

The Ex-Husband's Revenge By Dragonsky

Chapter 2133

Chapter 2133

"Not good!"

"Leon, watch out!"

Looking at Leon fall behind, the girls started to panic.

Of course, it was not just them, Henry, Sherlyn and the others could see that Leon was in a bad situation as well. Their hearts started to sink.

"Alright, this is great!"

"Hurry up and kill this little brat!"

In contrast to how Iris and the others were feeling, the Third and Sixth Guardians had happy looks on their faces. They could not stop themselves from letting out happy smiles!

Earlier, the Fifth Guardian took advantage of his speed to force Leon back, gaining an advantage. That was something they all saw!

Leon was looking to be on the losing end, and he was completely defenseless. It looked obvious that Leon was on his last legs!

As long as the Fifth Guardian's attack landed, Leon would die!

There were no other possibilities!

Yet, before they could even finish their thoughts, something that completely shocked them happened!

Bang!

With a violent clash, Leon was already prepared as he used the Mirror of Sovereign to block the Fifth Guardian's attack!

At the same time, he struck out with Double Attack, slamming his strikes onto the Fifth Guardian's body!

"What?"

"That's impossible!"

The Fifth Guardian widened his eyes when he felt Leon's attack, not believing what he saw!

He thought that his attack would be able to kill Leon!

Yet, he never would have dreamed that Leon would be able to take his attack head-on, not showing any signs of injury. He did not even take a single step back!

That was just too unbelievable!

It was obvious how shocked he was!

However, he was always a careful person. He did not use his full might earlier, to stop himself from ending up like the Sixth Guardian!

He reacted very quickly to Leon's counter, moving back and barely managing to avoid Double Attack!

"Take this!" Leon said coldly.

It was quite hard for him to bait the Fifth Guardian into attacking head-on, there was no way he would allow the man to escape so easily!

He quickly changed his attack to point out with his hand, using Earthly Plunder. The moment that attack was launched, it contained an incredibly strong wave of power that struck right at the Fifth Guardian!

"What a petty trick!" The Fifth Guardian sniffed.

He knew that Leon's speed, power, and various other aspects were far behind him!

So, he pulled the same move, trying to avoid Leon's attack!

It was obvious that Leon could not catch up to him at all with his speed advantage. There was no way Leon could do anything to him!

That did not sound possible at all!

Yet, before he could finish his thoughts, something that shocked him happened at the next moment!

Leon quickly flashed forward, using his Ultimate rank Earth Class Technique, Phantom Steps. He suddenly became a lot faster!

No matter how the Fifth Guardian tried to avoid it, Leon closely followed, getting closer and closer to him.

"W-what is happening?!"

The Fifth Guardian was completely shocked when he found himself unable to escape Leon's attack at all!

He could not understand how Leon suddenly got so much quicker, so much so that he found himself unable to escape!

It was just unbelievable!

If he did not witness it for himself, he would not have believed that it was real!
