

# The Ex-Husband's Revenge By Dragonsky

Chapter 2089

Chapter 2089

"Alan is right! Southern Boss, Rodney cheated during his duel against Roanne, and you have to pay the price for that too! If you're going to use your powers to bully Leon, you'll have to go through me first!" Arthur scoffed. He did not forget about how miserably Roanne lost to Rodney just now!

However, considering that Leon already avenged Roanne by defeating Rodney just now, Arthur chose to let bygones be bygones instead of trying to stir up even more trouble!

However, since the Southern Boss chose to act disrespectfully, he would not stand by and watch while he picked on Leon like this!

"That's right! Southern Boss, I can't believe how you're acting, considering you're one of the most honored people in the region!"

"This behavior is absolutely unacceptable!"

The audience agreed with Arthur and Alan. Not only did the Southern Boss and Rodney attempt to slander Cynthion Group, they even wanted to bring down Leon along with it!

This was unacceptable, not to mention now the Southern Boss chose to pick on Leon!

Within minutes, the Southern Boss and Rodney officially became the laughingstock of the town and were utterly humiliated.

As for the Hiltons, Devon intended to step out and speak on behalf of the Southern Boss, but seeing how united the crowd was, he decided to shut up, lest the Hiltons get involved in this drama too!

"You!" The color drained from the Southern Boss' face at this point. Although the Spears were one of the most powerful families in the Southern region and did not care much for reputation, he could not possibly proceed anymore with everyone on Leon's side. Not to mention that Arthur and Alan were both willing to stick up for Leon; there was no way he could triumph in this situation!

"Very well then! Arthur, Alan, I will remember this, and we will one-day cross paths again!" the Southern Boss replied, trying to stifle his anger as best as he could. Then, he picked up a severely injured Rodney and leaped off the stage.

"We shall be off now!" he declared, scoffing. At this point, his plan to bring Leon down already failed miserably, and there was no longer any point in staying anymore!

With that, he led the rest of his men and made a hasty escape!

After a brief moment's hesitation, Devon and the rest of the Hiltons followed suit behind the Southern Boss' team of men!

"Finally some peace!" Leon watched from the stage with his hands behind his back as the Southern Boss and Devon left without a word. With his current power level in mind and the fact that he still had plenty of secret weapons with him, he was not at all afraid of the Southern Boss!

Not only that but when the Southern Boss attempted to attack him just now, Leon wanted nothing more than to unveil his secret weapons and use them to defeat the Southern Boss once and for all!

However, in consideration of the sales drive, he decided not to do so, not to mention the fact that he was not entirely sure if he could bring down the Southern Boss in one go!

Patience was a virtue, and at this point, he was not yet powerful enough to take on the Southern Boss and the Hiltons at the same time!

Not only that but since he was not a member of the Thompsons or even the Hughes, Leon was fairly certain that as much as Arthur and Alan wanted to protect him, they would never dare to cross the Southern Boss or the Hiltons for his sake!

In conclusion, now was not the time to take on these two opponents, and to do so would be a fool's act!
