

The Ex-Husband's Revenge By Dragonsky

Chapter 1933

Chapter 1933

"You piece of trash. How dare you attack me? It looks like you do want to kill me!" Darius shouted furiously when he felt Gordon's incoming attack.

Earlier, when Gordon used the needles to attack him, he already guessed that Gordon probably wanted him dead!

However, Gordon was still his brother-in-law. On top of that, Gordon was cunning with his words, so there was no way Darius could be certain!

However, at that moment, it was already obvious that Gordon did want to kill him!

He did not dare to delay things for a single moment as he struck out with immense force, quickly facing Gordon's attack!

Bang!

With an intense clash, the two attacks struck each other!

It was obvious that Darius was far stronger than Gordon, having already reached the Semi Emperor State!

His true energy split Gordon's attack apart, slamming right into Gordon's chest!

Gordon already knew that he was no match for Darius, so he was prepared as he quickly dodged aside. However, he failed to completely avoid the attack, and was struck by the remainder of Darius's energy!

Gordon let out a cry as he was sent flying several meters away by Darius's attack before he pathetically fell to the ground.

Thankfully, Darius was already poisoned, so his power was greatly diminished.

On top of that, he avoided the attack on time, so Darius's strike did not do any significant damage!

"You animal. Just die!" Darius shouted angrily.

Taking the chance, he resisted the poison in his body and struck out at Gordon again, preparing to kill or cripple Gordon.

Otherwise, he might end up dying to Gordon before Leon could even arrive!

"No!" Gordon was shocked. He hurriedly rolled on the ground to avoid Darius's attack!

If it was any normal moment, it would not have been difficult for Darius to kill Gordon with all his might!

However, he was already poisoned. His skills were greatly diminished, and they started to get weaker and weaker!

He struck out a few times, but still failed to do anything to Gordon!

That was not all, with him using his power, the poison in his body started to spread rapidly, attacking his organs!

In the end, he could no longer hold back the poison. He clutched his chest with one hand and spat out two mouthfuls of blood. His body started to sway, and he stopped attacking Gordon!

"Yes! Darius, it's time for you to rest in peace!" Gordon was delighted to see that.

He took the chance to jump up and started to charge Darius with an imposing attack!

"Despicable!" Darius's expression changed dramatically. He wanted to avoid the attack but did not have the strength to.

Right after that, he could only take a step back before he was struck by

Gordon in the chest!

With a loud bang, Darius was sent flying several meters back by Gordon before he slammed heavily onto the ground! 1

After he fell, he spat out a mouthful of blood before he fell unconscious on the floor, not moving.

He already had the Deadly Veratrum Poison throughout his body as well. Even if he was still alive, he did not have much longer left!
