

The Ex-Husband's Revenge By Dragonsky

Chapter 1031-1040

“As for going back to the Youngs, let's make plans once you've recovered,” Leon said after a moment.

He was still no match for Harold at that moment, there was no way he would have the ability to help Elder Young and the others return to the family.

However, he **was** already at the bottleneck of the initial Foundation

Phase in the Sage Arts. Once **he** improves even more and broke through to the intermediate Foundation Phase, he would be able to easily defeat Hard!

Then, he would use **the** Collins and the Southern King's power, and would probably be able to help them rejoin the family!

He felt like they would probably not **have** to wait too long!

“Yes, **I** understand. As long as you do your best,” Elder Young said.

“Alright, get some rest for now, I won't disturb **you**.”

Leon excused himself. After **that**, he left with Ruth and Louisa.

Very quickly, Elder Young, Gilbert, and Iris were the only ones left **in** the room.

Iris stayed behind to take care of elder Young, and Gilbert merely **stood** there with a dark look on his face, thinking about something.

“Gilbert, why are you standing there?

If you don't need anything else, go and get some rest. At least you won't be frustrating me here!” Elder Young berated coldly. He was still not willing to forgive Gilbert for giving away the Youngs' family assets.

“Dad, we can't wait for that long!” Gilbert finally made his decision after hesitating for a moment.

“What do you mean?” Elder Young was confused, wondering why Gilbert said something like that.

“Dad, you should know very well that Leon's skills are only at the peak Supreme Master level. If he wants to exceed or defeat Jacob, he'd need at least three **to** five years!” Gilbert said.

The Semi Overlord State was **above** being a peak Supreme Master. Only after that came the Overlord State.

The Overlord State was the second **great** hurdle for a martial **artist**. It was incredibly hard to reach that level. Many of the older generations in Springfield City could **not** reach that level even after training their whole lives!

Gilbert knew that Leon was an incredible genius, but even he would need at least a few years to get through those two levels!

That was already an incredibly generous estimate!

“So what if it would take a few years? We can't rush these things. All we can do is wait patiently!” Elder Young said in a low voice.

He knew **very** well that Leon was a powerless orphan without a force behind him. At the most, Leon was just a potentially powerful man.

There was no way Leon would have **the** ability to overturn Harold at that moment and help them return to

the Youngs!

If they wanted to rely on Leon, then they had to patiently wait for Leon to grow. That was something out of their control.

“No that would take too long! Daisy hasn’t taken over the Youngs for too long at the moment. Harold and her probably don’t have full control of the family yet. We have to take the chance to move as soon **as** possible! If we wait for a few years and let them slowly swallow up the family, it’d be too late!” Gilbert said anxiously.

Ever since they found out that Royce was not his son, he already hated Daisy and Harold to **the** bone. **He** wanted nothing more than to kill that couple!

He did not have the patience to wait for years.

Furthermore, it seemed like it would be better for him and Elder Young if they could strike as early as possible.

Instead, if they waited for too long and let Harold swallow up the family, it might end up **useless** even if Leon

exceeded Harold’s skills in the end.

The Ex-Husband’s Revenge By Dragonsky Chapter 1032

Leon would just be alone. It would be a pipe dream for him to fight against the combined might **of** the Youngs and the Lowes!

In the end, Leon might not be able **to** help them return to the Youngs even if he tried his whole l

ife. If they waited for Leon just like that, they might never be able **to** return!

“I know! However, we’ve already been abandoned by the family. We have nothing now, so how would we fight back?!” Elder Young sighed helplessly.

In truth, he knew that a few years was a long time, and a lot of things might happen during the time.

Furthermore, all his power was gone, and Gilbert was not that useful. In the end, he had to put all his hopes

on **Leon!**

There was no other way.

“No, there’s someone else who **can** help us!” Gilbert said with fire **in his** eyes.

“Who?” Elder Young was shocked. He looked at Gilbert uncertainly.

“Anson! No, to be precise, **it’s** the Collins!” Gilbert **said** seriously.

“The Collins? **We** have nothing to do with them. Why would they help us? It’s impossible!” Elder young

sniffed.

He wondered what kind of idea Gilbert had, but he was **just** speaking **nonsense**.

“There’s nothing impossible about it! Dad, you don’t know this, but Anson Collins has always liked Iris a lot. He has constantly been sending Iris gifts and flowers. If Iris **accepts him** and **gets** engaged to him, we’ll **be** able to use the power of the Collins to **easily** take back power over the family!” Gilbert said firmly, finally revealing his intentions.

He knew very well that, even though Leon managed to gain the Collins' **protection** at **that** moment, they were just using each other. At **the most**, **the** Collins would protect Leon, they would not fight the Southern King for Leon's sake!

However, **if Iris became** Anson's fiance, then it would **be** completely different.

The Collins would be able to face Harold and Daisy head-on. Then, they would be able **to** return to the family!

That was much more of an assured situation than waiting **for** Leon to grow!

"What?" Iris was shocked, not believing her ears.

She **finally** understood what her father wanted. **So** Gilbert was still fixated on Anson going after her, and wanted her to leave Leon and be with **Anson!**

At that moment, she was furious.

Leon helped them so much, but Gilbert did not seem to care. He never seemed to be satisfied with Leon.

It infuriated her, but there was **nothing** she could do **about it**.

"That-"

Unlike Iris's anger, Elder Young's heart skipped a beat. He could not help but be tempted.

He knew that Gilbert was right. With the power and wealth of the Collins, they would be able to help them get back the family!

If Iris and Anson got engaged, it would be a shortcut!

“Dad, what are you saying?! I love Leon. he’s my boyfriend. I’ll never leave him! Just give up on that!” Iris said angrily.

“That’s right!

Iris is right! Gilbert, we already did so much wrong when we forced them apart. Iris tried so hard to get back with Leon. Are you going to keep on with your mistakes?!”

The Ex-Husband’s Revenge By Dragonsky Chapter 1033

Elder Young looked unhappy, quickly waking up from that dream.

He was able to survive this time all thanks to Leon risking Leon’s life to save him from the Youngs and Leon’s medical **skills**.

Leon saved him so many times. He actually forced Leon and Iris apart for the sake of his own benefits, it would be too dishonorable!

He was not an idiot like Gilbert.

“Dad, **I’m** doing this for Iris’s sake.”

Seeing as his thoughts were not able to gain Elder young’s approval, Gilbert tried to explain himself. However, he was interrupted by Iris immediately.

“I don’t care about that! Back then, you kept on saying it was for my own good when you force me and Leon apart, making us **go** through so much! It took so much for the two of us to get back together, and now you’re trying to break us apart with the same excuse! You’re really crossing the line!” **Iris** was furious.

It was obvious to her that Gilbert just wanted her to get together with Anson for the sake of his own benefits.

Suddenly, she was filled with disappointment for Gilbert.

“That’s right!

Gilbert, if you really are doing this for Iris’s sake, then don’t ruin her happiness with Leon again! As a father, you really **are a disgrace!**”

“Yes, **I’ll** admit tht he really helped us a lot during this period. I’m thankful to him, but that’s different from giving Iris to him! A man that plays around like **him** isn’t worthy **of** Iris at all. Iris won’t be happy with him!” Gilbert said firmly.

“Plays around? What do **you** mean by that?” Elder Young looked confused, unsure of what Gilbert meant.

“Dad, let me be honest **with** you! Two days ago, I witnessed Leon being naked with Ruth on the same bed, Iris and Louisa saw it too. Leon said he likes Iris, but he’s actually trying to get with so many different women. Can an unreliable man like that really bring Iris happiness?” Gilbert said with **a** cold smile.

“What? Something like **that** happened? Are **you** serious?!” Elder Young was shocked. He immediately sat upright.

“No, that’s not it. Grandfather, don’t listen to him! Leon just didn’t have a shirt on **at** that moment. He did not do anything to Ruth. Dad was just mistaken.”

Iris was shocked. She never thought that her father would bring that up, and hurriedly tried to defend Leon.

“Without a shirt? Then, that really did happen!” Elder Young was stunned. His face immediately sank.

Iris just admitted to Leon’s crime. Of course, he did not see it for himself, but he could guess what happened as well. Nothing needed to be said about the fact like Leon did not have a shirt on while being on the same bed as a beauty like Ruth!

If Gilbert and the others did not stumble onto them, Ruth and Leon would have gone even further!

“That-”

Ruth was speechless.

She knew that Ruth caused such a huge misunderstanding to get the complete Mysterious Maiden Method.

The Ex-Husband’s Revenge By Dragonsky Chapter 1034

Yet, the Mysterious Maiden Method was **an** incredible Absolute Method that **was** incredibly significant. **She** definitely could not just tell that to Elder young and Gilbert.

Even though the two of them were her relatives, Gilbert was an incredibly selfish person. **He was** also not someone all that farsighted.

If Gilbert knew that **Leon** had **an** Absolute Method, the results would be disastrous!

“Grandfather, **I can’t** explain this to you at the moment! It’s just a misunderstanding. Leon’s not that kind of man. I trust him!” Iris said firmly.

“Alright, even if Ruth was just a misunderstanding, what about Cynthia? Is Cynthia’s matter a misunderstanding as well? Leon abandoned Cynthia during their engagement. That’s something everyone in Springfield City knows! If he managed to abandon Cynthia, he might end **up** abandoning you like that someday as well!” Gilbert siffed.

“It’s not like that”

Iris bit her lips. She wanted **to** explain, but did not know what to say.

There was no way she could tell Gilbert that Leon and Cynthia already made up and even had her permission.

If Gilbert and Elder Young found out about that, they would explode in fury!

“Gilbert, what happened? Explain!”

Elder Young asked with a low voice. He had a dark look on his face.

He was confused as well. Leon was clearly Cynthia’s boyfriend, **so** how did Iris suddenly get back with Leon?

It **seemed** like there were **some** stories behind it!

“It’s like that.”

Gilbert told Elder Young about how Iris caused **a** scene and Cynthia and Leon’s engagement party and how Iris almost died.

“**What? Iris** almost died for Leon?”

Elder Young’s face paled at that.

“That’s right! Dad, Leon has had questionable relations with Iris, Cynthia and Ruth. Someone as

irresponsible as him isn’t reliable at all. How could he give **Iris** the happiness she deserves?!” Gilbert said in a hurry.

“**Yes**, you’re right. A man like that isn’t worthy of **Iris!**” Elder young nodded, finally agreeing with Gilbert.

“Grandfather, it’s not like how you think. Leon has his reasons too. He was forced.”

Iris panicked. She wanted to defend Leon, but she was interrupted by Elder Young before she could finish.

“Iris, stop talking! Not only is Leon in a dubious relationship with Ruth, he’s betrayed Cynthia before as **well**. He’s just too disgraceful! You’ve already died for him once. I don’t want you to die for him again **if** he betrays you in the future!” Elder Young said decisively.

Even though Leon helped them a lot, Gilbert was right. They were thankful to Leon. They would repay Leon if they had the chance!

However, he would never give his granddaughter to someone like Leon!

Iris was furious when she saw that Elder Young was convinced!

you don’t

agree,

“No! Leon will never betray me, and I’ll never leave him! This is between me and Leon. If you then I’ll just elope with him!”

The Ex-Husband’s Revenge By Dragonsky Chapter 1035

Chapter 1035

“In the future, you can deal with the Youngs yourselves. Leon and I won’t bother with you anymore!”

Iris already panicked. She decided to just blow things up so Elder Young and Gilbert would not be able to do anything to them or continue interfering with her relationship with Leon.

“You-

11

Elder Young and Gilbert were furious when they saw that Iris was adamant about being with Leon, but there was nothing they could do.

Gilbert clenched his teeth. He looked like he made a decision. He started to kneel down in front of Iris.

“Dad, what are you doing?”

Iris was shocked. She reached out to pull Gilbert up.

However, Gilbert was already an advanced Supreme Master. No matter how much strength she used, she

could not move Gilbert at all.

“Iris, I’m begging you. Leon isn’t worthy of you at all. You should leave him and accept Anson!

Anson really does love you. As long as you get engaged to him, we’ll be able to use the Collins to regain power over the family! It’s perfect!” Gilbert begged.

For the family and his pride, he was forced to do that.

“Dad, get up first!” Iris’s face reddened.

No fathers even knelt down in front of their daughters. Iris’s head was a mess at Gilbert’s begging. She did

not know what to do.

“I won’t get up if you won’t agree!” Gilbert said firmly.

“You!”

“Dad, Leon and I really do love each other. I won’t leave him! He’s already given up everything for the sake of our family. It’s one thing if you aren’t grateful, but why do you insist on tearing us apart.”

Iris was on the verge of tears.

She was forced to break up with Leon after being forced by Elder Young and Gilbert before that, and almost

lost Leon.

She went through *so* much to get back with Leon, but Gilbert objected to it again!

She was sad and miserable!

“Iris, I don’t want to make things difficult for you either, but I’ve got no choice! It’s all my fault. That’s how the Youngs ended up in the hands of Daisy and Harold. This happened because of me, and I have to figure out a way to fix it! Otherwise, I won’t be able to face the family!” Gilbert blamed himself and said.

“I know, but didn’t Leon already agreed to help us? I trust that he will help us return to the family!” Iris said.

“That’s not necessarily true! Even though he agreed to it verbally, he’s still alone. We don’t know how long it’ll take for him to accomplish this. He might never be able to! Anson is different. As long as you get engaged

to Anson, the Collins will easily be able to help us return to the family! Of course, the most important thing is that Anson is sincere to you. He’s much more reliable than Leon. I know he’ll make you happy!” Gilbert said.

“Iris, your father’s right! He really does want the best for you. He doesn’t want you to end up with the same fate as Cynthia. Just agree to him!” Elder Young advised.

Ever since he knew of what happened between Leon and Cynthila as well as fluth on top of how much fris

being with Anson would help them, Elder Young's thoughts changed as well. He started to support Gilbert's

decision!

"Grandfather, are you going to tear Leon and me apart too?" Iris's heart sank completely. She felt hopeless.

"Iris, I know you feel like you're in a difficult place, but I'm begging you too."

"Your father's already on his knees. Will you only agree if I kneel as well?" Elder Young said that as he struggled off the bed, wanting to kneel.

"Grandfather, no. I-I'll just agree!"

Iris bit her lips tightly. She hurriedly stopped Elder Young, finally agreeing,

However, after what happened the last time, there was no way she would break up with Leon.

She was just being pressured too hard by Elder Young and Gilbert, and merely said yes for the moment.

She already decided that she would go talk to it about Leon after that to see how they could overcome Elder Young and Gilbert!

"Alright, that's great!"

Hearing that Iris finally agreed, Gilbert was ecstatic. He hurriedly got up, and his heart was filled with endless excitement.

"Iris, you are a good granddaughter. You never disappoint me!"

Elder Young let out a thankful smile.

At the same time, Leon's face was pale outside the room. He staggered on his feet.

Earlier, he returned after he left because he wanted to give Gilbert some medicine.

Yet, he just got to the door when he saw Gilbert on his knees in front of Iris. At the same time, he heard Gilbert begging Iris to leave him and heard about Anson's engagement!

It hit him like a thousand whips!

The first time, he broke up with Iris because of Elder Young and Gilbert as well.

Yet, at that moment, he never would have expected history to repeat itself. Elder Young and Gilbert were trying to break him and Iris up again!

That was not the important point. The important point was that Iris agreed!

At that moment, he felt like he was struck by lightning,

“Why? Why did this happen?”

Leon's eyes were red. He looked like a hurt animal. It was just an incredibly cruel thing to face. He turned around and ran away without any hesitation.

In the room, Iris seemed to feel something. She looked over at the door and saw a figure flash past.

“Leon?”

Iris's face paled, quickly realizing it.

“Dad, take care of grandfather here. I’m tired. I’ll go back to rest.”

Iris hurried out after saying that.

Leon just entered his room when Iris caught up.

He could immediately tell that it was Iris.

He did not want Iris to see his sadness and weakness, so his back was against Iris, not turning around.

“What are you doing here?” Leon said coldly, unable to hold back the anger in his voice.

“Leon, what happened? Are you angry after hearing what happened just now?” Iris said.

“So what if I am? Didn’t you already agree to get engaged to Anson? Why are you looking for me for?”

The Ex-Husband’s Revenge By Dragonsky Chapter 1037

Leon’s voice got even colder as he tried to hide his sadness.

“What are you saying? Do you want me to get engaged to Anson?” Iris said unhappily, but Leon could not tell.

“So what if I don’t want to? You broke up with me last time to protect our family after being forced to by Elder Young and your father. This time, I can’t believe you’re going to leave me again to help them rejoin the family.”

Leon let out a mocking smile, his tone was unbelievably sad.

He felt like he was an idiot. He gave Iris so much over and over again, but Iris hurt him over and over again instead!

It was obvious how he would feel!

“Who said I was going to leave you?” Iris was frustrated and amused.

“Did you need to say

it? I heard everything that happened just now. Could it be fake?” Leon was frustrated.

“Alright, since you won’t believe me, then I’m leaving!” Iris said stubbornly.

“Leave, then!” Leon closed his eyes silently, not turning around the whole time.

“You!” Iris was very angry. After that, she turned around to leave.

Hearing Iris’s slowly retreating footsteps, Leon’s heart sank to the depths, feeling a sense of hopelessness he never had before.

Yet, before he could truly feel that hopelessness, he suddenly felt a warmth behind his body.

Iris did not leave just now, and merely shut the door. After that, she turned around and hugged Leon tightly.

Leon was shocked when he felt Iris behind him. He could finally not stop himself from turning around to look at Iris in disbelief, “Didn’t you already leave?”

“Why would I leave? I had to put my life on the line to get you back. I’m not an idiot. How could I lose you, again?” Iris muttered.

“You won’t leave me? Are you serious?” Leon was shocked, not believing his ears.

“Of course I am! As long as you still want me, I’ll never leave you,” Iris said with resolve.

“Then why did you agree to Elder Young and your father just now?” Leon was still unsure.

“I didn’t want to say yes, but my father was already kneeling and begging me. Grandfather was too. I didn’t know what else to do.”

Iris sighed helplessly, “Idiot, I was just trying to stall just now. I didn’t expect you to hear it and believe it!”

“So I misunderstood!” Leon realized something, and he suddenly felt incredibly excited.

“That’s great!”

Since the misunderstanding was already gone, Leon was ecstatic. He hugged Iris excitedly and started to spin

her around. All of the anger and darkness in his heart was gone in an instant!

“Hurry up and let me down. I’m going dizzy,” Iris said, but she felt a surge of warmth in her heart.

“Iris, it was my fault. I misunderstood you.”

Leon put Iris down and looked a little awkward.

Iris was just too important to him, and that was why he lost control of his temper.

However, he finally understood after calming down. Facing that sort of situation, there was nothing Iris could do other than agree to Elder Young and Gilbert.

The Ex-Husband's Revenge By Dragonsky Chapter 1038

“I don’t blame you. My family has been so bad to you. You’ve helped us so much, and not only is my dad not grateful, he’s even targeting you at every point. He even wants to break us up again for his benefit! He’s just too much!” Iris said regretfully. She was filled with guilt toward Leon.

“It’s fine, no matter what he thinks, I’m happy as long as you’re still with me,” Leon smiled, not caring about it.

Even though he did not like Gilbert that much, Gilbert was still Iris’s father. He could not completely treat Gilbert as an enemy.

Furthermore, Gilbert’s greatest flaw was his shortsightedness. He was always looking for profits. It was not too big of a deal.

Once he was strong enough and able to benefit Gilbert enough, he would gain Gilbert’s approval eventually!

“Leon, what do we do now? My father and grandfather want me to marry Anson so they can go back. Do you have any solution to that? If you really can’t figure anything out, then let’s just leave together,” Iris said after some hesitation. She clenched her teeth and made a decision.

“You want to elope?” Leon was shocked. He did not think that Iris would have made that decision.

“Yes, I’ve already had enough of the two of them. They can do whatever they want in the future. I don’t want to care about the Youngs anymore,” Iris said as she bit her lips.

Even though she sounded very resolved, the worry in her eyes betrayed her true thoughts. It was obvious that she could not leave her father and grandfather.

However, for the sake of her love and to stop herself from being forced into a political marriage, she was forced to.

As long as Leon and her let Springfield City, Elder Young and Gilbert would never be able to interfere with her relationship with Leon again!

“There’s no need to do something so drastic!”

“Iris, don’t worry, Elder Young and your father just want to regain power in the family as soon as possible so there are no surprises. I can assure you, I’ll be able to help you back into the Youngs in less than a month!”

Leon consoled.

In truth, his sage arts was already at the brink of leveling up. As long as he could get to the intermediate Foundation Phase, he would be able to defeat Harold!

For some reason, he lacked a form of enlightenment or understanding that stopped him from being able to make that final jump.

However, he believed that it would only take him about a month to get to the intermediate Foundation Phase!

Then, it would not be hard for him to help Elder Young and the others rejoin the family!

“Really? That’s great! Then, I’ll just delay things for a month. Once you help us rejoin the family, my father and grandfather won’t force us apart anymore!” Iris was elated. She could not stop herself from hugging Leon emotionally. She finally felt some relief.

Leon was a hot-blooded man in the end. When he felt the soft and gentle Iris in his arms and smelled the sweet scent from her, his eyes slowly got heavier.

“Iris, since I’ve worked so hard, shouldn’t you give me a reward?”

“A reward? That’s true. You’ve been helping our family so much, and almost lost your life to save my grandfather. I should definitely reward you.”

Iris quickly understood.

The Ex-Husband’s Revenge By Dragonsky Chapter 1039

Iris hesitated for a moment before she quickly kissed Leon on the cheek, blushing as she did that.

“Isn’t that too cheap of a reward?!” Leon was not satisfied.

Before Iris could react, he suddenly put his arm around Iris’s thin waist. He pushed his lips right only Iris’s.

Feeling the warmth on her cheek, Iris protested for a moment before she quickly melted into Leon’s arms.

It lasted for a very long time.

Only when Iris started to lose her breath did Leon reluctantly leave her alluring lips.

“Leon, it’s getting late. You should get some rest. I’ll go back for now.”

Iris’s face was completely red. She looked like a frightened rabbit as she hurriedly jumped out of Leon’s arms, preparing to leave the place.

“Don’t go!”

Leon grabbed Iris’s wrist and pulled her, launching Iris straight into his arms again.

Iris was the most beautiful of the four great beauties. She was captivating, enough to gain the eternal attention of any man.

Leon was no exception. He felt a fire in his heart as he said with burning eyes, “Iris, why don’t you stay here for the night?”

“Huh?”

Iris was shocked, not believing her ears.

She quickly understood what Leon meant.

“H-how could I-”

Iris started to panic a bit. Her face was thoroughly red, and she lowered her eyes, not daring to meet Leon’s.

“Why not? Aren’t you my girlfriend?” Leon lost control of himself. Even his voice turned raspy.

“That-”

Iris was speechless.

As the woman, she felt like she had to reject Leon.

Yet, thinking about all that Leon sacrificed for her and given her on top of her deep love for Leon, she hesitated.

Leon was no idiot. The moment Iris hesitated, he lifted Iris right up by the legs. As Iris exclaimed in surprise, he carried Iris like a princess over to the bed.

By the time Iris realized what was going on, Leon already put her on the bed.

“Leon, no-”

Iris's heart shook a bit, and her face was thoroughly red with embarrassment. She did not know what to do.

"Iris, I love you," Leon said passionately. After that, he lowered his head and kissed Iris on the lips, lying down on the bed with Iris.

That night was Iris's valuable first, and it was also Leon's first time.

They loved each other for a long time, and a sense of understanding about life that Leon never had before surfaced in his mind!

The next morning, the sunlight slipped through the curtains, shining on the floor.

On the bed, Leon was the first to wake up. He slowly opened his eyes, and the spiritual energy in his body started to become very active as well. The sage arts that were long stagnated started to show signs of a breakthrough!

The sage arts were about nature and humanity.

Human life was part of it as well.

Two halves could not exist without the other, that was the principle of human life.

The Ex-Husband's Revenge By Dragonsky Chapter 1040

Leon was at the very limits of the initial Foundation for so long without making a breakthrough because he lacked understanding about that.

After a whole night with Iris, he finally understood the true essence of the sage arts as a human, and he felt like he was about to get through his bottleneck!

“It’s true when they say that fortune shines on those who least expect it! I’m finally going to get stronger!”

Leon was ecstatic. He sat up from his bed immediately.

He thought that he would need at least a month before he could make a breakthrough, but after losing control of himself the night before, he got enlightened.

Suddenly, he was incredibly excited. He wanted nothing more than to start training!

At that moment, Iris looked like she was woken up by Leon. She slowly opened her seductive eyes.

Leon turned back and looked Iris right in the eyes.

“Ah-”

Seeing Leon naked by her side, Iris let out a surprised exclamation. Her face was completely red as she thought about what happened the night before.

Right after that, she was beside herself with embarrassment. She immediately pulled up the covers, hiding inside her blanket.

“Iris, what are you doing?”

Leon did not know how to react. He was quite amused by Iris’s antics.

As he said that, he reached out to pull the covers aside, but Iris had a deathly grip on them, refusing to let go.

“Leon, don’t move around like that. I don’t have my clothes on,” Iris’s anxious and embarrassed voice was

heard.

“What are you afraid of? We were so intimate last night. There’s nothing to be embarrassed about,” Leon laughed.

“No, if you tease me some more, then I’ll ignore you forever,” Iris said shyly, still hiding in the bed.

“Alright, it’s still early. Just rest here for a while longer. I’ll go do some training,” Leon said in exasperation, but his heart felt very warm. He fell in love with Iris even more of how shy she acted.

If he was not in such a hurry to make his breakthrough, he would have probably jumped under the sheets again!

“Then go away,” Iris said, sounding relieved.

After that, Leon put on his clothes and left the room.

Only when Leon’s footsteps slowly left did Iris pull down the covers a little, looking out.

“Despicable Leon, you took advantage of me last night.”

Iris’s face was red, but she felt a sense of happiness in her heart.

Ever since Harold’s ambush, she slowly realized that, as Leon’s girlfriend, she could not help Leon at the most important moments. Not only that, she would just burden Leon.

It caused her to feel sad and helpless.

However, no one was perfect. Since she could not help Leon, then she would just focus on loving Leon with all her heart, hoping that she could give him more love than before.

That was the only thing she could do for Leon.

After leaving the house, Leon immediately went to Mistcloud Mountain.

His sage arts were already at the brink of a new level. With hose dense the spiritual energy was at Mistcloud Mountain, it could help him break through without any problems.
