

## I Rejected You, Alpha – Chapter 12

ELEIA'S POV

—

Aiden had put on the air , the cool breeze falling on my back feels like heaven after my back rolled through hell fire .

“You okay ?” His voice is soft , full of care as his fingers drag through my hair .

I haven't moved , I laid still until the burning slowed and went away and afterwards , I just breathed .

I needed to after I screamed my lungs out .

“I'm okay .” I mutter , forcing a small smile onto my face , I don't even know if he can see me , but I want him to believe me .

“Are you going to climb in bed with me ?”

I sigh , propping myself up onto my elbows and the pain I expected never comes .

My breasts were pressed into the duvet and I reach for my shirt .

He stares at me as I sit up onto my knees , his blue orbs fixed on my breasts as I tug the shirt over my head .

I tug my hair out of my shirt and my dark locks cascade down my back .

“Come here .” Aiden holds his hand out , he always sound so demanding in a soft way , but I know that even if I didn't want to , he wouldn't force me .

I take his hand and crawl closer in my knees before our hands let go of each other and I fall into his arm , my head resting on his shoulder .

“I am so sorry .” He breathes out and I smile , genuinely , “You have no reason to say sorry .” I use his words and he chuckles , his eyes glassed over .

“You can’t use my words .” He sucks in a breath and I swing my arm over his abdomen , cuddling into his side .

“I can .” I argue , my eyes falling shut and I relax as the warmth of his body engulfs me , his spicy scent calming me .

“Let me just turn off the light .” He mutters before shifting from beside me and I sigh , turning over and cuddle into the pillow .

The lights turn off , but the light of the moon shines through the light curtains and I can’t help but stare at the beauty .

I haven’t stared at the moon at night in so long .

I use to catch a glimpse whenever it was my turn to take out the trash at night , but this is a whole other level of appreciation towards the night’s natural light .

The way it lights up everything makes my heart warm .

The bed dips behind me and his bare chest presses to my back , his legs spooning mine as they’re folded , “Are you staring at the moon ?” His lips brushes against the shell of my ear .

I nod and he places a kiss on the crook of my neck , heat spreading down my back to my core .

I try to focus on the beauty on the outside of the window , but with his hand sliding up and down my arms as he places kisses from the crook of my neck up to my jaw .

My head automatically goes to the side , giving him more access .

“You taste divine .” He murmurs against my ear , his hot breath making shivers break out all over my skin .

His hand trails from the outside of my arm to my waist , his fingers snaking underneath my shirt .

The warmth of his hand gliding in between my ribs make my body shiver and it gets worse when his fingers slide down towards the waistband of my pajama shorts .

His fingers linger just above the waistband and I suck in a breath , my body flexing , my stomach sucking in .

“Relax .” He breathes out and I want to turn to him , but the way his hard on is pressing into my behind , is erotic .

It makes me want to arch my back , to push my a\*s into his groin .

I try to do what he tells me , but I struggle to relax as my breathing speeds up .

His spicy scent engulfs me , my mind hazy as I feel him press into me more .

I chew on my bottom lip before scooting back , a soft growl escaping his lips as my a\*s grinds against his rock hard on .

His hand raises to my hip and he tugs me even closer to him .

I prop myself up onto my elbow before turning so fast , but his hand slide around my waist as I twist and I climb on top of him .

“Do you want me ?” My bottom lip pushes out into a pout and his eyes are darker , like the ocean during the storm in the night .

He stares at my lips , his tongue gliding over the top row of his teeth .

He nods and my insides twist in excitement , heat forms in my abdomen and I grin as he uses his hands , that are now resting on my hips , to rock my hips back and forth , his hard on making me whimper as the tension between my legs grow .

It’s like a wildfire in my stomach , making my heart race and my body shake .

“I want you so bad .” He grumbles , his voice low and the vibration from his chest makes my chest clench .

“Then have me , I’m right here .” My hands are rested on his abs , my fingers brushing over those sculpted lines .

“I can’t .” He shakes his head and it’s like a bucket of ice water is thrown all over me .

I'm not turned on anymore , I'm not flushed , I'm not excited in the inside anymore .

"Why ?" I frown and I try to drop to his side , to get off his hard on pressing against my clit through this thin fabric .

"Because ." His hand raises from my hip upward to my waist , all under my shirt .

"It's not good enough ." I shake my head , my eyes glassing over with unshed tears .

"Don't cry ." He shakes his head , his voice stern , his body tensing under me .

"Then let me off ." I croak out , feeling like I'm being used .

Maybe all these alpha's are the same .

Heartless .

"I like where you are right now ." He grins , but this isn't funny .

I shake my head , a hot tear rolling down my cheek and his jaw tenses , his fingers digging into my waist as anger radiates off him .

"If you don't want me , don't say you do ." I swat his hands off me before I drop to his side , rolling and I turn my back to him .

The anger grows more and more and the tension in the room makes me wish the bed would swallow me whole .

"Don't be mad..." his hand comes snaking around my waist and with one swift motion , he tugs me against him .

"I am ." I grit out , the need in my heart is more than the need between my thighs .

"Because I won't f\*\*k you ?" He grits out and my cheeks heat at his straightforwardness .

"Or because I act like I don't want you ?" He asks when I don't answer his stupid question .

Of course I am mad about it , he's my mate . He shouldn't be able to keep his hands off me and his groin out of me .

I shrug , refusing to answer him and he sighs , his body pulling back from mine , yet still close .

His head appears next to mine and he stares down at me , his ocean orbs boring into the side of my face .

"I don't want you right now , because when I make love to you the first time..." he inches closer , resting his chin on my shoulder , "I am going to sink my canines right into the crook of your neck ." He blows a breath into my neck , his hot breath fanning the specific space where he would mark me .

"And I will mark you and f\*\*k you until you see stars and pass out , I want you , but under the full moon in three days ." He whispers , his hard on pressing into my bum .

It takes everything , every ounce of power not to jump his bone right now .

I nod , focusing my gaze on the moon , that's almost full , but not quite yet .

" So don't be mad ." His nose nudges my shoulder and I sigh , "Can we just sleep ?" I plead in a soft whisper .

"Are you still mad ?"

"No ." I tell the truth .

I can wait for three days , I can enjoy the few days I have before I become his mate , before I become his Luna and I can spend it with my best friend , my rock , my soldier .

He snuggles into my back and I don't know how long I stare at the moon , but Aiden's body relaxes , light snores escaping his mouth and it feels like it's four am when I fall asleep .

Two hours , two hours I wake up , jolting up in fear as I think I'm late for work but as I turn my head , Aiden is fast asleep , laying with his one arm above his head , his other hand resting on his lower abdomen , his one leg bent , foot to his calf of the straight leg .

I inhale deep breaths , letting it out slowly as I calm myself and my pulse slows down as I calm down .

I head to the bathroom , doing my business before I head out of the room , glancing over my shoulder at sleeping Aiden .

His hair is a mess , his plump lips parted .

I walk out of the room , down the stairs and it feels criminal .

I am not use to being in this house , I feel like I'm still a guest , but I have only been here a day and it's still weird .

Trotting down the steps , I bump into Stefan on the way down as he comes up .

“Sorry .” I jolt back and his hands grab my arms as he holds me upright .

“Careful , I don't want Aiden's wrath for breaking one of your bones .” He chuckles and I roll my eyes , “I don't break that easy .” I scoff and his hands let go of me .

“Are you hungry ? Need water or something to drink ?” He offers and I shrug , “I'm not hungry .” I confess .

I didn't eat everyday , I am use to feeling empty on the inside and he nods , “Just don't leave the house . No one knows you yet .” He warns and I nod before continuing down the stairs .

I find the kitchen and grab a cup from the see through cupboards and fill it with tap water .

I gulp down the liquid , my insides praising me for drinking water and refill again and drink the cup empty .
