

The Ex-Husband's Revenge By Dragonsky

Chapter 1041-1050

At Mistcloud Mountain, the clouds were incredibly dense, forming a sea of clouds in the skies. It looked endless.

Looking around, there were trees everywhere, and the scenery was beautiful.

Leon stood on the top of the mountain, taking a deep breath as he started to focus.

The spiritual energy there was incredibly dense and pure, much better than the mountains behind the mansion.

Before this, he was too weak to absorb and use spiritual energy that was too pure. However, he was already in the Foundation Phase. It was enough to use the spiritual energy of Mistcloud Mountain for his training.

“I should focus on making my breakthrough!” Leon did not hesitate as he sat right on.

A few months ago, he already set up an Energy Convergence Circle at Mistcloud Mountain to gather spirit dew for Elegante.

Since the circle was already there, he just needed to activate it to use it to help with his training.

After that, he took out that clear tablet and activated the Energy Convergence Circle.

As the circle activated, the spiritual energy in Mistcloud Mountain slowly gathered, turning into a visible vortex. After that, it started to flow inside Leon's body through the Energy Convergence Circle.

Gulp!

Leon took a Spirit Nurturing Pill as he absorbed the spiritual energy in the mountain and refined the energy from the Spirit Nurturing Pill, fusing the two of them. The spiritual energy in his body quickly rose and strengthened.

When the time was ripe, he started to guide the massive amounts of spiritual energy and attempted to use them to break through the bottleneck. He constantly failed, but he did not give up.

After an unknown amount of time.

Boom!

Leon shook. After all his hard work, everything went smoothly. The spiritual energy in his body started to rapidly rise. He was finally at the intermediate Foundation Phase!

"I really made a breakthrough!" Leon was elated.

Right after that, he calmed down and started to train even more to solidify his power. Only after that did he get up and leave.

At Dragonbay Villas, in the dining room, the housekeeper already prepared breakfast. Gilbert, Ruth and Louisa all walked in and prepared to eat.

"Hey, where's Leon? It's already time for breakfast, so why don't I see

him?” “Ruth was curious. He looked around, not seeing Leon at all.

“Could he still be sleeping? Whatever, I’ll go get him.

As Louisa said that, she walked toward the living room.

“Louisa, there’s no need! At about five or six in the morning, I saw him driving off,” Gilbert stopped her.

Since he needed to take care of Elder Young, he deliberately gotten up earlier. So he happened to see Leon leaving.

“Why would he leave so early in the morning?” Louisa was surprised.

“Who knows? Maybe he’s in a bad mood and went out to relax?” Gilbert said with a smile.

After he asked the day before, Iris already agreed to leave Leon to get engaged with Anson.

He felt like Leon probably found out. It could also be that Iris asked to break up with Leon as well.

Leon was probably in a bad mood. That was why he left in such a huff in the morning.

“Why would Leon be in a bad mood for no reason?”

The two girls exchanged a look of confusion.

“Who cares? He can do what he wants. Let’s eat!”

The Ex-Husband’s Revenge By Dragonsky Chapter 1042

Gilbert changed the topic.

He did not care about Leon's mood. He did not really care about what Leon thought.

"Uncle, hold on. Iris isn't here either. Could she have left with Leon in the morning?" Louisa asked in shock.

"No, Leon left by himself. I didn't see Iris with him."

Gilbert was taken aback, finally realizing that Iris was not there either..

However, he thought about it. Iris loved Leon. The two of them just broke up again. Leon would not be the only one in a bad mood. Iris probably was as well. That was why she was not there for breakfast.

"Louisa, Iris is probably still asleep. Why don't you go get her for breakfast?" Gilbert said after some hesitation.

"Oh, alright," Louisa acknowledged before leaving the dining room, running upstairs.

Iris's room was on the second floor.

Louisa started to knock on the door.

"Iris, it's time to get up for breakfast!"

Louisa shouted a few times, but no one responded. She decided to just walk inside.

After that, she looked around, and there was no one there.

"Uncle, why isn't Iris in her room?" Louisa was surprised. She shouted at the dining room..

"What? That's impossible!"

Gilbert was shocked. After that, both him and Ruth walked to the living room from the dining room.

“She’s not in the washroom either!”

Luisa went to look at the washroom on the second floor as well, but did not find Iris.

“How strange! Where did Iris go?” Gilbert looked uncertain.

Right at the moment, the room next to the living room opened. Iris stumbled a bit out of the room.

Right after that, she looked up. She happened to bump into Gilbert and Ruth. The three of them looked at each other, stunned.

It was obvious that Iris did not expect to bump into Gilbert and Ruth right as she walked out the room. It was as if the two of them were waiting for her.

Gilbert and Ruth were the same. The two of them did not expect that Iris would be missing from her room so early in the morning only for her to walk out of Leon’s!

The next moment, the atmosphere seemed completely silent. It was like the air itself was frozen.

“Iris, w— why did you come from Leon’s room?” Gilbert was shocked, not believing his eyes.

“That-”

Iris was dumbfounded. She was completely caught off guard, not knowing what to do.

At that moment, Louisa already came downstairs. She looked at Iris before looking at Leon's room behind her, saying strangely, "Iris, did you sleep in Leon's room last night?"

Boom!

The moment that was said, those words felt like a bomb that exploded in between all of them there.

"I-"

Iris was caught off guard after being exposed by Luisa like that.

Yet, Louisa was speaking the truth, so there was nothing she could say about it.

Suddenly, her face was completely red. She was too embarrassed to do anything. She even wanted to dig herself a hole in the ground.

"Iris, did you really sleep in Leon's room last night?" Gilbert looked completely stunned.

Looking at how embarrassed Iris was and the stagger in her steps, it was obvious what Leon and Iris did!

The Ex-Husband's Revenge By Dragonsky Chapter 1043

That was not the most important part. The important part was that Iris already agreed to his request the night before, and planned on leaving Leon to be with Anson.

Yet, not only did Iris not leave Leon, she even spent the night with him.

It was obvious how he would feel!

"Leon, you despicable man! I'm going to kill you!"

By the time Gilbert reacted, he looked furious. His face was as dark as it could get.

He thought that Leon left because Leon was in a bad mood after breaking up with Iris.

Only then did he realize that there was no way Leon could be in a bad mood after something so great just happened. Leon was probably ecstatic!

The one who should be in a bad mood was him!

“Uncle, what are you saying? Leon is Iris’s boyfriend. Even if the two of them did sleep together, it’s not like there’s anything strange about it! Do you know what day and age we live in? You’re so old-fashioned!” Louisa said, pushing the knife further into Gilbert’s chest.

“I-”

Gilbert’s face was completely red in anger. He almost stopped breathing at that moment.

However, he was in no mood to care about Louisa’s snide comments. He looked at Iris and said angrily, “Iris, what are you doing?”

“You already said you would leave Leon last night, so why did you go against your words?!”

“Dad, calm down. Leon already assured me that he would help us return to the family in less than a month! You just want to reclaim your power in the family anyway. As long as he can do it, there’s no reason for you to break us up,” Iris said stubbornly.

Since Gilbert caught her in the act, she was forced to show her cards.

“A month? That’s impossible! He’s only a peak Supreme Master right now. Even if he had a year, he wouldn’t be able to beat Harold, let alone a month! You stupid girl. You must have been fooled by him! Gilbert exploded in anger.

He knew of Leon’s situation. He refused to believe that Leon would be able to reach the Overlord State in a

short month, let alone beat Harold!

It was obvious to him that Leon must have used some sweet nothings to fool Iris. He wanted to act while he

still could.

That way, he would not be able to force Iris to get married to Anson any more!

It had

to be said, Leon’s plan was quite vicious. It completely ruined Gilbert’s grand plan!

It was obvious how angry Leon would be!

“That might not be true! It’s possible that Leon might not be able to beat Harold in a month, but if he has a

year, it won’t be hard for him to beat Harold!”

Ruth shook her head, not agreeing with Gilbert.

She knew that Leon had an amazing absolute Method. She always mistook Leon’s strength as being from the Mysterious Maiden Method.

With how strong the method was and the fact that Leon’s talents were just as good, if not better than hers, she knew that Leon would be able to easily defeat Harold in a year at most.

For a month, it was not that possible.

There were two stages between a peak Supreme Master and the Overlord State. No matter how talented Leon was, there was no way he could reach the Overlord State in a short month!

The Ex-Husband's Revenge By Dragonsky Chapter 1044

Unless a miracle happened!

“An orphan like him dreams of defeating my father? What a joke!”

At that moment, cold laughter was heard. Jacob led over a dozen of the experts from his family and barged into the living room from outside.

“Jacob, it's you! Why are you here?”

Gilbert was shocked. After that, he forgot about how Leon fooled Iris as he walked forward and took a defensive stance.

“Old man, where's Leon? Have him come out immediately to die!” Jacob shouted out coldly. His body was full of murderous intent.

After they failed to ambush Leon, Harold already made up his mind to work with the Fields to get rid of Leon once he was better. They needed to stop any problems before the problems could grow!

After resting for a few days, his injuries were mostly recovered. He could finally not hold himself back from attacking Leon!

However, he was still the Northern King in the end. He would be laughed at if he went there personally.

So, he sent Jacob instead. Jacob had many of the best experts from the Lowes with him, including Marco and Jackson.

Jackson was at the Semi Overlord State, and Marco was not weak either. It would be incredibly easy to them. to get rid of Leon!

“Jacob, what’s the meaning of this? The Collins have already said that we’ll protect Leon for three years. You’re ignoring our warning right now, and actually walking in so brazenly. Are you planning on making an enemy out of the Collins?” Ruth said unhappily.

“So what if I am? Ruth, don’t try to use your family name to scare me. I don’t mind telling you that the Lowes have already decided that we’ll be enemies of the Collins from this day on! If you try to help Leon anymore, then we won’t hold back against you!” Jacob sneered.

Harold’s ambush on Leon gave Harold a reason to attack Leon. Even though George fought Harold at the time, they did not really become enemies.

However, the Lowes were attacking Leon without any justification at that moment. It meant that they were prepared to make an enemy out of the Collins!

“What? That’s impossible!” Ruth was shocked, not believing her ears.

The Northern King and the Lowes were still much weaker than the Ansons. She never would have dreamed that Harold and his family would face the Collins head on!

It exceeded her expectations.

Of course, she was not the only one who was shocked. Iris and Gilbert were too.

They knew that the Collins were Leon's shield. If the Lowes did not care about the threat of the Collins and

attacked Leon so brazenly, it meant that the situation was incredibly bad for Leon!

Leon was only a peak Supreme Master at that moment. He would not be able to beat Harold and the Lowes at all!

Iris in particular still hoped that Leon would be able to help her family rejoin the Youngs in a month.

Yet, it seemed like Harold was ruthless. He was not going to give Leon the time at all!

If there were no surprises, Leon was in a dangerous predicament. He would definitely die!

Suddenly, Iris's heart froze, feeling like she lost all hope!

"Stop with the nonsense! Where's Leon right now? Have him come out to accept his death!"

The Ex-Husband's Revenge By Dragonsky Chapter 1045

Jacob had a cold look on his face as he shouted. He seemed like he tried to look as majestic as he could.

"He's not here. He left in the morning," Gilbert said.

"Not here? Old man, do you think I'm so easy to trick?!" Jacob laughed, clearly not believing Gilbert.

"You can believe whatever you want!" Gilbert's expression darkened.

He was still a part of the second generation of the Youngs before, a direct descendant as well. He was incredibly furious at being

called an old man so disrespectfully by Jacob, but there was nothing he could do.

“Stop trying to pull that with me!”

Jacob laughed coldly before summoning up energy, shouting out, “Leon, come out here, you coward! If you keep hiding and refuse to come out, don’t blame me for what I do to Iris!”

As he said that, Jacob shot a look at Marco and Jackson. They acknowledged it and immediately surrounded

Iris and Gilbert.

“You dare?”

Gilbert’s expression changed when he saw that Jacob wanted to do something to Iris. He hurriedly put Iris

behind him.

“Attack!” Leon still did not appear, so Jacob let out his orders coldly.

He knew that Iris was Leon’s girlfriend. As long as he captured Iris, Leon would come eventually!

After Jacob’s order, Jackson reached forward. His hand contained incredible power as he quickly clawed at

Iris!

Iris was in complete panic as she hurriedly retreated.

Yet, she was too weak. There was no way she would be able to avoid Jackson’s attack!

“Stop!”

Gilbert hurriedly struck at Jackson, trying to stop Jackson's attack.

"Please!" Jackson said in disdain. Gilbert was nothing to him. He let out a backhanded strike, beating away

Gilbert's attack.

Bang!

With an intense clash, the energy in Jackson's body immediately broke through Gilbert's attack. After that, the true energy viciously slammed onto Gilbert's chest.

Gilbert spat out two mouthfuls of blood as he flew away, slamming onto the ground.

After

that, he spat out two more mouthfuls of blood. The bones all over his body were wracked with intense pain. He received internal injuries, and was no longer able to fight.

At the same time, Jackson's hand shot forward, immediately grabbing Iris's shoulders, easily capturing her.

Right after that, Jacob walked over and grabbed Iris's neck. He summoned up his energy as he shouted

around him, "Leon, if you still refuse to come out, then I'll kill Iris right here!"

Yet, even after a few seconds, there was no movement around them at all. Leon was yet to appear.

"Jacob, stop wasting your time! Leon did leave in the morning. He's not home," Ruth said calmly. A sharp glint flashed in her eyes.

"Could Leon not be here?"

Jacob started to look uncertain as he slowly started to believe it.

He knew that Leon loved Iris a lot. When his father set up the ambush for Leon, Leon almost lost his life because he was not willing to leave Iris behind and run away himself!

With how important Iris was to Leon, Leon would have already made an appearance if he was there. Leon would not let Iris fall into Jacob's hands just like that!

The Ex-Husband's Revenge By Dragonsky Chapter 1046

“Let go!”

Right at that moment, Ruth took advantage of Jacob's distraction and suddenly struck forward, quickly striking at Leon.

The head of the beast was the most important!

She knew that Jacob was the leader, and knew that Jacob was only an initial Supreme Master. Jacob was far weaker than she was.

She was already an advanced Supreme Master. With her attacking so suddenly, she had a very good chance of capturing Jacob!

As long as she could capture Jacob, she would not only be able to save Iris but use Jacob to threaten the experts with him, turning the tables!

Yet, it was easy to dream. The reality was much crueler.

In the end, she still underestimated Jackson's strength as someone in the Semi Overlord State!

“How dare you!”

Jackson let out a cold shout as he quickly appeared in front of Jacob, striking at Ruth's attack.

Bang!

After a clash, Jackson's strike immediately broke through Ruth's attack, and his true energy charged at her.

However, since Ruth was the treasured daughter of the Collins, he would not try to kill Ruth. He pulled back. his true energy and only struck Ruth's shoulder.

Ruth paled as she staggered back a few steps. There was a trail of blood coming from her lips. She suffered

some minor injuries.

After that, Jackson rushed right at Ruth.

Ruth continued to retreat, but there was too much of a gulf between the two of them. She only managed to avoid him for a few moments before she was quickly captured.

"Ruth, how dare you attack me. You don't know your place!"

Jacob was yet to recover from his shock.

After all, Ruth's earlier strike had almost hit him. If Jackson had not reacted quickly enough, he would probably already have been captured by Ruth!

Before he could even count himself lucky, Louisa started to move not far

"You fiend, let go of my cousin!"

away.

Louisa was never afraid of anyone. She realized that Jacob *was*

the leader as well. As long as she could.

capture Jacob, she would not only be able to save Iris but turn the tables as well!

With that in mind, she summoned up her courage as she stepped forward . Jacob was distracted, and she

summoned up all her energy to hit the back of Jacob's neck!

Bang!

Jacob never would have dreamed that Louisa would attack him like that. He was completely defenseless.

Yet, Louisa was incredibly weak, his energy circulated internally to protect himself, so he managed to withstand Louisa's blow.

Even so, he felt like his head was almost split open by the strike. His eyes went dark for a moment, and he almost fainted.

“Why didn't he faint?”

Louisa was stunned. She looked at her hand, realizing she was too weak to break through Jacob's natural defenses.

“Die!”

Jacob was furious. He was attacked by Ruth and Iris one after another, and his anger was already through the roof.

After that, he launched a backhanded strike with immense power right at Louisa.

With Louisa's meager strength, she was no match for Jacob at all. She could not even react as she was struck by Jacob on the chest and sent flying.

Louisa spat out a mouthful of blood as she was sent flying several meters, slamming onto the wall before she collapsed on the ground.

Not only that, but with Jacob's angry strike, her organs were all damaged. She lay on the ground, struggling to even breathe. Her life was in danger at that moment.

"Louisa!"

Seeing that, Iris's eyes widened. After that, she did not even think about it as she bit Jacob's hand, taking a hard bite.

Jacob hissed in pain. His hand felt like it was shocked as he let go of Iris's neck.

"You wretch! I'll kill you!"

Jacob was furious with the pain. He slapped Iris right on the face, sending Iris to the ground.

After that, he lifted his hand and aimed at Iris's head, wanting to kill Iris right away.

However, Iris was the head of the four beauties of Springfield City. He always coveted Iris's looks. On top of that, he still needed Iris to deal with Leon.

Right at the very end, his hand stopped just centimeters away from Iris's head, not dealing the killing blow.

"Capture her!" Jacob shouted angrily.

Right after that, two of the experts picked Iris up from the ground like a chicken, restraining her.

"Leon isn't here. What should we do?" Marco frowned as he asked.

“It’s fine! As long as Iris is with us, Leon won’t be able to run away!”

Saying that, Jacob paused for a moment before saying, “Bring Iris back to the Youngs. After that, we’ll just wait patiently. Leon will come and meet his death!”

“Yes, alright,” Marco nodded, agreeing with Jacob’s idea.

He knew of Leon’s relationship with Iris. As long as Iris was around, Leon would take the bait!

They could set up a trap around the Young Mansion beforehand. Then, Leon would die!

“What about Ruth Collins?” Jackson asked.

He had Ruth captured at that moment, but he did not know if he should let Ruth go since she was a Collins.

“Bring her along! If the Collins don’t know what’s good for them and continue to help Leon, I’ll have Ruth join him!” Jacob said coldly.

“Yes,” Jackson said.

After that, Jacob led everyone away from the place.

Once Jacob and the others slowly left, Gilbert clutched his chest, resisting the pain as he slowly crawled up.

“Louisa, how are your injuries?”

Gilbert hurriedly rushed over to Louisa, checking up on her.

“Uncle, I—

I don’t think I can hold on much longer,” Louisa said weakly. Her gaze started to dim.

“What? How could this be?” Gilbert was shocked. When he saw that Louisa’s condition got worse, his eyes reddened anxiously.

“Uncle, d–don’t mind me. H–hurry up and give Leon a call. Have him go save Iris!”

Louisa struggled more and more to speak. Even her breathing was incredibly shallow. She looked like she could die at any moment.

“Give Leon a call?”

The Ex-Husband’s Revenge By Dragonsky Chapter 1048

“What good would that do? He’s only a peak Supreme Master. Even if he goes over and tries to save Iris, he would just lose his life for no reason,” Gilbert said hopelessly. He was full of sadness and misery.

He was once the first in line to inherit the family and was even the chairman of the Young Group. He was so

impressive in everyone’s eyes!

Yet, not only did he give the Youngs away, he even fell to this level. He could not even save his daughter and

niece!

It was obvious how he would feel!

Bang!

Right at that moment, the door to the room next to the living room was opened. Elder Young shakily walked over to the wall.

He heard the fight that happened in the living room just now, and he was very anxious.

Yet, he already lost all his strength, and he was still weak after having recovered. He was barely even able to walk out.

“Gilbert, figure out a way to contact the Collins! Leon might not be able to save them, but they can. Only they will be able to help Ruth and Iris now!” elder Young said anxiously.

He might have lost all his strength, but he still had his head on his shoulders!

He knew that Leon was too weak. Leon would not be able to face Harold head-on!

However, the Collins were different. The Collins were much more powerful and wealthy than Harold. There was no way the Collins would stand by and watch as Harold captured Ruth!

As long as the Collins were willing to do something, then Iris and Leon might still have a chance. Otherwise, Leon would definitely die for Harold this time!

“That’s right, how could I forget them?! I’ll give Anson a call right now and notify the Collins!”

Gilbert immediately found some hope from his despair at Elder Young’s words.

After that, he did not delay things for a single moment as he hurriedly gave Anson a call, telling Anson about the situation.

Anson was furious to learn about what happened. He hurriedly notified George, and they started to mobilize their forces.

Once they hung up, Gilbert breathed a sigh of relief. After that, he hurriedly pulled out a wheelchair for Elder Young when he noticed that Elder Young was struggling to walk around.

He used that Wheelchair before that, but it proved to be useful once again.

Elder Young just sat down when the sound of a car was heard outside. Leon was finally back!

Right after that, he appeared with a happy look on his face as he walked inside.

He just reached the living room when he started to smell a bloody scent in the air. The smile on his face froze.

“Elder Young, Mister Young, what’s going on? What happened here?”

Looking at the mess on the ground and the traces of blood, Leon was shocked as he quickly walked inside.

“What happened? Isn’t this all because of you?! Harold ordered Jacob to bring some men over to deal with you, but you weren’t here. They injured Louisa and took Iris and Ruth away!” Gilbert said angrily.

“What? Iris has been captured by Jacob?” Leon was stunned. He felt like his head just exploded!

He never would have expected Harold to face him head on like that, nor would he have expected something like this to happen when he just went out to train for a bit.

“Leon, you useless man! Where did you go so early in the morning? If you were home, then Louis and Iris wouldn’t have gotten harmed!”

Chapter 1049

“This is all your fault. If anything happens to Iris or Louisa, I won’t forgive you!” Gilbert shouted angrily.

He knew that Harold and Jacob were targeting Leon. If Leon did not leave, Jacob would not have shifted his anger to Louisa and Iris.

Gilbert did not have the ability to protect Iris and Louisa. All he could do was push the blame to Leon.

“Shut up!”

Leon’s looked at Gilbert angrily. His cold gaze stunned Gilbert.

However, it was not the time for Leon to fight Gilbert, He turned around , going to save Iris was his first thought.

However, when he saw Louisa panting on the ground, he stopped and hurried to Louisa’s side.

“Louisa, how are your injuries?” Leon hurriedly checked Louisa, and his expression changed dramatically.

Louisa’s injuries were incredibly severe. Her organs were all injured, and her life was in danger.

If he was just a few minutes late, Louisa would definitely die!

“Despicable Jacob! I’m not human if I don’t kill you!” Leon shouted angrily. His eyes were filled with rage.

Louisa was always friendly to him, and Louisa was also Iris’s cousin. He always saw Louisa as a younger sister.

Not only did Jacob take Iris away, Louisa almost died to Jacob as well.

It was obvious how angry he was!

“Leon, j—just forget about me. G—go save Iris!”

Louisa’s voice was incredibly weak.

She felt like she could not hold on for much longer. follow

Update She did not want Leon to waste anymore time on her. She just wanted Leon to hurry to Iris so nothing would happen to Iris.

“Louisa, don’t worry, I’ll save Iris. However, before that, I’ve to save you

first!”

Leon pushed back the anger and murderous intent in his heart as he took out a Circulation Pill for Louisa.

After that, he started to hit a few of Louisa’s pressure points around the chest, protecting her heart.

Even though Louisa’s injuries were very bad, she was still in a better situation than Iris was last time. Her heart was not damaged.

With his skills, saving Louisa would not be difficult at all.

However, he was in a rush to save Iris, and did not have the time to try to treat Louisa at that moment.

All he could do what stabilize Louisa’s condition for the moment. Once he saved Iris, he would properly treat

Louisa!

Huff!

The Circulation Pill could treat internal injuries, suppressing any injuries. On top of that, Leon's medical skills meant that Louisa was quickly out of danger.

In just a moment, Louisa's breathing started to stabilize. Her eyes fell shut as she slept.

"Louisa, just take a good rest. Don't worry, I'll make sure Jacob pays for this. I'll take revenge for you!" Leon consoled as he swore.

After that, he picked Louisa up and entered his room, putting Louisa on the bed before he left.

After he left the room, he immediately prepared to rush over to save Iris, but he was stopped by Elder Young.

"Leon, wait a moment!"

The Ex-Husband's Revenge By Dragonsky Chapter 1050

Chapter 1050

"You're only a peak Supreme Master. You're still far from Harold's level. Even if you go there to save Iris, you'd just give up your life for no reason! I think you should just stay here to treat Louisa. Leave saving Iris and Ruth to the Collins!" Elder Young said in a hurry.

He knew that Leon was an incredibly skilled doctor, having saved his own life a few times before. With Leon's magical abilities, Leon should be able to treat Louisa.

As for saving Iris, he should forget about it!

Leon was alone and not strong enough. There was a gulf between Leon's strength and Harold's. It would be impossible for Leon to save Iris!

“How could I do that?! I need to go save Iris!” Leon said in a hurry. He did not stop as he quickly rushed outside.

“Leon, listen to me. Gilbert already contacted the Collins. They’ll definitely figure out a way to save Ruth and Iris. Harold and the Youngs have probably already set a trap for you as well. If you insist on going there, you won’t be able to do anything other than die.”

Elder Young started to panic as he shouted at Leon.

However, Leon already drove away at that moment. After that, Leon disappeared in a cloud of dust.

“Dad, it’s fine. Since Leon wants to die, just let him! You already tried to stop him, we can’t be blamed if he wants to die so badly!” Gilbert said coldly as he looked at Leon leave.

“What are you saying? Our family owes Leon a lot, we can’t just watch as he dies!” Elder Young said unhappily.

“I know, but what can we do if he doesn’t want to listen?” Gilbert said.

In truth, Harold was not just Leon’s enemy, but Gilbert’s as well.

Naturally, Gilbert did not want Leon to die to Harold, but if Leon insisted on going to his death, there was nothing Gilbert could *do* about it.

“Why don’t we go over too! If I’m around, I don’t think the Youngs will attack Leon. It might give Leon a chance to live!” Elder Young said.

Even though Harold and Daisy already had control of the Youngs, as long as he exposed Harold, the Youngs would probably not help Harold deal with Young, even if they would not support a cripple like him taking the family back!

After that, as long as he managed to drag things for a bit, Leon would probably be safe once the Collins arrived!

“Yes, that’s fine! If we can convince uncle to go against Harold, we might be able to get back into the family! “Gilbert’s eyes lit up in excitement.

He knew that it was a rare chance for them. As long as Elder Young and him could convince Melvin and the others and work with the Collins against Harold, they would definitely be able to kick Harold and Daisy away!

After that, even if Elder Young and him were not able to gain control of the family back, Melvin and the

others would probably still welcome them back into the family.

It was not a bad thing!

With that in mind, Gilbert looked very spirited. After that, he hurriedly pushed Elder Young out of the house,

speeding toward the Youngs.
