#### Chapter 931: It's Just a Joke

"Shit!!!"

Taken aback, Yue Changkong thought that they could kill Xiangyu easily. Before he realized it, the True Combat Spear was already approaching him at lighting speed.

"So fast! His movement speed is at least 30% faster than Yue Changkong's!"

Everyone including Su Dongruo and Zhuang Bihuang were extremely shock when they saw how fast Xiangyu could move. Only Jiang Ziya and Zhao Ritian knew that the moment Xiangyu picked up the True Combat Spear, his combat power became as high as Yue Changkong's.

The essence of the skill Drag was the surprise attack that one could bring forth to the enemies! A successful surprise attack would enable the attacker stay alive longer. At that moment, Yue Changkong did not expect Xiangyu to spring a surprise attack on him. That was why he was rendered defenseless. On the other hand, Xiangyu had already prepared this attack from the very beginning and that explained why his attack was so fast and powerful.

Bam!

Along with a muffled sound, the True Combat Spear landed on Yue Changkong's head. 73,000 combat power was equivalent to 29,200 pounds of force! This attack was powerful enough to shatter a small mountain!

Boom!

Yue Changkong was sent miles away from where he stood earlier. The moment he landed on the ground, the force made him to roll on for several moments. A long concavity was formed in the ground as he rolled on.

"Oh my god... What kind of strength is that? That's so damn terrifying!"

The crowd had a hard to believe in what they just saw. This was the kind of thing that could only be seen in Sci-fi movies.

"So powerful! He is so young but his cultivation is way higher than us!"

Standing there like a statue, Su Dongruo and Zhuang Bihuang had their gazes fixed on Xiangyu. The sum of their age was over hundreds of years old but their combat power was weaker than Xiangyu's! And his age was only around 30 years old! No one would believe in this absurd truth if they did not see it with their own eyes.

Immediately, both of them halted in their footsteps. None of them were brave enough to approach Xiangyu anymore.

Blarrgghh!

Yue Changkong sat on the ground in a sorry state and coughed out a mouthful of warm blood when he turned his head. Though he had True Kang armor to save his life, Xiangyu's attack was just too powerful for him to handle. That resulted in Yue Changkong suffering from severe internal injuries!

"Seven years... the last time I was hurt was seven years ago... A 200-year-old demonic old man was the one that hurt me!" said Yue Changkong while staring at Xiangyu with his eyes narrowed.

Xiangyu could not even bother to look at him. A 200-year-old-man was just a kid to him!

"Young man! Considering that you have acquired such tremendous power at such young age, you can definitely achieve a lot of great things in future!" said Yue Changkong while letting out a long sigh.

"What are you trying to tell me?"

"As the saying goes, the powerful beast will look for an optimal place to grow better. Bei Xuan Faction is not worthy of you to join them! In other words, you really shouldn't risk your life for them! I think it's better for you to join my Mount Hua Faction! Join me and I will make you my vice faction leader!"

Upon hearing that, everyone around were left in bewilderment. One should know that Mount Hua Faction was no ordinary ancient faction! It was more powerful than Tidal Faction and Wrath Wave Faction. In other words, it was hundreds of times more powerful than Bei Xuan Faction. Being able to be recruited as a disciple of Mount Hua Faction was the kind of blessing that one could never imagine. Let alone becoming a vice faction leader!

Considering the fact that Zhuang Bihuang had already joined and trained in Mount Hua Faction for 100 years, he still did not earn his right to become the vice faction leader. It was enough to prove that it was extremely hard to become a vice faction leader! From there, one could see that Yue Junmo was really impressed by how powerful Xiangyu was.

At that moment, everyone including Zhuang Bihuang and Yue Junmo were extremely envious of Xiangyu. Looking at the reactions of the crowd, Yue Changkong could not help but put on an unwavering smile. Seemingly, he was confident enough that no one would decline such enticing invitation.

"Heh... Clearly, you are looking down on Bei Xuan Faction! To me, Mount Hua Faction is not even worthy enough to be Bei Xuan Faction's rival! I don't care about your vice faction leader position! I will not join your faction even if you ask me to become your great ancestor!"

Blarrgghh!

Yue Changkong almost vomited out a mouthful of warm blood after hearing Xiangyu's comment. That was definitely a huge slap on his face. At the same time, Zhuang Bihuang was equally shocked by Xiangyu's decision as well. He had never thought that Xiangyu would decline Yue Changkong's invitation without a second thought. Others might treat this opportunity as a valuable treasure. To Xiangyu, this opportunity was no difference from trash!

"Xiangyu! You better show my dad some respect! You should see this as your ultimate blessing!" shouted Yue Junmo furiously.

"Eh?"

Suddenly, Xiangyu turned around and had his glare locked on Yue Junmo.

Deep breath...

Yue Junmo took in a deep breath. He felt as though he was being targeted by a ferocious beast. Instinctively, he ran and hid behind the crowd. He did not even dare to look at Xiangyu anymore.

Immediately, Xiangyu started to laugh out loud. To him, the people of Mount Hua Faction were not more than a group of clowns that came here to entertain him.

"Soon, you will know whether I'm a joke to you! I see that you are really good at wielding the spear and can usually kill any ordinary person with only single hit! However, if your opponent manages to survive from your hit, there's no way that you can landed a second successful hit!" said Yue Changkong while standing up slowly.

Right then, Xiangyu's smile faded. He had to admit that Yue Changkong was an extremely experienced Jianghu elite. With only a simple statement, he managed to pinpoint the weakness of his skill.

The skills, Shatter and Drag were meant to kill the opponents with only one hit! If the person failed to do so, the opponents would have their defenses up. And it would be really hard for the person to come up with a second successful hit.

"Let's attack him together! Be careful! Don't give him any chance to strike us!"

Yue Changkong, Su Dongruo, and Zhuang Bi Huang looked at each other. They then quickly surrounded Xiangyu. On the other hand, Xiangyu knew that this was the beginning of the tough battle that he was going to face. With this hands holding the spear tight, he was ready to fight all three of them.

"Strike!"

Yue Changkong shouted and all three of them charged at Xiangyu at the same time.

Sword Dragon!

Ifrit!

Earth Golem!

Three Celestial Phenomena were being triggered at the same time as the earth trembled before them!

Swoosh!

Immediately, Xiangyu swung the 8,100-pound spear with all his might. His strength and his speed managed to form an obsidian arc force to charge at his enemies.

Swoosh!

Swoosh!

Swoosh!

The moment the three Celestial Phenomenon came in contact with the obsidian arc force, they were forced to retreat – none of them could get closer to Xiangyu. With no intention to stop, Xiangyu continued to form a couple of obsidian arc forces at them.

Arc Form! To defend!

Three arcs formed a circle!

Nine arcs became an unstoppable force!

All hundreds and thousands of enemies shall not get close to me!

### Red Envelope Group of the Three Realms

#### **Chapter 932: Situation Changed**

Swoosh!

Swoosh!

Swoosh!

Dozens of obsidian arcs were surrounding Xiangyu – protecting him from all kinds of damage. The moment the Sword Dragon came in contact with the obsidian arcs, it shattered into countless of broken swords. Even after it regained its form, it still could not penetrate Xiangyu's defenses.

Ifrit too had attempted several times to shatter Xiangyu's defenses. Considering the fact that Su Dongruo was weaker than Xiangyu, it was even harder for him to launch a successful attack.

As for Zhuang Bihuang, he had attempted to attack Xiangyu a couple of times from beneath the ground. However, Xiangyu had extended his golden True Kang all over the ground. As such, Zhuang Bihuang would never be able to launch a successful attack on Xiangyu.

Though all three of them had worked really well together to attack Xiangyu, the impenetrable defensive formation that Xiangyu came up with was just too perfect for any of them break it.

"Great! Good defense! Clearly, there is no way for you to defeat all three of them at the same time but you manage to come up with a brilliant strategy to buy us more time! Dawn is coming soon!" said Huo Yuanba in an excited manner while cheering him on.

"It seems like there is no way for them to break through Xiangyu's defenses! Though this kind of defensive formation actually requires him to spend more True Qi, he just needed to hang on until dawn! And we will be safe!" said Tai Yitan with glee.

"I'm glad that we manage to hang on till dawn!"

Feng Qingyang had a smile on his face too. All the worries that he had just now had finally disappeared.

"Elder Feng! Keep your guard up! All three of them are elites with Celestial cultivation! I believe they still have not activated their trump cards! Never let your guard down! Crap!" said Jiang Ziya.

Before Jiang Ziya could finish his sentence, something unexpected happened.

"I think it's pointless for us to holding on to our trump cards! Let's activate our trump cards together to defeat him!"

Yue Changkong then let out a roar and a black ray was shot out from his sleeve.

"Armor Penetrating Beam!"

The knowledgeable ones immediately recognize Yue Changkong's attack.

"That's Mount Hua Faction's prized possession, Armor Penetration Beam!"

Earlier during the martial arts competition, Yue Junmo shot a similar obsidian ray at Xu Changqing to defeat him. However, the black ray shot out by Yue Junmo was in shuriken form! And he had to wait until Xu Changqing dismissed his True Kang before he could attack him.

The Armor Penetrating Beam that Yue Changkong's had was completely different from his son's. Its special ability allowed the user to shatter any kind of True Kang. Even if Xiangyu was fully focusing on fortifying his defenses, his True Kang would still eventually be destroyed by Yue Junmo's Spiritual Item! He could either opt to dodge the attack or use his weapon to block it.

Shinngg!

Xiangyu did not dare to let his guard down. Immediately, he lifted up his spear to ward off the Armor Penetration Beam. The obsidian arc shield that Xiangyu placed in front of him was flat, not spherical. In order to deal with the Armor Penetration Beam, he had to create an opening from the shield for his spear to go through it. In other words, his defensive formation was now flawed.

"I have decided not to hold on to my trump card anymore since Yue Changkong has already showed us his trump card!"

Seeing that it was the right time, Su Dongruo drew a fish-bone like soft sword from his waist.

Fushh!

Immediately, Su Dongruo swung his hand and the soft sword started to move like flame serpent and was bound to Xiangyu's left arm. The spear itself had 3,000 combat power and it did make Xiangyu become more powerful. Still, Xiangyu did not gain any extra combat power. In other words, Xiangyu's combat power was still at 70,000 which was the same as Su Dongruo's. As long as Su Dongruo held on to the soft sword, Xiangyu would never be able to use his left arm.

"Eh? Another Spiritual Item?"

Clearly, Xiangyu knew that something bad was about to happen to him. If it was just an ordinary soft sword, all Xiangyu needed to do was use his True Qi to blow it away. Unfortunately, the fish-bone like soft sword was like a living being stuck on Xiangyu's left arm. No matter how Xiangyu tried, he just could not shake off the soft sword from his arm. If it was not for the True Kang armor, the spikes from the soft sword had already penetrated deep into his flesh.

"Earth Golem Phantom Claw!"

At the same time, Zhuang Bihuang tossed out a yellow skeletal claw. Immediately, it landed and stuck to Xiangyu's right arm. Seemingly, the skeletal claw was a Spiritual Item as well. Though it was not as powerful on its own, its surroundings actually enhanced its original power.

"Shit... How did that happen? This doesn't look good on him!"

Taken aback, everyone from Bei Xuan Faction never thought that the tide of the battle could shift within the blink of an eye! Xiangyu was now being restricted by the enemies! The hope of victory that they saw just now was just an illusion!

"Xiangyu! I'm going to give you one last chance! Will you be joining my Mount Hua Faction?!" asked Yue Changkong in a threatening manner.

Yue Changkong then withdrew his Armor Penetration Beam and stood three meters away from Xiangyu. Seemingly, Mount Hua Faction was in need of someone powerful urgently. The reason why they organized the martial arts competition was to recruit new blood as well. At this moment, Yue Changkong still did not want to give up on recruiting Xiangyu.

"I'm not going to say the same thing thrice! Let alone becoming your vice faction leader, I will not even bother to become your ancestor even if you beg me!"

"Motherf\*cker!"

Immediately, Yue Changkong's face darkened. Earlier, Xiangyu was gaining the upper hand in the fight, it was totally understandable for him to reject Yue Changkong. Now, Xiangyu's movement was restricted by the three of them. Still, he had the guts to slap Yue Changkong's face. For the sake of Bei Xuan Faction and Chen Xiaobei, Xiangyu gave up the opportunity to join Mount Hua Faction.

Feeling embarrassed by Xiangyu, Yue Changkong aimed at Xiangyu's chest and prepared to kill him with the Armor Penetration Beam.

"You should go and die since you have no intention to value the opportunity that I offered to you!" said Yue Changkong furiously.

He now looked exactly like a bloodthirsty beast.

"You deserve to die! You just gave up on a golden opportunity!" said Zhuang Bihuang with an evil smile on his face.

"What a mindless idiot! You might be arrogant and powerful but in the end, you are still going to be killed by one of us!" Su Dongruo let out a long sigh and said. As long as Xiangyu was dead, he would have at least something good to report to his faction leader. To them, they were pretty confident that the moment Xiangyu was hit by the Armor Penetration Beam, he would not be able to engage in battle anymore.

"Elder Feng! Full power! Kill one of them first!"

Suddenly, Jiang Ziya let out a loud shout. At that moment, Xiangyu was in a life-threatening circumstance. Also, it was enemies' weakest moment as well!

"Here comes the lightning!"

Feng Qingyang knew that there was not much energy left to power the Thunder Pool Formation. Earlier, he had already gathered all the power in his hands; ready to strike.

BAM!

A bigger Lightning Dragon was unleashed and it charged at Su Dongruo with extreme speed. The reason why Feng Qingyang targeted Su Dongruo was because the True Combat Spear was in Xiangyu's left hand.

Swoosh!

BAM!

The Lightning Dragon and Armor Penetration Beam landed on their targets at the same time.

Considering that Xiangyu could not move, the Armor Penetration Beam shattered his True Kang and landed on his chest. At the same time, the unsuspecting Su Dongruo was hit by the Lightning Dragon – which penetrated his True Kang and landed on his chest. Clearly, his True Kang armor was not powerful enough to block the Lightning Dragon.

Blarrgghh!

Su Dongruo coughed out a mouthful of warm blood and sent flying away like a meteor. The flesh on his chest was burned severely. He could no longer muster enough strength to stand up and fight.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 933: Rather Die With Honor**

Blarrgghh!

Somehow, Su Dongruo managed to survive the attack. Seeing that blood kept on gushing out from his mouth, there was no way that he could continue to battle anymore. Immediately, a couple of Green Town Faction disciples ran over to him and took out different type of medicines to apply on his wounds.

The medicine that they brought with them from ancient faction were extremely effective against Su Dongruo's wounds. Soon, Su Dongruo's vitals were finally stable. But he could no longer place himself on the battlefield anymore. Finally, one out of the three elites with Celestial cultivation was defeated.

However, everyone from Bei Xuan Faction could not cheer for victory yet. On the contrary, they actually found that their current circumstance was even more worrying!

First, all the energy used to power Thunder Pool Formation was all gone!

Second, Xiangyu had been hit by the Armor Penetration Beam. All his strength and True Qi were drained. It was simply not possible for him to combat anymore.

"Why is Sifu still not awake yet? We are going to die really soon!"

All of them began to look at the east of the sky. Feeling afraid and nervous, it was as if the picture that they saw right was going to be the final thing that they saw before they die.

One step forward, all of them would live!

One step backward, all of them would be sent to hell!

It was all up to Chen Xiaobei right now! However, he was still deep in slumber – just like the sun that refuses to bring light to the dark sky. Fortunately, it seemed like the enemies was not in rush to kill Xiangyu and they had no intention to attack Bei Xuan Faction any time soon as well!

Xiangyu! I'm going to ask you for the third time! Do you want to join my faction?! I'm going to give you advice this time! Think first before giving me your answer! I will make sure you suffer greatly before you die if your answer does not please me!" said Yue Changkong in an icily.

"Heh..."

With a condescending smile on his face, Xiangyu held on tight to his True Combat Spear. There was not a drop of energy left in his body. The reason why he was still conscious was because of his superman-like will.

"How dare you laugh at moment like this? It seems like you are ready to die!"

With a frown on his face, Yue Changkong started to emanate killing intent. It was not hard to see that Yue Changkong was threatening Xiangyu.

"I will never betray my friend no matter what! I would rather die in honor than live with my enemies!" said Xiangyu while taking in a huge breath.

Siii...

Everyone including the enemies had goosebumps all over their bodies after they heard Xiangyu's statement. That was how a true man should live his life!

"Great! Well said!"

With his face dark, Yue Changkong really wanted to tame the beast that was standing across him. But he suddenly realized Xiangyu would never obey him no matter what. Since he could not take Xiangyu into his possession, he had no intention to let other people acquire him as well.

Shinng!

Yue Changkong transformed his silver True Kang into a sword and aimed at Xiangyu's heart.

.....

At Chen Xiaobei's room.

"Why is he not awake yet? Something bad is going down outside..."

Chen Zhongfu and Zhang Chui'er were uneasy after they heard the thunder outside the room. They could not help but keep on staring at Chen Xiaobei – wishing that he would wake up right now. Unfortunately, every time they looked at him, he was still asleep.

Boom!

Suddenly, the door was kicked open by someone. There were six people rushing into the room at the same time. Naturally, Zhang Chui'er and Chen Zhongfu were freaked out.

"Uncle! Aunty! Don't be afraid! It's us! It's an urgent matter! We don't have to knock the door before we come in anymore!"

The first person that rushed into the room was Wu Aofeng. One of his hand was grabbing Liu Chunyi's hair and the other hand was holding tight to his throat. Seemingly, he just knocked the door open with his head. Behind him were Old Wang, NeZha, Hong Hai'er, and a lady with her face covered by a white veil.

"What happened outside?" asked Zhang Chui'er in a nervous manner.

"The circumstance is really dangerous right now! I'm afraid all of us will die if Sifu don't wake up now! This lady right here told us that she has a way to wake him up! Immediately, we took the back road to come here!" said Wu Aofeng while pointing at the lady.

"Alright! Let's not waste any time! Quickly ask the lady to check on Xiaobei!"

The lady in white nodded and walked to Chen Xiaobei.

First, she looked at Chen Xiaobei's Qi field. She then lifted up Chen Xiaobei's hand to check his pulse. At the same time, everyone placed their attention on the lady in white and Chen Xiaobei. Whether they would die or live today, it was all up to whether Chen Xiaobei manages to wake up in time.

"I used to suffer from a severe illness! Every time when I tried to fight, I will start to feel pain in my heart! An old man from ancient faction once taught me a unique naprapathy technique! It can help with the blood circulation and relieve stress from the heart!"

While talking, the lady in white landed placed her gentle hands on Chen Xiaobei's chest and started to massage on Chen Xiaobei's acupuncture point and sinew.

"Are you trying to tell us that Sifu's heart is suffering from tremendous amount of stress?" asked Wu Aofeng.

"No."

"Mr. Chen's body is really healthy! There is something special in his bloodstream! He will wake up when he finished digesting all those stuff in him!"

"In that case, your special massage can actually help Bro Bei to speed up the digestion by helping him to improve his blood circulation?" asked NeZha.

The lady in white nodded her head and sped up the massage.

"If Xiaobei manages to wake up right now! This lady right here will be our biggest benefactor!" said Old Wang.

...

At the entrance of Bei Xuan Faction.

"You are a real man! I can't believe that you still have the strength to stand up after I hit you with the Armor Penetration Beam! And you didn't even make a sound when I penetrated your flesh with my sword!" said Yue Changkong with an evil smile on his face.

One of his hand was manipulating the True Kang silver sword that he just pierced in Xiangyu's body. He purposely avoided penetrating Xiangyu's heart. All he did was twist the sword to form a big and bloody hole on his body. Blood was gushing out from the wound like a waterfall. Clearly, he was trying to torture Xiangyu to make him succumb to him!

"Hmph! Lord Guan used to scrape poison off the bone and he didn't even make a sound from it! Do you really think your pathetic torture technique will make me yield to you?!"

Xiangyu's face was really pale. However, he still managed to squeeze out some of his remaining strength to hold on tight to his spear and stand up straight. Upon seeing that, Yue Changkong was clearly not pleased by it. Considering that he had done the good cop bad cop strategy on Xiangyu – still, Xiangyu was not affected by him. It was definitely an embarrassing moment for him.

"Okay! You are quite a tough man! I will give you that! I still have an ultimate way to make you yield to me! Everyone! Attack together! Destroy Bei Xuan Faction! Bring all of them to me! I want to torture them to death!"

"You dare?!"

Immediately, Xiangyu's face turned dark. He almost fell on the ground when he heard that. He could endure all kind of torture and even not afraid to lose his life. And he would never yield to Yue Changkong no matter what. However, he could never bear to watch the people of Bei Xuan Faction die in front of him.

"I do whatever I want! Everyone! Just go ahead! For every person that you capture, I will reward you with ten Spiritual Stones!" shouted Yue Changkong.

Money was always the best motivation for a human being.

Ten Spiritual Stones was actually a huge amount of money for an ordinary human being! Upon hearing that, everyone started to charge at Bei Xuan Faction! The Thunder Pool Formation could no longer protect the disciples of Bei Xuan Faction from all those enemies.

Yue Junmo and Xu Changqing were amongst the group of enemies as well. Most of them were elites with True Nirvana cultivation. Clearly, the strength of those hundreds of people was enough to make the entire Bei Xuan Faction lose all hope!

It was at that moment, the darkness in the sky was chased away by the light that brought forth by the sun!

"It's dawn! Chen Xiaobei! Why are you not here yet?!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 934: He's Here**

"Kill!!!"

Different colors of True Kang filled the place right after Yue Changkong made the announcement. Hundreds of them let out their primitive roars and charged at Bei Xuan Faction like a group of famished wolves. Seemingly, they were determined to tear off the flesh of Bei Xuan Faction's disciples.

Swoosh!

Swoosh!

Swoosh!

At the same time, thirty-five Silver Silver Myrmidons descended from the sky as well. To them, being rewarded with ten Spiritual Stones was like picking up a winning lottery on the floor. It was no wonder that they did it without any second thought. In total, there were around 150 True Kang enemies charging at them from the sky and ground!

As for Bei Xuan Faction, the two most powerful elites were Tai Yitan and Huo Yuanba. It was simply not possible for the two of them to stop all those enemies that came charging at them! The aura of despair had slowly spread out on Bei Xuan Faction's side. Even the experienced Jiang Ziya and Six Ears Macaque could not help but look frustrated.

"Stop it!!!"

Xiangyu roared in agony, wishing that the enemies came at him instead of the innocent people of Bei Xuan Faction. To a person that valued family and friends like him – watching them die in front of him was his greatest suffering. The pain that he suffered in his heart had surpassed the pain that he experienced on his body! However, there was nothing Xiangyu could do right now to change the situation. All he could do was take in all the pain that he was about to suffer.

"Die now! I'm going to kill all of you!!! After that I will torture Chen Xiaobei till death!" shouted Yue Junmo.

"Return my Water Shattering Dagger to me!"

Immediately, Xu Changqing channeled all of 44,000 combat power to his body while following behind the crowd.

"No one will lay their hands on that two women over there! I want to capture them and turn them into my sex slaves!"

After that, Yue Junmo and Xu Changqing dashed to the frontline like the leaders of a pack of wolves. The more despair the people of Bei Xuan Faction felt, the happier they were.

Slap!

Slap!

Right before they laid their hands on the people of Bei Xuan Faction, two hard and loud slaps landed on their face. The True Kang armor that Yue Junmo and Xu Changqing had on them were shattered completely. The force carried by the slap caused them to spin like a top and stopped at ten meters away from where they stood earlier. Along the way, there were a dozen people being knocked on the ground by them as well. One could imagine that the power of the slaps was not to be joked around with.

Blarrggh!

Blarrggh!

Yue Junmo and Xu Changqing threw up a mouthful of blood. The traces of broken teeth could be seen mixing in the blood. And the worst part was half of their faces were completely destroyed – like a bomb exploded inside their mouths. Blood kept on gushing out from the open wounds on their face. It was definitely a terrifying scene.

"Ouch! Ah... It's so painful!!!"

The pain that they suffered had caused them to stay conscious rather than pass out. They then began to press on the wounds on their face and rolled on the ground. The sound that they made was worse than a squealing pig that was about to be slaughtered.

"He is here!!!"

Immediately, everyone placed their attention on the entrance of Bei Xuan Faction. Taken aback, all the enemies stopped in their tracks instinctively. On the other hand, the people of Bei Xuan Faction were basking in joy. It was as if the light of hope was lit up once again!

He was here!

Chen Xiaobei!

Right now, he was like a savior to his family and friends.

To enemies, he was a merciless grim reaper!

Swoosh!

Just then, Chen Xiaobei leaped ten meters high into the sky. That was where the thirty-five Silver Winged Myrmidons located. Out of surprise, he appeared in front of one of the shocked Silver Winged Myrmidons.

"Witch Dragon Nine Transformation! First Shift! Wonderous Claw!" shouted Chen Xiaobei.

Shining with golden purplish light, Chen Xiaobei's left palm was covered in a golden purplish dragon scale and it transformed into a terrifying dragon claw. He then slammed his dragon claw on the head of the Silver Winged Myrmidon with all his might.

BAM!

Along with the muffled sound, his head exploded – blood splattered everywhere. Without the head, his body dropped the ground like a meteor. The moment he landed on the ground, a huge crater was formed.

One single claw and it shocked everyone to their core.

"That lightning speed! Such terrifying power! I'm afraid that kid has achieved 70,000 combat power!"

"Oh my god! How is that even possible? How old is he? How did he achieve Celestial cultivation that fast? That's so crazy!"

"You are right! Even if he's not a demigod, with this kind of powerful cultivation, he could easily shock the whole world with it!"

"Not even the ancient factions have come across someone like him!"

Taken aback, the way the enemies stared at Chen Xiaobei was like they just saw a monster with enormous power.

Shocked!

Stunned!

Afraid!

Unbelievable!

"Second Claw! Shatter the mountain and river!"

Despite everyone being stumped, Chen Xiaobei had no intention to stop his attack. He swung his right claw at the rest of the Silver-Winged Myrmidons while the dead Silver-Winged Myrmidon was falling to the ground. This time, the way he attacked was very much like Wai Sect's Bazooka Punch!

BAM!

Before the next Silver-Winged Myrmidon could come up with his defense, Chen Xiaobei landed his right claw on him. Like being hit by a missile, his body was completely destroyed. Flesh and blood splattered all across the sky. They then fell from the sky; scattered all over the floor.

"Oh my god... That's... that's so powerful!"

"Why are we still staying here? Run now!"

The rest of the thirty-three Silver-Winged Myrmidons were jolted by fear. Right now, Chen Xiaobei was like a merciless grim reaper to them. Other than fleeing, there was nothing else they could do about it.

"Do you guys really think that you can live to see tomorrow by running away from me?!" said Chen Xiaobei in an ice-cold manner.

His murderous intent quickly filled the atmosphere. The moment he thought about the way the enemies pressuring his friends and family and that Xiangyu was almost killed by Yue Changkong, Chen Xiaobei had made up his mind to kill all the enemies that played a part in it.

Swoosh!

Immediately, Chen Xiaobei stepped on the Somersault Cloud and went after them. Though the Silver-Winged Myrmidons were elites with True Kang cultivation, their speed as still not as fast as the Somersault Cloud.

Swoosh!

Swoosh!

Swoosh!

The moment Chen Xiaobei passed by them, all those Silver-Winged Myrmidons would be shredded into pieces by his dragon claws.

BAM!

BAM!

BAM!

And the fist that he landed on them was like missiles. Those who hit by it would surely shatter into pieces. Broken limbs, body parts, and blood rained from the sky and colored the earth red. Soon, Chen Xiaobei was the only one that left in the sky. All thirty-five Silver-Winged Myrmidons were killed within a minute!

Swoosh!

Without any hesitation, Chen Xiaobei rushed to the ground and proceeded to kill all the remaining enemies. Most of them were still in shock.

"Oh god... Chen Xiaobei is coming at us... Help! Run!"

Hundreds of elites with True Nirvana cultivation were akin to small chicks seeing an eagle flying at them. Rendered with no other option, they had to run behind Yue Changkong and Zhuang Bihuang to stay alive.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 935: Nine Transformation Skills**

Swoosh!

Swoosh!

Swoosh!

Without any mercy, Chen Xiaobei slaughtered as many enemies as possible. The dragon claws that he had on him were like a scythe used to collect human heads. At the same time, there was a huge amount of green flame balls being unleashed to the surroundings. It was the Infernal Flying Hexworm. Due to the limited amount, Chen Xiaobei would not use them to attack enemies under normal circumstances. Since he had already decided to kill every single one of them, he did not mind to bring out his trump card to speed up the process.

Not willing to drag the battle, Chen Xiaobei utilized his absolute strength and speed to kill everyone that he had in sight. The way he killed all those enemies on the ground was faster than killing the Silver-Winged Myrmidons in the sky. At the same time, the Infernal Flying Hexworms were charging at the enemies that were beyond Chen Xiaobei's reach. The moment the hexworm came in contact with their enemies, they would burn into ashes within seconds. And the wind would carry them away – their existences were now gone with the wind.

Within a minute, hundreds of enemies were all slaughtered. None of them managed to flee and hide behind Yue Changkong and Zhuang Bihuang. Standing there, Chen Xiaobei kept on absorbing all the blood essences and souls into his palms. He was going to infuse all of them into his Chaos Blood Sword since he was not in need of merit points. Before the commencement of the massacre, there were around 500 souls and blood essences being stored inside the Chaos Blood Sword. In other words, it could unleash 50,000 combat power in one single strike!

Now, the blood essences and souls of 150 elites with True Nirvana cultivation were being absorbed into the Chaos Blood Sword. Clearly, the power within it had grown! It could at least unleash a strike that was as powerful as 70,000 combat power! Of course, 70,000 combat power was definitely not enough to defeat elites with Celestial cultivation. It will be used against his future enemies.

For now, Chen Xiaobei had already figure out a way to deal with them.

"Kid! How... How dare you?!"

Yue Changkong's mouth was twitching and his brain was scrambled. He had never dreamt that Chen Xiaobei alone could turn the tide. Initially, he thought that they would claim the victory in the end. To his surprise, almost everyone was sent to hell singlehandedly. The thousand-people avenging alliance was now left with a few.

Gordon was bound by them. Su Dongruo, Yue Junmo, and Xu Changqing could no longer engage in battle.

Liu Xiyuan, Zhuang Hao, Elder Su, and Situ Hengfeng were too weak to go against Chen Xiaobei. Sending them out would cost them their lives instantly.

With that being said, Yue Changkong and Zhuang Bihuang were the only two people that were powerful enough to fight Chen Xiaobei.

"Elder Zhuang! That's kid combat power is only 70,000! I'm confident enough that the two of us are powerful enough to defeat him!" said Yue Changkong grimly.

Immediately, he channeled his silver True Kang to form a humungous Sword Dragon. It then looked down and stared at Chen Xiaobei.

"This is the epilogue of our revenge plan! I will definitely work together with you to make it come true!"

Zhuang Bihuang then invoked his Earth Celestial Phenomenon. Dozens of caltrop spines rose from the ground like spears. All of them were pointing at Chen Xiaobei. At the same time, Zhuang Bihuang retrieved his Earth Golden Phantom Claw as well.

"Xiaobei! You have to be really careful! These two bastards are extremely shameless! They would attack you when you are not looking at them!"

Sitting on the ground, Xiangyu still could not muster any strength to do something about it because the Armor Penetration Beam was still stuck in his chest. All he could do was witness Chen Xiaobei being attacked by the two of them!

"Bro Yu, Just rest! Don't worry about me! I will surely defeat them today!"

Right after Chen Xiaobei finished absorbing all the blood essences and souls around him, he took the initiative to strike at his enemies.

"Son of a bitch! How dare you act tough in front of us when you are about to die really soon?! You have to realize that you are not powerful enough to defeat the both of us! I will definitely claim back everything that I've lost! I will let you know that you will not end well if you choose to go against me!" shouted Yue Changkong hysterically.

"Faction leader! Let's attack him from both sides later! Let's suppress him together and he will not be able to act tough in front of us anymore!"

Zhuang Bihuang shouted and charged at Chen Xiaobei without a second thought.

Swoosh!

Swoosh!

Swoosh!

Countless of caltrop spines rose from the ground while the 70,000-combat-power Zhuang Bihuang charged at Chen Xiaobei.

Foosh!

Klink!

At the same time, the Sword Dragon that carried all of Yue Changkong's 73,000 combat power struck Chen Xiaobei mercilessly. The light reflected from the Sword Dragon formed a glittery river in the sky – making it looked really terrifying!

"Kid! Time for you to die!"

Yue Changkong gritted his teeth and came up with all his might to strike Chen Xiaobei. The entire area was shaking when the Sword Dragon flew to Chen Xiaobei. It was as if it was going to destroy everything that tried to stop it!

"Xiaobei!"

Clearly, Xiangyu was extremely worried about Chen Xiaobei. It was actually not possible for Xiangyu not to worry about him because the enemy was an elite with 73,000 combat power! Not even Xiangyu could defeat him without his True Combat Spear!

"Such a powerful attack... Can Sifu handle it?"

On the other hand, everyone from Bei Xuan Faction feared for Chen Xiaobei as well. Judging from Chen Xiaobei's previous strike, his combat power was only 70,000! Truthfully, Yue Changkong alone was enough to defeat him! Now that Zhuang Bihuang was working together with Yue Changkong. It was actually not possible for Chen Xiaobei to defeat them!

"First claw, reverse the course of events!"

As usual, Chen Xiaobei managed to stay calm even when two powerful enemies were determined to kill him.

Shinng!

The Sword Dragon landed a hit on Chen Xiaobei's right palm! Logically speaking, Chen Xiaobei's combat power was weaker than Yue Changkong – he should be either injured or be at a disadvantage.

However!

The end result of the attack defied the usual logic!

Chen Xiaobei's right palm managed to stop the attack from the Sword Dragon. His body did not move an inch! From the look of it, it was as if Chen Xiaobei just came up with his own strength to subdue the Sword Dragon!

"How... How is that even possible?"

Not only the enemies! Even the people of Bei Xuan Faction were shocked by it!

It was simply not possible for someone that had lower combat power to defeat someone that had higher combat power than him!

This was not logical at all!

However, no one would ever figure out that this was actually the power of Witch Dragon Nine Transformation! Spending a certain amount of Spiritual Qi would allow Chen Xiaobei to acquire the ability of the Witch Dragon!

Reversing the course of events was the defensive ability out of the nine abilities of Witch Dragon. The more Spiritual Qi he spent, the more powerful attacks the user could block. In actuality, Chen Xiaobei had actually spent around a hundred Spiritual Stones to block Yue Changkong's attack. Converting it RMB, that attack had just cost him 100 billion! No doubt, it was an astronomical amount of money to everyone on this earth.

At the same time, Zhuang Bihuang's attack was coming from Chen Xiaobei's left side.

#### **Chapter 936: There's Change Again**

Swoosh!

Swoosh!

Swoosh!

Countless of caltrop spines dropped down from the sky like meteors. This 70,000 combat power strike was powerful enough to destroy a military tank!

"Second claw, shatter the mountain and river!"

Still feeling calm, while Chen Xiaobei was using his right hand to stop Yue Changkong's attack; he lifted his left hand in an attempt to stop Zhuang Bihuang's attack.

Swoosh!

The golden purplish dragon claw turned into a trail of light. The True Kang that Chen Xiaobei channeled onto it was supposed to be invisible. To his surprise, his True Kang somehow turned into golden purplish True Kang! A two-meter-wide True Kang Dragon Claw was formed in front of everyone!

Shining bright in the sky, the dragon's scales and claw could be seen as something that was powerful enough to crush all kind of opponents! One swing and it charged toward all the meteors that fell from the sky.

RUMBLE!

BAM!

Seconds later, the sound of stone shattering could be heard. The golden purplish dragon claw served as a protective shield – negated all the harm that was supposed to land on Chen Xiaobei. The moment all those meteors came in contact with the dragon claw, they shattered into pieces within the blink of an eye. Clearly, Zhuang Bihuang's attack had failed to penetrate the shield and kill Chen Xiaobei.

"The way that kid defense is truly unbelievable! Even if his combat power is the same as mine, it's still not possible for him to ward off my attacks in such relax manner... What the hell is that defense mechanism?" said Zhuang Bihuang.

Upon hearing that, everyone was taken aback. None of them knew what was going on. Even Six Ears Macaque could not figure out Chen Xiaobei's secret.

He lowered down his voice and asked Jiang Ziya, "Do you know what's going on here?"

"I'm afraid the Prime of Tongtian had given him an extremely powerful defensive item! People like us can never know the secret behind it!" said Jiang Ziya while shaking his head.

"It's pointless for you to keep on holding up your shield! As long as we carry on with our attack, your True Qi will definitely be emptied out from your Dantian really soon!"

Immediately, Yue Changkong took in a deep breath and summoned his Sword Dragon to launch an attack at Chen Xiabei once again. Clearly, Yue Changkong had no idea that Chen Xiaobei was actually not using his True Qi! He was using his Spiritual Qi to power his attack and defense. Still, Yue Changkong was right about it. Sooner or later, the Spiritual Qi that Chen Xiaobei stored in his body would soon be drained completely. With that being said, there was a high chance that Chen Xiaobei would lose in this battle.

Swoosh!

The Sword Dragon bent its body slightly, aiming at Chen Xiaobei's chest and charged at him at lightning speed. Still, Chen Xiaobei was calm as usual.

"My second ability is called Shatter the Mountain and River. Do you really think that it can be only used for defending?"

"Shatter!"

Chen Xiaobei shouted and the golden purplish dragon claw began to return to its normal size. He then retrieved his left dragon claw with lightning speed and landed a successful hit on the head of the Sword Dragon.

BAM!

Along with the deafening loud bang, the head of the Sword Dragon was shattered and turned into a million pieces of tiny metal – scattered all over the place.

"How... How is that even possible?"

Everyone was left in shock when they saw Chen Xiaobei destroy the Sword Dragon. One should know that the Sword Dragon was formed by Yue Changkong's True Kang and it was enhanced with Gold Celestial Energy. Shattering the dragon's head would mean Chen Xiaobei had just shattered Yue Changkong's True Kang!

Considering that Yue Changkong's True Kang was materialized, it was supposed to be really tough and sturdy. The only way to shatter one's True Kang was to have a higher combat power than the person!

But!

Chen Xiaobei's combat power was actually way lower than Yue Changkong. Logically speaking, he was not supposed to be powerful enough to shatter his True Kang! Taken aback, the crowd just could not figure out how Chen Xiaobei did it. A battle like this was enough to make them question everything they thought they knew so far!

Allowing someone to defeat someone that was more powerful was the unique ability of the Witch Dragon's Blood! The Prime of Tongtian had spent a great deal of effort to bring this Nine-Star Divine Item from the Void Land to give it Chen Xiaobei. Naturally, an ordinary human being would not be able to understand how it worked!

The second ability; Shatter the Mountain and River was an offensive ability out of the nine abilities that Chen Xiaobei possessed. Through spending a certain amount of Spiritual Qi, it would allow the user to crush someone's True Kang! The more powerful the opponent was, the more Spiritual Qi would be spent!

Klak!

Klak!

Klak!

Chen Xiaobei had no intention to stop his attack. After crushing the dragon's head, he went ahead and destroyed the entire body of the Sword Dragon.

"Shit!!!"

In a daze, he was still trying to figure out how Chen Xiaobei destroyed his Sword Dragon. Before he came to a realization, Chen Xiaobei had already landed a blow on him.

Bam!

The moment he made a wrong move, it would be the end for him. After all, this was the battle between extremely powerful elites. Yue Changkong's True Kang armor was shattered and Chen Xiaobei's golden purplish dragon claw landed on his chest.

Blarrgghh!

Yue Changkong could not help but cough out a mouthful of blood. He was sent flying almost ten meters from where he stood earlier. Dust filled the air and a huge crater was formed on the ground when Yue Changkong landed on it. One could see that his shirt was in tatters and a purple claw print was left on his chest.

All his ribs were broken and they were protruding from his flesh. It was apparent that Yue Changkong would not be able to engage in battle anymore.

"Oh... Oh my god... Chen Xiaobei just defeated Yue Changkong... With only one single hit! What kind of monster is he? It's too damn terrifying!"

Immediately, everyone was left in huge shock. To them, Chen Xiaobei was like a powerful entity that was not supposed to exist on this earth.

He was good at both defense and offense!

Logic could no longer be applied to him!

No one would object that the fact that he was not from this world!

"Win! Xiaobei won the battle!"

Xiangyu did not care too much about the new power that Chen Xiaobei just acquired. Considering that he was just tortured by Yue Changkong, he was elated when he saw Chen Xiaobei defeat Yue Changkong. At the same time, he was happy that Chen Xiaobei had become so powerful.

"Out Sifu defeated the enemies! No one will be able to defeat our Sifu anymore once Yue Changkong is crippled!"

Following by that, Tai Yitan and Yue Changkong, and other Bei Xuan Faction disciples lifted their arms and began to cheer for Chen Xiaobei as well. As the saying goes, there will be blessing when one survives from a disastrous event.

"Great... This is really great... We are finally safe from this disaster!"

Jiang Ziya and Zhao Ritian stared at each other. The two of them did not know what to feel about it. From their point of view, Chen Xiaobei was still their enemies. After the war, they had become comrades that had gone through life-threatening events. Besides, they had never felt so excited before while combating the enemies together with Chen Xiaobei.

After a long night of warring with each other, Bei Xuan Faction finally could open their arm wide to welcome the victory that they deserved.

"Old bastard! Do you still want to fight me?"

Chen Xiaobei turned around and fixed his icy gaze on Zhuang Bihuang.

"Ah? No... No more... I will never dare to fight you anymore..."

Shaking in fear, Zhuang Bihuang immediately knelt down before Chen Xiaobei.

Fwoop!

Fwoop!

Fwoop!

However at this moment, several helicopters were flying toward them!

### Red Envelope Group of the Three Realms

#### **Chapter 937: It's a Dead End**

Everyone shifted their attention to the hover of helicopters that had just arrived. They could see that a dozen people jumped down from the helicopters. The height between the flying helicopters and the ground was around ten meters. Judging from that, one could guess that they were no weaklings. Looking at their uniforms, there were two groups of people that traveled here.

A group of them was made up of Six Doors Organization and the other group was made up of Thunder Kirin Special Force. Luo Puti was the one that led Six Doors and Cao Zhenyang was the one that led Thunder Kirin Special Force. The moment they saw the bodies on the ground, they could not help but frown deeply.

"What is going on? Why are they here?"

Taken aback, Chen Xiaobei remembered clearly that he did not contact Cao Zhenyang and Luo Puti right after he woke up. Looking at them, Chen Xiaobei could feel that something was not right. At the same time, the members of Bei Xuan Faction could not figure out what was going on as well.

"Six Doors Organization is here to investigate an incident! The one who made the call just now please step forward and explain everything to us!" said Luo Puti in a stern manner.

The reason she came here was to work on something important. That was why she did not greet Chen Xiaobei.

"Thunder Kirin Special Force is here to investigate an incident too! We were told that Blood Descendants from another country have invaded this place! The one that called please step forward now!"

Cao Zhenyang acted the same way as well.

Upon hearing that, the crowd finally understood that they were here because someone reported the incident to them.

"I'm the one that called you guys just now!"

Suddenly, Zhuang Hao walked to them from far and Elder Su was following right behind him.

"Zhuang Hao is the one that made the call?"

Everyone including Chen Xiaobei felt extremely shocked when they found out that Zhuang Hao was the one that called them. None of them could figure out what was he trying to do.

"Great ancestor! Stand up! Don't kneel down in front of him anymore! People that are going serve justice are here right now!"

Zhuang Hao and Elder Su walked to Zhuang Bihuang and wanted to help him get up.

"Don't do it... What justice? What the hell is going on right now?"

In his confusion, Zhuang Bihuang did not dare to stand up because he was afraid that Chen Xiaobei might kill him out of anger.

"Great ancestor, have you forgotten that we are here to camp with our friends? After that, the faction leader of Bei Xuan Faction went mad and kill most of our friends! Six Doors Organization and Thunder Kirin Special Force are the authorities that were formed to deal with matters like this! I'm pretty sure they will protect us from him!" said Zhuang Hao.

Coming to a realization, Zhuang Bihuang stood up and shouted in a furious manner.

"That's right! We are here to watch the sunrise! Chen Xiaobei is the one that killed us without any reason! Six Doors Organization must arrest this person immediately!"

The moment Chen Xiaobei and the people of Bei Xuan Faction heard the claim, they were worried something bad might happened to them. Clearly, Zhuang Hao went and contacted them while they were defeated by Chen Xiaobei and he had planned to twist the truth to make the authorities to put the blame on Chen Xiaobei.

Seeing that Chen Xiaobei was about to be arrested by the authorities, the rest of the enemies began to go along with the act as well.

"He is right! Six Doors Organization must do us justice! Arrest Chen Xiaobei! If not, we will report to the higher authorities that all of you are trying to side with Chen Xiaobei!" Yue Changkong exclaimed in anguish.

Upon hearing that, Luo Puti frowned. Dilemma could be seen looming in her soulful eyes. Of course she did not wish to arrest Chen Xiaobei. However, she would bring down the entire Six Doors Organization if she did not follow the law.

"I think this incident still require further investigation! It's too early for us to arrest Chen Xiaobei!"

Rendered with no other option, the only thing that Luo Puti could do right now was to buy Chen Xiaobei more time.

"There's no need to investigate further! All the bodies that lie on the ground were our friends! Look at Chen Xiaobei! He's not even hurt! This is the only evidence you need! Why do you refuse to capture him? What's your hidden intention?" shouted Su Dongruo.

"I..."

Feeling frustrated, Luo Puti did not know how to what to say anymore. Considering that there were hundreds of bodies lying on the ground, they could actually arrest everyone from Bei Xuan Faction. Still, Luo Puti could not bear to arrest Chen Xiaobei.

"I still think there is something weird about this incident. Let me interrogate the prime suspect first!"

"Cao Zhenyang! This woman is refusing to arrest him! You should do it! Chen Xiaobei is working together with the Blood Descendants from another country to do something bad! Foreign Jianghus are under the

jurisdiction of Thunder Kirin Force! We can sue you if you refuse to arrest him as well!" said Xu Changqing.

Upon hearing that, Gordon's face turned green. Initially, Gordon was here to kill Chen Xiaobei. Now, they accused him of working together with Chen Xiaobei. Clearly, the truth had been twisted. However, if he wanted to make sure that they arrested Chen Xiaobei, he was not allowed to say anything about it.

"I think I need to question the prime suspect first!" said Cao Zhenyang.

He wanted to help Chen Xiaobei but he was not allowed to disobey the law. All these while, the Cao Family had always wanted to look for the evidence that Zhuang Hao had broken the law. If Zhuang Hao went and complained to the higher authorities about the Cao Family, Elder Cao's position would definitely be greatly affected in the government.

"It's useless to interrogate him! Do you really think that he will admit to all these crimes? Arrest him immediately! If not, with my power, I can bring forth the impeachment to your higher authority!"

"Impeachment?"

Upon hearing that, Luo Puti and Cao Zhenyang were taken aback. The higher authority behind Luo Puti and Cao Zhenyang were Elder Cao! The whole thing would definitely crumble. One should know that Zhuang Hao was one of the few most powerful people in China. He definitely had the right to bring forth impeachment to Elder Cao.

Once the votes reached the required amount, Elder Cao, Cao Zhenyang, and Luo Puti would be fired and be pursued by the law!

"What a despicable asshole!" said Chen Xiaobei while frowning.

Chen Xiaobei was not afraid to make all his enemies succumb by force. Since Zhuang Hao had resorted to threats to bring harm to Elder Cao, things just got more complicated from here. Even if Chen Xiaobei was powerful enough to defeat them, he would never allow him to do it.

"Despicable? What are you talking about? I don't understand! Murderers like you should be pinned down by the law! Those who side with you will definitely be pursued by the law as well!" said Zhuang Hao while laughing.

"The laws belongs to China! Not your family! I'm willing to let them arrest me! And I believe that the law will return me a blameless reputation!"

After hearing that, Cao Zhenyang and Luo Puti knew that Chen Xiaobei was trying to protect them. Still, they did not do what he asked. Instead, they were still thinking about it. That was because they knew that it was extremely difficult for Chen Xiaobei to be released from custody once he was arrested by them! And Zhuang Hao could come up with something to harm Chen Xiaobei while he was locked behind the bars.

"Don't blame me for acting mercilessly if you guys still refuse to arrest him! I will bring forth the impeachment now!"

"What impeachment again? To whom?"

Suddenly, a helicopter flew toward them. With a distance of thirty meters from the ground to the sky, two people jumped down from the helicopter.

### Red Envelope Group of the Three Realms

#### **Chapter 938: I'm an Undercover**

Two figures jumped down from the sky. Both of them were old men with white beards.

"Elder Cao? Elder Guan?"

Upon seeing them, Zhuang Hao's face turned serious. Elder Cao was the grandfather of Cao Zhenyang, the leader of Cao Family, and he was someone as powerful as Zhuang Hao as well. As for Elder Guan, he was no ordinary person since he came together with Elder Cao. Chen Xiaobei too was left in frustration when he saw the elders. To his knowledge, he had never contacted Elder Cao and he did not know Elder Guan as well. He could not figure out the reason for them coming here.

"Zhenyang! What is going on here?" After looking around, Elder Cao and Elder Guan asked grimly.

"Grandpa! General!"

Immediately, Cao Zhenyang ran toward them.

"Young Master Zhuang is the one that filed the report! He told us that he invited around hundreds of friends to come here to enjoy the sunrise! He also said that all the bodies on the floor were Chen Xiaobei's doing!"

"After that, Young Master Zhuang demands me to capture Chen Xiaobei right now! However, I know that there is not enough evidence for me to do so! I have to spend more time looking into this case. However, Young Master Zhuang threatened me that if I don't capture Chen Xiaobei right now, he will sue me for protecting a wanted criminal!"

Before Elder Cao responded to it, Elder Guan was angered by it.

"This is such a huge load of bullshit! Who would believe that hundreds of people came here to watch the sunrise?! Not even a dumbass will believe in such a stupid statement!"

"General, please calm down. This was what Zhuang Hua told us. Of course, we will need to conduct further investigations about this case..." said Cao Zhenyang, gulped.

"There's no need to investigate! Clearly, Zhuang Hao is misusing his power to threaten you and Luo Puti! He claimed that he wants to impeach the two of you, right? He's just trying to scare you guys!" said Elder Guan.

Upon hearing that, Cao Zhenyang and Luo Puti were taken aback. On one hand, they were worried about Chen Xiaobei and on the other hand, they were worried about Elder Cao. Seemingly, both of them had failed to see a bigger picture and that was how Zhuang Hao had bullied them. Seeing that Elder Cao and Elder Guan were here to take over the case, Cao Zhenyang and Luo Puti took the initiative to take a step back.

"Elder Guan! Look at your surroundings! There are bodies everywhere! How can you say that I'm using my power to pressure them?! Forgive me for not being able to accept what you just said about me!"

Regarding this incident, I will definitely arrest the person that is responsible for it! Frankly speaking, I don't mind bringing this case to the higher authorities! I believe that I have all the right in the world to carry out an impeachment!" said Zhuang Hao in a firmed manner.

"You want to hold someone responsible for this incident, right? Let me talk some sense into you! There are rules in this Jianghu! Whether it's a good thing or bad thing, one can always use the Dao Rule to judge them. I know that all of you here have something against Chen Xiaobei! The purpose of you coming here tonight is to kill him! Unfortunately, Chen Xiaobei managed to turn the tide around by defeating all of you! That's because all of you here are not powerful enough! According to the rule in Jianghu, it's your own doing even if all of you die here tonight! You can't expect that Chen Xiaobei will choose to sit there and let all of you kill him!" said Elder Guan firmly.

Every single word that he uttered out were embedded with a sense of toughness. Upon seeing that, Chen Xiaobei felt even more confused. He had never met and heard about Elder Guan before. Besides, Elder Cao had not spoken a word ever since he arrived here even though his relationship with Elder Cao could be considered rather good. Instead, Elder Guan was trying his best to defend Chen Xiaobei.

"I..."

Zhuang Hao was rendered speechless. If one wanted to fight, the person could never blame others if the person was hurt during the fight. This was one of the oldest unwritten rules in Jianghu! No matter who, a person should always prepare himself to lose his life when it came to revenge. A person's combat power would determine whether the person would get to live to see another day.

Of course, Zhuang Hao would never give up easily.

"Elder Lao, you are right about it! However, I can tell you that we have nothing against Chen Xiaobei! We are here to watch the sunrise! This is not a conflict! Instead, this is a brutal massacre!"

"What a shameless lad! Show me the proof that you are here to watch the sunrise!" scolded Elder Guan.

"Isn't this the time for watching the sunrise? Let me ask you a question! How are you going to prove that we are against Chen Xiaobei? Show me the proof that we are here for revenge!"

"You... I have never met such shameless bastard before! You are a man! But you are lying with both of your eyes wide open! I actually feel sorry for you!"

"Hmph! Elder Guan! Law governs this society! I dare you to show me the proof! I urge you to take Chen Xiaobei in if you fail to show me the evidence!" said Zhuang Hao in an arrogant manner.

Upon hearing that, Yue Changkong and Su Dongruo shouted, "Arrest Chen Xiaobei! He is a lunatic! We have nothing against him but he went and killed all of my allies!"

Xu Changqing and Yue Junmo went ahead and spoke their mind as well.

"That's right! Arrest this lunatic! The peace of the nearest city will be affected if you don't do something about him right now!"

Even Gordon took the opportunity to say something about it.

"Chen Xiaobei asked me to come here to discuss some business matters with him! Halfway, he went crazy and killed all my people! He is definitely a dangerous man! I'm the victim here!"

"You... You guys... Birds of a feather flock together! All of you here are respectable individuals! Why are you guys acting like Zhuang Hao? Aren't you afraid of being laugh by others?!"

"Elder Guan! Save your breath! Show me the proof or arrest Chen Xiaobei! Everything that you say right now is meaningless to me!"

"Zhuang Hao! Respect your elders! Not even your father dares to speak to me this way!"

"Elder Guan! It's worth to get angry over a piece of shit like him! He wants evidence, right? I'm going to show him some solid evidence!" said Chen Xiaobei.

Upon hearing that, Zhuang Hao and the rest of them started to feel fear creeping into them.

"Bastard! You better make sure that you can show me something solid! If not, we will not admit to what you are accusing us of!"

"I know all of you guys are a group of shameless bastards! In order to make you guys admit to what you have done to me, I will bring out all kinds of evidence to support me!"

"What? You have all kinds of evidence in your hands? Quick! Bring it out! Zhuang Gao is clearly telling lies! Bring out the evidence to slap his face!" said Elder Guan.

Clap!

Clap!

Immediately, Wu Aofeng ran to Chen Xiaobei.

"Faction Leader Liu! Stop hiding! It's time to show them that you are an undercover that works for us!" said Wu Aofeng with his eyes squinted.

"Undercover? What undercover?"

Upon hearing that, Zhuang Hao and Yue Changkong were taken aback.

"I'm... I'm sorry..."

"I'm the undercover here..." said Liu Xiyuan, gulping.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 939: Vomitted Blood On The Spo**

"Undercover? What undercover? Faction Leader Liu! You must be kidding right?"

Taken aback, Zhuang Hao and the rest of them could not figure out what Liu Xiyuan was trying to do. Right after that, Liu Xiyuan quickly ran to the elders and began to confess.

"I can prove that the Zhuang Family, Yap Family, Green Town Faction, Mount Shu Faction, and Mount Hua Faction came here to kill Chen Xiaobei! I can personally prove that it is true! If you need material evidence, I'm more than willing to show you my cell phone!"

Blarrgghh!

Upon hearing that, Zhuang Hao almost coughed out a mouthful of warm blood.

Blarrgghh!

Blarrgghh!

Blarrgghh!

Yue Changkong, Su Dongruo, Yue Junmo, and Xu Changqing had suffered severe injuries not too long ago and they did cough out a pool of fresh blood. That was definitely a huge brutal slap to their faces. One should know that they had put in a lot of effort to come up with a plan to send Chen Xiaobei to hell. They brought a total of one thousand people to surround Bei Xuan Faction. In the end, 800 ordinary disciples were beaten to a pulp and around a hundred core disciples with True Nirvana cultivation were killed! Clearly, all of them had suffered a great loss today.

And the most important thing was the four leaders were completely defeated by Chen Xiaobei. They could not even muster enough strength to stand up to talk. They had managed to hold on until Zhuang Hao carried out his evil plan. Unfortunately, their most trusted ally had decided to betray them at such a critical moment.

This circumstance was comparable to a man spending a great deal of effort to go after a pretty lady and finding out that she was actually a man when they were about to have sex. It was no wonder that they felt so frustrated about it. After suffering from such a huge shock, they could be considered quite strong since they did not lose their minds. None of them had expected that Liu Xiyuan would betray all of them without even giving a second thought about it.

"Zhuang Hao! Speak your last words! I have never seen such a shameless person in my life before! Elder Cao and I will definitely bring up this matter during the next meeting with high-ranked officers of this country! We will make sure that you will learn from your mistake!" said Elder Guan in a pleased manner.

"Elder Guan... No... Uncle Guan! This is a huge misunderstanding! Let's talk about it first..." said Zhuang Hao in a fearful manner.

This country was after all did not belong to the Zhuang Family. Once Zhuang Hao was found guilty of what he did, he would be punished by the law like any other ordinary people.

"I do not wish to waste my breath to talking to you anymore! The truth has been unveiled. If I were you, I will get lost immediately before Faction Leader Chen kills you out of anger! By that time, no one would care about you!" said Elder Guan icily.

Siii...

Immediately, Zhuang Hao took in a deep breath. With Liu Xiyuan testifying against him, this incident could actually be considered as Jianghu conflict. In other words, Chen Xiaobei actually had the right to kill all of them. Once he thought about that, Zhuang Hao fled the scene without thinking twice. On the other hand, Zhuang Bihuang and Elder Su did not dare to overstay as well. They knew exactly how powerful Chen Xiaobei was. Staying there was no different from suicide.

"Don't leave us here... Don't leave us here please..."

Yue Changkong and Su Dongruo could not come up with enough strength to flee from this place. All they could do was scream in a hysterical manner and wished that someone would help them. Zhuang Bihuang was the grand elder of Mount Hua Faction. Naturally, he was powerful enough to carry Yue Changkong and Yue Junmo at the same time to leave this place. As for Zhuang Hao, he quickly went over to bring Su Dongruo and Xu Changqing to flee from this place.

In the end, Gordon was left there with no one went over to rescue him. Actually, Elder Su could go over to rescue him. However, Gordon was tied with the Deity Restricting Rope. There was no way that Elder Su was bold enough to rush to him and rescue him. Within seconds, all of Chen Xiaobei enemies had fled the scene.

"You... You guys are a group of selfish bastards!"

Lying on the floor in disappointment, Gordon wanted to kill himself on the spot.

"Faction Leader Chen! Master Wu! I have said what you want me to say. Can you please let Liu Chunyi go? Please..."

Liu Xiyuan got on his knees and started to beg them. The sole reason why he was willing to turn his back on his allies was because of Liu Chunyi. In the very beginning, Wu Aofeng managed to capture him and make him his hostage. If Liu Xiyuan wanted to preserve the last bloodline of his family, he had to listen to whatever Chen Xiaobei asked him to do. At that moment, Chen Xiaobei could not even care less about him. All he wanted to do was help Xiangyu remove the Armor Penetration Beam.

He then took out his Seven Treasury Fragrant Pouch to help Xiangyu to clear out all the toxin from his body. Lastly, Chen Xiaobei poured out a dozen bottles of Hundred Herbs Potions and applied them on Xiangyu's wound. After observing him for a while and made sure that he was stable, Chen Xiaobei then walked to Elder Guan and Elder Cao.

"Good day! Elder Cao! Elder Guan! Thank you so much for helping me just now!"

Chen Xiaobei was an understanding person. Though he was the one that brought out most of the evidence, he knew that there was nothing he could do if Elder Guan and Elder Cao did not help him.

"You are most welcome! Last time, you asked me to keep an eye on the Zhuang Family! I will keep my word!" said Elder Cao with a smile on his face.

Last time, Chen Xiaobei got to know that his identity was exposed when he went into Zhuang Family's treasure vault. To his surprise, the preparation that he made earlier had helped him to overcome his problem. The enemies were not weak and luck did not help him as well. Having the ability to plan for the future was what helped Chen Xiaobei to survive today. As for Elder Guan, Chen Xiaobei had no idea that he would show up to help him today.

"You are most welcome! I heard about what you did to help Professor Lin and the way you dealt with Poseidon! You have actually done a number of great favors to our country! And I remember that you saved Professor Lin's daughter from Mamba Island as well! I have promised you that I want to have a good drinking session with you but I still got to it until today! All I did just now was say a few words to defend you. Don't mention it!" said Elder Guan.

"Hold on! Are you the general of Thunder Kirin Special Force? I have heard a lot about you!"

"That's right! It's me! But, my reputation can never be compared to yours! At such a young age, you have already done a number of huge favors to our country! You even defeated a number of elites with Celestial cultivation singlehandedly!"

"I'm not worthy of the compliment," said Chen Xiaobei in a humble manner.

Upon hearing that, everyone was taken aback. They did not know that Chen Xiaobei had done so much for the country. Naturally, Chen Zhongfu and Zhang Chui'er were really proud of Chen Xiaobei. The smiles on their faces were brighter than the sun in the sky. As for other people of Bei Xuan Faction, they felt really proud of him as well.

Amongst them, Luo Puti felt the most shock from it. All these while, she thought that Chen Xiaobei was still really weak. After the martial arts competition, she started to change how she viewed Chen Xiaobei. She had never expected that Chen Xiaobei was powerful enough to defeat an elite with Celestial cultivation. Seemingly, she had underestimated Chen Xiaobei. Now, her eyes lit up whenever she looked at Chen Xiaobei.

"Let's get back to serious business. Aren't you afraid of they will come back to seek revenge if you let them live to see another tomorrow?" asked Elder Guan.

"I have no choice but to let them go... The reason why I could defeat them just now was because of the Spiritual Qi in my body! I'm afraid the Spiritual Qi that I store in my body is almost empty."

"What are you going to do next? You will be in grave danger if they come to seek revenge from you, right?"

"They caught me off guard this time! Next time, I will not use my Spiritual Qi to defeat them anymore!"

Chen Xiaobei lifted his finger and tapped his temple.

"I will use my brain to defeat them next time!"

#### **Chapter 940: Make the Call**

No one could guess how Chen Xiaobei was going to deal with his enemies in the future. He should have already figured out a way to do so since he was extremely powerful. That was why Elder Guan did not ask more about it.

Dawn was here. After a brief moment of chatting, Elder Cao and Elder Guan left the place. They needed to get ready to go to work. Initially, Cao Zhenyang and Luo Puti wanted to help Chen Xiaobei to clean the place. However, Chen Xiaobei insisted that he could handle it. In the end, they brought left Bei Xuan Faction with their allies.

Everyone from Bei Xuan Faction started to cheer once they were gone.

"Damn! This is so awesome! I can't believe that we manage to overcome such a calamity! I'm pretty sure that we will be blessed after today!" said Wu Aofeng.

"That's right! I can't believe that we all get to live to see the sunrise!" said Tai Yitan and Huo Yuanba.

"It's all thanks to Brother Xiaobei and Brother Xiangyu! If it wasn't for them, we will be so dead by now!" said Qiao'er in an excited manner.

"No! The reason why we managed to survive from this event is because of everyone's effort! Aofeng had already told me everything about it! Elder Jiang acted as a commander when I was not here. And everyone else followed exactly what he asked you guys to do! That's how we acquired victory! Everyone here are heroes and heroines!" said Chen Xiaobei.

Upon hearing that, everyone was elated. Just like what Chen Xiaobei mentioned, there would be no victory if everyone did not work together until he woke up from his sleep.

"Of course, there's one more person I need to thank personally! If it wasn't for her, I'm afraid that I might have slept on for another twenty minutes! By that time, everyone will be killed by all those enemies!" said Chen Xiaobei with a smile.

Taken aback, they still remembered that the moment Chen Xiaobei woke up was when Yue Changkong gave the order to kill everyone. What more twenty minutes! Twenty seconds late was enough to cause everyone to be sent to hell!

"Who is that person? Why do you need to thank her personally? Ask her to come out here quickly!"

Everyone felt extremely curious about it.

"She is a very shy lady. That's why she left Bei Xuan Faction without saying goodbye! I will definitely let her know that everyone from Bei Xuan Faction is really grateful of her!"

"Mom! Dad! You two should go and get some rest first. Aofeng and the rest of them will help me clean this place."

Knowing that Chen Xiaobei was going to do something serious, Chen Zhongfu and Zhang Chui'er nodded their heads and left the place. On the other hand, Murong Xiaoyao, Qiao'er, and a couple of weaker individuals returned to Bei Xuan Faction as well.

Chen Xiaobei then distributed three bottles of Body Dissolving Poison to Tai Yitan, Wu Aofeng, and Huo Yuanba to clean up. After that, he passed the Puzzle Flag and Great Priest Beans to Zhuang Bihuang to fix the ravine that caused by Zhuang Bihuang.

Xiangyu, Jiang Ziya, and Zhao Ritian were still standing beside Chen Xiaobei – waiting for further instructions.

"Faction Leader Chen... Can you let Chunyi go now? I have offended all of my previous allies to help you! There's no way we can go even if you let us go right now!"

"To be completely honest with you, Zhuang Bihuang will definitely not hesitate to kill the two of you once you leave Bei Xuan Faction!"

Siii...

Immediately, Liu Xiyuan took in a deep breath after hearing what Chen Xiaobei told him. After all, it was not that easy to walk on the path of undercover.

"Faction Leader Chen! Please save us both... Zhuang Bihuang is an elite with Celestial cultivation! Only you can save us right now! We are willing to become your slaves and do whatever you tell us to do! Please! Don't leave us to die!"

Clearly, Liu Xiyuan was a smart person. The moment he decided to turn into an undercover for Chen Xiaobei, he knew that the only for him survive after that was to stick to Chen Xiaobei.

"I don't want you to become my slaves! All I want you to do is to make a call!"

"Faction Leader Chen! Please enlighten me! I will make whatever call that you ask me to make! I promise you!"

"I want you and Liu Chunyi to call Liu Xuanxin! Apologize to her sincerely! And promise me that the two of you will treat her nicely from this moment onward!"

"This..."

To his surprise, Liu Xiyuan had never expected that Chen Xiaobei would come up with such demand.

"What? Not willing to make the call?"

Chen Xiaobei's face turned dark.

"No! No! No! I will make the call right now! The only thing that I worry is she will not forgive us after all those things that we did to her..."

"Are you really that dumb? Xuanxin has never hated you guys for what the both of you did to her! She can actually come here and kill the two of you when I injured you guys!"

"This..."

A sense of guilt could be seen reflected from Liu Xiyuan's eyes.

"Though the two of you had wronged her, she has never forgotten that you are the one that nurtured her into who she is today! She will always see you as her family member! Only family members will forgive the thing that we did no matter what!"

"I... I understand now... I will make the call! For sure!"

Liu Xiyuan could not help but tear up. As creatures fueled by emotions, there was no way that a person could conceal all his/her feelings after spending a good amount of time with another person. It was true that only family members would forgive another family member for the things they did no matter what. A simple statement from Chen Xiaobei was more than enough to make Liu Xiyuan shed tears of guilt.

"I can see that you are not acting. Go and look for Aofeng and help him clean up. After that, he will bring you to see Liu Chunyi! Make the call and the two of you can stay at Bei Xuan Faction! After I deal with the rest of my enemies, you are free to return to Xuanjian Faction!"

"Thank you Faction Leader Chen for sparing our lives... Thank you Faction Leader Chen for helping us..."

Seemingly, Liu Xiyuan was truly grateful that Chen Xiaobei was willing to help him without asking anything in return. From this moment onwards, he would never betray Chen Xiaobei anymore. After kowtowing at Chen Xiaobei for a couple of time, Liu Xiyuan got up to go and look for Wu Aofeng.

"Xiaobei! You are planning to take care of the rest of the enemies?" asked Xiangyu.

"Of course! I have spent roughly around 2,000 Spiritual Stones this time! And I need another 3,000 Spiritual Stones to power up the Thunder Pool Formation! I have to go and make them pay for what they did to me!"

"Have you thought of a way?"

"Of course!"

"Alright. I will not worry about you since you are confident enough to defeat them!"

Xiangyu nodded his head and looked at Gordon.

"How do you plan to deal with him?"

Upon hearing that, Gordon started to get really nervous.
