Chapter 2068

"What a load of crap! Leon, the Pure Energy Pills that Cynthion Group were selling last time were only able to help those at the Semi-Overlord State get to the Overlord State! However, it's just been a few days, and the Pure Energy Pills have suddenly changed to be able to help Semi-Emperor State martial artists get to the Emperor State! Isn't that just too crazy?!"

At that moment, the Southern Boss suddenly spoke with a sneer on his face.

Initially, he was worried that the Supreme Pure Energy Pills were just too effective. If Leon ended up becoming too influential, it would be much harder for him to deal with Leon!

However, since Hugo first challenged the effects of the Supreme Pure Energy Pills, they were perfect for what he wanted!

So, he took the chance to step forward and apply some more pressure!

If he could stir up the crowd and ruin the sales drive, it would be amazing!

"The Southern Boss is right! Cynthion Group's Supreme Pure Energy Pills are just too amazing. It could very well be a trap! We mustn't fall for their tricks!" Deveon hurriedly agreed with him, trying to stir the crowd.

"Such nonsense! Southern Boss, Old Hiltons, I already stated it clearly just now! I will use the name of Cynthion Group as an assurance that the Supreme Pure Energy Pills are the real deal. There are no tricks involved!" Leon said unhappily.

The Southern Boss and the Hiltons were his enemies. It was obvious to him that the Southern Boss and Devon were just trying to cause trouble!

There was no way he would let them get what they wanted!

"That's not necessarily true! This is just your word! Who knows if the effects of the Supreme Pure Energy Pills are real or if you're just lying? You might just want to take the chance to earn a lot of money before you flee!" The

Southern Boss said coldly.

"That-"

"Could there be something wrong with Cynthion Group's Pure Energy Pills?"

"Yes, it's possible. Maybe they're already all out of options. They might just be trying to make an instant profit with their tricks!"

When everything was heard, the crowd started to discuss amongst themselves.

Initially, they believed in Cynthion Group's reputation and trustworthiness. So, no one doubted the effects of the Pure Energy Pills!

Yet, with the Southern Boss and Devon's encouragement, quite a few of them started to doubt things!

After all, the effects of the Supreme Pure Energy Pills were just too amazing. It was a bit unbelievable!

Other than that, most of them already knew that Leon was an enemy of the Southern Boss and the Hiltons after the fight before!

Even though Leon was protected by the Thompsons and Hughes, they would not be able to protect him forever!

If Leon continued to stay in the southern region, then he would eventually fall to the Southern Boss and the Hiltons!

Rather than just accepting that, it was far better for Leon to leave the southern region after making large sums of money!

That was not absolutely impossible!

"Southern Boss, did you say I was spouting a load of crap? Very well, I'll show all of you the proof right now!" Leon laughed in frustration when he saw that the Southern Boss successfully starting to control the crowd.

Before this, Cynthia suggested he leave Ruth behind to make sure that no one would cause trouble in the sales drive!

However, it seemed like Cynthia being prepared was a blessing. Roanne would prove to be useful!

Right after that, Roanne walked up the stage calmly after being motioned to.
