Chapter 2035

Chapter 2035

"That-"

Fletcher found himself at a loss for words after Thorin's question.

"Fletcher, what is it? Is there a problem?\*" Thorin had a strange look on his face.

When Fletcher reported the situation to him, Fletcher only asked him to send men over to support the southern region's Dragon Crop and pursue Poisonwielder!

However, Fletcher did not tell Thorin about how Leon already led his men in pursuit of Poisonwielder. He did not know about it at the time.

"Mister Orpwood, Mister Wolf already led the men from the southern region in pursuit of Poisonwielder over an hour ago," Fletcher said.

"What?"

Thorin was shocked to hear that. The smile on his face froze completely.

"Stupid! Poisonwielder is a cruel and sinister person, and he is quite strong. His poisonous arts are unfathomable! The southern region's men are just acting on their own and pursuing Poisonwielder. Aren't they just looking to fail?!" Thorin said unhappily.

He knew that Poisonwielder still had other forms of poison with him other than Reaper's Breath. If the southern region's Dragon Corps did not have enough men with them, then they would have a hard time pursuing and dealing with Poisonwielder even if they were able to deal with Reaper's Breath. They could very well end up getting into trouble themselves!

It was not a wise choice!

"Fletcher, do you have any way to contact them?" Thorin asked.

"Yes, I have Scott's contact," Fletcher said honestly.

"Alright, give him a call immediately. Have all of the men from the southern region come back and gather with us! I don't want anything bad to happen to them!" Thorin said decisively.

He knew very well that only one person was able to cure Reaper's Breath. That was the most important person in dealing with Poisonwielder. He could not let anything bad happen to that person!

He was very worried that something would happen to Leon and the rest of the Dragon Corps, that they would carelessly fall to Poisonwielder!

Then, the western region's Dragon Corps would have an even harder time dealing with Poisonwielder!

In the end, for safety's sake, the Southern region's Dragon Corps needed to hurry back. After that, they could work together to deal with Poisonwielder!

That was the smartest choice!

"Yes, sir!" Fletcher acknowledged the order. He quickly took out his phone and prepared to give Scott a call.

The next moment, something happened!

"No need! We're already back!"

A clear voice was suddenly heard. Two cars stopped not far away from Thorin, Fletcher, and the others.

Right after that, Leon got off the car with Scott, Oliver, and the others.

"Mister Wolf, you're back! This is great!"

Fletcher was very happy to see that they were back.

However, since Poisonwielder was a sinister and cunning man who was good at remaining hidden, he did not think that Leon and the others managed to capture Poisonwielder!

He felt that Leon and the others probably abandoned their search after failing to find any trace of Poisonwielder!

Of course, he was not the only person who thought that way. Even Thorin and the others thought so!

"Mister Wolf, let me introduce you. This is Mister Orpwood of the western region Dragon Corps. Mister Orpwood, this is the team leader of the squad from the southern region Dragon Corps, Mister Wolf," Fletcher gave some brief introductions.
