

The Ex-Husband's Revenge By Dragonsky

Chapter 1966

Chapter 1966

"Elder Hughes, I'm not lying. I'm speaking the truth."

Yuri never expected Alan to deny that Darius was already saved. He hurriedly tried to explain things, but Alan stopped him before he could continue.

"Yuri, I'm warning you. Move aside right now! Otherwise, don't blame me for not showing you mercy!" Alan said angrily.

After that, he no longer wasted any time as he charged forward with unrivaled force at Leon!

It was obvious that he was prepared to get rid of Leon in one strike to take revenge for Darius!

If Yuri dared to stop him, then Yuri would suffer the consequences!

"Elder Hughes, please calm down!"

Angus was shocked. He was worried that Alan would hurt Yuri and Leon.

After that, he hurriedly waved to the sixth and the other two Almighty State Combatants. Motioning for them to stop Alan.

"Elder Hughes, I'm sorry!"

The three of them understood the order, and all of them unleashed incredibly powerful attacks right at Alan, trying to stop Alan from advancing!

"Very well! You asked for this!" Alan shouted out furiously.

He immediately switched up his attack, trying to fight the other three alone, and both sides were quickly locked in battle.

Looking at Alan attacking, the other experts from the Hughes advanced immediately as well. They spread out as they prepared to face the THompsons!

The moment Alan or Dawn issued the order, they would not hesitate to attack Angus and the other Thompsons!

Suddenly both sides had a tense atmosphere between them. A battle was about to erupt!

"Hiltons, Golans, listen up, prepare to attack!" Sebastian immediately took the chance to issue the order.

They would try and take advantage of the situation!

The moment the Hughes and the Thompsons started to fight, the Hiltons and the Golans would be able to take advantage of it!

That was not all, Alan was personally leading the Hughes this time. They could only be stronger than Angus and the Thompsons!

With the help of the Hiltons and the Golans, it would be incredibly easy to kill Leon and defeat Angus!

It was a golden opportunity!

Yet, before he could even finish his thoughts, something happened!

"Stop!"

At that moment, a weak voice was suddenly heard. Darius was helped by two guards from the Thompsons out of the inner yard.

"Darius?"

Alan was shocked at Darius's appearance. He could not believe his eyes!

Right after that, he quickly reacted. He immediately shot toward Darius.

The three experts from the Thompsons were just there to stop Alan from hurting Yuri and Leon. They had no reason to continue fighting Alan, and let Alan rush to Darius.

"Darius, it's you! Are you alright?"

When he got closer, Alan was incredibly emotional. He grabbed Darius's arms and looked at the man, wondering if he was dreaming!

"I'm fine!"

Darius shook his head. Other than his voice and body being weaker than usual, he seemed fine.

"That is great!" Alan hugged Darius emotionally. He immediately started to laugh as the dark look on his face was completely lifted!
