Chapter 1959

Chapter 1959

Of course, in contrast to Yuri's worries, Leon seemed very calm and collected!

With a flick of his wrist, he suddenly had the Cuff of Doom in hand, and prepared to use it against Eliam!

However, before he could even use it, something happened!

At that moment, brakes could be heard as two luxury cars arrived.

Right after that, the doors opened. Angus walked out with a cold look on his face, bringing over a dozen experts from the Thompsons.

"Stop!"

Angus was furious when he saw that Eliam was about to attack Leon and Yuri.

He did not dare to even delay things for a moment as he flashed forward and appeared in front of Leon and Yuri.

After that, he struck out at Eliam's attack with imposing power!

Bang!

With an intense clash, Angus and Eliam's attacks violently struck against each other!

Just like Eliam, Angus was already at the Semi Almighty State!

Even though they were more or less at the same level, Angus' Method was stronger than Eliam's.

On top of that, he was younger and healthier, so his attack was a little bit more powerful!

After the clash, Angus' body swayed a bit as he took a step back.

Meanwhile, Eliam was sent flying.

After he landed, he staggered a few steps back before he regained his footing!

"Angus Thompson!" After seeing who it was, Sebastian was shocked. He did not expect Angus to be there!

"Sebastian, so it's you!" Angus had a cold look in his eyes.

After he got Yuri's call, he found out that Leon was framed for killing Darius!

So, he quickly guessed that the Hughes would probably continue to pursue Leon. They would not let the matter rest!

So, he sent the Ganoderma to the Scammells over first before he gathered over a dozen experts from the Thompsons and hurried over!

He just arrived!

However, he never expected that he would not be meeting the Hughes. Instead, he met the Golans and the Hiltons. Both of them were prepared to attack Leon and Yuri!

It exceeded his expectations!

Other than that, when Angus and the others arrived, the sixth uncle managed to escape his battle with the two elders and jumped out of the conflict, quickly rushing to Angus and the others!

Meanwhile, the two elders realized that the situation changed. They did not pursue it and returned to the Hiltons instead.

"Dad, why are you here? This is great!" Yuri was incredibly happy and relieved.

Of course, Leon was just as relieved.

Even though Leon had the Cuff of Doom and the Potential Energy as trump cards against the two families, he did not want to waste those two valuable things!

Angus and the Thompsons arriving at this moment was beneficial to him!
