyone started to shout in fear. Before they saw the enemies, they could feel terror crushing their hearts. As compared to all those powerful enemies, Bei Xuan Faction was actually extremely weak.

Feng Qingyang's only had 20,000 combat power.

Chen Zhongfu, Zhang Chui'er, Murong Xiaoyao, Murong Tian, Jin Liu, and Old Wang were at early phase of Qi refining stage. And their combat power was 5,000 only.

As for Jiang Ziya, he had no cultivation.

Six Ears Macaque's cultivation was Halfstep True Nirvana and it posed no threat to the enemies.

Without a doubt, there was no way that they could fight with them.

The remaining people were Tai Yitan, Huo Yuanba, Wu Aofeng, Cang Jingu, Xiaobai, and Sirius. Their cultivations were at early phase of True Nirvana stage. Set aside the elites with Celestial cultivation, Yue Junmo alone was enough to kill all of them! Clearly, this was one of the worst calamities that Bei Xuan Faction had ever faced. One wrong move and all of them would be killed instantly. The enemies had almost all the advantages with them. As for Bei Xuan Faction, the call from Qi Yueting was their only advantage. They now could buy themselves some time before the enemies arrived here.

"What should we do now? Without our Sifu, there's no way that we can defeat them!" said Huo Yuanba.

"If that's the case, I suggest we should all flee from Bei Xuan Faction!"

Jiang Ziya was the first one that wanted to escape to other places. After all, the reason why he descended to earth was to redeem his sin. There was not an ounce of cultivation in him. In other words, he would be the first one to die once the war broke out. Once he was dead, he would not be able to be reincarnate anymore!

"Are you really that stupid? The enemies have us surrounded! Do you really think you can flee to other places?!" said Wu Aofeng.

The moment Jiang Ziya thought that this could be that this could be the last day he breathed on earth, he could not help but fear for his life.

"There is no way that we can defeat them and we can't flee to other places as well! We are now stuck in a dangerous circumstance!" said Tai Yitan after spending some time to figure out a solution.

Seemingly, not even he could figure out a way to overcome this problem.

"I thought we have the Puzzle Formation and Thunder Pool Formation to protect us?!" asked Cang Jingu.

"Puzzle Formation will not be able to stop those elites with Celestial cultivation! Though Thunder Pool Formation might be able to hold them off, it has limited energy! That means it can only last for a short while!" said Feng Qingyanbg with a long sigh.

"Does that mean... We are going to die...?"

Murong Xiaoyao hung on tight to his father's arm nervously. Her beautiful face looked really pale.

Upon hearing that, everyone fell into a state of despair.

Four elites with Celestial cultivation!

50 elites with True Nirvana cultivation!

Over 500 elite with 10,000 combat power with weapons on them!

No matter how hard they tried to figure out a way, the final conclusion they got was death!

Death was slowly approaching them and their state of mind was about to crumble. Most of them might lose themselves before the war began.

"Who knows when Sifu would wake up?"

Suddenly, Zhao Ritian asked. Immediately, everyone focus their attention on this new member.

Could it be he actually figured out something to help them?

Woof!

Sirius barked to indicate that it knew when Chen Xiaobei was going to wake up.

"Tell me! When is Sifu going to wake up?!" asked Zhao Ritian.

Woof!

Woof!

Woof!

"I know now!"

"Sifu will wake up in the morning! All we need to do right now is to hold on until then!" said Zhao Ritian.

It was apparent that he could understand Zoolingualism.

"Is... Is that real?"

Taken aback, everyone found it hard to believe that Zhao Ritian could understand Sirius.

"Even if it's real, the Thunder Pool Formation will not hold the enemies back until morning!" said Feng Qingyang, worried.

"No problem! As long as he is here, we will be able to hold them off until morning!" said Zhao Ritian while dragging Jiang Ziya to him.

"Him?"

"I'm the one that broke his teeth! Pigs can fly if he can stop the enemies!" said Wu Aofeng disgruntledly.

"Can you stop joking?! Just let him hide inside the toilet! He is useless here!"

"Shixiong Wu! You should trust your Sifu even if you don't trust me! None of his friends are ordinary people!"

"Alright! For the sake of my Sifu, I will not go against you! Old man! Tell me the plan!"

Suddenly, everyone looked at Jiang Ziya.

Taken aback, Jiang Ziya said, "I... I don't think I can do anything about it!"

Chapter 920: God-like Commander

"Come over here!"

Zhao Ritian pulled Jiang Ziya to the side. He then lowered down his voice and said, "Why are you acting dumb? Do you remember that you had studied the art of war for forty years at Kirin Cliff?"

"King Zhou called you the greatest general after you destroy Shang Zhou in one single war! All those big and small wars were directed by you! Now, I'm not even asking you to direct us to attack the enemies! I know that they clearly outnumber us! Just buy us some time until Chen Xiaobei wakes up! I don't think that's a difficult task for you, right?"

Zhao Ritian was actually Six Ears Macaque in disguise after all. That was why he knew that Jiang Ziya could help them to overcome this life-threatening circumstance!

"Yes! You are right! The ability that I brought with me when I came to the earthly realm is Six Strategies Three Tactics—The Ultimate Ways of Warring! I don't think it's a problem for us to hold on until dawn! But! Don't you forget our stand! Chen Xiaobei is our enemy! Why should we help him to overcome this situation?"

"Damn! Are you dumb? Spent too much time living a comfortable life as a deity? Do you really think that both of us can live to see tomorrow if Chen Xiaobei is dead? Don't you forget that both us are considered as the disciples of Bei Xuan Faction? To the enemies, both us are weak like ants! They can squash us easily!"

"This..."

Jiang Ziya was taken aback.

"Let's cut the crap! We are running out of time! We cannot afford to waste any seconds anymore! Put on your legendary general look right now! Live or die is all up to you!"

Deep breath

Jiang Ziya then took in a deep breath and his Qi field changed. He became more serious and strict.

"Someone! Bring me the map of Bei Xuan Faction! Call and bring in all the help you can from the people you know! Other than that, please tell me your cultivation and specialty!" shouted Jiang Ziya.

Those within earshot were instantly awestruck by Jiang Ziya's domineering presence. Without asking any questions, they went and did what Jiang Ziya told them to do.

Feng Qingyang went and retrieved the map.

Murong Xiaoyao went and contacted Wen Yuan, NeZha, and Hong Hai'er.

Murong Tian went and contacted Xiangyu.

"Me too! Me too"

Suddenly, Qiao'er ran to them. She was too deep in her sleep earlier. That was why she could not wake up when the emergency bell rang. While running toward them, she took out her cell phone and contacted Liu Xuanxin. At the same time, everyone told Jiang Ziya their cultivation and specialty.

"Chen Zhongfu! Zhang Chui'er! Both of your cultivations are not powerful enough to defeat our enemies! And the two of you don't have any combat experience! I'm going to assign the two of you to our faction leader's room and get him up to speed when he wakes up later!"

"Alright..."

Chen Xiaobei's parents knew that they could not be more help if they insisted to stay around. Without saying anything, they quickly rushed to Chen Xiaobei's room.

"Huo Qiaoqiao! Your cultivation is too weak! It's not suitable for you to do any combat. Stay here and help me to send orders out with your cell phone!" ordered Jiang Ziya.

"Yes!"

Qiao'er then nodded and stood aside to wait for further instructions.

"Tai Yitan! Murong Xiaoyao! Cang Jingu! Bring Xiaobai with you! For a team together and head to the northeast direction immediately! I need all of you to stop the people that are with Zhuang Families! Use Guerrilla War Tactic! Remember to target the enemies with lower cultivation first! You can hurt them badly but you are not allowed to kill them!"

"Alright!"

Tai Yitan responded and led Murong Xiaoyao and Cangjin Gu out of the faction.

"Huo Yuanba! Murong Tian! Jin Liu! Bring Sirius with you guys! All of you will form another team together! Head to the southwest direction and stop the people that are with the Yap Family! The strategy that you are going to use against them is same as the first team! Go now!"

"Alright!"

Immediately, Huo Yuanba led his team out of the faction.

"Wu Aofeng! Old Wang! The two of you will form the third team! Head to the north direction and stop the people that are with Xuanjian Faction!"

"Damn! You old bastard! Are you trying to make me pay back my wrongdoing for breaking your teeth?! Other teams are made up of three people and a beast to stop 100 enemies each! Now, you are asking Old Wang and me to stop 500 enemies! There's must be something wrong with your head!" said Wu Aofeng, displeased.

"What now? Are you afraid of doing it?" asked Jiang Ziya.

"I have never been afraid of anything in my life before! For the sake of my Sifu! I'm willing to go through hell for him! I, Wu Aofeng am not afraid of anything! However, I will not do it if you are fooling around with me!"

"Don't you worry! I'm not trying to fool you around! The victory of this war is actually highly dependent on the two of you!" said Jiang Ziya with a smile.

"On us? What do you mean by that?" asked Wu Aofeng, taken aback.

Clearly, he actually started to look forward to it.

"Firstly, I will assign someone to head to the same direction to help you! Secondly, our spies—Qi Yueting and Qi Zhenxin will meet up with you later! Thirdly, the direction that I ask you to go to is the entrance of Puzzle Formation! It's dark now and I want you to take advantage of the people that help you and the nature to make sure that all 500 people from Xuanjian Faction to have a hard time on finding Bei Xuan Faction! Do you think you can do it?"

"Good strategy! No problem! Leave this to me! I will make sure to complete all the task!" said Wu Aofeng with his eyes lit up.

Seemingly, he was really impressed by Jiang Ziya's strategy.

"Hold on! I have two questions!"

"Spill it!"

"Old Wang is actually not that powerful. I think it's better for me to go alone," said Wu Aofeng.

"Heh... You have underestimated Old Wang! During critical moment later, you might need him to save your life! Basically, this is non-negotiable! Two of you have to go together!" said Jiang Ziya with a smile.

It was as if he had everything under his control.

"Alright! We will listen to you! My next question is why are we not allowed to kill anyone? Why we are only allowed to hurt them? That's not fun at all!"

"No one will care about the dead bodies if you kill them! However, they will have to attend to those that are injured if you just choose to hurt them badly instead of killing them! Indirectly, we are actually trying to cut down the number of enemies!"

"Damn! Such an incredible strategy! Too good! This is really too good!"

The moment Wu Aofeng realized Jiang Ziya's intention, he could not help but start to compliment him. Right after that, Wu Aofeng and Old Wang ran toward the north.

"Feng Qingyang! Bring out the Puzzle Flag immediately! I want to be able to observe our enemies' movements!"

"Alright!"

Immediately, Feng Qingyang brought out the Puzzle Flag. With a light flash from the flag, a few light dots appeared on it. And they were the three teams that just took off. So far, the enemies had not entered the Puzzle Formation yet.

"How about me? What should I do?"

Zhao Ritian had been waiting at the side for a very long time. Finally, he broke his silence.

"I want you to prepare your Deity Constricting Rope! Trap the first elite with Celestial cultivation that enters the Puzzle Formation later!"
