Ex-Husband Wants Badly to Resume Their Marriage Chapter 49

Mr.Proctor Wants to Know If You Have F

It turned out that young master, who had been dating Giana for a long time, was married.

This time, it was his wife who had exposed their relationship to the public.

She posted many private photos of that man and Giana, such as eating, hugging and kissing.

She focused all her attention on Giana and wanted to drive Giana out of the entertainment industry.

No one knew how many cheap armies she had bought on Internet to scold Giana and spread the rumors.

Because of this, Giana kept away from the spotlight for some time.

Finally, Giana said, "It is inevitable for your friend to feel sad, but I believe that she would rather know the truth, than feel happy like a fool."

Sharon replied, "I see.I'll talk to her sometime."

Putting down the phone, Sharon went into the bathroom and washed her face with cold water to wake herself up.

She needed to finish the draft in three days, and she couldn't procrastinate like this anymore.

Sharon finished the sketch within two and a half days.

Then she sent it to Jeffery and began to revise it during the rest of time.

However, after sending it to Jeffery, she got his reply quickly, which said, "That's good.You've worked hard for this.I'll have someone make further improvement about it."

Sharon said, "Alright.Then I'll send you the finished draft."

After she sent the draft, Jeffery sent another message two minutes later.

"If I want to invite you to my mother's birthday party, will you come?"

Sharon was stunned when she saw these words.

Jeffery replied, "I think that if the jewelry designer can personally explain the significance of the jewelry to my mother, she will be happy.However, I understand if you wont come.I won't force you."

Sharon replied, "I won't go to the birthday party.Happy birthday to your mother."

The next day, Sharon went to report to Lance at Lumiere Jewelry.

As soon as she arrived, Tiffany pulled her aside and said, "Sharon, are you free tonight?"

"Yes.What's wrong?"

“Asher has been back for a while. He always says that he wants to have a party and invites some friends over. I thought that you still had your work to deal with before, so I didn’t tell you about this. Since you are free tonight, why not come and join us.”

Tiffany muttered, “I don’t even know many of his friends. I’ll be more relaxed if you can come.”

Looking at Tiffany’s disappointed expression, Sharon felt it hard to refuse her.

By the way, Sharon also wanted to take advantage of this party to explain the misunderstandings.

After a while, Sharon gently nodded, “Alright. I’ll go with you.”

Tiffany instantly smiled and gave Sharon a big hug.

“Great! Go to see Mr. Carter. I’ll go shoot first.”

When Sharon arrived at Lance’s office, she saw a woman sitting inside.

“Hey, Ally, perfect timing. Let me introduce you. This is Rita, the new designer of Lumiere Jewelry.”

Before Lance started to say more about her, Rita stood up and smiled at Sharon, “Hello, Ally. I’ve heard a lot about you.”

Sharon knew Rita, who was the second place winner of the Emerging Designer Competition three years ago and also the person who took her place to study in Paris.

Sharon politely shook hands with her and said, “Hello.”

After this, Lance said, “Ally, you will still be in charge of the First Love collection, as well as the tailoring business. As for Rita, you should be in charge of the new collection.”

“Mr. Carter.”

Lance was in the middle of a sentence when Rita cut in.

She said, “I have a suggestion.”

Lance paused and said, “Go ahead.”

“I also want to be a part of the tailoring business.”

She smiled at Sharon and continued, “Don’t get me wrong. Ally, I’m not trying to steal your job. It is because I’ve been doing tailoring when I was abroad. I know more about the styles that those rich ladies and girls like.”

“Well...”

Rita added, “Besides, we can submit two drafts. And the order will belong to the person whose draft is preferred.”

Sharon smiled faintly, “Alright.”

Seeing that Sharon agreed, Lance could only say, “Well, that’s settled. I’ll call you if I need to talk with you about work.”

What Lance didn't say was that all of the people, who had come to Lumiere Jewelry for personal customization, actually came here for Sharon.

Walking out of the office, Sharon was just about to leave when Rita stopped her, "In the future, we will be colleagues and competitors. I will try my best."

Sharon stopped and turned around, "Me too."

"Then let's see who will win."

After leaving Lumiere Jewelry, Sharon went to wait for Tiffany at the studio.

During break, Tiffany came over and gossiped with Sharon.

"I just heard that Lumiere Jewelry signed a new designer. It's said that she has just come back from Paris and has participated in several fashion shows. It's also said that she is little famous in the jewelry industry and extremely arrogant. I think you'd better avoid meeting her in the future. Don't provoke this kind of person. She's so annoying."

"I've seen her actually," Sharon said.

"What? When?"

"At Mr. Carter's office just now."

Tiffany was surprised and didn't know what to say.

Just as she was about to ask what had happened in Lance's office, the celebrity had changed and come out.

She asked Tiffany to go over for the shooting.

Tiffany whispered, "It will be finished very soon. Wait for me."

"You go," Sharon nodded.

Not long after, Sharon received a message.

Jacob said, "Ms. Allyson, Mr. Proctor wants to know if you have finished."

Sharon was speechless. She wondered if Jameson had installed a camera on her.

As long as she had a rest, he would begin to urge her to do something. Sharon fiercely typed the letters.

"No. Tell him I'm busy now."

Very quickly, Jacob replied, "Mr. Proctor asks how busy you are."

Sharon gritted her teeth and said, "I am so busy that I haven't eaten for two days or washed my hair for a week."

Jacob replied again, "Mr. Proctor says you are so devoted to your job. Good luck."

Sharon put down her phone and took a deep breath to calm down.

If it wasn't for the fact that Jameson had framed her, she wouldn't be caught up in a 10 million debt.

How could he still say 'good luck' to her? Asher booked a high-grade restaurant.

People who came here were all from rich or powerful families.

By the time Tiffany and Sharon arrived, almost everyone was there.

Asher was walking around the private room and chatting with others.

Seeing Tiffany and Sharon coming, he immediately came over to greet them, "Tiffany, Sharon, you finally came."

As he spoke, he looked at Sharon and apologized to her, "I'm sorry about what happened last time. I always want to invite you to a meal, but I'm too busy with my work...."

As he spoke, a woman walked over and said to Sharon, "Asher, is this your girlfriend? She is so beautiful."

Asher was a little awkward.

He explained, "No, she isn't. The one next to her is my girlfriend."

"Well, I've always heard you say that your girlfriend is very beautiful, so I thought she should be this lady."

As she spoke, she stuck out her tongue at Sharon and said, "I'm really sorry."

Sharon's expression did not change as she said indifferently, "It doesn't matter, Miss Beck."

Yadira smiled and said, "There's no need to be so polite. I'm Asher's colleague. You can call me by my name."
