Chapter 2082

Chapter 2082

"Why are you whispering among yourselves, huh? You've already accepted my challenge, so it's too late to change your mind now, Leon!" Rodney snapped rather impatiently. He was worried that Leon would withdraw his acceptance to the duel!

"Don't worry. I've always been a man of my word and will never go back on my promises!" Leon scoffed. Then, without a moment's hesitation, he leaped onto the stage.

"Very well then! Remember, you asked for it!" Rodney cackled as he stepped into position to face Leon directly.

"Let's do this, Rodney!" a glimmer of malice flashed through the Southern Boss' eyes as he could not help admiring his son's courage to take on Leon in a duel.

He first heard of Leon Wolf from the Black Gorilla, and at that time, Leon was still at the Overlord State, but soon after that, when he encountered Leon again at Charlie's battle against Leon and the Scammells, Leon managed to attain the Emperor State with the help of his treasure!

He ascended to such power that he even managed to claim victory over two of the Martells' warriors who were already at the Intermediate Emperor State!

Because of this, the Southern Boss was still confused about the true extent of Leon's power, and thus it was perfect timing for Rodney to challenge Leon to a duel at this moment!

This was the perfect opportunity for all of them to get acquainted with Leon's power to prevent committing the same mistake of underestimating him again in the future!

Besides, Rodney was not only almost at the Intermediate Emperor State, but he even possessed an Almighty Weapon with him that largely exemplified his power, making him a truly outstanding opponent!

Not even Yuri, who was one of the youngest master martial artists in the region, would be a match for Rodney at this point, much less Leon!

He was certain that if Rodney were to strike at the right time, he could seize the opportunity to get rid of Leon once and for all!

"Oh no! It seems that Mister Wolf has acted far too impulsively this time," Angus and Yuri's expressions were dark, a stark contrast to the confident grin on the Southern Boss' face.

Although Leon proved to be an outstanding alchemist, his talent did not extend to martial arts at all, and he was a far cry from Rodney or even Yuri!

Not to mention that this time, Rodney had an Almighty Weapon to aid him, and it would be almost impossible for Leon to triumph over him!

Yet Leon chose to go against all ounces of rationality and accepted Rodney's challenge to a duel!

"Don't worry, Father, Yuri-Leon is incredible, and I'm sure that Rodney won't stand a chance against him!" Roanne tried to reassure them when she sensed their concerns. She was the only one amongst the Thompsons who witnessed Leon's true display of power during their encounter with Asmodeus!

Although she, too, was not too certain of Leon's power level, according to what she remembered about him, she was sure that he would be able to triumph even an Almighty Warrior, much less someone like Rodney!

"Well, we can only hope!" Angus sighed. He and Yuri both thought that Roanne was just trying to comfort them and thus did not take her words to heart.

However, they were not the only ones thinking this; the rest of the people watching all agreed that Leon was fighting a difficult battle.

Knowing that Rodney was one of the most talented young martial artists in the region, second only to Yuri, they were all certain that Leon would be no match for him at all!
