

The Ex-Husband's Revenge By Dragonsky Chapter 1441

“I know you're the Mystical Dragon Jade. According to the seller, it's a jade carving that's carved with Mystical Dragon Jade. Everyone, you can feel free to verify it. Other than that, the black market is only in charge of auctioning the goods. We can't guarantee you that the jade is authentic. Please decide for yourselves if you're going to place your bids after you verify it,” the Black Gorilla said clearly. After that, he took off the red cloth on the tray, and a jade carving of a griffin on the side of a palm appeared.

The jade griffin was deep green. In terms of the shine, it seemed much more transparent than a clear-type jade. There were no signs of any blemishes or cracks. It looked perfect!

In terms of craftsmanship, it was top-tier as well. The body of the jade seemed like an absolute masterpiece.

However, there was another way to see that!

The jade griffin's quality and workmanship seemed way too perfect. It looked a bit like a high-end imitation that was made through machinery. It did not look like a treasure that was painstakingly carved by a master smith!

“Is this the rare Mystical Dragon Jade?”

Looking at the perfect jade carving in front of them, everyone seemed incredibly excited. However, they hesitated.

Most of them were part of the jade industry. They could vaguely tell that the carving was just too perfect. It did not look real at all!

However, the legendary Mystical Dragon Jade was supposed to be a jade without any blemishes in the first place. On

top of that, the Mystical Jade Dragon was already lost for so long. None of them saw it before, and

none of them could verify if it was real or not!

“Mister Gray, Mister Moss, what do you think?”

Seth and the other young men turned to the experts next to them and asked.

“Let’s look at it for a moment.”

The experts were in no hurry to answer. All of them took out their magnifying glasses and other tools. After that, they started to closely observe the carving in front of them.

After about ten minutes, all of them started to keep their tools.

“Mister Moss, how is it?”

“Is this Griffin carving a Mystical Dragon Jade?”

The young men there could not stop with their questions.

“From the lighting and the shine, the quality of this carving is incredible!”

“However, we’ve never seen a Mystical Dragon Jade before. We can’t say if this is a Mystical Dragon Jade or if it’s just some other high-quality jadeite.”

The experts all shook their heads.

“So it’s like this.”

All of the young men looked quite disappointed to hear that.

“Mister Gray, are you not able to tell if it’s real or not either?” Seth asked Oscar.

“I could see something from it. I can say with a seventy to eighty percent certainty that this carving could very well be the Mystical Dragon Jade,” Oscar said with a smile.

“Oh, is that so? Mister Gray, please tell us more,” Seth and the others immediately looked at Oscar.

The Ex-Husband’s Revenge By Dragonsky Chapter 1442

“Based on the records about jades, the Mystical Dragon Jade stands at the top of all Dragon Jades. Its coloration is deeper than regular Dragon Jades. Even though I’ve never seen the Mystical Dragon Jade before, I’ve been fortunate enough to see a Dragon Jade in my youth. The color of this carving is a bit deeper than the jade I saw in my youth. The shine on it is quite radiant, and it’s similar in quality to a Dragon Jade in every way. It checks off all the unique attributes of the Mystical Dragon Jade,” Oscar said calmly.

“So Mister Gray has seen a Dragon Jade before!”

“He is the top expert in the Southern region. He’s seen everything!”

The young men around there realized something as they praised.

“Of course! With Mister Gray’s ability and specialization, no one can compare to him in the Southern region!”

“Seth let out a pleased smile.

Oscar was specially invited over by him. With Oscar receiving praise from everyone there, it served to bolster his pride as well!

However, it was not like every person there agreed with Oscar's view. Raphael was an expert on Jades himself. He knew many high-end replicas had very similar attributes to the real thing. On top of that, Oscar just saw a Dragon Jade before and never saw a true Mystical Dragon Jade, so he was still a bit doubtful.

"Mister Wolf, what do you think?" Raphael asked Leon after looking over.

Earlier, all of the experts already expressed their opinions. Leon was the only person who was silent the whole time. He wanted to ask Leon for Leon's opinion and see if Leon could provide any valuable insight!

"Raphael, he's just an ignorant brat, what could he see?! In my eyes, the two of you should just get lost. Stop being an eyesore here!" Raphael mocked.

"Yes!"

"Mister Westwood, the Mystical Dragon Jade has been extinct for almost a century. This guy you brought over is twenty-five years old at most!"

"Someone like him probably doesn't even know what a Dragon Jade is. Aren't you just making things hard for yourself by having him help you?"

The young men there all started to laugh as they looked at Raphael and Leon in disdain.

"That-"

Raphael's face reddened, but he could say nothing about that.

The matter was just like what everyone guessed. In the morning, Leon did not know what Dragon Jades were

at all. He was the one who told Leon about it!

With Leon being so naive, it was quite absurd for him to hope that Leon would help him verify such a treasure!

However, Seth was a mortal enemy of his. He was not happy about seeing Seth gaining everyone's praise through Oscar!

“What do you know?”

“Mister Wolf has an incredibly good eye. How do you know that he can't verify the jade?” Raphael said stubbornly. However, he got quieter and quieter. He had no confidence at all.

“Mister Westwood, I did manage to see something just now,” Leon said with a smile.

Raphael asked him over to help take a look. Since Raphael wanted his opinion, he would not continue to keep his silence.

The Ex-Husband's Revenge By Dragonsky Chapter 1443

“Oh, is that so? Mister Wolf, let's hear it,” Raphael immediately asked.

Leon did not answer immediately. He looked toward Oscar and said unconvincingly, “Mister Gray, you claimed that this is a Dragon Jade just from the color and attributes alone. Isn't that a bit too rash?!”

In truth, while the experts were observing the jade carving, Leon already sneakily tried to sense the jade carving.

If the carving was a Mystical Dragon Jade, then the spiritual energy within should be even purer than an imperial green!

Yet, regretfully, he merely felt a bit of spiritual energy from within the carving. He did not feel anything especially pure or dense. It was enough to prove that the griffin was probably not the incredibly rare Mystical Dragon Jade!

Of course, he did not know much about jades. Even though he felt something wrong with the carving, he was not able to explain it properly.

So, he was only able to question Oscar's guess on the surface to hopefully find something out from it!

"You're right! Brat, the fact that I'm daring to make this guess means that this isn't unfounded! According to rumors, the Mystical Dragon Jade can help martial artists in their training. It was not just completely unfounded. Everyone, feel free to get a sense of things. Some energy fluctuations are coming from within the jade. It's something unique to the Mystical Dragon Jade and the Dragon Jades," Oscar said calmly.

"Hey, it does feel like there are some energy fluctuations!"

With Seth and the others hearing that, they rushed over and felt a sliver of energy from within the carving!

"Haha!"

"Mister Gray, you do live up to your reputation!"

At that moment, the Black Gorilla laughed and walked over.

"Everyone, the seller told me some things about this carving before. Let me show everyone what a real treasure is right now!"

As the Black Gorilla said that, he pushed forward and a wave of energy flowed into the griffin.

Boom!

Right after that, the Jade Griffin exploded in a radiant light. Immediately, an incredibly strong wave of energy shook the place!

“What a strong energy. It’s incredibly strong and firm!”

“That’s right. It looks like this is a Mystical Dragon Jade!”

Everyone was shocked. There was a huge stir in the crowd.

It was not just them. Even Raphael, who was still doubtful earlier, looked shocked. He no longer doubted anything!

Only Leon remained staring at the griffin on display, looking like he was thinking about something.

“This is great! Mister Wolf, do you see that? This jade griffin is a treasure! It’s an incredible treasure that oozes energy!”

Raphael looked elated. He seemed to be completely excited.

“Mister Westwood, don’t get so excited. Some things might be deceiving to the eye,” Leon said with some doubt.

Even though he saw the light coming from the carving, he still failed to sense any pure or dense spiritual energy from the jade. He was still doubtful of everything!

It was not just that!

He had a Mirror of Sovereign with him. Back then, the light and the energy coming from the mirror were at least a hundred times stronger than the carving. There was no comparison between the two of them!

His intuition told him that the jade carving was problematic. It was not a treasure!

The Ex-Husband's Revenge By Dragonsky Chapter 1444

“Brat, you’re still doubting Mister Gray right now? You’re even doubting that this carving is a Mystical Dragon Jade! I think you’re just deliberately causing trouble here!”

Hearing Leon’s questioning, Seth was furious.

“That’s right!”

“The truth is right in front of him, but he’s still trying to be stubborn. Isn’t he just deliberately causing trouble now?!”

“Mister Westwood, the fact that you brought this guy along clearly means you aren’t here to bid for the Mystical Dragon Jade at all!”

“Since that is the case, just hurry up and get lost. Stop getting in the way of us bidding for the treasure!”

The others were angered as well. They started to look at Raphael and Leon with unkind expressions.

“1-” Raphael looked uncertain.

Initially, he brought Leon over in the hopes that Leon would prove useful in some way. Yet, due to Leon’s nonsense, Leon and were practically outcasts. It was so embarrassing!

It caused him to feel the need to leave with Leon immediately!

However, he felt like the carving could very well be an incredible treasure. It would be very useful to him, so

he needed to make sure he had it!

With that in mind, he decided against leaving as he resolved himself.

“That might not be true,” Leon still wanted to argue, but he was interrupted by Raphael before he could say anything.

“Mister Wolf, can you please stop? Have you not embarrassed us enough?!” Raphael said unhappily. He hurriedly stopped Leon to stop Leon from continuing to anger everyone.

“Fine then!”

Leon was helpless when he felt that no one believed him.

“It’s fine, this guy is just an idiot!”

“Let’s start the auction! Ignore him!”

Seth and the others had looks of disdain on their faces. After that, they looked toward the carving again.

“I’ll announce the official start of the auction!”

“This jade carving will start at forty–three million dollars. The minimum increase will be five million. Those who wish to bid please name your price,” The Black Gorilla officially announced.

“I’m bidding forty–eight million dollars!”

“I’m bidding sixty million dollars!”

“Eighty–six million dollars!”

“Ninety–five million dollars!”

“I will bid A hundred and thirty million dollars!”

All of those in attendance were in a complete uproar. They quickly reported bid after bid, and it quickly reached the price of 130 million dollars.

However, even though they knew that the griffin carving was something incredibly valuable, they still did not know what the effects would be. 130 million was just an incredibly high price. Quite a few of them hesitated for a moment, and were forced to give up on the bidding!

“I’m bid a hundred and fifty–eight million!”

At that moment, Raphael named a price.

“Don’t!”

Leon was shocked. He was in a hurry to stop Raphael, but it was already too late!

“I’ll bid a hundred and seventy–two million!” Seth sneered.

Raphael was his mortal enemy. There was no way he could just watch as such a valuable treasure fell into Raphael’s hands. After that, they did not even bother thinking about it. They immediately increased the price!

“I’ll bid a hundred!”

Raphael was the same as well. He prepared to continue increasing the price but was suddenly stopped by

Leon next to him.

“Mister Wolf, please believe me. This jade carving is not some amazing treasure. Please stop bidding any further, you might end up with it.”

Leon shook his head. His expression was incredibly serious.

“You!”

“Mister Wolf, can you please stop causing trouble?!”

“A treasure with such a strong attribute like this is incredibly important to me. No matter how expensive it is, I have to secure it!” Raphael complained unhappily.

It was obvious that Leon’s constant meddling already thoroughly angered him!

If he did not see Leon as a friend, he would probably have blown up at Leon right on the spot!

“Mister Westwood, please calm down. Just think about it. If this jade carving is something that amazing, why would the Black Gorilla auction it off?” Leon deliberately lowered his voice.

“That-”

Those words were like a shout in Raphael’s head that immediately woke him up.

It was just like Leon said. Earlier, the Black Gorilla was the one to activate the jade carving. It caused everyone to believe that the carving was a Mystical Dragon Jade even more!

Since the Black Gorilla knew that the jade was a valuable treasure that could help the training of a martial artist, it would not be hard for the Black Gorilla to just take it for

himself. The underworld prioritized strength all the time. There was no reason for him to auction off something so amazing!

Not only that, something as valuable and rare as the Mystical Dragon Jade would at least be properly marketed even if it was going to be auctioned off at the black market. They would want to attract more attention so it would be bid at an even higher price!

Yet, at that moment, he just got the news in the morning, and the black market started the auction in the afternoon. It was as if they were worried that too many people would be there!

It was all just too strange!

“Mister Wolf, do you mean that this could be a scam?” Raphael’s eyes widened in realization.

“I can’t exactly be certain,” Leon said calmly, not answering it straight.

However, he knew very well that, if this was a scam, then it would be related to the Black Gorilla!

It was even possible that everything was planned by the Black Gorilla!

After all, the man was a vicious figure in the underworld. It was not like the man had a shining reputation. It would be no surprise for him to try and make a fortune with such means!

“That-” Raphael’s face darkened at that.

After Leon’s reminder and the various things that happened, he felt increasingly certain that this could be a scam!

“Mister Wolf, I’ll believe you for now. I hope you’re just speaking nonsense.”

On the other side, while Leon and Raphael were discussing things in private, Seth and the others were continuing to bid.

“I’m bidding one hundred and eighty–six million!”

“One hundred and ninety–five million!”

“I’ll bid two hundred million!”

All of the men there somehow pulled the price up to 200 million!

It was obvious that most of them were already at their limits!

“I’m going to get this carving! I’ll bid two hundred and fifteen million!” Seth said coldly. An impressive aura was around him as he looked down on everyone else.

The Ex-Husband’s Revenge By Dragonsky Chapter 1446

Chapter 1446

Looking at how pleased Seth seemed and the exorbitant price tag, all of the others fell silent.

After that, all of them exchanged a look before they looked toward Raphael!

The jade carving was not just a treasure, it was also a legendary Mystical Dragon JAde!

To them, having such a legendary jade was not that useful, but Seth and Raphael were different.

The two of them were in charge of the jade business within their families. They were mortal enemies at that. The one who succeeded in obtaining that legendary jade would bolster their shop’s reputation greatly!

In the end, those of them who were not good or confident enough already stepped back from the auction. Only Raphael remained who could contend with Seth!

However, all of them were surprised that Raphael did not seem to have any intention of increasing the bids!

“Going once!”

“Going twice!”

“Sold, for two hundred and fifteen million!”

The Black Gorilla spoke in a calm voice, but there was a cold glint in his eyes.

“This is great! I finally managed to get it!” Seth let out a sigh of relief.

Even though the Golans were quite rich, that was not a small sum. He was very worried that Raphael would continue to bid against him!

Yet, thankfully, Raphael seemed to have been scared away for some reason. It was great news for him!

After paying the bill, Seth managed to get the jade carving.

“Raphael, weren’t you always so stubborn? Why did you suddenly change today? Have you finally learned your place?” Seth mocked and laughed. He deliberately waved the carving in front of Raphael, looking incredibly pleased with himself!

Even though the Golans and the Westwoods were around the same level in strength, the Westwoods had the support of the Thompsons. So, Raphael’s jade business was firmly above Seth’s in the past few years, which greatly infuriated him!

Yet, he did not only find a treasure that would help him in his training, it was also a legendary jade that could serve as the treasure of their store. The Golans would soon be able to exceed the Westwoods in the jade business!

The 215 million he just spent was so worth it!

At that moment, it was obvious how happy he was feeling!

“Seth, don’t be so pleased with yourself just yet! We still don’t know if t his jade carving is even a treasure or even a Mystical Dragon Jade!” Raphael sneered

“What an idiot! It’s one thing that you decided to bring an idiot with you this time, but you became an idiot too! It is true when they say that birds of the same feather flock together!” Seth mocked.

“You’re the idiot here! You spent two hundred and fifteen million on a piece of trash. Who else could be the idiot?!” Raphael countered without any hesitation.

“What? Are you a sore loser right now? Fine, I’ll let you witness it right now. Open your eyes we’ll see if my Jade Griffin is treasure or trash!” Seth said coldly. After that, *he* pushed his energy into the carving.

Right after that, the carving started to radiate a bright glow of intense energy, shaking everyone present!

The Ex-Husband’s Revenge By Dragonsky Chapter 1447

“It is a treasure!”

“Mister Golan made it out big this time!”

Everyone started to look at Seth in admiration.

The Black Gorilla already activated the jade carving once before, and Seth was easily activating it again.

Both times resulted in the same result, so they were even more certain that the carving was a Mystical Dragon Jade. At the same time, it was an amazing treasure containing immense power!

“Raphael, did you see that? What else do you have to say now?!” Seth sneered, looking at Raphael and Leon like they were clowns.

“That’s impossible! Mister Wolf, didn’t you say that the jade carving could not be some amazing treasure? What’s happening here?”

Raphael’s face looked incredibly sour after he saw that.

He was even starting to look at Leon in anger!

After Leon’s advice just now, he thought that the Black Gorilla probably activated the mechanism within the carving with some method of deception to set up the scam!

Yet, even in Seth’s hand, the treasure was still glowing with such immense energy!

It was enough to prove that there were no problems with the treasure!

Not only that, a treasure like that was very useful for him while a Mystical Dragon Jade would be able to greatly bolster the reputation of their jade stores!

No matter what, that carving was incredibly important!

Yet, after listening to Leon’s words, he just gave the carving over to his mortal enemy, Seth!

At that moment, it was obvious how angry he was at Leon!

“Mister Westwood, please be a bit patient. If I’m not mistaken, the carving is definitely not a Mystical Dragon Jade. It doesn’t have some amazing energy within it as well. It must be a false image planted inside by an expert,” Leon explained calmly.

Many of the best jades were the same as medicinal materials. They were all treasures birthed from nature, they would have incredibly pure and dense spiritual energy within them!

SO

After hearing that the Mystical Dragon Jade could help in a martial artist’s training, it had to be because it had incredibly strong spiritual energy inside. A martial artist would be able to continuously absorb it to turn it into energy for their training!

Yet, there were only minuscule amounts of spiritual energy within that carving. There was no way it would be enough for any training!

If he was not mistaken, the energy within was probably not birthed of spiritual energy. It had to have been manufactured with a certain method by an expert martial artist!

“There’s no way it’s fake! Brat, if you keep on with your nonsense, don’t blame me for being rude!” Seth said coldly.

“It’s not nonsense. If you don’t believe me, you can try absorbing the energy within the jade. Then, you’ll be able to see if it’s real or not,” Leon said calmly.

“Alright, I’ll do it then! If this treasure isn’t a fake, I’ll make sure to beat your mouth rotten today so you pay the price for your hubris!” Seth had a sharp glint in his eyes.

Raphael was his mortal enemy. He wanted to get rid of Raphael, but Raphael had the support of the Thompsons, so he had no way to do anything to Raphael without a reason!

However, the chance was there. Leon was someone Raphael brought over. If he could teach Leon a lesson, he would be able to completely embarrass Raphael!

Then, if Raphael dared to try and protect Leon, he could take the chance to attack Raphael!

It was the perfect opportunity!

The Ex-Husband's Revenge By Dragonsky Chapter 1448

After that, Seth did not hesitate at all. He held the carving in his hand and started to absorb the energy from within.

In just a few moments, all of the energy within was thoroughly exhausted!

“How is this possible?!” Seth was shocked.

Even though he never saw a Mystical Dragon Jade before, it was obvious that there was no way there would be so little energy within a jade that could help in a martial artist's training!

“Everyone, look! The jade carving is changing in color!”

At that moment, a sharp-eyed man called out in surprise.

Everyone looked over to where the man was pointing. The originally green jade was slowly dimming in color as the energy was absorbed out of it. In the end, only a few traces of green remained.

The other places all turned into a less transparent and fainter color. It lost all its earlier shine and glimmer!

“A Golden Thread Jade! So the carving is an incredible fake made with a Golden Thread Jade!” Raphael was

shocked to see that.

Even though he never saw the Mystical Dragon Jade that was extinct for so long before, as someone within the industry, he knew the other jades very well!

After the carving in Seth’s hands dimmed, he could immediately tell that it was a valuable Golden Thread Jade!

A Golden Thread Jade was about the same level as an ice-clear jade.

It was not cheap, and quite rare as well. So, it was usually not easy to identify.

The carving was faked as a Mystical Dragon Jade using a Golden Thread Jade. No wonder it fooled everyone’s eyes!

“It is a Golden Thread Jade!”

The other experts and young men around all nodded in agreement. They recognized that the jade truly was a Golden Thread Jade!

“How could this be?” Seth looked like he was struck by lightning!

Even though a Golden Thread Jade was a high-end jade that was worth as much as clear jades, it was far from the price of a Mystical Dragon Jade!

Furthermore, the carving was not that big in the first place. At most, it was worth three million dollars!

Yet, Seth spent a whole 215 million dollars on the carving. He lost a fortune!

At that moment, it was obvious how deeply he was affected!

“Mister Wolf, so you were right all along! That jade carving was not so much a treasure. It was not a Mystical Dragon Jade either! You’re just amazing!” Raphael looked at Leon in shock after he recovered from his surprise. He was in disbelief.

He knew very well that Leon did not know anything about Dragon Jades and the Mystical Dragon Jades at all in the morning.

Yet, everyone there, including the famous Oscar Gray, thought that the carving was a Mystical Dragon Jade treasure. Only Leon managed to tell that it was fake!

Leon was just too amazing!

He would not have believed it to be true if he did not witness it himself!

Of course, he was not the only one who was shocked. Everyone else there was shaken as well!

They all thought that Leon was just speaking nonsense to cause trouble. They finally understood that Leon spoke the truth all the while!

They underestimated Leon’s abilities too much!

The Ex-Husband’s Revenge By Dragonsky Chapter 1449

“Mister Wolf, thank you. This is all thanks to you. If you didn’t stop me from bidding in time, I might have been the one holding that fake jade,” Raphael said with gratitude.

He regretted bringing Leon over, but at that moment, he was incredibly thankful. He felt like it was a brilliant idea to ask Leon for help!

Leon was incredibly useful at the key moment!

“Mister Westwood, you’re being too polite. The two of us are friends. It’s the least I can do,” Leon said with a smile.

“You’re right, we’re friends!” Raphael laughed and said.

Thanks to Leon’s reminder, he managed to avoid a scam, and his bitter rival, Seth, fell for it instead. Seth spent an astronomical sum of 215 million dollars on a trash Golden Thread Jade!

It was just perfect. He was as happy as he could get!

“Despicable!”

In contrast with Raphael’s happy expression, Seth had an incredibly dark look on his face!

He thought that Leon was just completely ignorant. He laughed at Leon for being an idiot, yet in the end, he was the one who became the idiot!

It was not just that, 215 million dollars was no small sum to the Golans. How was he going to explain things to his family after spending so much money on a fake?

Just thinking about that made him feel hopeless!

“Seth, weren’t you *so* proud of yourself just now? Why aren’t you smiling anymore?” Raphael mocked.

Earlier, Seth mocked both him and Leon a lot after Leon's questions. Now that the tides were turned, there was no way he would give up on such a good chance!

"You!" Seth's expression soured, but there was nothing he could do about it. After that, he remembered the main culprit as he looked toward where the display was.

"Black Gorilla, what's the meaning of this? How could the black market auction a fake like this? Are you toying with us on purpose?!" Seth glared.

He was no idiot. He could vaguely guess that it was all possibly a scam set up by the Black Gorilla!

"Preposterous! Brat, how dare you talk to him like this? Are you sick of living?!"

The guards behind the Black Gorilla were furious. They immediately stepped forward.

"All of you, stand down!" The Black Gorilla waved his subordinates off as he looked at Seth with a sharp gaze, saying coldly, "Mister Golan, I already made it very clear just now. No one ever knows where our auctioned goods are from. I'm not responsible for the authenticity of the goods! If you try and cause trouble here, then don't blame me for being impolite!"

After he said that, an incredibly strong wave of energy shot out from his body, pushing Seth back.

"1-"

Feeling the immense power, Seth paled as he took two steps back.

Even though he was already at the Overlord State, standing amongst the top of the younger generation among the regular ancient martial arts families, he was still too weak to stand up to the Black Gorilla who had been in the underworld for decades!

On top of that, the Black Gorilla was a subordinate of the Southern Boss. With the Southern Boss' immense

up ability and influence, they were not someone the Golans could stand to!

Even if he knew it was a scam, he had to clench his teeth and swallow it!

The Ex-Husband's Revenge By Dragonsky Chapter 1450

“What a complete idiot!”

Raphael could not help but look over in disdain when he saw Seth trying to stand up to the Black Gorilla.

The Southern Boss was a tyrant in the underworld. There were barely any major families who could stand up

to him!

Yet, Seth was merely the heir of the Golans. Was he not an idiot for thinking he could argue against the Black Gorilla?!

“Alright, today's auction is ending! Everyone, please go home!” The Black Gorilla announced. After that, he turned around to leave without sparing Seth a second glance.

“Mister Black Gorilla, please wait!” At that moment, a sudden voice was heard. An old man who was close to sixty and dressed in attire that made him look like a farmer hurried over.

“Old man, who are you?” The Black Gorilla stopped and measured the old man.

“Sir, I’m a treasure hunter. Recently, me and two other friends went deep into the ancient ruins in the mountains and found a treasure. I wanted to sell it to the black market. You can even help me auction it off,”

The old man explained briefly before taking out a red bag.

“Treasure?”

Leon, Raphael, and the others were just about to leave. The moment they heard there was treasure, all of them stopped in surprise.

After that, they looked at the old farmer. The farmer carefully opened up his bag to produce a green bead the

size of a fist.

It was unclear what the green bead was made out of. It looked like jade, but not. It looked like a gem, but it was not. There was a shiny outer layer, but it had very low transparency. It looked like something made by a machine. It was unassuming.

“Old man, what treasure is this? What can it do?” The Black Gorilla asked.

“I don’t know,” The old man shook his head.

He and two of his friends spent a great deal of effort to obtain the bead. After that, they looked into it for a few days, but never found out how to activate the bead or even its effects. Otherwise, there was no way he would have tried to sell a treasure like that so easily!

“How much do you want to sell it for?” The Black Gorilla asked.

“I was thinking about nine million dollars,” The man said after some hesitation.

“What? You’re thinking about making so much from such an unassuming bead? Do you think we’re idiots here?!” The Black Gorilla felt very annoyed.

“I don’t-”

“Sir, please believe me. We managed to find this bead in a cave residence of some ancient hero. Even though I don’t know what it can do, I can assure you, it’s a treasure,” The old man said sincerely.

“What kind of treasure is that?!”

“I feel like it’s just a Luminous Pearl!”

At that moment, one of the men dare started to laugh.

“Yes, that’s true, it does look like one!”

“It’s probably even a man-made one. There’s no way it’s natural!”

The others nodded and agreed.

In ancient times, technology was not as advanced, so Luminous Pearls were quite expensive. They were considered prized possessions.

Natural ones were incredibly valuable as well!

However, with the advancements in modern society, research revealed that Luminous Pearls were just made with a relatively rare kind of stone. It was possible to manufacture it through science. So, the price of it fell drastically!

Of course, natural ones were still quite valuable. There could be sold for hundreds of thousands, but natural ones were usually dim and gray.

The one in front of them was green, so it was not even natural. It was just a low-levelled manufactured pea
