

Chapter 29

Amanda's POV

"Thank you Lucas that will be all. Please call if anything comes up" he nodded and walked out my office but first he said something at made laugh.

"Good to have you back I don't know how long I could take anymore talking from that girl Danie" she wouldn't want to here that. (No I wouldn't just wait Lucas I will get you back)

"It's good to be back" I said getting up another day at work surprisingly still no sign of Tyler nor any of his trackers. Aren't they supposed to be the best of the best.

"Um Miss Black the designs you ordered " I looked up to see Skylar walking in. I smiled at least she cares I think.

"That you. You may leave now. I think I'm done here" she nodded. I took up her designs then placed them on my desk. I could really use a blood bath right now.

I was about to walk out when my phone rang. I looked to see Cindy calling. It's been a while since she's called like months maybe.

"Hello?"

"Hello Amanda we need you right now. The flaming flower just hit market and is being presented at a party and guess who's invited"

"Who?"

"Liam Bloodshot I need you to stop him and Victor Cobra the most wanted criminal in the world. The target that escaped. Both are attending and I'm sure that could stir up some trouble you up for it " Yes a new mission.

"Hell yeah! I'm on my way" I told her thinking of ways I could kill this guy.

"Great I knew I could count on you. Call me if anything comes up"

"Will do bye" and with that I hung up the phone with a smirk on my face. This will be good.

*

"You look wonderful" Stacy said finishing my makeup. I smiled looking in the mirror. I did look nice. I decided they would recognize me as well me. So I dyed my hair jet black and it made a huge difference.

"Thanks" I thanked her then walked over to look in the full length mirror. I did look nice maybe I should keep this look. I spined around in my dress admiring myself. (Pic above)

I slipped on my beige heels then grabbed my clutch hat held my weapons well just two daggers.

"Are you ready " I nodded and she opened the door then walked with etc downstairs where the driver stood waiting.

"Bye Amanda have a good night" Stacy said waving goodbye. She was the caretaker of the house when I wasn't there.

"I will" and with that I walked out then went straight to the limousine waiting outside the driver opened the door and I got in. It wasn't easy getting an invite but I did without Liam or Victory finding out.

The drive was silent heck I only found out we arrived when the driver opened the door.

"Thank you" I said to him getting out he helped me out of the car and nodded his head then drove off leaving me here all alone.

I walked inside but was stopped by the security guards. Ugg I hate these guys so annoying.

"Name"

"Amanda Black" he checked this list then let me in. As I walked in it was like the world changed. There he was Tyler Kingsley talking and laughing with another girl. He seemed...drunk. But it didn't matter he was here and wasn't looking for me.

"Try a flaming flower " it was that same waiter from last time. No new tricks Liam I'm disappointed.

"No thanks I just had one" I lied she eyed me then walked away.

"This would be better if I knew where they were" I mumbled walked towards the small table which held refreshments. They would make there appearance soon enough.

"Would you care to have this dance?" I studied him for a moment he's a rouge but he looks oddly familiar.

"No thank you" I declined then walked over to the bar is need a drink and something to help locate where my targets are.

"Oh come on. I'm sure a lovely lady like you could dance beautifully " that where I know him from he's Conner. The one that works for me.

"I said no" he smirked. There is something wrong with this guy. I'm telling you.

"Please" I am beginning to get annoyed here.

"As much as I would love to I have to decline" I turned my attention to the bartender.

"A glass of wine please" he nodded and I stood there waiting for my drink. This gave me sometime to look for my targets.

"Here" I thanked him and started walking off into the crowd this is ridiculous what if they didn't come.

"Flaming flower" I knew better than to take one.

"No thank you I'm fine"

"I insist" she won't leave until I take one so I'll take one.

"Thank you" I took it and waited till she walked away then crushed it in anger. I was surprised to see ice blocks fall from my hand. Weird there supposed to be ashes.

"Maybe I have this dance" I turned around to see Victor Cobra my target. Perfect.

"Of course" I agreed he smirked and lead me to the dance floor causing me to leave my wine all alone. Poor wine now who will get drunk from it.

"You look beautiful" Okay this guy is complimenting me and he doesn't know me.

"Thank you sir"

"It's Victor" I nodded but rolled my eyes internally. I already know that.

"Whats yours?" Lie or truth. I didn't get to chose seeing Liam made is appearance.

"Good A ernoon ladies and gentlemen" the place was silent as he scanned the crowd. His eyes landed on my and I smirked as fear flashed his features. Guess he didn't know I escaped but he knew what I was going to do now that I was free.

"Um....Breath of pleasure is finally released for public viewing. Seeing the minor set back it will be released by the Friday of his week but only to those who can afford it" he looked at fear still held his eyes. I match his gaze causing him to look away instantly.

"Everyone here will be getting a free sample along with a flaming flower" and with that he walked of stage. But I slowly slipped from Victor sight following him. I was about to catch him up when I saw Tyler and another making out. He seemed to be enjoying him self.

"Tyler" I breathed they broke up and he looked at me in shock.

"Amanda...um...how...what are you doing here " I took a deep breath knowing Danger was coming out. She was pissed Rouge is now breaking down in tears she was never like this.

"I came to do my job. But I wish I didn't " he stepped forward and I growled.

"How come you" I was starting to yell. I knew Liam was watching this and it gave me an idea. If he wanted to find out my secret let him. I didn't care anymore.

"It was an accident I thought you were dead" Liar.

"If I was dead you would be too. You wouldn't even come look for me. I mean I've been gone for almost two weeks did you even tell my brothers I was missing I'm sure they would have cared more than you"

"I'm sorry"

"No don't apologize it was my fault for thinking you cared. No one does in the end. Well makes no sense I waste my time protecting you anymore" I smirked and turned to Liam who was now trembling.

"Liam Bloodshot. The former top member of Grim Reaper in the world. Do you know who took you place?" I asked him walking up to him.

"Tyler babe. Who is she " That's it. I turned to face the bitch who just called my mate babe.

"Listen here bitch. I'm giving you ten seconds to run or I kill you" she hurried.

"Of what" Well she just wasted her time. I took out my dagger swiftly and threw it straight at her chest right in front of Tyler.

"Times up" I said to her lifeless body I then pulled out my dagger wiping it off.

"You killed her" Tyler breathed out staring at the girl.

"Oh I've done so much worse than that honey" he just looked at me in shock and fear.

"What you don't like me now. Too bad" I looked at Liam who was trying to escape. I couldn't let that happen so I threw my dagger missing his face by only an inch.

"Now Liam you know who I am. And you know what you did to me. But do you know what I'm going to do in return " he looked to face me.

"What you scared. We both know I'm the one thing that can destroy you. And I will. But not now even though I hate to admit it Tyler can't see what I'm about to do to you. It's not going to be such a pleasant feeling and trust me I'll be the one laughing at your pain" he paled backing away.

"Please. I didn't mean to....I.....all I wanted was someone to love me" Liar.

"Cut the crap. You just wanted me for power. But don't worry I have a treat for you waiting in my dungeon. You can come out Victor I know your there" Liam's expression was more than fear.

"What do you want from me?"

"I want to kill you. Your the one person on my list that didn't die. And since I'm pissed I'll make your death slow and painful" taking out my other dagger it used it the pin him to the wall by his jacket.

"Aren't you afraid of what your mate would think"

"No. He wanted to know the truth why not let him see it. The real me" I laughed then again turned to Tyler who looked at me in disgust.

"Your not Amanda"

"No this is the real me. Don't like we'll too bad. I'm sick and tired of playing miss goody two shoes. I changed for you I put down my barriers I protected you but you wouldn't do the same for me. Instead you were here making out with some dead chick"

"I didn't mean to-"

"Just shut the fuck up and get out of my sight!" he stood up and walked away his head lowered in shame. You should be ashamed.

"Damn she just sent her mate away" Victor said to Liam.

"Now for you two. Your coming home with me" they gulped while I smirked.
