

## Love & loved

ELEIA'S POV

--

After arguing back and forth , alpha Regan , I mean my mate , Regan , let me go back to work while he said he would talk with his mom and dad .

I continued to clean their room , dancing as I walk around in excitement .

I continue to clean like on a regular basis , glancing everywhere to nd my mate , but he's no where to be found .

Rosie nally shows up , grabbing my arm before pulling me aside .

"Why did alpha Regan pull you into his room this morning?" She whispers and I glance around , making sure no one could see me .

The brightest smile creeps up my face , "He's my mate ." I whisper as she gasps , staring at me with wide eyes .

"Are you joking with me ?" She slaps my arm and I inch to the side , "No ." I frown , "You better be careful ." Rosie warns and I roll my eyes , he would never hurt me . Why should I be careful ?

"He's my mate Rose , relax ." I shrug her warning off .

"I just don't know where he is ." I frown , glancing around .

"Well she should be at dinner right now , it's seven ."

My eyes widen , I have been in my own happy bubble all day that I didn't realize the time .

"I should go nd him ." I beam , my shoulders raising in excitement .

"Eleia , let him nd you ." It does sound better , it makes me excited .

"Okay ." I beam and I continue to clean , helping in the kitchen with dishes , hoping that he would stride in here , grab me in front of everyone and kiss me , claiming me as his .

But he doesn't , I work until it's time to go to bed and I wait in the kitchen .

The lights suddenly turn off , my body tensing as the air shifts and I nd comfort in the fact that I know it's him .

My eyes adjust and a silhouette appears in front of me , his arms snake around my waist and sparks ignite in my arm as his bicep brushes against mine .

"Hello gorgeous ." His voice is deep .

I giggle , not being able to believe that I found my mate .

My alpha mate.

His hands trail my body before he grabs my hips , lifting me up into the air and places me onto the counter like I weigh nothing .

I giggle as my skirt rides up my thighs .

"Are you done working now ?" He brushes his nose against mine ever so lightly and I hum in response .

"Good ." His one hand moves to my thigh , his other cupping my face before he grabs my chin in between his ngers .

"Kiss me ." He demands and I smile , leaning into his embrace to kiss him .

A part of me has a lot of questions , but the other part of me just wants to kiss him .

Our lips lock on one another , a sweet taste coating his lips and zi get lost in the devine taste .

"So sweet ." He mutters seductively against my lips and heat pools between my legs .

His hand drags up my thigh , pushing my knees apart as he steps in between them , his hand sliding in between my legs and he brushes his thumb over my clit , above my panties .

He groans as he feels how soaked the material is .

"Just for me ?" He asks , pulling back and I whimper at the loss of touch .

"Words princess ." His lips brush against mine before he pulls back again .

"Yes ." I croak out and his lips press against mine as he slowly shoves my panties aside , slipping a nger into my cunt .

I groan against his lips as I feel my insides stretch and he hums as he slips his nger in and out before adding another .

I hiss , accidentally biting his lip , hard and I could taste the blood drawing from it .

He pulls back , a low growl escaping his lips .

He picks me up after the counter , dragging me out of the kitchen , up the stairs , all through the dark .

I struggle to keep up with his long strides and I almost trip a few times , but he doesn't stop .

Crystal lets out an excited howl in my head and I could feel the excitement grow in between my legs .

He tells me to keep quiet as we make our way down the hall and he pulls me into his room , which is as big as the basement we all sleep in .

"Why did we have to be quiet ?" I whisper , making him laugh as he pins me to the door .

"Hush , little one ." He grins before dipping his head , silencing me with a kiss .

I don't push him away as he's very tasty , my tongue sizzling in pleasure .

He reaches behind me , loosening my apron .

He breaks our kiss momentarily , lifting the apron off my body , dropping it to his side .

His dark orbs stare down at me , grinning as his hands nd the hem of my shirt , "Hands up ." He demands and I lift them like I don't even have a choice , like it was my idea .

He tugs my shirt up , over my head and tosses it with my apron .

"Turn ." He demands and I freeze , gulping as I shake my head at him .

He sighs , shaking his hands behind my back , his ngers brushing against the whip's bruises before unclipping my bra .

I don't know if he felt it , but if he did , he didn't say anything .

He slowly drags the straps off my arms , his ngertips brushing over my skin ever so lightly , making me shiver as it feels like electricity owing through me .

I unzip my skirt and he steps back , watching me as I shake my hips side to side , letting the metrical fall to my ankles .

He holds out his hand , grinning and I happily take it .

"Such beauty ." He breathes out , giving one hard tug and my body collides against his , his other arm snaking around my back and hiss escapes my mouth , but I try to cover it with shutting my mouth .

Corncer ashes through his eyes , "Did I hurt you ?" He asks , his voice full of guilt and I shake my head , "No , I'm ne ." I lie , I don't know who knows about the whipping and I don't want to get in trouble .

"Turn ." He demands , ripping his hands off me , my lip trembling in fear .

I shake my head , refusing , "I said turn ." He uses his alpha tone and my head falls forward , my chin pressing against my chest as I slowly turn with my eyes burning into the tiled oor below me , hoping that it would split open and suck in me whole .

I could feel his eyes trail my back and he steps closer , the hair at my nape raising .

His hand grabs my shoulder , this thumb pressed to my back .

"Such beauty ." My eyes widen , isn't he going to ask what the hell happened ?

Isn't he going to ask who did this to me ?

All thoughts are washed away as his hand snakes to my front , his lips pressed to my neck and he pulls me back , turning me to face him and he crashes his lips against mine , walking me back until the back of my legs hit the bed and I fall back , the softness making me want to yawn , but he's off me and on me in a few seconds and once he hovers around me , he's completely naked , his hard on rubbing up against my cunt .

"I'm going to f\*\*k you until the sun rises ." He whispers into my ear before he shoves my legs apart further , not saying another word as he lines up with my entrance , his eyes never leaving mine before he thrusts into me , hard and fast .

I shriek in pain , but he didn't seem to hear as he just starts thrusting in and out of me repeatedly .

The pain fades and soon sparks take over , the ery sensation in my stomach erupting in pleasure .

"Moan for me , little one ." He demands , his hand lightly wrapping around my throat and as his hand grab my wrist and motions me to nger myself , I do , as if I have done this a hundred times before .

"Yes ." His eyes is focused on my hand as I circle my clit , my walls clenching around his d\*\*k .

"Fuck." He curses under his breath as he picks up his pace , his grip around my throat tightening .

My legs shake and I give in , my orgasm rips through me and he falls next to me breathlessly .

I turn to look at him with the brightest smile on my face , but it falls as he gets up , putting his clothes back on .

I sit up in confusion , hissing at how sore I am .

"Where are you going ?" I tug my hair behind my ear .

"Get out ." He scoffs and my body goes numb .

"What ?" I ask , hoping I misheard , but it's nearly impossible to do so when it's only two words .

"I said get out of my f\*\*\*\*g bed ." He seethes and my eyes widen .

I crawl onto my knees , pulling the duvet up to cover my nakedness .

"But I'm your mate ." I force a smile onto my face .

"The f\*\*k you are , you were a good shag ." He rolls his eyes , xing his hair .

"Now out , get off my land too . I never want to see you ."

"Regan ." I gasp , unable to believe that he means what he's saying .

His head snaps into my direction , eyes darker than ever , "Alpha to you , you useless mutt ." He grits out , my heart tearing apart .

"I , Alpha Regan night .." he freezes , hopefully realising that he's being stupid .

"What's your name ?" My body goes numb .

"Let me save you the trouble , I , Eleia Green , reject you , Alpha Regan Night , as my mate ." I seethe as I toss his bedding off me , getting to my feet and I walk to my clothes , putting it on .

"I , Regan Night , accept ." He scoffs and my knees buckle as my body aches and I drop to the oor .

He isn't going to see me break .

I pick my underwear and apron on , painfully managing to get to my feet .

"And I'll be gone in an hour ." I grit out before opening the door .

"Now ." He seethes , anger radiating off him and the sound of bones breaking has me whipping around .

His tall wolf hovers over me and I run , I run for hell with him on my heels .

My legs want to give out , but I know that if I stop now , I'm going to be dead .

I run to the end of the border and only then does he stop hunting me as if I were his food .
