## Chapter 1363-1366

### Chapter 1363

"Mister Jones, it's a pleasure," Leon's smile stiffened as he took the chance to shake Tony's hand.

He was a bit unhappy about being ignored like that, but since he was there to purchase the company, he would not be petty over such a small matter.

"You-

Tony's expression darkened.

Iris and the others were as beautiful as fairies.

He wanted to take the chance to get closer to them, but he was stopped by Leon!

Suddenly, he felt quite unhappy, but there was nothing he could do about it.

"Everyone, please take a seat!"

After Tony composed himself, he tried to show his gentlemanly side to the woman. So, he pushed down the unhappiness in his heart.

After that, everyone took their seats.

"Mister Jones, let's talk about the purchasing of the company," Leon said straightforwardly. Only, he was interrupted before he could continue.

"Mister Wolf, right? Medicare Pharmaceuticals isn't that large. What group from the Southern region are you representing? Why do you want to buy our company?" Tony asked.

He could see that Otis referred to Leon respectfully, and Leon had four amazing beauties around him.

The fact that Leon could gather so many absolute beauties meant that Leon was not someone to be trifled with!

He felt like Leon was probably from one of the ancient families in the Southern region.

He wanted to take the chance to figure Leon out to make the negotiations easier.

"I'm not from the Southern region! I'm the chairman of Cynthion Group from Springfield City. I came over to buy your company because we're trying to expand," Leon said honestly.

Buying a company was not something simple. It was normal for the other party to want to figure out his origins. He wanted to show his sincerity, so he did not hide anything.

"So you're from Springfield City! I've long since heard that Springfield City is full of beauties. It looks like it's true!" Tony realized something. After that, he started to sneer.

He thought that Leon was probably a direct descendant of one of the ancient martial arts families. So he was quite careful.

Yet, when he found out that Leon was just a country bumpkin from Springfield City, he started to look down on Leon!

Someone like Leon had four incredibly beautiful women with him. Tony could not help

but feel a bit envious!

“Mister Jones, what are you planning on selling the company for?” Leon did not notice the sneer on Tony’s

face. He maintained a sincere attitude as he went straight to the point.

“An easy price. Two hundred and fifteen million!” Tony said calmly. He regained his earlier arrogant expression.

“Two hundred and fifteen million? Isn’t that a bit too high?!” Leon was shocked.

Earlier, he found out from Otis that the company was planning for a price of around 172 million, but Tony immediately gave them a price of 215 million!

That exceeded his expectations!

“If you think it’s too expensive, you can just not buy it!” Tony laughed.

“That-”

Leon was speechless.

Even though Tony seemed to have deliberately increased the price, Leon was in a hurry to start up a company so he could establish himself in the Southern region.

On top of that, an additional 43 million was not the worst. With his fortunes, it was not a sum he cared about!

“Alright, so be it. Two hundred and fifteen million it is! You have a deal!” Leon fell silent for a moment before agreeing to it quickly.

#### Chapter 1364

“What? Y–you agreed?” Tony was shocked to hear that. He could not believe his ears. His company was only worth around 130 million. He deliberately put such a high price because he knew that Leon was from Springfield City, and he was looking down on Leon.

On top of that, he was jealous of the beauties that were around Leon, so he wanted to make things hard for

Leon.

Yet, he never expected Leon to agree to his conditions so easily!

It completely surprised him!

“That’s right! When can we sign the agreement?” Leon said calmly.

“That-”

“Don’t be in such a hurry, I have another condition!”

It was hard to meet someone so easily scammed like Leon. Tony planned on agreeing to the signing, but when he looked at the beauties behind Leon, he had another thought, and suddenly changed his mind.

“What condition?” Leon could not help but ask.

“Mister Wolf, if I’m not mistaken, I’m guessing all four of these beautiful women must be your subordinates. I like them a lot. As long as you give me one of them for a few nights, I’ll immediately sign it!” Tony said with an evil smile. He immediately set his eyes on the women.

“What? Dream on!” Leon was shocked. He slammed his hand on the table and stood up.

He was there purely to buy Medicare Pharmaceuticals, but not only did Tony increase the price maliciously, but he was also even looking at Iris and the others with ill intentions!

It immediately angered him!

“Mister Wolf, it’s just a woman. It’s not like they’re your girlfriend. What are you getting emotional for? Honestly, some so many women are toys in the market. What’s wrong with giving me one to play around with? If you agree, I can give you a discount on the sales price!” Tony calmly said, as if he had the advantage over Leon.

Even though he did not know what kind of relationship the four of them were, he was certain they were not his women.

He thought that Iris and the others were probably playthings that Leon groomed to use as things like rewards. They were probably meant to lure clients in for profits.

As long as Leon was willing to let him play with one of them, he could give a substantial discount. There was no reason for Leon to reject it!

“Despicable! You’re the toy! Your whole family is!”

Iris and the others were never so insulted before. All of them were furious.

Ruth in particular immediately grabbed a glass and splashed the water on Tony’s face.

Tony was not able to react in time, and he was drenched.

“Wretch, how dare you do that?!” Tony was furious. He immediately wiped the water away from his face!

“Die!”

Hearing Tony’s curses, there was no way Ruth would just take it with her attitude. She immediately attacked Tony with an incredible amount of power.

## Chapter 1365

“Don’t-”

Otis was stunned at the sight. He hurriedly rushed forward and stopped Ruth.

“Mister Wolf, ladies, you can’t do this,” Otis said in a hurry. He had a face full of worry.

He was just a small manager in the company. Whether it was Tony or Leon, they were not people he could offend.

He was the middleman for Leon purchasing the company.

If anything happened between Tony and Leon, he would not be able to escape any consequences!

Other than that, he was in the company for many years. He knew that Tony had a very powerful background. Tony could not be offended.

He mainly stopped Ruth because he was worried that Leon and the others would suffer if they continued to go against Tony!

“Otis step aside right now! If you don’t, then don’t blame me for dealing with you too!”

Ruth shouted angrily.

She was already too angry to listen to Otis’s advice. After that, her hand brimmed with energy as she tried to

push Otis away and attack Tony.

“Ruth, stop!”

Leon suddenly reached out to stop Ruth’s attack.

“Leon, what are you stopping me for? This guy has such a rotten mouth. I need to

teach him a lesson!" Ruth glared at Leon and said.

"It's fine, even if the deal is not done, we should still have some dignity! Since he isn't being sincere in selling his company, let's just stop here!" Leon said seriously.

He was very angry at Tony.

However, Otis was helping them out of the kindness of his heart. If Ruth injured Tony, then Tony would vent

his frustrations on Otis.

He did not want to harm someone innocent.

"But," Ruth was still unhappy.

"Enough, there's nothing more to talk about! Let's go!" Leon said firmly. After that, he grabbed Ruth's arm and brought everyone away.

"You're trying to leave? It won't be that easy!"

At that moment, Tony shouted out coldly. He walked right in front of the door and stopped Leon and the others from leaving.

"Tony, what are you trying to do?" Leon said coldly.

"What do you think? You tried to leave after splashing water on me. It's not that simple," Tony sneered.

He knew that Leon was just a country bumpkin. With his position, there was no way he would fear Leon!

The fact that Leon wanted to avoid any trouble caused Tony to be even more arrogant!

"Then what do you want?" Leon asked.

"It's simple, I want aloof these women! If you leave all four of them here as an apology, I can consider forgetting about this. Otherwise, you won't be able to get out of this place today!" Tony said arrogantly.

He only asked for one out of the four from Leon earlier. However, he finally found an excuse to get all four of them for his enjoyment!

Just thinking about it got him giddy with excitement!

"What if I refuse?" Leon said in frustration.

He merely wanted to avoid any trouble because he did not want to burden Otis.

Yet, Tony did not seem to realize it. Tony was even trying to demand for the women to stay!

Leon was already completely angered

## Chapter 1366

"Refuse? That's not up to you!" Tony said with a sneer.

The moment he said that, as if he summoned them, the security guards in the company were mobilized. They immediately hurried over.

"Capture them!" Tony said with a wave as he ordered the young guards.

"Yes!"

The guards acknowledged the order and immediately charged Leon with a fierce expression.

"Die!" Leon smiled angrily.

He did not even bother using his spiritual energy, there was no need to. With a flick of his wrist, a wave of intermediate Innate State energy surged at the guards.

Bang! Bang! Bang!

There were a few violent crashes. A few regular guards were no match for Leon at all. They were sent flying by Leon and slammed into the ground heavily.

“Brat, no wonder you were so arrogant in front of me! You’re a martial artist!” Tony realized when he quickly felt that Leon was a martial artist at the Innate State!

“Tony, for Otis’ sake, I’ll give you one last chance! If you know what’s good for you, apologize to Iris and the rest of them right now, and I’ll consider letting you off! Otherwise, you’ll suffer the consequences!” Leon said coldly. There was a murderous glint in his eyes.

“Haha, brat, how dare you speak so arrogantly as a mere martial artist at the intermediate Innate State? I guess you’re sick of living! It’s so easy for me to kill an ant like you!” Tony could not help but laugh out loud as if he heard the greatest joke in the world.

After that, he unleashed a huge wave of energy.

From his energy fluctuations, Leon and the others could immediately see that he was an initial Supreme Master!

“You’re just an initial Supreme Master, and you’re being so arrogant!” Leon sniffed.

Earlier, Tony acted like he was unbeatable. Leon wondered how strong Tony was, but it turned out to be nothing!

“Brat, how dare you look down on me? I’ll show you how strong a Supreme Master is right now!” Tony was furious. After that, he wasted no time as he attacked with an incredible force, charging quickly at Leon.

“You don’t know your place!” Leon scoffed. He did not retreat and charged at Tony instead.

“What an ignorant fool!” Tony smiled in disdain. There was a sharp glint in his eyes. Earlier, he felt that Leon was only in the intermediate Innate State when Leon fought the guards!

The fact that he was a Supreme Master meant that Leon was nothing in his eyes! Right after that, he punched with even more force, preparing to cripple Leon in one go!

Then, Iris and the others would all be his!

Bang!

Right as Tony was dreaming about that, his fist clashed right against Leon’s.

Then, he was deeply shocked!

Leon was not crippled by him at all. Instead, Leon broke through his attack with one strike. Leon’s remaining strength viciously hit Tony on the arm.

Crack!

The clear sound of bone cracking could be heard. Tony shouted out in agony. His body was sent flying a few meters before he crashed on the ground.

Right after that, he felt an intense pain in his arm. It was broken by Leon
