Chapter 1960

Chapter 1960

"Oh, I was worried that the Hughes would do something to Mister Wolf, so I brought some men over to check out the situation/"

Angus briefly explained things. After that, he could not help but ask, "Yuri, Mister Wolf, what's happening? Why are the Hiltons here?"

"It's like this, Mister Wolf crippled Seth while he was trying to save Miss Young. The Hiltons and the Golans are using that as an excuse to swing their power around and deal with Mister Wolf."

Yuri explained the situation.

"So that's what's happening! The Hiltons and the Golans are going too far this time!"

Angus was furious after he heard that.

In the martial world, they never involved innocent families!

No matter what grudges Leon and Seth had, if Seth was trying to face Leon head-on, there was no shame in it!

However, Seth attacked and kidnapped Iris sneakily. His methods were incredibly despicable and dishonorable!

Even if Leon crippled Seth, Seth deserved it!

However, the Golans and the Hiltons were trying to take advantage of their power to forcibly interfere with a conflict between the younger generation. They summoned up so many of their experts just to deal with Leon, who was of the younger generation!

It was just shameless!

"Angus, let's be upfront here! This matter has nothing to do with the

Thompsons! I don't want you interfering with this. Otherwise, you'll suffer the consequences!" Sebastian said with a dark tone. The threat in his voice was evident.

"Impossible! Sebastian, you Hiltons are one of the notable families in the Southern region. You've always put great importance on your name and reputation! Yet, you're working with the Golans to fight someone younger right now. You've cast your honor aside! Aren't you two just completely shameless?!" Angus said coldly.

"That-"

Sebastian found himself at a loss for words.

After all, what Angus was saying was true. The Hiltons and the Golans mobilized a lot of their men just to deal with a young man like Leon.

It was something dishonorable. There was nothing he could say about that!

However, Elegante was the biggest competitor to the Hiltons Group, the Hiltons needed to get rid of Leon no matter what!

Furthermore, he already heard from Joel that Leon was not only the chairman of Elegante, but Cynthion Group as well!

Cynthion Group's influence was extraordinary. It was something with immense potential for wealth and commercial power That was something he naturally knew!

If they could get rid of Leon, then the Hiltons could try to take Cynthion Group away from the Scammells and Iris in the future!

There was no way he could give up on such an amazing chance!

No matter what Angus said, there was no way the Hiltons would let Leon go so easily!

"Angus, cut the crap! This is a private matter between the Golans and Leon. The Golans wanting justice from Leon is perfectly reasonable! Leon is not related to the Thompsons at all. You Thompsons have no right to interfere with this! In the end, I'm giving you one last chance. If you leave right now, we won't do anything to you! However, if you insist on protecting Leon, then don't blame us for not holding back!" Sebastian said with an adamant look.

Before this, he wanted to take advantage of the chance to teach Yuri a lesson!

However, with Angus already bringing the experts from the Thompsons over, it was already a different situation!

Angus was the next in line for the Thompsons. He represented the whole family, so he still had some reservations about dealing with Angus.

Furthermore, the experts Angus brought over were no slouches. If the Hiltons started to fight the Thompsons, they would suffer as well!

So, he gave Angus a chance in hopes that Angus would retreat. That would be perfect for him!
