Chapter 2107

Chapter 2107

"Dad, I like Snow and the others and I'd be surrounded by friends if I move over. Isn't that a good thing? I feel quite lonely most of the time," Roanne added.

Due to her previous condition, she was not able to have friends, so Iris, Snow, and the others were her only friends.

She wished to move to spend more time with them, but also so that she could see Leon every day.

"No way! If you feel lonely, you can go see them during the weekends, you don't need to move in with them!" Angus shook his head, not wanting Roanne to disrupt Leon's life.

"Please, Dad, Leon has a tressure that helps martial artists with their training. It's the pearl we saw before. If I move in with them, I'll be able to power up even faster," Roanne rocked her father's arm and said sweetly.

"What?!"

"That pearl is a tool to be used for training?!"

Yuri and Angus were both stunned.

They both saw the Spiritual Pearl back when Leon treated Roanne and finally come to the realization of why Leon managed to grow at such a rapid pace to that point that even Rodney was no match for him; according to what Roanne said, the Spiritual Pearl played an important role in Leon's growth.

Apart from feeling shocked, they were both impressed by Leon's luck in happening upon such an excellent tool.

Yuri himself was tempted to move to Leon's mansion to train with the Spiritual Pearl but gave up because it would be inappropriate for him to live in a house filled with women.

"Dad, will you agree to let me move there?" Roanne asked in anticipation.

"But, it's just worrying for you to live out there alone! Besides, Mister Wolf has a lot of enemies and it's not safe for you to live with him!" Angus said hesitantly.

He knew that Roanne was just as talented as Yuri and since she already reached the Intermediate Emperor State, she was close to catching up with Yuri.

If Roanne moved to live with Leon, she would be able to reach the Almighty State within a few years with Leon's help. If she managed to grow into a martial artist in the Almighty State or higher in her age, it would benefit the Thompsons greatly and they would have nothing to fear from the Southern Boss.

However, Leon's current situation worried Angus.

The Hiltons and the Southern Boss were determined to eliminate Leon and if Roanne moved over, there was a high chance that she might get dragged into trouble.
