Chapter 991: Pain All Over the Body

"What are you waiting for? Bring your cousin here! If Chen Zhufeng escapes, our plan for revenge will be completely ruined!" Umekawa Shichijiro said impatiently.

"Please, I don't need you to remind me. I've already called him. He had to work the night shift today. He'll only be here first thing in the morning!" Daisuke Ojima smiled, pleased with himself. "The only thing we need to find out is if Chen Xiaobei is still staying at the same place... Who is that?"

As he was talking, someone tapped him on his shoulder from behind.

He turned around instinctively, and saw a young man in his twenties standing behind him, smiling at him.

"There's no need to look. I brought myself here to wait for your cousin brother to arrive!"

There were two other men standing on either side of him, their expressions cold and calculating.

"Chen... Chen Zhufeng... How are you here?!"

Umekawa Shichijiro recognized the young man immediately, his nostrils flared.

"You could have walked away safely! Why do you have to send yourself to hell? Ouch!"

Bam!

Before he could finish, Cang Jingu reached out and slapped Umekawa Shichijiro hard in the face.

Even though the idiot's face was bandaged, Cang Jingu did not hold back. Umekawa Shichijiro was sent through the air and hit right smack into the wall.

"Blargh..."

His turned his head to his side and covered the ground with blood and pieces of broken teeth.

"You imbecile! Who said you can call him by name?" Cang Jingu said as he stood over Umekawa Shichijiro and looked down at him.

"I..." Umekawa Shichijiro froze, the wrath in his eyes replaced with terror.

When he saw his enemy, Umekawa Shichijiro's initial panic had quickly turned into indignance, having forgotten that Chen Xiao had brought two powerful bodyguards.

But after this slap, he clammed up and he dared not utter another word.

"You... You must be Mr. Chen Xiaobei, right?" Daisuke Ojima's brows furrowed as he insinuated, "Since you were earlier, you must have heard that my cousin will be here once morning comes! It's already 4 a.m. He should be on his way now!"

Chen Xiaobei smiled smugly at this and asked, "Are you threatening me?"

"You are the one who said it and I won't deny it either." Daisuke Ojima shrugged and announce confidently, "My cousin is a pinnacle ninja at Tenshou! If you do not wish to die, then get down on your knees and

Chen Xiaobei made no comment but turned and spoke in Mandarin, "Is he telling the truth?"

"Yes, he is!" Tanaka Tsuyoshi nodded and replied in Mandarin, "Like me, his cousin Nikkawa Daichi, is also one of the twelve pinnacle ninjas from Tenshou!"

"What the hell are you guys babbling about? Speak Japanese!"

Daisuke Ojima could not understand a word they said.

Umekawa Shichijiro, who was a distance away, was also at a loss.

Umekawa Shichijiro thought for a while and added, "The element that Nikkawa Daichi trains on is water! And mine is fire! In other words, he is my kryptonite! I will surely be defeated if he comes here!"

"I'm not interested in his cultivation." Chen Xiaobei shook his head and asked, "Why is his cousin's surname Nikkawa? Isn't that the royal family's name?"

"It is the royal family's surname!" Umekawa Shichijiro then proceeded to explain. "Nikkawa Daichi's mother had married a member of the royal family. So, he has royal blood! And it is because of that that he was appointed the commander of the Japanese Imperial Guard and is in charge of protecting the Emperor!"

"Oh, no wonder. That means that he's the only person that the Emperor trusts, right?" Chen Xiaobei asked.

"That's right." Tanaka Shichijiro nodded. "The palace is where the members of the royal family reside. They've given the colossal responsibility of guarding their safety entirely to Nikkawa Daichi! Imagine the confidence they have in him!"

"Good! That's great!" Chen Xiaobei grinned and said, "I think I've found our way in!"

"Hey idiots! Didn't you hear me? I told you to speak in Japanese!"

Daisuke Ojima wanted to see Chen Xiaobei pleading on his knees but instead Chen Xiaobei was laughing away. This irritated him.

"Don't say I didn't give you a chance! If you don't kneel before me now, I'll make sure you suffer when my cousin arrives!"

Chen Xiaobei raised his brow and said in Japanese, "I forgot to tell you that I really don't like people threatening me!"

"The f*ck? How is it that you're still so smug in the face of death?" Daisuke Ojima spat. "I am, in fact, threatening you! What are you going to do about it? Don't forget that my cousin is a pinnacle ninja! If you have the balls, then go ahead and try to touch the hair on my head! If not, kneel down now!"

"Only a fool will touch just the hair on your head!" Chen Xiaobei's eyes glimmered as he swung his arm at Daisuke Ojima's big mouth.

Bam!

Then a deafening crackling sound ensued.

The unsuspecting Daisuke Ojima spun around a full 3,600 degree and hit the ground so hard that the granite beneath him cracked!

"Argh... It f*cking hurts... You little bastard! How dare you hit me in the face..."

Daisuke Ojima's cultivation was early phase of True Nirvana stage. His body was actually quite tough. But Bro Bei's slap was no joke. His face was smashed in and blood was drizzling down the corner of his lips.

"Oops! You were wrong again! Not only will I hit your face! I will also make sure that you feel pain from your head to your toes!"

Chen Xiaobei laughed almost manically before raising his leg for a kick.

"Who do you think you are? You were only able to hit me because I was taken by surprise! We'll see if you can hit men now!" Daisuke Ojima gritted his teeth, and unleashed all his 30,000 combat power. In an instant, his body was covered in his True Kang.

Bang!

Incredibly, Daisuke Ojima's True Kang shattered like paper mâché at Chen Xiaobei's boot.

"How is that possible?" Confusion washed over Daisuke Ojima. Could it be that the True Kang that he channeled was fake?

He would never know that even though Chen Xiaobei's combat power was only 30,000; he could actually boost his combat power to 39,000 with the help of Primordial Witch King Combat Enhancement Manual since he had 39,000 health with him. That was why he was powerful enough to destroy Daisuke Ojima's True Kang.

"Arghhhh..."

Chen Xiaobei had kicked him right in the stomach.

Daisuke Ojima rolled on the ground, screaming in pain, it felt like his internal organs were going to blow up.

Bam!

Bam!

Bam!

Chen Xiaobei said nothing but trampled repeatedly on Daisuke Ojima's body.

The idiot's face and body was kicked over and over again. And agonizing pain really did course through his body, from his head to his toes!

Chapter 992: One Hit is Enough

"Mr. Nikkawa! You're finally here! Hurry! Something bad happened..."

A few hundred of Donchen Ittō-ryū disciples stood at the gate. Terror was written all over their faces.

"What are you guys standing here for? Where is your faction leader?"

Daisuke Ojima's cousin, Nikkawa Daichi had arrived.

"Faction... Faction leader... He was beaten up. We waited for you to come out here because we were too afraid to enter..." The disciples faltered.

"What? Who dares hit my cousin brother? Didn't Ojima mention my name?" Nikkawa Daichi burned with rage.

"He did! He was beaten up because he mentioned you!" the disciples cried.

"What the f*ck?!" the statement only fueled Nikkawa Daichi's anger; now, he was pissed! "They hit him even when they know that Ojima is my cousin?! Are they taunting me? Show me in! I want to shed some blood!"

The disciples said no more. They quickly lead Nikkawa Daichi to the hall.

There were few Jianghu elites in Japan. So, factions like Donchen Ittō-ryū could do whatever they like without anyone standing in their way. What more when the name of a pinnacle ninja was mentioned—other than the emperor, no one dared provoke them.

Whoever that beat up his cousin had no regards for pinnacle ninja—it would be a miracle if Nikkawa Daichi was not outraged!

Bang!

Nikkawa Daichi kicked the door of the hall opened.

His eyes exploded in flames when he saw the scene before him.

A young Chinese man in his twenties was sitting on the master seat in the center of the hall and resting his feet on the faces of two men who were their hands and knees. The one on the left with a bandage wrapped around his face was Umekawa Shichijiro and the one on the right with a swollen face and tattered clothes was his cousin Daisuke Ojima.

"Cou... Cousin, save me... Waaaa..." Daisuke Ojima cried, bursting into tears before he could finish his sentence.

"Did I permit you to speak?" Chen Xiaobei kicked Daisuke Ojima in the face and the wailing stopped.

"You little prick! Are you Chen Zhufeng?" Nikkawa Daichi looked like he wanted to swallow Chen Xiaobei whole. "I give you three seconds to release my cousin or I'll turn you into dust!"

"You want to kill our master? We'll have to kill you first!" Tanaka Tsuyoshi and Cang Jingu got up from their seat and stood protectively in front of Chen Xiaobei.

They were both wearing masks so Nikkawa Daichi did not recognize them.

Nikkawa Daichi snarled, "There seemed to be an increase of imbeciles this year! Who the f*ck gave you balls to speak to me like that?"

Nikkawa Daichi immediately channeled True Qi to his body and a wave-liked True Kang was formed!

Three five-meter-tall Leviathan appeared behind him—staring at the place, putting fear into everyone's heart.

"Wow..." the disciples of Donchen Ittō-ryū who were outside the hall gasped in amazement.

"Is this the power of a pinnacle ninja?! How incredible!"

"This is way cooler than what you see in sci-fi movies!"

"Such powerful True Kang is definitely one hundred times stronger than our faction leader!"

"Oh, what a relief! With Mr. Nikkawa Daichi here, our enemy has nowhere to run! Wahahaha..."

Having seen Nikkawa Daichi's powerful strength, the disciples became excited and impatient to watch Chen Xiaobei and his men viciously butchered by their pinnacle ninja!

Wroom...

Just then, feral flames erupted around Tanaka Tsuyoshi's body and transformed into a five-meters-tall Ifrit.

The flaming golem's dominant presence was no weaker than Nikkawa Daichi's water dragons.

"My god! Am I seeing things? Chen Zhufeng's bodyguard also possess the strength of pinnacle ninja!"

"What a terrifying Ifrit! The space around it seems to be on fire!"

"What the fuck are you guys worried about? Even a kid knows that water beats fire! Even if their cultivation are the same, Mr. Nikkawa Daichi is obviously at an advantage!"

"You're right! Mr. Nikawa is invincible! Mr. Nikkawa will triumph!"

The disciples who were at first shaken by Tanaka Tsuyoshi's cultivation quickly recovered and started chanting, waving their arms—confident in Nikkawa Daichi.

Water puts out fire! That's the order of nature!

Earlier on, Tanaka Tsuyoshi himself had brought up this predicament. But as Chen Xiaobei's loyal hound, if Chen Xiaobei did not pull back, Tanaka Tsuyoshi would not back down—even if he were to lose his life!

"If you are not deaf, then you must have heard what everyone is saying! My strength according to nature's order will devour your strength! There's no need to continue this fight. We all know how this will end!" Nikkawa Daichi eyed Tanaka Tsuyoshi smugly.

"Shut the f*ck up! If my master does not back down, I will not back down! Even if I have to die fighting you!" Tanaka Tsuyoshi was very determined. To him, Chen Xiaobei's will was the ultimatum!

"Tanaka, go ahead and retreat. I'll take care of him!"

Chen Xiaobei stretched his back and stood up unhurriedly.

In his hand was a pristine Green Jade Gourd which he uncorked and drank from it a mouthful of Spiritual Qi.

There were 3,650 Spiritual Stones worth of Qi in the gourd. Chen Xiaobei only swallowed 50 of it, leaving exactly a rounded figure.

"You want to finish me off? Please stop cracking jokes." Nikkawa Daichi rolled his eyes at Chen Xiaobei and chortled, "You are a just a twenty-year-old Chinese kid! I can crush you a million times over with just one thumb!"

"Has this kid lost his mind? How could he say something so stupid?"

"I know, right? How old is he? He wants to beat a pinnacle ninja? What a wishful thinking fool! Hey, I was just thinking of crushing a demigod myself!"

"We shouldn't take this retard seriously. I'm willing to bet that Mr. Nikkawa can send him to hell with just one move!"

The Donchen Ittō-ryū disciples were wagging their tongues, disparaging Chen Xiaobei.

"Hey twat! Did you hear that? Everyone's is cheering for your death! I'd be disappointing the audience if I don't kill you in one move. Die!" Nikkawa Daichi roared.

The three water dragons charged forward with 50,000 combat power and surrounded Chen Xiaobei from left, right and center.

This formidable strength was enough to crush an ordinary person into mincemeat.

But against Chen Xiaobei, it was a waste of energy.

"I also think that one move will suffice."

Chen Xiaobei shrugged, his palm lit up in a burst of golden purple radiance.

Chapter 993: Using Money to Buy Your Own Lives

Swoosh...

Three water dragons charged at Tanaka Tsuyoshi with no mercy. From the surface, they looked like they were merely made of water. The truth was their bodies were actually tougher than metal! A small hill would be destroyed instantly if all three water dragons landed on it, let alone a mortal being.

"Seemingly, Nikkawa Daichi's mastery towards water element is getting better! I will surely be defeated if I don't do something about the attack!"

Taken aback, Tanaka Tsuyoshi knew that there was nothing he could do about the elements that served kryptonite to him.

"An attack like this is going to tear my body into pieces!" said Cang Jingu, shocked.

Swish!

Suddenly, Chen Xiaobeio's left palm was covered in in golden purple light—turning his palm in a dragon claw!

"What... What the hell is going on? How... How is that even possible?"

Everyone was taken aback when they saw Chen Xiaobei's palm turn into a dragon claw.

Swoosh!

Swoosh!

Swoosh!

It was so powerful that time and space were scarred by it. The three water dragons were decimated like they were made of paper.

"This... This... This..."

Nikkawa Daichi did not expect that things like this would happen to him. One needed to possess 50,000 combat power and above to destroy all three water dragons at the same time.

Could it be the kid that stood in front of them was a Celestial-cultivated elite?

Clearly, Nikkawa Daichi found it really hard to believe that this was actually not a dream. There were only millions of people in Japan. Within them, there were only 24 pinnacle ninjas! Tenshou owned 12 of them and Divine Sovereign Sect owned 12 of them! The ninja above pinnacle ninja was called Enigmatic Ninja! And there were only eight of them in this country! All eight of them were as powerful as elites with Celestial cultivation. As usual, Tenshou owned four of them and Divine Sovereign Sect owned four of them!

Eight of them were the best among the best in Japan and they were all old man in their hundreds. Even the emperor had to show them a good amount of respect. That was why Nikkawa Daichi could not believe that Chen Xiaobei was as powerful as their Enigmatic Ninja. He started to feel like all the training that he had gone through was completely wasted.

Slap!

While Nikkawa Daichi was still dwelling in all the questions that he had in mind, Chen Xiaobei took the opportunity to attack him. The sound of loud slapping shook everyone's eardrum. All of them lifted up their hands and rubbed on their cheeks unconsciously. Just by watching it, they could feel that the pain that Nikkawa Daichi experienced was hell!

"Ah!!!"

The 50,000 combat-power pinnacle ninja was sent flying away by a single slap! Like a spinning top, Nikkawa Daichi spun for a few rounds before he lost his conscious and fell on the ground. Immediately, everyone was left in silence. Earlier, Nikkawa Daichi claimed that he could defeat Chen Xiaobei in one single hit. None of them expected that Chen Xiaobei was powerful enough to turn the tide.

"So powerful! Our master is really powerful!"

Tanaka Tsuyoshi was completely taken aback. He had never seen Chen Xiaobei's true power before. He then gave some thought into it, he would end up like Nikkawa Daichi if Chen Xiaobei landed a slap on him as well. On the other hand, Cang Jingu was definitely calmer than Tanaka Tsuyoshi. He had after all witness the Witch Dragon Transformation on Chen Xiaobei before. Even the Celestial-cultivated elites like Yue Changkong and Zhuang Bihuang were defeated by Chen Xiaobei's dragon claw. There was no way that a pinnacle ninja could survive from it!

Only elites that were above 70,000 combat power had the chance to survive from Chen Xiaobei's Witch Dragon Transformation skill. The thing that Tanaka Tsuyoshi and Cang Jingu did not know was the price that Chen Xiaobei had to pay to wield this enormous power was just too great for one to imagine. The slap that Chen Xiaobei landed on Nikkawa Daichi had cost him 50 Spiritual Stones! That was equivalent to 50 billion RMB! Some of the wealthy families did not even have this amount of money in their bank account.

There was no way that an ordinary human being would be able to afford to use Nine Dragon Transformation skill.

"This is so scary... Mr. Nikkawa was defeated with one a single slap! Who the hell is that kid?"

"Is he a Celestial-cultivated elite? But I didn't see him trigger any Celestial Event!"

"A bunch of idiots! This is not the time to study his cultivation!"

"Run! And don't turn back!"

Hundreds of people in the hall began to run away from Chen Xiaobei. Within ten seconds, the entire hall was completely empty.

"Mr. Chen... Grandpa Chen... Mercy... Mercy please!"

Umekawa Shichijiro and Nikkawa Daichi started to beg Chen Xiaobei to spare their lives in a hysterical manner. A moment ago, they were thinking about killing Chen Xiaobei with only a single hit. After having a taste of Chen Xiaobei's slap, their state of mind was filled with fear that they could not resist. Combat power had always been the iron rule in Jianghu. The weaker one had to succumb to the stronger one no matter what.

"Tanaka! Bring Umekawa Shichijiro home! Ask his uncle, Umekawa Osatake to pay 300 Spiritual Stones for his life!" said Chen Xiaobei.

Clearly, he was not going to spend 50 Spiritual Stones to defeat them without asking some back!

"He will pay you! Let my uncle pay you! All done... Thank you Mr. Chen! Thank you so much..."

Umekawa Shichijiro kept on nodding his head. He felt like he just stepped away from the gate of hell.

"According to what I know, Umekawa Osatake still has a couple of nephews! He will definitely not pay 300 Spiritual Stones for this piece of garbage!" said Tanaka Tsuyoshi.

"I have already said that 300 Spiritual Stones is the final price! Throw his body into the sea if he pays less than that!"

"No! Please don't kill me! I can bring you to the treasure vault of the Umekawa Family! There are around 1,300 Spiritual Stones inside it! You can take all of them as long as you don't kill me!" said Umekawa Shichijiro in a frightened manner.

"Umekawa Osatake is really a retarded fool! I can't believe he chose as you as his successor!" said Chen Xiaobei in a mocking tone.

After that, Chen Xiaobei looked at Tanaka Tsuyoshi. Immediately, Tanaka Tsuyoshi picked Umekawa Shichijiro up to where he stayed.

"Daisuke Ojima, do you want to spend some Spiritual Stones to buy your own life?" said Chen Xiaobei while staring at him with an evil smile.

Red Envelope Group of the Three Realms

Chapter 994: Cloud Dyed Frui

"Buy... Buy... Buy... I will buy my life! Let me go and get 300 Spiritual Stones for you!"

Immediately, Daisuke Ojima said yes to Chen Xiaobei.

"No! The lives of you and your cousin definitely worth more than that trash, Umekawa Shichijiro!" said Chen Xiaobei while shaking his head.

"How... How much do you want?" asked Daisuke Ojima, taken aback.

"Don't worry! I'm not going to ask too much from you! I think the two of you are worth around 1,000 Spiritual Stones!" replied Chen Xiaobei with an evil smile.

"Master Chen! Mercy please... Our faction is not even that big! 1,000 Spiritual Stones is an astronomical figure for us! We don't even have 500 Spiritual Stones in our faction!"

"No? Then just go and die!"

Right away, Chang Jingu stared at him and started to cover him with his murderous intent.

"Spare our lives please! Please! I'm telling you the truth... It's not that I'm not willing to spend Spiritual Stones to save my own life! I really don't possess that many Spiritual Stones... My life is more important than anything in this world... I dare not to lie to you!"

"Okay... That actually makes sense to me! How about this? Bring me to your treasure vault. I will choose something else other than taking a good amount of Spiritual Stones from you!" said Chen Xiaobei while nodding.

"Okay! Alright! I will lead you there right now!"

Daisuke Ojima could finally let out a sigh of relief. Before absolute power, he knew his place pretty well. Without wasting any time and having wicked intent, he brought Chen Xiaobei and Cang Jingu to the treasure vault right away.

.....

Donchen Ittō-ryū was really one of the smallest faction in Japan. Naturally, their treasure vault was not as big as well. The size of it was similar to the size of a standard room—one-tenth the size of the Zhuang Family's treasure vault. From there, Chen Xiaobei knew that Daisuke Ojima did not lie to him. It was simply not possible for treasure vault this size to house 1,000 Spiritual Stones!

"Master Chen... There are only 450 Spiritual Stones here! You can take everything..."

Daisuke Ojima took out a sandalwood box and placed it in front of Chen Xiaobei. However, Chen Xiaobei chose to ignore him. He was taking his time to scan every single item in the treasure vault.

"450 Spiritual Stones is not even enough to buy your life! Look at this mini treasure vault! Prepare to die if my master fails to look for the things that he wants!" said Cang Jingu while glaring at Daisuke Ojima.

"Mercy please... Please don't kill us... I beg you..."

Out of fear, Daisuke Ojima kneeled on the ground without any second thought.

"It's useless to kneel down in front of us! You are the one that bring this onto yourself! You should have expect this ending when you and Umekawa Shichijiro plotted against my master!" said Chang Jingu.

"I'm at fault... I will not do it anymore... Master Chen... Just take everything in this treasure vault! That should be enough to make up the 50 Spiritual Stones! I really don't want to die!"

"All these items here are just trash! I'm afraid my master will not be satisfied by them!"

"Eh?"

Suddenly, Chen Xiaobei's attention caught by something.

In a pile of medicinal ingredients, Chen Xiaobei noticed something that looked like black ginger.

"It's a Cloud Dyed Fruit! Judging from its size, I think it is at least 1,000 years old! Finally! Something good! This trip is definitely worthwhile! My luck is not failing me! This is awesome!" said Chen Xiaobei with both eyes lit up.

The piece of medical ingredient had a very smooth surface and the lines on it could be seen clearly. From far, it actually, look like a black cloud. As Chen Xiaobei was speaking Mandarin, Daisuke Ojima could not understand what he was talking about.

However, Cang Jingu could understand every single word that Chen Xiaobei just said. Immediately, he asked in Mandarin, "Bro Bei, what is that thing? Why did you get so excited over it?"

After all, Chen Xiaobei just stole everything from the Zhuang Family's treasure vault! He had seen all kind of treasures. He did not even get so excited when he sold all the antiques for 3,000 Spiritual Stones. From here, Cang Jingu could see that the Cloud Dyed Fruit was extremely valuable to Chen Xiaobei.

"This is one of the ingredients to concoct Skybreaking Cultivation Pill! It's an extremely rare Spiritual Fruit! And this is exactly the thing that I need the most right now!" said Chen Xiaobei with fervor.

The Skybreaking Cultivation Pill allowed one to break through to their next level of cultivation instantly. No matter the cultivation, as long as the person reached the pinnacle phase of their current cultivation, they could use it to advance to their next cultivation. Awhile ago, Luo Puti was stuck at Pinnacle Phase of Qi refining stage for a few years. In the end, a small piece of Skybreaking Cultivation Pill helped her reach True Nirvana cultivation within minutes! As for Xiangyu, he too had stuck at pinnacle phase of True Nirvana stage for a very long time. In the end, one third of the Skybreaking Cultivation Pill had managed to help him enter Celestial cultivation!

Judging from all that past matters, it was extremely important for Chen Xiaobei to concoct as many of it as possible before becoming a demigod. Not only had he done it for himself but also his family and friends. Before this, Chen Xiaobei had already acquired the Giant Dragon Ginseng and Thousand Year-Old White Jade Ganoderma. And now, the Cloud Dyed Fruit. He just needed two more ingredients to start concocting the Skybreaking Cultivation Pill.

Right now, Focker was trying his best to collect as much intel as possible. And the other four loyal dogs with Celestial cultivation were doing the same as well. With their status and position, they still could not acquire any news about the remaining ingredients that Chen Xiaobei needed. It was enough to prove the rarity of all those ingredients. Now, he only needed a third of the Skybreaking Cultivation Pill to achieve Celestial cultivation. That was why he was so excited about it.

Cough!

Cough!

Though he was excited about it, he still had to finish what he came here for.

He then tucked away his smile and said, "This medical ingredient and 450 Spiritual Stones are enough for me to spare your life! As for your cousin, I have to bring him with me!"

"This... Can you let me cousin go as well?" Daisuke Ojima pleaded weakly.

"Sure! Just bring me another 500 Spiritual Stones and I will let him go!"

The truth was Chen Xiaobei knew that he would not be able to pay him another 500 Spiritual Stones. After all, Nikkawa Daichi was the key for Chen Xiaobei to carry on with his task.

"I... I don't have any Spiritual Stones with me anymore... Just bring him with you..."

At a critical moment like this, his cowardice allowed him to make the decision without any hesitation.

"Alright! Done!"

With a smile on his face, Chen Xiaobei took the Cloud Dyed Fruit and the box that used to keep Spiritual Stones. He then left the place with Cang Jingu and the unconscious Nikkawa Daichi.

In the car.

"Bro Bei, are you planning to feed the Heavenly Dog Biscuit to him?" asked Cang Jingu.

All Chen Xiaobei did was shake his head and not say a word about it.

Red Envelope Group of the Three Realms

Chapter 995: Something Bad Happened to Li Xiang

"Brother Bei! Don't keep us in suspense!" Cang Jingu's curiosity was piqued and could not help but ask, "Didn't you catch Nikkawa Daichi to get into the palace? How are we supposed to do that if we don't feed him the Heavenly Dog Biscuit?"

Cen Xiaobei chuckled and said, "You moron! It would be a waste to feed the biscuit to this sort of numbskull! Except for his Celestial cultivation, he is not qualified to eat my biscuit!"

"But, if he doesn't eat the biscuit, then he would not be 100% loyal. What if something terrible happens?" Cang Jingu asked.

Chen Xiaobei answered with a question, "Did you notice that this idiot's body size is similar to mine?"

"Body size? Are you planning to masquerade as him and sneak into the palace yourself?"

Having been with Chen Xiaobei for a while now, Cang Jingu immediately understood Chen Xiaobei's game plan.

"That's right!" Chen Xiaobei nodded and then took out the spirit cage.

Wooo!

When the lid was opened, a violet Wight emerged from the spirit cage.

It was called a Wight because its evil intention was suppressed.

Moreover, its appearance was strange—it had a long nose like Pinocchio, mouth like an eagle's, ears like a dog's, and a pair of wings on its back!

That's right, it was the Eight-Star Wight Qie Loulan Chen Xiaobei had captured earlier.

Chen Xiaobei had thought that it looked very much like a Japanese monster called the Tengu.

But other than its own name, the Wight remembered nothing from its past. Whether or not it was a Tengu was a question mark.

"So cold..." Cang Jingu could not see Qie Loulan but was immediately attacked by the cold breeze. Not even an elite with 30,000 health could withstand the cold.

A small part of this Yin Qi came from Qie Loulan; a large part of it came from the Dark Purple Rosary in Chen Xiaobei's hidden compartment of Sui Generis Dragon artifact.

This rosary was a Spiritual Item. Even Chen Xiaobei whose health was 39,000 could feel the cold all the way in his bones.

Creak!

Chen Xiaobei shut the spirit cage and locked up the Yin Qi. Otherwise, they would not be able to take it anymore.

"Phew..."

Cang Jingu let out a sigh of relief and turned his attention back to steering the wheel.

"Brother Bei! Why did you let me? Is there a problem?" Qie Loulan asked

Chen Xiaobei did not dive straight into business but instead asked concernedly, "How is your wound?"

"My wounds have almost fully healed," Qie Loulan said. "The Yin Qi from the rosary can synchronize perfectly with my body! With it, my wounds will heal before I know it!"

Qie Loulan had mentioned that it had awoken from a deep, long sleep because it was felt the lure of the rosary. In fact, Qie Loulan had a strong feeling that it belonged to him.

"Mm... Since your wound has healed, I have a task for you."

Chen Xiaobei said, "Have you mastered the art of disguise that I gave you?"

Qie Loulan nodded eagerly. "Don't underestimate me, Brother Bei! I am an Eight-Star Wight! I learned it as I recovered!"

"Very good!" Chen Xiaobei pointed to the back of the car and said, "Look at this idiot's face and make a mask for me ASAP."

"No problem! I can complete it before nightfall!" Qie Loulan said confidently.

"That's great! I'm running short of time! I will contact Li Xiang and then we'll make a move tonight!"
Chen Xiaobei was thrilled.

Thankfully, he captured Qie Loulan. If not, they would not be able to come up with plan B.

Qie Loulan immediately got to work. He flew next to Nikkawa Daichi and began constructing a mask for Chen Xiaobei.

Chen Xiaobei was already dialing Li Xiang's number but was directed to a recording that informed him "The number you have dialed is not available."

Chen Xiaobei tried again but to no avail.

"That's strange! This is the crucial moment of our plan! Li Xiang should not have turned off his phone!"
Chen Xiaobei was distressed.

"Did something happen?" Cang Jingu asked instinctively.

"That is very likely!" Chen Xiaobei frowned and said, "Li Xiang has always been very meticulous. There's no way he would have forgotten to charge his phone. If his phone was turned off, then he's probably in trouble!"

"What should we do?" Cang Jingu started to panic.

Ring—

Someone's phone rang but it was not Chen Xiaobei's. It was Nikkawa Daichi's.

"Huh?" Chen Xiaobei took out the phone and answered the call using True Sound.

"Hello?"

"Commander Nikkawa! Something happened in the palace!" a worried voice came from the other side of the phone.

"What is it?" Chen Xiaobei asked mimicking Nikkawa Daichi's every intonation.

The person the line explained, "It's like this, a royal chef reported that a Chinese man is plotting against the Royal Family! We were ordered to catch the man!"

"Royal chef reporting?"

Chen Xiaobei brows raised in surprise.

Li Xiang's initial plan was to enter the palace by bribing the royal chef to let them in.

But last night, the royal chef reneged and refused to help Li Xiang get in.

Who knew that this guy would report Li Xiang early today morning?

"Commander Nikkawa, did you hear what I said?"

"I heard you!" Chen Xiaobei composed himself and asked, "Is the royal chef's word reliable?"

"It is!" The guy on the other end said, "The royal chef told everything. He gave us detailed information about the Chinese man. We have confirmed that such a man exists! The Crown Prince has ordered us to arrest this man once you return!"

"The crown prince?" Chen Xiaobei immediately flashed back to the time he was swindled of 8,000 Spiritual Stones by that f*cker, Nikkawa Daichi!

Nikkawa Daichi wanted to capture Li Xiang now but Chen Xiaobei's mask was not ready yet.

Chen Xiaobei thought for a while and replied, "Go tell the Crown Prince that his wedding is near. Capturing people during the day is not a good move. We may even inadvertently alert our enemy! I suggest that we do it at night!"

"That makes a lot of sense, Commander. I will report back to the Crown Prince immediately!" The person on the other end replied and then hung up.

After a minute, he called Chen Xiaobei again and confirmed that Nikkawa Daichi agreed that they would make a move in the evening.

After that, Chen Xiaobei asked Cang Jingu to stop the car by the road.

They carried the unconscious Nikkawa Daichi into a barren mountain forest and waited for the sun to set!

"There's nothing for me to do now. Keep watch of Nikkawa Daichi. I will train for a few hours."

Chen Xiaobei valued time very much and did not like wasting even a single second.

It just happened that he had not trained using the Scripture of Heaven and Earth for a long time now. He would just take this opportunity to do it. Besides, he might even be able to contact the Prime of Tongtian.

Chapter 996: Sifu and Disciple Discussed Something

While Chen Xiaobei channeled True Qi to his body, the Dragon Force spread to his entire body through the Scripture of Heaven and Earth. The Dragon Force would become more powerful after it finished a cycle in his body. The Scripture of Heaven and Earth from the Prime of Tongtian had two major advantages to the users

First, it allowed the users to speed up their training at an incredible speed.

Second, it would turn the users' True Qi attributeless! In other words, it had no weakness at all!

Not only were these two advantages extremely powerful but also useful!

Normally, one would need to train for a few years to get to where Chen Xiaobei. As for Chen Xiaobei, all he needed to do was train for a few hours! When he came across an opponent that was as powerful as him, he would not need to worry about the opponent's attribute. And he could boost his combat power at least 30% higher than his opponent.

That explained even Chen Xiaobei had Xiao'er to help him to boost his combat power and health over the night, he still had to constantly train to improve himself using the Scripture of Heaven and Earth! Lastly, the scripture actually allowed Chen Xiaobei to communicate with the Prime of Tongtian. Recently, the Rahula Demon Tribe were trying to carry out their big plan. Most of the time, the Prime of Tongtian would have to travel to the Void Land to seal the Rahula Demon Tribe.

In the Void Land, there was no cellular service. That was why Chen Xiaobei had to use the Scripture of Heaven and Earth to communicate with the Prime of Tongtian. It was actually one of the most important functions. Because of it, Chen Xiaobei managed to turn the tide around after receiving important advice from the Prime of Tongtian through the Scripture of Heaven and Earth.

Slowly, Chen Xiaobei had entered his zone once again.

"Xiaobei... Xiaobei..."

After some time passed, a familiar silhouette appeared in his mind. The person looked like a Daoist in his twenties. He was really handsome—with a witty presence. His nose was fairly high and the thickness of his lips was just nice. In between his eyebrows, one could sense that he was a calm and relaxed person. However, his eyes reflected wisdom. Clearly, the Prime of Tongtian had just contacted Chen Xiaobei again.

"Sifu! I can finally meet you again! Good day Sifu!" said Chen Xiaobei in an excited manner.

"We have not talked for a very long time. I'm pretty sure you have a lot of questions in your mind, right?"

Seemingly, the Prime of Tongtian was ready to answer all the question that Chen Xiaobei had in his mind.

"Yes! You are right! There are a lot of things happened recently! First is Jiang Ziya! He did what Shen Gongpao did to you a long time ago! He was sent down to the earthly realm as a spy to monitor me!"

"I'm glad that you have already exposed his true identity! You are definitely better than me when it comes to this kind of matters!"

"Sifu! You are too humble! During that time, the calamity had stopped you from looking into the future! That was why Shen Gongpao managed to fool you!"

"Let's not talk about the past! Let's talk about you!"

"The second thing that I want to talk about is Six Ears Macaque! I've heard that the Primordial Lord of Heaven had broken the law to revive him! I'm pretty sure Hong Diao would definitely punish him if he knows about it! Other than that, Shen Gongpao had been sending Red Envelopes to Six Ears Macaque secretly! That's a crime as well! We can eliminate if we expose him!"

"I want to know what you think about it. You did not expose any of these matters even after you found out about it. With that being said, I'm pretty sure you have some idea in your mind!"

"Sifu! You are so wise! I think we can hold on to these two matters first! Let's just wait until a critical moment to expose the two of them! They can actually be your bargaining chips! We can use them to make the Primordial Lord of Heaven act as we wish!"

"We have exactly the same thought!" said the Prime of Tongtian with a smile.

"Sifu! You were thinking about the same thing as well?"

"That's right! The two matters that you just told be are actually quite serious! It will do us no good if we expose them now! Let's just wait until the calamity!"

"Use them as bargaining chips and the Primordial Lord of Heaven will not dare to say no to us!"

"Yes... This is what we are going to do! Jieism lost too many people during the last calamity! A lot of them are dead and others left Jieism after the calamity! In the end, I'm left with a Verdant Bull! That's why it's extremely important that you have created these bargaining chips for me! I'm sorry that you had to suffer while I was gone!"

"Sifu! Don't worry about it! Though I suffered a little, I managed to take possession of the Deity Constricting Rope. As for Jiang Ziya, I managed to keep him under control as well! All in all, I have succeeded to make them pay for what they did to me!"

"You are rather kind! Why didn't you kill them? Aren't you afraid of them getting back at you?"

"Though Six Ears Macaque is enemy, he actually does not agree with the way Chanism operates! I'm planning to copy what Zhu Geliang did in the Southern Campaign! I'm going to slowly play with him and try to make him my ally!"

"Good idea! If you can make him your ally, you can bring him back to the heavenly realm to help him get back to his body! After that, he will be able to wield strength that is as powerful as the Monkey King! To you, that is definitely a powerful addition to your team!"

"That's right! I heard that Six Ears Macaque is as powerful as the Monkey King! That's why I wanted to make him my ally!"

"However, I have to remind you about something! Don't feed Six Ears Macaque with the Heavenly Dog Biscuit! This item is just way too powerful! It will remove his conscience! Once his conscience is gone, he will not be able to gain any Dao Path anymore!"

"Understood. I only use Heavenly Dog Biscuit on those that can never be my allies! If I know that there's a slight chance that the foes can turn into friends, I will definitely not use it on them!"

"Is that why you didn't feed Jiang Ziya the Heavenly Dog Biscuit? You are planning to make Jiang Ziya your ally as well, right?"

"Sifu! You are so wise! Jiang Ziya is a rare talented individual! He protected my family and friends! I want him to betray Chanism and make him my ally!"

Red Envelope Group of the Three Realms

Chapter 997: 9000-Year-Old Saturn Peach

"Regarding this matter! You are better than me as well! Jiang Ziya's status is really special! He knows a lot of secrets about Chanism! If you manage to make him your ally, Jieism will definitely become stronger than before!"

"Understood! I will try my best to make Jiang Ziya side with us! Make him become one of Jieism! Next, I would like to ask about the reincarnated Daji! Jiang Ziya and Six Ears Macaque traveled to Japan for her!"

"I haven't found anything yet! With that being said, I have no idea who the reincarnated Daji is! You really have to put some effort into looking for her!"

Actually, Chen Xiaobei had already expected that the Prime of Tongtian did not know who the reincarnated Daji was. If the Prime of Tongtian knew about it; that would mean the Primordial Lord of Heaven would know about it as well. And he would send Six Ears Macaque to look for her right away.

"Actually, I want to know more about the Saturn Peach Feast. That's because my life is coming to an end soon! I need a Saturn Peach urgently to increase my lifespan!"

"I know all about it. Blame the Primordial Lord of Heaven for banning us from sending Red Envelopes to each other! There's a kind of pill that can help you increase your lifespan but you need to pay a huge amount of merit points to get it! It's not economical at all! That's why this upcoming Saturn Peach Feast is your best chance to increase your lifespan! According to the rule, only high-tier deities are allowed to attend the feast! Low-tier deities will never be invited to join the feast. And you are just an ordinary human being... But... This is the first Saturn Peach Feast after the forming of Three Realms Intranet! So, the Queen Mother will celebrate it with everyone in the Three Realms Intranet! By that time, she will send you back a gift if you give her something!"

"Are you trying to tell me that I might receive a Saturn Peach if I give her something that she likes?"

"That's right! She will want to show that she's extremely generous in front of everyone! During the Saturn Peach Feast, she will come up with a 9,000 years old Saturn Peach, ten 6,000 years old Saturn Peaches, and thirty 3,000 years old Saturn Peaches!"

"Great! My lifespan problem will be solved even if I receive a 3,000 years old Saturn Peach!"

"You are right! A 3,000 years old Saturn Peach can increase your lifespan by 3,000 years! It's actually more than enough for you! But I think it's still better for you to put some effort in preparing a gift for the Queen Mother! If you manage to get the 9,000 years old Saturn Peach; other than increasing your lifespan, it will increase your health and combat power by 9,000 as well! It's actually really important for you!"

"Damn! The Saturn Peach can increase my combat power?!"

Upon hearing that, Chen Xiaobei was filled with excitement. Higher combat power would make him a king in the Jianghu. Now, the things that Chen Xiaobei needed the most were time, Spiritual Qi, and Spiritual Items. These three things would allow him to boost his combat power significantly. Increasing 9,000 combat power and health were equivalent to 90,000 pieces of thousand-year-old Ambergris! One should know that an Ambergris was extremely rare in the earthly realm.

The moment Chen Xiaobei received the 9,000 years old Saturn Peach, he would be able to save an enormous amount of time, Spiritual Qi and Spiritual Items. That was no different from cheating to get to the highest level. And 9,000 years increased in his lifespan was going to help him a lot in the future. For example, he would be able to use the Moonlight Cache multiple times if he had 9,000 years in his lifespan. In other words, he could ways turn back the time if he made one wrong move.

This was going to become the best cheat tool in his life journey. However, turning back the time would directly affect the three realms. That meant there was a high chance that the Primordial Lord of Heaven would ban the use of Moonlight Cache. Still, if it was used at the right time—Chen Xiaobei would be able to set his path right for his future. Besides, he might be able to use it multiple times before the Primordial Lord of Heaven banned it!

Now, Chen Xiaobei's priority was figuring out a way to obtain the 9,000 years old Saturn Peach! If not, all his future plan would be left in vain!

"Sifu! What do you think I should prepare for the Queen Mother? The earth is just a lost land! I really can't think of anything special to give to her..."

"Don't dwell too much in it. The Queen Mother has seen all kind of things within the three realms and the universe! She might not be pleased even if you give her the entire earth! That means you don't have to prepare something valuable for her! Get her something that will pique her curiosity! You should know better than regarding this matter!"

"Interesting item? I understood! I will put some time into thinking about it!"

"Okay. We should stop here if there's no other thing to talk about."

"Last question!"

"During the Saturn Peach Feast, will Sifu travel back from the Void Land?"

"Why? You want me to bring you some gift?"

"Sifu, you are so wise! You read my mind!"

"Every single item that you give me are so powerful! I will be a hypocrite if I tell you that I don't want more of it!"

"Hehe... I like how straightforward you are! There will be a gift but not this time. The Queen Mother is someone lower than me. I'm too lazy to come back to celebrate the feast with her! And I just arrive at the Void Land. I cannot travel back here without working on the thing that I need to do!"

"Understood! Sifu, you should deal with the matter in Void Land first. You can bring me the gift when you travel back to the heavenly realm next time!"

"Okay!"

"Goodbye Sifu!"

....

"Bro Bei! Wake up! The mask is complete! Wake up please!" said Qie Loulan.

Slowly, Chen Xiaobei regained consciousness and let out a long breath. He was renewed! At the same time, the sky had turned dark.

"It's time to move!"

Immediately, Chen Xiaobei put on the mask and he looked no different from Nikkawa Daichi.

Chapter 998: Pretty Chef

Nikkawa Daichi's phone was ringing off the hook.

The crown prince Nikkawa Okazaka had brought his men to surround the hotel Li Xiang was staying in and ordered Chen Xiaobei to go over immediately!

Chen Xiaobei did not hesitate and stepped onto the Somersault Cloud and headed for the city.

To avoid being noticed, Chen Xiaobei put on the Nightstalker Outfit and made himself invisible.

As for the idiot Nikkawa Daichi, Chen Xiaobei had no remorse for him but asked Cang Jingu to finish him off and then destroy the body using the Body Dissolving Poison!

...

At Biyori Hotel.

On the eighteenth floor, Li Xiang's room was being closely monitored.

Nikkawa Okasaka and the thirty of his men and were hiding in the adjacent rooms, ready to capture Li Xiang.

"What the f*ck! Why isn't Nikkawa Daichi here yet?"

Nikkawa Okasaka was sitting on the sofa, restless. "I've been waiting for nearly two hours now! I'm bored to death!"

"Calm down, your highness!" The chubby guy on the side said, "I know Li Xiang's combat power. His True Nirvana cultivation is as powerful as our high-tier ninja! Waiting for Nikkawa Daichi to come is the sure-fire way to catch him!"

"You just keep saying that!" Nikkawa Okasaka scowled. "My wedding is near! There cannot be any mishaps! If Nikkawa Daichi don't show up and the criminal escapes, they will become a huge threat to us! How could I stay calm?!"

"I have just called Li Xiang and told him that I will think about letting him into the palace. We have him in our hands!" said the chubby guy who was, in fact, the royal chef who sold Li Xiang out. "Li Xiang ordered dinner just now, he's eating in there now!"

"Fuck! Don't talk about food! I'm so pissed! It's already dark outside and I still haven't eaten! I'm so hungry!" Nikkawa Okasaka scolded.

"What a coincidence!" The chubby royal chef grinned. "Is the Bluefin Prosperity Crane that I cooked your favorite? I saw the hotel buy a huge Bluefin Tuna when we came. They still have not gutted it yet!"

"Oh? Then what are you waiting for? Go prepare it for me!" Nikkawa Okasaka licked his lips and commanded, "Remember! You need to cut the fish and prepare the sauce for me personally!"

"Don't worry, your highness. I will personally prepare your food. I'll make sure of it. How could an ordinary cook qualify to serve you?" The chubby cook smiled smugly and left the room.

Rumble... Rumble...

The two bodyguards swallowed hungrily at the mention of Bluefin Prosperity Crane.

Seemingly, the royal chef's cooking skill must be very scrumptious and uniquely flavored.

...

"I'm sorry to keep you waiting, your highness!"

About ten minutes later, the chubby royal chef pushed a service cart into the room. He lifted the gold food cover and presented a well-made sashimi dish to Nikkawa Okasaka.

Bluefin Prosperity Crane.

Bluefin was referring to the bluefin tuna. This fish was also known as the Rolls Royce of fish and was recognized as the King of Sashimi—the best of sashimi!

Prosperity Crane, on the other hand, refers to the knife work and plating. The crimson red flesh of the tuna was sliced into thin slices like the wings of a cicada and arranged on a large platter to form the wings of a crane!

The fat chef had chosen to use the lowest part of the belly—the most expensive part of the entire fish, which consisted of only one-tenth of the fish.

The belly was marbled with thick layers of juicy fats, that melted on your tongue. The marbling also added a lifelike characteristic to the crane.

This plate of sashimi was a work of art.

The mouths of both the bodyguards watered at the mere sight of it.

"Yum..."

Nikkawa Okasaka picked up a pair of chopsticks and picked up a slice of semi-translucent raw fish, dipped it into a mixture of wasabi and soy sauce and then placed it into his mouth, savoring it.

The expression on his face was one of relish.

Then Nikkawa Okasaka let out a long, satisfied sigh. "Ahh! Master Akaihi may be number one when it comes to his sashimi knife skills, you are definitely a close second! Mmm... This is so good!"

Nikkawa Okasaka launched his chopsticks repeatedly at the fish at an expeditious pace, unable to stop.

The bodyguards could only stare miserably, swallowing their drool.

"Thank you so much for your kind compliment!"

The chubby royal chef was not mad at being called second but said arrogantly, "Master Akaihi is the God of Cookery in our country! I feel honor for being placed at the second place!"

"Unfortunately, that old man has a temper." Nikkawa Okasaka said as he ate. "No matter what I did to convince him, he refused to cook for my wedding! I only asked for him to cook for our table! He refused to even make a dish for me!"

The chubby royal chef chuckled. "That is Master Akaihi's principle: if anyone wishes to eat his cooking, they will need to give him a dish that meets his expectation in return! Or else he won't cook!"

"Stop talking about it! What a nuisance!" Nikkawa Okasaka's face darkened, irked.

Nikkawa Okasaka was going to inherit the throne! A cook refusing to cook for him was such a shame!

"Excuse me..." Just then, a young female chef walked in.

Even though she was wrapped in a chef jacket, a tall toque blanc on her head, she still looked very beautiful!

Under the toque, her dark long hair contrasted against her fair, marble neck and soft ears. Her features were delicate with fine smooth skin, and twinkling large eyes. The oversized jacket could not hide her tall frame and sexy curves. If she were to put on a different outfit, and some makeup, she would surely become an irresistibly beguiling creature!

"Is there a problem?" When Nikkawa Okasaka, who had been very unhappy, saw this gorgeous chef, he lit up with a sunny smile.

"Your chef used our ingredients but he did not pay... The head chef sent me here to ask if you are paying with card or cash..." She clasped her hands in front of her like a courteous lady.

"Little lady, why are you working in the kitchen with that beautiful face?" Nikkawa Okasaka peered at her, revealing his evil intent. "You look better than a model or a movie star. Do you want to come with me? I can become your sponsor and make you famous! You'll earn big money!"

He got up and then walked toward the beautiful chef, reached his rough palm and slapped her little ass! Previously translated as Hikari Okazaka

Chapter 999: Dealing with Matters the Old School Way

"What are you doing?!"

The female chef quickly evaded as her cheeks reddened. She took a few steps back, ready to flee but realized that the door was locked and obstructed by two bodyguards.

"Hey beautiful! Don't be scared!"

With the door shut, Nikkawa Okazaka's lecherousness revealed itself.

"If you satisfy me, you'll benefit handsomely!"

"I don't want your money! Please let me out..."

The female chef bit her red lips, desperate to escape.

But why would Nikkawa Okazaka listen to her? Not only did he not let her go, but he also reached out his filthy claws to grab her breasts.

"Stay away! If you come any closer, I will scream for help!"

The female chef quickly dodged his touch. But the room was only so big, so Nikkawa Okazaka caught up with her almost immediately. The douchebag Nikkawa Okazaka kept coming at her until she was backed into a corner!

"Go ahead and scream! It's useless! No one will hear you! Ahahaha..."

Nikkawa Okazaka approached her slowly with a smile on his face. "Pretty lady! I am a good person! Let's get to bed and chat about life and share our dreams. I promise you that my intentions are pure. I only want to watch the sunrise with you!"

He attempted again to reach out and grab her.

"Don't touch me... Please let me go... Sob..."

The female chef wailed when she felt her back hit the wall. There was nowhere else she could go. Obviously, she had never faced anything like that. She had no idea what to do in this situation. So, she curled up her tiny hands into fists and began thrashing. But the more she fought back, the more excited the perverted Nikkawa Okazaka became, the more he wanted her!

"Don't be afraid! I won't do anything to you! I only want to ride you little pony! We'll gallop away!"

Nikkawa Okazaka pinned the female chef by her arms up against the wall and puckered his lips. "Relax. Let's smooch and cuddle then bang bang bang bang! I guarantee that you'll love it!"

"No... No..."

The female chef sobbed, despair clouding her thoughts. She could not get herself away from Nikkawa Okazaka's claws.

Bam!

The door was suddenly kicked open!

"What's happened?" Both the guards at the door turned around, wide-eyed.

Smack!

Smack!

But before they could even identify the intruder, they were hit across the face by a mammoth force.

"Waa... Waa..."

The two men let out shrieked in pain like pigs being slaughtered. They hit the wall and fell to the ground, unconscious.

Whoosh!

Then the intruder lunged at the chubby royal chef at supersonic speed.

Bam!

There was another thunderous sound was followed by the zero-cultivation royal chef being sent into the air, face swollen like a balloon. The flesh on his cheek was ripped open and his fats poured out.

Instead of blood, foam bubbled from his lips and he fainted.

"What is it? Can't you see that I'm a middle of something?! What are guys prattling about? Get out!"

Everything had happened in less than two seconds. Nikkawa Okazaka had not been paying attention so he did not even turn around.

"Please let me go... There's someone behind you..." The female chef alerted Nikkawa Okazaka urgently.

"Heh, do I look like a three-year-old child to you? How could there be someone behind me... Argh..."

Before Nikkawa Okazaka could finish his sentence, he suddenly shrieked like an animal caught in a trap, eyes popping out of their sockets!

An explosive pain surged through his anus. He was caught completely off-guard!

A broomstick was driven right into his ass!

The sharp tear of flesh ripped right into his soul, tears flooded Nikkawa Okazaka's eyes. He was crying harder than the female chef.

"Who's that? Who dares to spy on me... argh... my penis..."

Nikkawa Okazaka reflexively let go of the female chef, cradled his member with both hands and turned around to get a look at the intruder!

"Nut! Buster! Kick!"

Before he could even take a peek, he felt a rush of cold air in his pants.

Bam!

A size 42 feet struck him right in the middle of his pants like an exploding bomb!

"Argh! Ow ow ow..."

Nikkawa Okazaka wailed like a banshee as he was sent into the air before hitting the ceiling and then plunged to the ground with a violent thud.

Even though he had cultivation with him, it was not high; so, the pain was so unbearable that he collapsed!

Phissh!

Phissh!

Blood gushed out from his pants.

This Japanese Crown Prince had joined the eunuch squad!

"I have not used this move for a while now. It's awesome to be able to use it every once in a while!"

Chen Xiaobei grinned. He had wanted to destroy Nikkawa Okazaka and this was an opportune time!

Of course, after he had his fun, it was time to get down to business.

Chen Xiaobei looked at the female chef and said, "Lady this is no ordinary criminal. Fix yourself and leave!"

"You... It's you..."

The beautiful female chef looked up at her savior tearily with knowing eyes as if she knew him.

"Do you know me?" Chen Xiaobei was taken aback as he was still wearing the Nikkawa Daichi's mask.

Could it be that this woman knew Nikkawa Daichi?

"Oh, no... I don't know you..." She shook her head and said weakly, "Sir, my name is Uzuishi Yasai! Could you tell me your name? I will repay your kindness when I get the chance to!"

"Yasai?!"

Chen Xiaobei was stumped. How could her name be so adorable? How could her family give her that name? That was simply too random.

"I'm not a good person and I don't need you to recompense me!" Chen Xiaobei put on a fierce front and yelled, "Hurry and leave! Stop bothering me!"

"I..."

Uzuishi Yasai looked deflated but she understood that she should not stay for too long so turned and left.

"Is there anything wrong with the mask..." Chen Xiaobei examined his mask and asked himself, "How could that girl have spotted any problem. She must have been too nervous... Forget about her. I'll send Li Xiang off first!"

Chapter 1000: Decided on the Gif

Everyone in the room was out like a light. Chen Xiaobei closed the door gently and hurried over to Li Xiang's.

He used the same method as how Jing Fei unlocked the door, and swung the door open soundlessly!

"Who's that?!" Li Xiang was vigilant and had locked the door.

"It's me! But with a mask! Don't be alarmed!" Chen Xiaobei did not use True Sound but spoke in his own voice.

Li Xiang knew about the mask so he was not surprised.

"Bro Bei, why did you put on the mask?"

"Duh! The Royal Chef you made a deal with sold you out!"

Chen Xiaobei then proceeded to explain everything to him.

Li Xiang shuddered at the thought of what might have happened. "Luckily, Bro Bei came in the nick of time! Or I wouldn't even have known how I'd died!"

"Because of that, you cannot be involved in the palace operation!" Chen Xiaobei said, "Tell me in detail your plans to infiltrate the palace so that I can go and find out myself if the ninth piece of the Orochi Scale is in there!"

Li Xiang was well aware that he could possibly show his face in the palace. It all depended on Chen Xiaobei now!

"Based on my many years of research, there is a metal brocade box that has been handed down by the descendants of Xu Fu in the emperor's residence!" Li Xiang lowered his voice and said, "You may not believe it but the metal is very unusual. No one has ever been able to open it! They've used drills, bombs, acid, even the Divine King himself couldn't get it to open!"

"I believe it!" Chen Xiaobei smiled and said, "I have seen a similar box in Paradise Island. It is made of a very rare Spiritual Material. It's not unusual that men cannot break through it!"

The box that Chen Xiaobei was talking about was the one he had bought in Paradise Island. Inside it was 2,000 Spiritual Stones that were buried with Egyptian Pharaoh!

The box was made of a material called Phoenix Rune Enigmatic Silver. Chen Xiaobei had employed Xiao'er's special ability to consume and gain 1,000 health!

If the box in the Emperor's palace was also a Spiritual Item, then Chen Xiaobei must get his hands on it!

Because one, after eating the brocade box, he could increase his health!

Second, he might find a nice surprise inside!

There was no way Chen Xiaobei would pass up on something like that!

"Since you believe it, then I don't have to give an elaborate explanation, said Li Xiang. "Now, the fact that it had something to do with the descendant of Xu Fu and the material it is made of, gives me every reason to believe that the ninth piece of Orochi Scale is inside!"

Chen Xiaobei nodded and said, "Your deduction is well established. But how am I going to get the box?"

Li Xiang said feebly, "I don't know either... You'll have to take your time and find it when you're in there..."

"Take my time to find it?" Chen Xiaobei had not anticipated that. "Since you haven't got a clue, then we'll have to see when I get in!"

Chen Xiaobei had also come to Japan with the intent of feeding the Heavenly Dog Biscuit to the higher authority of Japan!

All Chen Xiaobei had to do was make the Emperor his loyal hound. Why worry that he would not be able to find the box?

"Mm, looks like you'll have to make it up as you go along!" Li Xiang nodded and said.

There was no other option but to count on Chen Xiaobei.

"Let's go. I'll bring you out." Chen Xiaobei instructed, "Go find Cang Jingu. Once you do, find a place to hide and wait for me!"

Chen Xiaobei then jumped onto the Somersault Cloud, and flew out of the balcony and dropped Li Xiang off somewhere safe.

There was no time to delay, Chen Xiaobei quickly hurried back to the hotel.

Once he was back, Chen Xiaobei immediately put on a show.

"Oh no! The crown prince was attacked! Everyone, gather now... hurry..."

He was the one who had turned Nikkawa Okazaka into a little eunuch, but his screams would clear him of any suspicion. At once, all thirty-over bodyguards came rushing in, debating amongst themselves, creating a commotion.

"The criminal named Li Xiang is gone! He's not in the room!"

"It must have been him! He was the one who beat up the crown prince!"

"How did he do it? We were in the room next door but we didn't hear anything!"

"We have to find a way to catch Li Xiang! Beat him up and peel his skin off! Avenge the crown prince!"

...

In their discussion, they had pinned the crimes all on Li Xiang.

Moreover, Nikkawa Okazaka did not see their attacker's face.

Impersonating Nikkawa Daichi, Chen Xiaobei would never be suspected and could use his identity as the Commander-in-Chief of the Imperial Guard to blend in.

"Catch Li Xiang?!" Chen Xiaobei used True Sound and barked, "A bunch of fools! Call the ambulance now! The most important thing you need to do now is to make sure that the crown prince gets treated! If anything happens to his highness, you will all be buried with him!"

"Right! Right! Call the ambulance first!" The men nodded, unwilling to take the risk.

It was chaotic.

Chen Xiaobei, on the other hand, stood motionless. Inside, he was laughing to himself. By the time they sent Nikkawa Okazaka to the hospital, Li Xiang would already have been in hiding.

"Huh? What is that?" As Chen Xiaobei stood there, nearly bored to death, the leftover sashimi that Nikkawa Okazaka had eaten caught his eye.

Even though it was already half-eaten, Chen Xiaobei could see that the way the chef cut the sashimi was masterful. Even the plating was a work of art!

As he was looking at it, a brazen idea popped into his head!

If he gifted this to Queen Mother, would she like it?

The Prime of Tongtian had told him before that when giving gifts to the Queen Mother, it was not a matter of how precious but how rare it was!

Queen Mother had never eaten sashimi before!

The wheels in his mind turned, and he thought of arranging them in a way she had never seen!

If she is pleased, then she might just give Chen Xiaobei that 9000-year-old Saturn Peach.

"Alright! I'll send these then!" Chen Xiaobei decided. But something stopped him in his tracks.

The sashimi was prepared by the chubby royal chef!

Chen Xiaobei had punched his face so hard that the flesh tore. Which meant that he would be hospitalized for a while.

There were only four days to the Saturn Peach Feast. Should Chen Xiaobei use Hundred Herbs Potion on chubby's face?

If he were to employ another chef, the sashimi might not be as good.

Just like that, Chen Xiaobei found himself stuck in a dilemma.
