Chapter 1957

Chapter 1957

"It's you!"

The old man immediately widened his eyes. He quickly recognized who the other one was. It was the fourth elder of the Hiltons!

As one of the strongest among the older generation of the Thompsons, he reached the initial Almighty State a long time ago. He was considered someone at the top of anyone else at the same level!

However, he was facing both the fourth and fifth elders of the Hiltons. They were both at the Almighty State just like he was, and were not any worse than him!

He would not be afraid if he was just facing one of them!

Yet, facing two of them at one go, he would not be a match for them no matter how skilled he was!

With that in mind, his heart sank.

Of course, it was not just him, Yuri was the same as well. Yuri felt his heart going cold!

Even though the Thompsons were more powerful and influential than the Hiltons, Yuri rushed over in a hurry. He only brought one person at the Almighty State over!

Meanwhile, the Hiltons were very well-prepared. Not only did they bring two Almighty State Elders, but they also brought a lot of other experts with them!

It was obvious which side was stronger!

There was no comparison!

"Elder Golan, well help you hold off this man! Get rid of Leon first. If anyone dares to get in the way, just kill them!" Sebastian said coldly.

After that, he shot Eliam a look, motioning for Eliam to take the chance to attack Yuri, dealing with Yuri as well!

They did not want Yuri to retreat while the situation was back!

Then, they would be able to deal with Yuri while they were in the right, helping Joel take revenge!

"Alright!" Eliam said with a vicious smile.

After that, he did not hold back anymore as he shot forward at Leon and Yuri with immense force!

"Don't you dare!" The sixth uncle reacted incredibly quickly. He struck out with immense force at Eliam!

However, before he could even get close to Eliam, he was stopped by the two elders from the Hiltons!

"Sixth, we're your opponents!" The two elders sneered. They struck out with immense power!

"Despicable! Don't think you can do whatever you want!" He had a sour look on his face.

After that, he did not hold back at all as he unleashed his most powerful attack!

"Take this. Thundering Fist!" He shouted coldly.

The true energy on his fist became incredibly dense. It started to look like there was electricity around his fist as he quickly struck at the fifth elder of the Hiltons.

That attack was one of the ultimate moves of the Thompsons!

Martial Techniques, as the name implied, were a form of incredibly powerful martial skill and attack!

However, in contrast with regular attacks, a Martial Technique was a very high-level move. It required a lot of true energy and inner power.

Martial artists usually needed to reach the Almighty State and above to use strong Martial Techniques!

In the end, a Martial Technique was able to condense a martial artist's true energy and power into one point, greatly increasing the strength of their attack!

He was using a Martial Technique right away to catch the fifth elder off guard, planning on defeating the man first!

Then, just the fourth elder would not be a threat!

Otherwise, he stood no chance if it was two against one!
