

The Ex-Husband's Revenge By Dragonsky

Chapter 1335-1347

Chapter 1335

"Who's saying that this is just a regular clear purple jade? I don't mind telling all of you, but this color and transparency put it at a level of royal purple!"

At that moment, Raphael let out a cold laugh.

At those words, it was as if a bomb was dropped in the middle of the crowd.

"What?"

"I—is that really a royal purple?!"

"How could that be?!"

Everyone was shocked. They exchanged looks of complete surprise with each other.

No matter what color a jade was, there was a top-quality one for each color. Of the greens, the highest quality one would be an imperial green!

Of the purple ones, royal purple would be the best!

"Mister Westwood, are you sure this is a royal purple?"

"C—could you be mistaken?"

Some people were still doubtful.

Many jade shops were much bigger than those in Springfield City in the Southern region. So, most of them, saw top-quality products.

The jade in front of them did seem like it could be a royal blue!

However, that piece of royal blue was just too large. It was at least ten kilograms. No one ever saw a royal blue that large before, so they all had their doubts!

"I'm not mistaken! I can guarantee you with our shop's reputation on the line. This is the real deal!" Raphael said firmly.

He was in charge of the shop, so he was not just involved with the production, but he had deep knowledge as well.

The others might not be willing to acknowledge it as a royal purple, but he could tell that this was one!

"That—"

Willie was stunned at the news.

Andy and Penny were stunned as well.

Everyone there was dumbfounded!

With Raphael's position among the Westwoods and him being in charge of the shop, there was no way they would doubt Raphael's words when Raphael was putting the reputation of the shop on the line.

That was not the most important part, the most important thing was that everyone thought that it was just trash, low-quality jadestone.

Yet, at that moment, not only did everyone see that it was a top-quality jade, it was even the best of the best!

It was obvious how shocked they were!

Andy and Willie in particular were completely gobsmacked!

"Mister Westwood, how much would this jade be worth?" Someone in the crowd could

not help but ask.

“Something like this is incredibly rare. It would be expensive no matter what! This stone in front of me is so large. I can’t even tell you the general price of it. However, the heaviest royal purple that has been sold is around six kilograms. That was sold for around eight–six million.”

Raphael gave a brief introduction.

The one Leon opened was about ten kilograms. It was larger than the other one. The price was hard to determine, but it was higher than 86 million!

The Ex-Husband’s Revenge By Dragonsky Chapter 1336

“It’s that expensive?!” Everyone hissed.

Gold had standard pricing, but jade did not. Of all the jades, other than those that were no longer found, imperial greens were the most expensive!

However, royal purple was not much cheaper.

During ancient times, purple signified the color of royalty. It was a symbol of majesty and prosperity. Royalty even wore purple clothes. So, the royal purple jade’s pricing was still high!

Other than that, the piece of jade in front of them was quite large. No one ever found such a large royal purple jade before, so Raphael could not estimate the price of the jade!

“Hey, are you selling this?”

“I’ll offer a hundred million!”

“I’ll offer you a hundred and fifteen million!”

At that moment, all of the people there immediately reacted. Two middle–aged men hurriedly offered a price to buy that incredibly rare piece of jade.

As for the others, they were not rich enough to afford it, so they merely looked at the bidding war in disappointment.

“Sir, if you plan on selling this royal purple, we will buy it from you at a hundred and seventy two million. dollars!” Raphael was silent for a moment before he offered the highest price.

“What?”

“A hundred and seventy two million?”

The moment that was said, everyone there, including Willie and Andy, were completely stunned!

Initially, they thought that Leon would suffer a loss after buying that stone for such a high price!

Yet, they never would have dreamed that such a rare and valuable jade was inside the stone. Even Raphael. did not hold back, offering to buy it for 172 million!

As long as Leon was willing to sell it, he would turn a huge profit!

It was obvious how they felt at that moment!

Willie in particular had an incredibly sour look on his face. He regretted everything so much!

Before this, he did have his eyes on that jadestone and bid over it with Leon. That was what caused the price

to go so high!

If he knew that there would be a royal purple inside he would have continued to bid

even more. The royal purple could have been his!

“Despicable!”

Willie’s face was full of regret and envy. He already started to bear a grudge against Leon, feeling like Leon

stole the royal purple that was his!

“Mister Westwood, I’m very sorry. I still have some other uses for the royal purple. I can’t sell it to you.”

At that moment, Leon had an apologetic smile on his face as he politely refused Raphael.

Earlier, when everyone was laughing at him and mocking him, Raphael was the one to cut off the outer layer and verify the royal purple inside.

So, he was very appreciative of Raphael and had a good impression of the man.

If he did not need the royal purple, he would not have minded selling it.

Unfortunately, that was not the case!

“That-, alright then.”

Raphael was very disappointed.

He wanted to buy that royal purple to serve as a centerpiece in his shop. It would greatly bolster their reputation!

Unfortunately, Leon was not willing to sell it.

Since that was the case, he would not force anything. He would just forget about it.

The Ex-Husband’s Revenge By Dragonsky Chapter 1337

“Sir, my name’s Raphael Westwood. I’m in charge of this shop! You have a good eye for jade, I’m quite impressed! This is my card. If you don’t mind, I’d like to be your friend.”

Raphael quickly pushed back his disappointment as he handed his name card to Leon.

His purpose for rushing over this time was to get to know Leon.

Leon chose two jadestones on that day. The first one yielded a top-quality, Four-Colored Jade. The other one was a royal purple, which was even more rare!

Leon’s eyes were practically unmatched. He was even more intent on becoming Leon’s friend!

“Yes, alright. This is my card,” Leon nodded.

He had a decent impression of Raphael, so he did not reject getting to know the man.

After that, he produced his card from his pocket and exchanged contacts with Raphael.

“Mister Wolf, you have such a good eye. Could you help me see if there are any more top-quality jades around here?” Raphael said as he pointed at a few of the jadestones on display, wanting to ask Leon for help.

Even though Leon managed to pick out two expensive top-quality jades in a row, quite a bit of luck had to be involved.

He was deliberately asking Leon to see if Leon would be able to pick another one out!

Leon appreciated Raphael’s earlier help a lot, so to thank Raphael, he walked around the jadestones. He looked like he was observing the stones clearly, but he actually summoned up his energy and quickly

ascertained the condition of the stones.

“This green one isn’t bad. It should be a top–quality jade,” Leon pointed at a jadestone that was completely green on display.

With his senses, only the green one contained more spiritual energy than the rest. However, the purity of it was still worse than the clear jades he bought earlier. There was no way it could compare to the Four–Colored Jade or royal purple at all! If there were no surprises, he guessed that it was probably an ice–clear top–quality jade!

“Oh, is that so?”

Raphael was going to ask Vynall to open it to see if Leon’s guess was correct. However, before he could even say anything, he was interrupted by the crowd. “This jadestone is being sold for seven hundred thousand, I’ll offer nine hundred thousand!”

A middle–aged man in the crowd quickly offered a price.

He walked over with Leon earlier, so he witnessed Leon getting the Four–Colored Jade and the royal purple. He naturally trusted Leon’s eyes a lot! Since Leon said that the jadestone was a top–quality jade, it would be a good one. It should be worth at least a few million!

It was a good chance for him, there was no way he would miss the opportunity!

“Wow!”

“This guy sure knows how to take advantage of the situation!”

Hearing the middle–aged man’s price, everyone was stunned. They quickly realized the situation.

They all witnessed how accurate Leon was before this. If they managed to buy the jadestone for a good price, it would be an easy profit!

“I’ll bid a million dollars!”

“A million and a hundred thousand!”

“A million and two hundred thousand!”

Everyone was incredibly excited at that moment. Everyone was trying to bid for the stone, and the stone quickly rose to a price of 1.7 million dollars.

The Ex-Husband’s Revenge By Dragonsky Chapter 1338

“That-”

Raphael was stunned at the scene.

He just wanted to test Leon’s skills to see if Leon could pick out another top–quality jade.

He never expected the bidding war that would occur. Everyone seemed to think it was a golden opportunity.

That was not the most important point. The most important thing was that their shop was a business. He already knew that this jadestone could have a top–quality jade inside. If he refused to sell it, it would end up ruining his shop’s reputation!

“Are those people crazy?”

Leon was dumbfounded.

Raphael and he just had a casual conversation.

He did not expect the crowd spectating them to take the opportunity to start a bidding war.

It exceeded his expectations!

"It's fine, just let them bid for it," Raphael did not seem to care.

After all, the jade stones in that area were meant to be sold anyway. Whether it was a top-quality jade or not, he would not damage the reputation of his store just for something so small.

"I'll offer two million and two hundred thousand!"

The same man who started the bidding earlier offered up an even higher price.

With the price already at this level, the other customers started to hesitate.

Even though Leon said that the green jadestone was a top-quality jade, Leon did not specify what type of jadeite it was.

If it was an ice-clear jadeite, then the price would only be a few million at most. If they continued to bid, there was a chance they would not be able to make it back!

Compared to that, it was better for them to let the middle-aged man pick up a strong profit. Otherwise, they might make an enemy for no reason!

As for Leon, he knew that the green jadestone was not going to be worth that little. It was probably a few times more!

However, he did not care about that little amount of profit, so he did not want to stop anyone from making money.

"That's great!"

Seeing everyone give up on their bidding, the middle-aged man was elated. He let out a happy smile.

However, before he could even properly celebrate his victory, a cold voice was suddenly heard.

"I'm bidding three million dollars!" Willie said coldly and arrogantly.

With his position within the Libertons, he would not have bothered trying to fight over those meager profits.

However, he came to the store this time to buy some jade to carve out as a gift.

The green jadestone was probably going to be something of very good quality, which suited his wishes just fine!

Other than that, Leon continuously opened a Four-Colored Jade and a royal purple. Both of them were incredibly valuable!

Now that Leon chose a third stone, it could be something even better than that!

Then, he would be able to make a huge profit and steal Leon's thunder. It would be a way for him to vent his frustrations at losing out on the royal purple!

"You—"

The middle-aged man looked very angry at the fact that his profits were just cut off.

However, Willie was a rich and powerful man. He was the scion of the Libertons, so Willie was not someone he could afford to offend!

Even if he was unhappy, he was forced to grit his teeth and bear with it!

The Ex-Husband's Revenge By Dragonsky Chapter 1339
The Ex-Husband's Revenge By Dragonsky Chapter 1339

The moment Willie made a move, everyone immediately fell silent.

They were already planning on giving up anyway. On top of that, Willie's background meant that they could not afford to offend Willie by bidding against him.

"If no one's going to offer up another bid, then the jadestone is mine!" Willie's cold gaze swept past everyone. He could not stop the satisfied smile from appearing on his face.

However, as he was smiling, Leon's calm voice was suddenly heard.

"I'm bidding four million dollars!" Leon said.

Earlier, Willie interfered while he was buying the red jadestone, causing him to spend a lot more than he would have. Leon still did not forget it!

Now, Willie was trying to take something else away from another person. It was just too shameless. Leon could not just stand there and watch!

He was always someone who made sure to take his revenge anyway!

Since Willie was trying to take advantage of the situation, he would not let Willie get what he wanted!

"Brat, are you doing this on purpose?!" Willie's smile froze when he heard that. He started to look at Leon angrily.

"So what if I am? I was the one who picked out this green jadestone anyway! If you can bid, am I not allowed to as well?" Leon said with a laugh.

"You—"

Willie was incredibly furious, but there was nothing he could do about it.

However, he gave up on the red jadestone earlier, and ended up giving away the valuable royal purple for absolutely nothing to Leon!

With that past experience, there was no way he would give up so easily!

"Six million dollars!" Willie said coldly.

"I'll bid seven million!" Leon did not hesitate to say.

"I'll pay nine million dollars!" Willie said after some hesitation.

"Ten million!" Leon continued to press forward, but he was already ready to give up.

After all, he could feel that the jadestone was probably just an ice-clear or cream-clear top-quality jade. It would only be worth six million dollars at most.

For the sake of going against Willie, ten million dollars was already quite a high price!

If Willie was going to increase the bid, then he would give up!

However, Willie was no idiot!

Willie was the future heir of the Libertons. He was not some clueless rich man.

With his business acumen, he slowly calmed himself down. He could tell that Leon could be deliberately provoking him this time!

If he continued to bid and this jadestone turned out to be a regular ice-clear jade, then he would lose quite a lot of money and embarrass himself in front of everyone. He would be laughed at!

With that in mind, he could not help but hesitate. He was ready to give up.

Right at that moment, the crowd was suddenly talking amongst each other intensely!

"Mister Wolf is at it again!"

"He offered ten million. Could this jadestone be a clear top-quality jade?"

"Yes, it's possible!"

The discussions never stopped.

They knew very well that, if the jade was only at the ice-clear quality, then it would not be worth as much as ten million.

With Leon's eyes and ability, the fact that Leon was willing to pay so much must mean it was an incredible jade!

The Ex-Husband's Revenge By Dragonsky Chapter 1340

"No, it might not just be a clear one!"

"Everyone, look. The crack on the stone looks so green!"

"Could it be an imperial green?!"

One of the customers suddenly asked.

Boom!

The moment the man said that, everyone was shocked. All of them looked toward the crack in the stone!

"Imperial green!"

"Yes, that level of green could very well mean that this is an imperial green!"

Everyone was shocked. The crowd was in an uproar.

Back then, the jadestone might be green, but there were many duds among those that were so green. So, no one paid particular attention to that jadestone.

However, the situation was different this time. Leon already clearly stated that the jadestone was a top-quality jade!

With Leon's abilities, that was true!

Since the green jadestone was not going to be a dud, then it meant that the price was going to be incredibly substantial!

Normally, if a top-quality jade was completely green, then it would probably be the most valuable one of its class. It could very well be the incredibly rare imperial green as well!

Of course, strictly speaking, only jades that were incredibly deep, pure, and clear in their color could be called imperial green. Even a slight blemish meant it could no longer be called that!

However, since clear jades at the imperial green level were just too rare, and ice-clear jades were similar to clear jades, many people called top-tier ice-clear jades that were completely green ice-clear imperial greens!

That still meant that it could very well be something incredibly valuable, worth in the tens of millions!

Even more so, if that jadestone was at the clear level, it could very well be the most valuable jade, an imperial green!

On top of that, its size was no smaller than the red jadestone from earlier. The price would be higher than the royal purple that Leon opened just now. It could be worth more than two hundred million!

"I can't believe this is an imperial jade!"

"Mister Wolf sure has an amazing eye for things!"

Everyone started to get incredibly excited.

Anyone who was versed in the industry knew that completely green jades were split into different levels, each with its special points.

The jadestone's current green and the position of the opening were more indicative of an imperial green!

That meant that, since Leon dared to guarantee that it was a top-quality jade, it meant that there was a very high chance that it would be an ice-clear imperial green or a clear imperial green!

"I'll bid eleven million!"

“Twelve million!”

“Fourteen million!”

The next moment, some of the richer scions could no longer remain calm. They started to bid and fight over one another, quickly pulling the price up to fourteen million!

Of course, it was not just them, even the merchants around them were unable to hold back.

They were all professionals who only bought jades and never jade stones. Those were the principles of their business.

However, Leon picked out two top-quality jades in a row. First was a four-colored one, and next was a royal purple. Yet, Leon refused to sell a single one!

They were already incredibly eager at that moment!

With the jadestone in them having an incredibly good chance of being an expensive imperial green, was no way they could hold back in the face of such an amazing profit!

The Ex-Husband's Revenge By Dragonsky Chapter 1341

“I'll offer sixteen million!”

“I'm bidding eighteen million!”

“Twenty-one million!”

A few merchants made their move, and the price immediately rose to 21 million.

“Despicable! How could this happen?!”

Seeing what happened, Willie's face soured.

He did not know much about jades. After listening to a few of the more experienced people, he realized that the green jadestone could very well be an expensive imperial green!

He planned on retreating and giving up on the bidding, but he already lost out on a royal purple. There was no way he would let an imperial green fall into someone else's hands!

“I'll bid twenty-three million!” Willie placed his bid again, raising it by two million and hoping that he would be able to force the others to retreat.

“That-”

Everyone was immediately silent.

Most of them were just part of richer families, but they were nowhere near the level of the Libertons and

Willie.

With the price at twenty-three million, it was just too expensive. It was already a lot more than they could afford.

Even if they knew that the jadestone could have an imperial green inside, they were still forced to give up.

“Interesting.”

Leon was quite stunned as he looked at it all.

He was already planning on giving up, but he never expected the green jadestone to somehow become an imperial green. Everyone seemed to think so as well.

It exceeded his expectations!

“I'm bidding thirty million!” Leon increased the bid again.

He did not know much about jades and did not know what ice-clear imperial greens were, but there was no way he would let Willie have it so easy when he looked at how much Willie wanted it!

“I’m bidding thirty-one million!”

“Thirty-two million!”

“Thirty-three million!”

Looking at how Leon bid that amount without reservations, the merchants were even more sure that it was an imperial green. So, they started to get very excited as they continued to bid.

“I’ll bid thirty-seven million!” Willie clenched his teeth. His eyes were already reddening.

Even though the Libertons were worth billions, most of their assets were not liquid. Even if he was the heir of the family, he would usually only have around thirty or forty million.

The price was already way too high. He was already at his limits!

“Alright, you’ve won! I won’t bid anymore!” Leon hesitated for a moment before choosing to give up.

He already felt that the jadestone was probably only an ice-clear jade. It would not be worth that much!

Since Willie looked like he was at his limits, Leon decided to stop. Otherwise, the jadestone might end up being Leon’s!

“That-”

The merchants were all stunned, looking at each other and not being sure of what to do.

They were sure that that was an imperial green, which was why they were bidding with Leon. Yet, since the main character gave, they lost their confidence.

Furthermore, that price was getting quite absurd. Even if it was an ice-clear imperial green, they would not be able to make much!

There was no need for them to take such a large risk!

With that in mind, they slowly calmed down. After that, all of them gave up on bidding.

The Ex-Husband’s Revenge By Dragonsky Chapter 1342

“This is great! I finally managed to win it!”

Looking at Leon and the merchants giving up, Willie looked incredibly relieved.

“Brat, weren’t you acting like you had a lot of money just now? Why didn’t you continue bidding?” Willie said with a mocking smile. He looked at Leon with complete disdain, as if he stood head and shoulders above

Leon.

When he fought over the red jadestone with Leon earlier, he lost to Leon because he was not confident enough.

He held on to that fact the whole time, feeling very displeased.

At that moment, he finally beat Leon and got the green jadestone like he wanted. He felt incredibly satisfied!

“Yes, I lost! I’m not an idiot like you. What if you don’t get something amazing after spending so much? Wouldn’t you just be stupid?!” Leon mocked.

He knew very well that the price the jadestone was going for was just too high. Unless Willie was able to open something amazing like a royal purple or imperial green, Willie would have lost money!

Of course, he already felt that the jadestone did not have any remarkably pure spiritual energy inside. It was probably not even a clear jade!

“Brat, you’re the idiot! This jadestone’s crack is completely green. As long as it’s an ice–clear jade, it would at least be an ice–clear imperial green! If I’m lucky enough, I might even get a clear imperial green!” Willie mocked and said. He looked very pleased with himself as if he already got an imperial green.

“What ice–clear imperial green? You’re just dreaming now!” Leon sniffed.

He opened an imperial green before, so he knew about it. However, he never heard of ice–clear imperial greens.

However, it was obvious that it had to be incredibly rare to be called that. There was no way it would be so easy to get!

“What an ignorant fool! I’ll show you how I’m going to get an amazing imperial green today!” Willie sneered.

A clear jade was much more valuable than an ice–clear one. If he was able to open a clear imperial jade, then he would be able to make a huge profit and steal all of Leon’s thunder. He would be the center of attention!

Just thinking about it made him very excited!

After that, Willie ignored Leon. He paid for the jade before he had the employees start to open it.

Crack! Crack!

Under Willie’s instruction, the employees continued to cut down. The stone immediately glowed green.

“It is green!”

“It’s not just an imperial green hue, it’s also so vibrant. It looks crystal clear. It should at least be an iceclear type!”

“There is an imperial green!”

Everyone was shocked at the sight.

Even though Leon said that it was an ice–clear top–quality jade before and they speculated that it was probably an imperial green, they were still shocked to see that it was the case!

The Ex-Husband’s Revenge By Dragonsky Chapter 1343

“Haha, I knew this would be an imperial green! It is one!” Willie started to laugh excitedly.

As the employees cut down, the quality of the jadeite was vaguely seen. It was an ice–clear jade!

On top of that, it was completely green. If there were no surprises, it was at least an ice–clear imperial green!

However, the jadestone was not properly cut and refined yet, so no one knew if it was an ice–clear or clear- type jadeite.

“Could this be an imperial green?”

Leon was completely shocked.

He thought that imperial greens were incredibly rare. Even if it was an ice-clear imperial green, it would not appear so easily!

Yet, Willie seemed to be lucky enough to get an imperial green!

“Of course! Brat, weren’t you so sure that I wouldn’t be able to get something amazing? Open your eyes and look at what this is! This is honest to god imperial green. It could even be a clear imperial green!” Willie started to laugh. He looked incredibly pleased with himself!

He was already starting to hope and pray that it really would be a clear imperial green! Then, he would be able to trample all over Leon and get his revenge for what happened before!

“Mister Liberton sure is lucky to get an imperial green!”

“Exactly, if this is a clear imperial green, then he would be able to easily earn over a hundred million!”

Everyone started to look at Willie with admiration when they got over their shock.

The jade merchants were even more regretful!

If they knew that it was an imperial green, they would have continued to bid. Then, the imperial green might have been theirs!

Unfortunately, it was already too late for them!

However, before they could even process their regret, something that shocked them even more happened!

“What imperial green?! This piece of jade isn’t even an ice-clear imperial green. How could it be a clear imperial green?! Stop dreaming!”

At that moment, Raphael laughed coldly. His voice was full of contempt.

At that moment, it was as if a bomb went off in the room.

“What? That’s not an imperial green?”

“How is this possible?!”

Everyone was shocked to hear that. All of them looked at Raphael in disbelief, not believing their ears.

“Raphael, don’t speak nonsense! This green jade is an ice-clear type or better. It even has the right shade of green. What else could it be?!”

Willie’s smile stiffened. He immediately looked unhappy.

The Ex-Husband’s Revenge By Dragonsky Chapter 1344

“You’re right! Normally, top-quality jades that are at the ice-clear level or higher, coupled with the right color, would be an imperial green most of the time. At the very least, it would be an ice-clear imperial green! However, the jade in front of us is just slightly better than normal ice-clear types. It’s not of that high of a quality. The outer layer isn’t completely green either! How could it be an imperial green?!” Raphael said coldly.

“Not completely green?”

“That’s impossible!”

“Mister Westwood, this is completely green. The color is very pure as well, how could it not be?!”

“Are you mistaken?”

Everyone was very shocked and uncertain. They could not tell why Raphael was saying all of that.

“I’m not mistaken! The coloration of the jade is too bright. Its color isn’t very even either! Based on my many years of experience, green like this is quite a good quality, but it won’t be a true imperial green! If I’m not mistaken, once this jadestone is completely opened, it will be an ice-clear type with a few colors, but there’s no way it will be completely green!” Willie said.

Everyone judged it based on the green jade and the quality, feeling like the outer layer being completely green meant that it was an imperial green!

However, he was different. He knew a lot about jades and was very experienced. With his experience, he could tell that the green hue on the outer layer was not even enough. It could very well just be a green pattern!

The employees just happened to start cutting from where the green was, which made it seem like an imperial green. In truth, it was not truly completely green!

Other than that, an ice-clear imperial green needed to satisfy two conditions. The first was that it needed to be a good quality ice-clear type, and the second was that it needed to be completely green with the right shade!

The jade was not completely green, and it was not high-quality enough either.

Naturally, there was no way it could be an ice-clear imperial green, nor could it be a clear imperial green!

“What a load of nonsense! This is an imperial green. There are no impurities on it at all! Raphael, could you be speaking nonsense just because you’re jealous?!” Willie said coldly, not believing in Raphael’s analysis at all.

“I’m not speaking nonsense, you’ll find out in just a bit! If you don’t believe me, you can go cut it open yourself! I can assure you, the bottom will be of a different coloration. There’s no way it will be green!”

Raphael said calmly.

“Alright, I’ll open it up right now! I’ll show you and that brat how I managed to get a top-quality imperial green today!” Willie refused to believe it. He walked over arrogantly and used the machine to cut the jade.

Crack! Crack!

As Willie cut down, a crystal-like glow could be seen!

Just like Raphael said, it was a completely colorless ice-clear type of jade beneath. There was no green at all!

The Ex-Husband’s Revenge By Dragonsky Chapter 1345
The Ex-Husband’s Revenge
By Dragonsky Chapter 1345

“It is ice-clear. It’s not an imperial green!”

“That’s right, so the jadestone was just an ice-clear type of jade. It’s not a real imperial green!”

Everyone was shocked at the scene. Their jaws almost dropped to the ground.

They thought that the green hue signified that it was an imperial green, but they finally understood that the jade’s outer layer was just covered up in green, causing it to look completely green!

“How could this be?!”

“That’s impossible!” Willie looked like he was struck by lightning. He staggered and almost collapsed on the ground.

He dreamed about a clear imperial green, but now, he was slapped on the face cruelly by reality!

He never would have expected that he did not even get an ice–clear imperial green! It was obvious how badly he was affected!

“What a pity. This is just a regular ice–clear jade. It’s not even among the top qualities. It’s probably worth about five to seven million!”

“That’s right, Mister Liberton spent so much to buy this jadestone. He’s made a huge loss!”

Everyone shook their heads and sighed at the sight. Some of them were sympathetic and pitiful, while some of them looked at Willie like an idiot.

After all, the jadestone was only sold at a few hundred thousand initially, but Willie repeatedly increased the price to 37 million, suffering huge losses in the end.

That was just the work of an idiot!

The merchants in particular regretted not continuing to bid. Yet, once they found out that the jade was not an imperial green, they were incredibly thankful that they stopped early enough. Otherwise, they would have been the ones to get the jade!

“Serves him right!”

By the side, the middle–aged man who started the bidding looked incredibly happy. He almost got the jade just now, but Willie suddenly joined in and took it away from him!

Willie brought it onto himself, losing millions in one go!

“Despicable!”

Feeling everyone’s gazes, Willie’s expression was incredibly dark!

He did not only lose so much, he even became a joke in everyone’s eyes. He felt utterly humiliated!

Suddenly, he lost all his dignity. He was so embarrassed that he just wanted to dig himself a hole to hide in!

“Mister Liberton, congratulations. You spent so much money to buy a regular old jade! You are so rich. I couldn’t imagine doing that!” Leon started to mock Willie.

When Willie opened the imperial green, Leon was quite shocked. Leon thought that his senses made a mistake.

However, the jade was not an imperial green at all. Willie was just too greedy!

“You!” Willie’s expression soured completely.

He thought about it for a moment and finally realized something!

When he put the bid at 3 million dollars, already gave up on bidding against him. It was Leon suddenly interfering that caused the price to go up so astronomically!

It was no exaggeration to say that he lost so much money and humiliated himself so much all because of Leon!

The Ex-Husband’s Revenge By Dragonsky Chapter 1346

“Brat, you did this! You knew it wasn’t an imperial green, but you deliberately raised the price to trap me! You’re not an enemy of mine!”

Willie glared at Leon with complete anger when he realized the situation.

“What a joke! So you’re the only one allowed to trap others?!”

Leon sneered and said, “On top of that, I only said that it was going to be a top-quality jade. I never mentioned it being an imperial green! You were the one who jumped to conclusions and sabotaged yourself. It has nothing to do with me!”

“Yes, Mister Wolf is right!”

Everyone nodded their heads in agreement when they heard that.

Leon just said that the jadestone would be a top-quality jade. It was true. Anything at the ice-clear level or above was considered that!

Leon was right!

If the middle-aged man who started the bidding managed to win the stone, he would have made a few million in profit!

However, Willie was not very bright. Not only did he take jade away from someone else, but he also raised the price to such an astronomical number!

Even if he lost money, it was all Willie’s own doing. No one else could be blamed!

“You just want to die! Brat, you’ve caused me a lot of grief today. I’ll make sure to settle the score today!”

Willie was furious.

Leon took the royal purple from him earlier, and Leon set a trap for him after that. With those two things in tandem, Willie was already losing his mind in his anger!

Right after that, he struck out with immense power, attacking Leon.

“Leon, careful!”

Penny was completely shocked.

She knew how strong Willie was. He was already in the Semi-Overlord state. He was one of the strongest at his age!

She wanted to help Leon block Willie’s attack, but she was just too weak compared to Willie, so there was nothing she could do!

“Despicable! Willie, you can’t do whatever you want here!”

Before Leon could even do anything, Raphael stepped forward.

After that, he struck out with immense power, charging right at Willie.

Bang!

After a violent crash, Raphael’s body did not move at all.

Instead, Willie paled as he took a few steps back before he steadied himself.

It was obvious from the exchange that Raphael was stronger than Willie!

“Raphael, what is the meaning of this? Are you going against me for this brat?” Willie was furious when he was forced back.

“Willie, you’re the one trying to cause trouble in our store. Why are you asking me that question? Do you think you can just do whatever you want here?!” Raphael sneered.

“That-”

Willie was speechless when he finally realized it.

He knew that Raphael was right. This was Westwood territory. It was inappropriate for him to do this.

Furthermore, the Westwoods were similar to the Libertons in that they were both ancient martial arts families. Their might was at the same level.

Raphael was the heir of the family. Whether it was position or talent, Raphael was no weaker than him!

If he insisted on going against Raphael, it would not be an advantageous situation for him!

With that in mind, he slowly calmed down.

“Brat, you got lucky this time. I’ll let you off for now! However, this isn’t over yet. Just you wait! We’ll see what happens in the future!”

Willie scoffed before he walks away with his jade, bringing his girl and subordinates away with him.

The Ex-Husband’s Revenge By Dragonsky Chapter 1347

Leon sniffed as he looked at Willie walk away.

With his skills and all his protective measures, there was no way he would see Willie as a threat at all!

If Raphael did not do something before he did, Willie would probably already be on the ground! However, since it was Raphael’s territory and since he had a decent impression of Raphael, he did not want too much trouble. In the end, he did not stop Willie from leaving.

“Mister Wolf, I can’t believe you did manage to pick out a top-quality jade after just looking at it for a bit! You have an amazing set of eyes. You’ve earned my admiration!” Raphael started to praise Leon after thinking about the jade.

“That’s right!”

“Mister Wolf has such a good eye. He managed to choose three top-quality jades in a row. We’ve only heard about experts like this before!”

Everyone around the place nodded and agreed.

Before this, they might have suspected Leon’s ability, but at that moment, all of them were completely won over by Leon.

“All of you are praising me too much! I just happen to be luckier than usual,” Leon said with a humble smile on his face. After that, he remembered something and took out the Four-Colored Jadeite, handing it to Raphael, “Mister Westwood, I have a favor to ask for. Could you help me carve this jade into a figure for a gift?”

“Yes, not a problem! Don’t worry, I’ll find the best jade smith for you. I can assure you, it’ll be done in three days!” Raphael answered quickly.

“Then, thank you so much,” Leon smiled as he showed his gratitude.

“Mister Wolf, you’re being too kind. We’re friends. This is to be expected,” Raphael said with a smile.

“Yes, you’re right. We are friends!”

Leon was taken aback. After he remembered how Raphael greeted him before, he had a pleased smile on his face, acknowledging Raphael as a friend.

“Mister Westwood, I still have some other matters to attend to, I’ll be taking my leave!”

Leon bid his farewells before he turned to look at Penny, “Penny, will you be coming back with us?”

“Alright.”

Penny was about to agree, but she was interrupted by Andy before she could finish.

“Penny, we still haven’t picked out a good gift yet. Let’s walk around some more. We might be able to find something good,” Andy said.

“That’s right, I almost forgot!” Penny realized something.

"Iris, Leon, the two of you should head home first! I'll shop around with Andy before we leave," Penny said.

"Yes, that's fine."

Leon did not mind it. After that, he left the store with Iris.

Looking and Leon and Iris leave, Andy could not help but let out a meaningful smile.

He met Willie a few times before. He knew that Willie was a petty person that held on to grudges!

With how Leon offended Willie and humiliated the man, there was no way Willie would let the matter drop that easily!

If he was not mistaken, the moment Leon left the store and lost Raphael's protection, Willie would look for Leon for revenge.

He knew that P himself could not go against Penny, so he deliberately made Penny stay back.

He did not want to get into a fight with Willi, and he envied Leon's abilities. He never liked Leon, so he hoped that Willie would be able to teach Leon a lesson and make Leon suffer a bit!

Then, Penny and him would appear to smooth things over after that!
